PROXY STATEMENT
VOTING AND OTHER MATTERS

General

The accompanying proxy is solicited on behalf of Synaptics Incorporated, a Delaware corporation, by our Board of Directors for use at our Annual Meeting of Stockholders to be held on Tuesday, October 18, 2011 at 9:00 a.m., local time, or at any adjournment or postponement thereof, for the purposes set forth in this proxy statement and in the accompanying meeting notice. The meeting will be held at our principal executive offices, located at 3120 Scott Boulevard, Santa Clara, California 95054.

In accordance with rules adopted by the Securities and Exchange Commission, or the SEC, that allow companies to furnish their proxy materials over the Internet, we are mailing a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy statement and our 2011 Annual Report to most of our stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents and vote over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of our proxy materials, including our proxy statement, our 2011 Annual Report, and a form of proxy card. We believe this process will allow us to provide our stockholders the information they need in a more timely manner, while reducing the environmental impact and lowering our costs of printing and delivering the proxy materials.

These proxy solicitation materials were first released on or about September 8, 2011 to all stockholders entitled to vote at the meeting.

Record Date and Outstanding Shares

Stockholders of record at the close of business on August 26, 2011, which we have set as the record date, are entitled to notice of and to vote at the meeting. On the record date, there were 32,156,323 outstanding shares of our common stock, par value \$0.001 per share, respectively.

Quorum

The presence, in person or by proxy, of the holders of a majority of the total number of shares of common stock outstanding and entitled to vote constitutes a quorum for the transaction of business at the meeting. Each stockholder voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on all matters to be voted on at the meeting.

Required Votes

Assuming that a quorum is present, the affirmative vote of a majority of the votes cast is required for the election of the three nominees for three-year terms expiring in 2014 and to ratify the appointment of KPMG LLP, an independent registered public accounting firm, as the independent auditor of our company for the fiscal year ending June 30, 2012. The advisory vote on the compensation of our named executive officers for fiscal 2011 (say-on-pay) and the advisory vote on the frequency of future non-binding advisory votes on the compensation of our named executive officers (say-on-frequency) are non-binding, but our Board of Directors will consider the input of stockholders based on a majority of votes cast for the say-on-pay proposal and the say-on-frequency proposal alternative that receives the most votes cast.

Table of Contents

Our Board of Directors recommends that you vote for the three nominees named herein, one year on the say-on-frequency proposal, and in favor of each of the other proposals.

Voting of Proxies

When a proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed. If no specification is indicated, the shares will be voted (1) for the election of each of the nominees for director set forth in this proxy statement, (2) for the advisory approval of the compensation of our named executive officers for fiscal 2011, (3) to hold an advisory vote on the compensation of our named executive officers on an annual basis, (4) for the proposal to ratify the appointment of KPMG LLP, an independent registered public accounting firm, as the independent auditor of our company for the fiscal year ending June 30, 2012, and (5) as the persons specified in the proxy deem advisable on such other matters as may come before the meeting.

Broker Non-Votes and Abstentions

Brokers, banks, or other nominees that hold shares of common stock in street name for a beneficial owner of those shares typically have the authority to vote in their discretion if permitted by the stock exchange or other organization of which they are members. Brokers, banks, and other nominees are permitted to vote the beneficial owner's proxy in their own discretion as to certain routine proposals when they have not received instructions from the beneficial owner, such as the ratification of the appointment of KPMG, LLP as the independent auditor of our company for the fiscal year ending June 30, 2012. If a broker, bank, or other nominee votes such uninstructed shares for or against a routine proposal, those shares will be counted towards determining whether or not a quorum is present and are considered entitled to vote on the routine proposals. However, when a proposal is non-routine, a broker, bank, or other nominee is not permitted to exercise its voting discretion on that proposal without specific instructions from the beneficial owner. These non-voted shares are referred to as broker non-votes when the nominee has voted on other non-routine matters with authorization or voted on routine matters. These shares will be counted towards determining whether or not a quorum is present, but will not be counted for purposes of determining the votes received on the non-routine proposals.

Please note that brokers, banks, or other nominees may not use discretionary authority to vote shares on the election of directors, the say-on-pay proposal, or the say-on-frequency proposal if they have not received specific instructions from their clients. For your vote to be counted in the above, you will need to communicate your voting decisions to your broker, bank, or other nominee before the date of the meeting.

As provided in our bylaws, a majority of the votes cast means that the number of votes cast for a proposal exceeds the number of votes cast against that proposal. Because abstentions and broker non-votes do not represent votes cast for or against a proposal, broker non-votes and abstentions will have no effect on the proposal to elect three directors, the say-on-pay proposal, the say-on-frequency proposal, or the proposal to ratify the appointment of KPMG LLP as the independent auditor of our company for the fiscal year ending June 30, 2012, as each such proposal is determined by reference to the votes actually cast by the shares present or represented by proxy and entitled to vote.

In accordance with our policy, an incumbent candidate for director who does not receive the required votes for re-election is expected to tender his or her resignation to our Board of Directors. Our Board of Directors, or another duly authorized committee of our Board of Directors, will make a determination as to whether to accept or reject the tendered resignation generally within 90 days after certification of the election results of the stockholder vote. We will publicly disclose the decision regarding the tendered resignation and the rationale behind the decision in a filing of a Current Report on Form 8-K with the SEC.

Revocability of Proxies

Any stockholder giving a proxy may revoke the proxy at any time before its use by furnishing to us either a written notice of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Election Inspector

Votes cast by proxy or in person at the meeting will be tabulated by the election inspector appointed for the meeting, who will determine whether a quorum is present. The election inspector will treat broker non-votes and abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, and as described in the **Broker Non-Votes and Abstentions** section of this proxy statement for purposes of determining the approval of any matter submitted to the stockholders for a vote.

Solicitation

We will bear the cost of this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by certain of our directors and officers, personally or by telephone or e-mail, without additional compensation.

Annual Report and Other Matters

Any exhibits listed in the Form 10-K report also will be furnished upon request at the actual expense we incur in furnishing such exhibits. Any such requests should be directed to our corporate secretary at our executive offices set forth in this proxy statement.

