TO THE STOCKHOLDERS OF RAINWIRE PARTNERS, INC.

AND OASIS GROUP, INC.

Rainwire Partners, Inc., a Delaware corporation (Rainwire) and Oasis Group, Inc., a Georgia corporation (Oasis) have entered into an Amended and Restated Plan and Agreement to Exchange Stock (the Share Exchange Agreement), whereby Oasis common Stockholders will receive one share of Rainwire common stock for every 2.5 shares of Oasis common stock they own (the Share Exchange). Upon completion of the Share Exchange, the current president of Rainwire will resign and be replaced by the current president of Oasis and one member of the Oasis board of directors designated by Oasis will be appointed to the board of directors of Rainwire. In addition, upon completion of the Share Exchange, Rainwire s name will be change to Oasis. Oasis intends to apply to change its symbol on the OTC Bulletin Board to . The Board of Directors of both corporations believe that the Share Exchange will benefit the Stockholders of both corporations.

Rainwire s common stock is listed on the OTC Bulletin Board under the symbol RNWR and closed at \$ per share on , 2002.

The Board of Directors of Oasis and Board of Directors and Stockholders of Rainwire have approved the Share Exchange Agreement and the Board of Directors of Oasis has recommended that its Stockholders approve the Share Exchange Agreement as described in the attached materials. In addition, the Board of Directors and majority of the Stockholders of Rainwire have approved various amendments to Rainwire s Amended and Restated Certificate of Incorporation, which include a one-for-twenty reverse split of Rainwire s common stock, an increase of the number of authorized shares of common stock of Rainwire to 100,000,000, a change in the name of Rainwire to Oasis Group, Inc., and to adopt Rainwire s 2000 Stock Option Plan.

Oasis shareholders will receive a total of 16,289,141 shares of Rainwire in the Share Exchange, and will own approximately 94.25% of the aggregate issued and outstanding common stock of Rainwire immediately following the Share Exchange and reverse split, which will occur immediately prior to the Share Exchange. The current shareholders of Rainwire will retain approximately 5.75% of the aggregate issued and outstanding stock on a fully-diluted basis.

Based on the closing prices of Rainwire common stock on December 18, 2001, the day before the Amended and Restated Share Exchange Agreement was executed, and , 2002, the date of this Information Statement/ Proxy Statement/ Prospectus, which were \$0.05 and \$, respectively, and the reverse split of 20 to 1 for the Rainwire common stock and exchange ratio of one share of Rainwire for every 2.5 shares of Oasis, Oasis shareholders will receive a number of shares of Rainwire common stock with a per share value of \$0.40 or \$, respectively, and a total transaction value of \$ and \$, respectively. As of March 31, 2002, Oasis had \$297,277 in assets and \$595,024 in liabilities.

The Board of Directors of Rainwire and Oasis have recommended that their Shareholders approve the foregoing. Information concerning all of the foregoing is contained in this Information Statement/ Proxy Statement/ Prospectus. **We urge you to read this material, including the Section describing Risk Factors that begins on page []**.

FORWARD-LOOKING STATEMENTS

The statements contained in this Information Statement/ Proxy Statement/ Prospectus that are not historical facts are forward-looking statements under the federal securities laws. These forward-looking statements, are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict. Actual outcomes and results may differ materially from what is expressed in, or implied by, such forward-looking statements. Rainwire and Oasis undertake no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Among the important factors that could cause actual results to differ materially from those expressed in, or implied by, the forward-looking statements are changes in general economic conditions, increased or unexpected competition, costs related to the proposed share exchange, failure to obtain required stockholder or regulatory approvals or the share exchange not closing for any other reason, failure of the combined company to retain and hire key employees, difficulties in successfully integrating the parties' businesses and technologies and other matters disclosed in Rainwire's filings with the Securities and Exchange Commission. Investors are strongly encouraged to review Rainwire's annual report on Form 10-KSB, for the year ended December 31, 2001 and other reports on file with the Securities and Exchange Commission for a discussion of risks and uncertainties that could affect operating results and the market price of the company's stock.

**QUESTIONS AND ANSWERS ABOUT THE SHARE EXCHANGE
AND RELATED TRANSACTIONS**

Q: WHAT IS THE SHARE EXCHANGE AGREEMENT?

A: Rainwire Partners, Inc. will acquire Oasis Group, Inc. in a stock exchange whereby the Shareholders of Oasis will receive shares of Rainwire. Oasis will become a wholly owned subsidiary of Rainwire and the Oasis shareholders as a group will receive 16,289,141 shares of the Rainwire common stock, or approximately 94.25% ownership of Rainwire on a fully-diluted basis. For more information on the Share Exchange Agreement, see Annex A: Plan and Agreement to Exchange Stock.

Q: WHY DID RAINWIRE AND OASIS AGREE TO THE SHARE EXCHANGE AGREEMENT?

A: *Rainwire Partners, Inc.*

On December 31, 2000, Rainwire's management adopted a plan to discontinue the operations of Rainwire, to liquidate its assets, and to acquire a potentially profitable company. Rainwire's Board of Directors believes that the terms and provisions of the Share Exchange Agreement provide Rainwire with an opportunity to acquire a potentially profitable company are fair and in the best interests of Rainwire and its stockholders.

However, Rainwire's shareholders are cautioned that they will suffer significant dilution as a result of the Share Exchange (see Risk Factors Current Rainwire shareholders will suffer immediate and substantial dilution under terms of the Share Exchange Agreement). In addition, because Rainwire's business will become that of Oasis after the Share Exchange, and because Oasis is a development stage company (see Risk Factors Oasis is a development stage company and has no significant operating history), Rainwire's shareholders are urged to carefully read the information provided in this Information Statement/ Proxy Statement/ Prospectus, including the financial statements provided herein.

For more information on the reasons Rainwire has approved the Share Exchange Agreement, see The Acquisition of Oasis Group, Inc. Reasons for the Approval of the Rainwire Board.

Oasis Group, Inc.

Oasis' board of directors determined that a reverse merger was the best vehicle to position Oasis in the public market. After discussions with the officers and directors of Rainwire, Oasis' board of directors believed that its familiarity with Rainwire and Rainwire's lack of current operations allowed Oasis to negotiate favorable terms and provisions in the Share Exchange Agreement, which Oasis believes will provide it with the least expensive and best opportunity to achieve its goal of reaching the public market.

However, Oasis' shareholders are cautioned that Rainwire has incurred significant losses to date, currently has no operations (see Risk Factors Rainwire has incurred significant losses), and its stock price may be adversely affected because it trades on the OTC Bulletin Board (see Risk Factors Our common stock is traded on the over the counter bulletin board and, as a result, there may be limited trading volume in the stock, as well as a greater spread between bid and asked prices).

For more information on the reasons Oasis has approved the Share Exchange, see The Acquisition of Oasis Group, Inc. Reasons for the Approval of the Oasis Board.

Q: WHAT APPROVALS ARE REQUIRED?

A: *Rainwire Partners, Inc.*

The approval of the Share Exchange Agreement and related transactions required the affirmative vote of the holders of a majority of the shares issued, outstanding and entitled to vote. On

Table of Contents

December 20, 2001, Rainwire had 9,909,886 shares of common stock issued and outstanding and 500,000 shares of Series D Convertible Preferred Stock issued and outstanding, entitled to 10 votes per share. A written consent of the majority of the shareholders of Rainwire representing 3,712,811 shares of the common stock and 500,000 shares of the Series D Convertible Preferred Stock, which approved the foregoing was executed on December 20, 2001.

Oasis Group, Inc.

The approval of the Share Exchange Agreement requires the affirmative vote of the holders of a majority of the shares issued, outstanding and entitled to vote.

Q: WHAT IS THE PURPOSE OF THIS INFORMATION STATEMENT/ PROXY STATEMENT/ PROSPECTUS?

A: This document serves as Rainwire's Information Statement and Prospectus and as Oasis's Proxy Statement. As an Information Statement, this document is being provided to Rainwire's shareholders to inform them that the holders of shares of Rainwire representing approximately 58.4% of the voting power of Rainwire stock have delivered to Rainwire a written consent approving the Share Exchange Agreement, amendments to Rainwire's Amended and Restated Certificate of Incorporation, and the Rainwire Partners, Inc. 2000 Stock Option Plan. Under Delaware law, the amendments to Rainwire's certificate of incorporation and Stock Option Plan must be approved by a majority of Rainwire's Shareholders.

As a Proxy Statement/ Prospectus, this document is being provided to Oasis's shareholders by Oasis because Oasis's Board of Directors is soliciting the Oasis's shareholders approval for the Share Exchange Agreement, and by Rainwire because Rainwire is offering Oasis shareholders shares of Rainwire common stock in exchange for their shares of Oasis common stock if the Share Exchange is completed.

Q: WHAT DO I NEED TO DO NOW?

A: *Rainwire Partners, Inc.*

Shareholders of Rainwire do not need to do anything at this time. The board of directors and a majority of the shareholders of Rainwire have already approved the Share Exchange. However, Rainwire's shareholders are urged to carefully read and consider the information contained in this Information Statement/ Proxy Statement/ Prospectus.

Oasis Group, Inc.

After carefully reading and considering the information contained in this Information Statement/ Proxy Statement/ Prospectus, indicate on your proxy card how you want to vote and sign and mail it in the enclosed return envelope as soon as possible so that your shares will be represented at the shareholders meeting.

The special meeting will be at [] on [] at [] local time. If you are a holder of record, you may attend the special meeting and vote your shares in person rather than signing and mailing your proxy.

Q: WHAT IF I DO NOT VOTE?

A: Pursuant to Section 14-2-1103 of the Georgia Business Corporation Code shareholders of Oasis must approve the Share Exchange by a majority of shares entitled to vote. Accordingly, a failure to respond or an abstention will have the same effect as a vote AGAINST adoption of the Share Exchange Agreement. If you return your proxy signed but do not indicate how you want to vote, your proxy will be counted as a vote FOR the Share Exchange.

Table of Contents

Q: CAN OASIS SHAREHOLDERS CHANGE THEIR VOTE AFTER THEY HAVE MAILED THEIR PROXY?

A: Yes. You can change your vote by sending in a later-dated, signed proxy card before the shareholders meeting of Oasis, or by attending the meeting in person and voting differently. You can also revoke any proxy before the shareholders meeting by sending a written notice to Oasis.

Q: WHY ARE RAINWIRE S SHAREHOLDERS BEING PROVIDED WITH THIS INFORMATION STATEMENT?

A: The Securities and Exchange Commission and federal securities laws require that Rainwire provide its holders of voting securities with notice of corporate action undertaken by written consent if proxies were not solicited. We are providing you with this Information Statement because the Amendments to the Certificate of Incorporation and Share Exchange Agreement were approved by the written consent of the holders of a majority of Rainwire s stock and proxies were not required to be solicited.

Q: WHAT RIGHTS DO I HAVE IF I OPPOSE THE SHARE EXCHANGE?

A: Both Rainwire and Oasis shareholders may dissent and seek an appraisal of the fair market value of their shares, but only if they comply with all Delaware or Georgia laws and procedures, as appropriate. For more information, see Outstanding Stock and Appraisal Rights and Exhibit B: Appraisal Rights Statute.

Q: WHEN DO YOU EXPECT THE SHARE EXCHANGE TO BE COMPLETED?

A: If all conditions to closing have been satisfied, the parties will close the Share Exchange as soon as possible, but not before the greater of 20 days after this Information Statement/ Proxy Statement/ Prospectus is mailed to the Rainwire shareholders and the approval of greater than 50% of the Oasis shareholders is received.

Q: WHERE SHOULD I SEND MY STOCK CERTIFICATE?

A: Oasis shareholders should not send in their stock certificates with their proxy. You must keep your stock certificate until after the Share Exchange has been approved, at which time you will receive a letter of transmittal describing how you may exchange your Oasis stock certificate for certificates representing shares of Rainwire common stock. At that time, you will have to submit your Oasis stock certificates to the exchange agent with your completed letter of transmittal. Rainwire stockholders do not need to do anything with their stock certificates.

Q: ARE THEIR RISKS I SHOULD CONSIDER IN DECIDING WHETHER TO VOTE FOR THE SHARE EXCHANGE?

A: Yes. The section entitled Risk Factors beginning on page [] of this Information Statement/ Proxy Statement/ Prospectus describes a number of risks that you should consider in connection with the Share Exchange.

Q: WHAT IS THE REVERSE SPLIT?

A: In connection with the Share Exchange, on December 19, 2001, Rainwire s Board of Directors approved an amendment to the Company s Amended and Restated Certificate of Incorporation to effect a one-for-twenty reverse stock split of the Company s issued outstanding Common Stock (the Reverse Split). The amendment was approved in a written consent executed by the holders of more than a majority of the outstanding shares of Common Stock. Pursuant to the Reverse Split, each of the twenty shares of Rainwire s Common issued and outstanding will be reclassified as, and exchanged for, one share of newly issued Common Stock.

Table of Contents

Q: WHY DID RAINWIRE INCREASE ITS AUTHORIZED SHARES OF COMMON STOCK?

A: The Rainwire Board of Directors considered many factors in deciding to increase Rainwire's authorized shares of Common Stock, including to effect the Share Exchange. See The Acquisition of Oasis Group, Inc. Reasons for the Approval of the Rainwire Board.

Q: WHY IS RAINWIRE PROPOSING APPROVAL OF THE RAINWIRE 2000 STOCK OPTION PLAN?

A: Rainwire's Board of Directors believes that the grant of equity-based awards such as stock options is a highly effective way to align the interests of employees, directors and consultants of Rainwire with those of stockholders and provides a cost-effective means of encouraging their contributions to the success of Rainwire.

SUMMARY

This summary highlights very important information in this Information Statement/ Proxy Statement/ Prospectus and may not contain all of the information that is important to you. Even though we have highlighted what we believe is the most important information, you should carefully read the entire Information Statement/ Proxy Statement/ Prospectus for a more complete understanding of the Share Exchange and related transactions, including the annexes and other documents to which we have referred you. You should also review the additional information about Rainwire on file with the Securities and Exchange Commission referred to in "Where You Can Find More Information", which begins on page [] of this Information Statement/ Proxy Statement/ Prospectus.

The Share Exchange

The acquisition of Oasis will be effected as a stock exchange whereby the shareholders of Oasis will receive shares of Rainwire and Oasis will become a wholly-owned subsidiary of Rainwire. The shareholders of Oasis will hold approximately 94.25% of the outstanding shares of the Company and the current shareholders of Rainwire will retain approximately 5.75% ownership on a fully-diluted basis. **The Share Exchange Agreement is attached as Annex A to this Information Statement/ Proxy Statement/ Prospectus. We encourage you to read the Share Exchange Agreement. It is the principal document governing the Share Exchange.** See "The Acquisition of Oasis Group, Inc." and "Annex A: Plan and Agreement to Exchange Stock."

The Companies

Rainwire Partners, Inc. is a Delaware corporation with its principal offices located at 8215 Roswell Road, Suite 925, Atlanta, Georgia 30350. Rainwire was incorporated on May 10, 1991, and as of December 31, 2000, it had adopted a plan to discontinue its operations and liquidate its assets. Oasis is currently in the development stage of its business and has entered into, and intends to continue to enter into various agreements to implement its business plan. Oasis' business plan consists of straightforward real estate golf resort and residential communities development, commercial and residential land acquisition for development, acquisition of commercial property, acquisition of developable land holdings for use or future sale, acquisition of existing resort and golf club communities and acquisition of a mortgage operation to compliment the residential development sales with added services. See "Background Information on Oasis Group, Inc."

Certain Consequences of the Share Exchange

Change in Corporate Offices

In August 2001, the corporate offices of Rainwire were transferred to Oasis' corporate offices. Until the closing of the Share Exchange, Oasis has agreed to allow Rainwire to use Oasis' offices on a rent free basis, although the parties have not entered into a formal agreement. Upon completion of the Share Exchange, Rainwire and Oasis will share their corporate office space.

Change in Senior Management

Upon completion of the Share Exchange, Lyne Marchessault will resign as President of Rainwire, and Ronald A. Potts will be appointed President and Chief Executive Officer of Rainwire. Following the Share Exchange, Rainwire's corporate officers will consist of Ronald A. Potts, President and Chief Executive Officer, Peggy A. Evans, Chief Financial Officer and Secretary.

Change in Board of Directors

Upon completion of the Share Exchange, Ronald A. Potts will be appointed to the Board of Directors of Rainwire. Following the Share Exchange, Rainwire's Board of Directors will consist of Lyne Marchessault, Michael McLaughlin, John Hill and Ronald A. Potts.

Change in Business Operations

Upon completion of the Share Exchange, Rainwire's operations will consist of those operations of Oasis. Oasis is a development stage company that's business plan includes acquiring, owning, developing and selling parcels of undeveloped property and a residential mortgage operation. See Background Information on Oasis Group, Inc. Description of Business.

Dilution of Current Rainwire Shareholders

In connection with the Share Exchange, Rainwire will assign, transfer and deliver to the Oasis shareholders 16,289,141 shares of Rainwire common stock, representing approximately 94.25% ownership of Rainwire on a fully-diluted basis. After issuance of the Rainwire common stock to the shareholders of Oasis, and the one-for-twenty reverse split of Rainwire's common stock, current Rainwire shareholders will hold as a group, approximately 5.75% of the fully-diluted Rainwire common stock.

Stock Ownership of Officers and Directors

Rainwire's current officers and directors will beneficially own approximately 61.4% of the Rainwire common stock prior to the Share Exchange and 10.9% of the Oasis common stock prior to the Share Exchange. Rainwire's current officers and directors will beneficially own approximately 13.5% of the combined company's common stock after the Share Exchange.

Oasis' current officers and directors will beneficially own approximately 1.5% of the Rainwire common stock prior to the Share Exchange and approximately 23.5% of the Oasis common stock prior to the Share Exchange. Oasis' current officers and directors will beneficially own approximately 21.5% of the combined company's common stock after the Share Exchange.

Reasons for the Approval of the Share Exchange Agreement by the Rainwire Board

On December 19, 2001, the Rainwire Board of Directors, unanimously approved the Share Exchange Agreement and determined that the acquisition of Oasis, and the transactions contemplated thereby are in the best interests of Rainwire and its shareholders.

In reaching its decision to approve the Share Exchange Agreement, as well as the reverse stock split and authorized share increase, the Rainwire Board of Directors considered a number of factors. See The Acquisition of Oasis Reasons for the Approval of the Rainwire Board.

Written Consent

Under Section 228 of the Delaware General Corporation Law the above actions can be authorized, provided shareholders holding at least a majority of the outstanding shares of Rainwire entitled to vote on the matter at the Record Date give their written consent thereto. On December 20, 2001, the majority of the shareholders approved the Share Exchange Agreement and the other actions. Accordingly, a vote of the remaining stockholders of Rainwire is not necessary to complete the Share Exchange or other actions.

Reasons for the Approval of the Share Exchange by Oasis Board

On December 19, 2001, the Oasis Board of Directors unanimously approved the Share Exchange Agreement and determined that Rainwire's acquisition of Oasis was in the best interest of Oasis and its shareholders.

Table of Contents

In reaching its decision to approve the Share Exchange, the Oasis Board of Directors considered a number of factors. See [The Acquisition of Oasis](#) [Reasons for the Approval of the Oasis Board](#).

Oasis Shareholder Vote

If you are an Oasis shareholder, you may vote at the special meeting if you owned shares of Oasis common stock at the close of business on _____, 2002. As of the close of business on that day, _____ shares of Oasis common stock were outstanding.

Approval and adoption of the Share Exchange Agreement, the Share Exchange and the other transactions contemplated by the Share Exchange Agreement, and approval of the proposal regarding further solicitation of proxies upon adjournment or postponement of the special meeting requires the affirmative vote of the holders of at least a majority of the outstanding shares of Oasis common stock.

Voting by Directors and Executive Officers

On December 19, 2001, directors and executive officers of Rainwire and their affiliates were entitled to vote approximately 2,231,461 shares of Rainwire common stock, or approximately 22.5% of the shares of Rainwire common stock outstanding on that date. In addition, directors and executive officers of Rainwire were entitled to vote 500,000 shares of Series D Convertible Preferred Stock, which are entitled to a total of 5,000,000 votes, or 10 votes per share. Accordingly, on December 19, 2001, directors and executive officers of Rainwire and their affiliates were entitled to 7,231,461 out of a total of 14,909,886 votes, or 48.5% of the total voting power.

On December 19, 2001, directors and executive officers of Oasis and their affiliates were entitled to vote approximately 11,200,000 shares of Oasis common stock, or approximately 28.5% of the shares of Oasis common stock outstanding on that date.

