**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS,
THE ANNUAL MEETING, AND VOTING PROCEDURES**

Q: Why am I receiving these materials?

A: Our Board of Directors (Board) is soliciting your proxy for the annual meeting of stockholders to take place on July 28, 2006. As a stockholder, you are invited to attend the meeting and are entitled to and requested to vote on the proposals described in this proxy statement.

Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of directors and our most highly paid executive officers, and certain other required information. Our 2006 Annual Report to Stockholders for the fiscal year ended March 25, 2006 is also enclosed.

Q: What proposals will be voted on at the meeting?

A: There are three proposals scheduled to be voted on at the meeting:
the election of seven directors;

the ratification and approval of the Cirrus Logic, Inc. 2006 Stock Incentive Plan; and

the ratification of the appointment of Ernst & Young as our independent registered public accounting firm.

Q: What is Cirrus Logic's voting recommendation?

A: Our Board recommends that you vote your shares FOR each of the director nominees, and FOR both of the other proposals.

Q: What shares owned by me can be voted?

A: All shares owned by you as of the close of business on the Record Date, may be voted by you. These shares include (1) shares held directly in your name as the *stockholder of record*, including shares purchased through the Company's Employee Stock Purchase Plan, and (2) shares held for you as the *beneficial owner* through a stockbroker or bank.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most stockholders of the Company hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with the Company's transfer agent, Computershare Investor Services, you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by the Company. As the *stockholder of record*, you have the right to vote by proxy or to vote in person at the meeting. We have enclosed a proxy card for you to use.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you by your broker or nominee that is considered, with respect to those shares, the *stockholder of record*. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, since you are not the *stockholder of record*, you may not vote these shares by proxy or in person at the meeting. Your broker or nominee has

Table of Contents

enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

Q: How can I vote my shares in person at the meeting?

A: Shares held directly in your name as the *stockholder of record* may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification.

Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting. Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: How can I vote my shares without attending the meeting?

A: Whether you hold shares directly as the *stockholder of record* or beneficially in street name, you may direct your vote without attending the meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your stockbroker or other nominee. In most instances, you will be able to do this over the Internet, by telephone or by mail. If you are the stockholder of record, please refer to the summary instructions below and those included on your proxy card. If you hold shares in street name, you should refer to the voting instruction card included by your broker or nominee.

BY INTERNET If you have Internet access, you may submit your proxy from any location in the world by following the *Vote by Internet* instructions on the proxy card.

BY TELEPHONE If you live in the United States or Canada, you may submit your proxy by following the *Vote by Phone* instructions on the proxy card.

BY MAIL You may vote by mail by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee, and mailing it in the enclosed, postage prepaid and addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign but do not provide instructions, your shares will be voted as described below in *How Are Votes Counted?*

Q: Can I change my vote?

A: You may revoke your proxy instructions at any time prior to the vote at the annual meeting. For shares held directly in your name, you may revoke your proxy instructions by granting a new proxy bearing a later date (that automatically revokes the earlier proxy) or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically request it to be revoked. For shares held beneficially by you, you may revoke your proxy instructions by submitting new voting instructions to your broker or nominee.

Q: What is the quorum requirement for the meeting?

A: The quorum requirement for holding the meeting and transacting business is the presence, either in person or represented by proxy, of the holders of a majority of the outstanding shares entitled to be voted and present in person or represented by proxy. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

Q: How are votes counted?

A: In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the other

3

Table of Contents

proposals, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN, it has the same effect as a vote AGAINST. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of the Company s nominees to the Board, FOR the ratification and approval of the Cirrus Logic, Inc. 2006 Stock Incentive Plan, and FOR the ratification of Ernst & Young to serve as our independent registered public accounting firm).

Q: What is the voting requirement to approve each of the proposals?

A: A director must receive the affirmative FOR vote of a majority of those shares entitled to vote and present in person or represented by proxy in order to be re-elected. The ratification and approval of the Cirrus Logic, Inc. 2006 Stock Incentive Plan and the ratification of our independent registered public accounting firm requires the affirmative FOR vote of a majority of those shares present in person or represented by proxy. If you are a *beneficial owner* and do not provide the *stockholder of record* with voting instructions, your shares may constitute *broker non-votes*, as described in *How are abstentions and broker non-votes counted?* below. In tabulating the voting results for any particular proposal, shares that constitute *broker non-votes* are not considered entitled to vote on that proposal.

Q: How are abstentions and broker non-votes counted?

A: Abstentions are counted as shares present and entitled to be voted for the purposes of calculating whether a proposal receives FOR votes from a majority of the shares present and entitled to vote. As a result, abstentions will have the same effect as a vote cast AGAINST a proposal.

However, for the purposes of calculating whether such proposal receives FOR votes from a majority of the shares present and entitled to vote, broker non-votes are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted upon at the meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker lacks discretionary voting power to vote the shares.

Q: What does it mean if I receive more than one proxy or voting instruction card?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: How can I obtain an admission ticket for the meeting?

A: Two cut-out admission tickets are included on the back of this proxy statement. A limited number of tickets are available for additional joint owners. To request additional tickets, please contact the Company s Corporate Secretary at our headquarters. If you forget to bring an admission ticket, you will be admitted to the meeting only if you are listed as a *stockholder of record* as of the close of business on the Record Date, and bring proof of identification. If you hold your shares through a stockbroker or other nominee and fail to bring an admission ticket, you will need to provide proof of ownership by bringing either a copy of the voting instruction card provided by your broker or a copy of a brokerage statement showing your share ownership as of the Record Date.

Table of Contents

Q: Where can I find the voting results of the meeting?

A: We will announce preliminary voting results at the meeting and will publish final results no later than our quarterly report on Form 10-Q for the second fiscal quarter ending September 23, 2006.

Q: What happens if additional proposals are presented at the meeting?

A: Other than the three proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Scott Thomas and John Kurtzweil, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your shares for such other candidate or candidates as may be nominated by the Board.

Q: What classes of shares are entitled to be voted?

A: Each share of our common stock outstanding as of the Record Date is entitled to one vote on each item being voted upon at the annual meeting. On the Record Date, we had approximately 87.5 million shares of common stock outstanding.

Q: Is cumulative voting permitted for the election of directors?

A: No.

Q: Who will count the votes?

A: A representative of Automatic Data Processing, Inc. will tabulate the votes. A representative of the Company will act as the inspector of the election.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by our Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management for review and consideration.

Q: Who will bear the cost of soliciting votes for the meeting?

A: The Company will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. If you choose to access the proxy materials and/or submit your proxy over the Internet or by telephone, however, you are responsible for Internet access or telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for the solicitation activities. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders.

Q:

May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?

A: You may submit proposals for consideration at future stockholder meetings.

Stockholder Proposals: In order for a stockholder proposal to be considered for inclusion in the Company's proxy statement for next year's annual meeting, the written proposal must be received by the Company no later than February 17, 2007. These

proposals also will need to comply with Securities and Exchange Commission regulations regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Similarly, in order for a stockholder proposal to be raised from the floor during next year's annual meeting, written notice must be received by the Company no later than February 17, 2007, and shall contain the information required by our Bylaws.

Copy of Bylaw Provisions: You may contact the Company's Corporate Secretary at our headquarters for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

BOARD STRUCTURE AND COMPENSATION

The Board, which currently consists of seven directors, has determined that five directors, as indicated in the table below, are independent as defined by the applicable Nasdaq Stock Market, Inc. (the "Nasdaq") listing standards. During the fiscal year ended March 25, 2006, the Board held 11 meetings. All directors are expected to attend each meeting of the Board and the committees on which he serves. No director attended less than 75% of all of the meetings of the Board and the committees on which he served. Directors are expected to attend the Company's annual meeting of stockholders absent a valid reason. All of the directors attended the Company's 2005 annual meeting of stockholders. We have three Board committees: Audit, Compensation, and Governance and Nominating. Each member of the Audit, Compensation and Governance and Nominating Committees is independent in accordance with the applicable Nasdaq listing standards. Each committee has a written charter that has been approved by the Board and is attached to this proxy statement as an Exhibit. The members of each committee are identified in the following table and the function of each committee is described below.

On occasion, the Board may appoint special committees of the Board or designate directors to undertake special assignments on behalf of the Board. Unless indicated otherwise by the Board at the time of the designation of a special committee, the compensatory fees paid for attending a special committee meeting are the same as the Board Meeting Attendance Fees set forth in the Director Compensation Arrangements section of these proxy materials. During the fiscal year ended March 25, 2006, a total of nine special committee meetings were held.

Audit Committee

The Audit Committee is composed of three directors. The responsibilities of the Committee include:

- reviewing the Company's auditing, accounting, financial reporting, and internal control functions;
- selecting the Company's independent registered public accounting firm and overseeing their independence, qualifications and performance;
- pre-approving all audit and non-audit services performed by the independent auditors;
- meeting separately with the independent auditors and the Company's senior management and providing a line of communication between the independent auditors, management and the Board;
- ensuring that procedures are available for the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters; and
- reviewing the general scope of the Company's accounting, financial reporting, annual audit and matters relating to internal control systems, as well as the results of the annual audit.

The Board has determined that each of the members of the Audit Committee is able to read and understand fundamental financial statements and is independent under applicable Securities and Exchange Commission rules and applicable Nasdaq listing standards. The Board has determined that Robert H. Smith is an audit committee financial expert as defined under applicable Securities and Exchange Commission rules.

For additional information relating to the Audit Committee, see the Report of the Audit Committee of the Board on page 34 of this proxy statement, as well as the Audit Committee Charter attached to this proxy statement as Exhibit A. A copy of the Audit Committee Charter is also available on our website at www.cirrus.com.

Compensation Committee

The Compensation Committee is composed of three directors each of whom is independent under applicable Nasdaq listing standards. The Committee reviews and approves salaries and other matters relating to executive compensation, and administers the Company's employee stock purchase plan and stock option plans, including reviewing and granting stock options to executive officers and other employees. The Compensation Committee also

reviews and recommends to the Board for approval various other company compensation plans, policies and matters. For additional information relating to the Compensation Committee, see the Report of the Compensation Committee of the Board on page 30 of this proxy statement and the Compensation Committee Charter attached to this proxy statement as Exhibit B. A copy of the Compensation Committee is also available on our website at www.cirrus.com.

Governance and Nominating Committee

The Governance and Nominating Committee is composed of four directors, each of whom is independent under the applicable Nasdaq listing standards. This Committee provides counsel to the Board with respect to Board organization, membership and function, as well as committee structure and membership. The Committee is also responsible for defining the qualifications for candidates for director positions, evaluating qualified candidates, recommending candidates to the Board for election as directors, and proposing a slate of directors for election by stockholders at each annual meeting. For more information relating to the Governance and Nominating Committee, see the Governance and Nominating Committee Charter attached to this proxy statement as Exhibit C. A copy of the Governance and Nominating Committee Charter is also available on our website at www.cirrus.com.

