PROXY STATEMENT

PROXIES AND VOTING AT THE MEETING

Only shareholders of record at the close of business on March 12, 2007 will be entitled to notice of, and to vote at, the meeting. As of that date, 54,483,838 shares of our Common Stock, \$.25 par value per share (Common Stock), were outstanding. Each of those outstanding shares is entitled to one vote at the meeting. We are initially sending this Proxy Statement and the accompanying proxy to our shareholders on or about March 23, 2007. The requirement for a quorum at the meeting is the presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock. There is no provision for cumulative voting.

Solicitation of Proxies

The accompanying proxy is solicited on behalf of our Board of Directors for use at our annual meeting of shareholders to be held at the time and place set forth in the accompanying notice. We will pay all costs of soliciting proxies. We will solicit proxies primarily by mail. In addition to solicitation by mail, our officers, directors and employees may solicit proxies in person or by telephone, facsimile and electronic transmissions, for which such persons will receive no additional compensation. We have retained Georgeson Shareholder Communications, Inc. to solicit proxies at a fee estimated at \$7,500, plus out-of-pocket expenses. We will reimburse brokerage firms, banks and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy material to beneficial owners of our Common Stock.

The persons named as proxies were designated by our Board and are officers of Oceaneering. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld), and where a choice has been specified by the shareholder as provided in the proxy, the proxy will be voted in accordance with the specification so made. Proxies submitted without specified choices will be voted **FOR Proposal 1** to elect the director nominees proposed by our Board, and **FOR Proposal 2** to ratify the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2007.

Methods of Voting

Voting by Mail You may sign, date and return your proxy card in the pre-addressed, postage-paid envelope provided. If you return your proxy card without indicating how you want to vote, the designated proxies will vote as recommended by our Board.

Voting by Telephone or the Internet If you have stock certificates issued in your own name, you may vote by proxy by using the toll-free number or at the Internet address listed on the proxy card.

The telephone and Internet voting procedures are designed to verify your vote through the use of a voter control number that is provided on each proxy card. The procedures also allow you to vote your shares and to confirm that your instructions have been properly recorded. Please see your proxy card for specific instructions.

If you hold shares through a brokerage firm, bank or other custodian, you may vote by telephone or the Internet only if the custodian offers that option.

Revocability of Proxies

submitting a proxy card with a later date signed as your name appears on the stock certificate;

voting at a later time by telephone or the Internet; or

voting in person at the Annual Meeting.

If you have shares held through a brokerage firm, bank or other custodian, and you vote by proxy, you may later revoke your proxy instructions only by informing the custodian in accordance with any procedures it sets forth.

PROPOSAL 1

Election of Directors

Our Certificate of Incorporation divides our Board into three classes, each consisting as nearly as possible of one-third of the members of the whole Board. There are currently two members of each class. The members of each class serve for three years following their election, with one class being elected each year.

Two Class III directors are to be elected at the 2007 Annual Meeting. In accordance with our bylaws, directors are elected by a plurality of the votes cast. Accordingly, abstentions and broker non-votes marked on proxy cards will not be counted in the election. The Class III directors will serve until the 2010 Annual Meeting of Shareholders or until a successor has been duly elected and qualified. The directors of Classes I and II will continue to serve their terms of office, which will expire at the Annual Meetings of Shareholders to be held in 2008 and 2009, respectively.

The persons named in the accompanying proxy intend to vote all proxies received in favor of the election of the nominees named below, except in any case where authority to vote for the directors is withheld. Although we have no reason to believe that the nominees will be unable to serve as directors, if either nominee withdraws or otherwise becomes unavailable to serve, the persons named as proxies will vote for any substitute nominee our Board designates.

Set forth below is information (ages are as of May 4, 2007) with respect to the nominees for election as directors of Oceaneering.

Corporate Governance

During 2006, our Board of Directors held seven meetings of the full Board and 24 meetings of the committees of the Board. Each director attended at least 75% of the aggregate number of meetings of the Board and meetings of the committees of the Board on which he served. In addition, we have a policy that directors are encouraged to attend the annual meeting. Last year, all of the individuals now serving as directors attended our annual meeting except for Mr. Hooker. In 2006, the nonemployee directors met in regularly scheduled executive sessions without management present, and similar sessions are scheduled for 2007. The chairmen of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee chair these executive sessions on a rotating basis. Interested parties may communicate directly with the nonemployee directors by sending a letter to the Board of Directors (independent members), c/o Corporate Secretary, Oceaneering International, Inc., 11911 FM 529, Houston, Texas 77041-3011.

Under rules adopted by the New York Stock Exchange, our Board of Directors must have a majority of independent directors. A director qualifies as independent only if the Board affirmatively determines that the director has no material relationship with us. In evaluating each director's independence, the Board considered relationships and transactions between each director, his family members and any business, charity or other entity in which the director has an interest, on the one hand, and us and our senior management, on the other hand. As a result of this review, the Board affirmatively determined that all our directors are independent, except for Mr. Huff, who relinquished his position as Chief Executive Officer in May 2006, and Mr. Collins, who is our President and Chief Executive Officer.

We have three standing committees of our Board of Directors: the Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. Our Board of Directors has determined that each member of these committees is independent in accordance with the requirements of the New York Stock Exchange. Our Board has also determined that each member of the Audit Committee meets the independence requirements for service on an audit committee that the SEC has established.

The Audit Committee

The Audit Committee, which is comprised of Messrs. Hooker (Chairman), Hughes and Pappas, held 11 meetings during 2006. The Board of Directors determined that Mr. Hooker is an audit committee financial expert as defined in the applicable rules of the SEC. For information relating to Mr. Hooker's background, see his biographical information under Proposal 1 Election of Directors. The Audit Committee is appointed by our Board of Directors, on the recommendation of the Nominating and Corporate Governance Committee, to assist the Board in its oversight of:

the integrity of our financial statements;

our compliance with legal and regulatory requirements;

the independence, qualifications and performance of our independent auditors;

the performance of our internal audit functions; and

the adequacy of our internal control over financial reporting.

Our management is responsible for our internal controls and preparation of our consolidated financial statements. Our independent auditors are responsible for performing an independent audit of the consolidated financial statements and issuing a report thereon. The Audit Committee is responsible for overseeing the conduct of these activities and, subject to shareholder ratification, appointing our independent auditors. As stated above and in the Audit Committee Charter, the Audit Committee's responsibility is one of oversight. The Audit Committee is not providing any expert or special assurance as to Oceaneering's financial statements or any professional certification as to the independent auditor's work.

In discharging its duties, the Audit Committee reviews and approves the scope of the annual audit, non-audit services to be performed by the independent auditors and the independent auditors' audit and non-audit fees; reviews and discusses with management (including the senior internal auditor) and the independent auditors the annual report of management regarding our internal control over financial reporting and the independent auditors' attestation of that report; recommends to our Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for filing with the SEC; meets independently with our internal auditors, independent auditors and management; reviews the general scope of our accounting, financial reporting, annual audit and internal audit programs and matters relating to internal control systems, as well as the results of the annual audit and interim financial statements, auditor independence issues and the adequacy of the Audit Committee charter; reviews with management and the independent auditors any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding our financial statements or accounting policies; and reviews with management, our General Counsel and the independent auditors, disclosures of insider and affiliate transactions. A copy of the Audit Committee charter is available on the Corporate Governance page of our website (www.oceaneering.com). Any shareholder who so requests may obtain a written copy of the charter from us. The report of the Audit Committee is included in this Proxy Statement under the heading "Report of the Audit Committee."

