ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS.

On June 13, 2003, Oxford Industries, Inc. ("Oxford") completed the previously announced acquisition of all of the outstanding capital stock of Viewpoint International, Inc. ("Viewpoint"), pursuant to a stock purchase agreement, dated as of April 26, 2003.

Oxford purchased Viewpoint for \$240 million in cash and \$10 million of Oxford common stock. In addition, Oxford entered into an earnout agreement with the selling stockholders of Viewpoint, pursuant to which the selling stockholders will be entitled to earn up to an additional \$75 million, in the aggregate, over the four years following the closing date of the acquisition based on Viewpoint's achievement of certain performance targets. Oxford financed the cash portion of the purchase price with the net proceeds of its previously announced and closed offering of \$200 million aggregate principal amount of senior notes due 2011, borrowings under its new senior secured revolving credit facility (described below) and cash on hand.

Simultaneously with the closing of the acquisition, Oxford entered into a new \$275 million senior secured credit facility with SunTrust Robinson

Edgar Filing: OXFORD INDUSTRIES INC - Form 8-K

Humphrey Capital Markets, a division of SunTrust Capital Markets, Inc., and Merrill Lynch Capital, a division of Merrill Lynch Business Financial Services, Inc., as joint lead arrangers, SunTrust Bank as sole administrative agent, Merrill Lynch Capital as sole syndication agent, SunTrust Bank and Merrill Lynch Capital as lenders, and other lenders named in the new senior secured revolving credit facility. The new senior secured revolving credit facility has a five year term and bears interest, at Oxford's option, at rates determined from time to time based upon (1) the higher of the federal funds rate or the applicable prime rate plus a spread or (2) LIBOR plus a spread. Borrowings under the new senior secured revolving credit facility are subject to a borrowing base calculation based on Oxford's inventories, real property and accounts receivable.

Oxford also entered into a registration rights agreement, dated as of June 13, 2003, with the selling stockholders of Viewpoint, pursuant to which Oxford has agreed to register for resale, on one or more shelf registration statements, the shares of Oxford common stock issued to the selling stockholders pursuant to the stock purchase agreement and the shares of Oxford common stock that may be issued to the selling stockholders from time to time pursuant to the earnout agreement.

At the time of the acquisition there were no material relationships between Oxford, or any of its affiliates, any directors or officers, or any associate of such director or officer, on the one hand, and Viewpoint or the selling stockholders of Viewpoint, on the other hand.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED MARCH 31, 2002, 2001 AND 2000
(\$ IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

NOTE 1 -- NATURE OF BUSINESS

Viewpoint International, Inc. (the "Company") is an importer of men's and women's sportswear sold primarily to retail stores in the United States. Its wholly-owned subsidiaries, Tommy Bahama R&R Holdings, Inc. and Tommy Bahama R&R Holdings II, Inc. (collectively "Tommy Bahama Retail"), operate, through their wholly-owned subsidiaries, retail restaurants and clothing stores that sell

Edgar Filing: OXFORD INDUSTRIES INC - Form 8-K

products by and promote the "Tommy Bahama" brand name in the United States. The Company's majority-owned subsidiary, Paradise Neckwear Co. LLC is a manufacturer of men's neckwear sold primarily to retail stores in the United States.

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements include the accounts of the Company, Tommy Bahama R&R Holdings, Inc. and its twenty-three wholly-owned subsidiaries, Tommy Bahama R&R Holdings II, Inc. and its four wholly-owned subsidiaries and Paradise Neckwear Co. LLC (hereinafter referred to collectively as the "Companies"). All significant intercompany transactions and balances have been eliminated in consolidation. Effective March 31, 2002, Tommy Bahama R&R Holdings II, Inc. was merged with and into Tommy Bahama R&R Holdings, Inc.

NOTE 2 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

CASH AND CASH EQUIVALENTS

The Companies consider cash on hand, deposits in banks and short-term investments, with maturities of three months or less when purchased, as cash and cash equivalents.

INVENTORIES

Substantially all inventories are finished goods and are stated at the lower of cost (first-in, first-out method) or market. At March 31, 2002 and 2001, inventory in-transit was approximately \$3,207 and \$3,805, respectively.

