PART III(a). COMPENSATION OF OFFICERS AND DIRECTORS

EXECUTIVE COMPENSATION

NOMINATING AND COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Nominating and Compensation Committee's compensation policy is designed to relate total compensation (base salary, annual incentives and long-term stock-based compensation) to corporate performance. This policy applies to all of the Named Officers, including the Chief Executive Officer, as of December 31, 2002. The Committee discusses and considers executive compensation matters, then makes recommendations to the full board of directors, which takes the final action on these matters. The board of directors accepted all of the Committee's recommendations in 2002.

The Committee has engaged Hewitt Associates, an independent compensation consulting firm, to advise it and provide surveys of comparative compensation practices for (1) a group of energy-oriented companies, including electric, gas or combination utility companies, diversified energy companies and companies with gas marketing, transmission and distribution operations and energy services operations, and (2) a diversified group of companies representing general industry. The 2002 executive compensation comparative groups consisted of 37 and 36 companies, respectively, from which data was available to Hewitt and which the Committee believed to be competitors of the Company for executive talent. The Committee may change the companies contained within the comparative compensation groups in future years if information about any company included in a group is not available, any companies included in a group are no longer competitors for executive talent, or if the Committee determines that different energy or other types of companies are competitors of the Company. The Company's comparative compensation groups include some, but not all, of the companies that make up the Dow Jones Utilities Index used in the Stock Price Performance Graph and consist of a larger number of companies than contained in the index.

The Committee considers the surveys provided by Hewitt in determining base salary, annual incentives and long-term stock-based compensation. The Committee's philosophy is to set conservative base salaries at or near the medians of the energy and general industry comparative groups, and to supplement them with restricted/contingent stock awards and performance-based variable compensation in the form of annual incentives under the Annual Incentive Plan and option grants under the Long-Term Incentive Plan. This mix of compensation

Edgar Filing: NISOURCE INC/DE - Form U5S

allows an executive's annual total compensation to fluctuate according to the Company's financial performance. Through the use of stock options and annual incentives, the Committee continues to provide a performance-based component to compensation. The Company's long-term incentive awards are stock-based (for example, stock options, restricted stock awards and contingent stock awards) to emphasize long-term stock price appreciation and the concomitant increased stockholder value. In 2002, total compensation of the executive officers was targeted between the 50th and the 75th percentile of the relevant comparative compensation group.

In establishing Mr. Neale's base salary for 2002, the Committee reviewed information provided by Hewitt regarding the chief executive officer compensation practices of comparable utility and energy companies. The Committee determined to set base salary near the median salary of the comparative group, giving regard to Mr. Neale's proven abilities and strong performance with the Company since joining it as Executive Vice President and Chief Operating Officer in 1989. As with the other executive officers, Mr. Neale's total compensation was targeted to be between the 50th and the 75th percentile of the relevant comparative compensation group, depending upon the Company's financial performance. As with the other executives, Mr. Neale's annual incentive under the Annual Incentive Plan is based on the Company's performance against certain financial performance targets established by the Committee. As part of his total compensation package Mr. Neale also received stock options in 2002 as part of the company's stock option program under which awards are made to various management employees of the Company and its subsidiaries. Because the value of the options to Mr. Neale is a function of the price growth of the company's stock, the amount Mr. Neale would realize from his options is tied directly to increases in shareholder value.

ITEM 6. OFFICERS AND DIRECTORS (continued)

The Committee determines annual incentive targets for all executive officers in accordance with the Annual Incentive Plan. Each year, the Committee approves certain financial performance targets to be included in the formula set forth in the Annual Incentive Plan for awarding annual incentives. Annual incentives awarded to each of the Named Officers (including the Chief Executive Officer) are based on overall corporate performance, rather than individual performance of the executive. In 2002, targets were based on earnings per share, while in 2003, targets will be based on net income from continuing operations. The Annual Incentive Plan establishes a threshold level of financial performance (below which no annual incentive is paid), a target level, and a maximum level (above which no additional annual incentive is paid). The range of awards and levels of awards (as a percent of base salary), if financial performance thresholds are achieved, are as follows:

	Range	Award if Targets Me
Chief Executive Officer	40.0% to 120.0%	80.0%
Vice Chairman	35.0% to 105.0%	70.0%
Chief Operating Officer	35.0% to 105.0%	70.0%
President and Executive Vice Presidents	32.5% to 97.5%	65.0%
Other Vice Presidents	20.0% to 75.0%	40.0% to 50.0%

Edgar Filing: NISOURCE INC/DE - Form U5S

The Committee determined that the Company would have met the threshold set under the Annual Incentive Plan had the Company not taken a charge to earnings in connection with the Company's decision to exit the telecommunications business, a business acquired by the Company as part of the acquisition of Columbia Energy Group. Therefore, while the Company's actual earnings per share in 2002 were lower than threshold, the Committee awarded the Company's eligible employees, including the executive officers, a discretionary bonus which in each case was less than the minimum annual incentive that would have been paid if threshold had been met under the Annual Incentive Plan.

In addition to base salaries and annual incentives, executive officers are also eligible to receive stock-based awards under the Company's Long-Term Incentive Plan. Under the Long-Term Incentive Plan, the Committee may award stock options, stock appreciation rights, performance units, restricted stock awards, contingent stock awards and dividend equivalents. The Committee considers base salaries of the executive officers, prior awards under the Long-Term Incentive Plan, and the Company's total compensation target in establishing long-term incentive awards. For purposes of determining the number of options and/or shares to be granted to reach total target compensation, options granted to executive officers are valued using the Black-Scholes option pricing model at the time of grant and restricted stock awards and contingent stock awards granted to executive officers are valued using Hewitt's present value pricing model. In 2002, stock options were awarded to each of the Named Officers, and the number of options granted to each Named Officer was based on these considerations. The compensation value of stock options depends on actual stock price appreciation.