Conflicts of Interest

The interests of certain members of the Board and Management of Rainwire and Oasis could be different than those of other Rainwire and Oasis shareholders. For example, three of the directors were members of both boards during a period of time when the companies were conducting their due diligence and prior to the negotiation of the Amended and Restated Share Exchange Agreement, and certain officers and directors of Rainwire and Oasis own stock in the other company. See [Risk Factors](#) [Various conflicts of interest existed during the negotiation of the Share Exchange Agreement](#).

In addition, certain officers and directors of Rainwire have entered into transactions with Rainwire, including the issuance of common stock in exchange for the satisfaction of \$60,000 of debt owed to the officers and/or directors and the issuance of preferred stock to such officers and directors. In addition, certain officers and directors of Oasis and have entered into transactions with Oasis, including the issuance of preferred stock in exchange for the assignment of Real Estate Sale and Purchase Agreements. Moreover, as of December 31, 2001 Oasis had advanced approximately \$115,000 to Rainwire. See [The Acquisition of Rainwire Partners, Inc. Conflicts of Interest](#) and [The Acquisition of Oasis Group, Inc. Conflicts of Interest](#).

Closing and Conditions of the Share Exchange

The acquisition of Oasis shall become effective at such time as the Conditions Precedent for closing the Share Exchange Agreement have been either satisfied or waived, and the required Shareholder consents and notifications are completed. See [Annex A: Plan and Agreement to Exchange Stock](#).

Termination of the Share Exchange Agreement

The Share Exchange Agreement may be terminated by either Rainwire or Oasis prior to the closing under certain circumstances. See [Annex A: Plan and Agreement to Exchange Stock](#).

The Share Exchange Consideration

On the date that the Boards of Directors of Rainwire and Oasis approved the Amended and Restated Share Exchange Agreement, December 19, 2001, Rainwire had 19,909,886 shares of common stock outstanding, on a fully-diluted basis, and the most recent closing price for Rainwire's common stock was \$0.05 per share. Accordingly, the Boards of Directors of Oasis and Rainwire agreed upon a valuation of Rainwire of approximately \$995,500. Oasis had a total of 40,722,853 shares of its common stock issued and outstanding or reserved for issuance pursuant to agreements that Oasis had entered into, and the Boards of Directors of Rainwire and Oasis had agreed upon a valuation of Oasis, based on the value of real property and businesses that Oasis had agreements to acquire, of approximately \$16,000,000. In order to maintain the respective valuations, but reduce the total number of shares outstanding after the Share Exchange, the Boards of Directors of Rainwire and Oasis agreed to a twenty-to-one reverse split of Rainwire's common stock and an exchange ratio of 2.5 shares of Rainwire for every share of Oasis.

Accordingly, pursuant to the Amended and Restated Share Exchange Agreement, the Oasis shareholders will receive 16,289,141 shares of Rainwire Common Stock constituting approximately 94.25% of the post acquisition fully-diluted shares of Rainwire Common Stock, and will dilute the current shareholders of Rainwire Common Stock to approximately 5.75% fully-diluted ownership post-exchange.

Based on the closing prices of Rainwire common stock on December 18, 2001, the day before the Amended and Restated Share Exchange Agreement was executed, and _____, 2002, the date of this Information Statement/ Proxy Statement/ Prospectus, which were \$0.05 and \$ _____, respectively, and the reverse split of 20 to 1 for the Rainwire common stock and exchange ratio of one share of Rainwire for every 2.5 shares of Oasis, Oasis shareholders will receive a number of shares of Rainwire common stock with a per share value of \$0.40 or \$ _____, respectively, and a total transaction value of \$ _____ and \$ _____, respectively. As of March 31, 2002, Oasis had \$297,277 in assets and \$595,024 in liabilities.

Federal Income Tax Consequences

The acquisition of Oasis and the included transactions contemplated in connection therewith have been structured with the intent that they be tax-free to Rainwire, Oasis and holders of Oasis stock for federal income tax purposes. See *The Acquisition of Oasis Group, Inc. Federal Income Tax Consequences*.

In addition, the receipt of one share of common stock for every twenty share of common stock held prior to the reverse split as a result of the reverse split by Rainwire's shareholders should not result in any taxable gain or loss to stockholders for federal income tax purposes.

The federal income tax discussion set forth above is included for general information and may not apply to particular categories of holders of Oasis stock or options subject to special treatment under the federal income tax laws, such as foreign holders and holders whose stock or options were acquired pursuant to the exercise of an employee stock option or otherwise as compensation. In addition, there may be relevant foreign, state, local or other tax consequences, which are not described above. The Oasis shareholders are urged to consult their tax advisors to determine the specific tax consequences of the Share Exchange, including the applicability and effect of foreign, state, local and other tax laws.

Accounting Treatment

The transaction will be accounted for as a reverse acquisition of the fair market value of Rainwire's stock by Oasis in accordance with generally accepted accounting principles. See *The Acquisition of Oasis Accounting Treatment*.

Disposition of Current Operations

Due to the poor financial performance experienced from operations, on December 31, 2000, Rainwire's management adopted a plan to discontinue its operations and liquidate its assets. See Background Information on Rainwire Partners, Inc. Disposition of Current Operations.

Dissenter's Rights

Under Delaware law, Rainwire shareholders have the right to seek an appraisal of the fair market value of their shares in connection with the Share Exchange and other actions. See Outstanding Stock and Appraisal Rights and Annex B: Appraisal Rights Statutes.

Under Georgia law, Oasis shareholders have the right to seek an appraisal of the fair market value of their shares in connection with the Share Exchange. See Outstanding Stock and Appraisal Rights and Annex B: Appraisal Rights Statutes.

Market for Rainwire Common Stock

On April 14, 2001, our common stock was delisted from the OTC Bulletin Board and until January, 2002, our common stock was traded on the pink sheets. Beginning on January 21, 2002, our common stock was relisted on the OTC Bulletin Board under the symbol RNWR.

Upon completion of the Share Exchange, and the name change of Rainwire to Oasis Group, Inc., Rainwire expects to obtain a new symbol for trading on the OTC Bulletin Board.

The Amendments to Rainwire's Certificate of Incorporation

On December 19, 2001, Rainwire's Board of Directors approved an amendment to Rainwire's Amended and Restated Certificate of Incorporation to effect a one-for-twenty reverse stock split (the Reverse Split) of Rainwire's then issued and outstanding Common Stock (the Prior Common), to change the name of Rainwire from Rainwire Partners, Inc. to Oasis Group, Inc. (the Name Change), and to increase the authorized shares of Common Stock of the Company to One Hundred Million (100,000,000) (the Authorized Share Increase).

An amendment to Rainwire's Amended and Restated Certificate of Incorporation reflecting the foregoing was filed with the Secretary of the State of Delaware on , 2002.

Rainwire Partners, Inc. 2000 Stock Option Plan

The purpose of the Rainwire Partners, Inc. 2000 Stock Option Plan is to promote the long term success of Rainwire and the creation of stockholder value. The plan will reserve for issuance of stock incentives to employees, directors and consultants of Rainwire 1,050,000 shares of Rainwire common stock. All employees, directors and consultants of Rainwire and its subsidiaries will be eligible to participate in the plan. The plan provides for the grant of incentive and nonstatutory stock options.

RISK FACTORS

The Share Exchange involves a high degree of risk. By consenting to the Share Exchange, current Oasis shareholders will be choosing to invest in Rainwire Common Stock. Additionally, as a result of the Share Exchange, current Rainwire shareholders will face dilution of their ownership interest in Rainwire. In addition to the other information contained in this Information Statement/ Proxy Statement/ Prospectus, you should carefully consider all of the following risk factors relating to the proposed Share Exchange, Rainwire, Oasis and the combined company in deciding whether to consent for the Share Exchange and other actions.

Risks Related to the Business

Because of our lack of funds and past losses, Rainwire's independent accountant's audit report states that there is substantial doubt about its ability to continue as a going concern.

Rainwire's independent certified public accountants have raised substantial doubt about its ability to continue as a going concern. In the event that the Share Exchange, and its included transactions, is not completed, the future of Rainwire is in serious doubt. Given our current financial position we are unable to effectively continue to operate our present business for any extended period into the future. In the absence of the closing the Share Exchange, it is most likely that we will be forced to effect a liquidation of Rainwire within the next three months.

Rainwire has incurred significant losses.

As of December 31, 2000, the end of Rainwire's most recent fiscal year, Rainwire had incurred significant losses. Additionally, as of December 31, 2000, Rainwire adopted a plan to discontinue its operations and to liquidate its assets. Accordingly, Rainwire expects to continue incurring operating losses until it is able to derive meaningful revenues from Oasis' anticipated operations. There can be no assurance that Oasis' anticipated operations will ever produce profitable operations or that Rainwire will be able to continue to obtain financing until Oasis is able to produce profitable operations. Because of the substantial start-up costs that must be incurred by a new company, Rainwire expects to incur significant operating losses during the initial years of Oasis' operations. No assurance can be given that the future operations of Oasis will be successful.

Rainwire does not anticipate paying any dividends in the foreseeable future.

Rainwire presently anticipates that it will retain all available funds for use in the operation and expansion of its business and does not anticipate paying any dividends in the foreseeable future. Any future payment of dividends to its stockholders will depend on decisions that will be made by its board of directors and will depend on then existing conditions, including our financial condition, contractual restrictions, capital requirements and business prospects.

Oasis is a development stage company and has no significant operating history.

Oasis was founded on November 16, 1999, and to date has not had any revenue producing operations on which you can evaluate its potential for future success. Oasis' activities to date have been limited to conducting a private offering of its securities, entering into agreements or letters of intent concerning various real property and a mortgage brokerage company, and the purchase of undeveloped property located in Arizona, California, South Dakota and Wyoming. As an early-stage company, Oasis is subject to all risks, expenses, and uncertainties frequently encountered by new companies. Any unanticipated expenses, problems, or difficulties may result in material delays both in the completion of the Share Exchange and in implementing Oasis' business plan.

Oasis may be unable to raise additional funding to pursue our strategies which may harm our business.

Oasis anticipates the need for additional capital as it pursues its business strategy. Based on Oasis' development plans for properties that it currently has under contract, Oasis will need approximately \$25,000,000 over the next 12-24 months and a total of \$49,500,000 over the next five years. Oasis expects

Table of Contents

to raise additional capital through a combination of new debt issuances and equity sales, from private as well as public sources, and traditional acquisition and development loans potentially utilizing any largely unencumbered properties as collateral for such loans. Issuance of any convertible debt and/or the sale of equity will likely have a dilutive effect on Oasis and its shareholders. Implementation of Oasis' strategy and its business plans is contingent upon the availability of such funding sources. No assurance can be given that Oasis will be able to raise capital, at terms that are acceptable to Oasis, or at all, in order to fund its operations as set forth above.

Oasis' business plan may never be implemented.

Oasis' business plan includes the acquiring, owning, developing and selling of parcels of undeveloped property and a residential mortgage operation. Oasis has entered into agreements or letters of intent concerning various real property and a mortgage brokerage company; however, there is no assurance that any of the transactions contemplated by the agreements will ever be completed.

Oasis' business plan includes the acquisition of real property and/or businesses.

Oasis' business plan includes future acquisitions or investments in real property, other companies, facilities or technologies. The combined company may not realize the anticipated benefits of any acquisition or investment. If the combined company makes any acquisitions, it will be required to assimilate the operations, products and personnel of the acquired businesses and train, retain and motivate key personnel from the acquired businesses. Similarly, acquisitions may cause disruptions in the combined company's operations and divert management's attention from day-to-day operations, which could impair the combined company's relationships with its employees, customers and strategic partners. In addition, the combined company's profitability may suffer because of acquisition-related costs, amortization costs for certain intangible assets, and impairment losses related to goodwill.

Oasis' real estate investments are relatively illiquid.

Because real estate investments are relatively illiquid, Oasis' ability to vary its portfolio promptly in response to economic or other conditions will be limited. The foregoing may impede the ability of Oasis to respond to adverse changes in the performance of its investments and could have an adverse effect on the company's financial condition and results of operations.

Risks Related to the Offering

Current Rainwire shareholders will suffer immediate and substantial dilution under terms of the Share Exchange Agreement.

Under the terms of the Share Exchange Agreement, Rainwire will effect a reverse split of its current issued and outstanding common stock and will issue shares of Rainwire's Common Stock to the shareholders of Oasis. As a result, current shareholders of Rainwire will suffer substantial dilution.

In addition, under the terms of the Share Exchange Agreement, Rainwire will amend its Certificate of Incorporation to increase its authorized shares of Common Stock to One Hundred Million (100,000,000). Rainwire's ability to issue additional shares of Common Stock after the completion of the Share Exchange will subject current Rainwire shareholders to additional dilution.

No investment banker was hired to review the fairness of the transaction.

No investment banker, appraiser or other independent third party has been consulted concerning this offering or the fairness of the terms of the Share Exchange. Thus, you may have less protection than if an investment banker were involved in the transaction. For example, the consideration to be received by the shareholders of Rainwire and Oasis were determined to be fair by the board of directors of Oasis and Rainwire, and there has been less due diligence performed on Rainwire and Oasis than would have been the case if an investment banker were involved in the transaction. As a result, shareholders of Rainwire

Table of Contents

and Oasis are cautioned to rely on their own determination of the reasonableness of the terms of the proposed transaction and the consideration they will receive.

Various conflicts of interest existed during the negotiation of the Share Exchange Agreement.

Upon execution of the Non-binding Share Exchange Agreement, on August 29, 2001, Ronald A. Potts, the President, Chief Executive Officer and a director of Oasis, was appointed President, Chief Executive Officer and a director of Rainwire, Peggy A. Evans, the Chief Financial Officer of Oasis was appointed Chief Financial Officer of Rainwire, and Michael McLaughlin and John Hill, directors of Oasis were appointed as directors of Rainwire. During the review of the due diligence items in connection with the Non-binding Share Exchange Agreement, the parties determined that the terms of the share exchange were not fair and in the best interests of the shareholders of the respective companies, and that new terms would need to be negotiated.

On November 12, 2001, at the advice of corporate legal counsel, Ronald A. Potts resigned as President, Chief Executive Officer and as a director of Rainwire. In addition, John Hill and Michael McLaughlin resigned as directors of Oasis. On December 14, 2001, Jack DiFranco was appointed to the Board of Directors of Oasis. On December 19, 2001, the respective Boards of Directors of Oasis and Rainwire approved an Amended and Restated Share Exchange Agreement.

On the date that the Board of Directors of each company approved the Amended and Restated Share Exchange Agreement, the Rainwire board consisted of:

Lyne Marchessault;

John Hill; and

Michael McLaughlin,
and the Oasis board consisted of:

Ronald A. Potts; and

Jack DiFranco.

On that same date, the officers of Rainwire were:

Lyne Marchessault, President and Secretary;

Peggy A. Evans, Chief Financial Officer; and

Michael McLaughlin, Assistant Secretary,
and the officers of Oasis were:

Ronald A. Potts, President and Chief Executive Officer; and

Peggy A. Evans, Chief Financial Officer and Secretary.

Accordingly, during the period from the execution of the Non-binding Share Exchange Agreement on August 29, 2001, until November 12, 2001, Rainwire and Oasis were under common control. However, from November 12, 2001, to the approval and execution of the Amended and Restated Share Exchange Agreement, the only person who was an officer or director of both companies was Peggy A. Evans, who did not vote for the Share Exchange on behalf of either company.

Table of Contents

In addition, on the date that the Boards of Directors of Rainwire and Oasis approved the Amended and Restated Share Exchange Agreement, certain of the officers and directors of the companies owned stock in the other company as follows:

Lyne Marchessault.	Approximately 4.6% of the outstanding common stock of Oasis
Peggy A. Evans.	Approximately 4.3% of the outstanding common stock of Oasis
John Hill.	Less than 1% of the outstanding common stock of Oasis
Michael McLaughlin.	Less than 1% of the outstanding common stock of Oasis
Ronald A. Potts.	Approximately 1.5% of the outstanding common stock of Rainwire on a fully-diluted basis

The directors of each of Rainwire and Oasis have an independent obligation to ensure that the participation in the share exchange of each individual company is fair and equitable, considering all factors unique to each company and without regard to whether the share exchange is fair and equitable to the other company. The directors sought to discharge faithfully this obligation to each of the companies, but you should bear in mind that three of the directors were members of both boards during a period of time when the companies were conducting their due diligence and prior to the negotiation of the Amended and Restated Share Exchange Agreement. As a result, these directors may not have had a totally independent perspective during the negotiations of the Amended and Restated Share Exchange Agreement, which may have led them to advocate positions during such negotiations different from what they may have advocated had they not had the same perspective.

Our common stock is traded on the over the counter bulletin board and, as a result, there may be limited trading volume in the stock, as well as a greater spread between bid and asked prices.

Our common stock is traded on the Electronic Bulletin Board, on the over the counter market (the OTC Bulletin Board). While a public market currently exists for our common stock, trading of relatively small blocks of stock can have a significant impact on the price at which the stock is traded. In addition, the over the counter market has experienced, and is likely to experience in the future, significant price and volume fluctuations which could adversely affect the market price of the common stock without regard to our operating performance.

Issuers whose securities are traded on the OTC Bulletin Board may experience a greater spread between the bid and asked prices of their securities compared with securities traded on a national securities exchange or Nasdaq, and a limited liquidity in their securities. In addition, many investors have policies against the purchase or holding of securities traded in the over-the-counter markets. Trading in an over-the-counter market such as OTC Bulletin Board has, and will continue to, affect both the trading volume and the market value of our common stock for the foreseeable future.

We will be subject to the penny stock rules which may adversely affect trading in our stock.

Because our common stock is not listed on any securities exchange or the Nasdaq Stock Market and may not have a trading price of at least \$5.00 per share, our common stock is subject to federal penny stock regulations. As a result, the market liquidity for the shares received in this offering could be adversely affected because these regulations require broker-dealers to make a special suitability determination for the purchase and to have received the purchaser's written consent to the transaction prior to the sale. This makes it more difficult administratively for broker-dealers to buy and sell stock subject to the penny stock regulations on behalf of their customers. As a result, it may be more difficult for a broker-dealer to sell the shares received in this offering.

(1) Audited financial statements of The Oasis Group, Inc. as of and for the year ended December 31, 2001, and unaudited financial statements of The Oasis Group, Inc. for the three months ended March 31, 2002 and 2001 (included elsewhere herein).

(b) Pro forma financial information:

(1) Pro forma financial information as of December 31, 2001 and March 31, 2002.

PRO FORMA FINANCIAL INFORMATION

Assuming the share exchange is completed, Rainwire Partners, Inc. will be the legal parent of The Oasis Group, Inc. For accounting purposes, The Oasis Group, Inc. will be the acquirer and its financial information will be reported from the effective date of the merger forward. Accordingly, the operations of Rainwire will no longer be reported and all historical financial information and results of operations will be that of The Oasis Group, Inc.

The Oasis Group, Inc. a development stage, Georgia corporation was formed in November 1999, however, it had no financial transactions during that year. The information included herein for Oasis is as of December 31, 2001 and for the year then ended and the three months ended March 31, 2002.

PRO FORMA NARRATIVE

Operations of Rainwire Partners, Inc.

For the three months ended March 31, 2002, Rainwire Partners, Inc. was in the development stage and had no operations, having discontinued them as of December 31, 2000. Therefore, there are no continuing operations for Rainwire during the year ended December 31, 2001, or for the three months ended March 31, 2002.

Operations of The Oasis Group, Inc.

The operations of The Oasis Group, Inc were comprised of start-up activities for which all incurred costs have been expensed. Since inception and through March 31, 2002, Oasis incurred operating losses totaling approximately \$2,438,000, exclusive of accumulated other comprehensive loss of \$182,000, arising from unrealized holding losses on available-for-sale securities. Therefore, neither Rainwire nor Oasis had any operating revenues except for interest income of \$2,453 earned by Oasis.

Pro forma effect on operations of combining the two companies had the transaction occurred at the beginning of the most recent fiscal periods year ended December 31, 2001 and three months ended March 31, 2002.

Had the two companies been combined for the year ended December 31, 2001 and for the three months ended March 31, 2002, the pro forma effect would have been a loss from continuing operations of approximately \$1,379,278 for the year ended December 31, 2001. For the three months ended March 31, 2002 a loss from continuing operations would have been \$430,837. The resulting pro forma loss per share for these periods would have been \$.08, and \$.02, respectively, based on the weighted average number of shares outstanding, assuming the merger at the beginning of 2001. The previously reported loss per share for Rainwire for these periods was \$.0 cents. The following are Pro Forma consolidated statements of operations for these periods:

THE ACQUISITION OF OASIS GROUP, INC.