PROPERTY AND EQUIPMENT

Property and equipment is recorded at cost. Expenditures for major additions and betterments are capitalized. Maintenance and repairs are charged to operations as incurred. Depreciation of property and equipment is computed by both the straight-line and accelerated methods over the assets' estimated lives ranging from three to seven years. Leasehold improvements are amortized over the lesser of the lease terms or the assets' useful lives. Upon sale or retirement of equipment, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is reflected in operations.

GOODWILL

Goodwill represents the aggregate excess of the acquired cost of the minority interest in two retail stores over the fair value of their net assets on the date of acquisition. Commencing April 1, 2001, with the Company's adoption of SFAS No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"), goodwill is no longer amortized and the Company is required to complete a test for impairment of goodwill annually, as well as a transitional goodwill impairment test within six months from the date of adoption. The Company has concluded its testing, on an individual store basis, as required by SFAS 142. The results of these tests did not indicate any impairment of the Company's recorded goodwill. SFAS 142 also requires disclosure of what net income would have been in all periods presented had SFAS 142 been in

DEFERRED FINANCING COSTS

Costs incurred in the issuance of the subordinated notes payable -- shareholders, principally professional fees, are amortized by the straight-line method over the term of the notes (see Note 9).

SFAS No. 141, "Business Combinations" ("SFAS 141"), specifies certain criteria for identifying, valuing and recording intangible assets separate from goodwill. SFAS 142 also prescribes the disclosure requirements for intangible assets that meet these criteria. The following schedule details the Company's deferred financing costs, which are included in the accompanying balance sheets at March 31:

	2002	2001
Deferred financing costs.....	\$1,107	\$1,107
Less: Accumulated amortization.....	250	36
Net carrying amount.....	\$ 857	\$1,071

Amortization expense for the years ended March 31, 2002 and 2001 was approximately \$214 and \$36, respectively.

The future amortization expense for each of the four succeeding years relating to the deferred financing costs currently recorded on the balance sheet is estimated to be the following:

INCOME TAXES

The Company and Tommy Bahama Retail file consolidated income tax returns.

The wholly-owned subsidiaries of Tommy Bahama Retail are all either limited liability companies or limited partnerships (collectively referred to as the "LLCs"). Limited liability companies and limited partnerships are not tax paying entities at the corporate level. Each member/partner is individually responsible for their share of the Companies' income or loss for income tax reporting purposes. Tommy Bahama Retail includes its respective share of the income and losses of the LLCs in its income tax returns.

SHIPPING AND HANDLING COSTS

The Company includes shipping and handling costs in selling and shipping expense. Shipping and handling costs for the years ended March 31, 2002, 2001 and 2000 amounted to approximately \$3,619, \$3,237 and \$2,326, respectively.

ADVERTISING EXPENSES

Advertising expenses are charged to operations in the period in which they are incurred. Advertising expenses for the years ended March 31, 2002, 2001 and 2000 were approximately \$2,084, \$2,023 and \$731, respectively.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company estimates the carrying value of its financial instruments approximates the fair value at the balance sheet date except for its \$25,000 of subordinated notes payable -- shareholders (see Note 9). The estimated fair value of these notes are approximately \$28,000 at March 31, 2002 based upon management's best estimate of interest rates that would be available to the Company for similar debt obligations.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at

Potentially dilutive securities outstanding at March 31, 2002 and 2001 which convert to common share equivalents consist of common stock warrants to purchase 102,222 shares of the Company's Class C Common Stock.

RECENT ACCOUNTING PRONOUNCEMENTS

In June 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143"). SFAS 143 requires entities to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred. When the liability is initially recorded, the entity capitalizes the cost by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its present value each period and the capitalized cost is depreciated over the useful life of the related asset. Upon settlement of the liability, the entity either settles the obligation for the amount recorded or incurs a gain or loss. SFAS 143 is effective for fiscal years beginning after June 15, 2002. Management believes that the adoption of this statement will not have a material effect on the Company's future results of operations.

In August 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"). SFAS 144 supersedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," ("SFAS 121") and the accounting and reporting provisions of Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations -- Reporting the Effects of Disposal of a Segment of a Business." The FASB issued SFAS 144 to establish a single accounting model, based on the framework established in SFAS 121, for long-lived assets to be disposed of by sale. SFAS 144 broadens the presentation of discontinued operations in the income statement to include a component of an entity (rather than a segment of a business). A component of an entity comprises operations and cash flows that can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the entity. SFAS 144 also requires that discontinued operations be measured at the lower of the carrying amount or fair value less cost to sell. SFAS 144 is effective for fiscal years beginning after December 15, 2001 and should be applied prospectively. Management is evaluating the effect of this statement on the Company's results of operations and financial position.