The fiscal periods presented in this proxy statement were 52-week periods for the years ended June 25, 2011, June 26, 2010, and June 27, 2009. For ease of presentation, the accompanying disclosures have been shown as ending on June 30, 2011, 2010, and 2009. The numbers included in this proxy statement also reflect the retroactive effect of the 3-for-2 stock split effected as a stock dividend to each stockholder of record on August 15, 2008 and paid on August 29, 2008.

Mr. Chan serves as the Chairman of the Nominations and Corporate Governance Committee.

The Nominations and Corporate Governance Committee will consider persons recommended by stockholders for inclusion as nominees for election to our Board of Directors if the information required by our bylaws is submitted in writing in a timely manner addressed and delivered to our company's corporate secretary at our executive offices set forth in this proxy statement. The Nominations and Corporate Governance Committee identifies and evaluates nominees for our Board of Directors, including nominees recommended by stockholders, based on numerous factors it considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity, and the extent to which the nominee would fill a present need on our Board of Directors.

Risk Assessment of Compensation Policies and Practices

We have assessed the compensation policies and practices with respect to our employees, including our executive officers, and have concluded that they do not create risks that are reasonably likely to have a material adverse effect on our company.

Board's Role in Risk Oversight

Risk is inherent in every business. As is the case in virtually all businesses, we face a number of risks, including operational, economic, financial, legal, regulatory, and competitive risks. Our management is responsible for the day-to-day management of the risks we face. Our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management.

In its oversight role, our Board of Directors' involvement in our business strategy and strategic plans plays a key role in its oversight of risk management, its assessment of management's risk appetite, and its determination of the appropriate level of enterprise risk. Our Board of Directors receives updates at least quarterly from senior management and periodically from outside advisors regarding the various risks we face, including operational, economic, financial, legal, regulatory, and competitive risks. Our Board of Directors also reviews the various risks we identify in our filings with the SEC as well as risks relating to various specific developments, such as acquisitions, stock repurchases, debt and equity placements, and product introductions.

Our Board committees assist our Board of Directors in fulfilling its oversight role in certain areas of risks. Pursuant to its charter, the Audit Committee oversees the financial and reporting processes of our company and the audit of the financial statements of our company and provides assistance to our Board of Directors with respect to the oversight and integrity of the financial statements of our company, our company's compliance with legal and regulatory matters, the independent auditor's qualification and independence, and the performance of our independent auditor. The Compensation Committee considers the risks that our compensation policies and practices may have in attracting, retaining, and motivating valued employees and endeavors to assure that it is not reasonably likely that our compensation plans and policies would have a material adverse effect on our company. Our Nominations and Corporate Governance Committee oversees governance related risks, such as board independence, conflicts of interests, and management succession planning.

Board Diversity

We seek diversity in experience, viewpoint, education, skill, and other individual qualities and attributes to be represented on our Board of Directors. We believe directors should have various qualifications, including individual character and integrity; business experience and leadership ability; strategic planning skills, ability, and experience; requisite knowledge of our industry and finance, accounting, and legal matters; communications and interpersonal skills; and the ability and willingness to devote time to our company. We also believe the skill sets, backgrounds, and qualifications of our directors, taken as a whole, should provide a significant mix of diversity in personal and professional experience, background, viewpoints, perspectives, knowledge, and abilities. Nominees are not to be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability, or any other basis prescribed by law. The assessment of directors is made in the context of the perceived needs of our Board of Directors from time to time.

All of our directors have held high-level positions in business or professional service firms and have experience in dealing with complex issues. We believe that all of our directors are individuals of high character and integrity, are able to work well with others, and have committed to devote sufficient time to the business and affairs of our company. In addition to these attributes, the description of each director's background sets forth above indicates the specific experience, qualifications, and skills necessary to conclude that each individual should continue to serve as a director of our company.

Board Leadership Structure

We believe that effective board leadership structure can depend on the experience, skills, and personal interaction between persons in leadership roles as well as the needs of our company at any point in time. We currently maintain separate roles between the Chief Executive Officer and Chairman of the Board in recognition of the differences between the two responsibilities. Our Chief Executive Officer is responsible for setting our strategic direction and for day-to-day leadership and performance of our company. Our Chairman of the Board provides input to the Chief Executive Officer, sets the agenda for Board meetings, and presides over meetings of the full Board of Directors as well as executive sessions of the Board of Directors.

We currently select, on a rotation basis, one of our independent directors to serve as Lead Director. Mr. Buchanan is currently serving as our Lead Director. In that role, Mr. Buchanan helps to facilitate communication and interaction between the Board of Directors and management.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended June 30, 2011, our Compensation Committee consisted of Messrs. Geeslin, Sanquini, and Whims. None of these individuals had any contractual or other relationships with us during the fiscal year except as directors.

Board and Committee Meetings

Our Board of Directors held a total of six meetings during the fiscal year ended June 30, 2011. During the fiscal year ended June 30, 2011, the Audit Committee held five meetings; the Compensation Committee held four meetings; and the Nominations and Corporate Governance Committee held one meeting. Each of our directors attended at least 75% of the aggregate of (1) the total number of meetings of our Board of Directors held during fiscal 2011, and (2) the total number of meetings held by all committees of our Board of Directors on which such person served during fiscal 2011.

Annual Meeting Attendance

We encourage our directors to attend each annual meeting of stockholders. To that end, and to the extent reasonably practical, we generally schedule a meeting of our Board of Directors on the same day as our annual meeting of stockholders. All of our directors attended our annual meeting of stockholders last year.

Communications with Directors

Interested parties may communicate with our Board of Directors or specific members of our Board of Directors, including our independent directors and the members of our various board committees, by submitting a letter addressed to the Board of Directors of Synaptics Incorporated, c/o any specified individual director or directors at our executive offices set forth in this proxy statement. Any such letters are forwarded to the indicated directors.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Our Board of Directors has appointed a Compensation Committee, consisting exclusively of independent directors. The Compensation Committee is authorized to determine and approve, or make recommendations to our Board of Directors with respect to, the compensation of our Chief Executive Officer and our other executive officers and to grant or recommend the grant of stock-based compensation to our Chief Executive Officer and other executive officers.