The Compensation Committee

The Compensation Committee, which is comprised of Messrs. Pappas (Chairman) and DesRoche, held ten meetings during 2006. The Compensation Committee is appointed by our Board of Directors to:

assist the Board in discharging its responsibilities relating to (1) compensation of our executives, other key employees and nonemployee directors and (2) employee benefit plans and practices; and

produce or assist management with the preparation of any reports that may be required from time to time by the rules of the NYSE or the SEC to be included in our proxy statements for our annual meetings of shareholders or annual reports on Form 10-K.

Specific duties and responsibilities of the Compensation Committee include: general oversight of our executive and key employee compensation plans and benefit programs; reviewing and approving objectives relevant to the compensation of executives and key employees, including administration of annual bonus plans, long-term incentive plans, supplemental executive retirement plan and severance, termination and change-of-control arrangements; approving employment agreements for key executives; reviewing and making recommendations to the Board regarding the director and officer's indemnification and insurance matters; evaluating the performance of executives and key employees, including our Chief Executive Officer; recommending to the Board the compensation for the Board and committees of the Board; and annually evaluating its performance and its charter.

Since 2004, the Compensation Committee has engaged Mercer Human Resource Consulting ("Mercer") to assist the Compensation Committee in its administration of compensation for our executives and other key employees. Mercer assisted the Compensation Committee in the design and particulars of our 2006 long-term incentive program. Mercer performed a market analysis of total direct compensation (the sum of salary, annual incentive bonus, and long-term incentive compensation) and compensation for nonemployee directors among peer group companies and other survey data, see "Compensation Discussion and Analysis - Compensation Philosophy and Objectives" in this Proxy Statement. The Compensation Committee approved the form and amounts of our 2006 long-term incentive program and compensation for our executive officers and other key employees, and recommended to the Board the forms and amounts of compensation for nonemployee directors.

A copy of the Compensation Committee charter is available on the Corporate Governance page of our website (www.oceaneering.com). Any shareholder who so requests may obtain a written copy of the charter from us. The report of the Compensation Committee is included in this Proxy Statement under the heading "Report of the Compensation Committee."

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, which is comprised of Messrs. Hughes (Chairman), DesRoche and Hooker, held three meetings during 2006. The Nominating and Corporate Governance Committee is appointed by our Board of Directors to:

identify individuals qualified to become directors of Oceaneering;

recommend to our Board candidates to fill vacancies on our Board or to stand for election to the Board by our shareholders;

recommend to our Board a director to serve as Chairman of the Board;

recommend to our Board committee assignments for directors;

periodically assess the performance of our Board and its committees; and

periodically review and assess the adequacy of our corporate governance policies and procedures.

The Nominating and Corporate Governance Committee operates under a written charter adopted by our Board of Directors. A copy of this charter and a copy of our Corporate Governance Guidelines are available on the Corporate Governance page of our website (www.oceaneering.com). Any shareholder who so requests may obtain a written copy of each of these documents from us.

The Nominating and Corporate Governance Committee solicits ideas for potential Board candidates from a number of sources, including members of our Board of Directors and our executive officers. The Committee also has authority to select and compensate a third-party search firm to help identify candidates, if it deems it advisable to do so.

The Nominating and Corporate Governance Committee also considers nominees recommended by shareholders in accordance with our bylaws. In assessing the qualifications of all prospective nominees to the Board, the Nominating and Corporate Governance Committee will consider, in addition to criteria set forth in our bylaws, each nominee's personal and professional integrity, experience, skills, ability and willingness to devote the time and effort necessary to be an effective board member, and commitment to acting in the best interests of Oceaneering and its shareholders. Consideration will also be given to the Board's having an appropriate mix of backgrounds and skills. A shareholder who wishes to recommend a nominee for director should comply with the procedures specified in our bylaws, as well as applicable securities laws and regulations of the New York Stock Exchange. The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, whether identified by the Committee or by a shareholder, and will evaluate each of them on the same basis.

As to each person a shareholder proposes to nominate for election as a director, our bylaws provide that the nomination notice must:

include the name, age, business address and principal occupation or employment of that person, the number of shares of Common Stock beneficially owned or owned of record by that person and any other information relating to that person that is required to be disclosed under Section 14 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the related SEC rules and regulations; and

be accompanied by the written consent of the person to be named in the proxy statement as a nominee and to serve as a director if elected.

The nomination notice must also include, as to that shareholder and the beneficial owner, if any, of Common Stock on whose behalf the nomination or nominations are being made:

the name and address of that shareholder, as they appear on our stock records and the name and address of that beneficial owner;

the number of shares of Common Stock which that shareholder and that beneficial owner own beneficially or of record;

a description of all arrangements and understandings between that shareholder or that beneficial owner and each proposed nominee of that shareholder and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by that shareholder;

a representation by that shareholder that he or she intends to appear in person or by proxy at that meeting to nominate the person(s) named in that nomination notice;

a representation as to whether that shareholder or that beneficial owner, if any, intends, or is part of a group, as Rule 13d-5(b) under the Exchange Act uses that term, which intends, (1) to deliver a proxy statement and/or form of proxy to the holders of _____ shares of Common Stock having at least the percentage of the total votes of the holders of all outstanding shares of Common Stock entitled to vote in the election of each proposed nominee of that shareholder which is required to elect that proposed nominee and/or (2) otherwise to solicit proxies in support of the nomination; and

any other information relating to that shareholder and that beneficial owner that is required to be disclosed under Section 14 of the Exchange Act and the related SEC rules and regulations.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has served as one of our officers or employees at any time. None of our executive officers serve as a member of the compensation committee of any other company that has an executive officer serving as a member of our Board. None of our executive officers serve as a member of the board of directors of any other company that has an executive officer serving as a member of our Compensation Committee.

Code of Ethics

Our Board of Directors adopted a code of ethics that applies to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, Treasurer and Controller, and a code of business conduct and ethics that applies to our officers, directors and employees. Each is available on the Corporate Governance page of our website (www.oceaneering.com). Any shareholder who so requests may obtain a printed copy of these codes from us. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our Common Stock to file with the SEC and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of Common Stock. Based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, we believe that all our directors and executive officers complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act during 2006.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of Oceaneering International, Inc.'s Board of Directors is comprised of the three directors named below. Each member of the Audit Committee is an independent director as defined by applicable Securities and Exchange Commission rules and New York Stock Exchange listing standards. The Committee met 11 times during the year ended December 31, 2006. The Committee reviewed with management and Ernst & Young LLP, Oceaneering's independent registered public accounting firm, the interim financial information included in Oceaneering's quarterly reports on Form 10-Q for the periods ended March 31, 2006, June 30, 2006 and September 30, 2006, prior to their being filed with the Securities and Exchange Commission. In addition, the Committee reviewed all of Oceaneering's earnings releases in 2006 with management and Ernst & Young prior to the public release of those earnings releases.

The Committee reviewed and discussed with management and Ernst & Young Oceaneering's consolidated financial statements for the year ended December 31, 2006. Members of management represented to the Committee that Oceaneering's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee discussed with Ernst & Young matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended. The Committee also reviewed and discussed with management and Ernst & Young management's report and Ernst & Young's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act.