The Governance and Nominating Committee reviews annually the needs of the Board for various skills, experience, expected contributions and other characteristics in determining the director candidates to be nominated at the annual meeting. The Governance and Nominating Committee will evaluate candidates for directors proposed by directors, stockholders or management in light of the Committee's views of the current needs of the Board for certain skills; the candidate's background, skills, experience, or other characteristics; and the expected contributions and the qualification standards established from time to time by the Governance and Nominating Committee. If the Committee believes that the Board requires additional candidates for nomination, the Committee may engage a third party search firm to assist in identifying qualified candidates. All directors and nominees will submit a completed form of directors' and officers' questionnaire as part of the nominating process. The process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Governance and Nominating Committee. In making the determinations regarding nominations of directors, the Governance and Nominating Committee may take into account the benefits of diverse viewpoints as well as the benefits of a constructive working relationship among directors.

The Governance and Nominating Committee believes that members of the Company's Board of Directors should possess certain basic personal and professional qualities in order to properly discharge their fiduciary duties to shareholders, provide effective oversight of the management of the Company and monitor the Company's adherence to principles of sound corporate governance. Therefore, the Committee has determined that nominees for election as director should have the following qualifications: (i) possess the highest personal and professional ethics, integrity and values; (ii) be committed to representing the long-term interests of the Company's stockholders; (iii) have an inquisitive and objective perspective and mature judgment; (iv) possess strong business and financial acumen and judgment acquired through education, training or experience; (v) possess experience at policy-making levels in business, government, education or technology, and in areas that are relevant to the company's global business activities; (vi) have experience in matters of corporate governance; (vii) have experience in positions with a high degree of responsibility in the companies or institutions with which they are affiliated; and (viii) be prepared to devote appropriate time and attention to the Board and Committee duties required of a public company board member.

Table of Contents

And, in addition for non-employee director candidates, the nominees should have personal and business circumstances that permit them to serve on one or more of the various Committees of the Board.

These are not meant to be the exclusive criteria, however, and the Committee will also consider the contributions that a candidate can be expected to make to the collective functioning of the Board based upon the totality of the candidate's credentials, experience and expertise, the composition of the Board at the time, and other relevant circumstances.

Stockholders are able to recommend individuals to the Governance and Nominating Committee for consideration as potential director nominees by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of the Company's common stock for at least one year as of the date such recommendation is made. Recommendations should be submitted to:

Governance and Nominating Committee

c/o Corporate Secretary

Cirrus Logic, Inc.

2901 Via Fortuna

Austin, Texas 78746

Assuming that the appropriate information is included on a timely basis, the Committee will consider stockholder-recommended candidates applying the same procedures and criteria used to consider other candidates.

Stockholders also have the right under the Company's Bylaws to nominate candidates for election as directors by following the procedures, providing the information and conforming to the submission deadlines specified in the Company's Bylaws.

Corporate Governance Guidelines

On an annual basis, the Company reviews its corporate governance practices in light of any updates to the provisions of the Sarbanes-Oxley Act of 2002, the rules of the Securities and Exchange Commission and the Nasdaq listing standards. A copy of the Company's Corporate Governance Guidelines are attached to this proxy statement as Exhibit D. Among other matters, the Guidelines include the following:

A majority of the members of the Board must be independent directors as defined by applicable Nasdaq listing standards and rules of the Securities and Exchange Commission.

The positions of Chairman of the Board and Chief Executive Officer shall be held by separate individuals, and the Chief Executive Officer shall be the only member of the Board who is an executive officer of the Company.

If the Chairman of the Board is not an independent director, an independent director may be designated by the Board as the lead independent director.

Directors shall retire at the age of 75.

The Board will have an Audit, Compensation, and Governance and Nominating Committee, each of which shall consist solely of independent directors.

The independent directors shall meet in executive session either before or after each regularly scheduled Board meeting.

Code of Conduct

The Company has adopted a Code of Conduct, applicable to all employees, including the principal executive officer and senior financial officers, which is incorporated as Exhibit 14 to its Annual Report on Form 10-K and is accessible at www.cirrus.com. The Code of Conduct, as applied to the Company's senior

financial officers, constitutes the Company's code of ethics within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and constitutes the Company's code of conduct under the Nasdaq listing standards.

Proposal No. 2

RATIFICATION AND APPROVAL OF THE COMPANY'S 2006 STOCK INCENTIVE PLAN

On May 9, 2006, the Compensation Committee recommended that the Board of Directors approve the Cirrus Logic, Inc. 2006 Stock Incentive Plan (the Incentive Plan). On May 10, 2006, the Board of Directors approved the Incentive Plan, subject to shareholder approval at the Annual Meeting. If our shareholders approve the Incentive Plan, we will cease granting stock awards from the Company's current 2002 Stock Option Plan, which includes an annual evergreen provision that automatically increases the number of shares available under the plan by four percent (4%) of the number of shares outstanding.

Summary of the Incentive Plan

The following is a summary of the terms of the Incentive Plan. This summary is qualified in its entirety by reference to the full text of the Incentive Plan, which is attached to this Proxy Statement as Exhibit E.

The Incentive Plan is designed to enable us and our affiliates to provide a means to attract able employees, directors, and consultants by providing a means whereby those individuals upon whom the responsibilities for the successful administration and management of the Company and its affiliates rest, and whose present and potential contributions to the Company and its affiliates are of importance, can acquire and maintain stock ownership, thereby strengthening their concern for the success of the Company and its affiliates. A further purpose of the Incentive Plan is to provide such individuals with additional incentive and reward opportunities designed to

Table of Contents

enhance our profitable growth. Accordingly, the Incentive Plan provides for the following:

discretionary grants to our employees and to the employees of our subsidiary corporations of stock options that constitute incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code), (Incentive Stock Options); and

discretionary grants to employees, consultants, and directors of the Company and its affiliates of (a) stock options that do not constitute Incentive Stock Options (Nonstatutory Stock Options), (b) shares of Common Stock that are subject to restrictions on disposition and forfeiture to the Company under certain circumstances (Restricted Stock), (c) shares of Common Stock, cash payments, or a combination thereof that may be earned based on the satisfaction of various performance measures (Performance Awards), (d) shares of Common Stock, cash payments or a combination thereof which vest over a period of time (Phantom Stock Awards), and (e) awards of unrestricted shares of the Common Stock that need not be subject to performance criteria or to forfeiture (Bonus Stock Awards).

Number of Shares Subject to the Incentive Plan and Award Limits

The aggregate maximum number of shares of Common Stock that may be issued under the Incentive Plan is 17,000,000 shares, provided that each share of Common Stock issued for a Full-Value Award (that is, an award *other than* a stock option, stock appreciation right, or other award whose intrinsic value is solely dependent on appreciation in the price of the Common Stock after the date of grant) shall reduce the number of available shares under the Incentive Plan by 1.5 shares. The maximum number of shares of Common Stock that may be subject to stock options, Restricted Stock awards, Phantom Stock Awards, Bonus Stock Awards, and Performance Awards denominated in shares of Common Stock granted to any one individual during any calendar year may not exceed 400,000 shares. Each of the limitations described in the preceding sentences may be adjusted upon a reorganization, stock split, recapitalization, or other change in our capital structure. The amount of compensation that may be paid under all Performance Awards under the Incentive Plan denominated in cash (including the fair market value of any shares of Common Stock paid in satisfaction of such Performance Awards) granted to any one individual during any calendar year may not exceed \$1,000,000, and any payment due with respect to a Performance Award shall be paid no later than 10 years after the date of grant of such Performance Award.

Administration

The Incentive Plan will be administered by a committee (the Committee) of, and appointed by, the Board comprised solely of two or more non-employee directors who also qualify as outside directors (as defined under Section 162(m) of the Code). The Board has appointed the Compensation Committee to serve as the Committee to initially administer the Incentive Plan.

The Committee will have full authority, subject to the terms of the Incentive Plan, to establish rules and regulations for the proper administration of the Incentive Plan, to select the employees, consultants, and directors to whom awards are granted, and to set the date of grant, the type of award that will be made and the other terms of the awards. When granting awards, the Committee will consider such factors as an individual's duties and present and potential contributions to the Company's success.

Eligibility

All employees, consultants, and directors of the Company and its affiliates are eligible to participate in the Incentive Plan. The selection

Table of Contents

of those employees, consultants, and directors, to receive Incentive Stock Options, Nonstatutory Stock Options, Restricted Stock awards, Performance Awards, Phantom Stock Awards, Bonus Stock Awards, or any combination thereof, is within the discretion of the Committee. However, Incentive Stock Options may be granted only to our employees and to employees of our subsidiary corporations. As of May 15, 2006, approximately 435 individuals were potentially eligible to participate in the Incentive Plan, including 419 employees, 11 contractors, and 5 non-employee directors.

Term of Incentive Plan

The Incentive Plan became effective as of May 10, 2006, the date of its adoption by the Board, provided the Incentive Plan is timely ratified and approved by the shareholders of the Company. No awards may be granted under the Incentive Plan after May 9, 2016, and the Incentive Plan will terminate once all awards have been satisfied, exercised or expire. The Board in its discretion may terminate the Incentive Plan at any time with respect to any shares of Common Stock for which awards have not been granted.

Stock Options

The term of each option will be as specified by the Committee at the date of grant (but not more than 10 years). The effect of the termination of an optionee's employment, consulting relationship, or membership on the Board will be specified in the option contract that evidences each option grant. The option price will be determined by the Committee and will be no less than the fair market value of the shares on the date that the option is granted. If an Incentive Stock Option is granted to an employee who then owns, directly or by attribution under the Code, stock having more than 10% of the total combined voting power of all classes of stock of the Company or a subsidiary, then the term of the option will not exceed five years, and the option price will be at least 110% of the fair market value of the shares on the date that the option is granted. Subject to the limitations described above under the section Number of Shares Subject to the Incentive Plan and Award Limits, the number of shares subject to each option will be determined by the Committee.

The status of each option granted to an employee as either an Incentive Stock Option or a Nonstatutory Stock Option will be designated by the Committee at the time of grant. If, however, the aggregate fair market value (determined as of the date of grant) of shares with respect to which Incentive Stock Options become exercisable for the first time by an employee exceeds \$100,000 in any calendar year, the options with respect to the excess shares will be Nonstatutory Stock Options. All options granted to consultants and non-employee directors will be Nonstatutory Stock Options. The option price upon exercise may, at the discretion of the Committee, be paid by an optionee in cash, other shares of Common Stock owned by the optionee, or by a combination of cash and Common Stock. Additionally, stock appreciation rights may be granted to optionees in conjunction with stock options granted under the Incentive Plan. Stock appreciation rights give the holder, among other things, the right to a payment in cash, Common Stock, or a combination thereof, in an amount equal to the number of stock appreciation rights exercised by the holder multiplied by the excess of the fair market value of the Common Stock on the exercise date over the option exercise price. The Incentive Plan also allows the Committee, in its discretion, to establish procedures pursuant to which an optionee may affect a cashless exercise of an option.