Background of the Offer and the Acquisition

Background of Rainwire

In the fall of 2000, Internet-related professional service firms began to experience significant declines in revenue and profits primarily due to (i) broad-based general economic slowdown in which clients significantly tightened technology budgets, (ii) increased competitive pressure from traditional management consulting, information technology services, and eBusiness services competitors, and (iii) a lack of urgency by companies to fund eBusiness projects. These negative industry trends dramatically affected the financial results of Rainwire and its peer firms.

As a result of significant operating losses and a significant decline in its customer base, on December 31, 2000, management of Rainwire, adopted a plan to discontinue the operations of Rainwire, liquidate its assets and explore alternative plans for growth, which included the identification of companies in markets that had greater growth and profitability potential than the market for e-business solutions.

Background of Oasis

Management and the Board of Directors of Oasis had periodically reviewed its long-term strategic plans and had periodically considered a wide range of options, including internal growth strategies, growth through various strategic alliances, investments, acquisitions or business combinations, and concluded that the ability to have publicly traded stock would benefit Oasis in implementing its business plan.

Background of the Agreement

In February, 2001, Rainwire's board of directors consisting of Bryan Johns, Walter Elliott and Lyne Marchessault, and Ronald A. Potts, the president and a director of Oasis began discussions concerning the use of Rainwire as a reverse merger vehicle to position Oasis in the public market. These initial discussions did not result in any agreements, and the Board of Directors of Rainwire determined that it should pursue other merger or acquisition candidates.

In June 2001, Rainwire received a Letter of Intent from a company concerning a possible Share Exchange (Company A). After review and negotiation by legal counsel for the parties, the Board of Directors of Rainwire, consisting of Mr. Elliott and Ms. Marchessault approved the execution of a Letter of Intent with Company A. Because Company A could not obtain the necessary funding to complete the transaction, the Letter of Intent was declared void by Rainwire during the first week in August 2001.

As a result of its unsuccessful negotiations with Company A, Rainwire re-entered discussions with Oasis during the beginning of August, 2001. During these discussions, Oasis agreed to lend money to Rainwire on a short-term basis to allow Rainwire to meet some of its current obligations.

As a result of the discussions with Oasis in August 2001, on or about August 16, 2001, Oasis forwarded a Letter of Intent to Rainwire. The Board of Directors of Rainwire, consisting of Mr. Elliott and Ms. Marchessault had various telephone discussions concerning the terms of the Letter of Intent with Oasis and entered into a written consent of the Board of Directors on August 22, 2001, approving the Letter of Intent. On August 22, 2001, Rainwire and Oasis executed the Letter of Intent, which was voidable by either of the parties if an agreement was not executed by August 30, 2001.

On or about August 25, 2002, a draft of the Plan and Agreement to Exchange Stock was forwarded to the Boards of Directors of Rainwire and Oasis. The Board of Directors of Rainwire, consisting of Mr. Elliott and Ms. Marchessault had various telephone discussions concerning the terms of the Agreement and lack of any other alternative transactions for Rainwire. The Board of Directors of Oasis, consisting of Mr. Potts, John Hill and Michael McLaughlin, had various telephone discussions concerning the terms of the Agreement.

Table of Contents

During the period from August 25, 2001 through August 29, 2001, Ms. Marchessault and Mr. Elliott had various telephone conversations concerning the terms of the Agreement and Rainwire's stock price. Although, Rainwire's stock price had suffered, Mr. Elliott and Ms. Marchessault agreed that the terms of the reverse stock split in the letter of intent were excessively dilutive. Ms. Marchessault and Mr. Elliott had various discussions with Mr. Potts concerning the terms of the Agreement and Rainwire and Oasis agreed to revise the terms of the reverse split of Rainwire common stock from a forty-to-one ratio to a twenty-to-one ratio. In addition, Mr. Elliott agreed to resign as an officer and director of Rainwire and Rainwire agreed to appoint Mr. Potts, Mr. McLaughlin and Mr. Hill to the Board of Directors of Rainwire.

On August 29, 2001, Rainwire and Oasis completed negotiations and the Plan and Agreement to Exchange Stock (the Non-Binding Share Exchange Agreement) was signed and approved by the written consent of the Board of Directors of Rainwire, consisting of Mr. Elliott and Ms. Marchessault and Board of Directors Oasis, consisting of Messrs. Potts, Hill and McLaughlin subject to the completion of due diligence and exchange of Schedules as outlined in the Non Binding Share Exchange Agreement.

Upon execution of the Non-Binding Share Exchange Agreement, Mr. Elliott resigned as a director and vice president of Rainwire, and Messrs. Potts, McLaughlin and Hill were appointed to the Board of Directors of Rainwire. In addition, Mr. Potts was appointed President and Chief Executive Officer of Rainwire and Peggy A. Evans was appointed Chief Financial Officer of Rainwire.

Shortly after August 29, 2001, Rainwire and Oasis exchanged due diligence requirements checklists and began to prepare each other's respective deliverables.

During the period between August 29, 2001, and November 12, 2001, there were numerous telephone calls and meetings between members of senior management and their legal counsel regarding certain due diligence matters, including, most notably, the settlement of Rainwire's outstanding liabilities. As a result of these discussions, and in order to mitigate its outstanding liabilities, Rainwire hired an outside firm to negotiate the settlement of its outstanding liabilities. There were also numerous discussions between Mr. Potts and Ms. Marchessault concerning the increase in the number of Oasis shares outstanding from the date that the Agreement was executed.

As a result of these discussions, Oasis and Rainwire determined that the terms of the Plan and Agreement to Exchange Stock would need to be amended, and on November 12, 2001, at the advice of corporate legal counsel, Mr. Potts resigned as President, Chief Executive Officer, Chairman of the Board and as a director of Rainwire. In addition, Mr. Hill and Mr. McLaughlin resigned as directors of Oasis. Legal counsel further advised Rainwire and Oasis to file a Registration Statement on Form S-4 in connection with the Share Exchange.

On December 18, 2001, legal counsel distributed the final draft of the Share Exchange Agreement.

On December 19, 2001, the Rainwire and Oasis Board of Directors held telephonic meetings to consider the proposed agreement, including the new terms. Prior to the meetings, the directors were provided with a draft of the Amended and Restated Share Exchange Agreement and related documents. On that date, Rainwire had 19,909,886 shares of common stock outstanding, on a fully-diluted basis, and the most recent closing price for Rainwire's common stock was \$0.05 per share. Accordingly, the Boards of Directors of Oasis and Rainwire agreed upon a valuation of Rainwire of approximately \$995,500. Oasis had a total of 40,722,853 shares of its common stock issued and outstanding or reserved for issuance pursuant to agreements that Oasis had entered into, and the Boards of Directors of Rainwire and Oasis agreed upon a valuation of Oasis, based on the value of the real property and businesses that Oasis had agreements to purchase, of approximately \$16,000,000. In order to maintain these respective valuations, but reduce the total number of shares outstanding after the Share Exchange, the Boards of Directors of Rainwire and Oasis agreed to a twenty-to-one reverse split of Rainwire's common stock and an exchange ratio of one share of Rainwire for every 2.5 shares of Oasis.

Both the Rainwire and Oasis Board of Directors held separate telephone discussions and determined that the transactions contemplated by the Amended and Restated Share Exchange Agreement and related

Table of Contents

documents were advisable and in the best interest of their respective companies and stockholders. On December 19, 2001, both the Rainwire and Oasis Boards of Directors approved the Amended and Restated Share Exchange Agreement by written consent, directed their executive officers to execute the Amended and Restated Share Exchange Agreement and recommended the Amended and Restated Share Exchange Agreement to their respective shareholders.

On December 19, 2001, the Share Exchange Agreement and related documents were executed by the parties.

On December 20, 2001, the Share Exchange Agreement and related documents were approved by a majority of the shareholders of Rainwire by written consent.

Approval of the Rainwire Board

The Rainwire Board of Directors, on December 19, 2001, unanimously approved the Amended and Restated Share Exchange Agreement and the transactions contemplated thereby, including the acquisition, and determined that the acquisition, and the transactions contemplated thereby are in the best interests of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately 48.5% of the voting power of Rainwire.

Reasons for the Approval of the Rainwire Board

In approving the Share Exchange Agreement, Rainwire's Board considered a number of factors, including, but not limited to, the following:

1. The board considered the financial condition, results of operations, business and prospects of Rainwire and concluded that Rainwire's financial condition, results of operations, business and prospects made it very doubtful that it was strong enough to sustain itself, if an acquisition was not consummated.
2. The board considered the fact that it could not reach an agreement during its discussions with another party concerning a similar transaction, and had not found any other opportunities and did not believe that it was likely that another opportunity would present itself.
3. The board considered the review by Rainwire's management of filing for protection under Chapter 11 filing of the United States Bankruptcy Code, and concluded that a Chapter 11 filing was unlikely to result in a greater value to Rainwire or its shareholders than the acquisition of Oasis on the terms specified in the Amended and Restated Share Exchange Agreement.
4. The board considered the fact that the share exchange was expected to be tax free to the shareholders of Rainwire.
5. The board considered its familiarity of with the management and business plan of Oasis.
6. The board considered the fact that Oasis could produce audited financial statements and other information necessary for the filing of this registration statement.
7. The board considered the fact that Oasis had agreed to pay all fees and expenses associated with this registration statement.

Rainwire's Board also considered the following possible negative factors in reaching its decision to approve the Share Exchange Agreement:

1. The board considered the significant dilution that the Rainwire shareholders will suffer as a result of the Share Exchange.
2. The board considered the fact that since the exchange ratio is fixed, fluctuations in the share price of Rainwire's common stock could increase or decrease the value of the consideration received by Rainwire's shareholders.

Table of Contents

3. The board considered all of the risks typically associated with consummating a Share Exchange with development stage company, including the fact that Oasis had not produced any revenue from operations and that it had a limited number of binding agreements executed at the time the Amended and Restated Share Exchange was being considered.

4. The board considered the risk that Oasis would not be able to successfully implement its business plan.

5. The board considered the risk that the Share Exchange would not be completed.

6. The board considered the risk that the interests of its officers and directors may be different from, or in addition to, those of its shareholders generally. See Background Information of Rainwire Partners, Inc. Conflicts of Interest.

The foregoing discussion of the information and factors considered and given weight by Rainwire's Board is not intended to be exhaustive. Members of Rainwire's board of directors evaluated these factors in light of their knowledge of Rainwire's business, the industries in which Rainwire and Oasis operate and their business judgment. In view of the variety of factors considered in connection with its evaluation of the foregoing, the Rainwire Board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination. In addition, individual members of the Rainwire Board may have given different weights to different factors.

The Board of Directors of Rainwire has not requested or received, and will not receive, an opinion of an independent investment banker as to whether the Share Exchange is fair from a financial point of view to Rainwire and its shareholders.

Approval of the Oasis Board

The Oasis Board of Directors, on December 19, 2001, unanimously approved the Share Exchange Agreement and the transactions contemplated thereby, including the acquisition of Oasis by Rainwire, and determined that the acquisition, and the transactions contemplated thereby are in the best interests of Oasis and its shareholders. On the Record Date, the Board of Directors as a group held approximately % of the voting stock of Oasis.

Reasons for the Approval of the Oasis Board

In approving the Share Exchange Agreement, the Oasis Board considered a number of factors, including, but not limited to, the following:

1. The board considered that its investors, shareholders and management have requested and desire liquidity as soon as possible.

2. The board considered that Oasis's ability to implement its business plan would increase if it were a public company.

3. The board considered that a reverse merger, and filing of a registration statement under the 1933 Act is a well known, and would treat all of its shareholders equally as they would be able to sell their shares without the expense and paperwork burden that would be imposed if their stock was not fully registered.

4. The board considered its familiarity with the financial condition and management of Rainwire.

5. The board considered the fact that Rainwire had ceased all operations and that Rainwire's business operations after the Share Exchange would be solely that of Oasis.

6. The board considered the fact that the share exchange was expected to be tax free to the shareholders of Oasis.

Table of Contents

Oasis Board also considered the following possible negative factors in reaching its decision to approve the Share Exchange Agreement:

1. The board considered the fact that, under the terms of the Amended and Restated Share Exchange Agreement, the fees and expenses associated with the Share Exchange and the filing of this registration statement would be borne by Oasis.

2. The board considered the risk that the announcement of the Share Exchange and the efforts necessary to complete the Share Exchange and this registration statement could result in a disruption of the operations of Oasis by, among other things, diverting management and other resources of Oasis from their day-to-day operations.

3. The board considered the significant losses incurred by Rainwire and the company's ability to settle Rainwire's liabilities before and after the Share Exchange.

4. The board considered Rainwire's low stock price, volume and trading market.

5. The board considered the risk that the interests of its officers and directors may be different from, or in addition to, those of its shareholders generally. See Background Information of Oasis Group, Inc. Conflicts of Interest.

The foregoing discussion of the information and factors considered and given weight by Oasis Board is not intended to be exhaustive. Members of Oasis board of directors evaluated these factors in light of their knowledge of Oasis business, the industries in which Rainwire and Oasis operate and their business judgment. In view of the variety of factors considered in connection with its evaluation of the foregoing, the Oasis Board did not find it practicable to, and did not quantify or otherwise assign relative weights to the specific factors considered in reaching its determination. In addition, individual members of the Oasis Board may have given different weights to different factors.

The Board of Directors of Oasis has not requested or received, and will not receive, an opinion of an independent investment banker as to whether the Share Exchange is fair from a financial point of view to Oasis and its shareholders.

Accounting Treatment

The transaction will be accounted for as a reverse acquisition of the fair market value of Rainwire's stock by Oasis in accordance with generally accepted accounting principles. The accounting treatment applied in the reverse transaction differs from the legal form of the transaction and the continuing legal parent is Rainwire.

Regulatory Matters

Rainwire does not believe that any material federal or state regulatory approvals, filings or notices are required by Rainwire or Oasis in connection with the Share Exchange other than such approvals, filings or notices required pursuant to federal and state securities laws. Under Delaware law, approval of the Share Exchange and related Amendments to Rainwire's Certificate of Incorporation, must be obtained from the shareholders of Rainwire that own a majority of the outstanding shares. Under Georgia law, approval of the Share Exchange must be obtained from the shareholders of Oasis that own a majority of the outstanding shares.

Federal Income Tax Consequences

The Acquisition and the included transactions contemplated in connection therewith have been structured with the intent that they be tax-free to Rainwire Partners, Inc., Oasis Group, Inc. and holders of Rainwire Partners, Inc. stock for federal income tax purposes. Assuming that the Acquisition constitutes

Table of Contents

a tax-free reorganization for federal income tax purposes, the following are the general federal income tax consequences:

No gain or loss will be recognized by Rainwire, current stockholders of Rainwire or Oasis in connection with the Acquisition and the included transactions contemplated in connection therewith.

The receipt of one share of common stock for every twenty share of common stock held prior to the reverse split as a result of the reverse split by Rainwire's shareholders should not result in any taxable gain or loss to stockholders for federal income tax purposes.

In addition, the acquisition may result in the limitation on the use of net operating losses or the loss of the use of net operating losses of Rainwire under section 382 of the Internal Revenue Code.

The federal income tax discussion set forth above is included for general information and may not apply to particular categories of holders of Oasis stock or options subject to special treatment under the federal income tax laws, such as foreign holders and holders whose stock or options were acquired pursuant to the exercise of an employee stock option or otherwise as compensation. In addition, there may be relevant foreign, state, local or other tax consequences, which are not described above. The Oasis shareholders are urged to consult their tax advisors to determine the specific tax consequences of the Acquisition, including the applicability and effect of foreign, state, local and other tax laws.

General Terms of Share Exchange Agreement

The following is a summary of the material provisions of the Share Exchange Agreement by and between Oasis and Rainwire. This summary does not purport to be complete and is qualified in its entirety by reference to the Share Exchange Agreement, which is attached hereto as Annex A.

Exchange and Purchase of Shares

On the terms and subject to the conditions set forth in the Share Exchange Agreement, at the closing Rainwire shall assign, transfer, and deliver to the Oasis shareholders, in their pro rata percentages based upon their percentage ownership of Oasis common stock pre-closing, one (1) share of Rainwire Common Stock for every 2.5 shares of Oasis common stock held by the Oasis shareholders. The pre-closing holders of Rainwire Common Stock shall retain their shares which, immediately following the issuance of Rainwire Common Stock to the Oasis shareholders in connection with the closing of the Acquisition shall constitute approximately 5.75% of the fully-diluted shares of Rainwire Common Stock post-closing. Prior to the Closing, Rainwire will effect a one-for-twenty reverse split of its issued and outstanding Common Stock and will subsequently increase its authorized shares of Common Stock of the Company to One Hundred Million (100,000,000).

Closing

The Closing shall mean the consummation of the exchange of shares of Rainwire Common Stock and shares of Oasis common stock, as well as the consummation of any other transactions which are included in the Share Exchange Agreement and required to occur at or before Closing. The Closing shall take place no later than within three business days following the date upon which all of the conditions precedent contained in the Share Exchange Agreement have occurred and all regulatory matters have been complied with.

Representations and Warranties

The Share Exchange Agreement contains various customary representations and warranties of the parties thereto, without limitation, representations (a) by Rainwire and Oasis as to their respective corporate status, capitalization, accuracy of financial statements, the authorization and the enforceability of the Share Exchange Agreement against each such party, absence of legal proceedings, the absence of certain changes or events concerning their respective businesses since September 30, 2001, certain tax matters, certain employee benefit and pension plan matters, certain environmental matters, quality of

Table of Contents

assets, certain labor matters, insurance matters and the absence of material adverse changes with respect to their material contracts, and (b) by Rainwire as to its compliance concerning SEC filings. The representations and warranties contained in the Share Exchange Agreement will survive the Closing.

Covenants

The Share Exchange Agreement contains various customary covenants of the parties thereto. A description of certain of these covenants follows.

Conduct of Business Prior to Closing

From December 19, 2001 until Closing, Oasis covenants to, among other things, except to the extent that Rainwire gives written consent to the contrary:

- (a) operate its business substantially as previously operated and only in the regular ordinary course;
- (b) maintain its assets and properties in good order and condition;
- (c) pay all accounts payable and collect all accounts receivable in accordance with prudent business practice;
- (d) comply with all laws applicable to the conduct of its business; and
- (e) maintain its books and records in the usual, regular, and ordinary manner, on a basis consistent with past practices.

From December 19, 2001 until Closing, Rainwire covenants that unless the prior written consent of Oasis shall have been obtained, and except as otherwise expressly contemplated herein, Rainwire shall and shall cause each of its Subsidiaries to:

- (a) use reasonable commercial efforts to preserve intact its business organization, licenses, permits, government programs, private programs and customers; and
- (b) notify Oasis of (i) any event or circumstance which has caused or constituted, or is reasonably likely to have an Rainwire Material Adverse Effect (as defined in the Exchange Agreement) or would cause or constitute, a breach of any of Rainwire's representations, warranties or covenants contained in the Exchange Agreement; or (ii) any material change in the normal course of business or in the operation of Rainwire's assets, and of any material governmental complaints, investigations or hearings (or communications indicating that the same may be contemplated) or adjudicatory proceedings.

Actions Prior to Closing

From December 19, 2001 until Closing, Oasis covenants not to, among other things, without prior written consent of Rainwire:

- (a) take any action that affects the ability of any party to obtain its consents to or perform its covenants and agreements under the Share Exchange Agreement;
- (b) amend any of its organizational or governing documents;
- (c) incur any additional debt or other obligation except in the ordinary course of business;
- (d) repurchase, redeem, or otherwise acquire or exchange Oasis common stock or issue, sell, pledge or otherwise permit to become outstanding any additional Oasis common stock;
- (e) purchase, acquire, sell or dispose of any assets or properties, except in the ordinary course of business;

Table of Contents

(f) grant any increase in compensation or benefits to the employees or officers of Oasis, enter into or amend any employment contract between Oasis and any person or entity, or adopt any new employee benefit plan or make a material change in or to any existing employee benefit plan;

(g) make any significant change in any tax or accounting methods;

(h) commence any litigation other than in accordance with post practice; or

(i) modify, amend or terminate any material contract.

From December 19, 2001 until Closing, Rainwire covenants and agrees that neither Rainwire nor any of its Subsidiaries, will do any of the following without the prior written consent of Oasis:

(a) take any action which would (i) adversely affect the ability of any party to the Share Exchange Documents (as defined in the Exchange Agreement) to obtain any consents required for the transactions contemplated thereby, or (ii) adversely affect the ability of any party hereto to perform its covenants and agreements under the Share Exchange Documents;

(b) take any action, or omit to take any action, which would cause any of the representations and warranties contained in the Share Exchange Agreement to be untrue or incorrect.

