SOLICITATION AND VOTING

The board of directors of Plexus Corp. is soliciting proxies for the annual meeting of shareholders on Wednesday, February 11, 2004 at the KC Theater, Fox Cities Performing Arts Center, 400 West College Avenue, Appleton, Wisconsin, and is furnishing this proxy statement in connection with that solicitation. Shares which are represented by properly executed proxies received by Plexus will be voted at the meeting and any adjournment thereof in accordance with the terms of such proxies, unless revoked. Proxies may be revoked at any time prior to the voting thereof either by written notice filed with the secretary or acting secretary of the meeting or by oral notice to the presiding officer during the

Edgar Filing: PLEXUS CORP - Form DEF 14A

meeting.

Shareholders of record at the close of business on December 12, 2003 will be entitled to one vote on each matter presented for each share so held. On that date there were 42,678,101 shares of Plexus common stock outstanding. Any shareholder entitled to vote may vote either in person or by duly authorized proxy. Representation of a majority of the outstanding shares will constitute a quorum at the meeting. Abstentions and shares which are the subject of broker non-votes will be counted for the purpose of determining whether a quorum exists at the meeting. Shares represented at a meeting for any purpose are counted in the quorum for all matters to be considered at the meeting. The voted proxies will be tabulated by the persons appointed as inspectors of election.

Directors are elected by a plurality of the votes cast by the holders of Plexus common stock entitled to vote at the election at a meeting at which a quorum is present. "Plurality" means that the individuals who receive the highest number of votes are elected as directors, up to the number of directors to be chosen at the meeting. Any votes attempted to be cast "against" a candidate are not given legal effect and are not counted as votes cast in the election of directors. Therefore, any shares which are not voted, whether by withheld authority, broker non-vote or otherwise, have no effect in the election of directors except to the extent that the failure to vote for any individual results in another individual receiving a relatively larger number of votes.

Ratification of PricewaterhouseCoopers LLP as Plexus' independent accountants will be determined by a majority of the shares voting on that matter. Therefore, abstentions and broker non-votes will not affect the vote, except insofar as they reduce the number of shares which are voted.

Shareholders who own shares as part of Plexus' 401(k) Savings Plan and/or the Plexus Employee Stock Purchase Plan will receive a separate proxy for the purpose of voting their shares held in each account. Shares held by the Savings Plan for which designations are not received will be voted by the Savings Plan's trustee at its discretion, as provided in the Savings Plan. Shares held in accounts under the Purchase Plan will only be voted if designations are received.

Plexus will pay the expenses in connection with the solicitation of proxies. Upon request, Plexus will reimburse brokers, dealers, banks and voting trustees, or their nominees, for reasonable expenses incurred in forwarding copies of the proxy material and annual report to the beneficial owners of shares which such persons hold of record. Solicitation of proxies will be principally by mail. Proxies may also be solicited in person, or by telephone, telegraph or fax, by officers and regular employees of Plexus who will not be separately compensated for those services.

This proxy material is being mailed to Plexus shareholders commencing on or about January 5, 2004.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Plexus' officers and directors, and persons who beneficially own more than 10% of Plexus' common stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. These "insiders" are required by SEC regulation to furnish Plexus with copies of all Section 16(a) forms they file.

All publicly held companies are required to disclose the names of any insiders who fail to make any such filing on a timely basis within the preceding fiscal year, and the number of delinquent filings and transactions, based solely on a review of the copies of the Section 16(a) forms furnished to Plexus, or written representations that no such forms were required. On the basis of filings and representations received by Plexus, except that Mr. Cortinovis filed one late report relating to one purchase transaction, Plexus believes that during fiscal 2003 Plexus' insiders have complied with all Section 16(a) filing requirements applicable to them.