The compensation program for executive officers consists primarily of base salary, performance-based bonuses, and long-term incentives in the form of stock-based compensation, including stock options and deferred stock units. Executives also participate in other benefit plans, including medical and retirement plans, which generally are available to all regular full-time employees of our company. We consider each element of our compensation collectively with other elements of compensation when establishing the various forms, elements, and levels of compensation.

Our philosophy is to compensate our executives at levels that enable us to attract, motivate, and retain highly qualified executives. We establish annual bonus programs designed to reward individuals for performance based primarily on our financial results and their achievement of personal and corporate goals that contribute to our long-term goal of building stockholder value. Grants of stock-based awards are intended to provide additional incentive to work to maximize long-term total return to stockholders and to align the interests of our executives with those of our stockholders. Total compensation levels reflect corporate positions, responsibilities, and achievement of goals. As a result of our performance-based philosophy to compensation, compensation levels may vary significantly from year to year and among our various executive officers with fixed pay components generally set at or below the 50th percentile of comparable companies and variable pay components generally set at or above the 50th percentile of comparable companies. We expect the compensation level of our Chief Executive Officer will be higher than that of our other executive officers, assuming relatively equal achievement of individual performance goals, since our compensation policies set our base salaries, annual bonuses, and stock-based award grants after reviewing those of comparable companies, which generally compensate their chief executive officers at higher levels because of their roles and their importance to overall company success.

The three most determinative factors in our executive compensation program are compensation levels at comparable companies, individual performance, and company performance. The most important component of competitive compensation levels is compensation levels at Northern California-based high-technology companies, with revenue between \$200.0 million and \$1.0 billion, which we consider comparable companies; the most important component of company performance is operating profit; and the most important component of individual performance is achieving individual goals that are set at the beginning of each year but vary from year to year and position by position, but generally include financial and operating performance, product success, timely product delivery, forecasting accuracy, customer satisfaction, cost reduction, leadership, team building, and employee retention. The Compensation Committee has discretion in determining compensation matters.

Base salary levels for executive officers of our company generally are set at the beginning of each fiscal year, and bonuses are determined at the end of each fiscal year based upon the performance of our company and our executives.

Philosophy

The goals of our executive compensation program are as follows:

- to attract, motivate, and retain highly qualified executives;
- to reflect our philosophy of pay-for-performance;
- to align compensation to the interests of our company as a whole and its stockholders; and
- to recognize corporate stewardship and fiscal responsibility.

Table of Contents

Role of the Compensation Committee and Chief Executive Officer

The Compensation Committee of our Board of Directors currently determines the compensation of our Chief Executive Officer and our other executive officers. Annually, our Compensation Committee evaluates the performance of our Chief Executive Officer and determines the compensation of our Chief Executive Officer in light of the goals and objectives of our compensation program for that year. Our Compensation Committee together with our Chief Executive Officer annually assess the performance of our other executive officers. Based in part on recommendations from our Chief Executive Officer, our Compensation Committee determines the compensation of our other executive officers.

At the request of our Compensation Committee, our Chief Executive Officer generally attends a portion of our Compensation Committee meetings, including meetings at which our compensation consultants are present. This enables our Compensation Committee to review with our Chief Executive Officer the corporate and individual goals that our Chief Executive Officer regards as important to achieve our overall success. Our Compensation Committee also requests our Chief Executive Officer to assess the performance of and our goals for our other executive officers. Although the participation of our Chief Executive Officer could influence performance targets and individual goals, including his own, our Compensation Committee rather than our Chief Executive Officer makes all determinations regarding individual and corporate goals and targets. Our Chief Executive Officer does not attend any portion of meetings at which his compensation is discussed.

Compensation Surveys and Compensation Consultants

In determining compensation levels, we regularly review compensation levels in our geographical area, compensation levels of companies that we deem to be similar to our company regardless of their location, competitive factors to enable us to attract executives from other companies, and, most importantly, compensation levels that we deem appropriate to attract, motivate, and retain our executives, with an emphasis on compensation levels at Northern California-based high-technology companies. From time to time, we retain the services of independent compensation consultants to review a wide variety of factors relevant to executive compensation, trends in executive compensation, and the identification of relevant comparable companies. Our Compensation Committee makes all determinations regarding the engagement, fees, and services of our compensation consultants, and our compensation consultants report directly to our Compensation Committee.

Base Salary

Our philosophy is to pay base salaries at competitive levels that enable us to attract, motivate, and retain highly qualified executives. Base salaries for executive officers reflect an executive's position, responsibilities, experience, skills, performance, and contributions. In determining base compensation, we take into account competitive salary levels for similar positions at comparable companies and salary levels relative to other positions within our company. Our base salaries reflect our pay-for-performance philosophy that affords executives the opportunity to receive meaningful incentive compensation based on the performance of our company and our executives achieving individual goals set from time to time. As a result, our base salaries tend to be between the 25th and 50th percentiles of those of comparable companies.

Our Compensation Committee independently determines the base salary of our Chief Executive Officer. The base salaries for our other executives, other than our Chief Executive Officer, are determined by our Compensation Committee in conjunction with the recommendations of our Chief Executive Officer. Our Compensation Committee's evaluation of the recommendations of our Chief Executive Officer considers the same factors outlined above.

Annual Bonuses

Annual bonuses are intended to provide incentive compensation to our executives who contribute substantially to the success of our company. The granting of such bonuses is based upon the achievement of company performance objectives, including meeting specified levels of operating profit, and individual performance goals. Our incentive compensation targets for annual bonuses for our executive officers are approved annually by our Board of Directors. Executive officer incentive compensation targets are subject to change based on our Compensation Committee's periodic reviews of industry and competitive data, changes in individual responsibility, and our compensation philosophy.

Table of Contents

The determination of annual bonuses involves a two-step process. First, we establish the annual target cash incentive compensation pool each fiscal year based on the aggregate cash incentive targets of all of our executive officers. The actual bonus pool for the year is subject to the satisfaction of specified operating profit targets and to adjustment based on company performance relative to the target operating profit approved by our Board of Directors at the beginning of the year. The adjustment to the pool equals 12.5% of the amount, if any, by which our actual operating profit for the fiscal year exceeds or falls short of the target operating profit level.