Ernst & Young provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and the Committee discussed with Ernst & Young their independence. The Committee concluded that Ernst & Young's provision of non-audit services to Oceaneering and its affiliates is compatible with Ernst & Young's independence.

Based on the Committee's discussion with management and the independent auditors and the Committee's review of the representations of management and the report of the independent auditors, the Committee recommended to Oceaneering's Board of Directors that Oceaneering's audited consolidated financial statements as of and for the year ended December 31, 2006 be included in the Form 10-K for the year ended December 31, 2006 filed with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis contains statements regarding future individual and company performance goals and measures. These goals and measures are disclosed in the limited context of Oceaneering's compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. Oceaneering specifically cautions investors not to apply these statements to other contexts.

The following Compensation Discussion and Analysis, or CD&A, provides information regarding the compensation programs in place for our Chief Executive Officers, Chief Financial Officer and three other most highly-compensated executive officers during 2006. Mr. Huff, our Chairman, relinquished his position as Chief Executive Officer in May 2006 and Mr. Collins, who was at the time President and Chief Operating Officer, was then promoted to Chief Executive Officer. We refer to these six individuals in this CD&A as the Named Executive Officers. This CD&A includes information regarding, among other things, the objectives of our compensation program, the achievements that the compensation program is designed to reward, the elements of the compensation program (including the reasons why we employ each element and how it determines amounts paid) and how each element fits into our overall compensation objectives.

Compensation Philosophy and Objectives

Our executive compensation program is designed to attract and retain key executives, motivate them to achieve our short-term and long-term objectives, and reward them for superior performance. We use several different compensation elements in the executive compensation program which are geared to both our short-term and long-term performance. The following principles influence the design and administration of our executive compensation program:

Compensation Should Be Related to Performance

The Compensation Committee of our Board of Directors (the Committee), and our Board of Directors believe that a significant portion of a Named Executive Officer's compensation should be tied to overall company performance, measured against financial goals and objectives.

Under the performance-based portions of our compensation arrangements, our basic philosophy is that, in years when performance is better than the objectives established for the relevant performance period, Named Executive Officers should be paid more than the target awards and, when our performance does not meet planned objectives, incentive award payments should be less than such targets, in the absence of unusual circumstances.

Compensation Programs Should Motivate Executives to Remain with Us

We believe that there is significant value to our shareholders for Named Executive Officers to remain with our company over time. Our business is built significantly by executives who can develop and maintain customer relationships over time. Also, value is built by executives who understand the unique business and technical aspects of our industry. For this reason, a significant element of our historical executive compensation arrangements has been long-term incentive compensation arrangements, with awards that have provided for vesting over several years. In addition, we provide certain of our executive officers with some financial security in the event of a change of control, to promote long-term retention (see Change of Control Agreements below). We also provide for long-term benefits through retirement plans (see Post Employment Compensation Programs below).

Incentive Compensation Should Represent a Significant Part of an Executive's Total Direct Compensation

We believe that the portion of a Named Executive Officer's total compensation that varies with his and our overall performance objectives should increase as the scope and level of the individual's business responsibilities and role in the organization increase. We believe that more than one-half of the total direct compensation (the sum of salary, annual incentive bonus, and long-term incentive compensation) of the Named Executive Officers should be at risk against short- and long-term performance goals.

Incentive Compensation Should Balance Short-Term and Long-Term Performance

We strive to maintain an executive compensation program that balances short-term, or annual, results and long-term success. To reinforce the importance of this balancing we regularly provide the Named Executive Officers both annual and long-term incentives. The value for participants in our long-term incentive plans generally increases at higher levels of responsibility, as executives in these leadership roles have the greatest influence on our strategic direction and results over time.

Beginning in 2006, we adopted our current approach to long-term incentives, in which awards of service-based restricted stock units and performance units are made to our executive officers and other key employees. Assuming restricted stock value based on grant date value established by the Financial Accounting Standards Board's Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment* (SFAS 123R), and performance units notionally valued at \$100 per unit for achievement of performance goals at target level, we believe that the service-based restricted stock units should account for from one-third to one-half of the total annual long-term incentive compensation of the Named Executive Officers and the performance units should account for the balance. We believe that our new program promotes our philosophy of rewarding executives for growing shareholder value over time. Upon vesting, settlement of the restricted stock units will be made in shares of our common stock. Upon vesting, the value of the performance units will be paid in cash.

Compensation Levels Should Be Competitive

The Committee reviews competitive compensation information to ensure that our total direct compensation is competitive. In making compensation decisions, the Committee assesses each element of base salary, annual bonus incentives and long-term incentive awards against a combination of available information from the most recent proxy statements of a peer-group of 24 publicly traded companies (collectively, the Compensation Peer Group) and survey data from the energy and general industry. For 2006, this information was collected for the Committee by a compensation consultant, Mercer Human Resource Consulting (the Compensation Consultant), which was retained by the Committee to conduct a review of our total direct compensation program for the Named Executive Officers and other key employees. The sources of the survey data were the 2006 U.S. Energy Compensation Survey and 2006 U.S. Benchmark Database-Executive Survey (collectively, the Compensation Surveys) prepared by the Compensation Consultant.

The Compensation Peer Group was recommended by management and the Compensation Consultant, and approved by the Committee. The companies within the Compensation Peer Group were selected primarily due to their operational focus broadly within the oilfield service industry and our management's belief that we compete with these companies for talent and for stockholder investment. The companies comprising the Compensation Peer Group are as follows:

BJ Services Company	Grant Prideco, Inc.	Oil States International, Inc.
Bristow Group Inc.	Hanover Compressor Company	Pride International, Inc.
Cameron International Corporation	Helix Energy Solutions Group, Inc.	Rowan Companies, Inc.
Diamond Offshore Drilling, Inc.	Hydril Company	Smith International Inc.
ENSCO International Incorporated	Key Energy Services, Inc.	Superior Energy Services, Inc.
FMC Technologies, Inc.	McDermott International, Inc.	Tidewater Inc.
Global Industries, Ltd.	National Oilwell Varco, Inc.	Transocean Inc.
GlobalSantaFe Corporation	Noble Corporation	Weatherford International Ltd.

The Role of the Compensation Committee

The Committee has the primary authority to establish compensation for the Named Executive Officers and other key employees and administers all our executive compensation plans and agreements. The Committee annually reviews corporate goals and objectives and sets the compensation levels for Named Executive Officers based on the Committee's evaluation. Our Chief Executive Officer assists the Committee by providing annual recommendations regarding the compensation of the Named Executive Officers and other key employees, excluding himself. The Committee can exercise its discretion in modifying or accepting these recommendations. For additional information regarding the role and responsibility of the Committee, see Proposal 1 Election of Directors The Compensation

Committee above.

2006 Executive Compensation Components

For 2006, the primary components of our total direct compensation program for Named Executive Officers were:
base salary;

annual incentive award paid in cash; and

long-term incentive programs comprised of restricted stock units and performance units.

