Proxy Statement

This Proxy Statement is furnished in connection with the solicitation by and on behalf of the Board of Directors of Fair Isaac Corporation (Fair Isaac, the Company, we or us), a Delaware corporation, of proxies to be voted at our 2004 Annual Meeting of Stockholders (the Annual Meeting) to be held on Monday, February 2, 2004, and at any postponement or adjournment thereof. A copy of our Annual Report to Stockholders for the fiscal year ended September 30, 2003, which includes a copy of our Annual Report on Form 10-K, accompanies this Proxy Statement. This Proxy Statement and the accompanying proxy card are being mailed to stockholders on or about January 8, 2004.

Proxy Solicitation

The shares represented by the proxies received pursuant to this solicitation and not revoked will be voted at the Annual Meeting. A stockholder who has given a proxy may revoke it by giving written notice of revocation to our Corporate Secretary or by giving a duly executed proxy bearing a later date. Attendance in person at the Annual Meeting does not of itself revoke a proxy, however, any stockholder who attends the Annual Meeting may revoke a proxy previously submitted by voting in person. Subject to any such revocation, all shares represented by properly executed proxies will be voted in accordance with instructions on the proxy card. If no such specifications are made, proxies will be voted FOR the election of the eight nominees for director listed in this Proxy Statement, FOR the amendment of the Company's Restated Certificate of Incorporation, and FOR the ratification of the appointment of KPMG LLP as the Company's auditors for the fiscal year 2004.

We will bear the expense of preparing, printing and mailing this Proxy Statement and the proxies solicited hereby and will reimburse banks, brokerage firms and nominees for their reasonable expenses in forwarding solicitation materials to beneficial owners of shares held of record by such banks, brokerage firms and nominees. In addition to the solicitation of proxies by mail, our officers and other employees may communicate with stockholders either in person or by telephone for the purpose of soliciting such proxies, and no additional compensation will be paid for such solicitation. We have retained D. F. King & Co., Inc. to assist in the solicitation of proxies at a cost of \$6,500 plus normal out-of-pocket expenses.

Outstanding Shares and Voting Rights

Only holders of our Common Stock at the close of business on December 5, 2003 (the Record Date), are entitled to receive this notice and to vote their shares at the Annual Meeting. At the close of business on the Record Date, there were 46,909,965 shares of Common Stock, \$0.01 par value, issued and outstanding, and 11,673,402 shares of Common Stock were held as treasury stock by the Company. The shares held as treasury stock are not entitled to vote.

Each share of Common Stock is entitled to one vote with respect to each matter to be voted on at the Annual Meeting, subject to the provisions regarding cumulative voting in the election of directors as described below. A plurality of the votes cast is required for the election of the eight nominees for director listed in this Proxy Statement under Proposal 1. The affirmative vote of a majority of the shares outstanding on the Record Date is necessary to approve Proposal 2, the amendment of our Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock. Shares of Common Stock held in treasury are not considered outstanding for this purpose. The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote is necessary to ratify Proposal 3, the appointment of KPMG LLP as our auditors for the fiscal year 2004. Abstentions will be counted toward a quorum and have the effect of negative votes with regard to Proposal 3. In the event that a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, such broker non-votes will also be counted towards a quorum and will have the same effect as negative votes with regard to Proposal 3. All votes will be tabulated by the inspector of elections appointed for the Annual Meeting, who will tabulate affirmative votes, negative votes, abstentions and broker non-votes.

As to the election of the directors, each stockholder is entitled to one vote per share multiplied by the number of directors to be elected, and the stockholder may cast all of such votes for a single candidate or may distribute them among the director candidates, or for any two or more candidates as the stockholder may see fit; provided, however, that no stockholder shall be entitled to cumulate votes unless the name or names of the candidate or candidates for whom votes are cast have been placed in nomination prior to the voting and the stockholder has given notice at the meeting prior to the voting of the stockholder's intention to cumulate votes. If any one stockholder has given such notice, all stockholders may cumulate their votes for candidates in nomination. The persons authorized to vote shares represented by executed proxies in the enclosed form (if authority to vote for the election of directors is not withheld) will have full discretion and authority to vote cumulatively and to allocate votes among any or all of our Board of Directors' nominees as they may determine or, if authority to vote for a specified candidate or candidates has been withheld, among those candidates for whom authority to vote has not been withheld.