All options will be evidenced by a written contract containing provisions consistent with the Incentive Plan and such other provisions as the Committee deems appropriate. An Incentive Stock Option is not transferable other than by will or the laws of descent and distribution, and may be exercised during the employee's lifetime only by the employee or his or her guardian or legal representative. A Nonstatutory Stock Option is not transferable other than by will or the laws of descent and distribution, or with the

Table of Contents

consent of the Committee (provided, however, that such transfer shall be limited to members of the employee's immediate family, trusts, and partnerships established for the primary benefit of such family members or to charitable organizations; and provided further, that such transfer is not made for consideration to the employee).

Restricted Stock

Pursuant to a Restricted Stock award, shares of Common Stock will be issued or delivered to the employee, consultant or director at the time the award is made without any payment to us (other than for any payment amount determined by the Committee in its discretion), but such shares will be subject to certain restrictions on the disposition thereof and certain obligations to forfeit and surrender such shares to us as may be determined in the discretion of the Committee. The Committee may provide that the restrictions on disposition and the obligations to forfeit the shares will lapse based on (i) the attainment of one or more performance measures established by the Committee that are based on (1) the price of a share of Common Stock, (2) the Company's earnings per share, (3) the Company's market share, (4) the market share of a business unit of the Company designated by the Committee, (5) the Company's sales, (6) the sales of a business unit of the Company designated by the Committee, (7) the net income (before or after taxes) of the Company or any business unit of the Company designated by the Committee, (8) the cash flow or return on investment of the Company or any business unit of the Company designated by the Committee, (9) the earnings before or after interest, taxes, depreciation, and/or amortization of the Company or any business unit of the Company designated by the Committee, (10) the economic value added, or (11) the return on shareholders' equity achieved by the Company (items (1) through (11) are collectively referred to as the Performance Measures), (ii) the holder's continued employment or continued service as a consultant or director with the Company and its affiliates for a specified period, (iii) the occurrence of any event or the satisfaction of any other condition specified by the Committee in its sole discretion or (iv) a combination of any of these factors. The Performance Measures may be made subject to adjustment for specified significant extraordinary items or events, and may be absolute, relative to one or more other companies, or relative to one or more indices, and may be contingent upon our future performance or the future performance of any of our affiliates, divisions or departments. Unless otherwise provided in the award agreement, the recipient of the award will have the right to vote the shares of Common Stock subject to a Restricted Stock award and to receive all dividends and other distributions paid with respect to such shares, but may not sell, transfer, exchange, or otherwise dispose of such shares until the forfeiture restrictions have lapsed. At the time of such award, the Committee may, in its sole discretion, prescribe additional terms, conditions, or restrictions relating to Restricted Stock awards, including but not limited to rules pertaining to the effect of the termination of employment or service as a consultant or a director of a recipient of Restricted Stock (by reason of retirement, disability, death or otherwise) prior to the lapse of any applicable restrictions. The Committee may establish other terms and conditions for the issuance of Restricted Stock under the Incentive Plan.

Performance Awards

The Committee may, in its sole discretion, grant Performance Awards under the Incentive Plan that may be paid in cash, Common Stock, or a combination thereof as determined by the Committee. At the time of the grant, the Committee will establish the maximum number of shares of Common Stock subject to, or the maximum value of, each Performance Award and the performance period over which the performance applicable to the award will be measured. A Performance Award will terminate if the recipient's employment or service as a consultant or director of the Company and its affiliates terminates during the applicable

Table of Contents

performance period, except as otherwise determined by the Committee.

The receipt of cash or Common Stock pursuant to a Performance Award will be contingent upon satisfaction by the Company, or any affiliate, division or department thereof, of performance targets established by the Committee either (i) prior to the beginning of the performance period, or (ii) within 90 days after the beginning of the performance period if the outcome of the performance targets is substantially uncertain at the time the targets are established, but not later than the date that 25% of the performance period has elapsed. The performance targets may be made subject to adjustment for specified significant extraordinary items or events and may be absolute, relative to one or more other companies, or relative to one or more indices. The performance targets may be based upon any one or more of the Performance Measures. The Committee may, in its sole discretion, provide for an adjustable Performance Award value based upon the level of achievement of the Performance Measures and/or provide for a reduction in the value of a Performance Award during the performance period.

Following the end of the performance period, the Committee will determine and certify in writing the amount payable to the holder of the Performance Award, not to exceed the maximum number of shares of Common Stock subject to, or the maximum value of, the Performance Award, based on the achievement of the Performance Measures for such performance period. Payment may be made in cash, Common Stock or a combination thereof, as determined by the Committee. Such payment may be made in a lump sum or in installments as prescribed by the Committee. The Committee may establish other terms and conditions for Performance Awards under the Incentive Plan.

Phantom Stock Awards

Phantom Stock Awards under the Incentive Plan are awards of the right to receive Common Stock (or the fair market value thereof), or rights to receive amounts equal to share appreciation over a specific period of time. Such awards vest over a period of time established by the Committee, without satisfaction of any performance criteria or objectives. The Committee may, in its discretion, require payment or other conditions of the recipient of a Phantom Stock Award. A Phantom Stock Award may include a stock appreciation right that is granted independently of a stock option. A Phantom Stock Award will terminate if the recipient's employment or service as a consultant or director of the Company and its affiliates terminates during the applicable vesting period, except as otherwise determined by the Committee.

Payment of a Phantom Stock Award may be made in cash, Common Stock, or a combination thereof. Payment may be made in a lump sum or in installments as prescribed by the Committee. The Committee may establish other terms and conditions for Phantom Stock Awards under the Incentive Plan.

Bonus Stock Awards

Each Bonus Stock Award constitutes a transfer of unrestricted Common Stock on such terms and conditions as the Committee determines. Bonus Stock Awards will be made in shares of Common Stock and need not be subject to performance criteria or objectives or to forfeiture. The purchase price, if any, for Common Stock issued in connection with a Bonus Stock Award will be determined by the Committee in its discretion.

Corporate Change and Other Adjustments

The Incentive Plan provides that, upon a Corporate Change (as defined in the Incentive Plan), the Committee may accelerate the vesting of options, cancel options and cause the Company to make payments in respect thereof in cash, or adjust the outstanding options as appropriate to reflect such Corporate Change (including, without limitation, adjusting an option to provide that the number and class of shares of Common Stock covered by such option will be adjusted so that the option will thereafter

Table of Contents

cover securities of the surviving or acquiring corporation or other property (including cash) as determined by the Committee). Upon the occurrence of a Corporate Change, the Committee may adjust the outstanding Restricted Stock awards as appropriate to reflect such Corporate Change or fully vest such outstanding Restricted Stock awards and, upon such vesting, all restrictions applicable to such Restricted Stock will terminate. Further, upon the occurrence of a Corporate Change, the Committee may adjust the outstanding Performance Awards or Phantom Stock Awards as appropriate to reflect such Corporate Change, or cancel any of such outstanding awards and cause the Company to make payments in respect thereof in cash, which payments will be prorated in the event that the applicable performance or vesting period with respect to such awards has not been completed.

The maximum number of shares that may be issued under the Incentive Plan and the maximum number of shares that may be issued to any one individual and the other individual award limitations, as well as the number and price of shares of Common Stock or other consideration subject to an award under the Incentive Plan, will be appropriately adjusted by the Committee in the event of changes in the outstanding Common Stock by reason of recapitalizations, reorganizations, mergers, consolidations, combinations, split-ups, split-offs, spin-offs, exchanges or other relevant changes in capitalization or distributions to the holders of Common Stock occurring after an award is granted.

Amendment and Termination

The Board may from time to time amend, alter, or terminate the Incentive Plan; however, any change that would impair the rights of a participant with respect to an award theretofore granted will require the participant's consent. Further, without the prior approval of our shareholders, the Board may not amend the Incentive Plan to change the class of eligible individuals, increase the number of shares of Common Stock that may be issued under the Incentive Plan, or amend or delete the provisions of the Incentive Plan that prevent the Committee from amending any outstanding option contract to lower the option price.

United States Federal Income Tax Aspects of the Incentive Plan

Incentive Stock Options. Incentive Stock Options are subject to special federal income tax treatment. No federal income tax is imposed on the optionee upon the grant or the exercise of an Incentive Stock Option if the optionee does not dispose of the shares acquired pursuant to the exercise within the two-year period beginning on the date the option was granted or within the one-year period beginning on the date the option was exercised (collectively, the holding period). In such event, we would not be entitled to any deduction for compensation paid for federal income tax purposes in connection with the grant or exercise of the option or the disposition of the shares so acquired. With respect to an Incentive Stock Option, the difference between the fair market value of the stock on the date of exercise and the exercise price must generally be included in the optionee's alternative minimum taxable income for the year in which such exercise occurs. However, if the optionee exercises an Incentive Stock Option and disposes of the shares received in the same year and the amount realized is less than the fair market value of the shares on the date of exercise, then the amount included in alternative minimum taxable income will not exceed the amount realized over the adjusted basis of the shares.

Upon disposition of the shares received upon exercise of an Incentive Stock Option after the holding period, any appreciation of the shares above the exercise price should constitute capital gain. If an optionee disposes of shares acquired pursuant to his or her exercise of an Incentive Stock Option prior to the end of the holding period, the optionee will be treated as having received, at the time of disposition, compensation taxable as ordinary income. In

Table of Contents

such event, and subject to the application of Section 162(m) of the Code as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as received by the optionee. The amount treated as compensation is the excess of the fair market value of the shares at the time of exercise (or in the case of a sale in which a loss would be recognized, the amount realized on the sale if less) over the exercise price; any amount realized in excess of the fair market value of the shares at the time of exercise would be treated as short-term or long-term capital gain, depending on the holding period of the shares.

Nonstatutory Stock Options and Stock Appreciation Rights. As a general rule, no federal income tax is imposed on the optionee upon the grant of a Nonstatutory Stock Option such as those under the Incentive Plan (whether or not including a stock appreciation right), and we are not entitled to a tax deduction for compensation paid by reason of such grant. Generally, upon the exercise of a Nonstatutory Stock Option, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the excess of the fair market value of the shares of stock at the time of exercise over the option price paid for such shares. In the case of the exercise of a stock appreciation right, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the cash received plus the fair market value of the shares distributed to the optionee. Upon the exercise of a Nonstatutory Stock Option or a stock appreciation right, and subject to the application of Section 162(m) of the Code as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation income is recognized by the optionee assuming any federal income tax reporting requirements are satisfied.

Upon a subsequent disposition of the shares received upon exercise of a Nonstatutory Stock Option or a stock appreciation right, any difference between the fair market value of the shares at the time of exercise and the amount realized on the disposition would be treated as capital gain or loss. If the shares received upon the exercise of an option or a stock appreciation right are transferred to the optionee subject to certain restrictions, then the taxable income realized by the optionee, unless the optionee elects otherwise, and our tax deduction (assuming any federal income tax reporting requirements are satisfied) should be deferred and should be measured at the fair market value of the shares at the time the restrictions lapse. The restrictions imposed on officers, directors and 10% shareholders by Section 16(b) of the Exchange Act is such a restriction during the period prescribed thereby if other shares have been purchased by such an individual within six months of the exercise of a Nonstatutory Stock Option or stock appreciation right.

