ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE.

(a) On October 25, 2001, the U.S. Federal Trade Commission ("FTC") announced its decision to file an administrative complaint challenging the Company's February 2001 acquisition of certain assets of the Engineered Construction Division of Pitt-Des Moines, Inc. The complaint alleges that the acquisition violated Federal antitrust laws by substantially lessening competition in certain field erected specialty industrial storage tank product lines in the United States: LNG tanks, LPG tanks, LIN/LOX/LAR tanks, and thermal vacuum chambers. These product lines challenged by the FTC do not represent (or constitute) commercially viable markets in the United States. The FTC is seeking various remedies, including an order that would re-establish two distinct and separate, viable and competing businesses engaged in the design, engineering, fabrication, construction and sale of the relevant product lines.

Edgar Filing: CHICAGO BRIDGE & IRON CO N V - Form 8-K

The Company believes the complaint is without substantive merit and intends to defend the action. The Company is unable to assess the ultimate outcome or potential effect of this proceeding on its business, financial condition and results of operations.

A copy of the Company's press release dated October 25, 2001 is attached as an exhibit hereto.

(b) The Company issued a press release dated November 1, 2001 announcing its results of operations for the third quarter ended September 30, 2001, a copy of which is attached as an exhibit hereto.