Board Meetings and Committee Membership

During fiscal 2003, our Board of Directors held four regular and two special meetings. During fiscal 2003, the Board had three standing committees: the Audit Committee; Compensation Committee; and the Governance, Nominating and Executive Committee. The Audit Committee is a separate committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board has determined that each member of each of these committees is an independent director under the Company's guidelines and the New York Stock Exchange listing requirements. Each committee's current charter and the Company's criteria used to determine the independence of its directors and committee members is available on the Company's website: www.fairisaac.com/fairisaac/investors/. Each incumbent director attended more than 75% of the aggregate number of all Board meetings and meetings of committees on which the director served during fiscal 2003. Directors are not required to attend the Company's annual meeting of stockholders, however all persons nominated for election as director at the Company's 2003 Annual Meeting of Stockholders did attend that meeting.

The members of the Audit Committee are A. George Battle, Guy R. Henshaw (Chair), and David S. P. Hopkins. The Audit Committee selects and retains independent auditors and assists the Board in its oversight of the integrity of the Company's financial statements, including the performance of our independent auditors in their audit of our annual financial statements. The Audit Committee meets with management and the independent auditors as may be required. The independent auditors have full and free access to the Audit Committee without the presence of management. The Board has determined that Mr. Battle is an audit committee financial expert within the meaning of Item 401(h) of Regulation S-K under the Exchange Act. The Audit Committee held 12 meetings during fiscal 2003.

The members of the Compensation Committee are Alex W. Hart, Philip G. Heasley (Chair), and Margaret L. Taylor. The Compensation Committee determines all aspects of the compensation of our executive officers and considers and makes recommendations to the Board concerning action with respect to broadly based compensation and benefits plans. The Committee also administers the Company's 1992 Long-term Incentive Plan, our 2002 Stock Bonus Plan, and our 2003 Employment Inducement Award Plan, adopted November 16, 2003. The Compensation Committee held six meetings during fiscal 2003.

The members of the Governance, Nominating and Executive Committee are A. George Battle (Chair), Philip G. Heasley, and Guy R. Henshaw. This Committee is responsible for developing and recommending to the Board a set of corporate governance principles, identifying and considering appropriate candidates for election to the Board, and for exercising certain powers of the Board. In evaluating director candidates, regardless of the source of the nomination, the Committee will consider, in accordance with its charter, the composition of the Board as a whole, the requisite characteristics (including independence, diversity, age, skills and experience) of each candidate, and the performance and continued tenure of incumbent Board members. The Committee has not established specific minimum qualifications in this connection. No policy

has been established for the consideration of candidates recommended by stockholders. The Committee does not believe that such a policy would materially affect its willingness to consider such a candidate. Following consideration by the Governance, Nominating and Executive Committee, the full Board will review and act, or recommend action to the stockholders, as appropriate, with respect to director nominees. Invitation to join the Board will be extended by the Board acting through its Chair, and by the Chief Executive Officer. The Governance, Nominating and Executive Committee held 11 meetings during fiscal 2003.

Directors Compensation

We compensate each director who is not an employee of the Company (an Outside Director) with a combination of cash and options to purchase Company stock. We periodically review our program of director compensation in view of our belief that director compensation should be competitive, and link rewards to stockholder returns through increased ownership of our stock. During fiscal 2003, Outside Directors were compensated as described below.

Cash Compensation. In fiscal 2003, each Outside Director other than the Chair received an annual retainer of \$20,000, plus \$1,000 for each Board or (effective February 3, 2003) committee meeting attended. The Chair received an annual retainer of \$40,000 for services as Chair, plus \$2,000 for each Board and (effective February 3, 2003) \$1,000 for each committee meeting attended. Outside Directors who are chairs of standing committees (in 2003, the Audit, Compensation, and Governance, Nominating and Executive Committees) received an additional \$5,000 per year. Each Outside Director has the right, prior the annual meeting, to elect to receive such annual retainer in the form of options to purchase our Common Stock instead of cash, on the same terms as the annual grants to Outside Directors, described below. A director who elects to receive his or her annual retainer in the form of a stock option receives a stock option to purchase a number of shares equal to the amount of the retainer divided by one-half of the per share price of our common stock on the date of grant. In 2003, under these arrangements, Mr. Henshaw received options to purchase 1,027 shares of Common Stock.