Restricted Stock. The recipient of a Restricted Stock award will not realize taxable income at the time of grant, and we will not be entitled to a deduction at that time, assuming that the restrictions constitute a substantial risk of forfeiture for federal income tax purposes. When the risk of forfeiture with respect to the stock subject to the award lapses, the holder will realize ordinary income in an amount equal to the fair market value of the shares of Common Stock at such time, and, subject to Section 162(m) of the Code, we will be entitled to a corresponding deduction. All dividends and distributions (or the cash equivalent thereof) with respect to a Restricted Stock award paid to the holder before the risk of forfeiture lapses will also be compensation income to the holder when paid and, subject to Section 162(m) of the Code, deductible as such by the Company. Notwithstanding the foregoing, the holder of a Restricted Stock award may elect under Section 83(b) of the Code to be taxed at the time of grant of the Restricted Stock award based on the fair market value of the shares of Common Stock on the date of the award, in which case (a) subject to Section 162(m) of the Code, we will be entitled to a deduction at the same time and in the same amount, (b) dividends paid to the

Table of Contents

recipient during the period the forfeiture restrictions apply will be taxable as dividends and will not be deductible by the Company, and (c) there will be no further federal income tax consequences when the risk of forfeiture lapses. Such election must be made not later than 30 days after the grant of the Restricted Stock award and is irrevocable.

Performance Awards and Phantom Stock Awards. An individual who has been granted a Performance Award or a Phantom Stock Award generally will not realize taxable income at the time of grant, and we will not be entitled to a deduction at that time. Whether a Performance Award or Phantom Stock Award is paid in cash or shares of Common Stock, the individual will have taxable compensation and, subject to the application of Section 162(m) of the Code as discussed below, we will have a corresponding deduction. The measure of such income and deduction will be the amount of any cash paid and the fair market value of any shares of Common Stock either at the time the Performance Award or the Phantom Stock Award is paid or at the time any restrictions on the shares (including restrictions under Section 16(b) of the Exchange Act) subsequently lapse, depending on the nature, if any, of the restrictions imposed and whether the individual elects to be taxed without regard to any such restrictions. Any dividend equivalents paid with respect to a Performance Award or a Phantom Stock Award prior to the actual issuance of shares under the award will be compensation income to the employee and, subject to the application of Section 162(m) of the Code as discussed below, deductible as such by the Company.

Bonus Stock Awards. In general, an individual who receives a Bonus Stock Award will be taxed on the fair market value of the shares on the date the shares are issued to the individual. Subject to the application of Section 162(m) of the Code, we will be entitled to a deduction for a corresponding amount provided we timely satisfy any federal income tax reporting requirements. If, upon a taxable disposition of the shares, the individual receives more or less than his or her basis in the shares, the gain or loss will be long-term or short-term capital gain or loss, depending on the holding period of the shares, measured from the date that the receipt of the shares was a taxable event to such individual.

Section 162(m) of the Code. Section 162(m) of the Code precludes a public corporation from taking a deduction for annual compensation in excess of \$1,000,000 paid to its chief executive officer or any of its four other highest-paid officers. However, compensation that qualifies under Section 162(m) of the Code as performance-based is specifically exempt from the deduction limit. Our ability to deduct compensation income generated in connection with the exercise of stock options and stock appreciation rights granted by the Committee under the Incentive Plan should not be limited by Section 162(m) of the Code and the regulations issued thereunder. Further, we believe that our deduction for compensation income generated in connection with Performance Awards granted by the Committee under the Incentive Plan should not be limited by Section 162(m) of the Code. The Incentive Plan has been designed to provide flexibility with respect to whether Restricted Stock awards granted by the Committee will qualify as performance-based compensation under Section 162(m) of the Code and, therefore, be exempt from the deduction limit. Assuming no election is made by the holder under Section 83(b) of the Code, if the lapse of the forfeiture restrictions relating to a Restricted Stock award granted by the Committee is based solely upon the satisfaction of one of the Performance Measures set forth in the Incentive Plan, then we believe that the compensation expense deduction relating to such an award should not be limited by Section 162(m) of the Code if the Restricted Stock becomes vested. However, compensation expense deductions relating to Restricted Stock awards granted by the Committee will be subject to the Section 162(m) deduction limitation if the Restricted Stock becomes vested based upon any other criteria set forth in the award (such as the

Table of Contents

occurrence of a change in control or vesting based upon continued service with the Company). Compensation income generated in connection with Phantom Stock Awards (other than stock appreciation rights granted by the Committee) and Bonus Stock Awards under the Incentive Plan will be subject to the Section 162(m) deduction limitation.

The comments set forth in this section are only a summary of certain of the United States federal income tax consequences relating to the Incentive Plan. No consideration has been given to the effects of state, local, foreign, or other tax laws on the Incentive Plan or award recipients.

- (3) In August 2002, the Board of Directors approved the 2002 Stock Option Plan, which permits awards of fair market value stock options to non-executive employees. This plan contains an evergreen provision such that on the first business day of each fiscal year beginning with March 31, 2003, the plan shall be increased by a number equal to 4 percent of the number of shares outstanding as of the last business day of the immediately preceding fiscal year.
- (4) As of the company's fiscal month ended May 20, 2006 there were a total of 11,283,845 options outstanding, with a weighted average exercise price of \$9.13 and a weighted average term of 6.86 years. If the stockholders approve the Company's 2006

Stock Incentive Plan proposal described in Proposal No. 2 to this Proxy Statement, the only continuing plans, in addition to the 2006 Stock Incentive Plan, that will carry forward after the stockholders meeting will be the Company's 1989 Employee Stock Purchase Plan and the 1990 Directors Stock Option Plan, which as of May 20, 2006 had a combined total of approximately 1,008,000 options available for issuance.

As of March 25, 2006, the Company was awarding options under the following plans: the 1990 Directors Stock Option Plan (to members of the Board of Directors), the 1996 Stock Plan, the 2002 Stock Option Plan, and the 1989 Employee Stock Purchase Plan. The 1996 Stock Plan expired on May 21, 2006.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS ON EXECUTIVE
COMPENSATION**

It is the duty of the Compensation Committee to review and recommend to the directors of the Board of Directors who satisfy the requirements for the Nasdaq Stock Market, Inc. (Nasdaq) regarding independence (the Independent Directors) for approval, the corporate goals and objectives relevant to the compensation of executive officers of the Company, including the President and Chief Executive Officer (CEO). The Compensation Committee also reviews and approves for the executive officers, including the CEO, the components of each individual's compensation package, including stock options, restricted stock, stock appreciation right and other equity-based grants.

To support the Compensation Committee in fulfilling its duties, the Committee has hired experts in the field of executive compensation to assist with its evaluation of CEO and executive officer compensation.

The Compensation Committee believes that the compensation programs for the Company's executive officers should reflect the Company's performance and the value created for the Company's stockholders. In addition, the compensation programs should support the short-term and long-term strategic goals and values of the Company and should reward individual contribution to the Company's success. We are engaged in a very competitive industry, and the Company's success depends

Table of Contents

upon its ability to attract and retain qualified executives through the competitive compensation packages it offers to these individuals.

General Compensation Policy

The Compensation Committee's policy is to provide the Company's executive officers with compensation opportunities that are based upon their personal performance, the financial performance of the Company and their contribution to that performance. These opportunities are designed to be competitive enough to attract and retain highly skilled individuals. Each executive officer's compensation package is comprised primarily of three elements: (i) base salary that is competitive with the market and reflects individual performance, (ii) annual performance awards payable in cash and tied to the Company's achievement of annual performance goals, and (iii) long-term incentive awards designed to strengthen the mutuality of interests between the executive officers and the Company's stockholders. As an officer's level of responsibility increases, a greater proportion of his or her total compensation is designed to be dependent upon the Company's financial performance and stock price appreciation rather than base salary. The Committee sets compensation levels for executives other than the CEO based on a review of competitive information. Competitive compensation information is obtained from published surveys that provide compensation information specific to jobs in the high tech industry from companies with comparable revenues (the Survey Group). Recommendations by Company management are examined in light of this information, with the intention of establishing and maintaining competitive compensation levels.

In general, the Company has attempted to establish a strong relationship between total cash compensation, the Company's performance, and individual performance by maintaining base salaries at approximately the 50th percentile compared to the Survey Group data, and by providing additional incentive opportunities so that total cash compensation (salary plus bonus) approaches 50th percentile levels when the Company's performance is near the middle compared to the companies in the Survey Group, and has the potential to pay in the 75th percentile level for higher levels of performance. The Company also provides additional long-term incentives in the form of stock option grants so that an executive's total direct compensation is targeted at the 75th percentile level (i.e., the size of the stock option grant is a function of the difference between the 75th percentile total direct compensation and the 75th percentile total cash compensation). Starting in fiscal year 2007, the Company will target an executive's total direct compensation at the 50th percentile level (i.e., the size of the stock option grant is a function of the difference between the 50th percentile total direct compensation and the 50th percentile total cash compensation).

Factors

The principal factors that were taken into account in establishing each executive officer's compensation package for the fiscal year ended March 25, 2006 are described below. In making this determination, the Compensation Committee reviews all components of an executive officer's compensation, including base salary, annual incentives, long-term incentives, and any perquisites. The Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Base Salary

In setting base salaries, the Compensation Committee reviewed the data obtained from the Survey Group. The base salary for each officer reflects the salary levels for comparable positions within this comparative group of companies, as well as each individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual and is within the sole discretion of the Compensation Committee. Each executive officer's base salary

Table of Contents

is determined each year on the basis of (i) the Compensation Committee's evaluation of the officer's personal performance for the year and (ii) base salary levels in the competitive marketplace for persons in comparable positions. The Company's performance and profitability may also be a factor in determining the base salaries of executive officers. For the fiscal year ended March 25, 2006, in accordance with the Company's compensation philosophy, the base salary rates of most of the executive officers fall within or near a competitive range relative to Cirrus' target competitive positioning compared to the Survey Group.

Annual Incentives

The Variable Compensation Plan (the "VCP") provides certain employees with incentives to increase stockholder value through the achievement of goals relating to the Company's revenue and its operating margin. The VCP operates on a semi-annual period, beginning on the first day of each fiscal year. At the end of each semi-annual period, the Company calculates its revenue and operating profits and then determines whether participants will receive payments based on the Company's performance. No payments are made unless a 3% operating margin is achieved. In addition, the total payments made cannot exceed an overall limitation of 15% of operating profit (including any amounts accrued for the Executive Incentive Plan, described later).

During fiscal year 2006, participants in the Company's VCP plan earned payments during both semi-annual periods. For the first semi-annual period, participants earned payments at 42% of each individual's bonus target. During the second semi-annual period, participants earned payments at 44% of each individual's bonus target.