The Committee's compensation policy continues to be re-evaluated in order to ensure that the executives' total compensation packages align with and support the Company's business objectives while also aligning the interests of the executive officers with the Company's performance as well as the interests of its stockholders. In that regard, the Committee believes that compensation packages should emphasize long-term growth and stability, while continuing to provide incentives for short-term appreciation. As such, the Company's long-term stock-based compensation has become more focused on grants of restricted stock and contingent stock, with longer vesting and holding periods, versus stock options. The ratio of the value of the contingent/restricted stock awards to option grants is now approximately 75% to 25%. While historically contingent and restricted stock awards contained certain performance vesting criteria (and grants of contingent stock made in 2000 and 2001 still contain these performance criteria), these vesting criteria resulted in variable, mark to market accounting treatment, requiring quarterly adjustments to net income that were not reflective of the Company's financial performance from operations. The Committee determined that it was in the best interests of the Company and its stockholders to retain, as part of the total compensation package, grants of restricted and contingent stock which were tied to the performance of the Company, but that avoided the negative impact associated with variable accounting treatment.

ITEM 6. OFFICERS AND DIRECTORS (continued)

Therefore, beginning in 2003, grants of restricted stock and contingent stock under the Long Term Incentive Plan will be made pursuant to a new Time Accelerated Restricted Stock Award Program ("TARSAP"). Restrictions with respect to awards will lapse at the end of a three-year performance cycle if the Company meets both a peer group target and an absolute target. For the performance cycle commencing on January 1, 2003 and ending on December 31, 2005 the peer group target is a 60th percentile for relative total shareholder return ranking and

Edgar Filing: NISOURCE INC/DE - Form U5S

the absolute earnings target is a 12% annualized compound total shareholder return. If both of the targets are not met, restrictions with respect to an award will not lapse at the end of a three-year performance cycle but will lapse on the sixth anniversary of the date of grant of the award. The TARSAP program provides a compensation component, which aligns the Company's interest in stable long-term growth and the stockholders' interests in tying executive compensation to Company performance.

Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1,000,000 per year paid to the chief executive officer or any of the other Named Officers, other than compensation meeting the definition of "performance based compensation," will not be deductible by a corporation for federal income tax purposes. Because a significant portion of total compensation is performance based and certain executives have agreed to limitations on the amount of certain grants under the Long-Term Incentive Plan, which can vest in any year, the Committee does not anticipate that the limits of Section 162(m) will materially affect the deductibility of compensation paid by the Company in 2002. However, the Committee will continue to review the deductibility of compensation under Section 162(m) and related regulations.

The Committee believes that its overall executive compensation program has been successful in providing competitive compensation sufficient to attract and retain highly qualified executives, while at the same time encouraging increased performance from the executive officers, which creates additional stockholder value.

- (1) All options granted in 2002 are fully exercisable commencing one year from the date of grant. Vesting may be accelerated as a result of certain events relating to a change in control of the Company. The exercise price and tax withholding obligation related to exercise may be paid by delivery of already owned shares of common stock, subject to certain conditions.
- (2) Based on an aggregate of 2,190,745 options granted to all employees in 2002.
- (3) The options were granted at the average of high and low sale prices of the common stock on January 25, 2002, as reported on the New York Stock Exchange Composite Transactions Tape.
- (4) Grant date present value is determined using the Black-Scholes option-pricing model. The assumptions used in the Black-Scholes option pricing model for the January 25, 2002 grants (expiring January 24, 2012) were as follows: expected volatility - 30% (estimated stock price volatility for the term of the grant); risk-free rate of return - 5.04% (the rate for a ten-year U.S. treasury); discount for risk of forfeiture - 10%; estimated annual dividend - \$1.16; expected option term - ten years; and vesting - 100% one year after date of grant. No assumption was made relating to non-transferability. Actual gains, if any, on option exercises and common shares are dependent on the future performance of the common stock and overall market condition. The amounts reflected in this table may not be achieved.

The credited years of service for each of the Named Officers (other than Mr. O'Donnell), pursuant to the Pension Plan and Supplemental Executive Retirement Plan, are as follows: Gary L. Neale - 28 years; Stephen P. Adik - 24 years; Patrick J. Mulchay - 40 years; Mark D. Wyckoff - 11 years; S. LaNette Zimmerman - 22; and Jeffrey W. Yundt - 23 years.

Upon their retirement, regular employees and officers of the Company and its subsidiaries which adopt the plan (including directors who are also full-time officers) will be entitled to a monthly pension in accordance with the provisions of the Company's pension plan, originally effective as of January 1, 1945. The directors who are not and have not been officers of the Company are not included in the pension plan. The pensions are payable out of a trust fund established under the pension plan with The Northern Trust Company trustee. The trust fund consists of contributions made by the Company and the earnings of the fund. Over a period of years the contributions are intended to result in overall actuarial solvency of the trust fund. The pension plan of the Company has been determined by the Internal Revenue Service to be qualified under Section 401 of the Internal Revenue Code.