Supplemental Disclosure

From December 19, 2001 until Closing, Rainwire and Oasis covenant that they each have the continuing obligation to disclose in writing to the other party any matter or information hereafter arising or becoming known that, if known on the date of execution of the Agreement, would have been required to be set forth or listed in a Schedule thereto.

Conditions Precedent

Rainwire and Oasis shall each use its best efforts to satisfy its respective conditions precedent for Closing.

Financial Statements

Promptly upon completion of the audits referred to in the Share Exchange Agreement, Oasis shall deliver to Rainwire copies of its audited financial statements, at and through December 31, 2000, and copies of its unaudited financial statements for the period ended September 30, 2001 together with the notes thereto and the report thereon.

Other Transactions

Rainwire and Oasis shall deal exclusively and in good faith with each other with regard to the transactions contemplated by the Share Exchange Agreement and will not (a) solicit submission of proposals, (b) participate in any discussions or negotiations, or (c) enter into any agreement or understanding that would have the effect of preventing the consummation of the transactions contemplated by the Share Exchange Agreement.

Conditions Precedent to Obligations of Rainwire and Oasis to Consummate the Share Exchange Agreement

The obligation of Rainwire and Oasis to consummate the transactions as contemplated by the Share Exchange Agreement are subject to the fulfillment and satisfaction at Closing of, among others, each of the following conditions precedent, any or all of which may be waived in whole or in part at or prior to the Closing by the other party.

(a) All information required to be furnished by the parties pursuant to the Share Exchange Agreement shall have been furnished as of the Closing Date and such representations and warranties shall be true and correct in all material respects on and as of the Closing Date;

Table of Contents

(b) Rainwire and Oasis shall have performed and complied in all material respects with all covenants, agreements and conditions required by the Share Exchange Agreement to be performed by them prior to or as of the Closing;

(c) The Share Exchange Agreement and all other documents and instruments to be delivered in connection therewith, shall have been approved by a majority of the Rainwire and Oasis shareholders; and

(d) The Form S-4 shall have been declared and effective and no stop order shall have been issued and no proceedings for that purpose shall have been initiated or threatened.

Termination

The Share Exchange Agreement may be terminated and the exchange of stock contemplated hereby may be abandoned at any time prior to the completion of the Closing: (a) by mutual consent in writing of Rainwire and Oasis; (b) by either Rainwire or Oasis if any court of competent jurisdiction shall have issued an order, judgment or decree (other than a temporary restraining order) restraining, enjoining or otherwise prohibiting the exchange of stock and such order, judgment or decree shall have become final and nonappealable; provided that the right to terminate the Share Exchange Agreement on this basis shall not be available to any party whose failure to fulfill any obligation under the Share Exchange Agreement has been the cause of, or resulted in, the failure of the Closing to occur; (c) by Rainwire if there has been a material breach of any covenant or agreement or of a representation or warranty on the part of Oasis which has not been cured, or adequate assurance (acceptable to Rainwire in its sole discretion) of cure given, in either case, within 15 business days following receipt of notice of such breach; (d) by Oasis if (i) there has been a material breach of any covenant or agreement or of a representation or warranty on the part of Rainwire which has not been cured, or adequate assurance (acceptable to Oasis in its sole discretion) of cure given, in either case, within 15 business days following receipt of notice of such breach or (ii) at Closing shares of Rainwire Common Stock shall not be listed on the Over-the-Counter Bulletin Board (OTC:BB) (provided Oasis has made its best efforts to assist Rainwire in obtaining such listing); or (e) by either Rainwire or Oasis (and Oasis Shareholders) if either of such party's due diligence investigation has disclosed the existence of (i) any matter relating to the other party or its business that is materially and adversely (to the investigating party) at variance with those matters theretofore disclosed to the investigating party, or (ii) any matter which, in the investigating party's reasonable judgment, (A) indicates a material adverse change in the condition, assets or prospects of the other party, or (B) would make it inadvisable to consummate the exchange of stock and other transactions contemplated by the Share Exchange Agreement.

Description of Business

Business Development

The Company was incorporated on May 10, 1991 in Delaware for the purpose of consolidating the operations of Azimuth, Inc. (a fully accredited AIHA Industrial Hygiene Laboratory for testing asbestos, metals and organic vapors) and certain of its former environmental products businesses and acquiring the assets of four general partnerships which were then leasing real estate and laboratory and other equipment to Azimuth and the products businesses. The Company formerly had three operating subsidiaries: Trico Environmetrics, Inc. (Trico), Envirometrics Products Company (EPC) and Azimuth, Inc.

In 1996, the Company entered into a Turnaround phase, and all of the Company's former operations were divested by the year 2000.

During the course of the Company's Turnaround phase, the Company explored alternative plans for growth that included the identification of companies in other markets which had greater growth potential than the Environmental, Health and Safety Market. In September, 1999, the Company was introduced to The Catapult Group, Inc., a Georgia corporation (Catapult), which was an Internet integration firm offering intelligent end-to-end e-business solutions to large and middle-market organizations. In February 2000, the Company and Catapult reached terms that each felt were fair to the parties and entered into a non-binding agreement whereby the Company would acquire Catapult, which became binding on March 8, 2000.

Prior to the closing of the Catapult Exchange Agreement, on July 26, 2000, the Company effected a 10:1 reverse split of its outstanding common stock, issued 5,555,064 shares of its common stock to purchase all of the outstanding common stock of Catapult, changed its name to The Catapult Group, Inc. and increased its authorized shares from Ten Million (10,000,000) to Twenty Million (20,000,000). An amendment to the Company's Certificate of Incorporation reflecting such changes was filed with the Secretary of State of Delaware on July 26, 2000. Upon completion of the Catapult Exchange Agreement, Catapult became a wholly owned subsidiary of the Company and the shareholders of Catapult became owners of approximately 90% of the outstanding shares of Common Stock of the Company. The Company subsequently changed its name to Rainwire Partners, Inc.

On December 31, 2000, management adopted a plan to discontinue the operations of the Company and to liquidate its assets.

Business of Rainwire

Upon completion of the Share Exchange with The Catapult Group, Inc., Rainwire's business became that of an Internet integration firm offering intelligent end-to-end e-business solutions to large and middle-market organizations. Rainwire's e-business operations were unsuccessful, and as a result of the incurring

Table of Contents

of significant losses and a general decline in the revenue and profits in the industry in which Rainwire operated, Rainwire adopted a plan to discontinue its operations and to liquidate its assets as of December 31, 2000. Additionally, as of that date, Rainwire began to explore alternative plans for growth, which included the identification of companies in markets that had greater growth potential than the market for e-business solutions.

After exploring a number of options for acquisition or merger, on August 29, 2001, Rainwire entered into a Share Exchange Agreement with Oasis, which was amended on December 19, 2001. Upon completion of the Share Exchange, Rainwire's business will consist of the business plan of Oasis, which includes the acquiring, owning, developing and selling of parcels of undeveloped property and a residential mortgage operation.

In the event that the Share Exchange, and its included transactions, are not completed, the future of Rainwire is in serious doubt. Given our current financial position, Rainwire is unable to effectively continue to operate its present business for any extended period into the future. In the absence of the closing of the Share Exchange, it is most likely that Rainwire will be forced to effect a liquidation within the next three months. In the judgment of the Board of Directors of Rainwire, the result of such a liquidation, whether or not voluntary, would result in less value to its shareholders than completion of the Share Exchange and its included transactions due to the opportunities that such transactions present its shareholders and to Rainwire.

Employees

Presently, Rainwire has no full-time employees other than executive officers. The Company had 2 employees at December 31, 2001.

Properties

The Company presently has no office facilities but for the time being will use as its business address the office of Oasis, on a rent free basis, until such time as our business operations may require more extensive facilities and we have the financial ability to rent commercial office space. There is presently no formal agreement for the use of these facilities, and we can make no assurance that these facilities will be available to us on this basis for any specific length of time.

Legal Proceedings

Rainwire is involved with several legal actions, principally as defendant. These actions involve outstanding liabilities of Rainwire including those of subsidiaries. Following are three such actions.

On or about February 13, 2001, a complaint was filed in Miller v. Envirometrics, Inc. (Case No. 01-CP-10-562) in the Common Pleas Court of Charleston County alleging that Azimuth Laboratory, Inc., a subsidiary of Envirometrics, violated provisions of its lease, damaged the leasehold, and abandoned hazardous waste on the site. Miller seeks recovery in excess of One Hundred Thirty Thousand and 00/100 (\$130,000.00) Dollars. The parties are in serious settlement negotiations.

On or about September 27, 2001, we filed a complaint in Rainwire Partners, Inc. v. Risk Technologies and Richard Bennett (Case No. 01-CP-10-3749) in the Common Pleas Court of Charleston County. The suit seeks collection of sums owed Rainwire pursuant to a Promissory Note in the amount of Twenty Thousand Three Hundred Seventy-Five and 84/100 (\$20,375.84) Dollars plus interest. Defendants filed a counterclaim, asserting an assignment valued at Twenty-One Thousand Three Hundred and 00/100 (\$21,300.00) Dollars from Shakespeare Partners, L.P. for shares of stock and monies due Shakespeare.

On or about October 2, 2001, a complaint was filed in Courtyards on King, LLC v. Rainwire (Case No. 01-CP-10-3826) in the Common Pleas Court of Charleston County for violation of a lease seeking an unspecified sum. Rainwire filed a Counterclaim for damages against both Courtyards and Christopher Price, its agent, for Conversion of Properties belonging to Rainwire Partners, Inc.

Table of Contents

IOS Capital, Inc. has made a demand to Rainwire for sums defaulted upon as a result of an equipment lease signed by Rainwire in February, 1997. IOS Capital indicated that they would compromise the amounts owed for the sum of \$15,479.20 in full satisfaction of the claim; however, Rainwire failed to make the payment by the required date. To date, IOS Capital, Inc. has taken no further action and the parties have continued to negotiate the terms of a settlement.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the Consolidated Financial Statements and Notes thereto, included elsewhere in this Information Statement/ Proxy Statement/ Prospectus.

A. General Overview

On July 26, 2000 the former company, Environmetrics, Inc. exchanged approximately ninety percent of newly issued restricted common stock for all of the outstanding common stock of The Catapult Group, Inc. On that date, the name was changed to Rainwire Partners, Inc. for both The Catapult Group, Inc. and the former company. As of the date of the exchange, the former company's net assets were written down to a fair market value, as required under generally accepted accounting principles. The previous historical financial data of The Catapult Group, Inc. was carried forward since Catapult is considered the accounting acquirer; therefore the following comments pertain to the historical financial statements of The Catapult Group, Inc. and i20, Inc., including the net assets acquired as mentioned above.

B. Results of Operations

Year ended December 31, 2001 Compared to year ended December 31, 2000

The Company had no operations during 2001 as its operations were discontinued as of December 31, 2000. Its activities were limited to the settlement of obligations from borrowed funds and the filing of a registration statement with the Securities and Exchange Commission on Form S-4 regarding a proposed stock exchange transaction with Oasis Group, Inc., a development stage, Georgia corporation.

Year ended December 2000 Compared to year ended December 1999

The company lost \$419,028 for 1999 compared to a loss of \$1,494,708 in 2000. In addition, in 2000 the company recorded a loss on the disposal of the business of \$578,191. The decision was made on December 31, 2000 to discontinue the operations of the company; accordingly the financial statements for 1999 reflect the operating loss as a discontinued loss for comparative purposes.

The company commenced its operation in July, 1999 and acquired i20, Inc. in August, 1999. i20, Inc.'s planned operations for the period subsequent to its purchase was the basis for the company paying approximately \$500,000 more than the fair value of the assets acquired at that date. The loss from discontinued operations in year 2000, includes not only a write off of the unamortized balance of Goodwill of approximately \$460,000 but unsuccessful efforts to sustain the business during the period when dot.com companies were failing. The loss on the disposal of the business in 2000 consists mainly of forward looking expenses, which were obligation of the company as of December 2000 and obligation incurred as a result of that decision.

Three Months Ended March 31, 2002 and 2001 (unaudited)

The Company has discontinued all operations as of December 31, 2000, therefore, the three month periods for 2002 and 2001 are of discontinued operations only. As part of the presentation of discontinued operations for the year 2001, all anticipated expense to be incurred during 2001 with respect to the discontinuation of the business were included as part of the provision for loss on disposal of the business as of December 31, 2000, therefore, no discontinued operations for the three months ended March 31, 2002, are applicable.

Three Months Ended March 31, 2001 and 2000 (unaudited)

The Company has discontinued all operations as of December 31, 2000, therefore, the three month periods for 2001 and 2000 are of discontinued operations only. As part of the presentation of discontinued operations for the year 2000, all anticipated expense to be incurred during 2001 with respect to the discontinuation of the business were included as part of the provision for loss on disposal of the business as

of December 31, 2000, therefore, no discontinued operations for the three months ended March 31, 2001 are applicable. During the same comparable period a year ago, the consolidated results of discontinued operations was \$28,879, as a result of discontinued operational expenses only.

C. Financial Condition

The company's audit report for the year 2001 discloses a going concern paragraph in reference to the company's concern for continuing its existence in the future. This concern is highlighted by the fact that the company has negative working capital of approximately \$1,000,000, a deficit since inception of approximately \$2,500,000 and a deficit in stockholders equity of approximately \$1,100,000. There are a number of legal actions against the company for failure to honor its commitments, which include an obligation of the company incurred by Environmetrics, Inc., Azimuth Laboratories, Inc.

During 2001, the Company contracted with an outside service organization to negotiate settlements with the more significant creditors. During 2002, those negotiations were ongoing.

Three Months Ended March 31, 2002 (unaudited)

As of March 31, 2002, the Company's financial condition had not changed from that stated in the above paragraph. Substantially all liabilities are past due, and accrued business disposal costs and expenses included therein include the balance of outstanding lease obligations, some of which extend beyond 2002. Redeemable preferred stock includes a past due obligation of approximately \$53,000 as a result of a demand made by the holder thereof in 2000 and a judgment awarded him in June 2001.

To date all obligations have been paid from funds advanced by Oasis Group, Inc., a company seeking to acquire the controlling interest in the Company pursuant to the Amended and Restated Plan and Agreement to Exchange Stock by and between Rainwire and Oasis, dated December 19, 2001.

D. Plan of Operations

For the near term, the Company is in the process of completing its merger with Oasis Group, Inc. It has had no operations since December 31, 2000 and is financially dependent on its shareholders, related parties and/or management, who have financed its existence to date.

Management of the Company believes it will be able to complete the merger and be successful in its efforts to continue the Company's existence. Upon completion of the share exchange, management anticipates moving from the development stage to the operating by the third quarter of 2002.

If the company is unsuccessful in completing the share exchange with Oasis Group, Inc., the company anticipates ceasing all activities and liquidating any and all remaining assets.

Financial Statements

You should read the following summary financial data together with the discussion in Rainwire's Management's Discussion and Analysis of Financial Condition and Results of Operations and Rainwire's consolidated financial statements and related notes contained elsewhere in this Information Statement/Proxy Statement/Prospectus.

The following operational data for the years ended December 31, 2001 and 2000 have been derived from Rainwire's audited consolidated financial statements, which are contained elsewhere in this Information Statement/Proxy Statement/Prospectus. The operational data for the three months ended March 31, 2002 and 2001 and the balance sheet data as of March 31, 2002 have been derived from Rainwire's accounting records and have not been audited. This interim data contains all adjustments, consisting only of those that are of a normal recurring nature, necessary to present fairly the financial position and results of operations for the interim reporting periods. Operating results for the three months ended March 31, 2002 are not necessarily indicative of results that may be expected for any future periods.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Rainwire engaged the firm of Welch, Roberts & Amburn, LLP to conduct the audits of its financial statements for the years ended December 31, 1999, and 1998. Welch, Roberts & Amburn, LLP, resigned on May 31, 2001 due to outstanding and past due fees owed by Rainwire.

In connection with Welch, Roberts & Amburn, LLP's audits of the financial statements of Rainwire, there were no disagreements with Welch, Roberts & Amburn, LLP on any matter of accounting principles, financial disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement.

The audit reports of Welch, Roberts & Amburn, LLP on the consolidated financial statements for the years ended December 31, 1999, and 1998 did not contain any adverse opinion or disclaimer of opinion; however, the unqualified opinion contained a fourth paragraph with respect to an emphasis of a paragraph discussing recurring losses from operations and decreases in working capital issues confronting Rainwire.

Rainwire had also engaged the firm of Tauber & Balser, P.C. in connection with the audit of the consolidated balance sheet of The Catapult Group, Inc., and Subsidiary as of December 31, 1999, and the related consolidated statements of operations, stockholders' equity and cash flows for the period from July 21, 1999 (inception) to December 31, 1999.

In connection with the audit as of December 31, 1999, and for the period from July 21, 1999 (inception) to December 31, 1999, there was no disagreement with Tauber & Balser, P.C. on any matter of accounting principles, financial disclosure, or auditing scope or procedures, which disagreement if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement.

Table of Contents

The audit report of Tauber & Balser, P.C. on the consolidated financial statements for the year ended December 31, 1999 was issued with an unqualified opinion.

On or about September 9, 2001, Rainwire notified Tauber & Balser, P.C. that it had engaged the firm of Braverman & Company, P.C., to conduct the audit of its financial statements for the year ended December 31, 2000. The decision to change accountants was approved by the Board of Directors of the Company. During the two fiscal years ended December 31, 2000, and the subsequent interim period through September 9, 2001, the Company did not consult with Braverman & Company, P.C. regarding the application of generally accepted accounting principles to a specific transaction, either proposed or completed, or the type of audit opinion that might be rendered on the Company's Consolidated Financial Statements.

Rainwire's Management and Executive Compensation***Directors and Executive Officers***

The following table sets forth all the directors, executive officers and significant employees of Rainwire as of December 19, 2001. In March, 2001, Bryan M. Johns resigned as an officer and director of Rainwire. On August 29, 2001, Walter H. Elliott, III resigned as an officer and director of Rainwire. On August 29, 2001, Ronald A. Potts was appointed to the Board of Directors and as President and Chief Executive Officer. Mr. Potts resigned from all of these positions on November 12, 2001. On November 12, 2001, Lyne Marchessault was appointed President of Rainwire and Michael McLaughlin was appointed Assistant Secretary.

Name	Age	Position
Lyne Marchessault	43	President, Secretary and Director
Peggy A. Evans	54	Chief Financial Officer
Michael McLaughlin	58	Assistant Secretary and Director
John Hill	55	Director

Lyne Marchessault, President, Secretary and Director. Ms. Marchessault was elected to our Board of Directors and appointed Secretary in July, 2000. Ms. Marchessault was appointed President of Rainwire on November 12, 2001. In addition, in August, 2001, Ms. Marchessault was elected to the Oasis Board of Directors, a position which she resigned from in November, 2001. From 1996 until January, 1998 Ms. Marchessault was the Director of International Marketing and Public Relations for Ultimate Technographics. From January, 1998 until the present, Ms. Marchessault has been the managing member of Osprey Investments, LLC. Ms. Marchessault holds a Marketing degree from Concordia University and a Masters in Business Administration from McGill University.

Peggy A. Evans, Chief Financial Officer. Ms. Evans was appointed as our Chief Financial Officer in August, 2001. Since October 1, 2000, Ms. Evans has been the Chief Financial Officer for Oasis Group, Inc. Prior to that time, Ms. Evans served as the President of Yakley Management, Inc. and the Chief Operating Officer of Eston Hospitality, LLC. Ms. Evans holds a B.S. degree in business from Pepperdine University.

Michael McLaughlin, Director. Mr. McLaughlin was elected to our Board of Directors in August, 2001, and appointed Assistant Secretary in November, 2001. In addition, Mr. McLaughlin was elected to the Oasis Board of Directors in August, 2000, a position which he resigned from in November, 2001. For the last 14 years, Mr. McLaughlin has been the owner and President of American Flooring, Inc. Mr. McLaughlin holds a bachelors degree in business from Florida Atlantic University.

John Hill, Director. Mr. Hill was elected to our Board of Directors in August, 2001. In addition, Mr. Hill was elected to the Oasis Board of Directors in July, 2000, a position which he resigned from in November, 2001. From 1996 until 1998, Mr. Hill was a Divisional Claims Superintendent with State Farm Fire & Casualty Company and from 1998 until the present, Mr. Hill has been a Section Manager with State Farm. Mr. Hill holds a B.S. in Business Administration degree from the University of Tennessee.