The Executive Incentive Plan (the "EIP") provides certain executives with incentives to increase stockholder value through the achievement of annual goals relating to the Company's return on capital and growth of operating profit per share. The EIP operates on a three-year plan cycle, with the first cycle beginning on April 1, 2000. At the end of each fiscal year, the Company calculates its return on capital and the percentage growth of its operating profit per share over the previous fiscal year, and then determines a multiplier for that fiscal year (which can range from zero to three, depending on the Company's performance).

Under this plan, the Company determines the average of the three annual multipliers and makes payments based on this average at the end of each three-year period, with the first payment made in April 2003 for fiscal years 2001, 2002 and 2003. The combination of any accrual for the EIP and any payments under the VCP cannot exceed an overall limitation of 15% of operating profit as calculated under these plans.

Payments were made under this plan in May 2005 to Mr. French, Mr. Ensley, Mr. Leeder, and Mr. Gray, as set forth in the Summary Compensation Table. In 2003, the Committee suspended the EIP for any new plan cycles and no further payments are anticipated until such time as the Committee reinstates the plan.

Long-Term Incentives

Generally, stock option grants are made annually by the Compensation Committee to each of the Company's executive officers. Each grant is designed to align the interests of the executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of the Company's common stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to ten years). Each option becomes exercisable in a series of installments over a defined period, contingent upon the officer's continued employment with the Company. Accordingly, the option will provide a return to the executive officer only if he or she remains employed by the Company during the vesting period, and then only if the market price of the

Table of Contents

shares appreciates over the option term. In the fiscal year ended March 25, 2006, all stock options for the executive officers were granted at an exercise price equal to the fair market value of the Company's common stock on the date of grant.

The size of the option grant to each executive officer is set by the Compensation Committee at a level that is intended to create a meaningful opportunity for stock price appreciation based upon the individual's position with the Company, current performance, anticipated future contribution based on that performance, and ability to affect corporate and/or business unit results. The Compensation Committee also takes into account the number and net present value of options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual.

President and CEO Compensation

The Compensation Committee reviews and approves the President and Chief Executive Officer's total compensation package annually, considering Company performance, individual performance, and external pay practices. As is the case for other executives of the Company, the Company's executive pay program, as it relates to the Chief Executive Officer, is highly leveraged toward variable compensation plans that reward achievement of pre-determined corporate goals and objectives. In setting the total compensation payable to the Company's CEO for the fiscal year ended March 25, 2006, the Compensation Committee sought to make that compensation competitive with the compensation paid to chief executive officers of peer companies as determined from proxy statements of particular companies that are considered generally comparable to the Company (the Proxy Group), while at the same time assuring that a significant percentage of compensation was tied to Company and individual performance and stock price appreciation. The particular peer companies are selected using a process for identifying companies in the semiconductor industry that share similar operating and financial characteristics with the Company. Those characteristics include a company's revenue, net income, revenue per employee, number of employees, market cap, P/E ratio, and one and three year total shareholder returns. In fiscal 2006, the Proxy Group consisted of 16 companies, and included companies that we compete with for employees.

In February 2002, the Compensation Committee approved an employment contract for Mr. French, in which his annual base salary was set at \$450,000. In September 2004, the Compensation Committee approved an increase in his annual base salary to \$460,800. With respect to Mr. French's base salary, it is the Compensation Committee's intent to provide him with a level of stability and certainty each year and not have this particular component of compensation affected to any significant degree by Company performance factors. For the fiscal year ended March 25, 2006, Mr. French's base salary was approximately at the 81st percentile of the base salary levels of other chief executive officers at the companies in the Proxy Group. The Compensation Committee has determined that Mr. French's current base salary is at a competitive level when compared with the base salary levels in effect for other chief executive officers at the companies in the Proxy Group.

The remaining components of Mr. French's 2006 fiscal year compensation were primarily dependent upon corporate performance. As a participant in the VCP Plan, Mr. French received a cash bonus under during the 2006 fiscal year. On November 11, 2005, Mr. French received a VCP payment of \$144,460.80. He was also a participant in the EIP Plan and as a result, was eligible to receive a cash bonus. Pursuant to the EIP plan, he received a payment of \$112,500 in May 2005.

Mr. French was awarded a stock option grants in the past fiscal year in order to provide him with an equity incentive to contribute to the financial success of the Company. On March 1, 2006, the

Table of Contents

Committee awarded a stock option grant of 225,000 shares at \$8.06, with 25% vesting after 12 months and the remaining shares vesting monthly over the next 36 months. The grants will have value for Mr. French only if the market price of the underlying option shares appreciates over the exercise price and remains at an appreciated level until exercised.

Compliance With Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to the Chief Executive Officer and any of the four most highly compensated officers to the extent that compensation exceeds \$1,000,000 per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. Under the Treasury Regulations corresponding to Section 162(m) of the Internal Revenue Code, compensation received through the exercise of an option will not be subject to the \$1,000,000 limit if it qualifies as qualified performance-based compensation within the meaning of Section 162(m). It is the Committee's objective that, so long as it is consistent with the Company's overall business, compensation and retention objectives, the Company will, to the extent reasonable, endeavor to keep executive compensation deductible for federal income tax purposes.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the Company's performance and the interests of the Company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short- and long-term.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

The Audit Committee is comprised solely of independent directors, as defined by the applicable Nasdaq listing standards and rules of the Securities and Exchange Commission, and it operates under a written charter adopted by the Board, a copy of which is attached to this proxy statement as Exhibit A. The composition of the Audit Committee, the attributes of its members, and the responsibilities of the Committee, as reflected in its charter, are intended to comply with applicable requirements for corporate audit committees. The Sarbanes-Oxley Act of 2002 has added provisions to federal law to strengthen the authority of, and increase the responsibility of, corporate audit committees. In 2004, the Nasdaq also adopted, and the Securities and Exchange Commission approved, additional rules concerning audit committee structure, membership, authority and responsibility. The Committee has amended and restated its charter in response to the Sarbanes-Oxley Act and the new Nasdaq listing standards, and continues to review and assess the adequacy of its charter on an annual basis, and will revise it to comply with other new rules and regulations as they are adopted.

As described more fully in its charter, the primary focus of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to assure compliance with accounting standards, applicable laws and regulations. The

Table of Contents

Company's independent registered public accounting firm, Ernst & Young LLP (Ernst & Young), is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board.

In accordance with the Sarbanes-Oxley Act and the Nasdaq listing standards, the Audit Committee has ultimate authority and responsibility to select, compensate, evaluate and, when appropriate, replace the Company's independent registered public accounting firm.

The Committee serves an oversight role for the Board of Directors in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Committee's members in business, financial and accounting matters. The Committee members are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditors, nor can the Committee certify that the independent auditors are independent under applicable rules.

In this context, the Audit Committee has met and held discussions with management and Ernst & Young.

Management represented to the Audit Committee that the audited financial statements of the Company contained in the Company's Annual Report to Stockholders for the year ended March 25, 2006, were prepared in accordance with U.S. generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee discussed with Ernst & Young matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees and the Sarbanes-Oxley Act.

The Audit Committee has received and reviewed the written disclosures and the letter from Ernst & Young required by Independent Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee discussed with Ernst & Young the firm's independence. In addition, the Audit Committee has considered whether the provision of non-audit services is compatible with maintaining Ernst & Young's independence.

Based upon the Audit Committee's discussions with management and the independent auditors, and the Audit Committee's review of the representations of management, and the report of the independent auditors to the Audit Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended March 25, 2006, as filed with the Securities and Exchange Commission.

Table of Contents

2.1.30 **Rule 16b-3** means SEC Rule 16b-3 promulgated under the 1934 Act, as such may be amended from time to time, and any successor rule, regulation, or statute fulfilling the same or a similar function.

2.1.31 **Stock Appreciation Right** will have the meaning assigned to such term in Subsection 7.4.4.

2.2 **Number and Gender**. Wherever appropriate in the Plan, words used in the singular will be considered to include the plural, and words used in the plural will be considered to include the singular. The masculine gender, where appearing in the Plan, will be deemed to include the feminine gender.

2.3 **Headings**. The headings of Sections and Subsections in the Plan are included solely for convenience, and, if there is any conflict between such headings and the text of the Plan, the text will control. All references to Sections and Subsections are to this document unless otherwise indicated.

3. EFFECTIVE DATE AND DURATION OF THE PLAN

3.1 **Effective Date**. The Plan will become effective upon the date of its adoption by the Board, provided that the Plan is approved by the stockholders of the Company within 12 months after such adoption. Notwithstanding any provision in the Plan or in any Option Agreement, Restricted Stock Agreement, Performance Award Agreement, or Phantom Stock Award Agreement, no Option will be exercisable, no Restricted Stock Award or Bonus Stock Award will be granted, and no Performance Award or Phantom Stock Award will vest or become satisfiable prior to such stockholder approval.

3.2 **Duration of Plan**. No further Awards may be granted under the Plan after ten years from the date the Plan is adopted by the Board. The Plan will remain in effect until all Options granted under the Plan have been exercised, forfeited, assumed, substituted, satisfied or expired, all Restricted Stock Awards granted under the Plan have vested or been forfeited, and all Performance Awards, Phantom Stock Awards, and Bonus Stock Awards have been satisfied or expired.

4. ADMINISTRATION

4.1 **Composition of Committee**. The Plan will be administered by a committee of, and appointed by, the Board. In the absence of the Board's appointment of such Committee to administer the Plan, the Board will serve as the Committee. Notwithstanding the foregoing, from and after the date upon which the Company becomes a publicly held corporation (as defined in section 162(m) of the Code and applicable interpretive authority under the Code), the Plan will be administered by a committee of, and appointed by, the Board that will be comprised solely of two or more outside Directors (within the meaning of the term outside directors as used in section 162(m) of the Code and applicable interpretive authority under the Code and within the meaning of Non-Employee Director as defined in Rule 16b-3).

4.2 **Powers**. Subject to the express provisions of the Plan, the Committee will have authority, in its discretion, to determine which Employees, Consultants, or Directors will receive an Award, the time or times when such Award will be made, whether an Incentive Stock Option or Nonstatutory Stock Option will be granted, the number of shares to be subject to each Option or Restricted Stock Award, the number of shares subject to or the value of each Performance Award or Bonus Stock Award, and the value of each Phantom Stock Award. In making such determinations, the Committee will take into account the nature of the services rendered by the respective Employees,

Table of Contents

Consultants, or Directors, their present and potential contribution to the Company's success, and such other factors as the Committee in its discretion will deem relevant.

4.3 **Additional Powers.** The Committee will have such additional powers as are delegated to it by the other provisions of the Plan. Subject to the express provisions of the Plan, this will include the power (1) to construe the Plan and the respective agreements executed under the Plan, (2) to prescribe rules and regulations relating to the Plan, (3) to determine the terms, restrictions, and provisions of the agreement relating to each Award, including such terms, restrictions, and provisions as will be requisite in the judgment of the Committee to cause designated Options to qualify as Incentive Stock Options, and (4) to make all other determinations necessary or advisable for administering the Plan. The Committee may correct any defect, supply any omission, or reconcile any inconsistency in the Plan or in any agreement relating to an Award in the manner and to the extent it will deem expedient to carry it into effect. The determinations of the Committee on the matters referred to in this Section will be conclusive and binding on all persons.