Base Salary

The Committee considers adjustments to base salaries for Named Executive Officers regularly, based on the executive's position, responsibilities, experience, performance and competitive market data. Salary levels are considered annually in November, for changes to be effective the first day of the following year, as well as upon a promotion or other change in job responsibility. Each year, our Chief Executive Officer presents to the Committee his evaluation of each other Named Executive Officer, which includes a review of contributions and performance over the past year. Base salaries are approximately at the market median identified by our Compensation Consultant from a blend of compensation data for the Compensation Peer Group (weighted 50%) and from the Compensation Surveys (each of the two surveys weighted 25%). The Market Median for each component of executive compensation in this CD&A means the amount identified by the Compensation Consultant using this blend of compensation data for the component. In May 2006, and in connection with Mr. Collins' promotion to Chief Executive Officer and Mr. McEvoy's promotion to Executive Vice President, and the Committee's strategy to pay at approximately the Market Median, the Committee approved a salary increase of 33% for Mr. Collins and, as recommended by Mr. Collins, a salary increase of 10% for Mr. McEvoy. Additionally, in November 2006, consistent with its strategy, the Committee approved a salary increase of 10% for Mr. Collins and as recommended by Mr. Collins, a salary increase of 10% for Mr. McEvoy and salary increases ranging from 7% to 12% for the other Named Executive Officers, excluding Mr. Huff.

Annual Incentive Awards Paid in Cash

In March of each year, the Committee approves a performance-based annual cash bonus award program under a shareholder approved Incentive Plan for the persons listed as named executive officers in the summary compensation table of our proxy statement for that year. These cash bonus award opportunities are based on a comparison of our net income for the year to target net income for that year, and are intended to provide a performance-based cash payment opportunity at approximately the Market Median. For each other participating employee in the program, the cash bonuses are based upon the level of achievement of a combination of our net income, financial and non-financial goals of our applicable profit center for that employee and individual goals. For each participant, the maximum award achievable is a percentage of the participant's annual salary as of March 1st of the year of the program. In March of each year, the Committee also approves the final bonus amounts under the cash bonus award program for the previous year.

In March 2006, the Committee approved bonuses under our 2005 cash bonus award program. In March 2006, the Committee approved a cash bonus award program for 2006. For the named executive officers in the proxy statement for the year of the program, bonuses were determined by a comparison of our net income in calendar year 2006 to target net income for that year. The maximum cash pay-out for each Named Executive Officer is a specified percentage of that executive's base salary as of March 1, 2006.

The target amount for our net income in 2006 was \$85.3 million, an amount 36% higher than the net income we achieved in 2005 and equated to the top end of our then-published earnings per share guidance range for 2006. Under the program, attainment of the target amount would result in a payout of 90% of the maximum amount payable to the Named Executive Officer. For any award in the program to be payable, more than 70% of the target net income for 2006 must be achieved. The Named Executive Officers in the program for 2006 and their respective maximum payouts as a percentage of base salary are: Messrs. Huff and Collins 125% and Messrs. McEvoy, Migura and Haubenreich 100%. Mr. Gardner was designated an executive officer of Oceaneering in November 2006, and he participated in this program as a profit center executive at maximum bonus level of 80% of his base salary.

The following table notes the percentage of maximum payout to a named executive officer under the program for the percentage of target net income achieved. The Committee has the discretion to award an amount less than that calculated.

In March 2007, the Committee approved bonuses under the 2006 Cash Bonus Award Program. Due to our achieving a record level of net income in 2006, which was in excess of the performance goal for 2006, the Committee awarded the maximum bonuses payable to the Named Executive Officers under the program. The Committee also approved additional merit bonuses to the current Named Executive Officers in the program based on Oceaneering's performance (the third consecutive year of record net income, almost twice the amount of net income achieved in 2005, on a 28% growth in revenue), the outstanding contributions to Oceaneering's performance by these officers, and with respect to Mr. Collins and Mr. McEvoy, the additional responsibilities they assumed as a result of their promotions in May 2006 to Chief Executive Officer and Executive Vice President, respectively.

Awards made to the Named Executive Officers for performance in 2006 are reflected in the Bonus and Non-Equity Incentive Plan Compensation columns of the Summary Compensation Table below.

Long-Term Incentive Compensation

Historically, we granted stock options annually and restricted stock or stock unit awards every three years to our executive officers and other key employees. In February 2006, the Committee decided that, in light of the new expense recognition requirements established by SFAS 123R, to refrain from using stock options as an employee compensation element for our executive officers and other employees for the foreseeable future and to instead use annual grants of service-based restricted stock unit awards and performance unit awards. Accordingly, no stock options were awarded in 2006. In prior years when we were using awards of stock options as an element of employee compensation, the option exercise price for each of those options was set at an amount equal to the fair market value of a share of our Common Stock as of the date of the grant. In the case of approximately 95% of the total awards made to all employees in the last ten years, including all awards made to our executive officers, the date of the grant was the date the Committee took the formal action to approve the option award. The remaining awards were granted to employees who were not executive officers by action of our Chief Executive Officer or President, as authorized by the Committee and the Incentive Plan pursuant to which the stock options awards were granted, in circumstances of a new hire, promotion, retention, and the date of grant for those awards was the date authorized by our Chief Executive Officer or President (as evidenced by the applicable option award agreement).

In deciding upon a methodology for determining changes to our long-term incentive program, we defined the following objectives:

deliver value substantially equivalent to the prior plan and competitive economic value;

reduce annual share utilization;

preserve the alignment of the executive's financial and shareholding interest with those of our shareholders, generally;

attract and retain executives and other key employees; and

focus management attention on specific performance measures that have a strong correlation with the creation of shareholder value.

In order to achieve these objectives, the Committee decided that the conceptual long-term incentive program to deliver value would be through two vehicles, restricted stock unit awards and performance unit awards. The Committee expects to consider such awards in February of each year that have a long-term incentive award value opportunity approximately at the Market Median. Such awards to new employees or in connection with other events such as promotions will be considered at the next scheduled Committee meeting after the hire date or after the event occasioning the consideration of the award.

In February 2006, service-based restricted stock unit awards and performance units, each comprising an estimated 36% and 64%, respectively, of the estimated grant date total long-term incentive value were awarded to the Named Executive Officers. These restricted stock units are scheduled to vest in full on the third anniversary of the award date, subject to earlier vesting if the employee meets certain age or age and years of service requirements; the termination or constructive termination of an employee's employment in connection with a change of control of Oceaneering or due to death or disability. Each restricted stock unit represents the equivalent of one share of our common stock. Upon vesting, settlement of the restricted stock units will be made in shares of our common stock. The grant date value of restricted stock units awarded to Named Executive Officers is reflected in the Grant Date Fair Value of Stock and Stock Option Awards column of the Grants of Plan-Based Awards table below.

The performance units awarded in February 2006 are scheduled to vest in full on the third anniversary of the award date, subject to similar early vesting terms as are applicable to the restricted stock units. The Committee has approved specific financial goals and measures based on cumulative cash flow from operations (as defined) and a comparison of return on invested capital and cost of capital for the three-year period January 1, 2006 through December 31, 2008 to be used as the basis for the final value of the performance units. The measures were selected because of our belief that they have a strong correlation with the creation of shareholder value. The amount of cumulative cash flow from operations during this three-year performance period necessary to achieve the target level goal for this measure is \$675 million. This amount was selected because it is three times the annual cash flow from operations expected to be achieved in 2006, which exceeded the record amount achieved in 2005. The amounts to be achieved by Oceaneering to reach the threshold and maximum are \$50 million less and more, respectively, than the target level amount. Oceaneering's return on invested capital must exceed its cost of capital over this three-year performance period by 15% for the target level goal to be achieved for this performance measure. For the threshold level to be achieved, the return on invested capital must equal the cost of capital and for the maximum level to be achieved it must be 30% in excess of the cost of capital. The final value of each performance unit may range from \$0 to \$125 with the threshold, target and maximum levels of achievement of goals valued at \$75, \$100 and \$125 respectively. If the calculated unit value exceeds \$100, the Committee retains discretion to reduce such value to any amount above or equal to \$100. Upon vesting, the value of the performance units will be payable in cash.