Stock Compensation. Under our 1992 Long-term Incentive Plan as amended, each Outside Director receives a grant of 30,000 non-qualified stock options (the Initial Grant) upon election as an Outside Director and a grant of non-qualified options for 11,250 shares on the date of each annual meeting, provided such member has been an Outside Director since the prior annual meeting (the Annual Grant). In addition, each Outside Director who serves as a standing committee chairperson receives 1,500 nonqualified options. The exercise price of all such options is equal to the fair market value of our common stock on the date of grant. The Initial Grants vest in 20% increments on each of the first through fifth anniversary dates of the director s election, and they are exercisable in full upon termination of the Outside Director s services for any reason. Annual Grants are immediately exercisable upon grant. Both Initial Grants and Annual Grants expire 10 years after the date of grant.

Vote Required

A plurality of the votes cast is required for the election of the directors.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH OF THE NOMINEES LISTED ABOVE.

PROPOSAL 2

APPROVAL OF AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION

The Board of Directors has adopted a resolution proposing an amendment of the Company's Restated Certificate of Incorporation to increase the number of authorized shares of all classes of Company stock from 101,000,000 shares to 201,000,000 shares, by increasing the number of authorized shares of Common Stock from 100,000,000 shares to 200,000,000 shares. As of November 30, 2003, the Company had 46,702,599 shares of Common Stock issued and outstanding and held 11,673,402 shares in treasury. An additional 16,683,894 authorized and unissued shares were reserved for future issuance under the Company's stock plans, of which 10,189,173 authorized and unissued shares were covered by outstanding options and 6,494,721 authorized and unissued shares were available for future grant or purchase. Of the shares issuable under our stock plans, 361,250 will be issued from treasury, and are not reflected as reserves against authorized but unissued shares. Additionally, 2,703,190 shares were reserved for conversion of the Company's 5.25% Convertible Subordinated Notes Due September 1, 2008, and 6,067,151 shares were reserved for conversion of the Company's 1.5% Senior Convertible Notes due August 15, 2023 (the Senior Convertible Notes). The remaining 16,169,764 authorized and unissued shares were unreserved.

The Board of Directors believes that the authorized Common Stock available for issue is not sufficient to enable the Company to respond to potential business opportunities and to pursue important objectives designed to enhance stockholder value. The additional authorized shares will provide the Company with greater flexibility to use its capital stock, without further stockholder approval, for various purposes including, without limitation, expanding the Company's businesses and product lines through the acquisition of other businesses or products, stock dividends (including stock splits in the form of stock dividends), raising capital, providing equity incentives to employees, officers and directors and establishing strategic relationships with other companies. The Company currently does not have specific agreements or plans that would involve the issuance of the proposed additional authorized shares, although it intends to continue to consider transactions from time to time that would result in such issuances. The Company cannot assure the stockholders that any such transactions will be consummated on favorable terms or at all or, if consummated, that any such transaction will enhance stockholder value. The issuance of additional shares of Common Stock may have a dilutive effect on earnings per share and, for a stockholder who does not purchase additional shares to maintain his or her pro rata interest, on a stockholder's percentage voting power.

The authorized shares of Common Stock in excess of those issued or reserved will be available for issuance at such times and for such corporate purposes as the Board of Directors may deem advisable without further action by the Company's stockholders, except as may be required by applicable laws or the rules of any stock exchange or national securities association trading system on which the Common Stock may be listed or traded. Upon issuance, such shares will have the same rights as the outstanding shares of Common Stock. Holders of Common Stock do not have preemptive rights.

The additional shares of Common Stock that would become available for issuance if the proposal were adopted could also be used by the Company to oppose a hostile takeover attempt or delay or prevent changes in control or management of the Company. For example, without further stockholder approval, the Board could strategically sell shares of Common Stock in a private transaction to purchasers who would oppose a takeover or favor the current Board. Although this proposal to increase the authorized Common Stock has been prompted by business and financial considerations and not by the threat of any hostile takeover attempt (nor is the Board currently aware of any such attempts directed at the Company), nevertheless, stockholders should be aware that approval of the proposal could facilitate future efforts by the Company to deter or prevent changes in control of the Company, including transactions in which the stockholders might otherwise receive a premium for their shares over then current market prices.