In step two, the bonus amount, if any, to be received from the available bonus pool by an executive is determined based on the executive's position and responsibility level within our company. Further, our Compensation Committee exercises discretion in determining each executive's award based upon the available pool, a subjective assessment of the achievement of individual performance goals, and any other relevant factors. We set target operating profit at levels designed to penalize disappointing performance and to reward exemplary performance as determined by our Compensation Committee. Achieving target operating profit levels and individual goals generally results in annual bonuses at or above the 50th percentile of bonuses for comparable companies.

Stock-Based Compensation Grants

Our company grants stock-based awards, including stock options and deferred stock units, periodically to our employees to provide them with additional incentive to work to maximize long-term total return to stockholders. Grants of stock-based awards are intended to result in limited rewards if the price of our common stock does not appreciate, but may provide substantial rewards to executives as our stockholders in general benefit from stock price appreciation. Grants of stock-based awards are intended to align the interests of our executives with those of our stockholders and to align compensation with the price performance of our common stock. Annual stock-based awards are intended to be competitive with those of comparable companies.

Under each stock-based incentive compensation plan, our Board of Directors or a committee approved by our Board of Directors is specified to act as the plan administrator, and our Board of Directors has authorized our Compensation Committee to make decisions regarding grants of stock-based awards to executive officers and employees of and consultants to our company. In general, stock-based awards are granted to employees at the onset of employment. If, in the opinion of the plan administrator, the performance of an existing employee merits an increase in the number of stock-based awards held, however, the plan administrator may elect to issue additional stock-based awards, such as additional stock options and deferred stock units, to that employee. The vesting period on grants is designed to encourage holders to continue in the employ of our company. The vesting schedule for stock options currently is generally 1/48th of the total shares each month after the grant date, and the vesting schedule for deferred stock units is generally 1/16th of the total shares each quarter after the date of grant. Stock options granted to our employees generally are incentive stock options, or qualified options under Section 422 of the Internal Revenue Code of 1986, as amended, or the Code, subject to calendar year vesting limitations under Section 422(d) with any balance being nonqualified stock options.

Other Benefits

Our company provides various employee benefit programs to our executive officers, including medical, dental, vision, life, and disability insurance benefits, a 401(k) retirement savings plan, and an employee stock purchase plan. These benefits are generally available to all regular full-time employees of our company.

Deductibility of Executive Compensation

We take into account the tax effect of our compensation. Section 162(m) of the Code, or Section 162(m), currently limits the deductibility for federal income tax purposes of compensation in excess of \$1.0 million paid to each of any publicly held corporation's chief executive officer and three other most highly compensated executive officers (excluding the chief financial officer). We may deduct certain types of compensation paid to any of these individuals only to the extent that such compensation during any fiscal year does not exceed \$1.0 million. Qualifying performance-based compensation is not subject to the deduction limits if certain requirements are met.

Table of Contents

Accounting Considerations

We account for stock-based employee compensation arrangements in accordance with the provisions of Financial Accounting Standards Board, or FASB, Accounting Standards Codification, or ASC, Topic 718 Compensation Stock Compensation. In determining stock-based compensation, we consider the potential expense of those grants under FASB ASC Topic 718 and the impact on our earnings per share.

Policies for the Pricing and Timing of Stock-Based Compensation Grants

Generally, we provide for effective dates and set the price of all stock-based awards at the closing price of our stock on the Nasdaq Global Select Market on the second business day after each quarterly earnings release. We approve stock-based compensation at regularly scheduled meetings each year. In the case of new hires, vesting start dates are determined by the date the employee reports for service.

Fiscal 2011 Incentive Compensation Program

Compensation Consultants

We engaged Compensia, Inc. to assist us in connection with our fiscal 2011 incentive compensation program. We relied upon the Radford Executive Compensation Survey, a leading international compensation survey covering more than a thousand high-technology companies, and a group of peer companies identified by us after consultation with Compensia. We benchmarked our compensation levels with an emphasis on Northern California-based high-technology companies with revenue between \$200.0 million and \$1.0 billion. We believe that this group of companies represents our primary competition for attracting and retaining our executives. Examples of such companies included in the Radford Executive Compensation Survey are Atheros Communication, Atmel, Blue Coat Systems, Cypress Semiconductor, Intermec, Microchip Technology, Quantum, RF Micro Devices, Silicon Image, Silicon Laboratories, Skyworks Solutions, and TriQuint Semiconductor. The peer companies identified by us after consultation with Compensia were Atheros Communications, Atmel, Blue Coat Systems, Cypress Semiconductor, Emulex, InterDigital, Intermec, Netezza, NetGear, Novatel Wireless, Plantronics, PMC-Sierra, Polycom, Qlogic, Quantum, Riverbed Technology, Sigma Designs, Silicon Laboratories, STEC, and Zebra Technologies. Compensia provided us with the survey results and an analysis of our peer companies; determined our position among the peer companies; developed recommendations and guidelines for the structure of our compensation program; reviewed the overall compensation package; and advised our Compensation Committee regarding the appropriateness of our compensation program.

Fiscal 2011 Incentive Compensation Program

As is our practice, we set base salaries for our executive officers at the beginning of the fiscal year. Base salaries for our named executive officers were increased for fiscal 2011 as set forth below. The increases reflect performance assessments by our Compensation Committee and changes in comparable company base salary levels for the year. Our fiscal 2011 incentive compensation bonus program was broad based with 100% of our worldwide non-commission-based employees participating. The portion of the incentive compensation bonus pool of \$1.0 million established by our Board of Directors for our continuing named executive officers represented approximately 1.3% of our fiscal 2011 operating income. The amount of the bonus pool for fiscal 2011 reflected the aggregate cash incentive targets for all of our executive officers based on comparable company surveys and reaching a specified operating profit measure. The bonus amount paid to each executive from the bonus pool was determined based on the executive's position and responsibility level within our company and a subjective assessment by our Compensation Committee of performance by the executive in satisfying individual goals. We believe that it was difficult for our executives to achieve their incentive compensation targets because achieving such target levels required a substantial increase in performance over the prior year's results. Based on both individual performances and the assessment of our company's overall performance in fiscal 2011, bonuses were awarded to our named executive officers as set forth below.

