During 2004, the full Board of Directors held seven meetings. The Company's Board of Directors established a process whereby shareholders may send communications to the board. That process is set forth in the Policy for Shareholder Communications with Board Members, a copy of which is attached as Exhibit A.

The Audit Committee of the board currently consists of Messrs. Moylan, Constantino, and Gould, all of whom are independent as defined under SEC and NASDAQ rules. The Audit Committee, which met eleven times during the year, appoints and oversees the work of the Company's independent accountants, as well as oversees that the Corporation has maintained and established processes for reliable accounting policies and financial reporting and disclosure, and such other duties as more particularly set forth in its Charter, a copy of which is attached as Exhibit B. The board has determined that the Company does not have an Audit Committee Financial Expert, as that term is defined by SEC rules, serving on the Audit Committee. However, the members of the board have reviewed the criteria necessary to be named an Audit Committee Financial Expert and believe that the Audit Committee members collectively possess such attributes. Furthermore, the board has determined that each member of the Audit Committee possesses the financial expertise necessary to review and analyze the Company's financial statements and to fulfill their other duties in accordance with the terms of the Audit Committee Charter.

The Compensation Committee of the board currently consists of Messrs. Constantino, Moylan, and Reilly, all of whom are independent as defined by NASDAQ rules. The Compensation Committee, which met ten times during the year, reviews and sets compensation for the Chief Executive Officer (CEO), all other executive officers of the Company and members of the Company's Board of Directors, establishes compensation, incentive and benefit plans for the CEO and all other executive officers and directors of the Company and approves payments under such incentive plans, as well as such other duties as set forth in its Charter, a copy of which is attached as Exhibit C

The Nominating Committee consists of all members of the board who are independent as defined by NASDAQ rules. Currently, those individuals are Messrs. Scielzo, Constantino, Gould, Moylan, and Reilly. The Nominating Committee, which met three times during the year, identifies the slate of director nominees for election to the Company's board, recommends candidates to fill vacancies occurring between annual shareholder meetings, and otherwise establishes and oversees the process for nominations for election to the Company's Board, in accordance with applicable laws and rules, as well as such other duties as set forth in its Charter, a copy of which is attached as Exhibit D. The Nominating Committee has adopted a policy with regard to the consideration of any director candidates recommended by shareholders, a copy of which is attached as Exhibit E.

The Nominating Committee will consider candidates recommended by shareholders and the procedures to be followed by shareholders in submitting such recommendations is set forth in the policy attached as Exhibit E. The Nominating Committee continually seeks to identify qualified candidates for nomination to the Company's board, however it has not established any formal procedure in that regard. All candidates identified as potential nominees for election to the board, whether identified by a shareholder or otherwise, are evaluated in the same manner. Although neither the board nor the Nominating Committee has established any minimum qualifications for director nominees, any potential nominee must have sufficient experience, knowledge, ability and time to fulfill the obligations of a member of the Company's board.

The Company encourages all directors to attend annual meetings, but has not established any formal policy with respect to such attendance. All members of the Company's board attended last year's annual meeting. During 2004, all directors nominated for re-election attended no less than 90% of all meetings of the Board of Directors and all meetings of any board committee upon which he served.

Audit Committee Report.

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of the Company's accounting functions and policies, internal controls, and the selection and oversight of the Company's independent accountants, and providing laws, regulations and policies relating to the Company's accounting and reporting practices, and the quality and integrity of the Company's financial reports. The Audit Committee is currently composed of three directors, Messrs. Moylan, Constantino, and Gould, each of who is independent and meets the requirements of the National Association of Securities Dealers. The Audit Committee operates under a written charter approved by the Board of Directors, a copy of which is attached as Exhibit B.

Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company's independent auditors are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the Company and we may not be, and we may not represent ourselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and

applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with accounting principles generally accepted in the United States, that the audit of our Company's financial statements has been carried out

Table of Contents

in accordance with generally accepted auditing standards or that our Company's independent accountants are in fact independent.

In this context, the Audit Committee reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2004. The Audit Committee also met with representatives of the Company's auditors to discuss and review the results of the independent auditors' examination of the financial statements for the year ended December 31, 2004 and the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee reviewed with management and representatives of the Company's auditors each 10-Q report prior to its filing with the SEC.

The Audit Committee has also received from the Company's auditors the written disclosures required pursuant to the Independence Standards Board Standard No. 1 (Independent Discussions with Audit Committees) addressing all relationships between the auditors and the Company that might bear on the auditors' independence and has discussed the same with representatives of the Company's auditors.