ELECTION OF DIRECTORS

In accordance with Plexus' bylaws, the board of directors has determined that there shall be seven directors elected at the annual meeting of shareholders to serve until their successors are duly elected and qualified. The persons who are nominated as directors and for whom proxies will be voted are named below, unless a shareholder specifies otherwise. If any of the nominees should decline or be unable to act as a director, which eventuality is not foreseen, the proxies will be voted with discretionary authority for a substitute nominee designated by the board of directors. Plexus' bylaws authorize up to nine directors. The Plexus board may expand the board up to that number and elect directors to fill empty seats, including those created by an expansion, between shareholders' meetings.

CORPORATE GOVERNANCE

The board of directors held five meetings during fiscal 2003. As part of these meetings, non-management directors regularly meet without management present. All directors other than Messrs. Foate and Nussbaum are independent under Nasdaq Stock Market rules. Each director attended at least 75% of the total of the number of meetings of the board and the number of meetings of all committees of the board on which such director served during the year.

The Audit Committee met four times in fiscal 2003. Mr. Drury, the chair of the Audit Committee, also regularly consulted on behalf of the Audit Committee with the independent auditors about Plexus' periodic public financial disclosures. Mr. Drury is a certified public accountant who practiced from 1971 to 1989 with the firm PricewaterhouseCoopers LLP. As a consequence of factors which include his educational background, his experience with a public

Edgar Filing: PLEXUS CORP - Form DEF 14A

accounting firm, and his subsequent experience as a chief financial officer, a chief executive officer and in other executive positions, the board of directors has determined that Mr. Drury is an "audit committee financial expert" for purposes of Securities and Exchange Commission rules. Mr. Drury is, along with the other members of the Audit Committee, "independent" of Plexus for purposes of those rules. See also "Report of the Audit Committee."

The Compensation and Leadership Development Committee held three meetings during fiscal 2003. The Compensation and Leadership Development Committee, consisting solely of "independent" directors, considers and makes recommendations to the board of directors with respect to executive officers' salaries and bonuses, reviews, approves and administers compensation plans, and awards stock options. The Committee is also responsible for reviewing Plexus' leadership structure and executive succession plan. See also "Executive Compensation--Compensation Committee Interlocks and Insider Participation."

The Nominating and Corporate Governance Committee met twice in fiscal 2003. The Nominating and Corporate Governance Committee considers Board performance and nominees for director positions and also evaluates and oversees corporate governance and related issues. All of the members of the Nominating and Corporate Governance Committee are currently independent directors. The Committee has generally identified nominees based upon suggestions by outside directors, management members and/or shareholders, and has evaluated those persons on its own. Plexus' corporate board member selection criteria include: integrity; high level of education and/or business experience; broad-based business acumen; understanding of Plexus' business and industry; strategic thinking and willingness to share ideas; network of contacts; and diversity of experiences, expertise and backgrounds among board members. The Committee has used these criteria to evaluate potential nominees. The Committee does not evaluate proposed nominees differently depending upon who has made the proposal. Plexus has not to date paid any third party fee to assist in this process.

The Nominating and Corporate Governance Committee will consider proposed nominees whose names are submitted to it by shareholders; however, it does not have a formal process for that consideration. The Committee has not to date adopted a formal process because it believes that the informal consideration process has been adequate given the historically small number of those proposals. The Committee intends to review periodically whether a more formal policy should be adopted. If a shareholder wishes to suggest a proposed name for Committee consideration, the name of that nominee and related personal information should be forwarded to the Nominating and Corporate Governance Committee, in care of the corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the Committee. See also "Shareholder

-4-

Proposals and Notices" for bylaw requirements for nominations. Plexus has not rejected any candidates put forward by significant security holders.

Although Plexus has not to date developed formal processes by which shareholders may communicate directly to directors, it believes that the informal process, in which any communication sent to the board in care of the Chief Executive Officer, corporate Secretary or another corporate officer is forwarded to the board, has served the board's and its shareholders' needs. There is no screening process, and all shareholder communications which are received by officers for the board's attention are forwarded to the board. In view of recently adopted SEC disclosure requirements relating to this issue, the Nominating and Corporate Governance Committee may consider development of more specific procedures. Until any other procedures are developed and posted on

Edgar Filing: PLEXUS CORP - Form DEF 14A

Plexus' corporate website, any communications to the board of directors should be sent to it in care of Plexus' corporate Secretary.

