Multi-client

Multi-client revenue increased by 27% compared with the prior year's second quarter. Revenue from shelf sales (i.e. sales of existing data) more than doubled, while prefunding revenue decreased by more than 50% due to reduced numbers of in-progress surveys.

Marine multi-client revenue increased by 45% compared with the prior year's second quarter. Shelf sales were particularly strong in the Gulf of Mexico and Nigeria, with sales in Brazil and the North Sea contributing to the excellent results. Prefunding revenue was generated on surveys in the Gulf of Mexico, Nigeria and Brazil.

Land multi-client revenue decreased by 16% compared with the prior year's second quarter due to lower prefunding and decreased investment. Shelf sales were steady, with most of the revenue generated from surveys in Wyoming and Oklahoma.

Contract

Contract revenue increased by 8% compared with the prior year's second quarter. Marine contract revenue increased 17% while contract land revenue remained relatively flat. During the quarter, the Company performed contract marine surveys in West Africa, the Mediterranean and India and operated land crews in Canada, Alaska, the Lower 48, Argentina and Oman.

Operating Income

Operating income as a percent of revenue increased to 16% compared to 9% in the prior year's second quarter. Margins increased due to the dominance of multi-client shelf sales in the overall revenue mix. Contract margins were relatively flat.

General and administrative expense decreased by \$1.4 million from the prior year's second quarter. The largest single portion of this decrease, \$0.6 million, was due to expense reduction efforts implemented in the prior fiscal year.

Income Tax

The Company's effective tax rate for the quarter was 25%, significantly lower than the 39% rate in the second quarter of fiscal year 2003. The reduction is due to the utilization of previously unrecognized deferred tax assets. Most of the Company's current tax expense comes in the form of withholding taxes in various non-U.S. jurisdictions.