Table of Contents

Directors hold office until the next annual meeting of shareholders. Officers are elected by the Board of Directors following the Annual meeting of stockholders.

Disposition of Current Operations

On December 31, 2000, management adopted a plan to discontinue the operations of Rainwire and to liquidate its assets.

Conflicts of Interest

In connection with the Non-binding Share Exchange Agreement executed in August, 2001, Rainwire issued 12,000,000 shares of its common stock to Osprey Investments, LLC (Lyne Marchessault, our President, Secretary and a director, is the sole member) in satisfaction of loans in the principal amount of \$60,000. The purpose of the loans was to provide Rainwire with general working capital and the funds received were used for such purpose. In addition, in October, 2001, Rainwire exchanged 500,000 of its Series D Convertible Preferred Stock for 10,000,000 shares of its common stock owned by Osprey. Ms. Marchessault abstained from the Board of Directors vote concerning this exchange of shares. As a result of Ms. Marchessault's relationship with the Company, the terms and conditions of the foregoing transactions may have been more favorable than they would have been had the transactions been entered into with an unrelated party.

Rainwire's officers and directors have ownership interests in Oasis. Lyne Marchessault, our President, Secretary and a director, beneficially owns approximately 4.3% of the outstanding common stock of Oasis, which she received for various marketing or real estate related services that she, or a company that she controls, provided to Oasis with a value of \$17,000. Additionally, Peggy A. Evans, our newly appointed Chief financial Officer, owns approximately 5.6% of the outstanding common stock of Oasis and as a result of the assignment of certain real estate and sale contracts to Oasis, may ultimately own 1.5% of the outstanding common stock of Oasis, and 20% of the outstanding Series A Convertible Preferred Stock of Oasis. (See Background on Oasis Group, Inc. Conflicts of Interest). Moreover, John Hill and Mike McLaughlin, recently appointed directors each own less than 1.0% of the outstanding common stock of Oasis, which they received as director compensation during the time that they served on the Oasis board of directors.

Advances totaling approximately \$115,000 were made to Rainwire from Oasis as of December 31, 2001. The funds were used for general working capital, including legal and accounting expenses in connection with Rainwire's reporting requirements under the Securities Exchange Act of 1934.

In connection with the Share Exchange Agreement, Rainwire moved its business address to the offices of Oasis. Until the closing of the Share Exchange, Oasis has agreed to allow Rainwire to use Oasis' offices on a rent free basis, although the parties have not entered into a formal agreement.

As a result of the advances from Oasis, Rainwire's use of Oasis' offices, and the stock ownership of the companies by the officers and directors of each company, various conflicts of interest may exist that may have limited Rainwire's or Oasis' ability to negotiate favorable terms in the Share Exchange Agreement and may limit Rainwire's or Oasis' ability to declare a termination or breach of the Share Exchange Agreement.

Committees and Meetings

The Board of Directors held three meetings during 2001. No director of Rainwire during the last fiscal year failed to attend any of the meetings of Rainwire's Board of Directors.

Executive Compensation

The compensation paid in 1999, 2000 and 2001 to the Chief Executive Officer of the Company and to the President of the Company is set forth in the table below. No executive officers or any officer of a subsidiary had total compensation that exceeded \$100,000.

Employment Agreements

Mr. Johns entered into an employment agreement dated as of July 26, 2000 with a three year term that ran until July 26, 2003 and his initial base salary was \$102,000, subject to adjustments annually at the Compensation Committee's discretion. Mr. Johns was eligible to participate in any bonus plan adopted by the Company and to receive stock options as determined by the Compensation Committee.

In the event Mr. Johns' employment was terminated for reasons other than cause, he was entitled to receive payment of his base salary through the date of his termination and for a period of twelve months thereafter. If Mr. Johns was terminated without cause within one year of a change of control, he was entitled receive payment of his base salary through the date of his termination and for a period of twelve months thereafter.

Mr. Johns agreed to not disclose our secrets and confidential information obtained during his employment. For a period of twelve months following the end of his employment, Mr. Johns cannot become associated with competitive companies, nor will he solicit any of our employees and customers.

Mr. Johns resigned as President and Chief Executive Officer in April, 2001.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding shares of our Common Stock beneficially owned as of June 30, 2002. Beneficial ownership is calculated in accordance with Rule 13d-3(d) under the Securities Exchange Act of 1934. As used in the table below, a beneficial

owner includes any person who directly or indirectly, through contract, arrangement, understanding, relationship or otherwise has or shares (a) the power to vote, or direct the voting, of such security or (b) investment power which includes the power to dispose, or to direct the disposition of, such security. In addition, a person is deemed to be the beneficial owner of a security if that person has the right to acquire beneficial ownership of such security within 60 days. Unless otherwise indicated, each person possesses sole voting and investment power with

BACKGROUND INFORMATION ON OASIS GROUP, INC.

You should read the following audited financial information with respect to the year ended December 31, 2001, and unaudited financial information for the period ended March 31, 2001 together with the discussion in Oasis Management's Discussion and Analysis of Financial Condition and Results of Operations.

Description of Business

Oasis Group, Inc. was incorporated under the laws of the state of Georgia on November 22, 1999. The corporate office is located at 8215 Roswell Road, Suite 925, Atlanta, Georgia 30350 and the telephone number is 770-522-8181.

Since the inception of incorporation the company has been in the development stage and has assembled a management team, researched resort and commercial locations, completed extensive marketing research, entered into a purchase and sale agreement for the acquisition of Landmark Mortgage, entered into the share exchange with Rainwire Partners Inc., and entered into purchase and sale agreements for the acquisition of real estate assets in the states of Tennessee and Wisconsin, and purchased undeveloped real estate in Arizona, California, South Dakota and Wyoming.

The business model is straightforward real estate golf resort and residential communities development, commercial and residential land acquisition for development, acquisition of commercial property, acquisition of developable land holdings for use or future sale, acquisition of existing resort and golf club communities and acquisition of a mortgage operation to compliment the residential development sales with added services. The corporate business plan is to develop geographical and revenue diversified golf resorts with gated residential country club communities for both permanent and second home purchases with practical and inventive residential and commercial real estate developments.

The Company has identified the target market for all company developments to be the Baby Boomer generation. There are 76 Million Baby Boomers born between 1946 and 1964 that are now in their early 50's. The company believes this market is driving the demand for second homes, gated residential golf communities, re-location for retirement residences and resort facilities to unprecedented heights. According to the 2000 census, there are more than 82.8 million people between the ages of 35 and 54- up 32%, or 20 million from the 1990 census. Market factors indicate that real estate surrounding a golf course is a good investment. According to NGF spokesman Hugh Norton, on-site golf facilities are often the key to increasing real estate land values and increasing property sales.

The company will own, develop and manage golf community residential and commercial resort real estate and neighborhood retail shopping centers in staged expansion by utilizing senior securities, offering securities in exchange for property, placing acquisition and development debt instruments, and by engaging in the purchase and sale or turnover of investments and land. The company will minimize capital requirements by structuring joint ventures to minimize land cost and place equity partners in certain developments therein, building an asset-based portfolio, while minimizing the risk of the traditional leveraged real estate developments.

The company intends to form separate limited liability companies for each development that it owns and operates, which are structured and accountable as independent profit centers. As the managing member of all the limited liability companies, Oasis will have the exclusive power under the Operating Agreement to manage and conduct the business of the company. The corporate leadership experience and management expertise is utilized on all acquisitions, developments, architecturally controlled and managed operations to capitalize on the senior management team of experienced experts in the real estate acquisition, development, master land planning, design, golf course design and construction, marketing and sales and golf and resort management.

The property will be held as a land bank asset until a development plan for the highest and best use is determined or a decision is made to sell the property.

Townsend

Oasis formed Oasis Townsend, LLC, a Tennessee limited liability company, for the purpose of the acquisition, development, management and operation of the Townsend Tennessee property. Oasis is the managing member and owns a ninety percent (90%) membership interest and Charles B. Hicks owns the remaining ten percent (10%) membership interest.

Property Description

6.14 acres on Highway 321, eight miles from Cades Cove, Sevier County, TN.

Acquisition Agreement

Oasis Townsend, LLC entered into an Assignment and Assumption of Real Estate Sale and Purchase Agreement with Ronald A. Potts, our Chairman of the Board and Chief Executive Officer, dated as of June 24, 2002.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4/A

On April 16, 2002, Ronald A. Potts entered into a Real Estate Sale and Purchase Agreement with Charles B. Hicks for the purchase of 23 acres of undeveloped land in Sevier County, Tennessee. The

Table of Contents

parties executed a First Amendment on April 16, 2002, a Second Amendment on April 23, 2002, and a Third Amendment on June 24, 2002. In consideration for the Assignment, Oasis has agreed to pay Mr. Potts 186,858 shares of Oasis Series A Convertible Preferred Stock upon the closing on the property.

Purchase Price

The consideration for the property is \$600,000 paid as follows: (a) at Closing, Purchaser shall deliver 83,335 shares of Oasis common stock (owned by Ronald A. Potts) with a stated value of approximately \$1.20 per share (a total valuation of \$100,000), and (b) assume the existing indebtedness in the amount of Five Hundred Thousand and No/100 Dollars (\$500,000.00) in favor of First National Lenoir City.

Feasibility Period

The feasibility period begins upon receipt of all of the due diligence information by the Purchaser and lasts for a period of thirty days.

Survey

During the Feasibility Period, the Purchaser has the right to enter onto the Property and to have a new survey prepared or to have the Seller's survey of the Property updated at the Purchaser's expense. If the new or updated survey shows any matter affecting marketability of title to the Property, Purchaser may object prior to the expiration of the Feasibility Period, and Seller will have until the Closing to cure such matter or five days to indicate those matters that Seller will decline to cure.

Title

Seller shall convey to Purchaser at Closing good and marketable fee simple title in and to the Property. Within ten days after the date of the Agreement, Seller shall, at Seller's sole cost and expense, cause the Title Company to issue and deliver to Purchaser a written commitment to issue the Title Policy in the full amount of the fair market value of the Property.

If the Preliminary Title Report reveals non-Permitted Title Exceptions, or any title defects, Purchaser may object by notifying Seller within five days after the date of the receipt of the Preliminary Title Report. Seller will have five days after receipt of Purchaser's objections to indicate those non-Permitted Title Exceptions that Seller will not cure. If Seller shall decline to cure any items, Purchaser shall have five days after receipt of Seller's response to indicate whether Purchaser will accept or decline the Property.

Property Inspection

Purchaser and Purchaser's agents and contractors shall have the right during the Feasibility Period to enter the Property at reasonable times for the purpose of inspecting, testing and appraising the Property and to review all books and records, contracts and other operating documents relating to the Property, upon reasonable notice to Seller.

Seller's Representations and Warranties

The Agreement contains various customary representations and warranties by the Seller concerning Seller's right, title and interest in the Property and the absence of any claims, litigation, liens or assessments against the Property.

Purchaser's Representations and Warranties

The Agreement contains various customary representations and warranties concerning the Purchaser's ability to enter into the Agreement.

Table of Contents

Seller's Obligations Pending Closing

From the date of the Agreement until the Closing, the Seller shall:

(a) Maintain the Property and existing insurance coverage;

(b) Not contract to convey or voluntarily encumber the Property or enter into any contract that will be an obligation affecting the Property; and

(c) Cooperate with, and assist Oasis, in obtaining access to governmental agencies having authority concerning the development of the Property.

Closing

The closing shall occur on a date agreed to by the parties on a date not more than thirty days after the expiration of the Feasibility Period.

Valuation

The property was appraised on May 15, 2002 for the amount of \$1,200,000.

Financing Requirements

Debt Assumption of \$500,000.

Development Description Overview

The property will be held as a land bank asset until a development plan for the highest and best use is determined or a decision is made to sell the property.

Residential Mortgage Operations

On December 14, 2001, Oasis entered into a binding letter of intent to acquire all of the outstanding stock of Landmark Mortgage Corporation, a fully licensed wholesale mortgage lender based in New Orleans, Louisiana, and all of the outstanding stock of Statewide Mortgage and Investment Corp., a fully licensed wholesale mortgage lender based in Pensacola, Florida. A description of the terms of the letter of intent is included below.

Stock Acquisition Agreement with Landmark Mortgage Corporation and Statewide Mortgage and Investments Corp.

In October, 2000, Oasis entered into a non-binding letter of intent to acquire all of the shares of outstanding stock of Landmark Mortgage Corporation, a Louisiana corporation (Landmark) and Statewide Mortgage and Investments Corp., a Florida corporation (Statewide). On December 14, 2001, the parties executed a binding Amendment to the non-binding letter of intent.

Closing

On January 31, 2002, the parties agreed to extend the anticipated Closing Date of the acquisition until on or before July [], 2002. The parties are currently conducting due diligence and drafting and negotiating the terms of a definitive agreement.

Refinancing

Oasis agrees to use its best efforts to refinance, within a commercially reasonable time after the Closing and on terms acceptable to Oasis, certain real property owned by Landmark and Statewide located in Louisiana and Florida, which consists of two office condominiums in Gretna, Louisiana totaling approximately 3000 square feet and a branch office in Pensacola, Florida of approximately 3300 square feet. The total current outstanding balance on the two properties is approximately \$335,000 and the

Table of Contents

estimated total fair market value for the two properties is approximately \$530,000. In addition, Oasis agrees to make \$50,000 available for the financing of additional property that Landmark anticipates acquiring at a purchase price of approximately \$220,000.

Debt and Third Party Guarantees

At the Closing, Oasis shall pay \$50,000 to a third party in partial satisfaction of a Promissory Note entered into by Landmark.

It is expressly understood by the parties that, except to the extent specifically contemplated with respect to the mortgage liabilities, Oasis shall not acquire any of the debts, liabilities or obligations arising out of the operation of Landmark or Statewide.

Purchase Price

Oasis shall issue to the shareholders of Landmark and Statewide on the Closing Date a total of 1,370,000 shares of Oasis common stock and the sum of \$50,000, which will be applied towards certain expenses.

Policies

To Issue Senior Securities

The organizational documents of Oasis do not restrict Oasis from issuing senior securities with liquidation preferences superior to the shares purchased. The Board of Directors may make the decision as to the issuance of senior securities anytime without notice to or a vote of the shareholders.

To Borrow Money

The organizational documents of Oasis do not restrict Oasis from borrowing money. As a result, any decision to do so is vested solely in the discretion of Oasis officers and directors. The policy may be changed at any time without notice to or a vote of the shareholders.

To Make Loans to Other Persons

The organizational documents of Oasis do not restrict Oasis from making loans to other persons. As a result, any decision to do so is vested solely in the discretion of Oasis officers and directors. The policy may be changed at any time without notice to or a vote of the shareholders.

To Invest in the Securities of Other Issuers for the Purpose of Exercising Control

The organizational documents of Oasis do not restrict Oasis from investing in other issuers for the purpose of exercising control. As a result, any decision to do so is vested solely in the discretion of Oasis officers and directors. The policy may be changed at any time without notice to or a vote of the shareholders. However, it is the policy of the Board of Directors to invest only in those companies in which it can acquire at least 80% of the outstanding stock of those companies. To date, Oasis has entered into a binding letter of intent to acquire all of the outstanding stock of Landmark Mortgage Corporation and Statewide Mortgage and Investments Corp. The Board of Directors intends to continue to examine opportunities to acquire other companies that complement Oasis business plan.

To Offer Securities in Exchange for Property

The organizational documents of the company do not contain any restrictions of the companies ability to offer its securities in exchange for property. As a result, any decision to do so is vested solely in the officers of the company and the Board of Directors. Part of Oasis business plan is to acquire property, when possible, with common or preferred stock of Oasis. The policy may be changed at anytime without notice to or a vote of the shareholders.

To Repurchase or Otherwise Reacquire its Shares or Other Securities

Although earlier in its existence, Oasis did accept shares of Lahaina Acquisitions, Inc. in exchange for shares of its common stock Oasis does not propose to engage in this activity at this time.

To Make Annual or Other Reports to Security Holders

Rainwire will continue to file the reports required under the Securities Exchange Act after the Share Exchange.

Investment Policies

Investment in Real Estate or Interest in Real Estate

The company may invest in real estate or interest in real estate which are located anywhere both in or out of the continental Unites States, but plans to focus on those states where we own property and those markets of substance for the target market and business development model. The company may invest in any type of real estate or interest in real estate including, but not limited to, golf course communities, office buildings, apartment building, shopping centers, industrial and commercial properties, special purpose buildings and undeveloped acreage. The acquisition committee, the officers of the company and the board of directors of the company shall approve the acquisition of all real estate and real estate interest.

There is no limitation on the number or amount of mortgages which may be placed on any one piece of property provided that in the event the company would seek to borrow an amount which is more than 300% or 3 times the company s total net assets, which must be approved by the board of directors and disclosed to the shareholders in the next quarterly report. In addition to the 300% limitation on total indebtedness, we have a policy that may be changed at anytime without shareholder approval of not exceeding an 85% debt level on our real estate assets.

The method of financing the purchase of real estate shall be primarily from borrowed funds and the sale of shares. The finance committee, the officers and the board of directors of the company shall approve the financing of all real estate and real estate interest.

It is not our policy to acquire assets primarily for capital gain through sale in the short term. Rather, it is our policy to acquire assets with the intention to hold the asset for long term unless an imminent sale is strongly accretive and warrants consideration. During the holding period it is our policy to develop the real estate or hold for capital appreciation through an increase in our stock price as a result of the increase in value of the underlying real estate portfolio. The board of directors as it relates to investments in real estate or interest in real estate may change any policy anytime without notice to or a vote of the shareholders.

Table of Contents

The officers of the company shall delegate the method of operating the real estate to internal employees, consultants and independent contractors. The officers of the company and the board of directors shall make all major operating decisions concerning the operation of our real estate.

Investments in Real Estate Mortgages

Oasis does not presently hold investments in real estate mortgages nor is it the intent of the Company to invest in real estate mortgages in the near future. However, this policy may be changed at anytime without notice to or a vote of the shareholders.

Securities of or Interests in Persons Primarily Engaged in Real Estate Activities

Oasis intends to form separate limited liability companies for each development that it owns and operates, which are structured and accountable as independent profit centers. Oasis will be the managing member of all the limited liability companies, and have the exclusive power under the Operating Agreement to manage and conduct the business of the company.

The limited liability companies will acquire real estate and will be formed under the laws of the states in which the real estate is located. The separate limited liability companies will be subsidiaries of Oasis and reported on and accounted for based on the membership participation interest of Oasis.

Management's Discussion and Analysis of Financial Condition and Results of Operations

A. General Overview

Oasis is a privately held, development stage, Georgia corporation, formed in November 1999. Its business plan includes acquiring, owning, developing and selling undeveloped property either through direct ownership of the properties, or through the acquisition of entities owning such properties, in addition to acquiring business related to such real estate activities. From inception through March 31, 2002, Oasis provided substantially all of its resources through the sale or issuance of its own common stock, of which 6,989,853 shares were issued for cash of \$1,199,669; 800,000 shares in exchange for securities valued at \$185,000; and the balance of 32,933,000 for other non-cash consideration valued by the Board of Directors at \$330,140, for a total capitalization as of March 31, 2002 of 40,722,853 shares outstanding, with total consideration of \$2,247,697.

Since 2000, the Company has investigated numerous business opportunities including the pending stock exchange transaction with Rainwire Partners, Inc. (Rainwire), a public company, all of whose operations were discontinued as of December 31, 2000. If the Rainwire transaction is completed, Oasis will own the majority of the Rainwire outstanding common stock. Oasis has advanced \$125,855, to Rainwire to meet some of the obligations of Rainwire, and continues to advance Rainwire funds to enable it to meet its financial reporting obligations to the Securities and Exchange Commission.

Several of the business opportunities investigated by Oasis resulted in acquisition agreements which provide for the purchase of undeveloped real estate in several states, and two companies owned by the

Table of Contents

same interests, which are involved in real estate mortgage lending, which in turn are brokered to permanent lenders.

B. Results of Operations

Year Ended December 31, 2001

Except for interest earned during the year of \$2,453, there were no earned revenues as the Company continued in the development stage. Its activities were largely fund raising, searching and arranging for real estate projects and business in which the Company had an interest in acquiring, and the furtherance of the stock exchange transaction with Rainwire Partners, Inc. and the filing of a registration statement on Form S-4 with the Securities and Exchange Commission in early 2002.