As amended, Article 4(a) of the Restated Certificate of Incorporation shall read in its entirety as follows:

4.(a) The total number of shares of all classes of stock which the corporation shall have authority to issue is two hundred one million (201,000,000), of which one million (1,000,000) shares shall be Preferred Stock of the par value of \$.01 per share, and two hundred million (200,000,000) shares shall be

Common Stock of the par value of \$.01 per share. The number of authorized shares of Common Stock or Preferred Stock may be increased or decreased (but not below the number of shares thereof then outstanding) if the increase or decrease is approved by the holders of a majority of the shares of Common Stock, without the vote of the holders of the shares of Preferred Stock or any series thereof, unless any such Preferred holders are entitled to vote thereon pursuant to the provisions established by the Board of Directors in the resolution or resolutions providing for the issue of such Preferred Stock, and if such holders of such Preferred Stock are so entitled to vote thereon, then, except as may otherwise be set forth in this Certificate of Incorporation, the only stockholder approval required shall be that of a majority of the combined voting power of the Common and Preferred Stock so entitled to vote.

Vote Required and Effective Date

The affirmative vote of the holders of a majority of the shares of Common Stock outstanding on the record date is required to approve this proposal. If approved by the stockholders, the proposed amendment to the Restated Certificate of Incorporation will become effective upon the filing of a Certificate of Amendment with the Secretary of State of Delaware, which will occur as soon as reasonably practicable after approval at the Annual Meeting.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR AMENDMENT OF ARTICLE 4(a) OF THE RESTATED CERTIFICATE OF INCORPORATION.

PROPOSAL 3

RATIFICATION OF INDEPENDENT AUDITORS

The Audit Committee will select and retain independent auditors for fiscal year 2004. The Audit Committee has appointed the firm of KPMG LLP as our independent auditors for the Company’s fiscal year ending September 30, 2004. KPMG LLP has served as our independent auditors since May 1991. Representatives of KPMG LLP are expected to be present at the Annual Meeting with the opportunity to make statements and respond to appropriate questions from stockholders present at the meeting. Although stockholder ratification of the Company’s independent auditors is not required by our By-laws or otherwise, we are submitting the selection of KPMG LLP to our stockholders for ratification to permit stockholders to participate in this important corporate decision. If not ratified, the Audit Committee will reconsider the selection, although the Audit Committee will not be required to select different independent auditors for the Company.

Audit and Non-Audit Fees

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of the Company’s annual financial statements for the years ended September 30, 2003, and September 30, 2002, and fees for other services rendered by KPMG LLP during those periods.

	<u>2003</u>	<u>2002</u>
Audit Fees	\$ 1,790,000	\$ 1,324,000
Audit Related Fees	72,000	83,000
Tax Fees	399,000	301,000
All Other Fees	55,000	55,000
Total	\$ 2,316,000	\$ 1,763,000

Audit Fees. Annual audit fees relate to services rendered in connection with the annual audit of the Company's consolidated financial statements, quarterly reviews of financial statements included in the Company's quarterly reports on Form 10-Q, fees for SEC registration statement services, and fees incurred in connection with the Company's Senior Convertible Notes.

Audit Related Fees. Audit related fees consisted principally of fees for audits of financial statements of employee benefit plans, as well as due diligence services in fiscal 2002 for benefit plan audits, consultation on accounting standards or transactions.

Tax Fees. Tax services consisted of fees for tax consultation and tax compliance services.

All Other Fees. All other fees consisted principally of fees related to operational system attestation services.

The Audit Committee considers whether the provision of these services is compatible with maintaining KPMG LLP's independence, and has determined such services for fiscal 2003 and 2002 were compatible. All of the services described above were approved by the Audit Committee pursuant to paragraph (c)(7)(ii)(C) of Rule 2-01 of Regulation S-X under the Exchange Act, to the extent that rule was applicable in during fiscal 2002 and 2003.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditors

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent auditors. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent auditors.