Table of Contents

For fiscal 2011, our stock-based incentive compensation grants for executive officers took the form of grants of stock options as was the case for fiscal 2010 and fiscal 2009. In fiscal 2011, we granted stock options to certain executive officers and other employees under the program, including those to our named executive officers as set forth below. The amount of stock options granted to each executive officer during fiscal 2011 reflected the executive's position within our company, stock option grants by comparable companies for comparable positions, and the stock options held by the executive. The vesting schedule for stock option awards was generally 1/48th each month after the grant date. The vesting schedule is designed to encourage executives to continue in the employ of our company. Each executive forfeits the unvested portion, if any, of the stock options if the executive's service to our company is terminated for any reason, except as may otherwise be determined by our Board of Directors.

Mr. Knittel's individual performance goals for fiscal 2011 were to improve customer satisfaction, direct our future business growth plan, enhance operating profit, and develop and build our employee base. Mr. Knittel received a 48.9% increase in base salary in October 2010 to reflect his changed position from Executive Vice President to Interim President and Chief Executive Officer, to align his base salary with comparable company base salaries, and to reflect his job performance. Mr. Knittel received a bonus payout of 100% of his target bonus and options to purchase 534,400 shares of our common stock. We paid Mr. Knittel a discretionary bonus of \$116,667 for fiscal 2011 in recognition of the deferral of his planned retirement to accept the responsibilities of this interim role for our company and for his outstanding performance during his tenure in this position. Mr. Knittel also received options to purchase 131,000 shares of our common stock in connection with his appointment as our Interim President and Chief Executive Officer in October 2010. Mr. Knittel's compensation reflects our agreement with him regarding his base salary and bonus in connection with his appointment, as well as his role as Interim President and Chief Executive Officer of our company, the performance of our company in fiscal 2011, and the satisfactory achievement of his individual performance goals for the year.

Ms. Bayless' individual performance goals for fiscal 2011 were to support our business growth objectives with appropriate processes and controls, monitor and review our corporate and financial structure, set future financial strategy, and foster an environment of high integrity and ethics and regulatory compliance. Ms. Bayless received a 2.5% increase in base salary in July 2010 to align her base salary with comparable company base salaries and to reflect her job performance. Ms. Bayless received a bonus payout of 100% of her target bonus and options to purchase 37,500 shares of our common stock. Ms. Bayless' compensation for fiscal 2011 reflects her role as our Chief Financial Officer, the performance of our company during fiscal 2011, and the satisfactory achievement of her individual performance goals for the year.

Mr. Barber joined our company on January 10, 2011, and his individual performance goals for fiscal 2011 were to improve customer satisfaction; develop and expand strategic relationships to enhance our ability to offer value-added solutions to our customers and penetrate new markets; and develop and build our employee base. Mr. Barber received a bonus payout of 100% of his pro-rated target bonus and options to purchase 110,000 shares of our common stock. Mr. Barber's compensation for fiscal 2011 reflects his appointment as our Senior Vice President and General Manager of our Handheld Division, the performance of our company during fiscal 2011, and the satisfactory achievement of his individual performance goals for the year.

Mr. Long's individual performance goals for fiscal 2011 were to provide leadership and direction with sales strategies designed to develop and expand strategic relationships with our existing customers and to penetrate new markets. Mr. Long received a 4.0% increase in base salary in July 2010 to align his base salary with comparable company base salaries and to reflect his job performance. Mr. Long received a bonus payout of 100% of his target bonus and options to purchase 37,500 shares of our common stock. In addition, we paid Mr. Long a \$40,000 discretionary bonus in recognition of his leadership of the Handheld Division prior to transitioning these responsibilities to Mr. Barber, who joined our company in January 2011. The increase in the base salary, the bonus level, and the stock-based compensation reflect the performance of our company during fiscal 2011 and the satisfactory achievement of his individual performance goals for the year.

Mr. Wong's individual performance goals for fiscal 2011 were to drive value engineering and continuous cost reduction, enhance supply chain capabilities, establish customer-centric product manufacturing solutions, and enhance operating profit. Mr. Wong received a 7.0% increase in base salary in July 2010 to align his base salary with

comparable company base salaries. Mr. Wong received a bonus payout of 97.5% of his target bonus and options to purchase 35,000 shares of our common stock. The increase in the base salary, the bonus level, and the stock-based compensation reflect the performance of our company during fiscal 2011 and the satisfactory achievement of his individual performance goals for the year.

(1) The base salaries set forth in this column reflect salary increases effective as of the first day of our 2011, 2010, and 2009 fiscal years for each of the named executive officers, except for Mr. Knittel whose base salary was increased in October 2010 in connection with his appointment as our Interim President and Chief Executive Officer.

(2) Except as otherwise indicated, the amounts shown in this column constitute discretionary bonuses paid for fiscal 2011. No discretionary bonuses were paid for fiscal 2010 or 2009. See Compensation Discussion and Analysis Fiscal 2011 Incentive Compensation Program for more information.

- (3) The amounts shown in this column represent the grant date fair value of deferred stock unit awards as well as any modification charge determined in accordance with FASB ASC Topic 718 Compensation – Stock Compensation, excluding the effects of forfeitures. The fiscal 2009 deferred stock unit award amounts for Messrs. Knittel and Tiernan were restated from previous proxy disclosures to reflect changes in SEC rules, which replaced previously mandated disclosure of the dollar amount recognized for their specific deferred stock unit awards in the financial statements in accordance with FASB ASC Topic 718. We determine the grant date fair value of each deferred stock unit award using the closing price of our common stock on the date of grant. Each named executive officer forfeits the unvested portion, if any, of the officer’s deferred stock units if the officer’s service to our company is terminated for any reason, except as may otherwise be determined by the plan committee appointed by our Board of Directors as the administrator of our 2010 Incentive Compensation Plan, or by our Board of Directors as the administrator of our 2001 Incentive Compensation Plan. Under the terms of Mr. Tiernan’s Separation Agreement and Release, all of his outstanding deferred stock unit awards were modified to provide for an additional 12 months of vesting subsequent to his resignation date. The modified value was determined by comparing the values immediately after the modification to values immediately before the modification, and the increase in value represents the grant date fair value associated with the modification of the vesting terms of his outstanding deferred stock unit awards on October 8, 2010. For further information on these awards, see the Grants of Plan-Based Awards table of this proxy statement.