The determination of the final value of each performance unit is based on the application of the following grid (with interpolation between the specified levels):

Cumulative Cash Flow	UNIT VALUES				
	Maximum	Target	Threshold	Below Threshold	Maximum
	\$62.50	\$50.00	\$37.50	\$ 0.00	
	\$100.00	\$ 87.50	\$ 75.00	\$ 37.50	
	\$112.50	\$100.00	\$ 87.50	\$ 50.00	
	\$125.00	\$112.50	\$100.00	\$ 62.50	

Return on Invested Capital/Cost of Capital

The estimated future payout of the performance unit awards to Named Executive Officers if each of the performance measures is achieved at the threshold, target or maximum level is reflected in the Estimated Future Payouts Under Non-Equity Incentive Plan Awards column of the Grants of Plan-Based Awards table below.

For 2006, approximately 61% of the total direct compensation of Mr. Collins, our Chief Executive Officer, was at risk against short- and long-term performance goals and approximately 55-60% was at risk for all other Named Executive Officers.

Post-Employment Compensation Programs

Retirement Plans

We maintain a 401(k) Plan and a Supplemental Executive Retirement Plan (SERP). All of our employees who meet the eligibility requirements may participate in our 401(k) plan. The Named Executive Officers have elected not to participate in our 401(k) plan. Participation in our SERP includes Named Executive Officers and other key employees selected for participation by the Committee. Our SERP was established to provide a benefit to our executives and other key employees in excess of Internal Revenue Code limits for our 401(k) plan and to attract and motivate participants to remain with us. We credit a participant's notional account with a percentage determined by the Committee of each of the participant's base salary, subject to vesting. A participant may elect to defer a portion of base salary and annual bonus for accrual pursuant to our SERP. Amounts accrued under our SERP are adjusted for earnings and losses as if they were invested in one or more investment vehicles selected by the participant from those designated as alternatives by the Committee. A participant's interest in the plan is generally distributable upon termination. The percentage of base salary credited for Named Executive Officers in 2006 was: Mr. Huff 60%; Mr. Collins 50%; Mr. McEvoy 40% through May 2006 and 50% thereafter; Messrs. Migura and Haubenreich 40% each; and Mr. Gardner 20%. Please see the Non-Qualified Deferred Compensation table and accompanying narrative for further information about our SERP and contributions to the Named Executive Officer's accounts.

Service Agreement with Mr. Huff

The Previously Existing Service Agreement

In November 2001, we entered into a Service Agreement (the Service Agreement) with Mr. Huff, who was then serving as our Chairman of the Board and Chief Executive Officer. The Service Agreement replaced Mr. Huff's prior employment agreement. As did the prior employment agreement, the Service Agreement provided medical coverage on an after-tax basis to Mr. Huff, his spouse and children during his employment with us and thereafter for their lives. The Service Agreement provides for a specific employment period (which, as subsequently amended, extended through December 30, 2006), followed by a specific service period ending no later than August 15, 2011 (the Post-Employment Service Period), during which time Mr. Huff, acting as an independent contractor, will serve as nonexecutive Chairman of our Board of Directors if the Board requests that he serve in such capacity.

During the employment period under the Service Agreement, Mr. Huff's compensation consisted of an annual base salary, contributions by us into our SERP, an annual bonus and an aggregate long-term incentive opportunity no less than that existing at the commencement of the Service Agreement, as subsequently increased, and certain perquisites and administrative assistance. The Service Agreement provided that, if his employment was terminated during his employment period by us for reasons other than cause (as defined), by Mr. Huff for good reason (as defined) or by reason of Mr. Huff's death or disability:

Mr. Huff (or his estate) would have been entitled to receive a termination package consisting of:

(1) an amount equaling his highest rate of annual base salary during his employment with us multiplied by the sum of ten and the number of years then remaining in the unexpired portion of his employment period; (2) an amount equal to the value of the maximum award he would have been eligible to receive under the then-current fiscal year bonus plan; and (3) an amount equal to the maximum percentage of his annual base salary contributed by us for him in our SERP for the then-current year multiplied by his highest annual rate of base salary;

all of Mr. Huff's then outstanding stock options would immediately vest and become exercisable, or he would have been entitled to elect to be paid an amount equal to the spread between the exercise price and the higher market value for the shares of our common stock underlying those options;

Mr. Huff's benefits under all compensation plans, including restricted stock and stock unit agreements, would have become payable to him as if all contingencies for payment and maximum level of performance had been met;

Mr. Huff would have received benefits under all other plans he participated in for three years; and

Mr. Huff would have been entitled to receive certain perquisites and administrative assistance for ten years from the date of any such termination.

The Service Agreement provided that, following the completion of Mr. Huff's employment period, we could request that he serve as Chairman of the Board during the Post-Employment Service Period, and if he refused to serve and we were fulfilling our obligations under the Service Agreement, no salary or benefits not previously vested as of the time of his refusal would have been payable to him under the Service Agreement. If Mr. Huff was not requested to serve as Chairman of the Board or if he did serve as Chairman of the Board for any portion of the Post-Employment Service Period and his service as Chairman of the Board thereafter terminated at any time and for any reason (other than his refusal to serve during the Post-Employment Service Period), including by reason of his death or disability, or our failure to fulfill our obligations under the Service Agreement, he will have been entitled to receive the termination package described above, except that an amount equal to the highest annual rate of base salary earned during the employment period (\$800,000 per year) will have been paid to him over ten years (rather than in a lump sum); provided that, in the event of his subsequent death or a subsequent change of control (as defined below under *Change of Control Agreements*), the aggregate amount of all such payments would have been accelerated and become immediately payable. During the Post-Employment Service Period, for so long as Mr. Huff was serving as Chairman of the Board, his annual rate of cash compensation would have been equal to 50% of his highest annual base salary during the employment period (or \$400,000 per year). In addition, throughout that period, Mr. Huff would have continued to receive certain perquisites and administrative assistance, and he would have continued to participate in plans he participated in during 2006; however, he would not have been eligible for subsequent grants or contributions made under any such plan after that date.

The Amendment and Restatement

In 2006, the Committee determined that it would approve timely modifications to the Service Agreement to address changes in the tax law and anticipated additional guidance from the Internal Revenue Service regarding nonqualified deferred compensation arrangements under Section 409A of the Internal Revenue Code. In the absence of appropriate modifications, the impact of these tax law changes could have resulted in a 20% additional tax payable

by Mr. Huff, at least some of which would have been recoverable by Mr. Huff from us under tax reimbursement provisions of the Service Agreement. On December 21, 2006, acting pursuant to a recommendation of the Committee, our Board of Directors approved an amendment and restatement of the Service Agreement (the Amended Service Agreement). Although the principal purpose for entering into the Amended Service Agreement was to address issues arising under Section 409A of the Internal Revenue Code, the Amended Service Agreement also clarified or resolved other issues that existed under the Service Agreement.