A net loss was incurred during 2001 of \$1,444,000 comprised largely of general and administrative expenses of \$1,139,000. Over \$700,000 of this total was for services including compensation for officers (of which \$306,000 were contributed services), consultants, and others. A majority of the other expense for services was provided to the Company for approximately 30,000,000 shares of common stock issued during the year at \$.01 per share. The more significant remaining general and administrative expenses were travel and entertainment of \$221,000, professional fees of \$122,000, and \$67,000 for office, rent utilities and telephone. The balance of expenses, other than general and administrative were due to the abandonment of preacquisition real estate and business acquisition costs of \$193,000, and the write off of unrecoverable advances to Rainwire Partners, Inc. relating to their need to continue in existence pending the successful completion of the aforementioned filing of a registration statement on Form S-4 with the Securities and Exchange Commission to facilitate the pending stock exchange transaction.

Year Ended December 31, 2000

The year ended December 31, 2000 was the first full year the Company had activities since incorporation in late 1999. During 2000, the Company's activities were limited to start-up development stage operations including fund raising. It incurred a loss of approximately \$502,000 during 2000, of which travel accounted for 49%, and services provided by management, which were contributed to the Company, accounted for 33%. The balance was attributed to several other classifications, included consulting of 12% and legal fees of 3%. There was a decline in the value of securities acquired in July 2000 of \$117,000, which was excluded from the determination of the above net loss, since the value of these available-for-sale securities was considered temporary and treated as a reduction of stockholders' equity as an accumulated other comprehensive loss as of December 31, 2000.

Three Months Ended March 31, 2002 and 2001

During the three months ended March 31, 2002, Oasis generated a loss of approximately \$442,000, which was incurred pursuing its development stage activities, principally for the search for viable real estate projects, operating companies, and the execution of real estate purchase and sales agreements. Included in this loss were approximately 33% for travel and entertainment, 18% for loan fees and interest, 17% for management services, 9% for consulting and the balance of 23% for other expense including \$10,930 additional Rainwire advances written off in 2002. In addition to the net loss, the value of the securities acquired in July 2000, increased by \$42,500 from December 31, 2001, to a value of \$185,000.

During January 2002, Oasis entered into three Promissory Notes in the aggregate amount of \$275,000. The stated interest rate for the Notes is 12% per annum and the unpaid principal and interest balance is due in full by February 23, 2002 and/or February 27, 2002 depending on the Note. Net proceeds to the Company amounted to approximately \$192,500, which is net of debt issue costs. In addition, the Company agreed to issue an aggregate amount of 145,000 shares of its common stock to the Noteholders or their assigns. The Notes are past due, but no default has been declared to date.

In connection with the above Notes, Oasis' Chairman, President and Chief Executive Officer, Ronald A. Potts, agreed to guarantee the Notes and agreed to repurchase the common stock issued in

Table of Contents

connection with the Notes on or before April 30, 2002 at a price of \$1.00 per share. The repurchase option was not exercised by the Noteholders prior to April 30, 2002. In addition, the above Notes were guaranteed by Paul A. Scribner, who in consideration for such guarantee received a total fee of \$13,750 and 206,250 shares of Oasis common stock.

During the same three month period in 2001, Oasis incurred a net loss of \$366,000 substantially all of which was a result of recording contributed services of management \$76,500 and \$289,370 for the issuance of 28,937,000 shares of the Company's common stock for a variety of services having been provided to the Company as of that time as follows:

	<u>Shares Issued</u>	<u>Value</u>
Marketing services	4,024,000	\$ 40,240
Advertising	100,000	1,000
Aviation consulting	250,000	2,500
E-commerce consulting	3,000,000	30,000
Legal consulting	40,000	400
Real estate consulting	5,122,500	51,225

Administrative consulting	102,500	1,025
Human resources consulting	915,000	9,150
Design and planning	1,950,000	19,500
Board of Directors	400,000	4,000
Mortgage consulting	3,233,000	32,330
	<u>28,937,000</u>	<u>\$ 289,370</u>

C. Plan of Operations

The near term plan of operation is to complete the share exchange with Rainwire Partners Inc., complete the acquisition of Landmark Mortgage, Inc., and complete the various real estate acquisitions. At the time the share exchange is completed, Rainwire Partners Inc., will be the legal parent of Oasis Group, Inc. for accounting purposes, Oasis Group, Inc. will be the acquirer and its financial information will be reported from the effective date of the share exchange forward. Accordingly, the operations of Rainwire Partners, Inc. will no longer be reported and historical financial information and results of operation will be that of Oasis Group, Inc.

The company intends to continue to minimize capital requirements by structuring joint ventures to minimize land cost and place equity partners in certain developments therein, building an asset-based portfolio, while minimizing the risk of the traditional leveraged real estate developments.

The company intends to own, develop and manage golf community residential and commercial resort real estate and neighborhood retail shopping centers in staged expansion by utilizing senior securities, offering securities in exchange for property, placing acquisition and development debt instruments, and by engaging in the purchase and sale or turnover of investments and land. The company expects to place debt and equity in the next twelve to twenty-four months of approximately \$25,000,000.

The company expects to form an arms length advisory committee consisting of experts in the real estate and development arenas to solicit guidance and recommendations to the Board of Directors, officers of the company and executive management.

The company also expects to hire additional employees in management, administrative and financial positions along with project managers for each separate development. Additionally, the company expects to contract with outside consultants and out source some projects in order to facilitate cost control of corporate overhead.

Table of Contents

To date the company has formed the following limited liability companies as subsidiaries of Oasis Group, Inc. for the purpose of acquisition and development of certain real estate properties:

1. Oasis Wisconsin-Dell, LLC., a Wisconsin limited liability company
2. Oasis I-75 I-40, LLC., a Tennessee limited liability company
3. Oasis Route 66, LLC., a Tennessee limited liability company
4. Oasis Athens, LLC., a Tennessee limited liability company
5. Oasis Watts Bar, LLC., a Tennessee limited liability company
6. Oasis Joe Creek, LLC., a South Dakota limited liability company
7. Oasis Plum Creek, LLC., a Wyoming limited liability company
8. Oasis Townsend, LLC., a Tennessee limited liability company

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

On or about January 29, 2002, Oasis changed its independent accountants, and ended the engagement of Powell & Booth, PC, and retained the firm of Braverman & Company, P.C., as its independent accountants. The decision to change accountants was approved by the Board of Directors of the Company.

In connection with Powell & Booth, PC's audits of the financial statements of Oasis, there were no disagreements with Powell & Booth, PC on any matter of accounting principles, financial disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement.

The audit report of Powell & Booth, PC on the financial statements for the year ended December 31, 2000 and for the period from November 16, 1999 (inception) to December 31, 2000, did not contain any adverse opinion or disclaimer of opinion, nor was it modified as to uncertainty, audit scope or accounting principles.

During the two fiscal years ended December 31, 2001, and the subsequent interim period through January 29, 2002, the Company did not consult with Braverman & Company, P.C. regarding the application of generally accepted accounting principles to a specific transaction, either proposed or completed, or the type of audit opinion that might be rendered on the Company's Financial Statements.

Oasis Management and Executive Compensation***Directors and Executive Officers***

The following table sets forth all the directors, executive officers and significant employees of the Company as of December 19, 2001.

Mr. Potts was elected to our Board of Directors and appointed Chairman and Chief Executive Officer of Oasis in March, 2000, and President in August, 2000. In addition, in August, 2001, Mr. Potts was elected to the Rainwire Board of Directors and appointed Rainwire's President and Chief Executive Officer, all positions which he resigned from in November, 2001. From 1996 until March, 2000, Mr. Potts was President of Londott Investments. Mr. Potts holds an Economics degree from the University of Western Ontario.

Table of Contents

Jack DiFranco, Director. Mr. DiFranco was appointed to our Board of Directors on December 14, 2001. Since 1985, Mr. DiFranco has been the Chairman and President of Landmark Mortgage Corporation, and since 1988, Mr. DiFranco has been the Chairman and President of Statewide Mortgage and Investments Corp. Mr. DiFranco holds a degree in Law Enforcement from Delgado College.

Lewis Carl Bivens, Director. Mr. Bivens was appointed to our Board of Directors on June 26, 2002. From 1987 until 1997, Mr. Bivens was the Women's Basketball Coach, Health Instructor at Middle Tennessee State University. Since 1997, Mr. Bivens has been the Promotions Coordinator with Sports Belle, Inc. Mr. Bivens holds a B.S. degree in Physical Education from Tennessee Wesleyan College and a M.S. degree in Health from Union College.

Peggy A. Evans, Chief Financial Officer. Ms. Evans was appointed as our Chief Financial Officer in August, 2001. Since October 1, 2000, Ms. Evans has been the Chief Financial Officer for Oasis Group, Inc. Prior to that time, Ms. Evans served as the President of Yakley Management, Inc. and the Chief Operating Officer of Eston Hospitality, LLC. Ms. Evans holds a B.S. degree in business from Pepperdine University.

Conflicts of Interest

Oasis officers and directors have ownership interests in Rainwire. Ronald A. Potts owns approximately 1.5% of the outstanding common stock of Rainwire on a fully-diluted basis.

Advances totaling approximately \$115,000 were made to Rainwire from Oasis as of December 31, 2001. The funds were used for general working capital, including legal and accounting expenses in connection with Rainwire's reporting requirements under the Securities Exchange Act of 1934.

In connection with the Share Exchange Agreement, Rainwire has moved its business address to the offices of Oasis. Until the closing of the Share Exchange, Oasis has agreed to allow Rainwire to use Oasis offices on a rent free basis, although the parties have not entered into a formal agreement.

As a result of the advances from Oasis, Rainwire's use of Oasis offices, and the stock ownership of the companies by the officers and directors of each company, various conflicts of interest may exist that may have limited Rainwire's or Oasis' ability to negotiate favorable terms in the Share Exchange Agreement and may limit Rainwire's or Oasis' ability to declare a termination or breach of the Share Exchange Agreement.

William Evans, the spouse of Peggy A. Evans, our Chief Financial Officer, has advanced a total of \$43,925 to Oasis for various general and administrative expenses and advanced \$25,000 towards the deposit on real estate as of June 30, 2002. As of June 30, 2002, \$30,317 of the advances for general and administrative expenses remains outstanding and \$25,000 of the advances for the real estate deposit remains outstanding. The advances are unsecured and do not bear interest.

In addition, Ronald A. Potts and Peggy A. Evans, our Chairman, President and Chief Executive Officer, and our Chief Financial Officer, respectively, have assigned eight (8) Real Estate Sale and Purchase Agreements to various limited liability companies either wholly owned or 90% owned by Oasis in exchange for 8,000,000 and 2,000,000 shares of Oasis Series A Convertible Preferred Stock, respectively. The total purchase price under the Real Estate Sale and Purchase Agreements is approximately \$25.7 million, and the total appraised or estimated valuation of the properties is approximately \$35.8 million. In addition to other consideration, Mr. Potts and Ms. Evans have agreed to contribute approximately 5.8 million and 1.6 million shares of Oasis common stock, respectively, that they own individually towards the purchase price and Mr. Potts has agreed to personally guarantee approximately \$33 million of debt. Upon the closings of the various properties, Oasis has agreed to compensate Mr. Potts and Ms. Evans with a total of 10,000,000 shares of Oasis Series A Convertible Preferred Stock, which are paid in proportion to the purchase price each property has with respect to the total purchase price.

Table of Contents

The stock to be used by Mr. Potts and Ms. Evans as consideration for the Real Estate and Sale Agreements is common stock that they had previously received from Oasis as compensation for their services as directors and/or officers originally valued at \$58,000 and \$16,000, respectively.

In addition, Mr. Potts agreed to personally guaranty three Promissory Notes in the aggregate amount of \$275,000 entered into by Oasis in January 2002. In connection with the Notes, Oasis agreed to issue 145,000 shares of its common stock to the Noteholders, which Mr. Potts agreed to purchase from the Noteholders, at their option, at a price of \$1.00 per share.

The terms and conditions of the foregoing related party transactions may have been more favorable than they would have been had the transactions been entered into with unrelated parties.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding shares of our Common Stock beneficially owned as of July 5, 2002. Beneficial ownership is calculated in accordance with Rule 13d-3(d) under the Securities Exchange Act of 1934. As used in the table below, a beneficial owner includes any person who directly or indirectly, through contract, arrangement, understanding, relationship or otherwise has or shares (a) the power to vote, or direct the voting, of such security or (b) investment power which includes the power to dispose, or to direct the disposition of, such security. In addition, a person is deemed to be the beneficial owner of a security if that person has the right to acquire beneficial ownership of such security within 60 days. Unless otherwise indicated, each person possesses sole voting and investment power with

respect to the shares identified as beneficially owned. Except as otherwise indicated in the table, the

THE REVERSE SPLIT

Pursuant to the Reverse Split, every twenty shares of the common stock of Rainwire issued and outstanding (the **Prior Common**) will be reclassified as, and exchanged for, one share of newly issued Common Stock, par value \$.001 (**New Common**).

After the Effective Date of the Reverse Split, the certificates representing shares of Prior Common represent one-twentieth the number of shares of New Common. Certificates representing shares of New Common will be issued in due course as old certificates are tendered for exchange. No fractional shares of New Common will be issued and, in lieu thereof, stockholders holding a number of shares of Prior Common not evenly divisible by 20, and stockholders holding fewer than 20 shares of Prior Common prior to the Effective Date, upon surrender of their old certificates, will receive one share of stock in lieu of fractional shares of New Common.

The Reverse Split will not materially affect the proportionate equity interest in the Company of any holder of Prior Common or the relative rights, preferences, privileges or priorities of any such stockholder, and the par value per share of the Common Stock will not be changed. The New Common issued pursuant to the Reverse Split will be fully paid and non-assessable. All shares of New Common will have the same par value, voting rights and other rights as shares of the Prior Common have. Stockholders of the Company do not have preemptive rights to acquire additional shares of Common Stock which may be issued.

Approval of the Rainwire Board

In connection with the Share Exchange, the Rainwire Board of Directors, on December 19, 2001, unanimously approved the Reverse Split and determined that it was in the best interest of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately 48.5% of the voting power of Rainwire.

Reasons for the Approval of the Rainwire Board

In approving the Reverse Split, the Rainwire Board considered factors, including, but not limited to, the following:

1. The Reverse Split will allow Rainwire to effect the Share Exchange without significantly increasing the total number of issued and outstanding Shares.
2. A fewer number of issued and outstanding shares should enhance the acceptability of the common stock by the financial community and the investing public and is also anticipated to initially increase proportionally the per share market price of the common stock.
3. The proposed Reverse Stock Split may result in a broader market for the common stock after the Share Exchange than would exist if the Reverse Stock Split did not occur because the expected price level will be greater as a result of the Reverse Stock Split, which may encourage interest and trading in the common stock and possibly promote greater liquidity for Rainwire's shareholders.

THE AUTHORIZED SHARE INCREASE

Approval of the Rainwire Board

In connection with the Share Exchange, the Rainwire Board of Directors, on December 19, 2001, unanimously approved the Authorized Share Increase and determined that it was in the best interest of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately 48.5% of the voting power of Rainwire.

Reasons for the Approval of the Rainwire Board

In approving the Authorized Share Increase, the Rainwire Board considered factors, including, but not limited to, the following:

1. The Share Increase will give Rainwire additional shares to effect the Share Exchange Agreement.

2. The Share Increase will allow the Board of Directors to (a) react without further Stockholder approval to the Company's capital needs, (b) pursue strategic opportunities that may arise in the future, (c) respond to business opportunities and pursue objectives that may arise in the future including financings, acquisitions, strategic business relationships or stock dividends or stock splits, and (d) enable management to attract and retain talented employees through a grant of stock options and other stock based incentives.

THE NAME CHANGE

Approval of the Rainwire Board

In connection with the Share Exchange, the Rainwire Board of Directors, on December 19, 2001, unanimously approved the Name Change and determined that it was in the best interest of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately 48.5% of the voting power of Rainwire.

Reasons for the Approval of the Rainwire Board

The Rainwire Board approved the Name Change because upon completion of the Share Exchange, the business of Rainwire will be that of Oasis. The Board believes that name Oasis Group, Inc. will more accurately convey the scope of our business after the Share Exchange and will capitalize on the recognition of Oasis in the business community in which it operates.

RAINWIRE PARTNERS, INC. 2000 STOCK OPTION PLAN

Approval of the Rainwire Board

On _____, 2000, the Rainwire Board of Directors unanimously approved the Rainwire Partners, Inc. 2000 Stock Option Plan and determined that it was in the best interest of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately _____% of the voting stock of Rainwire.

Reasons for the Approval of the Rainwire Board

The Rainwire Board approved the Rainwire Partners, Inc. 2000 Stock Option Plan for the purpose of advancing our interests and those of our Stockholders by providing a means of attracting and retaining key employees, directors and consultants. The Rainwire Board believes that this Plan serves this purpose by encouraging and enabling key employees, directors and consultants to participate in our future prosperity

and growth by providing them with incentives and compensation based on our performance, development and financial success.

The foregoing discussions of the information and factors considered and given weight by Rainwire's Board for the Reverse Split, Authorized Share Increase, Name Change and Stock Option Plan are not intended to be exhaustive. In view of the variety of factors considered in connection with its evaluation of the foregoing, the Rainwire Board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination. In addition, individual members of the Rainwire Board may have given different weights to different factors.

CERTAIN SECURITIES LAWS CONSIDERATIONS

The common stock to be issued in the Share Exchange will be registered under the Securities Act of 1933, as amended (the Securities Act). However, any person who received Rainwire or Oasis shares in a private transaction during a period of time when such company was considered a non-operating, blank-check company will not be able to sell their shares without an effective registration statement covering the resale of those shares. If and when it is determined that, over a designated period of time, Oasis would have been considered a non-operating company, blank check, Rainwire has agreed to register those shares purchased or received shares during that period of time.

Shares that were issued when Oasis was not a non-operating, blank check company will be freely transferable under the Securities Act, except for common stock issued to any person who is deemed to be an affiliate of Oasis. Persons who may be deemed to be affiliates include individuals or entities that control, are controlled by, or are under common control with Oasis and include officers and directors, as well as principal stockholders.

Oasis affiliates may not sell their Rainwire common stock acquired in the Share Exchange except pursuant to:

an effective registration statement under the Securities Act covering the resale of those shares;

under paragraph (d) of Rule 145 under the Securities Act; or

any other applicable exemption under the Securities Act.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires directors, executive officers and 10% beneficial owners of any class of equity securities of Rainwire to file certain reports concerning their ownership of Rainwire's equity securities. Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Corporation during its most recently completed fiscal year, and Forms 5 and amendments thereto furnished to Rainwire with respect to its most recently completed fiscal year, the directors, officers and beneficial owners of 10% or more of any class of Rainwire's securities which failed to make the requisite filings on a timely basis are set forth below.

Messrs. Hill and McLaughlin and Ms. Evans inadvertently failed to timely file a Form 3 with the Commission to report their holdings upon election as a director and appointment as our Chief Financial Officer, respectively. Mr. Potts inadvertently failed to timely file a Form 3 with the Commission to report his holdings upon election as a director and appointment as our Chief Executive Officer on August 29, 2001. Mr. Potts filed a Form 3 with the Commission on or about October 10, 2001. Ms. Marchessault inadvertently failed to timely file a Form 5 with the Commission to report her exchange of shares of the common stock of the Company for shares of preferred stock in the Company in October, 2001. The Company has taken steps to ensure that its officers and directors are aware of the requirements for the filing of these reports and intends to improve its assistance in the preparation of these reports in the future.

OUTSTANDING STOCK AND APPRAISAL RIGHTS

Rainwire Partners Inc.

Rainwire presently has two classes of voting stock outstanding, its common stock, which has a par value of \$0.001, and its Series D Convertible Preferred Stock, which has a par value of \$0.01. As of the Record Date, there were 20,000,000 shares authorized and 9,909,886 shares of common stock outstanding, and 500,000 shares authorized and 500,000 shares of Series D Convertible Preferred Stock outstanding. The Majority of Stockholders held approximately 3,712,811 shares of Common Stock, or approximately 37.5% of Rainwire's issued and outstanding Common Stock, and 500,000 shares of Series D Convertible Preferred Stock, which equals 100% of Rainwire's issued and outstanding Series D Convertible Preferred Stock and which are entitled to 10 votes per share, for a total of 5,000,000 votes.

Each holder of Common Stock would normally be entitled to one vote in person or by proxy for each share of Common Stock in his or her name on the books of Rainwire, as of the Record Date, on any matter submitted to the vote of stockholders. However, under Section 228(a) of the Delaware Corporation Law, any action which may be taken at a stockholders' meeting may be taken by written consent of the requisite number of stockholders required to take such action. The approval of the Amendments to the Certificate of Incorporation and the Stock Exchange require the affirmative vote or written consent of a majority of Rainwire's outstanding Common Stock. On December 19, 2001, the Board of Directors and on December 20, 2001 the majority of stockholders, consented to the Amendments and Share Exchange.