On an ongoing basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the Audit Committee approves the engagement of the independent auditors. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts. Executive Officer Employment Agreements

Mr. Grudnowski has served as the Company's Chief Executive Officer and as a director since December 2, 1999. We entered into an employment agreement dated August 23, 1999, with Thomas G. Grudnowski. This agreement was amended on December 3, 1999, and December 26, 2001 (the "Grudnowski Employment Agreement"). The Grudnowski Employment Agreement had a term of four years, subject to earlier termination under certain circumstances, and expired December 1, 2003. As of that date, the Company and Mr. Grudnowski were considering the terms on which Mr. Grudnowski would provide his services to the Company in the future, but no definitive agreement for this purpose had been concluded. Through fiscal 2003 and prior to its termination, the Grudnowski Employment Agreement provided that, beginning in fiscal 2002, Mr. Grudnowski's annual base salary shall be \$550,000 and his incentive award may range from zero to twice his base salary, with a target equal to the base salary, and depending on the achievement of certain strategic, business and financial objectives to be mutually determined by Mr. Grudnowski and our Board of Directors within 90 days following the beginning of the fiscal year. Portions of this incentive award may be earned and paid more frequently than annually and may be paid under the provisions of our general employee incentive plan, as determined by the Compensation Committee. Pursuant to the Grudnowski Employment Agreement, we granted Mr. Grudnowski options vesting over four years to purchase up to 945,000 shares of our Common Stock, with an exercise price equal to the fair market value as of August 23, 1999, and options to purchase 90,000 shares of our Common Stock, with an exercise price equal to the fair market value as of December 3, 1999, which vested January 1, 2000. The options to purchase our Common Stock vest fully upon Company-initiated termination of Mr. Grudnowski's employment without cause, upon a change in control of the Company, or upon termination of employment owing to Mr. Grudnowski's death or disability. The Grudnowski Employment Agreement further provided that if we terminated Mr. Grudnowski's employment without cause, then we would pay Mr. Grudnowski, among other things, twice Mr. Grudnowski's base salary at the time of termination and twice the incentive award received by Mr. Grudnowski for the fiscal year immediately prior to termination. The Grudnowski Employment Agreement also provided that the Company would make available to Mr. Grudnowski, on a non-exclusive basis, a rental apartment in San Rafael, California for his use while on Company business.

We entered into an employment agreement dated August 5, 2002, with Kenneth J. Saunders (the "Saunders Employment Agreement"). Mr. Saunders has served as the Company's Vice President and Chief Financial Officer since that date. The Saunders Employment Agreement is for a four year term, and is deemed renewed from year to year thereafter, subject to cancellation by either party. The Saunders Employment Agreement provides that Mr. Saunders' starting base salary will be \$341,000 subject to increases in the Company's sole discretion, and decreases, only if made to all similarly situated employees. Mr. Saunders is eligible under the Saunders Employment Agreement to participate in the Company's Management Incentive Plan, which currently provides for an annual payout opportunity from 0-100% of base salary, depending on Company performance and the achievement of specific mutually agreed goals and objectives. Pursuant to the Saunders Employment Agreement, the Company granted Mr. Saunders options vesting over four years to purchase 200,000 shares of Common Stock, with an exercise price equal to the fair market value on August 6, 2002, vesting 25% on each of the first four anniversaries of the grant date, contingent on Mr. Saunders' continued employment. The options to purchase Common Stock vest fully upon a change in control of the Company, coupled with an adverse change in employment, or upon termination of employment owing to Mr. Saunders' death or disability. If the Company terminates Mr. Saunders' employment without cause, options to purchase Common Stock vesting within twelve months following the date of his termination shall vest immediately, and, if Mr. Saunders wishes to exercise them, he must do so within up to one year following his termination. The Saunders Employment Agreement further provides that if the Company terminates Mr. Saunders' employment without cause, then the Company will pay Mr. Saunders, among other things, twice Mr. Saunders' base salary at the time of termination and a bonus of 100% of base salary. If Mr. Saunders is terminated following a change in control of the Company, he will receive two times the sum of his annual base salary as of the change in control date, plus a cash bonus of 100% of his base salary.