Based upon the Audit Committee's discussions with management and the independent auditors, and the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, to be filed with the SEC.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee of the Board (the Compensation Committee) sets compensation levels for the Chief Executive Officer and all other officers and directors of the Company, establishes compensation and incentive plans for officers and approves payments under such incentive plans. The Compensation Committee is composed of three independent, non-employee directors who have no interlocking relationships as defined by the SEC. For 2004, these three directors were Messrs. Gould, Reilly and Scielzo.

The Compensation Committee's compensation policies are designed to attract and retain highly skilled executives and directors, reward outstanding individual performance, encourage cooperative team efforts and provide an incentive to enhance long term stockholder value. The Company's executive officer compensation program consists of base salary, annual contingent bonus compensation, long-term stock options and retirement benefits tied to age and years of service.

In establishing salaries for the Company's Chief Executive Officer, other officers and directors, consideration is given to salary ranges for comparable positions in similar size companies. Data for such comparisons is obtained from nationwide surveys conducted by independent compensation consulting firms and from reviewing other companies compensation information included in their proxy statements. As a result of basing compensation in part on overall performance of the Company, in any particular year the Company's executives may be paid more or less than the average executive compensation levels of comparably sized companies.

In setting salaries within competitive ranges, the Compensation Committee considers performance related factors including the Company's overall results during the past year and its performance relative to a budgeted plan or stated objectives. Consideration also is given to an individual's contribution to the Company and the accomplishments of departments for which that officer has management responsibility. Potential for future contributions to the Company is also taken into account for all officers.

The Company has a bonus compensation plan for officers and middle management, other than the Chief Executive Officer. Under this plan, the Compensation Committee each year establishes a schedule for calculating aggregate incentive compensation based upon the Company's performance against targets for net income before tax. The total plan award is allocated to the managers by the Chief Executive Officer and the Compensation Committee through a combination of objective formulas based upon salaries and subjective performance related considerations.

The Compensation Committee is responsible for selecting the recipients of stock options, establishing the timing of grants, and setting the option exercise price within the terms of the Option Plan. The Compensation Committee considers the recommendations of the Chief Executive Officer with respect to officers in this regard. Stock options are viewed as a long-term incentive for officers and a means to more closely align the interests of officers with those of stockholders.

Directors' Stock Options. In 2004 and for a number of years prior, each outside director received each year an option to purchase 10,000 shares of the Common Stock at a price based upon the closing price of the Common Stock on the last trading day of the prior year. As well, in 2004, each outside director received a one-time option grant to acquire 30,000 shares of the Company's common stock which vest ratably over a three-year period, at a price based upon the closing price on the date of grant. A similar one-time grant will be made to any new directors of the Company in the future. The purpose of that grant is to retain (and in the case of new directors, attract) highly skilled individuals and encourage cooperative team efforts, while providing an incentive to enhance long term stockholder value. The option price of director's grants are 100% of the closing price of the Common Stock on the applicable date if an incentive stock option and 85% of such closing price if a non-qualified option. In addition, outside directors receive \$1,000 for each board meeting attended in person and \$200 for each meeting attended by telephone conference. Commencing in 2005, in lieu of the annual grant of options previously approved by the Board of Directors, each outside director will receive an annual retainer of \$10,000, payable quarterly, in addition to fees for each meeting attended. In 2005, the Board of Directors has adopted a Directors' Deferred Compensation Plan, pursuant to which a director may elect to defer any portion of the annual retainer and meetings' fees. Deferred amounts, until paid pursuant to the plan, will earn interest quarterly at the same rate as the Company earns on its invested cash during the same period.

Common Stock Performance Comparison

The following graph shows a five-year comparison of cumulative total returns for owners of the Common Stock compared to an Index for NASDAQ stocks and the NASDAQ Telecommunications Index based upon year-end closing prices including a closing price on December 31, 2004 of \$0.85 per share for the Common Stock.

Certain Relationships and Related Transactions

- (1) The Company has an employment agreement with Mr. Mazzella. See Employment Agreement above.
- (2) Pursuant to Board of Director approval, the remaining principal and interest payable on a loan, in the amount of \$106,218, by the Corporation to the President and Chief Executive Officer, David G. Mazzella, was forgiven. The loan made in 1997, and due in 2002, was specifically for the purchase of Common Stock of the Corporation. In forgiving the loan, the Board of Directors acknowledged that over the past several years, and currently, the President and Chief Executive Officer had (i) voluntarily reduced his annual salary and otherwise waived the economic value of several benefits to which he was entitled to under his Employment Agreement, and (ii) provided outstanding leadership during a period of downturn and uncertainty in the telecommunications industry. Mr. Mazzella received tax reimbursement payments in 2003 and 2004 to cover Mr. Mazzella's income tax obligation as a result of the forgiveness of the loan. See Executive Compensation above.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has appointed Rotenberg & Co. LLP as independent auditors for the fiscal year ending December 31, 2005. Rotenberg & Co. LLP acted as the independent auditors for the fiscal year ending December 31, 2004. Deloitte and Touche LLP acted as the independent auditors for the Company for the fiscal years ended December 31, 2002 and 2003. Representatives of Rotenberg & Co. LLP are expected to be present at the Meeting. They will be available to respond to appropriate questions and will have an opportunity to make a statement if they so desire.