This Information Statement is being provided for your information purposes only. This Information Statement also constitutes your notice of the availability to you of appraisal rights pursuant to Section 262 of the Delaware Corporation Law.

Under Section 262 of the Delaware Corporation Law, holders of record of Shares who do not wish to accept the terms of the Share Exchange and who have neither voted in favor of the Share Exchange nor consented thereto in writing have the right to seek an appraisal of the fair value of their Shares in the Delaware Court of Chancery (the Delaware Court). Holders of Shares wishing to assert this right must, on or before the twentieth day after the mailing of this Information Statement, make a written demand for the appraisal of their Shares to: Rainwire Partners, Inc., Attention: President, 8215 Roswell Road, Suite 925, Atlanta, GA 30305. The demand must reasonably inform the Corporation of the identity of the Stockholder making the demand as well as the intention of the Stockholder to demand an appraisal of the fair value of the Shares held by the Stockholder.

Only a holder of record of Shares, or a person duly authorized and explicitly purporting to act on his behalf, is entitled to assert an appraisal right for the Shares registered in his name. Beneficial owners who are not record holders and who wish to exercise appraisal are advised to consult promptly with the appropriate record holders as to the timely exercise of appraisal rights. A record holder, such as a broker, who holds Shares as a nominee for others may exercise appraisal rights with respect to the Shares held for one or more beneficial owners, while not exercising such rights for other beneficial owners. In such a case, the written demand should set forth the number of Shares as to which the demand is made. Where no Shares are expressly mentioned, the demand will be presumed to cover all Shares held in the name of such record holder.

A demand for the appraisal of Shares owned of record by two or more joint holders must identify and be signed by, or on behalf of, all of the holders. A demand for appraisal signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity must so identify the persons signing the demand.

An appraisal demand may be withdrawn by a Stockholder within 60 days after the time upon which all conditions to the closing of the Share Exchange Agreement have been met (the Effective Date) by written withdrawal of his demand for an appraisal and an acceptance of the terms of the Share Exchange, or may be withdrawn thereafter with the written approval of the Corporation.

Table of Contents

Only a holder of record of Shares on the date of the making of an appraisal demand with respect to such Shares who continuously holds such Shares through the Effective Date, who has otherwise complied with the requirements of Section 262 of the Delaware Corporation Law and who has not waived appraisal rights by voting in favor of the Share Exchange or by consenting thereto in writing shall be entitled to an appraisal. A security holder's failure to vote on the Exchange Agreement will not in itself constitute a waiver of appraisal rights.

Within 120 days after the Effective Date (the "120-Day Period"), any remaining Stockholder who has properly demanded an appraisal and who has not withdrawn his demand as provided above (such Stockholders being referred to collectively as the "Dissenting Stockholders") and the Corporation each have the right to file in the Delaware Court a petition (the "Petition") demanding a determination of the fair value of the Shares held by all of the Dissenting Stockholders. If, within the 120-Day Period, no Petition shall have been filed as provided above, all rights to appraisal will be ascertained as of the date of the Share Exchange that throw any light on future prospects of the corporation. Section 262 of the Delaware Corporation Law provides that fair value is to be exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation. In addition, Delaware courts have decided that the statutory appraisal remedy, depending on factual circumstances, may or may not be a dissenter's exclusive remedy. The costs of the appraisal proceeding may be determined by the Delaware Court and taxed upon the parties as the Delaware Court deems equitable in the circumstances. Upon application, the Delaware Court may also order that all or a portion of the expenses incurred by any former holder of Shares in connection with the appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expense of experts utilized in the appraisal proceeding, be charged pro rata against the value of all the Shares entitled to an appraisal. Determinations by the Delaware Court are subject to appellate review by the Delaware Supreme Court.

Dissenting Stockholders generally are permitted to participate in the appraisal proceedings. No appraisal proceeding in the Delaware Court shall be dismissed as to any Dissenting Stockholder without the approval of the Delaware Court, and this approval may be conditioned upon terms which the Delaware Court deems just.

From and after the Effective Date, Stockholders are not entitled to vote the Shares for any purpose and are not entitled to receive payment of dividends or other distributions on the Shares payable to stockholders of record thereafter.

The foregoing description is not, and does not purport to be, a complete summary of the applicable provisions of Section 262 of the Delaware Corporation Law and is qualified in its entirety by reference to the text of this provision which is set forth in its entirety in Annex B hereto. Any Former Stockholder considering demanding appraisal is advised to consult its own legal counsel.

Oasis Group, Inc.

Oasis presently has only one class of voting stock outstanding, namely its common stock, no par value. As of the Record Date, there were 150,000,000 shares authorized and [] shares of common stock outstanding. Oasis has authorized 25,000,000 shares of series A convertible preferred stock of which 370,601 are presently outstanding. The Oasis series A convertible preferred shares are designated non-voting until such time as the Amended and Restated Share Exchange has been consummated or terminated.

Oasis is soliciting the written consent of a majority of the shareholders of Oasis in favor of the Share Exchange. This Proxy Statement also constitutes your notice of the availability to you of appraisal rights pursuant to Title 14, Article 13 of the Georgia Business Corporation Code.

Under Georgia law, shareholders have the right to dissent from the Share Exchange and to receive instead the fair value of their shares if the Share Exchange is completed. Shareholders who dissent, however, will not receive the amount distributed to our shareholders in connection with the Share Exchange and will forfeit their shares of our common stock for a value that may be higher or lower than

Table of Contents

the aggregate per share amount to be distributed in connection with the Share Exchange. To exercise their dissenters' rights, shareholders must strictly adhere to the provisions of Georgia law governing dissenters' rights. The following is a summary of the procedures, that must be followed to exercise dissenters' rights, but we encourage all shareholders to read the full text of the relevant Georgia statutes, which are attached to this proxy statement as Annex B.

To exercise dissenters' rights, shareholders must deliver to Oasis, at any time prior to the vote on the Share Exchange is taken, a written notice of their intent to demand payment for their shares if the Share Exchange closes. In addition, shareholders exercising their dissenters' rights may not vote their shares in person or by proxy in favor of the Share Exchange Agreement and the related Share Exchange. A vote against the Share Exchange absent written notice will not in itself be deemed to satisfy the notice requirement under Georgia law and such Shareholders will not be entitled to dissenters' rights. A failure to vote on the Share Exchange Agreement and related Share Exchange will not in itself be a waiver of a shareholder's dissenters' rights. If the Share Exchange Agreement is approved at the annual meeting, we will send a written notice to all shareholders who exercised their dissenters' rights, which will include information on where shareholders must send their demands for payment and by when the demands must be received. After receiving this notice, dissenting shareholders must send timely written notice to us demanding payment and their share certificates. Any dissenting shareholders who do not timely send a demand to us will not be entitled to receive the fair value of their shares.

Within 10 days of the closing of the Share Exchange, we will send an offer to pay each dissenting shareholder who properly submitted a demand notice and his or her share certificates the amount we estimate to be the fair value of his or her shares, plus accrued interest from the date of the closing of the Share Exchange. Shareholders who accept our written offers or who fail to respond to our offers will receive payment for their shares as set forth in our written offer within 60 days of our offer letter. Shareholders who believe that our payment offers do not represent the fair value of their shares or that the interest is incorrectly calculated may, within 30 days of receiving our offers, send us written notice of their own estimates of the fair value of their shares and the amount of interest due. If we are not able to reach agreement with any dissenting shareholder as to the fair value of his or her shares or the interest due, we will file a proceeding in the Fulton County Superior Court, and the court will decide the fair value of those shares and the interest due. Shareholders who elect to exercise their dissenters' rights and who receive the fair value of their shares will no longer be shareholders of our company after payment is made.

The fair value that a dissenting shareholder receives for each of his or her shares may be higher or lower than the aggregate per share amount distributed in connection with the Share Exchange, and dissenting shareholders will forfeit their shares of our common stock.

Redemption

Not applicable.

Prior to June 14, 2003 and upon sixty (60) days notice to Rainwire, holders of Series C Preferred may put their shares to Rainwire in exchange for up to \$2.24 per share, and Rainwire may call their shares for \$2.24 per share.

Rainwire may redeem the Series D Preferred stock by paying to the holders any accrued but unpaid dividends, plus one dollar (\$1.00) per share for each share of Series D Preferred held.

Power To Call Shareholders/Stockholders Meetings

Special meetings of the shareholders may be called by the Chairman of the Board or the President or Secretary at the request in writing of a majority of the Board of Directors or of the shareholders owning 10% of the Capital Stock of Oasis issued, outstanding and entitled to vote.

Special meetings of the stockholders, unless otherwise prescribed by law, may not be called at any time by the stockholders but may be at any time by the Chairman of the Board, by the President or by order of the Board of Directors.

Board Of Directors

The number of directors shall be as fixed from time to time by resolution of the Board of Directors or stockholders.

The number of directors constituting the Board of Directors shall be determined from time to time by the Board of Directors, but such number shall not be less than three nor more than nine.

Voting

Each holder of Oasis common stock is entitled to one (1) vote for each share of stock held by such shareholder on each matter submitted to vote at a meeting of the shareholders.

Holders of Oasis Series A Convertible Preferred Stock of Oasis are restricted from voting on any matters prior to such date as the Amended and Restated Share Exchange Agreement is either consummated or terminated.

After such time as the Amended and Restated Share Exchange Agreement is either consummated or terminated, on all matters on which the holders of Oasis common stock are entitled to vote, each holder of Oasis Series A Preferred Stock is entitled to ten (10) votes for each share of stock held of record. The holder of such series, voting separately as a class may elect a majority of the board of directors or Oasis.

Each holder of record of Common Stock is entitled to one (1) vote for each share of stock held by such shareholder on each matter submitted to vote at a meeting of the shareholders.

Series A, B and C Preferred Stock are designated non-voting preferred stock.

On all matters on which the holders of Common Stock are entitled to vote, each holder of Series D Preferred is entitled to ten (10) votes for each share of stock held of record. The holder of Series D Preferred Stock, voting separately as a class may elect a majority of the Board of Directors.

Shareholders/Stockholders Quorum

The holders of record of a majority of the issued and outstanding stock of Oasis shall constitute a quorum.

The holders of record of one-third of the outstanding stock entitled to vote shall constitute a quorum.

Shareholder Approval of Certain Business Combinations

Under Delaware and Georgia law, business combinations by corporations with interested shareholders are subject to a moratorium of three or five years, respectively, unless specified conditions are met. The prohibited transactions include a merger with, disposition of assets to, or the issuance of stock to, the interested shareholder, or specified transactions that have the effect of increasing the proportionate amount of the outstanding securities held by the interested shareholders. Under Delaware and Georgia law, interested shareholders are those shareholders who own 15% and 10% of the voting stock of a corporation, respectively. Interested shareholders may avoid the prohibitions against significant transactions with corporations in Delaware and Georgia under the following circumstances:

Delaware	Georgia
<p>Prior to becoming an interested stockholder, the board of directors approves the transaction or transactions by which the stockholder becomes an interested stockholder;</p> <p>the interested shareholder owns at least 85% of the voting stock, excluding specified shares, upon consummation of the transaction that results in the stockholder becoming an interested stockholder; or</p> <p>if at, or subsequent to, the time the stockholder becomes an interested stockholder, the board of directors and at least 66 2/3% of the stockholders, excluding shares held by the interested stockholder, approve the transaction.</p>	<p>Prior to becoming an interested shareholder, the board of directors approves the transaction or transactions by which the shareholder becomes an interested shareholder;</p> <p>the interested shareholder owns at least 90% of the voting stock, excluding specified shares, upon consummation of the transaction that results in the shareholder becoming an interested shareholder; or</p> <p>subsequent to becoming an interested shareholder, the interested shareholder holds 90% of the outstanding voting stock, excluding specified shares, and the transaction is approved by a majority of the shareholders of the voting stock entitled to vote thereon, excluding specified shares.</p>

Georgia law also includes fair price requirements that would apply to any business combinations between Oasis and any interested shareholder. Business combinations with interested shareholders must be unanimously approved by at least three continuing directors of Oasis or recommended by at least 66 2/3% of such continuing directors and approved by a majority of the votes entitled to be cast by holders of voting shares, other than voting shares beneficially owned by the interested shareholder. This vote is not required if: (1) the fair market value of the aggregate cash or securities to be received by the shareholders is as high as the fair market value of their shares; (2) the shareholders receive the same form of consideration as the interested shareholder previously paid for shares of the same class or series; (3) there are no changes with respect to dividends; and (4) the interested shareholder has not received the benefit of any loans, advances, guarantees, pledges or other financial assistance provided by eshare.

LEGAL MATTERS

The validity of the common stock to be issued in the Share Exchange will be passed upon by Greenberg Traurig, LLP, Atlanta, Georgia.

INDEPENDENT AUDITOR S REPORT

To the Board of Directors and Stockholders

Rainwire Partners, Inc.
Atlanta, Georgia

We have audited the accompanying consolidated balance sheet of Rainwire Partners, Inc. (a Delaware corporation in the development stage) and subsidiaries as of December 31, 2001, and the related consolidated statements of operations, changes in stockholders equity, and cash flows for each of the years in the two year period then ended. These financial statements are the responsibility of the Company s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Rainwire Partners, Inc. as of December 31, 2001, and the results of its operations and its cash flows for the each of the years in the two year period then ended in conformity with auditing standards generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company has suffered substantial recurring losses and has a deficit working capital and equity as of December 31, 2001. It has also discontinued its entire business operations and is dependent upon its shareholders for all cash flow requirements. The Company needs the ability to develop additional sources of capital, and/or achieve profitable operations through a merger or acquisition. These conditions raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

RAINWIRE PARTNERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1 *The Company and Its Significant Accounting Policies*

The Company

Rainwire Partners, Inc., or RPID or the Company, (formerly Envirometrics, Inc. or EVRM) was incorporated in Delaware in 1991. The Company acquired all of the outstanding common stock of The Catapult Group, Inc. renamed Rainwire Partners, Inc. (RPIG) a Georgia corporation on July 26, 2000, in a qualifying reorganization under Section 368 (a)(1)(B) of the Internal Revenue Code of 1986. Prior to the stock exchange, the Company's operations had involved consulting services in environmental and occupational health matters in addition to providing the services of an American Industrial Hygiene Association and National Voluntary Laboratory Accreditation Program, principally in the Charleston, South Carolina area, with sales throughout the United States. RPIG was formed in July 1999, to provide internet consulting, systems development and integration as well as marketing and communications solutions to Global 2000 and middle-market companies. Its operations were discontinued in April 2000.

On December 31, 2000, management adopted a plan to dispose of the entire business of the Company. Because the Company sustained a loss on the discontinuation of its business as of December 31, 2000, as well as a loss on the disposal of the business at that date, the results of operations for the year 2000 have been presented to conform to those results. The fiscal year end of the Company is December 31.

During 2001 the Company stayed in the discontinued operational mode, and its efforts were largely devoted to maintenance of existing obligations, filing of periodic and annual reports with the Securities and Exchange Commission, and pursuing various financial opportunities, which could benefit the Company and its shareholders.

Principles of Consolidation

The Company's consolidated financial statements as of December 31, 2001 and 2000 include the financial statements of the Company and subsidiaries for all periods presented. All significant intercompany accounts and transactions have been eliminated.

Financial Statement Presentation

The historical cost basis of all assets and liabilities of RPIG and its former and present consolidated operating results have been presented from July 21, 1999 (date of inception) to December 31, 2001. For accounting purposes, the acquisition has been treated as a recapitalization of RPIG. RPIG is considered the accounting acquirer, because it became the owner of 90% of the total shares outstanding of the common stock of RPID, on a fully diluted basis. The consolidated statements of operations included herein are those of RPIG and its subsidiary i20, Inc. The former operating results of EVRM have been eliminated. The consolidated balance sheet presented herein includes all assets and liabilities of EVRM as of the date of recapitalization at fair value, as well as RPIG and its subsidiary, i20, Inc. at historical cost.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingent amounts in the Company's financial statements and the accompanying notes. Actual results could differ from those estimates.

Table of Contents

RAINWIRE PARTNERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Cash Equivalents

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents.

Fair Value of Financial Instruments

Statement of Financial Accounting Standards No. 107, disclosures about fair value of financial instruments, defines the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying values of the Company's financial instruments, which include cash, accounts payable and accruals, approximate fair values due to the short-term maturities of such instruments.

Goodwill

Goodwill was recorded in 1999 in connection with the acquisition of i20, Inc. by RPIG. It was being amortized over a 10 year period. During late 2000 this asset became impaired and was written off as of December 31, 2000, due to the discontinued operations of the business. Amortization expense for goodwill for 2000 was \$25,143.

Income Taxes

Income taxes are provided for using the liability method of accounting in accordance with Statement of Financial Accounting Standards No. 109 Accounting for Income Taxes. A deferred tax asset or liability is recorded for all temporary difference between financial and tax reporting of which depreciation is the most significant. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to more likely than not realized in future tax returns. Tax law and rate changes are reflected in income in the period such changes are enacted.

The net operating loss carry-forwards for the Company on a consolidated basis approximate \$5,000,000 as of December 31, 2000 and will expire at various dates through year 2020, if unutilized. Due to a more than 50% change in ownership of the Company's outstanding common stock for the latest testing period ended July 26, 2000, a Code Section 382 limitation on use of the loss carry-forwards became substantially limited to \$250,000 annually. It is not probable that any of the limited losses can be utilized, since the Company contemplates that the proposed stock exchange referred to in the subsequent events footnote will not only result in a reduction in the annual limitation of the carry-forward losses, but will cause a loss of continuity of business which would preclude the utilization of any pre-merger carry-forward losses.

For the year ended December 31, 2001, there were no additional losses incurred by the Company, therefore there is no change in the above loss carry-forwards. The deferred tax benefit of the consolidated losses of \$5,000,000 is approximately \$1,750,000, however that amount was offset completely by a valuation allowance of equal amount, since management cannot determine, at the present time, that it is more likely than not that such benefit will be utilized in future periods.

Loss Per Share

Net loss per share is provided in accordance with Statement of Financial Accounting Standards No. 128 (SFAS No. 128) Earnings Per Share. Basic loss per share is computed by dividing net loss available to common stockholders by the weighted average number of common shares outstanding during the period.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Going Concern

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company's ability to continue in existence is dependent upon its ability to develop additional sources of capital, and/or achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty. Management's plan is to acquire a profitable company having the ability to generate additional cash flows from either the sale of securities or through operations to sustain the Company's future existence.

Note 2 Redeemable Preferred Stock

As of December 31, 2001, there were 24,959 Series C preferred shares outstanding valued at \$52,911 including accretion of \$5,990. Approximately 1/3 of the Series C preferred shares were put to the Company for redemption by the holder thereof, however, no redemption was made resulting in a judgment against the Company as more fully explained in legal actions below.

On October 15, 2001, a shareholder who had earlier during the year converted its unsecured loan to the Company of \$60,000 for 12,000,000 shares of common stock, exchanged 10,000,000 of the shares received for 500,000 Series D preferred shares valued at \$50,000. All preferred shares have cumulative dividends, none of which were declared by the Board of Directors as of December 31, 2001. Preferred stock is convertible into common stock at the rate of 20 shares of common stock for 1 share of preferred stock. Series D preferred shares are convertible at the rate of 100 shares of common stock for 1 share of preferred stock if no dividends have been paid for two consecutive quarters, which was the case in 2001.

The 10,000,000 shares the Company received in exchange for the issuance of the redeemable preferred stock are held as treasury shares at a total cost of \$50,000 as of December 31, 2001.

Note 3 Options and Warrants

In 1994, the Company adopted a stock option plan under which incentive and non-qualifying options to purchase the Company's common stock could be granted to employees. The Company applied Accounting Principles Board Opinion No. 25 whereby no compensation cost related to stock options is recognized as an expense until the time the employee is subject to income taxation. Had compensation cost been determined pursuant to SFAS No. 123 Accounting for Stock-Based Compensation been recorded, the effect on net loss and loss per share would not have been material. As of December 31, 2001 the Company had no outstanding options in the opinion of legal counsel.

Note 4 Commitments and Contingencies

Legal Actions

The Company is involved with several legal actions, principally as defendant. These actions involve outstanding liabilities of the Company including those of subsidiaries. All known outstanding liabilities, including anticipated legal fees and costs have been recorded in the accompanying financial statements. There has been little progress during 2001 on the settlement of any of these actions. Following are two such actions.