ITEM 6. OFFICERS AND DIRECTORS (continued)

The pension plan was amended and restated effective July 1, 2002 to add a "cash balance feature." Participants in the plan as of December 31, 2002 were entitled to elect to remain in the "final average pay feature" of the plan or to begin participating in the new cash balance feature. Participants hired on and after January 1, 2002 automatically participate in the cash balance feature. A participant in the cash balance feature will have a benefit consisting of his or her opening account balance (his or her accrued benefit under the final average pay feature of the plan as of December 31, 2002, if any) plus annual pay and interest credits to his or her cash balance account. Pay credits equal a percentage of compensation based on the participant's combined age and service. Interest is credited to his or her account based on the interest rate on 30-year treasury securities, as determined by the Internal Revenue Service, for the September immediately preceding the first day of each year, but not less than 4%. Upon retirement, termination of employment or death, the participant or his or her beneficiary will receive a benefit that is the equivalent of his or her cash balance account balance. Participants and beneficiaries are entitled to elect to receive payment of this benefit pursuant to various alternatives including a lump sum option.

Pension benefits are determined separately under the final average pay portion of the plan for each participant. The formula for a monthly payment for retirement at age 65 is 1.7% of average monthly compensation multiplied by years of service (to a maximum of 30 years) plus 0.6% of average monthly compensation multiplied by years of service over 30. Average monthly compensation is the average for the 60 consecutive highest-paid months in the employee's last 120 months of service. Covered compensation is defined as wages reported as W-2 earnings (up to a limit set forth in the Internal Revenue Code and adjusted periodically) plus any salary reduction contributions made under the Company's 401(k) plan, minus any portion of a bonus in excess of 50% of base pay and any

Edgar Filing: NISOURCE INC/DE - Form U5S

amounts paid for unused vacation time and vacation days carried forward from prior years. The benefits listed in the Pension Plan table are not subject to any deduction for Social Security or other offset amounts.

The Company also has a Supplemental Executive Retirement Plan, which applies to those officers, and other employees selected by the board of directors to participate in the plan. Benefits from this plan are to be paid from the general assets of the Company.

The Supplemental Executive Retirement Plan provides a retirement benefit at age 65 of the greater of (i) 60% of five-year average pay (prorated for less than 20 years of service) and an additional 0.5% of 5-year average pay per year for participants with between 20 and 30 years of service, less Primary Social Security Benefits or (ii) the benefit formula under the Company's Pension Plan. In either case, the benefit is reduced by the actual pension payable from the Company's Pension Plan. In addition, the Supplemental Executive Retirement Plan provides certain early retirement and disability benefits and pre-retirement death benefits for the spouse of a participant.

Mr. O'Donnell continues to participate in the Retirement Plan of Columbia Energy Group, a subsidiary of the Company. Mr. O'Donnell has 30 credited years of service under this plan. The formula for a retiree's monthly retirement benefit at age 65 under the Retirement Plan of Columbia Energy Group is (i) 1.15% of the retiree's final average compensation that does not exceed 1/2 of the average Social Security wage base times years of service up to 30, plus (ii) 1.5% of the retiree's final average compensation in excess of 1/2 of the average Social Security wage base times years of service up to 30, plus (iii) .5% of the retiree's final average compensation times years of service between 30 and 40. In addition, Mr. O'Donnell participates in Columbia Energy Group's Pension Restoration Plan which provides for a supplemental retirement benefit equal to the difference between (i) the benefit he would have received under the Retirement Plan had such benefit not been limited by section 401(a)(17) of the Internal Revenue Code and reduced by his deferrals into the Columbia Executive Deferred Compensation Plan, minus (ii) the actual benefit he received under the Retirement Plan.

The Company has entered into an agreement with Ms. Zimmerman, which provides for an additional retirement benefit in the event Ms. Zimmerman's employment with the Company terminates either (i) due to death or disability prior to December 31, 2003, or (ii) for reasons other than her involuntary termination for good cause after December 31, 2003. In either such event, Ms. Zimmerman's monthly retirement benefit under the Supplemental Executive Retirement Plan will be computed upon the assumption that her first day of service was January 1, 1981 and will be reduced by the amount of her retirement benefit that she receives under the pension plan of her previous employer.

ITEM 6. OFFICERS AND DIRECTORS (continued)

CHANGE IN CONTROL AND TERMINATION AGREEMENTS

The Company has entered into Change in Control and Termination Agreements with Mr. Neale and the other Named Officers. The Company believes that these agreements are in the best interests of the stockholders, to insure that in the event of extraordinary events, totally independent judgment is enhanced to maximize stockholder value. The agreements can be terminated on three years' notice and provide for the payment of specified benefits if the executive terminates employment for good reason or is terminated by the Company for any reason other than good cause within 24 months following certain changes in

Edgar Filing: NISOURCE INC/DE - Form U5S

control. Each of these agreements also provides for payment of these benefits if the executive voluntarily terminates employment for any reason during a specified one-month period within 24 months following a change in control or, in the case of Messrs. Neale and Adik, at any time during this 24 month period. No amounts will be payable under the agreements if the executive's employment is terminated by the Company for good cause (as defined in the agreements).

The agreements provide for the payment of three times the executive's current annual base salary and target incentive bonus compensation. The executive will also receive a pro rata portion of the executive's targeted incentive bonus for the year of termination. The executive would also receive benefits from the Company that would otherwise be earned during the three-year period following the executive's termination under the Company's Supplemental Executive Retirement Plan and qualified retirement plans. All stock options held by the executive would become immediately exercisable upon the date of termination of employment, and the restrictions would lapse on all restricted stock and contingent stock awards which have been made to the executive. The Company will increase the payment made to the executive as necessary to compensate the executive on an after-tax basis for any parachute penalty tax imposed on the payment of amounts under the contracts.