Executive Officer Change-in-Control Arrangements

Each of Chad L. Becker, Steven A. Sjoblad, and Larry E. Rosenberger is a party to a Management Agreement with the Company. Subject to certain provisions in these agreements, each of these officers is eligible for the following benefits, among others, if such officer's employment is terminated or the officer's responsibilities or compensation are materially diminished within one year following the occurrence of specified events generally involving a change in control of the Company: (i) a payment equal to such officer's annual base compensation then in effect, plus an amount equal to such officer's bonus or cash incentive payment for the fiscal year preceding the change in control; (ii) the immediate vesting of all stock options and satisfaction of the restrictions on any restricted stock held; and (iii) the right to continue to participate in any health, disability and life insurance plan or other program then in effect. Change-in-control events potentially triggering benefits under the Management Agreements would occur if any person acquires 30% or more of our outstanding Common Stock, and the current directors and those elected directors under normal circumstances cease to be a majority of the Board, or if a merger or other business combination occurs and our stockholders receive less than 70% of the resulting equity.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

This Audit Committee is composed of three directors, each of whom has been determined by the Board to be an independent director under the Company's guidelines and the New York Stock Exchange listing requirements. The members of the Audit Committee are A. George Battle, Guy R. Henshaw and David S. P. Hopkins. The Board has determined that Mr. Battle is an audit committee financial expert within the meaning of Item 401(h) of Regulation S-K under the Exchange Act. The Audit Committee selects and retains the Company's independent auditors, and assists the Board in its oversight of the integrity of the Company's financial statements, including the performance of our independent auditors in their audit of our annual financial statements. The Audit Committee meets with management and the independent auditors as may be required. The independent auditors have full and free access to the Audit Committee without the presence of management. The Board of Directors has adopted a written charter for the Audit Committee which addresses the responsibilities of the Audit Committee and is attached to this proxy statement as Exhibit A. This report relates to the activities undertaken by the Audit Committee in fulfilling these responsibilities.

On July 30, 2002, the Sarbanes-Oxley Act of 2002 (the Act) was signed into law. Various requirements of the Act pertaining to the work of the Audit Committee became effective during fiscal 2003. The Audit Committee has met with representatives of management, legal counsel and our independent auditors to further its understanding of the Act's provisions. It also reviewed processes that already are in place as well as those processes that will be required to comply with the requirements of the Act as they become effective.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent auditors. In performing its functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of the Company's annual financial statements to accounting principles generally accepted in the United States of America. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2003. This review included a discussion of the quality and the effectiveness of our financial reporting and controls, including the clarity of disclosures in the financial statements.

In this context, the Audit Committee has met and held discussions with management and KPMG LLP, the Company's independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee discussed with

KPMG LLP matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

KPMG LLP also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with KPMG LLP the firm's independence.

Based upon the Audit Committee's discussion with management and the independent auditors, and the Audit Committee's review of the representation of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2003, to be filed with the Securities and Exchange Commission.

Submitted by the Audit Committee of the Board of Directors.

**REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION**

This Compensation Committee is composed entirely of non-employee directors, each of whom has been determined by the Board to be an independent director under the Company's guidelines and the New York Stock Exchange listing requirements. The Compensation Committee determines all aspects of the compensation of our executive officers and considers and makes recommendations to the Board concerning action with respect to broadly based compensation and benefits plans. The Compensation Committee also administers the Company's 1992 Long-term Incentive Plan, its 2002 Stock Bonus Plan, and its 2003 Employment Inducement Award Plan, adopted November 16, 2003.

The primary objectives of our executive compensation program are to provide a level of compensation to executives that will attract and retain well-qualified individuals, to structure their compensation packages so that a significant portion is tied to achieving targets for revenue growth and operating margin, and to align their interests with those of our stockholders through the use of stock-based compensation.

In fiscal 2003, our executive compensation program consisted of three main components: annual base salary, participation in our Management Incentive Plan, and the opportunity to receive equity awards under the Company's qualified plans.

The executive officers were eligible for the same benefits available generally to our employees, including group health and life insurance, participation in the employee stock purchase and 401(k) plans, and a profit sharing contribution to the 401(k) accounts made at the discretion of the Board of Directors. We also maintain a Supplemental Retirement and Savings Plan for the benefit of certain highly compensated employees, including all persons with the title of vice president or above.

Annual Base Salary

The Compensation Committee determines the annual base salary of each of our executive officers, including the Chief Executive Officer, subject to the provisions of any employment agreements. The same principles are applied in setting the salaries of all officers to ensure that salaries are equitably established. Salaries are determined annually by considering the officer's duties and responsibilities, the officer's ability to impact the Company's operations and profitability, the officer's experience and past individual performance, operational and strategic Company performance, and competitive market practices.