Plexus encourages all of its directors to attend the annual meeting of shareholders. Plexus generally holds a board meeting coincident with the annual shareholder meeting to minimize director travel obligations and facilitate their attendance at the shareholders' meeting. All directors attended the 2003 annual meeting of shareholders.

Plexus regularly reviews and augments its corporate governance practices and procedures. In particular, and as part of its corporate governance practices, Plexus has adopted a code of ethics and charters for its board committees. Plexus will be responding to and complying with related SEC and Nasdaq Stock Market proposals as they are finalized, adopted and become effective. Plexus has posted copies of its Code of Conduct and Business Ethics, the committee charters for its Audit, Compensation and Leadership Development and Nominating and Corporate Governance Committees, director selection criteria and other corporate governance documents on its website, at www.plexus.com, under the link titled "Investors" then "Corporate Governance." As further matters are documented, or if those documents (including the committee charters and the Code of Conduct and Business Ethics) are changed, waivers from the Code of Conduct and Business Ethics are granted, or new procedures are adopted, those new documents, changes and/or waivers will be posted on Plexus' corporate website at that address.

DIRECTORS' COMPENSATION

Each Plexus director who is not a full-time Plexus officer or employee (all directors other than Mr. Foate) received an annual director's fee of \$20,000 plus meeting fees of \$2,000 for each board meeting attended in person (\$1,000 if attended other than in person), and an additional \$1,000 for each committee meeting attended in person (\$500 if other than in person). Each committee chair receives an additional \$2,000 annually for service as a committee chair, and the chairman of the Audit Committee receives an additional \$500 for each conference call held with the independent public auditors regarding Plexus' financial disclosures.

For fiscal 2004, each director who is not a Plexus officer or employee is entitled in each fiscal year to receive an option for 6,000 shares of common stock, at the market value on the date of grant, under Plexus' 1995 Directors' Stock Option Plan (the "Directors' Plan"). The Directors' Plan was approved by Plexus shareholders in 1995. Options are fully vested upon grant, may be exercised after a minimum six month holding period, and must be exercised prior to the earlier of ten years after grant or one year after the person ceases to be a director. Under certain circumstances, options may be transferred to family members. In 2002, the amount of annual grants was adjusted, as contemplated by the Directors' Plan, to reflect one of the two Plexus 2-for-1 stock splits which had occurred after the adoption of the Directors' Plan. In 2003, the Compensation and Leadership Development Committee, also as contemplated by the Directors' Plan's adjustment provisions, further adjusted future annual awards from 3,000 shares to 6,000 shares, to reflect a second 2-for-1 stock split. While the Committee had previously deferred this action, it determined that the further adjustment was necessary to help Plexus attract new directors as some current directors near retirement age, particularly in view of the increasing duties of directors of public companies. The Committee also determined that the adjustment would fairly reflect the increased duties of currently serving non-employee directors.

In accordance with the Directors' Plan, each of the then-serving non-employee directors received a fiscal 2003 option for 3,000 Plexus shares, exercisable at \$8.975 per share, on January 30, 2003 (which was deferred in that fiscal year to coincide with employee grants). The fiscal 2004 options, for

Edgar Filing: PLEXUS CORP - Form DEF 14A

6,000 Plexus shares each, were granted on December 1, 2003, at \$18.125 per share.

Compensation of Current and Former Executive Officers who Serve on the Board

See "Executive Compensation" for Mr. Foate's compensation as an executive officer of Plexus generally, and "Executive Compensation - Special Retirement Arrangements" for his supplemental retirement arrangements.