Azimuth Laboratory, Inc., a subsidiary of EVRM, generated hazardous waste during the time of its operations which ceased in April 2000. According to a former landlord, Azimuth was responsible for a hazardous waste cleanup on the leased premises, and he is seeking recovery of approximately \$130,000, including the cleanup and remaining payments due under the terms of the lease agreement, which expired in December 2001. A motion for summary judgment was filed by the plaintiff, and the parties are in

Table of Contents

RAINWIRE PARTNERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

settlement negotiations. Only the remaining unpaid rentals under the lease obligation have been recorded as of December 31, 2001, of approximately \$66,000.

A judgment against the Company was obtained by the holder of the remaining Series C redeemable preferred stock for \$21,666 relating to the failure by the Company to redeem 8,333 of those shares and to pay dividends when due. The majority of that amount was recorded as of December 31, 2001.

Disposition of Corporate Property

Approximately 20 employees of the Company were still employed when the decision was made to discontinue the operations of the Company on December 31, 2000. Substantially all employees either resigned or terminated by February 28, 2001. No payroll tax reports have been filed with taxing authorities for any wages paid in 2001, although related payroll taxes were paid for salaries and wages recorded by the Company. It is probable that all compensation has not been reported for equipment, vehicles and other corporate property obtained by employees when the company ceased its operations in 2001. Accordingly, the Company and/or its employees may have some liability for payroll and/or sales taxes in connection with this matter. No liability has been provided for this contingency as the actions by the employees were not approved in all cases by management, and management believes that any liability arising from this matter is possible, but remote.

SBA Loan

Azimuth Laboratories, Inc. sold certain assets to a party in April 2000 who assumed the remaining balance of an underlying loan from the Small Business Administration. However, the Company's subsidiary was not relieved of liability on the obligation, and remains contingently liable for the balance of \$58,576 as of December 31, 2001. The notes are due in monthly instalments of \$1,408 with 4% APR. interest, and mature in July 2005.

The subsidiary was owed approximately \$30,000 by the purchaser, however, that obligation has not been paid to the Company, it is unrecorded due to its contingent payment, and some or all of that amount is being held in escrow pending either the payoff of the SBA loan, or when the purchaser is successful in becoming the only principal on the note. The outstanding balance of the SBA loan less the amount owed the Company at December 31, 2001 approximates less than \$30,000, which is included in accrued liabilities as of December 31, 2001.

Note 5 *Operating Leases*

Included in the accrual for estimated loss on disposal of the business are future rentals on lease obligations totaling approximately \$300,000, of which \$228,734 relates to the balance owing on a 5 year lease expiring in 2005, which had annual lease payments of approximately \$50,000 per year. The Company is seeking to mitigate the outstanding lease liability as the landlord had seized and or sold some of the equipment in partial satisfaction of the past due lease rentals.

Note 6 *Discontinued Operations*

On December 31, 2000, management adopted a plan to discontinue the operations of the Company and to liquidate its assets. Accordingly, the accompanying financial statements for the year 2000 have given effect to this date as the measurement date, since a loss was sustained for both discontinued operations and disposal of the business. A disposal loss was provided for all estimated costs and expenses to be incurred during the post phase-out period.

During 2001, the Company had no operations and is considered to be in the development stage in accordance with FASB #7. Its principal activities have been to mitigate expenses and pay down existing

liabilities with funds borrowed from Oasis Group, Inc., (Oasis) also a development stage company. Oasis has provided approximately \$114,000.

Note 7 *Proposed Exchange of Stock*

On August 29, 2001, the Company entered into a Plan and Agreement to exchange stock with Oasis Group, Inc. (Oasis), pursuant to Section 368(a)(1)(B) of the Internal Revenue Code. Oasis is principally owned and controlled by a shareholder of the Company who became the Company's President and Chief Executive Officer on August 30, 2001. The exchange is to be transacted after certain conditions precedent have been accomplished, at which time a formal recapitalization of the Company is contemplated. In 2001, Oasis has loaned approximately \$114,000 as of December 31, 2001.

At the time the definitive closing is completed, all of the outstanding common stock of Oasis will be acquired by the Company. Oasis will be considered the accounting acquirer since it will own the majority of the outstanding shares of the Company as a result of the stock exchange transaction. For accounting purposes the historic transactions of Oasis will replace those of the Company for presentation of results of operations and cash flows, whereas Oasis will be consolidated with the Company for presentation of its consolidated financial position after giving affect to the recording of the fair value of the net assets of the Company. In anticipation of closing, the Company has authorized an increase in its authorized common stock from 20 million to 100,000,000 and a reverse split of its present outstanding shares 20 for 1 in December 2001, which will take effect after any applicable waiting periods in connection with the Company's Registration Statement on Form S-4, filed with the Securities and Exchange Commission on January 14, 2002.

Note 1. Basis of Presentation

In the opinion of management, the accompanying unaudited consolidated condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the Company's financial position as of March 31, 2002 and the consolidated results of its operations and cash flows for the three months ended March 31, 2002 and 2001. Operating results for the three months ended March 31, 2002 are not necessarily indicative of the results that may be expected for the year ended December 31, 2002.

These condensed financial statements should be read in conjunction with the financial statements and notes thereto contained in the Company's Form 10-KSB for the year ended December 31, 2001.

Item 2. Plan of Operation

For the near term, the Company is in the process of completing its merger with Oasis Group, Inc. It has had no operations since December 31, 2000 and is financially dependent on its shareholders, related parties and/or management, who have financed its existence to date. Management of the Company believes it will be able to complete the merger and be successful in its efforts to continue the Company's existence.

INDEPENDENT AUDITOR S REPORT

To the Board of Directors and Stockholders

Oasis Group, Inc.
Atlanta, Georgia

We have audited the accompanying balance sheet of Oasis Group, Inc. (a Georgia corporation in the development stage) as of December 31, 2001, and the related statements of operations and comprehensive loss, changes in stockholders' equity and cash flows for each of the years in the two year period then ended, and for the period from November 16, 1999 (inception), through December 31, 2001. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements as of December 31, 2000, and for the period November 16, 1999 (inception) through December 31, 2000, were audited by other auditors whose report dated July 24, 2001, expressed an unqualified opinion on those statements. The financial statements for the period November 16, 1999 (inception) through December 31, 2000, include a comprehensive loss of \$619,404. Our opinion on the statements of operations, stockholders' equity, and cash flows for the period November 16, 1999 (inception) through December 31, 2001, insofar as it relates to amounts for prior periods through December 31, 2000, is based solely on the report of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of Oasis Group, Inc. (a Georgia corporation in the development stage) as of December 31, 2001, and the results of its operations and comprehensive loss, and its cash flows for each of the years in the two year period then ended, and for the period from November 16, 1999 (inception) through December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company is dependent on its ability to develop additional sources of capital, and to ultimately achieve profitable operations. These present financial condition of the Company raises substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2001 and 2000

Note 1 Summary of Significant Accounting Policies

Company Background

Oasis Group, Inc. (the Company or Oasis), formerly Oasis Communities, Inc. is a Georgia corporation formed November 16, 1999, to develop residential and commercial real estate projects and acquire existing businesses. It has a fiscal year-end of December 31 and is a development stage company, as defined in SFAS No. 7. Since inception the Company's activities have been limited to investigating real estate and business acquisition opportunities. No significant revenues have been earned.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent amounts in the Company's financial statements and the accompanying notes. Actual results could differ from those estimates.

Cash Equivalents

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents.

Fair Value of Financial Instruments

Statement of Financial Accounting Standards No. 107, Disclosures about fair value of financial instruments, defines the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying values of the Company's financial instruments, which include cash, and accounts payable, approximate fair values due to the short maturities of such instruments.

Income Taxes

Income taxes are provided for using the liability method of accounting in accordance with Statement of Financial Accounting Standards No. 109 Accounting for Income Taxes. A deferred tax asset or liability is recorded for all temporary difference between financial and tax reporting of which depreciation is the most significant. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to more likely than not be realized in future tax returns. Tax law and rate changes are reflected in income in the period such changes are enacted.

Year 2000

For financial reporting purposes, the Company has sustained a loss since inception of approximately \$502,000. For income tax purposes approximately \$312,000 is considered start-up costs, and the balance, comprised of \$166,000 of contributed capital and meals and entertainment of \$24,000, constitutes a non-deductible permanent difference. Start-up costs are not deductible until the Company commences operations, at which time they are amortized over a 60-month period, or permanently capitalized if no election is timely made to amortize them.

Table of Contents

**OASIS GROUP, INC.
(a Development Stage Company)**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The Company's future utilization of the deferred tax benefit arising from the deferral of start-up costs of approximately \$110,000 cannot be currently ascertained. Accordingly, a valuation allowance of approximately \$110,000 was provided resulting in no recorded tax benefit as of December 31, 2000.

Year 2001

A net loss of \$1,494,203 was sustained during 2001, of which approximately \$185,000 was non-deductible contributed compensation of management, and non-deductible meals and entertainment expenses of approximately \$20,000, resulting in a timing difference of approximately \$1,290,000 for the year. The majority of the expenses for 2001 are start-up expenses as described above. The deferred income tax benefit relating to this amount was approximately \$450,000, however, due to the uncertainty of the future utilization of this amount, a valuation allowance of \$450,000 was provided for the year, resulting in no deferred tax benefit for 2001.

The Company has not reported to federal or state taxing authorities, the required information to evidence approximately \$327,000 of services for 2001 or 2000, as a result of the issuance of over 30 million shares of unrestricted common stock of the Company to related parties and others. Accordingly, until such time as the information is reported, or the parties to whom they were issued recognize the appropriate income, the Company will be unable to treat the value of shares issued for services as a deduction for income tax purposes. In addition, the Company may be subject to penalties for failure to timely report such information.

Preacquisition Costs

The principal activities of the Company presently involve search for and assessment of potential acquisitions of real estate projects and active businesses. Costs directly identifiable with specific probable acquisitions are capitalized. All internal preacquisition costs are expensed.

Basis of Presentation and Management's Actions to Overcome Operating and Liquidity Problems

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. It has suffered substantial losses since inception, The Company's ability to continue in existence is dependent on its ability to develop additional sources of capital, and ultimately achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties. Management's plan is to raise additional debt or equity financing, to acquire profitable businesses, and to develop or acquire real estate projects intended to produce sufficient cash flows and profitable operations to sustain the existence of the Company.

Note 2 Related Party Transactions and Obligations

Available For Sale Securities

On July 15, 2000, the president/chief executive officer/chairman of the board/director exchanged 500,000 shares of common stock in a Nasdaq listed company he owned, LaHaina Acquisition, Inc., for 800,000 shares of restricted common stock of the Company. Although the value of the acquired shares was \$734,000 (\$1.47 per share) on the date of the exchange per the last quoted market Nasdaq price on the date of exchange, the value assigned by the Company to those securities was \$367,000, due to the current restriction on tradability by the Company of the securities. The value of the LaHaina shares at December 31, 2001 was \$142,500, based on 50% of the quoted value at that date (\$.29 per share).

Advances to Rainwire Partners, Inc.

The Company is presently involved in a stock exchange transaction with Rainwire Partners, Inc. (a Delaware public company in the development stage corporation). If the transaction is successfully completed the Company will be the legal wholly owned subsidiary of Rainwire Partners, Inc., but will be the accounting acquirer for accounting purposes. A Form S-4 was filed with the Securities and Exchange Commission during 2001 to enable the shareholders of both companies the opportunity to approve the merger. Advances totaling approximately \$115,000 were made to Rainwire Partners, Inc. as of December 31, 2001, which have been expensed due to questionable realization. Both companies are now under common management with persons having significant common stock interests in both companies.

Related Party Advances

A shareholder of the Company paid various general and administrative expenses totaling \$32,995 and advanced \$25,000 towards the deposit on real estate as of December 31, 2001, on behalf of the Company. The \$30,317 balance of unpaid advances as of December 31, 2001, are unsecured and do not bear interest.

Services Provided For Common Stock

As of December 31, 2001 and 2000 the Company had issued a total of 30,137,000 and 26,000 shares of common stock of the Company valued at \$.01 and \$1.00 per share, respectively, to officers, members of the Board of Directors, shareholders of the Company, and others, as follows:

Note 4 Available-For-Sale Securities

Available-for-sale securities are recorded at fair value in investments on the balance sheet, with the change in fair value during the period excluded from results of operations, and recorded net of tax as a separate component of equity (accumulated other comprehensive income). The following summarizes the information relating to available-for-sale securities as of December 31, 2001:

Market value at December 31, 2001	\$ 142,500
Assigned value at date of acquisition	367,000
	<u> </u>
Unrealized holding loss from inception	\$ 224,500
	<u> </u>

The Company utilizes the specific identification method of computing realized gains and losses from the sales of its available-for-sale securities. Realized losses from the sale of securities are shown in the other income section of the income statement, and proceeds from the sale of securities are shown in the statement of cash flows.

Note 5 Accumulated Other Comprehensive Income (Loss)

The following is a summary of the activity from inception in accumulated other comprehensive income (loss):

ACCUMULATED OTHER COMPREHENSIVE INCOME (LOSS)	
Balance, at inception	\$ 0
OTHER COMPREHENSIVE (LOSS), unrealized holding loss on available-for-sale securities during 2000	(117,000)
During 2001	(107,500)
	<u> </u>
ACCUMULATED OTHER COMPREHENSIVE (LOSS)	
Ending balance, December 31, 2001	\$ (224,500)
	<u> </u>

Note 6 Contributed Capital

Management of the Company has contributed a significant portion of its services, principally compensation, to the Company during the years 2001 and 2000 of approximately \$185,000 and \$166,000, respectively, based on the estimated fair value for time actually spent by them, and other overhead, which would have been otherwise paid or incurred by the Company.

Note 7 Common Stock

The Company does not use the services of an independent transfer agent to control the issuance and transfer of its common stock. The shares of common stock outstanding at the beginning and end of 2001, as presented on the statement of stockholders' equity, are those shares authorized for issuance by the Board of Directors. Accordingly, the financial statements presented and disclosures made herein give effect to outstanding shares as if issued.

Note 8 Subsequent Events**Subsequent Losses**

The Company incurred significant losses subsequent to December 31, 2001, averaging approximately \$200,000 per month, while pursuing the acquisition of real estate projects and businesses.

Advances to Rainwire Partners, Inc.

The Company advanced an additional \$10,930 to Rainwire Partners, Inc. during the first quarter of 2002, which was expensed due to continued concern for collectibility.

Real Estate Transactions

Subsequent to December 31, 2001, the Company (or its president and/or its chief financial officer, who are using their personally owned Oasis shares as consideration to purchase undeveloped real estate with the intention of assigning the properties either to the Company, or to LLC s to be principally owned by the Company, for either similar consideration or other consideration to be determined) has entered into a number of agreements to acquire undeveloped real estate in several states, requiring the issuance of a substantial number of additional shares of restricted common stock of the Company, in addition to the payment of cash and the issuance or assumption of debt. All shares to be issued below will be exchanged for Rainwire Partners, Inc. shares if the stock exchange transaction referred to above is successfully completed.

The following is a summary of these commitments at the present time:

Consideration to be paid:	
9,095,000 shares of common stock @ \$1.20 per share	\$ 10,914,000
Cash	12,450,000
Debt	28,625,000

Total purchase price	\$51,989,000
	<hr/>

Borrowings By the Company

During the first quarter of 2002 the Company arranged for \$275,000 of short-term debt for working capital and acquisitions. These arrangements resulted in the Company issuing 396,250 shares of restricted common stock, incurring \$82,500 of fees and approximately \$6,000 of interest. The president of the Company guaranteed these obligations in addition to giving personal puts for \$1 per share to repurchase 115,000 of the shares issued. Two notes totaling \$225,000 were not paid when due in February 2002. The balance was paid in April 2002.

Borrowings and Real Estate Acquired by the Company

During the second quarter of 2002, the Company borrowed \$600,000 for one year from an individual on an unsecured basis, without interest. Another \$250,000 was borrowed from two individuals collateralized by 1,000,000 restricted shares of common stock of the Company, and by real estate purchased from one of them on May 9, 2002, for approximately \$4,000,000. In connection with this purchase one of two promissory notes issued by the Company for \$950,000 is due November 2002, with accrued interest at 4% per annum. The other note for \$3,000,000 is due May 2008, with interest at 6% per annum payable monthly, commencing June 2002.

PART II.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. *Indemnification of Directors and Officers*

Oasis

The articles of incorporation of Oasis eliminate, subject to certain limited exceptions, the personal liability of each director or officer of Oasis made a party to or is threatened to be made a party to, or is involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative, by reason of the fact that such person is or was a director or officer of Oasis or was serving at the request of Oasis as a director or officer of another corporation, partnership, joint venture, trust or other enterprise. or its shareholders for monetary damages incurred for any breach of duty as a director. Pursuant to the Georgia Business Corporation Code (the GBCC), there is no elimination of liability for (i) a breach of duty involving appropriation of a business opportunity of Oasis; (ii) any transaction from which the director derives an improper personal benefit; (iii) as to any payments of a dividend or any other type of distribution that is illegal under Section 14-2-832 of the GBCC.

Oasis s bylaws contain certain provisions which provide indemnification to directors that is broader than the protection expressly mandated in Sections 14-2-852 and 14-2-857 of the GBCC. To the extent that a director or officer of Oasis has been successful, on the merits or otherwise, in the defense of any action or proceeding brought by reason of the fact that he or she was a director or officer of Oasis, Sections 14-2-852 and 14-2-857 of the GBCC would require Oasis to indemnify such person against expenses (including attorney s fees) actually and reasonably incurred in connection therewith. The GBCC expressly allows Oasis to provide for greater indemnification rights to its officers and directors, subject to shareholder approval.

The indemnification provisions in Oasis bylaws require Oasis to indemnify and hold harmless any director or officer who was or is a party or is threatened to be made a party, to any threatened, or who was or is a witness without being names a party, to any threatened, pending or completed action, claim, suit or proceeding whether civil, criminal, administrative or investigative, any appeal in such action, suit or proceeding, by reason of the fact that such individual is or was a director or officer of Oasis, or while a director of officer of Oasis is or was serving at the request of Oasis as a director, officer partner, venturer, proprietor, trustee, employee, agent and similar functionality or another enterprise, against expenses (including, judgments, penalties (including excises taxes), fines, amounts paid in settlement and reasonable expenses (including court costs and attorney s fees) actually incurred by such person in connection with such proceeding) if such person reasonably believed that his actions were lawful, in the best interest and on behalf of Oasis. Indemnification would be disallowed under any circumstances where indemnification may not be authorized by action of the board of directors, the shareholders or otherwise. In the event a determination is made that such person is liable to Oasis on the basis that personal benefit was improperly received by such person, the indemnification is limited to reasonable expenses actually incurred by such person in connection with the proceeding. Indemnification is not available where such person shall have been found liable for willful ort intentional misconduct and or gross negligence in the performance of his or her duty to Oasis. The board of directors of Oasis also has the authority to extend to employees and agents the same indemnification rights held by directors, subject to all the accompanying conditions and obligations. Indemnified persons would also be entitled to have Oasis advance expenses prior to the final disposition of the proceeding. If it is ultimately determined that they are not entitled to indemnification, however, such amounts would be repaid.

Rainwire

Reference is made to Section 102(b)(7) of the Delaware General Corporation Law (the DGCL), which enables a corporation in its original certificate of incorporation or an amendment thereto to eliminate or limit the personal liability of a director for violations of the director s fiduciary duty, except (i) for any breach of the director s duty of loyalty to the corporation or its stockholders, (ii) for acts or

omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) pursuant to Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions), or (iv) for any transaction from which a director derived an improper personal benefit. Rainwire's amended and restated certificate of incorporation and bylaws contain provisions which eliminate the liability of directors to the extent permitted by applicable law.

Reference is made to Section 145 of the DGCL, which provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with specified actions, suits or proceedings, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation (a derivative action)), if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interest of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's charter, bylaws, disinterested director vote, stockholder vote, agreement or otherwise. The amended and restated certificate of incorporation and bylaws of Rainwire provide that Rainwire shall indemnify its directors and officers to the fullest extent permitted by applicable law. The Board of Directors may also determine to indemnify employees and agents for expenses incurred on such terms and conditions as set forth by the Board of Directors which are permitted by applicable law.

Item 27. Undertakings

The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

2. That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be

an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

5. That every prospectus (i) that is filed pursuant to paragraph (4) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

6. To respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4 of this Form, within one business day of receipt of any such request, and to send the incorporated documents by first class mail or other equally prompt means, including information contained in documents filed after the effective date of this registration statement through the date of responding to such request.

7. To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in this registration statement when it became effective.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the Act) may be permitted to directors, officers, or controlling persons of the Company pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer, or controlling person of the Registrant in the defense of any action, suit or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