During the three-year period following the executive's termination, the executive and his or her spouse or other dependents will continue to be covered by applicable health or welfare plans of the Company. If the executive dies during the three-year period following the executive's termination, all amounts payable to the executive will be paid to a named beneficiary.

The agreement with Mr. Neale provides for the same severance payments as described above in the event his employment is terminated at any time by the Company (other than for good cause) or due to death or disability, or if he voluntarily terminates employment with good reason (as defined in the agreement), even in the absence of a change in control.

In connection with Mr. Yundt's retirement, the Company agreed to pay to Mr. Yundt an enhanced retirement benefit equal to the excess of (1) the retirement benefit Mr. Yundt would have received under the SERP, the Company's Pension Plan and Northern Indiana Public Service Company's Pension Plans, as in existence on January 31, 2003, as if Mr. Yundt had (i) reached age 60 and completed 25 years of service under the plans as of January 31, 2003 and (ii) received the greater of the threshold 2002 incentive bonus or his actual bonus, over (2) the aggregate benefit that Mr. Yundt was otherwise entitled to receive under the plans. Mr. Yundt's agreement also provides that, in the event that certain change in control events occur within a specified period of time following his date of retirement, Mr. Yundt would be entitled to receive the benefits set forth in his existing change in control agreement, less any benefits he received pursuant to his enhanced retirement benefit. Likewise, in connection with Mr. Mulchay's retirement, the Company entered into a retirement agreement with Mr. Mulchay entitling him to receive the benefits set forth in his existing change in control agreement in the event that certain change in control events occur within a specified period of time following his date of retirement, less any benefits he received pursuant to his severance agreement.

COMPENSATION OF THE COMPANY'S DIRECTORS

The Company pays each director who is not receiving a salary from the Company \$30,000 for each year, \$3,000 annually for each standing committee on which the director sits, \$1,000 annually for each committee chairmanship, \$1,200 for each board meeting attended and \$750 per committee meeting attended. Under a deferred compensation arrangement, directors may elect to have their fees deferred in the current year and credited to an interest-bearing account or to a phantom stock account for payment in the future.

ITEM 6. OFFICERS AND DIRECTORS (continued)

The Company's Nonemployee Director Retirement Plan provides a retirement benefit for each nonemployee director currently serving on the board who was originally elected or appointed to the board prior to December 31, 2001, who has completed at least five years of service on the board and who has not elected to opt out of the plan. Directors who are first elected or appointed to the board after 2001 will not be eligible to participate in the retirement plan. The benefit under the plan is a monthly amount equal to one-twelfth of the annual retainer for board service in effect at the time of the director's retirement from the board and will be paid for 120 months, or the number of full months of service the individual served as a nonemployee director of the Company, whichever is less. Directors first elected prior to 2001 who elected to opt out of the plan in 2002 will receive, under the Company's Nonemployee Director Stock Incentive Plan, as amended and restated effective as of July 1, 2002, restricted stock units of comparable value to the present value of the retirement benefit such director had earned under the retirement plan through June 30, 2002. Directors who opt out of the retirement plan and directors first elected after 2001 will not receive a retirement benefit under the retirement plan, but instead may receive, at the discretion of the Nominating and Compensation Committee, additional restricted shares of common stock and restricted stock unit grants under the Company's Nonemployee Director Stock Incentive Plan to ensure that the retirement benefit, together with other compensation paid to the nonemployee director, delivers a competitive compensation package.

The Company's Nonemployee Director Stock Incentive Plan provides for a grant of 2,600 restricted shares of common stock to each nonemployee director of the Company upon his or her election or re-election as a director of the Company. The grants of restricted common stock vest in 20% annual increments, with all of a director's stock vesting five years after the date of award. However, the grants vest immediately upon the director's death, disability or retirement after attaining age 70, or the effective date of a change in control of the Company. In 2002, Messrs. Rolland, Thompson and Young each received a grant of 2,600 restricted shares of common stock under this plan. The board may designate that a scheduled award will consist of nonqualified stock options rather than restricted stock; if so, then, in lieu of restricted shares, each nonemployee director shall be granted a nonqualified option to purchase 7,800 shares of common stock. Grants of nonqualified stock options vest in 20% annual increments and become fully vested on the fifth anniversary of the date of the grant. The grants will vest immediately upon the director's death, disability or retirement after attaining age 70, or the effective date of a change in control of the Company.

Pursuant to the proposed amendments to the Company's Nonemployee Director Stock Incentive Plan, the incentive plan will also provide for grants to nonemployee directors of restricted stock units that have a value related to the Company's common stock. These restricted stock units had previously been granted to nonemployee directors under the Company's Nonemployee Director Restricted Stock Unit Plan; however, under the proposed amendments to the incentive plan, the provisions of the Restricted Stock Unit Plan regarding the grants of such restricted stock units will be merged into the incentive plan. Under the Restricted Stock Unit Plan, each nonemployee director received an initial grant of 500 units in April 1999. Thereafter, each nonemployee director received, upon his or her election or re-election to the board, an additional grant of units, which beginning in 2002, was increased to 600 units. Pursuant to the proposed amendments, the additional grants of 600 units to each nonemployee director upon his or her election or re-election to the board will be made under the incentive plan. The grants of units vest in 20% annual increments, with all of a

Edgar Filing: NISOURCE INC/DE - Form U5S

director's units vesting five years after the date of award. The grants vest immediately upon the director's death, disability or retirement after attaining age 70, or the effective date of a change in control of the Company. Additional units are credited to each nonemployee director with respect to the units included in his or her account from time to time to reflect dividends paid to stockholders of the Company with respect to common stock. The units have no voting or other stock ownership rights and are payable in shares of the Company's common stock. In 2002, Messrs. Rolland, Thompson and Young each received a grant of 600 units.