Mr. Nussbaum is a former executive officer of Plexus. When he retired as Chief Executive Officer on July 1, 2002, he ceased being considered an executive officer or employee of Plexus at that time. However, as a consequence of his many years of service as an executive officer of Plexus, he continues to be compensated under deferred compensation arrangements which were put in place during his service as executive officer.

In 1996, the Compensation Committee established special retirement arrangements for Mr. Nussbaum, and for two other executive officers and directors who subsequently retired. Those arrangements were to both reward past service and maintain an additional incentive for those officers' continued performance on behalf of Plexus. The related supplemental retirement agreement for Mr. Nussbaum is designed to provide specified retirement and death benefits to him in addition to those provided under the 401(k) Savings Plan. Plexus' original commitment was to annually contribute a fixed dollar amount (originally \$90,921 for Mr. Nussbaum) for each year until age 65 if he remained in Plexus' employ. Effective for fiscal 2000, under an amended arrangement, Plexus' obligation to make contributions for Mr. Nussbaum was increased to \$296,420 per year, but only until age 60. However, in fiscal 2002, Plexus contributed a one-time final amount of \$743,578 due to Mr. Nussbaum's retirement. Mr. Nussbaum received his first payment under the special retirement arrangements, of \$60,231 for a partial year during fiscal 2002, and received \$257,354 for fiscal 2003. Payments will be adjusted upward by 4% annually.

The contributions for Mr. Nussbaum are invested in a life insurance policy acquired by Plexus on his life. The supplemental retirement agreement provides for a 15-year annual installment payment stream to Mr. Nussbaum, which payments commenced at retirement. Lump sum payments based on policy cash values become due if at any time after a change in control Plexus' consolidated tangible net worth drops below \$35 million, or if the ratio of Plexus' consolidated total debt to consolidated tangible net worth becomes greater than 2.5 to 1. To the extent that any of the payments constitute excess parachute payments subjecting the participant to an excise tax, the agreement provides for an additional payment (the "gross-up payment") to be made by Plexus to the participant so that after the payment of all taxes imposed on the gross-up payment, the participant retains an amount of the gross-up payment equal to the excise tax imposed. If Mr. Nussbaum dies prior to receiving all of the 15-year annual installment payments, certain death benefit payments become due.

Mr. Nussbaum also receives \$72,000 per year and receives health and other welfare benefits, in addition to the above retirement payments and his regular board fees, for his service as Plexus' non-executive Chairman of the Board.

Because Mr. Nussbaum continues to serve Plexus as a director, the stock options which were granted to him while he was a Plexus executive officer will continue to vest. Since his retirement, however, Mr. Nussbaum has only been eligible to receive additional options in his capacity as a non-employee director.

CHANGE IN CONTROL ARRANGEMENTS

Plexus has entered into Change in Control Agreements with Messrs. Foate, Bitter, Ehlers, McGuire and Kronser, and its other executive officers. Under the terms of these agreements, which were amended and restated in 2003, if there is a change in control of Plexus, as defined in the agreement, the executive officers' authorities, duties and responsibilities shall remain at least commensurate in all material respects with those prior to the change in control. Their compensation and benefits may not be reduced, or location of employment changed, as a result of the change in control.

In the event that any covered officer is terminated other than for cause, death or disability, or an executive terminates his employment with good reason, Plexus is obligated to pay the executive officer, in a cash lump sum, an amount equal to approximately three times the executive's base salary plus targeted bonus payments, and to continue certain benefits. The agreements further provide for payment of additional amounts which may be necessary to "gross up" the amounts due such employee in the event of the imposition of an excise tax upon the payments. The agreements do not preclude termination of the officer, or require payment of any benefit, if there has not been a change in control of Plexus, nor does it limit the ability of Plexus to terminate these persons for cause.