The Amended Service Agreement, among other things, provides for:

the commencement of the Post-Employment Service Period on December 31, 2006;

a \$6.4 million lump-sum cash buyout of Mr. Huff's entitlement to perquisites and administrative assistance for ten years from the termination of the Post-Employment Service Period, with the lump-sum amount being payable in 2007 and being equal to a negotiated net present value of those items;

annual payments of \$765,000 in 2007, \$540,000 in 2008, \$540,000 in 2009 and \$540,000 in 2010, in each case as long as Mr. Huff is then continuing to serve as our Chairman of the Board, in lieu of the perquisites to which Mr. Huff would have been entitled during the Post-Employment Service Period;

a tax-protection clause, to ensure that Mr. Huff will not be adversely impacted by taxes under Section 409A of the Internal Revenue Code in the event the amendments effected pursuant to the Amended Service Agreement (including those described above) are insufficient to ensure that the arrangements with Mr. Huff do not constitute nonqualified deferred compensation arrangements, provided that Mr. Huff must agree to changes in the Amended Service Agreement and his separate Change of Control Agreement to satisfy the requirements of the applicable provisions of Section 409A and applicable Treasury Regulations yet to be finalized, unless such changes would cause more than insubstantial harm to him;

the continuation of long-term incentive plan awards to Mr. Huff in 2007 and 2008 at a level equal to the awards granted to our Chief Executive Officer, to: (1) partially compensate Mr. Huff for the understanding that he will provide services in addition to those normally provided by a chairman of the board (Additional Services), with those Additional Services to be as mutually agreed but to initially involve assistance with strategic initiatives and business expansion efforts; and (2) place Mr. Huff in the equivalent position as if a three-year award had been granted in 2005, as would have been anticipated based on the practice in effect in 2001;

the eligibility of Mr. Huff to receive long-term incentive plan awards after 2008, provided that, for any year that Mr. Huff receives a long-term incentive award in excess of awards applicable to our other nonemployee directors, Mr. Huff will not receive an additional long-term incentive award equal to the award granted to our other nonemployee directors for that year;

the entitlement for Mr. Huff to receive, after 2007 and 2008, the same pay as our other nonemployee directors during the period that Mr. Huff continues to serve as one of our directors, (in addition to the \$400,000 amount per year for up to five years if Mr. Huff continues to serve as Chairman of the Board during the Post-Employment Service Period), to provide compensation for the post-2008 portion of the Post-Employment Service Period for the understanding that Mr. Huff will provide Additional Services; and

in the event of his disability, the provision of the same acceleration of payment of the benefits payable to him for the ten years following the Post-Employment Service Period as would be available in the event of his death or a change of control (a lump-sum, undiscounted payment).

As part of its actions on December 21, 2006, our Board of Directors also formally requested that Mr. Huff begin the Post-Employment Service Period by continuing to serve as Chairman of the Board, and Mr. Huff has done so.

Also as part of the negotiated arrangements relating to Mr. Huff's retirement benefits, the Committee authorized and approved our establishment of an irrevocable grantor trust, commonly known as a rabbi trust, to provide Mr. Huff greater assurance that we will set aside an adequate source of funds to fund the payment of the post-retirement benefits under the Amended Service Agreement, including the medical coverage benefits payable to Mr. Huff, his spouse and their children for their lives. In connection with establishment of the rabbi trust, we contributed to the trust a life insurance policy on the life of Mr. Huff which we had previously obtained and we agreed to continue to pay the premiums due on that policy. When the life insurance policy matures, the proceeds of the policy will become assets of

the trust. If the value of trust assets exceeds \$4 million, as adjusted by the consumer price index, at any time after January 1, 2012, the excess may be paid to us. However, because the trust is irrevocable, the assets of the trust are generally not otherwise available to fund our future operations until the trust terminates, which is not expected to occur during the lives of Mr. Huff, his spouse or his children. Furthermore, no tax deduction will be

available for our contributions to the trust; however, we may benefit from future tax deductions for benefits actually paid from the trust (although benefit payments from the trust are not expected to occur in the near term, because we expect to make direct payments of those benefits for the foreseeable future).

We have no employment or service agreements with any of our other Named Executive Officers.

Change of Control Agreements

In November 2001, we entered into Change of Control Agreements (each, a **Change of Control Agreement**) with Mr. Huff, who was then serving as our Chairman of the Board and Chief Executive Officer, and Messrs. Collins, McEvoy, Migura, and Haubenreich, each of whom are Named Executive Officers, replacing each of their respective prior senior executive severance agreements and, in the case of Mr. Huff, also replacing his prior supplemental senior executive severance agreement. We believe the benefits provided by the Change of Control Agreements help promote long-term retention by providing some financial security to these Named Executive Officers against the risk of loss of employment which could result following a change of control of our company. The Change of Control Agreements entitle the individual to receive a severance package, described below, in the event of the occurrence of both a change of control and a termination of the executive's employment by us without cause or by the executive for good reason (as defined below) during a period of time beginning a year prior to the occurrence or, in some cases, the contemplation by the Board of a change in control (the **Effective Date**) and ending two years following the Effective Date. While Mr. Huff is nonexecutive Chairman of the Board, a termination of his service for any reason other than his refusal to serve as nonexecutive Chairman of the Board would also entitle Mr. Huff to the severance package under his Change of Control Agreement. For purposes of the Change of Control Agreements and the Amended Service Agreement, a change of control is defined as occurring if:

- any person is or becomes the **beneficial owner** (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of our securities representing 20% or more of the combined voting power of our outstanding voting securities, other than through the purchase of voting securities directly from a private placement by us;

- the current members of our Board, or subsequent members approved by at least two-thirds of the current members, no longer comprise a majority of our Board;

- our company is merged or consolidated with another corporation or entity, and our shareholders own less than 60% of the outstanding voting securities of the surviving or resulting corporation or entity;

- a tender offer or exchange offer is made and consummated by a person other than us for the ownership of 20% or more of our voting securities; or

- there has been a disposition of all or substantially all of our assets.

As defined in the Change of Control Agreement, good reason for Messrs. Collins, McEvoy, Migura and Haubenreich to terminate includes:

- any adverse change in status, title, duties or responsibilities;

- any reduction in annual base salary, SERP contribution level by us, annual bonus opportunity or aggregate long-term compensation, all as subsequently may be increased;

- any relocation;

- the failure of a successor to assume the Change of Control Agreement;

- any prohibition by us against the individual engaging in outside activities permitted by the Change of Control Agreement;

- any purported termination by us that does not comply with the terms of the Change of Control Agreement; or

any default by us in the performance of our obligations under the Change of Control Agreement.

The severance package provided for in each such executive's Change of Control Agreement consists of an amount equal to three times the sum of:

the executive's highest annual rate of base salary during the then-current year or any of the three years preceding the year of termination;

an amount equal to the maximum award the executive is eligible to receive under the then-current fiscal year bonus plan; and

an amount equal to the maximum percentage of the executive's annual base salary contributed by us for him in our SERP for the then-current year multiplied by the executive's highest annual rate of base salary.