Fiscal Year 2003 Management Incentive Plan

Substantially all of the Company's employees participate in incentive plans based on the Company's performance with respect to goals for revenue growth and operating margin set by the Board of Directors for each fiscal year. For fiscal 2003, two such plans were approved by the Board of Directors. The Broad-Based Incentive Plan applied to non-executive employees, and the Management Incentive Plan applied to Vice Presidents and certain other senior leaders. Under both plans, an incentive compensation payout range was assigned to each participant at the beginning of the fiscal year based upon the participant's scope of responsibility. The midpoint of a participant's payout range increases with the level of the employee's responsibilities. The Compensation Committee sets the incentive compensation payout range for each of the executive officers. During fiscal 2003, the Management Incentive Plan involved quarterly evaluation of two performance factors: the Company's actual performance in relation to revenue growth and operating margin goals previously established by the Board of Directors; and the Committee's assessment of individual participant performance. The Company performance factor determined the size of the overall incentive pool available for payout each quarter, while individual participant performance determined the point in each participant's payout range used for incentive calculation.

Options and Restricted Stock

The Compensation Committee administers two Company programs under which our executives may acquire our stock. These are the 1992 Long-term Incentive Plan and the 2002 Stock Bonus Plan. The Compensation Committee also administers the Company's Employment Inducement Award Plan, adopted November 16, 2003, under which options to purchase Common Stock may be granted to persons to induce them to accept employment with the Company. Through the date hereof, this program applied to all Company job levels, but has not been a source of option grants to persons who, upon acceptance of employment with the Company, became senior executive officers of the Company.

Under the 1992 Long-term Incentive Plan, the Compensation Committee may award options to purchase our Common Stock or shares of restricted stock to any employee, including our executive officers. The exercise price for all options granted under this plan must be at least equal to the fair market value of the shares on the date of grant. The amounts of stock options granted to executive officers are based on the same factors as are set forth above with respect to annual base salaries. Awards of options were made to Messrs. Grudnowski, Saunders, Becker, Sjoblad and Rosenberger in fiscal 2003 and are reflected in the Option Grants in Last Fiscal Year Table.

The 2002 Stock Bonus Plan was adopted to provide stock value-driven incentives to key employees specifically related to the successful completion of the HNC acquisition and integration of the HNC business. Under this plan, the Compensation Committee may award stock to key employees, subject to terms and conditions, including vesting requirements and price, specified by the Compensation Committee at the time of the award and memorialized in a written agreement between the Company and the recipient. Unless restrictions on stock awarded to one or more current recipients of awards under this plan lapse for any reason, no further shares are available for award under this plan. In fiscal 2003 no awards of restricted stock were made under this plan. Awards issued to named executives in 2002 are further described elsewhere in this proxy statement.

Limits on Tax-Deductible Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1,000,000 on the amount of compensation that we may deduct in any year with respect to our five highest paid executives. However, performance-based compensation that has been approved by stockholders is excluded from the \$1 million limit. The Company has not adopted any formal policy with respect to Section 162(m), although the Compensation Committee generally structures compensation to be deductible and considers the cost and value to the Company in making compensation decisions that could result in non-deductibility. The Compensation Committee has on occasion made decisions that have resulted or may result in non-deductible

compensation. The Compensation Committee believes that these decisions were appropriate and in the best interests of the Company.

CEO Compensation

During 2003, our Chief Executive Officer was compensated pursuant to the Grudnowski Employment Agreement. The Grudnowski Employment Agreement was negotiated in connection with our hiring of Mr. Grudnowski as Chief Executive Officer. The Grudnowski Employment Agreement terminated according to its terms as of December 1, 2003, and provided for an annual base salary of \$550,000 for fiscal 2003. Mr. Grudnowski is eligible to receive a bonus of between \$0 and \$1,100,000, based upon the Company achieving certain business and financial objectives mutually agreed upon between Mr. Grudnowski and the Board of Directors of the Company. The Compensation Committee took action in November 2003 to determine Mr. Grudnowski's incentive bonus for fiscal 2003. This determination was based on a subjective evaluation of Mr. Grudnowski's performance, which included the following:

The successful completion of the Company's efforts to integrate HNC;

The strength of the Company's financial performance in an economically challenging environment, including significant gains in revenues and net income;

Efficiencies and technical infrastructure improvements realized by the Company during the year;

Success in the implementation of key business strategies;

Construction and leadership of a strong management team; and

Mr. Grudnowski's performance in connection with objectives articulated at the time of the fiscal 2002 performance evaluation process. Based on all of these considerations, a cash incentive bonus of \$500,000 was awarded to Mr. Grudnowski.