The fiscal 2009 stock option award amounts for Messrs. Knittel and Tiernan were restated from previous proxy disclosures to reflect changes in SEC rules, which replaced previously mandated disclosure of the dollar amount recognized for their specific stock option awards in the financial statements in accordance with FASB ASC Topic 718. The assumptions used in determining the grant date fair value of stock option awards are set forth in the notes to our consolidated financial statements, which are included in our Annual Report on Form 10-K filed with the SEC for the fiscal year ended June 30, 2011. Each named executive officer forfeits the unvested portion, if any, of the officer's stock options if the officer's service to our company is terminated for any reason, except as may otherwise be determined by the plan committee appointed by our Board of Directors as the administrator of our 2010 Incentive Compensation Plan, or by our Board of Directors as the administrator of our 2001 Incentive Compensation Plan. For Mr. Knittel, the vesting on any stock option awards will accelerate upon a change of control of our company. Under the terms of Mr. Tiernan's Separation Agreement and Release, all of his outstanding stock option awards were modified to provide for an additional 12 months of vesting subsequent to his resignation date. The modified value was determined by comparing the values immediately after the modification to values immediately before the modification, and the increase in value represents the grant date fair value associated with the modification of the vesting terms of his outstanding stock option awards on October 8, 2010. Accordingly, the amount shown for Mr. Tiernan represents (i) \$628,945 for the full grant-date fair value of his fiscal 2011 stock option awards and (ii) \$1,406,452 for the incremental fair value of his modified stock option awards, computed as of the date of modification in accordance with FASB ASC Topic 718. For further information on these awards, see the Grants of Plan-Based Awards table of this proxy statement.

Table of Contents**Change of Control and Severance Agreement**

We are a party to a Change of Control and Severance Agreement with Mr. Knittel. The agreement becomes effective upon a change of control of our company as defined in the agreement. Under the agreement, Mr. Knittel has agreed to remain employed by our company or its successor for a rolling one-year period after a change of control upon the same terms and conditions that existed immediately prior to the change of control and to refrain from competing with our company during the term of employment and while any severance payments are being made. The agreement provides for the payment by our company, for one year after termination of employment by our company without good cause or by the executive for good reason, as defined in the agreement, or by the executive for any reason during the 30-day period following the first anniversary of the change of control, of compensation equal to the greater of the average of the base salary and bonus for the two years prior to such termination or the base salary and targeted bonus for the fiscal year in which such termination occurs. In the case of such termination, the agreement also provides for the continuation of insurance coverage on the executive and the executive's family for one year. In addition, the agreement provides for the continuation of base salary payments and benefit coverage for the executive's family for a period of 12 months after the death of the executive and for the payment in the event of disability of a lump sum equal to the greater of the average of the base salary and bonus for the two fiscal years prior to such termination or the executive's base salary and targeted bonus for the fiscal year in which such termination occurs. The agreement provides that in the event of a change of control, 50% of unvested stock options and deferred stock units vest immediately and the remaining 50% of unvested stock options and deferred stock units vest immediately if the executive is terminated by our company without good cause or by the executive for good reason. All vested stock options, including those vesting under the terms of the agreement, will be exercisable during their full term in the event of a change of control.

All unexercisable stock options and unvested deferred stock units held by Mr. Knittel included in the Outstanding Equity Awards at Fiscal Year-End table of this proxy statement are subject to the provisions of the Change of Control and Severance Agreement described above.

During the year ended June 30, 2011, our Board of Directors determined it was not necessary to increase the number of shares available under our 2010 Employee Stock Purchase Plan. The cumulative shares authorized under the 2010 ESPP will be less than 10% of our shares outstanding from time to time, unless a greater number of shares is authorized by our stockholders. As of June 30, 2011, there were 573,541 shares reserved for issuance under the 2010 Employee Stock Purchase Plan. During fiscal 2011, 76,459 shares of common stock were issued under the 2010 Employee Stock Purchase Plan.

401(k) Retirement Savings Plan

In July 1991, we adopted a 401(k) Retirement Savings Plan for which our regular full-time employees generally are eligible. The 401(k) Retirement Savings Plan is intended to qualify under Section 401(k) of the Code, so that contributions to the 401(k) Retirement Savings Plan by employees or by us and the investment earnings on the contributions are not taxable to the employees until withdrawn. Our contributions are deductible by us when made. Our employees may elect to reduce their current compensation by an amount equal to the maximum of 30% of total annual compensation or the annual limit permitted by law and to have those funds contributed to the 401(k) Retirement Savings Plan. We provide matching funds of 25% of the employee's contribution up to a maximum of \$4,125 on a calendar year basis.

Table of Contents**DIRECTOR COMPENSATION**

We pay each non-employee director an annual retainer of \$40,000 in cash or stock at the director's election and pay our Chairman of the Board an additional annual retainer of \$67,344. We also pay our non-employee directors an annual retainer for committee services in cash or stock at the director's election as follows:

	Committee Chairman	Committee Member
Audit Committee	\$ 25,000	\$ 10,000
Compensation Committee	\$ 15,000	\$ 7,500
Nominations and Corporate Governance Committee	\$ 9,000	\$ 5,000

Annual retainers for board and committee services are paid in quarterly installments.

In addition, non-employee directors are eligible to receive annual grants of stock options and deferred stock units under our 2010 Incentive Compensation Plan, with each non-employee director eligible to receive an annual grant of 3,000 deferred stock units and an annual grant of stock options to purchase 6,000 shares of our common stock. Newly elected non-employee directors receive an initial stock option grant to purchase 25,000 shares of our common stock. We reimburse non-employee directors for expenses incurred to attend Board of Directors and committee meetings.