The Company has adopted a Directors' Charitable Gift Program for nonemployee directors. Under the program, the Company makes a donation to one or more eligible tax-exempt organizations as designated by each eligible director. The Company contributes up to an aggregate of \$125,000 for each nonemployee director who has served as a director of the Company for at least five years and up to an additional \$125,000 (for an overall \$250,000) for each nonemployee director who has served ten years or more. Organizations eligible to receive a gift under the program include charitable organizations and accredited United States institutions of higher learning. Individual directors derive no financial benefit from the program, as all deductions relating to the charitable donations accrue solely to the Company. A director's private foundation is not eligible to receive donations under the program. All current nonemployee directors are eligible to participate in the program.

ITEM 8. SERVICE, SALES AND CONSTRUCTION CONTRACTS (continued)

PART II. SYSTEM CONTRACTS TO PURCHASE GOODS OR SERVICES FROM ANY AFFILIATE (OTHER THAN A SYSTEM COMPANY) OR A COMPANY IN WHICH ANY OFFICER OR DIRECTOR IS A PARTNER OR OWN 5% OR MORE OF ANY CLASS OF EQUITY SECURITIES.

None.

PART III. SYSTEM CONTRACTS WITH OTHERS ON A CONTINUING BASIS FOR MANAGEMENT, SUPERVISORY, OR FINANCIAL ADVISORY REVIEW.

None.

ITEM 9. WHOLESALE GENERATORS AND FOREIGN UTILITY COMPANIES

PART I. BUSINESS, CAPITAL, DEBT TO EQUITY RATIO AND SERVICE CONTRACTS.

(a) Company, location and business address.

Bay State GPE, Inc. (BSGPE)

BSGPE, a Massachusetts corporation, at 300 Friberg Parkway, Westborough, Massachusetts is an EWG. It owns a turbo expander in Agawam, Massachusetts that generates electricity from a turbine engine as gas pressure is reduced when transferred from high pressure interstate pipelines to lower pressure local distribution pipes. BSGPE is a wholly owned subsidiary of Bay State Gas.

Whiting Clean Energy, Inc. (WCE)

WCE, a wholly owned subsidiary of Primary Energy, Inc., is an EWG. WCE's business address is 801 E. 86th Avenue, Merrillville, Indiana. WCE leases a combined-cycle cogeneration facility located at BP's Whiting, Indiana refinery consisting of two gas-fired combustion turbines (each with a generating capacity of 166 megawatts) and a 213-megawatt steam turbine generator. For financial reporting purposes, the facility and the associated debt

Edgar Filing: NISOURCE INC/DE - Form U5S

are reported as if WCE owns the facility. WCE is responsible for the operation and maintenance of the facility.

(b) Type and amount of capital invested.

When BSGPE was incorporated, Bay State Gas acquired all of the issued and outstanding shares of BSGPE's common stock for \$1,000. Bay State also transferred ownership of the turbo expander and related facilities to BSGPE at its net book value. Neither Bay State Gas, nor NiSource, Inc. has made any financial guarantee to any party for BSGPE.

Primary Energy, Inc.'s investment in WCE consists mainly of its guarantee of WCE's performance under the lease through its parent NiSource Inc. The lease was initiated in the first quarter of 2002. The unamortized value of the project amounts to approximately \$318 million. However, for financial reporting purposes, NiSource owns the WCE facility and has approximately \$329.8 of long-term debt on its balance sheet.

47

ITEM 9. WHOLESALE GENERATORS AND FOREIGN UTILITY COMPANIES (continued)

(c) Ratio of debt to common equity and earnings of the company for the year ended December 31, 2002.

As of December 31, 2002, BSGPE had no debt outstanding and for the calendar year 2002, the turbo expander did not operate and did not generate revenue. BSGPE had a net loss of \$28,482 for 2002.

WCE had \$20.3 million in notes payable outstanding at December 31, 2002 to NiSource Finance Corp. In addition, for financial reporting purposes, WCE had \$329.8 million of debt outstanding to third parties. The debt to equity ratio for WCE at December 31, 2002 is not meaningful since the company's equity capitalization is effectively zero. For 2002, WCE had a net loss of \$20.9 million.

(d) Service, sales or construction contracts with system companies.

BSGPE currently has no service, sales or construction contracts with another system company.

WCE has entered into maintenance and service agreements with Northern Indiana Public Service Company (NIPSCO) for performance of the operation and maintenance needs of WCE. WCE has compensated NIPSCO \$2.2 million for these services. In addition, WCE purchased natural gas from TPC. WCE purchased \$13.6 million of natural gas from TPC during 2002.

PART II. ORGANIZATION CHART.

BSGPE is a wholly owned subsidiary of Bay State Gas Company. WCE is a wholly owned subsidiary of Primary Energy, Inc. Bay State Gas Company and Primary Energy, Inc. are wholly owned subsidiaries of NiSource, Inc. See Exhibit G for an organization chart showing BSGPE and WCE in relation to the other NiSource, Inc. system companies.

PART III. AGGREGATE INVESTMENT IN EWG'S AND FOREIGN UTILITY COMPANIES.