A minimum aggregate amount payable for these items is stated in each such executive's agreement, which amount was calculated using the year-end December 31, 2001 amounts for each component. This calculated minimum amount for Mr. Huff is applicable for any termination occurring during his service as nonexecutive Chairman of the Board.

The severance package also would provide that, for each applicable individual:

all outstanding stock options immediately vest and become exercisable or the individual may elect to be paid an amount equal to the spread between the exercise price and the higher market value for the shares of our common stock underlying those options;

the benefits under all compensation plans, including restricted stock agreements and restricted stock unit agreements, will be paid as if all contingencies for payment and maximum levels of performance have been met; and

the applicable individual will receive benefits under all other plans he then participates in for three years.

Any payment of the Change of Control severance package to Mr. Huff would not reduce any benefits or compensation due Mr. Huff under the Amended Service Agreement; provided, however, that the above-mentioned benefits regarding stock options, benefits under compensation plans and other benefits payable for three years are not provided under the Change of Control Agreement to Mr. Huff to the extent they are duplicative of benefits provided to him under the Amended Service Agreement.

The Change of Control Agreements and Mr. Huff's Amended Service Agreement provide that if any payments made thereunder would cause the recipient to be liable for an excise tax because the payment is a parachute payment (as defined in the Internal Revenue Code), then we will pay the individual an additional amount to make the individual whole with respect to that tax liability.

Perquisites

We provide our executive officers with perquisites and other benefits that we believe are reasonable and consistent with our overall compensation program to enable us to attract and retain employees for key positions. We agreed to provide Mr. Huff with perquisites and administrative assistance pursuant to a Service Agreement with him entered into in November 2001. For reasons stated earlier in this CD&A, in December 2006 we agreed a negotiated cash settlement to be paid to Mr. Huff in 2007 in lieu of our obligation to provide post-service-period perquisites and administrative assistance that would have been required pursuant to the Service Agreement.

The Committee periodically reviews the levels of perquisites and other personal benefits provided to our executive officers. The perquisites provided to the Named Executive Officers in 2006 and our incremental cost to provide those perquisites are set forth in the All Other Compensation column of the Summary Compensation Table below and the related footnotes to that table.

Tax Deductibility of Pay

Section 162(m) Internal Revenue Code generally disallows a deduction to public companies to the extent of excess annual compensation over \$1 million paid to certain executive officers, except for qualified performance-based compensation. Our 2006 annual cash bonus program and 2006 performance unit program are intended to qualify as performance-based compensation under Section 162(m). Our general policy where consistent with business objectives, is to preserve the deductibility of compensation and to executive officers. We may authorize forms of compensation that might not be deductible if we believe they are in the best interests of Oceaneering and its shareholders. Our 2006 service-based restricted stock unit awards are not considered performance-based under Section 162(m) and, accordingly, are subject to the \$1 million limit on deductibility. All or a portion of the value, when vested, of these restricted stock unit awards may not be deductible. We had no nondeductible compensation paid to executive officers in 2006 and do not anticipate any in 2007.

Compliance with Internal Revenue Code Section 409A

Section 409A of the Internal Revenue Code, which was enacted in 2004 and generally effective in 2005, can impose significant additional taxes on the recipient of nonqualified deferred compensation arrangements that do not meet specified requirements regarding both form and operation. Some of the arrangements between Oceaneering and its executive officers and other employees provide or might be considered to provide nonqualified deferred compensation. The Committee believes that changes to some of these arrangements will be appropriate, so that our employees will not be subject to the additional Section 409A taxes. The Committee has already adjusted some of our compensation arrangements to comply with Section 409A and anticipates that it will take further action in 2007, in accordance with guidance recently issued by the Internal Revenue Service, to amend arrangements to comply with Section 409A. These adjustments may include changing the timing and form of payments to be made under nonqualified deferred compensation arrangements. The arrangements that are likely to be changed include outstanding restricted stock, restricted stock unit and performance unit awards, the Supplemental Executive Retirement Plan and Change of Control Agreements.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with the management of Oceaneering International, Inc., and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors of Oceaneering that the Compensation Discussion and Analysis be included in this Proxy Statement.

COMPENSATION OF EXECUTIVE OFFICERS

The following table summarizes compensation of Mr. Huff, our Chairman who also served as our Chief Executive Officer until May 12, 2006, Mr. Collins, our current Chief Executive Officer, our Chief Financial Officer, and our three most highly compensated executive officers other than our Chief Executive Officer and Chief Financial Officer for the year ended December 31, 2006. In June 2006, we effected a two-for-one stock split in the form of a stock dividend. The share amounts, option exercise prices and other share-based data included in this Proxy Statement reflect that stock split.

Nonqualified Deferred Compensation

Our SERP is an unfunded, defined contribution plan for selected executives and key employees of Oceanneering, including the Named Executive Officers. Pursuant to our SERP, U.S. participants, including the Named Executive Officers, may defer up to 85% of their base salaries and 90% of their annual cash bonus amounts. We credit a participant's notional account with a determined percentage of the participant's base salary, subject to vesting. Benefits under our SERP are based on the participant's vested portion of his or her notional account balance at the time of termination of employment, or, for Mr. Huff, pursuant to his Amended Service Agreement, as of June 29, 2007. A participant vests in our credited amounts at the rate of 33% each year, subject to accelerated vesting upon the soonest to occur of (1) the date the participant has completed ten years of participation, (2) the date that the sum of the participant's age and years of participation equals 65, (3) the date of termination of employment by reason of death or disability, and (4) within two years following a change of control. Messrs. Huff, Collins, McEvoy, Migura and Haubenreich are fully vested in their SERP accounts. All participants are fully vested in deferred base salary and bonus.

The table below shows the investment options available to all participants and the annual rate of return for each investment for the year ended December 31, 2006, as reported by the administrator of our SERP.

Potential Payments on Termination or Change of Control

As described in the Compensation Discussion and Analysis above, Messrs. Huff, Collins, McEvoy, Migura and Haubenreich have Change of Control Agreements. Upon a change of control of Oceaneering, each of them may be subject to certain excise taxes pursuant to Section 4999 of the Internal Revenue Code. We have agreed to reimburse those Named Executive Officers for all such excise taxes that may be imposed and any income taxes and excise taxes that may become payable as a result of the reimbursement. Based on the amounts shown in the Change of Control column in the following tables, none of the Named Executive Officers would be subject to an excise tax liability. However, whether an excise tax liability will arise in the future will depend on the facts and circumstances in existence at the time a change of control payment becomes payable. All of the outstanding long-term incentive agreements of the Named Executive Officers have provisions for settlement in the event of death or disability and certain of those agreements have provisions for settlement in the event of a change of control. As described in the Compensation Discussion and Analysis above, the Amended Service Agreement with Mr. Huff provides for payments upon his termination as our Chairman for reasons other than his refusal to serve as Chairman. No other Named Executive Officer has an employment or service agreement.

