NOTES TO UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION
(All amounts expressed in thousands)

The accompanying pro forma combined balance sheet reflects the pro forma balance sheet of American Healthways, Inc. as if the acquisition of the outstanding common stock of CareSteps.com, Inc. had occurred as of May 31, 2001. The accompanying pro forma combined statements of operations reflect the pro forma results of American Healthways, Inc. as if the acquisition of CareSteps.com, Inc. had occurred on September 1, 1999.

PRO FORMA ADJUSTMENTS

- To reclassify previous investment in unconsolidated subsidiary of \$1,000 and reflect the allocation of the purchase price (consisting of common stock valued at \$14,135 and payment of acquisition related costs of \$841) as follows:

Fair value of assets acquired	\$ 158

Edgar Filing: AMERICAN HEALTHWAYS INC - Form 8-K/A

Deferred tax asset	600
Intangible assets:

Excess of cost over net assets of purchased companies	14,244

Total purchase price	\$ 15,976
	=====

2. To eliminate equity of purchased company.
3. To reflect contractual payments to certain CareSteps.Com, Inc. investors immediately preceding the acquisition.
4. To reflect additional amortization of identifiable intangible assets and excess of cost over net assets of purchased companies using the straight-line method of amortization and the following estimated useful lives: non-compete agreements - two years; acquired technology - three years; customer contracts - one year and excess of cost over net assets of purchased companies - twenty-five years.

In July 2001, the Financial Accounting Standards Board issued SFAS No. 141, "Business Combinations," and No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001 and that the pooling-of-interest method is not longer allowed. SFAS No. 142 requires that upon adoption, amortization of goodwill will cease and instead, the carrying value of goodwill will be evaluated for impairment on an annual basis. Identifiable intangible assets will continue to be amortized over their useful lives. SFAS No. 142 is effective for fiscal years beginning after December 15, 2001; however, American Healthways, Inc. may elect early adoption of this statement on September 1, 2001, the beginning of its 2002 fiscal year. American Healthways, Inc. is evaluating the impact of the adoption of these standards on previously existing intangible assets and on intangible assets generated from the acquisition of CareSteps.com, Inc. and has not yet determined the effect of adoption on its financial position and results of operations.

5. To record estimated federal and state income tax benefit at a combined rate of 38%, as a result of the decrease in pro forma combined earnings before income taxes due to the amortization of non-compete agreements. The remaining amortization expense of identifiable intangible assets and excess of cost over net assets of purchased companies is not considered deductible for income tax purposes.
6. To reflect weighted average shares for stock issued in acquisition.
