**Section 1 Registrant's Business and Operations**

**Item 1.01 Entry into a Material Definitive Agreement**

KeyCorp is a party to an employment agreement with Henry Meyer, its Chairman, Chief Executive Officer, and President. On February 15, 2005, the employment agreement was amended to (i) reflect that long term incentive compensation may include performance shares, (ii) reflect that for purposes of each long term incentive award to Mr. Meyer, if he retires between the ages of 55 and 65 with the consent of the Compensation Committee of the KeyCorp Board of Directors, a pro rata portion of the long term incentive award will vest, subject, however, to fulfillment of any performance test, (iii) add a provision addressing compliance with Section 409A of the Internal Revenue Code regarding deferral of compensation, (iv) delete a provision addressing deferral of compensation under certain circumstances arising under Section 162(m) of the Internal Revenue Code, (v) limit Mr. Meyer's post-employment benefits concerning paid attendance at KeyCorp's Annual Shareholders Meeting, certain club dues, and tax preparation assistance, and specify a five-year term for office space and secretarial support at KeyCorp facilities, and (vi) make conforming changes relating to the foregoing. A copy of the amended employment agreement is attached as Exhibit 10.1.

On February 15, 2005, the Compensation Committee of the KeyCorp Board of Directors (the Committee) established performance goals for 2005 awards under the KeyCorp Annual Incentive Plan and awarded restricted stock and performance shares under the KeyCorp 2005-2007 Long Term Incentive Program.

The Committee determined that individual awards under the Annual Incentive Plan would be based on three performance goals, and it assigned a weight to each factor. The three performance goals are economic profit added, earnings per share, and return on equity. Awards under the Annual Incentive Plan are made to officers of KeyCorp other than the Chief Executive Officer and his direct reports who receive awards under the KeyCorp Annual Performance Plan. The overall performance goal under the Annual Performance Plan is based on KeyCorp's total revenue, but, like awards under the Annual Incentive Plan, individual awards are based on economic profit added, earnings per share, and return on equity.

Under KeyCorp's 2005-2007 Long Term Incentive Program, the Chief Executive Officer and his direct reports received awards of one-half performance based restricted stock and one-half performance shares, payable in cash, all of which vest three years from the date of grant to the extent that performance goals set forth in the awards are met. The performance goals are based on economic profit added, earnings per share, and return on equity. Each factor has a defined cumulative three-year threshold, target, and maximum performance goal. Under the Long Term Incentive Program, other officers receive a combination of time-lapsed restricted stock and performance based restricted stock whose terms are identical to the performance based restricted stock received by the Chief Executive Officer and his direct reports. Forms of the two types of Award Agreement are attached hereto as Exhibits 10.2 and 10.3.