Changes in Director Compensation in Fiscal 2011

For fiscal 2011, our Board of Directors evaluated the annual compensation arrangements for our directors, which have not been adjusted since fiscal 2007. We engaged Compensia to assist us in connection with this evaluation. Compensia provided our Compensation Committee with a market analysis of director compensation; developed recommendations regarding director compensation; reviewed the overall director compensation package and; advised our Compensation Committee regarding the appropriateness of our director compensation arrangements. After consulting with Compensia, our Compensation Committee recommended and our Board of Directors approved the following changes to our director compensation arrangements, which became effective beginning in the second quarter of fiscal 2011:

- eliminated all Board and committee meeting fees;
- increased the annual retainer for non-employee directors to \$40,000 and established an additional annual retainer for our Chairman of the Board, each payable in quarterly installments;
- increased the annual committee retainer fees, in part to reflect the elimination of committee meeting fees, and in recognition of the time commitment and responsibilities assumed in these positions;
- revised the annual equity grants to non-employee directors by reducing the size of the annual stock option grant from 28,125 stock options (or an equivalent annual grant of stock options and deferred stock units) for our Chairman of the Board and 18,750 stock options (or an equivalent annual grant of stock options and deferred stock units) for our other non-employee directors to 3,000 deferred stock units and 6,000 stock options for all of our non-employee directors;
- reduced the initial stock option grant to newly elected non-employee directors from 75,000 stock options (or an equivalent annual grant of stock options and deferred stock units) to 25,000 stock options; and
- revised the vesting schedule for deferred stock unit and stock option awards.

Our Board of Directors believes that increasing our non-employee directors' annual retainers and eliminating meeting fees compensates each non-employee director for his role and service to our company, rather than for his or her attendance or effort at individual meetings. Directors with added responsibility are recognized with higher cash compensation as noted above. The changes in our director compensation arrangements have increased the cash component of director compensation while substantially decreasing the equity component of director compensation.

Table of Contents

The following table sets forth the compensation paid by us to our non-employee directors for the fiscal year ended June 30, 2011. Employee directors do not receive any additional compensation for service on our Board of Directors.

New non-employee director stock option awards vest 1/4th of the total shares on the first anniversary of the grant date and 1/48th of the total shares each month thereafter. Deferred

stock unit awards to continuing non-employee directors generally vest quarterly over the period from the grant date through the subsequent annual stockholders meeting.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has appointed an Audit Committee consisting of three directors. The current members of the Audit Committee are Jeffrey D. Buchanan, Nelson C. Chan, and James L. Whims. Each of the committee members is independent of our company and management, as that term is defined under applicable Nasdaq listing standards and SEC rules.

The primary responsibility of the committee is to assist the Board of Directors in fulfilling its responsibility to oversee management's conduct of our company's financial reporting process, including overseeing the financial reports and other financial information provided by our company to governmental or regulatory bodies (such as the SEC), the public, and other users thereof; our company's systems of internal accounting and financial controls; and the annual independent audit of our company's financial statements.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditor is responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles.

In fulfilling its oversight responsibilities, the committee reviewed and discussed the audited financial statements with management and the independent auditor. The committee discussed with the independent auditor the matters required to be discussed by Statement of Auditing Standards No. 114. This included a discussion of the auditor's judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee received from the independent auditor written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the committee concerning independence. The committee also discussed with the independent auditor the auditor's independence from management and our company, including the matters covered by the written disclosures and letter provided by the independent auditor, and considered the compatibility of non-audit services with auditor independence.

The committee discussed with the independent auditor the overall scope and plans for its audits. The committee met with the independent auditor, with and without management present, to discuss the results of its audit, its consideration of our company's internal controls, and the overall quality of the financial reporting. The committee held five meetings with management of our company, all of which were attended by our independent auditor, with respect to the company's financial statements and audit or quarterly review procedures.

Based on the reviews and discussions referred to above, the committee recommended to the Board of Directors, and the Board of Directors approved that the audited financial statements be included in our company's Annual Report on Form 10-K for the year ended June 30, 2011 for filing with the SEC. The committee also has appointed our company's independent auditor.

The report has been furnished by the Audit Committee of the Board of Directors.

Our company has entered into indemnification agreements with each of our directors and executive officers. These agreements require us to indemnify such individuals, to the fullest extent permitted by Delaware law, for certain liabilities to which they may become subject as a result of their affiliation with our company.

PROPOSAL TWO:

ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

Background

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers (which consist of our Chief Executive Officer, our Chief Financial Officer, our three other most highly compensated executive officers, and one individual who served as our Chief Executive Officer during our last completed fiscal year), as such compensation is described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in this proxy statement, beginning on page 10. Our executive compensation program is designed to enable us to attract, motivate, and retain highly qualified executives. This program links cash incentive compensation to the achievement of pre-established personal goals and corporate financial performance objectives and provides long-term stock-based incentive compensation that focuses our executives' efforts on building stockholder value by aligning their interests with those of our stockholders. The following is a summary of some of the key points of our executive compensation program. We urge our stockholders to review the Compensation Discussion and Analysis included in this proxy statement and the executive-related compensation tables for more information.

Table of Contents

Base Salaries. We target base salaries at competitive levels required to attract, motivate, and retain highly qualified individuals reflecting our pay-for-performance philosophy that affords executives the opportunity to receive meaningful incentive compensation based on the performance of our company and our executives achieving individual goals set from time to time.

We maintain a performance-based incentive compensation program. Annual bonuses are intended to provide incentive compensation to individuals who contribute substantially to the success of our company based upon the achievement of company performance objectives, including meeting specified levels of operating profit, and individual performance goals that contribute to our long-term goal of building stockholder value. Our performance-based incentive compensation program results in a substantial portion of our executives' potential total cash compensation being at risk. In practice, we have paid incentive compensation in each of the last three fiscal years.

Our stock-based compensation program is designed to align the interests of our management and the interests of our stockholders. Our company grants stock-based awards, including stock options and deferred stock units, periodically to our employees to provide them with additional incentive to work to maximize long-term total return to stockholders. Grants of stock-based awards are designed to result in limited rewards if the price of our common stock does not appreciate, but may provide substantial rewards to executives as our stockholders in general benefit from stock price appreciation. Grants of stock-based awards are intended to enable our executives to acquire or increase their proprietary interest in our company in order to align their interests with those of our stockholders and to align compensation with the price performance of our common stock by providing our executives with long-term performance incentives to focus their best efforts in the enhancement of stockholders value. Historically, our stock-based compensation has been through the grant of stock options and deferred stock units. We generally set vesting levels for stock options and deferred stock units over multiple year periods to encourage executive retention.