Edgar Filing: NISOURCE INC/DE - Form U5S

NiSource, Inc.'s aggregate investment in BSGPE is approximately \$0.2 million and its investment in WCE, as discussed in Part I(b), is approximately \$329.8 million. The ratio of NiSource, Inc.'s aggregate investment in BSGPE and WCE to its aggregate investment in its domestic public-utility subsidiary companies is less than 1% based on the current book values of the utility subsidiaries.

Edgar Filing: NISOURCE INC/DE - Form U5S

Section 2.1 Federal Returns.

(a) A U.S. consolidated federal income tax return shall be prepared and filed by NiSource for each taxable year in respect of which this Agreement is in effect and for which the Consolidated Group is required or permitted to file a consolidated federal income tax return. ITEM 10. FINANCIAL STATEMENTS AND EXHIBITS (continued)

EXHIBIT D. TAX ALLOCATION AGREEMENT FOR 2002. (CONTINUED)

(b) (i) The Consolidated Group will elect, on a timely basis, in accordance with Code Section 1552(b) and Section 1.1552-1(c)(2) of the Regulations to allocate its consolidated tax liability (other than alternative minimum tax ("AMT") and its related credits) among its Members under the method described in Sections 1.1502-33(d)(3) and 1.1552-1(a)(2) commencing with the consolidated taxable year ended December 31, 2001. The fixed percentage to be used for purposes of Regulations section 1.1502-33(d)(3)(i) is 100%. The general effect of such method is to first allocate the consolidated tax liability among the Members of the Consolidated Group on the basis of the percentage of the total consolidated tax which the tax of such Member (other than AMT and its related credits) if computed on a separate return basis would bear to the total amount of the taxes (other than AMT and its related credits) for all Members of the group so computed. Then such method allocates an additional amount (the "Tax Benefit Amount") to each Member up to, but not greater than, the excess, if any, of its Separate Return Tax liability (other than AMT and its related credits) over the amount allocated to such Member in the previous sentence. The total of the Tax Benefit Amounts allocated to Members shall result in payments to, and an increase in the earnings and profits of, the Members who had items of deduction, loss or credits to which such Tax Benefit Amount is attributable. This election is intended to comply with Rule 45(c)(5) under the Act, as modified by Section 2(d) below.

(ii) The allocation of the alternative minimum tax liability incurred by the NiSource Group and the resulting minimum tax credit shall be allocated in the manner set forth in Proposed and Temporary Treasury Regulation Sections 1.1502-55. This method generally allocates (i) any AMT paid by the NiSource Group based on the relative separate adjusted AMT of each Member and (ii) the minimum tax credit (AMTC) on the basis of the AMT previously assigned to such Member and assuming that AMTC is utilized on a "first in/first out" methodology, and that to the extent that AMTC arising in one year is not fully utilized, such AMTC is utilized proportionately by the Members previously assigned AMT for that year.

(c) Each Member's allocable share of the consolidated income tax liability as determined in Section 2.1(b) hereby shall be used in both (i) the determination of each Member's earnings and profits and (ii) determining the amounts to be paid (as provided in Section 3.4 of this Agreement) by Members to NiSource with respect to each Member's share of the Consolidated Group's Tax liability and payments from NiSource to Members with respect to the use of a Member's tax attributes.

(d) (i) The aggregate of all amounts paid by Members of the Consolidated Group (the "Paying Members") as a result of the excess of each Members' Separate Return Tax liability (as determined under Section

Edgar Filing: NISOURCE INC/DE - Form U5S

1.1552-1(a)(2)(ii) of the Regulations) over the amount allocated to such Member as its share of the Consolidated Tax Liability under Code Section 1552 (i.e., the Tax Benefit Amount) shall be paid by NiSource to the other Members (the "Loss Members") which had tax deductions, losses and credits to which such payments by the Paying Members are attributable. The apportionment of such payments among Loss Members shall be in a manner that reflects the Consolidated Group's absorption of such tax attributes in the manner described in Section 2.1(e) below. The payments to the Loss Members for their tax attributes shall be pursuant to a consistent method which reasonably reflects such items of loss or credit (such consistency and reasonableness to be determined by the Designated Official).

(ii) Notwithstanding the provisions of section 2.1(d)(i), the Tax Benefit Amount allocated to NiSource and paid to NiSource as a result of its being a Loss Member shall be limited to its Tax Benefit Amount determined without regard to this section 2.1(b)(ii) multiplied by a fraction, the numerator of which is NiSource's interest deduction attributable to Acquisition Indebtedness, and the denominator of which is the sum of all of NiSource's deductions. The portion of NiSource's Tax Benefit Amount which cannot be allocated and paid to NiSource due to the operation of this Section shall be reallocated to Paying Members of the Consolidated Group other than NiSource in accordance with the principles contained in section 2.1(b)(i).

(e) In apportioning the payments to Loss Members for the Tax Benefit Amount pursuant to Section 2.1(d) hereof:

(i) any consolidated net operating loss ("NOL") shall be allocated among the group Members pursuant to Regulations Section 1.1502-21(b). To the extent the consolidated NOL is carried back, any Member's individually allocable NOL shall be deemed carried back and utilized in proportion to the amount that the Member's NOL bears to the consolidated NOL. Analogous principles shall apply in the case of NOL carryforwards;

275

ITEM 10. FINANCIAL STATEMENTS AND EXHIBITS (continued)

EXHIBIT D. TAX ALLOCATION AGREEMENT FOR 2002. (CONTINUED)

(ii) with respect to each type of credit used to offset all or a portion of the Consolidated Tax Liability otherwise payable, such credit shall be allocated among the Members by crediting to each Member an amount of credit which that Member would have available to utilize on a separate return basis in a manner consistent with the method set forth in Section 2.1(e)(i) above.

