Bright Horizons Family Solutions, Inc. 401(k) Plan

We have audited the accompanying statement of net assets available for benefits of **Bright Horizons Family Solutions, Inc. 401(k) Plan** as of December 31, 2003, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. Other auditors were engaged to audit the financial statements for the year ended December 31, 2002. Their report dated July 18, 2003, disclaimed an opinion on the 2002 financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the statement of net assets available for benefits of the Plan as of December 31, 2003, and the statement of changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i schedule of assets (held at end of year) as of December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Bright Horizons Family Solutions, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan s provisions.

1. *General* - The Plan is a defined contribution plan that is available to all employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Eligibility* - All employees are eligible to participate in the Plan on January 1 or July 1 after having completed one year or 1,000 hours of continuous service, provided they are then at least 20 1/2 years of age.
3. *Contributions* - Participants are permitted to contribute up to 50% of pretax compensation up to a maximum of \$12,000 and \$11,000 for the years ended December 31, 2003 and 2002, respectively. Catch-up contributions are permitted for participants reaching age 50 during the plan year.

Contributions are made by the Company bi-weekly, equal to 25% of the first 8% of the participant s compensation contributed by the participant for each of the bi-weekly pay periods. The Company may also make an additional discretionary contribution, as determined annually by the Company. For the Plan years ended December 31, 2003 and 2002, respectively, the Company did not make any additional discretionary contributions.

4. *Vesting* - Employees are immediately vested in their own contributions and related earnings. Company contributions to participants and earnings thereon are vested 20% after the second year of employment and 20% for each year thereafter, such that a participant is 100% vested after six years of continued employment.
5. *Participant Accounts* - Each participant s account is credited with the participant s contributions and earnings (losses) thereon and an allocation of the Company s contributions and Plan earnings. Allocations of earnings (losses) are based on account balances, as defined. Employer profit sharing contributions are allocated based on employee compensation amounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account balance.

Each participant directs the investment of his or her account balance in the various investment funds of the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

6. *Forfeitures* - The distribution and allocation of Company profit sharing and matching contributions forfeited are first made available to reinstate previously forfeited Company profit sharing or matching contributions account balances of rehired, former participants provided certain provisions in the Plan Agreement are met. The remaining forfeitures are used to reduce Company matching contributions or to reduce Plan expenses for the Plan year in which such forfeitures occur. Forfeitures in the amount of \$99,462 and \$86,701 were used to reduce Company matching contributions during 2003 and 2002, respectively.
7. *Payment of Benefits* - On termination of service due to death, disability or retirement, each participant is entitled to 100% of his or her account balance. Upon termination of employment for reasons other than death, disability or retirement, each participant is entitled to distributions based upon the vested portion of his or her account valuation determined as of the last day of the Plan year. In addition, participants can withdraw their deferred compensation balance in the event of certain hardship circumstances, as defined. Payment of benefits is made either in one lump sum, installments, or joint and survivor annuity.
8. *Participant Loans* - Participants may borrow a minimum of \$1,000 and a maximum of the lesser of 50% of the vested account balance or \$50,000. Interest rates on outstanding loans range from 5% to 10.50%. Loans must be repaid within five years, unless the loan is taken for the purchase of a primary residence, which may be repaid over a period in excess of five years. Participants repay principal and interest through payroll deductions. If participants are terminating or retiring, they will have the choice of repaying the loan or having the loan offset from their account. The offset loan amount will be considered a taxable distribution.
9. *Investment Options* - Upon enrollment in the Plan, a participant may direct employee contributions in any of the following investment options.

American Century Ultra Fund Invests mainly in common stocks of the fastest growing companies in the market.

David L. Babson Small Company Opportunities Fund Invests in equity securities of micro cap companies with above average return on assets and equity, low debt, and well regarded management.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition The Plan's investments, except the investments in the guaranteed investment contracts, are valued at fair value based upon the quoted market prices of the underlying securities within each fund at December 31, 2003 and 2002. The investments in the guaranteed investment contracts are presented at contract value, which approximates fair value, as plan management has determined that the investment contracts are fully benefit responsive. Contract value represents the accumulated contributions plus accrued net earnings, less distributions. The crediting interest rate and the average return of the investment contracts held by the guaranteed investment contract at December 31, 2003 and 2002 was 4.8% and 5.75%, respectively. The interest rates on the guaranteed investment contracts are reset on a semi-annual basis. Participant loans are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits Benefits are recorded when paid.

Administrative Expenses Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as deductions.

Plan Termination Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan has since been amended for the series of tax law changes collectively referred to as GUST. The Plan administrator, sponsor and tax counsel believe that the Plan, as amended, continues to qualify and to operate as designed.
