We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. POPULAR, INC. RETIREMENT SAVINGS PLAN FOR PUERTO RICO SUBSIDIARIES
(FORMERLY "POPULAR SECURITIES, INC. INSTITUTIONAL - 1165 (e) PLAN")
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2001 AND 2000

1. DESCRIPTION OF PLAN

The following description of the Popular, Inc. Retirement Savings Plan for Puerto Rico Subsidiaries (formerly "Popular Securities, Inc. Institutional - 1165 (e) Plan") (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

General

The Plan is the renamed, amended, and restated Popular Securities, Inc.-Institutional 1165(e) Plan into which the Popular Finance, Inc. Retirement & Savings Plan, the Popular Mortgage, Inc. 1165(e) Plan, the

Edgar Filing: POPULAR INC - Form 11-K

Popular Leasing & Rental, Inc.-Retirement & Savings Plan, the GMG Retirement & Savings Plan, the Popular Securities Retail 1165(e) Plan and the Popular Insurance Retirement and Savings Plan were merged.

The effective date of the amended, renamed and restated defined contribution plan is January 1, 2001. The Plan covers substantially all employees of the Puerto Rico subsidiaries of Popular Inc. (the "Company") who have three months of service (the Plan was once again amended and restated effectively July 1, 2001 to reduce the eligibility period of one year of service to three months of service), are at least eighteen years old and are residents of the Commonwealth of Puerto Rico. The Plan was created for the purpose of providing retirement benefits to employees and to encourage and assist them in adopting a regular savings plan that qualifies under the applicable laws of the Commonwealth of Puerto Rico. The Plan is subject to the provisions of Employees Retirement Security Act of 1974 ("ERISA").

Contributions

Plan participants may authorize the Company to make pre-tax and after tax payroll deductions ranging from 1% to 10% of their monthly compensation, as defined. At no time may participant pre-tax contributions exceed the lesser of 10% of the participant's annual compensation, as defined, or \$8,000.

The Companies match participant's pre-tax contributions at the rate of 50 cents for each dollar saved as follows:

SUBSIDIARY	ON THE FIRST PERCENTAGE OF PARTICIPANT'S COMPENSATION
Popular Insurance, Inc.	6%
Popular Mortgage, Inc	6%
GM Group, Inc.	6%
Popular Finance, Inc.	5%
Popular Auto, Inc.	8%
Popular Securities, Inc.	10%

In addition, each Company may make other contributions to its own employees out of its net profits in such amounts as each Company may determine.

Participant Accounts

Each participant account is credited with its contribution and allocation of (a) its own Company matching and profit sharing contribution, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested accounts with at least five periods of

Edgar Filing: POPULAR INC - Form 11-K

consecutive break in service. For purposes of the above, a break in service with respect to an employee, means an eligibility computation period (one year) during which such employee does not complete more than 183 days of service. During the break in service, if the terminated participant is reemployed by one of the companies, the current dollar value of such forfeited amount should be restored to the participant's account. If the participant reemployed has received a distribution such restoration will be subject to the repayment to the Plan of an amount equal to the dollar value of the distribution by the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The net change in the value of the Plan is posted to the participants accounts on a monthly basis.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Companies matching and discretionary contributions plus actual earnings thereon is based on years of service. The Companies contributions vest in accordance with the following schedule:

YEARS OF SERVICE	VESTING %
Less than 1	0
At least 1	20
At least 2	40
At least 3	60
At least 4	80
At least 5	100