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13 and Technical Corrections" ("SFAS 145"), which clarifies the criteria under which extinguishment of debt can be considered as extraordinary and rescinds the related SFAS Nos. 4 and 64 in addition to SFAS 44 and also makes technical corrections to other Statements of Financial Accounting Standards. The Company adopted SFAS 145 effective with the year ending March 31, 2002. The adoption of this statement had no immediate impact on the Company.

Edgar Filing: OXFORD INDUSTRIES INC - Form 8-K

In June 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"), which is effective for exit or disposal activities that are initiated after December 31, 2002, with earlier application encouraged. This statement addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force ("EITF") Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." The provisions of SFAS 146 are to be applied prospectively from the date of adoption. The Company has not yet assessed any potential impact the issuance of this standard may have on its financial position or future results of operations.

ACCOUNTS RECEIVABLE

The concentration of credit risk in the Company's accounts receivable is mitigated by the sale of a substantial portion of its accounts receivable to a commercial factor. The remaining accounts receivable are subject to the Company's credit evaluation process, reasonably short collection terms and the geographical dispersion of revenue. Credit losses have been within management's expectations.

MAJOR CUSTOMERS

During the year ended March 31, 2002, two customers accounted for approximately 13% and 10%, respectively, of the Company's sales. During the year ended March 31, 2001, one customer accounted for approximately 13% of the Company's sales.

Management believes that other suppliers could provide the materials on comparable terms.

NOTE 4 -- DUE FROM FACTOR

The Company sells a substantial portion of its trade receivables to a commercial factor, without recourse, up to maximum credit limits established by the factor for each individual account. Receivables sold in excess of these limitations are subject to recourse in the event of non-payment by the customer. At March 31, 2002 and 2001, receivables subject to recourse were approximately \$8,081 and \$5,277, respectively. Under a tri-party agreement with the bank (see Note 7) all factor proceeds are assigned to the bank.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

UNAUDITED

FOR THE NINE MONTHS ENDED DECEMBER 31, 2002 AND 2001

(\$ IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

NOTE 1 -- BASIS OF PRESENTATION

The accompanying unaudited, consolidated financial statements were prepared in accordance with the rules and regulations of the Securities and Exchange Commission. Accordingly, certain information and note disclosures normally included in audited financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted. In the opinion of management, all adjustments consisting of normal, recurring adjustments necessary for a fair presentation of (a) the results of operations for the nine months ended December 31, 2002 and 2001, (b) the financial position at December 31, 2002 and 2001 and (c) cash flows for the nine months ended December 31, 2002 and 2001, have been made. The results of operations for the nine months ended December 31, 2002 and 2001 are not necessarily indicative of those to be expected for the entire year.

The accompanying consolidated financial statements and notes should be read in conjunction with the audited consolidated financial statements and notes of the Company for the fiscal year ended March 31, 2002. Any material facts that have changed from those footnotes are discussed herein, or are a normal result of transactions during the interim period.

NOTE 2 -- ACCOUNTING POLICIES

The summary of the Company's significant accounting policies in its audited consolidated financial statements for the fiscal year ended March 31, 2002 describes its accounting policies. Except as noted below, accounting

Edgar Filing: OXFORD INDUSTRIES INC - Form 8-K

policies are the same as the fiscal year ended March 31, 2002.

NOTE 3 -- RECENT ACCOUNTING PRONOUNCEMENTS

In June 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143"). SFAS 143 requires entities to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred. When the liability is initially recorded, the entity capitalizes the cost by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its present value each period and the capitalized cost is depreciated over the useful life of the related asset. Upon settlement of the liability, the entity either settles the obligation for the amount recorded or incurs a gain or loss. SFAS 143 is effective for fiscal years beginning after June 15, 2002. Management believes that the adoption of this statement will not have a material effect on the Company's future results of operations.

