Item 8.01. Other Events

This Current Report on Form 8-K and the exhibits hereto provide information on a change in segment reporting relating to Popular, Inc. s (the Corporation) mainland U.S. operations and the effects of this change on the historical segment results presented in the Corporation s Annual Report on Form 10-K for the year ended December 31, 2006 (the 2006 Annual Report).

Effective in January 2007, the Corporation changed its business segment reporting by combining the operations of Banco Popular North America and Popular Financial Holdings into a single reportable segment named Popular North America. This change is the result of the restructuring and integration plan of the Corporation s U.S. operations described in the 2006 Annual Report and in the Quarterly Reports on Form 10-Q for the quarters ended March 31, 2007 and June 30, 2007, which should be referred to for a more complete description of the revised business segment reporting structure.

Consistent with the presentation included in the Corporation s Form 10-Q for the quarters ended March 31, 2007 and June 30, 2007, the revised segment information included in the exhibits to this Form 8-K, also include a breakdown of the financial results of Popular North America s operations into: Banco Popular North America, including E-LOAN, and Popular Financial Holdings. Prior to the Corporation s reorganization, E-LOAN was reported as part of the Popular Financial Holdings reportable segment.

The information included in this Current Report on Form 8-K does not in any way restate or revise the Corporation s net income in any previously reported consolidated financial statements.

This Current Report on Form 8-K and the exhibits hereto update the business segment information presented in the 2006 Annual Report, but only to the extent this information is impacted by the revised business segment reporting methodology. Portions of the following items from the 2006 Annual Report have been updated to reflect the revised business segment methodology:

Part II, Item 7. Management s Discussion and Analysis of Financial Condition and Results of Operations (filed as Exhibit 99.1 and incorporated herein by reference).

Part II, Item 8. Financial Statements and Supplementary Data (filed as Exhibit 99.2 and incorporated herein by reference).

All of the changes to the 2006 Annual Report relate solely to the presentation of segment specific disclosures on a basis consistent with how management currently evaluates the results of the segments. The revised reporting structure did not impact the consolidated statement of condition or the consolidated statements of income, changes in stockholders equity and cash flows. The information in this Current Report on Form 8-K is presented as of December 31, 2006 and other than as indicated above, has not been updated to reflect financial results subsequent to that date or any other changes since the date of the 2006 Annual Report.