5. STOCK SUBJECT TO THE PLAN

5.1 **Stock Offered.** Subject to the limitations set forth in Section 5.2, the stock to be offered pursuant to the grant of an Award may be (1) authorized but unissued Common Stock or (2) previously issued and outstanding Common Stock reacquired by the Company. Any of such shares that remain unissued and are not subject to outstanding Awards at the termination of the Plan will cease to be subject to the Plan, but until termination of the Plan, the Company will at all times make available a sufficient number of shares to meet the requirements of the Plan.

5.2 Plan and Individual Limitations on Shares.

5.2.1 Subject to adjustment in the same manner as provided in Section 12 with respect to shares of Common Stock subject to Options then outstanding, the aggregate maximum number of shares of Common Stock that may be issued under the Plan, and the aggregate maximum number of shares of Common Stock that may be issued under the Plan through Incentive Stock Options, will not exceed 17,000,000 shares. To the extent that a share of Common Stock is subject to an outstanding Full-Value Award, such share shall reduce the aggregate share limit set forth in this Subsection by 1.5 shares of Common Stock. To the extent that a share of Common Stock is subject to an outstanding Award other than a Full-Value Award, such share shall reduce the aggregate share limit set forth in this Subsection by one share of Common Stock. Stock Appreciation Rights to be settled in shares of Common Stock pursuant to Section 7.4(d) or Section 10 shall be counted in full against the number of shares available for award under the Plan, regardless of the number of shares issued upon settlement of the Stock Appreciation Rights.

5.2.2 Notwithstanding any provision in the Plan to the contrary, the maximum number of shares of Common Stock that may be subject to Options, Restricted Stock Awards, Phantom Stock Awards, Bonus Stock Awards, and Performance Awards denominated in shares of Common Stock granted under the Plan to any one individual during any calendar year may not exceed 400,000 shares (as adjusted from time to time in accordance with the provisions of the Plan), and the maximum amount of compensation that may be paid under all Performance Awards denominated in cash (including the Fair Market Value of any shares of Common Stock paid in satisfaction of such Performance Awards) granted to any one individual during any calendar year may not exceed \$1,000,000.

Table of Contents

5.2.3 Shares will be deemed to have been issued under the Plan only (1) to the extent actually issued and delivered pursuant to an Award or (2) to the extent an Award is settled in cash. To the extent that an Award lapses or the rights of its Holder terminate, any shares of Common Stock subject to such Award will again be available for the grant of an Award, and the aggregate share limit set forth in Subsection 5.2(a) will be increased by the number of shares subtracted from such limit with respect to the grant of such lapsed Award. From and after the date upon which the Company becomes a publicly held corporation (as defined in section 162(m) of the Code and applicable interpretive authority under the Code), the limitation set forth in the preceding sentences will be applied in a manner that will permit compensation generated under the Plan to constitute performance-based compensation for purposes of section 162(m) of the Code, including, without limitation, counting against such maximum number of shares, to the extent required under section 162(m) of the Code and applicable interpretive authority under the Code, any shares subject to Options that are canceled or repriced.

6. GRANT OF AWARDS

6.1 Eligibility for Award. Awards may be granted only to persons who, at the time of grant, are Employees, Consultants, or Directors.

6.2 Grant of Awards. The Committee may from time to time in its discretion grant Awards to one or more Employees, Consultants, or Directors determined by it to be eligible for participation in the Plan in accordance with the provisions of Section 6.1. An Award may be granted on more than one occasion to the same person, and, subject to the limitations set forth in the Plan, such Award may include an Incentive Stock Option, a Nonstatutory Stock Option, a Restricted Stock Award, a Performance Award, a Phantom Stock Award, a Bonus Stock Award, or any combination thereof.

7. STOCK OPTIONS

7.1 Option Period. The term of each Option will be as specified by the Committee at the date of grant, but in no event will an Option be exercisable after the expiration of ten years from the date of grant.

7.2 Limitations on Vesting and/or Exercise of Option. An Option will be vested and/or exercisable in whole or in part and at such times as determined by the Committee and set forth in the Notice of Grant and Option Agreement. The Committee in its discretion may provide that an Option will be vested or exercisable upon (1) the attainment of one or more performance goals or targets established by the Committee, which are based on (i) the price of a share of Common Stock, (ii) the Company's earnings per share, (iii) the Company's market share, (iv) the market share of a business unit of the Company designated by the Committee, (v) the Company's sales, (vi) the sales of a business unit of the Company designated by the Committee, (vii) the net income (before or after taxes) of the Company or a business unit of the Company designated by the Committee, (viii) the cash flow return on investment of the Company or any business unit of the Company designated by the Committee, (ix) the earnings before or after interest, taxes, depreciation, and/or amortization of the Company or any business unit of the Company designated by the Committee, (x) the economic value added, or (xi) the return on stockholders' equity achieved by the Company; (2) the Holder's continued employment as an Employee with the Company or continued service as a Consultant or Director for a specified period of time; (3) the occurrence of any event or the satisfaction of any other condition specified by the Committee in its sole discretion; or (4) a combination of any of the foregoing. Each Option may, in the discretion of the Committee, have different provisions with respect to vesting and/or exercise of the Option.

Table of Contents

7.3 Special Limitations on Incentive Stock Options.

7.3.1 An Incentive Stock Option may be granted only to an individual who is employed by the Company or any parent or subsidiary corporation (as defined in section 424 of the Code) at the time the Option is granted.

7.3.2 No Incentive Stock Option will be granted to an individual if, at the time the Option is granted, such individual owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its parent or subsidiary corporation, within the meaning of section 422(b)(6) of the Code, unless (1) at the time such Option is granted the option price is at least 110% of the Fair Market Value of the Common Stock subject to the Option and (2) such Option by its terms is not exercisable after the expiration of five years from the date of grant.

7.3.3 If an Option is designated as an Incentive Stock Option in the Notice of Grant of Stock Option, to the extent that such Option (together with all Incentive Stock Options granted to the Optionee under the Plan and all other stock option plans of the Company and its parent and subsidiaries) becomes exercisable for the first time during any calendar year for shares having a Fair Market Value greater than \$100,000, the portion of each such Incentive Stock Option that exceeds such amount will be treated as a Nonstatutory Stock Option. For purposes of this Subsection, Options designated as Incentive Stock Options are taken into account in the order in which they were granted, and the Fair Market Value of Common Stock is determined as of the time the Option with respect to such Common Stock is granted. If the Code is amended to provide for a different limitation from that set forth in this Subsection, such different limitation will be deemed incorporated in the Plan effective as of the date required or permitted by such amendment to the Code. If the Option is treated as an Incentive Stock Option in part and as a Nonstatutory Stock Option in part by reason of the limitation set forth in this Subsection, the Optionee may designate which portion of such Option the Optionee is exercising. In the absence of such designation, the Optionee will be deemed to have exercised the Incentive Stock Option portion of the Option first. Separate certificates representing each such portion will be issued upon the exercise of the Option.

7.3.4 An Incentive Stock Option (1) will not be transferable otherwise than by will or the laws of descent and distribution and (2) will be exercisable during the Holder's lifetime only by such Holder or his guardian or legal representative.

7.3.5 The price at which a share of Common Stock may be purchased upon exercise of an Incentive Stock Option will not be less than 100% of the Fair Market Value of a share of Common Stock on the date such Option is granted.

7.4 Option Agreement.

7.4.1 Each Option will be evidenced by an Option Agreement in such form and containing such provisions not inconsistent with the provisions of the Plan as the Committee from time to time will approve, including, without limitation, provisions to qualify an Incentive Stock Option under section 422 of the Code and provisions relating to vesting and exercisability. The terms and conditions of the Options and respective Option Agreements need not be identical. Subject to the consent of the Holder, the Committee may, in its sole discretion, amend an outstanding Option Agreement from time to time in any manner that is not inconsistent with the provisions of the Plan (including, without limitation, an amendment that accelerates the time at which the Option, or a portion of the Option, may be exercisable).

Table of Contents

7.4.2 Each Option Agreement will specify the effect of termination of (1) employment, (2) the consulting, advisory, or other non-common law employee relationship, or (3) membership on the Board, as applicable, on the vesting and/or exercisability of the Option.

7.4.3 An Option Agreement may provide for the payment of the option price, in whole or in part, by the delivery of a number of shares of Common Stock (plus cash if necessary) having a Fair Market Value equal to such option price. Moreover, an Option Agreement may provide for a cashless exercise of the Option through procedures satisfactory to, and approved by and in the sole discretion of, the Committee. Generally, and without limiting the Committee's absolute discretion, a cashless exercise will only be permitted at such times in which the shares underlying this Option are publicly traded.

7.4.4 An Option Agreement may provide for the surrender of the right to purchase shares under the Option in return for a payment in cash or shares of Common Stock or a combination of cash and shares of Common Stock equal in value to the excess of the Fair Market Value of the shares with respect to which the right to purchase is surrendered over the option price for such shares (**Stock Appreciation Right**), on such terms and conditions as the Committee in its sole discretion may prescribe. In the case of any such Stock Appreciation Right that is granted in connection with an Incentive Stock Option, such right will be exercisable only when the Fair Market Value of the Common Stock exceeds the price specified for such Common Stock in the Option or the portion of the Option to be surrendered.

7.5 **Option Price, Payment, and Exercise.** Subject to Subsection 7.3.2 with respect to Incentive Stock Options, the price at which a share of Common Stock may be purchased upon exercise of an Option will be determined by the Committee, but such purchase price shall not be less than the Fair Market Value of a share of Common Stock on the date such Option is granted. The Option or portion of the Option may be exercised by delivery of an irrevocable notice of exercise to the Secretary of the Company, except as may otherwise be provided in the Option Agreement. The purchase price of the Option or portion of the Option will be paid in full in the manner prescribed by the Committee. Separate stock certificates will be issued by the Company for those shares acquired pursuant to the exercise of an Incentive Stock Option and for those shares acquired pursuant to the exercise of a Nonstatutory Stock Option.

7.6 **Stockholder Rights and Privileges.** The Holder will be entitled to all the privileges and rights of a stockholder only with respect to such shares of Common Stock as have been purchased under the Option and for which certificates of stock have been registered in the Holder's name.

7.7 **Options and Rights in Substitution for Stock Options Granted by Other Corporations.** Options and Stock Appreciation Rights may be granted under the Plan from time to time in substitution for stock options and such rights held by individuals employed by corporations who become Employees, Consultants, or Directors as a result of a merger, consolidation, or other business combination of the employing corporation with the Company or any Affiliate.

7.8 **Restrictions on Repricing of Options.** Except as provided in Section 12, the Committee may not, without approval of the stockholders of the Company, amend any outstanding Option Agreement to lower the option price (or cancel and replace any outstanding Option Agreement with Option Agreements having a lower option price).