SPECIAL DEFERRED COMPENSATION ARRANGEMENTS

During fiscal 2000, the Compensation and Leadership Development Committee also established additional deferred compensation mechanisms for several executive officers and other key employees, including Messrs. Foate, Bitter, Ehlers, McGuire and Kronser, and had such an agreement with Mr. Sabol. As part of those arrangements, the Committee established the Plexus Corp. Executive Deferred Compensation Plan. Under this plan, a covered executive may elect to defer some or all of his or her compensation through the plan, and Plexus may credit the participant's account with a discretionary employer contribution. Participants are entitled to payment of deferred amounts and any earnings which may be credited thereon upon termination or retirement from Plexus.

Plexus had also entered into split-dollar life insurance agreements with various executive officers and key employees, including Messrs. Foate, Ehlers, Kronser and Sabol. Under those agreements, Plexus had paid a minimum premium of \$13,500 per policy, and such additional premiums as it would determine. Upon the death of

the covered employee, Plexus had an interest in the proceeds of the policy equal to the premiums paid. The balance, if any, of the policy proceeds were to be paid to the employee's beneficiary. Plexus' rights were secured by a related assignment of employee's life insurance policy as collateral. Upon an earlier termination of employment, or Plexus' determination to terminate the agreement, the agreement provided that the employee could obtain unencumbered ownership of

Edgar Filing: PLEXUS CORP - Form DEF 14A

the policy by paying Plexus the lesser of premiums paid or the cash surrender value, or Plexus could withdraw from the policy an amount equal to the premiums it has paid and then release its interest in the policy permitting unencumbered ownership of the policy by the employee. Plexus terminated those split dollar arrangements as a result of changes in law which were effective in July 2002.

In fiscal 2003 Plexus modified the Executive Deferred Compensation Plan by terminating the split-dollar life insurance program, which had been the funding mechanism for the company contribution portion of the plan, and replaced it with a rabbi trust arrangement. This new arrangement allows investment of deferred compensation held on behalf of the participants into individual accounts and, within these accounts, into one or more designated mutual funds or investments. These investment choices do not include Plexus stock.

The cash value proceeds which were received upon the surrender of the split-dollar life insurance policies attributable to each plan participant were reinvested into the new rabbi trust arrangements established for the plan participants. The provisions of the plan continued to allow the participants the opportunity to defer any or all of their compensation into the plan. In addition, plan provisions allow for a discretionary Plexus contribution of up to \$13,500 per participant per year. Employee deferrals to the plan for fiscal year 2003 totaled \$190,487. A discretionary company contribution of \$13,500 to each participant was also made in September 2003 to each participant's account.

COMPENSATION AND LEADERSHIP DEVELOPMENT COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Leadership Development Committee of the Plexus board of directors sets general compensation policies for Plexus. The Committee makes the primary decisions with respect to compensation of the Chairman, the Chief Executive Officer and the Chief Operating Officer (if any) of Plexus. Decisions on compensation for other Plexus officers are recommended by the CEO and the COO (if any). Plexus' other compensation programs, such as the Savings Plan and the Option Plans, are either originated or approved by the Committee; the Committee grants stock options under the Option Plans.

Plexus' policy, to which the Committee adheres, is to fairly compensate individuals for their contributions to Plexus, but also to provide value to Plexus' shareholders and to consider the ability of Plexus to fund any compensation decisions, plans or programs. The Committee believes that fair compensation packages are necessary to attract and retain qualified executive officers. To be effective in attracting and retaining competent individuals, compensation packages must balance both short-term and long-term considerations, as well as provide incentives to individuals based upon the performance of Plexus. In the most recent determinations, the Committee considered the weaknesses in Plexus' markets, the negative effect on sales and profitability and the steps taken to respond to those challenges. The Committee has not recently retained outside consultants, or relied in a significant fashion upon outside market surveys specifically commissioned by Plexus. However, the Committee reviews published survey information. In late 2002, the Committee engaged outside consultants to assist it in evaluating executive officer compensation for 2003 salary determinations. Based upon the Committee's review (including the report of the outside consultants), the Committee determined that officers were paid less than comparable officers in similar-sized companies. However, given the economic conditions affecting Plexus at that time, the Committee determined not to award pay raises to officers during fiscal 2003, except in the case of changed duties and responsibilities and except for the elimination of the 10% reduction which is described below.