(iii) the cost of any credit recapture which results in the payment of tax shall be specifically allocated to the Member whose credit is recaptured determined in a manner consistent with the provisions of Section 2.1(e)(i) above.

(f) The allocation of tax shall be subject to further adjustment from time to time on account of the payment of additional tax or the receipt of a refund attributable to either the filing of an amended return or on account of the results of an audit conducted by the Internal Revenue Service or other relevant taxing authority.

Section 2.2 Other Taxes. (a) NiSource will prepare and file (or cause to be prepared and filed) all returns of Other Taxes which are required to be filed with respect to the operations of NiSource and its

Edgar Filing: NISOURCE INC/DE - Form U5S

subsidiaries. In the event any taxing authority requires or permits that a combined, consolidated or unitary return be filed for Other Taxes, which return includes both NiSource and a subsidiary, NiSource may elect to file such return and shall have the right to require any Member to be included in such return. NiSource will advise each of its subsidiaries included in each Other Return and each governmental office in which any Other Return is filed. Other Taxes shall be allocated among the NiSource Group in a manner that is consistent with the method set forth in Article 2 hereof. Furthermore, amounts due to NiSource or from NiSource, with respect to Other Taxes, shall be determined in a manner consistent with Sections 2.1(b) and 2.1(d).

(b) Each Member of the NiSource Group that does not file an Other Return together with any other Member of the NiSource Group shall be solely responsible and obligated to pay the tax liability with respect to such return from its own funds. Such returns shall be prepared and filed by NiSource or the Member filing the Other Return.

(c) If any Member of the NiSource Group is required to file a combined, consolidated or unitary return for Other Taxes with another Member of the NiSource Group, but not with NiSource (an "Other Taxes Subgroup"), then NiSource shall have the rights, powers and obligations to file such tax returns and apportion among and, collect and remit from, the applicable Members such Other Taxes as the rights, powers and obligations given to NiSource under this Agreement with respect to the Consolidated Tax Liability. Such returns shall be prepared and filed by NiSource. If the right to file a combined, consolidated or unitary return for Other Taxes is optional, then NiSource shall decide which of its subsidiaries should, to the extent permitted by law, join in filing of such return.

Section 2.3 Member Tax Information. The Members of the Consolidated Group shall submit the tax information requested by the Designated Official of NiSource in the manner and by the date requested, in order to enable the Designated Official to calculate the amounts payable by the Members pursuant to Article 3 hereof.

RESPONSIBILITY FOR TAX; INTERCOMPANY PAYMENTS

Section 3.1 Responsibility. Assuming the Members of the Consolidated Group have fulfilled their obligations pursuant to this Article III, then NiSource will be solely responsible for, and will indemnify and hold each Member of the Consolidated Group harmless with respect to, the payment of: (a) the Consolidated Tax Liability for each taxable period for which, as determined under Section 2.1 hereof, NiSource filed a Consolidated Return or should have been filed; and (b) any and all Other Taxes due or payable with respect to any Other Return which is filed by NiSource or should have been filed.

Section 3.2 Federal Tax Payments. (a) With respect to each Consolidated Return Year, the Designated Official of NiSource shall estimate and assess or pay to Members of the Consolidated Group their share of estimated tax payments to be made on a projected consolidated federal income tax return for each year. In making this determination, NiSource shall elect a method for determining estimated tax and each Member shall follow that method; provided, however, under no circumstances shall a Loss Member be paid any amount described

Edgar Filing: NISOURCE INC/DE - Form U5S

in Section 2.1(d) until a date after which NiSource has filed the Consolidated

Consolidated Return for such Consolidated Return Year. Such Members will pay, to NiSource or be paid by NiSource, such estimates not later than the 15th day of the 4th, 6th, 9th and 12th months of such Consolidated Return Year. With respect to any extension payment, the Designated Official of NiSource shall estimate and assess or pay to Members of the Consolidated Group their share of such extension payment. The difference between (1) a Member's estimated tax payments used for computation of the quarterly estimated payments plus their extension payments and (2) such Member's actual Tax Liability for any Consolidated Return Year as determined under Section 2.1(b) hereof, shall be paid to NiSource or by NiSource within sixty (60) days after the filing of the consolidated federal income tax return.

(b) NiSource shall have sole authority, to the exclusion of all other Members of the Consolidated Group, to agree to any adjustment proposed by the Internal Revenue Service or any other taxing authority with respect to items of income, deductions or credits, as well as interest or penalties, attributable to any Member of the Consolidated Group during any Consolidated Return Year in which such Member was a Member of the Consolidated Group notwithstanding that such adjustment may increase the amounts payable by Members of the Consolidated Group under this Section 3.2 or Section 3.3 hereof. In the event of any adjustment to the Consolidated Tax Liability relating to items of income, deductions or credit, as well as interest or penalties, attributable to any Member of the Consolidated Group by reason of an amended return, claim for refund or audit by the Internal Revenue Service or any other taxing authority, the liability of all other Members of the Consolidated Group under paragraphs (a) of this Section 3.2 or Section 3.3 hereof shall be redetermined to give effect to such adjustment as if such adjustment had been made as a part of the original computation of such liability, and payment from a Member to NiSource or by NiSource to a Member, as the case may be, shall be promptly made after any payments are made to the Internal Revenue Service or any other taxing authority, refunds received or final determination of the matter in the case of contested proceedings. In such event, any payments between the parties shall bear interest at the then prevailing rate or rates on deficiencies assessed by the Internal Revenue Service or any other relevant taxing authority, during the period from the due date of the Consolidated Return (determined without regard to extensions of time for the filing thereof) for the Consolidated Return Year to which the adjustments were made to the date of payment.