Assuming a December 31, 2006 termination date and, where applicable, using the closing price of our Common Stock of \$39.70 as reported by the New York Stock Exchange on December 29, 2006 (the last day of trading on the New York Stock Exchange in 2006), the tables below show potential payments to each of the Named Executive Officers in the existing contracts, agreements, plans or arrangements, whether written or unwritten in the event of a termination of such executive's employment, or in the case of Mr. Huff, termination of his service as our nonexecutive Chairman for the various scenarios described. As used in the agreements referenced in the table below, the term

Change of Control has the same meaning as the Change of Control agreements define that term. For a summary of that definition, see Compensation Discussion and Analysis Change of Control Agreements above. The table for Mr. Huff does not describe all continuing payments that would be payable following a termination and does not reflect that, as described under the heading Compensation Discussion and Analysis Service Agreement with Mr. Huff the Amendment and Restatement, there are continuing medical benefits that extend for the lives of Mr. Huff, his spouse and his children. These tables do not reflect additional amounts that would also be payable to the other Named Executive Officers pursuant to benefits or awards in which they are already vested.

Director Compensation

During 2006, we paid our nonemployee directors, on a quarterly basis, an annual retainer of \$30,000 with an additional annual retainer of \$10,000 to the Chairman of the Audit Committee and an additional annual retainer of \$8,000 to the Chairmen of the Compensation Committee and the Nominating and Corporate Governance Committee. Effective January 1, 2007, we increased the annual retainer for nonemployee directors to \$40,000 and increased the annual retainer for the Chairman of the Audit Committee to \$15,000. We pay our nonemployee directors \$1,000 for each Board meeting attended, \$1,000 for each committee meeting attended (if the meeting is on a day other than the date of the Board meeting) and a fee of \$125 per hour, up to a maximum of \$1,000 per day, for any other services directly related to activities of the Board or a Committee of the Board. Mr. Huff relinquished his position as Chief Executive Officer in May 2006, and remained an employee until December 30, 2006. Mr. Huff did not receive board and meeting fees in 2006, nor will he receive such fees in either 2007 or 2008, pursuant to the terms of his Amended Service Agreement. For a description of Mr. Huff's compensation as a nonemployee director, see Compensation Discussion and Analysis Service Agreement with Mr. Huff above.

Besides payment of annual retainers and meeting fees, our nonemployee directors may also participate in our basic medical plans. Nonemployee directors may elect to participate in our health care plan without payment of any monthly premium and participate in a supplemental medical plan at no cost to the director. We pay the Medicare premium for Mr. Hughes. All directors are provided a group personal excess liability insurance policy at no cost to the directors and they are reimbursed for their travel and other expenses involved in attendance at Board and committee meetings and activities.

In 2006, nonemployee directors participated in our shareholder-approved 2005 Incentive Plan. Under this plan in 2006, our nonemployee directors, Messrs. DesRoche, Hooker, Hughes and Pappas, were each awarded 8,000 restricted stock units. The restricted stock awards are scheduled to vest in full on the first anniversary of the award date, subject to (1) earlier vesting on a change of control or the termination of the director's service due to death, and (2) such other terms as are set forth in the award agreement.

The table below summarizes the compensation we paid to our nonemployee directors during the year ended December 31, 2006.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We review any transaction in which Oceaneering, a subsidiary of Oceaneering, and our directors, executive officers or their immediate family members (Related Party) or any nominee for director or a holder of more than 5% of any class of our voting security are a participant and the amount of the transaction exceeds \$120,000 (Related Party Transaction). Our General Counsel is primarily responsible for the development and implementation of processes and controls to obtain information from directors and officers with respect to a related party transaction, including information provided to management in the annual director and officer questionnaires. Company management is responsible for determining whether a transaction meets the requirements of a Related Party Transaction requiring review under the policy, including whether or not the Related Person has a beneficial interest.

Except as set forth in this Proxy Statement, no director or executive officer of Oceaneering or nominee for election as a director of Oceaneering, or holder of more than 5% of the outstanding shares of Common Stock, and no member of the immediate family of any such director, nominee, officer or security holder, to our knowledge, had any material interest in any transaction during the year ended December 31, 2006, or in any currently proposed transaction, to which Oceaneering or any subsidiary of Oceaneering was or is a party in which the amount involved exceeds \$120,000.

No director or executive officer of Oceaneering who has served in such capacity since January 1, 2006 or any associate of any such director or officer, to the knowledge of the executive officers of Oceaneering, has any material interest in any matter proposed to be acted on at the 2007 Annual Meeting of Shareholders, other than as described in this Proxy Statement.

PROPOSAL 2**Ratification of Appointment of Independent Auditors**

Subject to ratification by the shareholders, the Audit Committee of the Board of Directors has appointed Ernst & Young LLP, independent certified public accountants, as independent auditors of Oceaneering for the year ending December 31, 2007. Representatives of Ernst & Young LLP will be present at the meeting, will be given the opportunity to make a statement if they so desire and will be available to respond to appropriate questions of any shareholders.

In accordance with our bylaws, the approval of the proposal to ratify the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2007 requires the affirmative vote of a majority of the shares of Common Stock voted on this proposal at the meeting. Accordingly, abstentions and broker non-votes marked on proxy cards will not be included in the tabulation of votes cast on this proposal.

The persons named in the accompanying proxy intend to vote such proxy in favor of the ratification of the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2007, unless a contrary choice is set forth thereon or unless an abstention or broker non-vote is indicated thereon.

The following table shows the fees incurred by Oceaneering for the audit and other services provided by Ernst & Young LLP for 2006 and 2005.

Fees Incurred by Oceaneering for Ernst & Young LLP	2006	2005
Audit Fees (1)	\$ 2,232,000	\$ 1,960,000
Audit-Related Fees (2)	132,000	136,000
Tax Fees (3)	86,000	33,000
All Other Fees (4)	10,000	4,000
Total	\$ 2,460,000	\$ 2,133,000

(1) Audit Fees represent fees for professional services provided in connection with; (a) the audit of our financial statements for the years indicated and the reviews of our financial statements included in our Forms 10-Q during those years; and (b) audit services provided in connection with other statutory

or regulatory filings.

- (2) Audit-Related Fees consisted of accounting, consultations, employee benefit plan audits, services related to due diligence for business transactions, and statutory and regulatory compliance.
- (3) Tax Fees consisted of tax compliance and consultation fees.
- (4) All Other Fees consisted of a subscription to Ernst & Young LLP's informational on-line service and special purpose foreign regulatory certifications.

The Audit Committee has concluded that Ernst & Young LLP's provision of services that were not related to the audit of our financial statements in 2006 was compatible with maintaining that firm's independence from us.

The Audit Committee has established a policy that requires pre-approval of the audit and non-audit services performed by our independent auditors. Unless a service proposed to be provided by the independent auditors has been pre-approved by the Audit Committee under its pre-approval policies and procedures, it will require specific pre-approval of the engagement terms by the Audit Committee. Under the policy, pre-approved service categories are generally provided for up to 12 months and must be detailed as to the particular services provided and sufficiently specific and objective so that no judgments by management are required to determine whether a specific service falls within the scope of what has been pre-approved. In connection with any pre-approval of services, the independent auditors are required to provide detailed back-up documentation concerning the specific services to be provided. The Audit Committee does not delegate to management any of its responsibilities to pre-approve services performed by our independent auditors.

None of the services related to the Audit-Related Fees, Tax Fees or All Other Fees described above were approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

The Audit Committee has delegated to the Chairman of the Audit Committee the authority to pre-approve audit-related and non-audit-related services not prohibited by law to be performed by Ernst & Young LLP, provided that the Chairman is required to report any decisions to pre-approve such audit-related or non-audit-related services and fees to the full Audit Committee at its next regular meeting.