In determining CEO compensation, the Committee reviewed numerous factors, although most of these factors are not subject to quantification or specific weight. The primary factors reviewed, in no particular order, are: the

Edgar Filing: PLEXUS CORP - Form DEF 14A

importance of the individual's contribution to Plexus' strategic planning and long-term success; special projects and tasks undertaken by the individual during the preceding year; acquisition-related activities and efforts; and performance of Plexus' sales and earnings. In addition, the Committee also reviewed a sampling, which it believed to be representative, of compensation paid by other companies in Plexus' geographic area, comparable companies in the electronics manufacturing services industry and numerous published surveys. The group of companies reviewed did not coincide with the more extensive list of companies in the Nasdaq electronics components sector used in the

-10-

following performance graph. Plexus has generally used a March/April annual review cycle in recent years for its employees, including key executives. New salaries generally become effective around the time of the review and thus affect two fiscal years. In fiscal 2003, the Committee determined to grant options earlier than normal in January to assist with employee morale and retention at a time when Plexus had announced a plant closure and reductions in force. Similarly, the Committee also granted additional options to selected individuals in August 2003 to assist in the recruiting and retention of key personnel.

During fiscal 2003, Mr. Foate was the chief executive officer for the entire fiscal year. Compensation determinations for Mr. Foate in April 2002 were made before his assumption of the chief executive officer position. His prior year salary determinations were made at the time he assumed the position of chief operating officer, when his salary was increased to \$300,000. Mr. Foate subsequently accepted a 10% salary reduction effective October 1, 2001, which was the same reduction which was applied to all executive officers. In the April 2002 review, the Committee again reviewed the then-available economic information referred to above and considered other non-quantifiable factors as to Mr. Foate's performance. The Committee determined to not change his salary, or the salary of other executive officers, except in the case of changed duties.

In connection with Mr. Foate's assumption of chief executive officer duties and responsibilities effective July 1, 2002, the Committee determined that it would be appropriate to adjust his compensation substantially to reflect those added duties and responsibilities. The Committee therefore increased his base salary by 50% to \$450,000, which after the effect of the continuing 10% reduction from the base salary resulted in an actual salary of \$405,000. In December 2002, the 10% salary reduction which had been applied to all executive officers was ended, as a result of the determination that executive officers ought again receive their full compensation, especially in view of the efforts being made to address Plexus' operating results.

In May 2003, the Committee again reviewed Mr. Foate's salary. In view of the economic circumstances of the Corporation and the end to the 10% salary reduction, the Committee determined to retain \$450,000 as Mr. Foate's annual salary.

The Committee previously determined it would be in Plexus' best interest to provide its executive officers with a performance-based incentive beyond that contained in the Option Plan. Such a bonus arrangement would further motivate officers to improve performance, and provide specific non-stock market based criteria to evaluate performance. Until fiscal 2003, bonuses were determined by reference to earnings per share, sales growth, and individual performance; the three factors were weighted equally. The possible ranges of bonus, if targets were met, were from 10% to 100% of base salary for executive officers, which amounts are chosen in advance by the Committee and may vary from person to person, and year to year.

Edgar Filing: PLEXUS CORP - Form DEF 14A

Because of corporate cost-containment measures, and the uncertain economic and financial conditions in early fiscal 2003, the Committee decided to suspend the formulaic bonus plan for fiscal 2003, and did not set performance goals. Therefore, no fiscal 2003 bonus could be earned automatically based on achieving numerical goals, and any bonus that ultimately would be paid would be discretionary in nature. Because of Plexus' financial performance during fiscal 2003, the Committee decided that no bonuses would be paid to any executive officer, including the chief executive officer.