8. RESTRICTED STOCK AWARDS

8.1 **Restricted Stock Agreement.** At the time any Award is made under this Section, the Company and the Holder will enter into a Restricted Stock Agreement setting forth each of

Table of Contents

the matters contemplated by the Plan and such other matters as the Committee may determine to be appropriate. The terms and provisions of the respective Restricted Stock Agreements need not be identical. Subject to the consent of the Holder and the restriction set forth in the last sentence of Section 8.4 below, the Committee may, in its sole discretion, amend an outstanding Restricted Stock Agreement from time to time in any manner that is not inconsistent with the provisions of the Plan.

8.2 Forfeiture Restrictions. Shares of Common Stock that are the subject of a Restricted Stock Award will be subject to restrictions on disposition by the Holder and an obligation of the Holder to forfeit and surrender the shares to the Company under certain circumstances (the **Forfeiture Restrictions**). The Forfeiture Restrictions will be determined by the Committee in its sole discretion, and the Committee may provide that the Forfeiture Restrictions will lapse upon (1) the attainment of one or more performance goals or targets established by the Committee, which are based on (i) the price of a share of Common Stock, (ii) the Company's earnings per share, (iii) the Company's market share, (iv) the market share of a business unit of the Company designated by the Committee, (v) the Company's sales, (vi) the sales of a business unit of the Company designated by the Committee, (vii) the net income (before or after taxes) of the Company or a business unit of the Company designated by the Committee, (viii) the cash flow return on investment of the Company or any business unit of the Company designated by the Committee, (ix) the earnings before or after interest, taxes, depreciation, and/or amortization of the Company or any business unit of the Company designated by the Committee, (x) the economic value added, or (xi) the return on stockholders' equity achieved by the Company; (2) the Holder's continued employment as an Employee with the Company or continued service as a Consultant or Director for a specified period of time; (3) the occurrence of any event or the satisfaction of any other condition specified by the Committee in its sole discretion; or (4) a combination of any of the foregoing. The performance measures described in clause (1) of the preceding sentence may be subject to adjustment for specified significant extraordinary items or events, and may be absolute, relative to one or more other companies, or relative to one or more indexes, and may be contingent upon future performance of the Company or any Affiliate, division, or department thereof. Each Restricted Stock Award may, in the discretion of the Committee, have different Forfeiture Restrictions.

8.3 Other Terms and Conditions. Common Stock awarded pursuant to a Restricted Stock Award will be represented by a stock certificate registered in the name of the Holder of such Restricted Stock Award. Unless otherwise provided in the Restricted Stock Agreement, the Holder will have the right to receive dividends with respect to Common Stock subject to a Restricted Stock Award, to vote Common Stock subject to such Restricted Stock Agreement, and to enjoy all other stockholder rights, except that (1) the Holder will not be entitled to delivery of the stock certificate until the Forfeiture Restrictions have lapsed, (2) the Company will retain custody of the stock until the Forfeiture Restrictions have lapsed, (3) the Holder may not sell, transfer, pledge, exchange, hypothecate, or otherwise dispose of the stock until the Forfeiture Restrictions have lapsed, and (4) a breach of the terms and conditions established by the Committee pursuant to the Restricted Stock Agreement will cause a forfeiture of the Restricted Stock Award. At the time of such Award, the Committee may, in its sole discretion, prescribe additional terms, conditions, or restrictions relating to Restricted Stock Awards, including, but not limited to, rules pertaining to the termination of employment or service as a Consultant or Director (by retirement, disability, death, or otherwise) of a Holder prior to lapse of the Forfeitures Restrictions. Such additional terms, conditions, or restrictions will be set forth in the Restricted Stock Agreement made in conjunction with the Award.

8.4 Committee's Discretion to Accelerate Vesting of Restricted Stock Awards. The Committee may, in its discretion and as of a date determined by the Committee, fully vest any or all Common Stock awarded to a Holder pursuant to a Restricted Stock Award, and, upon such vesting, all restrictions applicable to such Restricted Stock Award will lapse as of such date. Any action by the Committee pursuant to this Section may vary among individual Holders and may vary among the

Table of Contents

Restricted Stock Awards held by any individual Holder. Notwithstanding the preceding provisions of this Section, from and after the date upon which the Company becomes a publicly held corporation (as defined in section 162(m) of the Code and applicable interpretive authority under the Code), the Committee may not take any action described in this Section with respect to a Restricted Stock Award that has been granted after such date to a covered employee (within the meaning of Treasury Regulation section 1.162-27(c)(2)) if such Award has been designed to meet the exception for performance-based compensation under section 162(m) of the Code.

8.5 **Payment for Restricted Stock.** The Committee will determine the amount and form of any payment for Common Stock received pursuant to a Restricted Stock Award, provided that, in the absence of such a determination, a Holder will not be required to make any payment for Common Stock received pursuant to a Restricted Stock Award, except to the extent otherwise required by law.

9. PERFORMANCE AWARDS

9.1 **Performance Award Agreements.** At the time any Award is made under this Section, the Company and the Holder will enter into a Performance Award Agreement setting forth each of the matters contemplated by the Plan and such additional matters as the Committee may determine to be appropriate. The terms and provisions of the respective Performance Award Agreements need not be identical.

9.2 **Performance Period.** The Committee shall establish, with respect to and at the time of each Performance Award, the number of shares of Common Stock subject to, or the maximum value of, the Performance Award and the performance period over which the performance applicable to the Performance Award will be measured.

9.3 **Performance Measures.** A Performance Award shall be awarded to a Holder contingent upon future performance of the Company or any Affiliate, division, or department thereof during the performance period. The Committee shall establish the performance measures applicable to such performance either (i) prior to the beginning of the performance period or (ii) within 90 days after the beginning of the performance period if the outcome of the performance targets is substantially uncertain at the time such targets are established, but not later than the date that 25% of the performance period has elapsed; provided such measures may be made subject to adjustment for specified significant extraordinary items or events. The performance measures may be absolute, relative to one or more other companies, or relative to one or more indexes. The performance measures established by the Committee may be based upon (1) the price of a share of Common Stock, (2) the Company's earnings per share, (3) the Company's market share, (4) the market share of a business unit of the Company designated by the Committee, (5) the Company's sales, (6) the sales of a business unit of the Company designated by the Committee, (7) the net income (before or after taxes) of the Company or any business unit of the Company designated by the Committee, (8) the cash flow return on investment of the Company or any business unit of the Company designated by the Committee, (9) the earnings before or after interest, taxes, depreciation, and/or amortization of the Company or any business unit of the Company designated by the Committee, (10) the economic value added, (11) the return on stockholders' equity achieved by the Company, (12) the total stockholders' return achieved by the Company, or (13) a combination of any of the foregoing. The Committee, in its sole discretion, may provide for an adjustable Performance Award value based upon the level of achievement of performance measures.

9.4 **Awards Criteria.** In determining the value of Performance Awards, the Committee will take into account a Holder's responsibility level, performance, potential, other Awards, and such other considerations as it deems appropriate. The Committee, in its sole discretion, may provide for a reduction in the value of a Holder's Performance Award during the performance period.

Table of Contents

9.5 **Payment.** Following the end of the performance period, the Holder of a Performance Award will be entitled to receive payment of an amount not exceeding the number of shares of Common Stock subject to, or the maximum value of, the Performance Award, based on the achievement of the performance measures for such performance period, as determined and certified in writing by the Committee. Notwithstanding any provision in this Section to the contrary, any payment due with respect to a Performance Award shall be paid no later than ten years after the date of grant of such Performance Award. Payment of a Performance Award may be made in cash, Common Stock, or a combination thereof, as determined by the Committee. Payment shall be made in a lump sum or in installments as prescribed by the Committee. If a Performance Award covering shares of Common Stock is to be paid in cash, such payment shall be based on the Fair Market Value of the Common Stock on the payment date or such other date as may be specified by the Committee in the Performance Award Agreement.

9.6 **Termination of Award.** A Performance Award shall terminate if the Holder does not remain continuously in the employ of the Company and its Affiliates or does not continue to perform services as a Consultant or a Director for the Company and its Affiliates at all times during the applicable performance period, except as may be determined by the Committee.

10. PHANTOM STOCK AWARDS

10.1 **Phantom Stock Award Agreements.** At the time any Award is made under this Section, the Company and the Holder will enter into a Phantom Stock Award Agreement setting forth each of the matters contemplated by the Plan and such additional matters as the Committee may determine to be appropriate. The terms and provisions of the respective Phantom Stock Award Agreements need not be identical.

10.2 **Phantom Stock Awards.** Phantom Stock Awards are rights to receive shares of Common Stock (or the Fair Market Value thereof), or rights to receive an amount equal to any appreciation or increase in the Fair Market Value of Common Stock over a specified period of time, which vest over a period of time as established by the Committee, without satisfaction of any performance criteria or objectives. The Committee may, in its discretion, require payment or other conditions of the Holder respecting any Phantom Stock Award. A Phantom Stock Award may include, without limitation, a Stock Appreciation Right that is granted independently of an Option.

10.3 **Award Period.** The Committee shall establish, with respect to and at the time of each Phantom Stock Award, a period over which the Award will vest with respect to the Holder.

10.4 **Awards Criteria.** In determining the value of Phantom Stock Awards, the Committee will take into account a Holder's responsibility level, performance, potential, other Awards, and such other considerations as it deems appropriate.

10.5 **Payment.** Following the end of the vesting period for a Phantom Stock Award (or at such other time as the applicable Phantom Stock Award Agreement may provide), the Holder of a Phantom Stock Award will be entitled to receive payment of an amount, not exceeding the maximum value of the Phantom Stock Award, based on the then vested value of the Award. Payment of a Phantom Stock Award may be made in cash, Common Stock, or a combination thereof as determined by the Committee. Payment shall be made in a lump sum or in installments as prescribed by the Committee. Any payment to be made in cash shall be based on the Fair Market Value of the Common Stock on the payment date or such other date as may be specified by the Committee in the Phantom Stock Award Agreement. Cash dividend equivalents may be paid during or after the vesting period with respect to a Phantom Stock Award, as determined by the Committee.

Table of Contents

10.6 Termination of Award. A Phantom Stock Award shall terminate if the Holder does not remain continuously in the employ of the Company and its Affiliates or does not continue to perform services as a Consultant or a Director for the Company and its Affiliates at all times during the applicable vesting period, except as may be otherwise determined by the Committee.

11. BONUS STOCK AWARDS

11.1 Bonus Stock Awards. Each Bonus Stock Award granted to a Holder will constitute a transfer of unrestricted Common Stock on such terms and conditions as the Committee shall determine. Bonus Stock Awards will be made in shares of Common Stock and need not be subject to performance criteria or objectives or to forfeiture. The purchase price, if any, for Common Stock issued in connection with a Bonus Stock Award will be determined by the Committee in its sole discretion.