Section 3.3 Other Tax Payments. Payments by a Member with respect to Other Taxes and required estimates thereof for which any other Member has joint and several liability shall be calculated and made by or to such Member in the same manner as that provided in Section 3.2. The principles set forth in Section 3.2 governing the determination and adjustment of payments as well as the method of payment to or from such Member with respect to federal income taxes shall be equally applicable in determining and adjusting the amount of and due date of payments to be made to or from such subsidiary with respect to Other Taxes and estimates thereof. Each Member shall pay, directly to the appropriate taxing authority, all taxes for which such Member is liable and for which no other Member has joint or several liability.

Section 3.4 Payment Mechanics. (a) Any payments to be made by a subsidiary of NiSource pursuant to Section 2.1, 2.2, 3.2 or 3.3 hereof shall be made by such subsidiary to NiSource by either promptly crediting as an offset against amounts owed to such Member by NiSource or to the extent no amounts are owed to such Member by NiSource, by cash payments to NiSource. To the extent any payments are to be made to a subsidiary with respect to the use of such subsidiary's tax attributes by the Consolidated Group pursuant to Section 2.1, 2.2, 3.2 or 3.3 hereof, NiSource shall make such payment to such subsidiary by either promptly crediting as an offset against amounts owned by such Member to

Edgar Filing: NISOURCE INC/DE - Form U5S

NiSource, or to the extent no amounts are owed to NiSource by such Member, by cash payments to the Member.

277

(b) Tax payments by NiSource with respect to any Consolidated Tax Liability shall be paid by NiSource and shall be debited to the Member of the Consolidated Group for their respective shares of such Consolidated Tax Liability as determined pursuant to Article II hereof. Tax Refunds received by NiSource with respect to any Consolidated Tax Liability, shall be paid by NiSource to the Member of the Consolidated Group entitled to such Tax Refund, as determined.

(c) NiSource shall be responsible for maintaining the books and records reflecting the intercompany accounts reflecting the amounts owned, collected and paid with respect to Taxes pursuant to this Agreement.

(d) NiSource may delegate to other Members of the Consolidated Group responsibilities for the collection and disbursement of monies as required under this Agreement as well as responsibilities for maintaining books and records as required under this Agreement.

Section 3.5 Administration. The provisions of this Agreement shall be administered by the Designated Official of NiSource. The interpretations of this Agreement by the Designated Official of NiSource shall be conclusive.

ARTICLE IV. MISCELLANEOUS PROVISIONS

This Agreement shall be effective with respect to all taxable years ending on or after January 1, 2001, in which any subsidiary of NiSource is a Member of the Consolidated Group for any portion of the tax year. Section 4.3 Notices. Any and all notices, requests or other communications hereunder shall be given in writing (a) if to NiSource to Attention: Vice President, Tax, Facsimile Number: 219-647-6177 and (b) if to any other person, at such other address as shall be furnished by such person by like notice to the other parties.

No waiver of any provision of this Agreement shall be valid unless in writing and signed by the person against whom that waiver is sought to be enforced. The failure of any party at any time to insist upon strict performance of any condition, promise, agreement or understanding set forth herein shall not be construed as a waiver or relinquishment of the right to insist upon strict performance of the same or any other condition, promise, agreement or understanding at a future time.

Section 4.7 Assignments. Neither this Agreement nor any right, interest or obligation hereunder may be assigned by any party hereto and any attempt to do so shall be null and void.

Section 4.8 Severability. The invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if such invalid or unenforceable provision were omitted.

Section 4.9 Entire Agreement. THIS AGREEMENT SETS FORTH ALL OF THE PROMISES, AGREEMENTS, CONDITIONS, UNDERSTANDINGS, WARRANTIES AND REPRESENTATIONS AMONG THE PARTIES WITH RESPECT TO THE TRANSACTIONS CONTEMPLATED HEREBY, AND SUPERSEDES ALL PRIOR AGREEMENTS, ARRANGEMENTS AND UNDERSTANDINGS BETWEEN THE PARTIES HERETO, WHETHER WRITTEN, ORAL OR OTHERWISE. The parties hereto specifically recognize that from time to time other corporations may become Members of the Consolidated Group and hereby agree that such new Members may become Members to this Agreement by executing a copy of this Agreement and it will be effective as if all the Members had re-signed.

Section 4.12 Attorneys' Fees. If any Member or former Member hereto commences an action against another party to enforce any of the terms, covenants, conditions or provisions of this Agreement, or because of a default by a party under this Agreement, the prevailing party in any such action shall be entitled to recover its costs, expenses and losses, including attorneys' fees, incurred in connection with the prosecution or defense of such action from the losing party.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Also, in our opinion, such financial statement schedules, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly in all material respects the information set forth therein.

As explained in Note 2Q to the financial statements, effective January 1, 2001, NiSource Inc. adopted Statement of Financial Accounting Standards No. 133, "Accounting for Derivatives Instruments and Hedging Activities," as amended. As explained in Note 2I to the financial statements, effective January 1, 2002,