On a going forward basis, the Committee determined that it would be appropriate to implement again a target-driven bonus program. However, revisions were made in the base program for determining the bonus. Under the new bonus program, bonuses may only be earned in the event Plexus does not incur a net loss excluding unusual charges. The exact amount of the bonus will be determined based upon the degree to which Plexus' revenues and/or return on average capital employed meet or exceed targets set for the fiscal year. In addition, up to 20% of an individual's bonus may be determined by the degree to which that individual meets personal objectives. If personal objectives are met, and both financial metrics achieve a set maximum level, bonuses may be up to 200% of a targeted bonus amount. The new bonus program is in effect for fiscal 2004.

The Committee believes that the Option Plan provides participants with a long-term incentive to increase the overall value of Plexus by providing them with a stake in the value of its common stock on a long-term basis. The Committee also wished to recognize Mr. Foate's significantly increased responsibilities. As a result of the factors discussed above, the Committee made two general grants of options in fiscal 2003. Consistent with this approach, the Committee granted to Mr. Foate options for an aggregate of 120,000 shares in fiscal 2003, options for

-11-

100,000 shares in fiscal 2002 and for 30,000 shares in fiscal 2001. The award levels reflect the Committee's determination to increase the reliance upon stock options as a component of compensation, to reflect diminished cash compensation (including prior pay reductions and freezes), and also to reflect Mr. Foate's increased duties.

The Plexus 2000 Employee Stock Purchase Plan also permits executive officers, as other employees, to purchase shares of Plexus common stock at a price equal to 85% of the lower of the high and low trading price on the day at the beginning or at the end of six month periods. Compensation information does not include the value of any purchases by the individuals who chose to participate, since the broad-based plan is open to most employees. The Committee also believes that the Savings Plan provides an additional possibility for stock-based incentives. Although employees, including the CEO, may choose from a variety of investment funds for their contributions under the Savings Plan; the Plexus Stock Fund is one alternative.

The factors used to determine other executive officers' compensation are essentially the same as those used for the CEO. As with the CEO, Messrs. Ehlers, Kronser and Sabol, and other executive officers, were considered for salary increases, although salaries were generally frozen except for certain raises in the case of increases in duties. In April 2002, executive officers' salaries remained frozen, although Mr. Sabol's was increased in July 2002 by 40% to reflect the substantial increase in his duties at that time and another officer's was increased 16% in September 2002, also as a result of changes in duties. The prior 10% salary reduction ended in December 2002. Similar to the determination for the chief executive officer, the salaries of other executive

Edgar Filing: PLEXUS CORP - Form DEF 14A

officers remained unchanged in spring 2003, although some individuals subsequently had increases in salary to reflect additional duties assigned to them. Determinations for Messrs. Bitter and McGuire were somewhat different, as a consequence of each of them having joined Plexus during the fiscal year. Their compensation levels were the consequence of pre-employment negotiations; their base salaries were not subsequently adjusted in fiscal 2003.

For fiscal 2004, as a result of the Committee determinations (the same as for the chief executive officer), executive officers will be eligible to participate in the new 2004 bonus program described above. However, executive officers did not receive any bonus under the prior Bonus Plan or otherwise, in fiscal 2003.

The Committee also approved stock option awards during fiscal 2003 for the executive officers of Plexus, which awards varied from 4,500 to 30,000 shares in the January grants and 4,500 to 25,000 shares in the separate August grants. Therefore, the total number of options granted to other executive officers varied from 9,000 to 55,000 in fiscal 2003. The Committee's determinations of option grants varied by individual, depending upon the Committee's view of the adequacy of the particular officer's compensation compared to that officer's performance and duties, especially when those duties significantly changed or increased since the last salary increase, and expected changes in circumstances in the coming year. Plexus has also entered into amended supplemental retirement arrangements with the executive officers, as described above. The Committee bore in mind the costs of these arrangements and the expected benefits under them in making its compensation decisions relating to the affected executive officers.