Independent Compensation Consultant. The Compensation Committee retains and works closely with Compensia, a leading independent executive compensation firm, in the design and implementation of its annual executive compensation program. Compensia provides no other services to our company.

Board Recommendation

Our Board of Directors believes that the information provided above and within the Executive Compensation section of this proxy statement demonstrates that our executive compensation program is designed appropriately and is working to ensure that management's interests are aligned with our stockholders' interests to support long-term value creation.

The following resolution is submitted for a stockholder vote at the annual meeting:

RESOLVED, that the stockholders of the Company approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the Compensation Discussion and Analysis, compensation tables, and narrative discussion set forth in this proxy statement.

The say-on-pay vote is advisory, and therefore not binding on our company, our Compensation Committee, or our Board of Directors. Although non-binding, the vote will provide information to our Compensation Committee and our Board of Directors regarding investor sentiment about our executive compensation philosophy, policies, and practices, which our Compensation Committee and our Board of Directors will be able to consider when determining executive compensation for the years to come.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR ADOPTION OF THE RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DESCRIBED IN THE COMPENSATION DISCUSSION AND ANALYSIS SECTION AND THE RELATED TABULAR AND NARRATIVE DISCLOSURE SET FORTH IN THIS PROXY STATEMENT.

Table of Contents

**PROPOSAL THREE:
ADVISORY VOTE ON DETERMINING THE FREQUENCY OF SAY-ON-PAY**

Background

The Dodd-Frank Act enables our stockholders to indicate how frequently they believe we should seek an advisory vote on the compensation of our named executive officers. Stockholders have the option of recommending a frequency vote every year, every two years, or every three years or abstaining from making a recommendation.

Summary and Board Recommendation

Our Board of Directors has considered the advantages and disadvantages of the frequency of the say-on-pay vote. Based on its analysis, our Board of Directors believes that an annual advisory vote of on executive compensation would be the most meaningful for our Board of Directors and our Compensation Committee and best serve the interests of our company and its stockholders. Our Board of Directors believes an annual advisory vote will provide the most timely feedback on executive compensation arrangements, plans, programs, and policies as executive compensation disclosures are made annually.

Stockholders should recognize, however, it may not be appropriate or feasible to change compensation programs already in place for the year in which the vote occurs since the advisory vote on executive compensation will take place after the beginning of the compensation year. Stockholders also should recognize that their recommendation may be modified in the future if an annual frequency vote becomes burdensome or otherwise proves to be less helpful than originally expected.

We will consider stockholders to have expressed a preference for the frequency that receives the largest number of favorable votes. Our Board of Directors also may from time to time decide that it is in the best interests of our company and its stockholders to hold the frequency vote more or less frequently than the non-binding option preferred by our stockholders.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE ONE YEAR ON THE PROPOSAL TO DETERMINE THE FREQUENCY OF SAY-ON-PAY.

**PROPOSAL FOUR:
RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR**

Our Audit Committee has appointed KPMG LLP, an independent registered public accounting firm, to audit the consolidated financial statements of our company for the fiscal year ending June 30, 2012 and recommends a vote for the ratification of such appointment. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. We anticipate that representatives of KPMG LLP will be present at the meeting, will have the opportunity to make a statement if they desire, and will be available to respond to appropriate questions.

The Audit Committee has considered whether the provision of non-audit services by KPMG LLP is compatible with maintaining KPMG LLP's independence.

Table of Contents**Fees**

The aggregate fees billed to our company by KPMG LLP, for the fiscal years ended June 30, 2011 and 2010, are as follows:

	2011	2010
Audit Fees	\$ 767,500	\$ 770,800
Audit-Related Fees (1)	34,000	20,000
Tax Fees (2)	66,400	73,558
All Other Fees		
 Total fees	 \$ 867,900	 \$ 864,358

(1) The fees in fiscal 2011 were for services associated with filing registration statements to register shares for three of our equity-based employee benefit plans and statutory audits of certain of our subsidiaries located outside the United States. The fees in fiscal 2010 were for services associated with statutory audits of certain of our subsidiaries located outside the United States.

(2) Consists solely of fees for tax preparation and compliance.

Audit Committee Pre-Approval Policies

The charter of our Audit Committee provides that the duties and responsibilities of our Audit Committee include the pre-approval of all audit, audit-related, tax, and other services permitted by law or applicable SEC regulations (including fee and cost ranges) to be performed by our independent auditor. Any pre-approved services that will involve fees or costs exceeding pre-approved levels will also require specific pre-approval by the Audit Committee. Unless otherwise specified by the Audit Committee in pre-approving a service, the pre-approval will be effective for the 12-month period following pre-approval. The Audit Committee will not approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Code and related regulations.

To the extent deemed appropriate, the Audit Committee may delegate pre-approval authority to the Chairman of the Audit Committee or any one or more other members of the Audit Committee provided that any member of the Audit Committee who has exercised any such delegation must report any such pre-approval decision to the Audit Committee at its next scheduled meeting. The Audit Committee will not delegate to management the pre-approval of services to be performed by the independent auditor.

Our Audit Committee requires that our independent auditor, in conjunction with our Chief Financial Officer, be responsible for seeking pre-approval for providing services to us and that any request for pre-approval must inform the Audit Committee about each service to be provided and must provide detail as to the particular service to be provided. All of the services provided by KPMG LLP described above under the captions *Audit-Related Fees* and *Tax Fees* were approved by our Audit Committee pursuant to our Audit Committee's pre-approval policies.

Ratification by Stockholders of the Appointment of Independent Auditor

Ratification of the appointment of KPMG LLP to audit the consolidated financial statements of our company for the fiscal year ending June 30, 2012 will require the affirmative vote of a majority of the votes cast, assuming that a quorum is present at the meeting.