In August 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"). SFAS 144 supersedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of" ("SFAS 121"), and the accounting and reporting provisions of Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations -- Reporting the Effects of Disposal of a Segment of a Business." The FASB issued SFAS 144 to establish a single accounting model, based on the framework established in SFAS 121, for long-lived assets to be disposed of by sale. SFAS 144 broadens the presentation of discontinued operations in the income statement to include a component of an entity (rather than a segment of a business). A component of an entity comprises operations and cash flows that can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the entity. SFAS 144 also requires that discontinued operations be measured at the lower of the carrying amount or fair value less cost to sell. The Company adopted SFAS 144 on April 1, 2002. The provisions of this statement for assets held for sale or other disposal generally are required to be applied prospectively after the adoption date to newly initiated disposal activities and, therefore, will depend on future actions initiated by management. As a result, the

Company cannot determine the potential effects that adoption of SFAS 144 will have on its consolidated financial statements with respect to future disposal decisions, if any.

In June 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"), which is effective for exit or disposal activities that are initiated after December 31, 2002, with earlier application encouraged. This statement addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force ("EITF") Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." The provisions of SFAS 146 are to be applied prospectively from the date of adoption. The Company has not yet assessed any potential impact the issuance of this standard may have on its financial position or future results of operations.

NOTE 4 -- NET INCOME PER SHARE

Edgar Filing: OXFORD INDUSTRIES INC - Form 8-K

In accordance with SFAS No. 128, "Earnings Per Share," basic and diluted income per common share has been computed using the weighted-average number of shares of common stock outstanding during the period. Potentially dilutive securities outstanding at December 31, 2002 and 2001 which convert to common share equivalents consist of common stock warrants to purchase 102,222 shares of the Company's Class C Common Stock.

NOTE 5 -- SEGMENTS

The Company's business segments are wholesale and retail and restaurant operations. The wholesale operations consist of the importing of men's and women's sportswear sold primarily to retail stores throughout the United States. The retail and restaurant operations consist of retail clothing and restaurants that sell products by and promote the "Tommy Bahama" brand name in the United States.

The accounting policies of the segments are consistent with those described in our audited consolidated financial statements for the fiscal year ended March 31, 2002. All intercompany revenue and profits or losses are eliminated in consolidation. We evaluate each segment based upon earnings before interest and income taxes. Effective April 1, 2002, the Company began allocating corporate overhead

expenses to each segment based upon each segment's usage of corporate resources. The amount allocated to the retail and restaurant segment for the nine months ended December 31, 2002 was \$3,536.

UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION

Edgar Filing: OXFORD INDUSTRIES INC - Form 8-K

GENERAL

The unaudited pro forma combined statement of earnings for the year ended May 31, 2002 gives effect to the following events as if each had occurred on June 2, 2001 (with respect to Oxford) and April 1, 2001 (with respect to Viewpoint). The unaudited pro forma combined statement of earnings for the nine months ended February 28, 2003 gives effect to the following events as if each had occurred on June 1, 2002 (with respect to Oxford) and April 1, 2002 (with respect to Viewpoint). The unaudited pro forma balance sheet gives effect to the following events as if each had occurred on February 28, 2003:

- the issuance of \$200 million of notes on May 16, 2003;
- the acquisition of Viewpoint;
- borrowings under our new senior secured revolving credit facility, as necessary to consummate the acquisition of Viewpoint and repay all amounts due under notes payable related to our accounts receivable securitization facility; and
- the issuance to Viewpoint stockholders of 388,200 shares of our common stock (with a market value of \$10.0 million).

The acquisition of Viewpoint will be accounted for using the purchase method of accounting. The fair value of Viewpoint's assets and related liabilities are based on preliminary estimates. Additional analysis will be required to determine the fair value of Viewpoint's assets and liabilities, primarily with respect to inventory, property, plant and equipment, intangible assets and certain assumed liabilities. Viewpoint's accounts will change from the amounts shown based on the valuations. The final allocation of the acquisition consideration may result in significant differences from the pro forma amounts reflected in the unaudited pro forma combined financial statements.

The unaudited pro forma combined financial statements are based on assumptions that we believe are reasonable under the circumstances and are intended for informational purposes only. They are not necessarily indicative of our future financial position or results of operations or of the financial positions or results of operations that would have actually occurred had the acquisition of Viewpoint taken place as of the dates or for the periods presented.