The Committee believes that it is highly unlikely that the compensation of any executive officer, including the CEO, will exceed \$1 million in any fiscal year unless it is the consequence of the exercise of stock options. Therefore, except with respect to the Option Plan and the Employee Stock Purchase Plan, it has not taken any action with respect to the provisions of Section 162 of the Internal Revenue Code which limits the deductibility of compensation to certain executive officers of over \$1 million in any fiscal year. Because of the shareholders' approval of the Option Plan and the Employee Stock Purchase Plan, the Committee believes that any compensation income under them would not be subject to the Internal Revenue Code's deduction limitation.

CERTAIN TRANSACTIONS

Plexus has a policy that transactions with its executive officers and directors must be on a basis that is fair and reasonable to the corporation, in accordance with Plexus' Code of Conduct and Business Ethics and other policies, and be approved by either a disinterested majority of the board of directors or by the Audit Committee.

From time to time, Plexus executive officers and directors are prohibited from selling Plexus stock because of the existence or potential existence of material non-public information. Mr. Sabol, a former executive officer, had intended to sell Plexus' shares during one of these time periods to finance a real estate purchase. Because Plexus' activities prohibited him from making a sale, Plexus loaned Mr. Sabol \$260,000 on March 13, 2000. The loan was repayable upon demand, bore interest at \$250 per month, and was secured by Plexus shares. The loan was originally for a maximum period of eight months, but was extended to become a demand note by mutual agreement in fiscal 2001. Interest accrued monthly. The maximum amount due in fiscal 2002 was \$263,500. Mr. Sabol repaid the loan in full in December, 2002. Due to the nature of this transaction, while Plexus believes that it was fair to

-13-

Plexus, it is not a type of transaction that would have been offered to a third party, or likely would have been offered to Mr. Sabol by a third party. Because of subsequent changes in the law, Plexus will no longer make similar loans to its executive officers.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the board of directors, which was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act, as amended, oversees and monitors the participation of Plexus' management and independent auditors throughout the financial reporting process, and approves the hiring and retention of and fees paid to the independent auditors. The Audit Committee also generally reviews other transactions between the corporation and interested parties which may involve a conflict of interest. No member of the Audit Committee is employed or has any other material relationship with Plexus. The

Edgar Filing: PLEXUS CORP - Form DEF 14A

2002 information differs from prior presentations; it is presented this year on a basis consistent with the fiscal 2003 information. The Audit Committee considered the compatibility of non-audit services by PricewaterhouseCoopers LLP with the maintenance of that firm's independence.

The Audit Committee generally approves all engagements of the independent auditor in advance, including approval of the related fees. The Audit Committee approves an annual budget (and may from time to time approve amendments), which specifies projects and the approved levels of fees for each. To the extent that items are not covered in the annual budget or fees exceed the budget, management must have them approved by the Committee or, if necessary between Committee meetings, by the Committee chairman on behalf of the Committee. Projects of the types approved for which fees total less than \$10,000 in each case may be approved by management, subject to review and approval by the Committee at its next meeting. There were no services in fiscal 2003 that were not approved in advance by the Committee under this policy. Services in fiscal 2002 were engaged prior to the development of the current Committee prior approval requirements.

SHAREHOLDER PROPOSALS AND NOTICES

Shareholder proposals must be received by Plexus no later than September 7, 2004 in order to be considered for inclusion in next year's annual meeting proxy statement. In addition, the Plexus bylaws provide that any proposal for action, or nomination to the board of directors, proposed other than by the board of directors must be received by Plexus in writing, together with specified accompanying information, at least 70 days prior to an annual meeting in order for such action to be considered at the meeting. The 2005 annual meeting of shareholders is tentatively scheduled for February 9, 2005, and any notice of intent to consider other questions and/or nominees, and related information, must therefore be received by December 1, 2004. The purpose of the bylaw is to assure adequate notice of, and information regarding, any such matter as to which shareholder action may be sought. The persons holding proxies may vote in their discretion on any matter as to which notice is not received by that date.