12. RECAPITALIZATION OR REORGANIZATION

12.1 No Effect on Board s or Stockholders Power. The existence of the Plan and the Awards granted under the Plan will not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize (1) any adjustment, recapitalization, reorganization, or other change in the Company s or any Affiliate s capital structure or its business, (2) any merger, share exchange, or consolidation of the Company or any Affiliate, (3) any issue of debt or equity securities ranking senior to or affecting Common Stock or the rights of Common Stock, (4) the dissolution or liquidation of the Company or any Affiliate, (5) any sale, lease, exchange, or other disposition of all or any part of the Company s or any Affiliate s assets or business, or (6) any other corporate act or proceeding.

12.2 Adjustment in the Event of Stock Subdivision, Consolidation, or Dividend. The shares with respect to which Awards may be granted are shares of Common Stock as presently constituted, but if, and whenever, prior to the expiration of an Award theretofore granted, the Company will effect a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by the Company, the number of shares of Common Stock with respect to which such Award may thereafter be exercised (1) in the event of an increase in the number of outstanding shares, will be proportionately increased, and the purchase price per share will be proportionately reduced, and (2) in the event of a reduction in the number of outstanding shares, will be proportionately reduced, and the purchase price per share will be proportionately increased. Any fractional share resulting from such adjustment will be rounded up to the next whole share.

12.3 Adjustment in the Event of Recapitalization or Corporate Change.

12.3.1 If the Company recapitalizes, reclassifies its capital stock, or otherwise changes its capital structure (a **recapitalization**), the number and class of shares of Common Stock covered by an Award theretofore granted will be adjusted so that such Award will thereafter cover the number and class of shares of stock and securities to which the Holder would have been entitled pursuant to the terms of the recapitalization if, immediately prior to the recapitalization, the Holder had been the holder of record of the number of shares of Common Stock then covered by such Award.

12.3.2 If a Corporate Change occurs, then no later than (1) 10 days after the approval by the stockholders of the Company of a Corporate Change, other than a Corporate Change resulting from a person or entity acquiring or gaining ownership or control of more than 50% of the outstanding shares of the Company s voting stock, or (2) 30 days after a Corporate Change resulting from a person or entity acquiring or gaining ownership or control of more than 50% of the outstanding shares of the Company s voting stock, the Committee, acting in its sole discretion and without the consent or approval of any

Table of Contents

Holder, will effect one or more of the following alternatives, which alternatives may vary among individual Holders and which may vary among Options held by any individual Holder:

12.3.2.1 Accelerate the vesting of any Options (or any portion of any Option) then outstanding;

12.3.2.2 Accelerate the time at which some or all of the Options (or any portion of the Options) then outstanding may be exercised so that such Options (or any portion of such Options) may be exercised for a limited period of time on or before a specified date (before or after such Corporate Change) fixed by the Committee, after which specified date all unexercised Options and all rights of Holders under such Options will terminate;

12.3.2.3 Require the mandatory surrender to the Company by selected Holders of some or all of the outstanding Options (or any portion of such Options) held by such Holders (irrespective of whether such Options (or any portion of such Options) are then vested or exercisable under the provisions of the Plan) as of a date, before or after such Corporate Change, specified by the Committee, in which event the Committee will then cancel such Options (or any portion of such Options) and cause the Company to pay each Holder an amount of cash per share equal to the excess, if any, of the Change of Control Value of the shares subject to such Option over the exercise price(s) under such Options for such shares;

12.3.2.4 Make such adjustments to Options (or any portion of such Options) then outstanding as the Committee deems appropriate to reflect such Corporate Change (provided, however, that the Committee may determine in its sole discretion that no adjustment is necessary to one or more Options (or any portion of such Options) then outstanding); or

12.3.2.5 Provide that the number and class of shares of Common Stock covered by an Option (or any portion of such Option) theretofore granted will be adjusted so that such Option will thereafter cover the number and class of shares of stock or other securities or property (including, without limitation, cash) to which the Holder would have been entitled pursuant to the terms of the agreement of merger, consolidation, or sale of assets or dissolution if, immediately prior to such merger, consolidation, or sale of assets or dissolution, the Holder had been the holder of record of the number of shares of Common Stock then covered by such Option.

12.4 **Change of Control Value**. For purposes of Subsection 12.3(b)(iii) above, the Change of Control Value will equal the amount determined in one of the following clauses, whichever is applicable:

12.4.1 The per share price offered to stockholders of the Company in any such merger, consolidation, sale of assets, or dissolution transaction;

12.4.2 The price per share offered to stockholders of the Company in any tender offer or exchange offer whereby a Corporate Change takes place; or

12.4.3 If such Corporate Change occurs other than pursuant to a tender or exchange offer, the fair market value per share of the shares into which such Options being surrendered are exercisable, as determined by the Committee as of the date determined by the Committee to be the date of cancellation and surrender of such Options.

In the event that the consideration offered to stockholders of the Company in any transaction described in this Section or in Section 12.3 above consists of anything other than cash, the Committee will determine in its discretion the fair cash equivalent of the portion of the consideration offered that is other than cash.

12.5 Other Adjustments. In the event of changes in the outstanding Common Stock by reason of recapitalizations, mergers, consolidations, reorganizations, liquidations, combinations, split-ups, split-offs, spin-offs, exchanges, issuances of rights or warrants, or other relevant changes in capitalization or distributions to the holders of Common Stock occurring after the date of grant of any Award and not otherwise provided for by this Section, (1) such Award and any agreement evidencing such Award will be subject to adjustment by the Committee in its discretion as to the number and price of shares of Common Stock or other consideration subject to such Award, and (2) the aggregate number of shares available under the Plan, the aggregate number of shares that may be issued under the Plan through Incentive Stock Options, and the maximum number of shares that may be subject to Awards to any one individual may be appropriately adjusted by the Committee, whose determination will be conclusive and binding on all parties. Notwithstanding the foregoing, except as otherwise provided by the Committee, upon the occurrence of a Corporate Change, the Committee, acting in its sole discretion without the consent or approval of any Holder, may require the mandatory surrender to the Company by selected Holders of some or all of the outstanding Performance Awards and Phantom Stock Awards as of a date, before or after such Corporate Change, specified by the Committee, in which event the Committee shall thereupon cancel such Performance Awards and Phantom Stock Awards and the Company shall pay (or cause to be paid) to each Holder an amount of cash equal to the maximum value (which maximum value may be determined, if applicable and in the discretion of the Committee, based on the then Fair Market Value of the Common Stock) of such Performance Award or Phantom Stock Award which, in the event the applicable performance or vesting period set forth in such Performance Award or Phantom Stock Award has not been completed, will be multiplied by a fraction, the numerator of which is the number of days during the period beginning on the first day of the applicable performance or vesting period and ending on the date of the surrender, and the denominator of which is the aggregate number of days in the applicable performance or vesting period.

12.6 Stockholder Action. If any event giving rise to an adjustment provided for in this Section requires stockholder action, such adjustment will not be effective until such stockholder action has been taken.

12.7 No Adjustment Except as Provided in the Plan. Except as expressly provided in the Plan, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class for cash, property, labor, or services, upon direct sale, upon the exercise of rights or warrants to subscribe for such shares or other securities, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, will not affect, and no adjustment by reason thereof will be made with respect to, the number of shares of Common Stock subject to Awards theretofore granted or the purchase price per share, if applicable.

13. AMENDMENT AND TERMINATION OF THE PLAN

13.1 Termination of Plan. The Board in its discretion may terminate the Plan at any time with respect to any shares of Common Stock for which Awards have not theretofore been granted.

13.2 Amendment of Plan. The Board will have the right to alter or amend the Plan or any part of the Plan from time to time; provided that no change in any Award theretofore granted may be made that would impair the rights of the Holder without the consent of the Holder; and provided, further, that the Board may not, without approval of the stockholders, amend the Plan to (1) increase the

maximum aggregate number of shares that may be issued under the Plan, (2) increase the maximum number of shares that may be issued under the Plan through Incentive Stock Options, (3) change the class of individuals eligible to receive Awards under the Plan, or (4) amend or delete Section 7.8 of the Plan.

14. MISCELLANEOUS

14.1 **No Right To An Award**. Neither the adoption of the Plan nor any action of the Board or of the Committee will be deemed to give any individual any right to be granted an Option, a right to a Restricted Stock Award, a right to a Performance Award, a right to a Phantom Stock Award, a right to a Bonus Stock Award, or any other rights under the Plan except as may be evidenced by an Award agreement duly executed on behalf of the Company, and then only to the extent and on the terms and conditions expressly set forth in such Agreement.

14.2 **Unfunded Plan**. The Plan will be unfunded. The Company will not be required to establish any special or separate fund or to make any other segregation of funds or assets to insure the payment of any Award.

14.3 **No Employment/Consulting/Membership Rights Conferred**. Nothing contained in the Plan will (1) confer upon any Employee or Consultant any right with respect to continuation of employment or of a consulting, advisory, or other non-common law relationship with the Company or any Affiliate or (2) interfere in any way with the right of the Company or any Affiliate to terminate any Employee's employment or any Consultant's consulting, advisory, or other non-common law relationship at any time. Nothing contained in the Plan will confer upon any Director any right with respect to continuation of membership on the Board.

14.4 **Compliance with Other Laws**. The Company will not be obligated to issue any Common Stock pursuant to any Award granted under the Plan at any time when the shares covered by such Award have not been registered under the Securities Act of 1933, as amended, and such other state and federal laws, rules, or regulations as the Company or the Committee deems applicable and, in the opinion of legal counsel to the Company, there is no exemption from the registration requirements of such laws, rules, or regulations available for the issuance and sale of such shares. No fractional shares of Common Stock will be delivered, nor will any cash in lieu of fractional shares be paid.

14.5 **Withholding**. The Company will have the right to deduct or cause to be deducted in connection with all Awards any taxes required by law to be withheld and to require any payments required to satisfy applicable withholding obligations.

14.6 **No Restriction on Corporate Action**. Nothing contained in the Plan will be construed to prevent the Company or any Affiliate from taking any corporate action that is deemed by the Company or such Affiliate to be appropriate or in its best interest, whether or not such action would have an adverse effect on the Plan or any Award made under the Plan. No Employee, Consultant, Director, beneficiary, or other person will have any claim against the Company or any Affiliate as a result of any such action.

14.7 **Restrictions on Transfer**. Except as otherwise provided by the Committee as set forth in this Section, an Award (other than an Incentive Stock Option, which will be subject to the transfer restrictions set forth in [Section 7.3](#)) will not be transferable otherwise than by will or the laws of descent and distribution or pursuant to a domestic relations order entered or approved by a court of competent jurisdiction upon delivery to the Company of written notice of such transfer and a certified copy of such order. The Committee shall have the discretion to permit the transfer of an Award (other than an Incentive Stock Option); provided, however, that such transfer shall be limited to members of a

Holder's immediate family (as defined in Rule 16(a)-1(e) of the 1934 Act), trusts, and partnerships established for the primary benefit of such family members or to charitable organizations; and provided further, that such transfer is not made for consideration to the Holder.

14.8 **Governing Law**. The Plan shall be governed by, and construed in accordance with, the laws of the state of Delaware, without regard to conflicts of laws principles thereof.