In fiscal 2003, Mr. Grudnowski received options under the 1992 Long-term Incentive Plan to purchase 200,000 shares of Common Stock. The 2003 award was based on the Compensation Committee's judgment with respect to the Company's operational and strategic performance, Mr. Grudnowski's individual performance, improvement in the market value of the Company's Common Stock, and competitive compensation levels. Of the options received by Mr. Grudnowski in 2003, Mr. Grudnowski was initially offered options to purchase 100,000 shares, plus the opportunity to receive 25,000 shares of restricted stock under the 1992 Long-term Incentive Plan. Mr. Grudnowski was given the choice, in lieu of the 25,000 shares of restricted stock, to receive options to purchase an additional 100,000 shares of Common Stock. Mr. Grudnowski elected to receive the options rather than the restricted stock. As of December 31, 2003, the parties were in discussion as to a new agreement to replace the Grudnowski Employment Agreement, but no such agreement had been reached.

OTHER BUSINESS

Our Board of Directors does not know of any business to be presented at the Annual Meeting other than the matters set forth above, but, if other matters properly come before the meeting, it is the intention of the persons named in the proxies to vote in accordance with their best judgment on such matters.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, and the rules of the Securities and Exchange Commission (the SEC) thereunder, require our directors, executive officers and persons who own more than 10% of our Common Stock to file reports of their ownership and changes in ownership of our Common Stock with the SEC. Our employees generally prepare these reports on the basis of information obtained from each director and officer. Based on information available to us, we believe that all reports required by Section 16(a) of the Exchange Act to be filed by its directors, executive officers and greater than 10% owners during the last fiscal year were filed on time.

SUBMISSION OF PROPOSALS OF STOCKHOLDERS

Under the rules of the SEC, if a stockholder wants us to include a proposal in our proxy statement and proxy card for our 2005 Annual Meeting of Stockholders, the proposal must be received at our Corporate Secretary's Office, 200 Smith Ranch Road, San Rafael, California 94903, no later than 5:00 p.m. local time on October 4, 2004, to be considered for inclusion in the proxy statement and proxy card for that meeting. Stockholder communications to the Board, including any such communications relating to director nominees, may also be addressed to the Corporate Secretary at that address. The Board believes that no more detailed process for these communications is appropriate, due to the variety in form, content and timing of these communications. The Secretary will forward the substance of meaningful stockholder communications, including those relating to director candidates, to the Board or the appropriate committee upon receipt.

In order for business, other than a stockholder proposal included in our proxy statement and proxy card, to be properly brought before the 2005 Annual Meeting by a stockholder, the stockholder must give timely written notice thereof to our Corporate Secretary and must otherwise comply with our By-laws. Our By-laws provide that, to be timely, a stockholder's notice must be received by our Corporate Secretary at our principal executive offices not fewer than 60 days nor more than 90 days prior to the scheduled date of the annual meeting. If the Company gives fewer than 70 days' notice or prior public disclosure of the scheduled meeting date, then, to be timely, the stockholder's notice must be received no later than the earlier of (i) the close of business on the tenth day following the day on which such notice was mailed or such disclosure was made, whichever occurs first, and (ii) two days prior to the scheduled meeting date.

By Order of the Board of Directors

The Audit Committee shall pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the *de minimus* exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such

subcommittee to grant pre-approvals shall be presented to the full Audit Committee at its next scheduled meeting.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. Evaluate the qualifications, performance and independence of the independent auditor, including considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence, and taking into account the opinions of management and internal auditors. 25. Discuss with management and the independent auditor any correspondence with regulators or governmental agencies and any published reports which raise material issues regarding the Company's financial statements or accounting policies.

26. Discuss with the Company's General Counsel legal matters that may have a material impact on the financial statements or the Company's compliance policies.

Limitation of Audit Committee's Role

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable legal and other requirements.