Although the appointment of independent auditors is not required to be submitted to a vote by stockholders, the Audit Committee believes as a matter of policy that it is appropriate that the stockholders ratify the Board's appointment. If the stockholders should not ratify the appointment of Rotenberg & Co. LLP, the Audit Committee will consider other certified public accountants for appointment.

Audit Fees. During fiscal years 2004 and 2003, the aggregate fees billed to the Company by its independent auditors were \$61,200 and \$75,270, respectively for the annual audit of the financial statements and review of the financial statements included in the Company's quarterly reports on Form 10-Q.

Financial Information Systems Design and Implementation Fees. Our independent auditors did not render information technology services to us during the fiscal year ending December 31, 2004.

Tax Fees. The aggregate fees billed by its independent auditors for professional services rendered to us during fiscal years 2004 and 2003, other than the audit services referred to above, were \$7,200 and \$7,264, respectively, all of which was for tax preparation and tax consulting fees.

The Audit Committee of the Board of Directors has considered whether provision of the non-audit related services described above is compatible with maintaining the independent accountants' independence and has determined that those services have not adversely affected Rotenberg & Co. LLP's independence.

It is the Audit Committee's policy, as reflected in its Charter, to pre-approve all audit and non-audit services performed by the Company's independent auditors. Following a presentation by management to the Audit Committee describing the types of services to be performed in connection with, and the projected budget for, a particular engagement, the Audit Committee informs management whether it approves the engagement and the budget.

would not only violate Company policy but could also be a criminal offense. State and local governments, as well as foreign governments, may have similar rules. Your supervisor or the Company's legal counsel can provide guidance to you in this area.

Licensed Third Party Software. Unauthorized duplication of copyrighted computer software violates the law and is contrary to the Company's standards of conduct. The Company disapproves of such copying and recognizes the following principles as a basis for preventing its occurrences:

- .. The Company will neither engage in nor tolerate the making or using of unauthorized software copies under any circumstances.
- .. The Company will provide legally acquired software to meet its legitimate software needs in a timely fashion and in sufficient quantities for all of the Company's computers.
- .. The Company will comply with all license or purchase terms regulating the use of any software the Company acquires or uses.
- .. The Company will enforce strong internal controls to prevent the making or using of unauthorized software copies, including effective measures to verify compliance with these standards and appropriate disciplinary measures for violation of these standards.

It is the Company's policy that third party developed software may be used to conduct Company business only if it is (i) authorized and licensed for use by the Company; or (ii) is in the public domain and available for use without royalty by the Company. This policy applies to all Company employees and to all contractors working on the Company's premises or computers.

All software licensed for Company use must be ordered through the Company's purchasing department or approved in writing in advance. Employees will not be reimbursed for software purchased or obtained through other channels.

3. Conflicts Of Interest. All employees, officer and directors of the Company should be scrupulous in avoiding a conflict of interest with regard to the Company's interests. A conflict of interest exists whenever an individual's private interest interferes or conflicts in any way (or even appear to interfere or conflict) with the interest of the Company. A conflict situation can arise when an employee, officer or director takes actions or has interests that make it difficult to perform his or her Company work objectively and effectively. Conflict of interest may also arise when an employee, officer or director, or members of his or her family, receives improper personal benefits as a result of his or her position in the Company, whether received from the Company or a third party. Loans to, or guarantees of obligations of, employees, officers and directors and their respective family members may create conflicts of interest. Federal Law prohibits loans to directors and executive officers under certain circumstances.

The purpose of business entertainment and gifts in a commercial setting is to create good will and sound working relationships, not to gain unfair advantage with customers. No gift or entertainment should be offered, given, provided or accepted by any Company employee, family member or an employee or agent unless it: (a) is not a cash gift, (b) is consistent with customary business practices, (c) is not excessive in value, (d) cannot be construed as a bribe or payoff; and (e) does not violate any laws or regulations. Please discuss with your supervisor or the Company's legal counsel any gifts or proposed gifts which you are not certain are appropriate.

It is almost always a conflict of interest for a Company employee to work simultaneously for a competitor, customer or supplier. You are not allowed to work for a competitor, as a consultant or board member. The best policy is to avoid any direct or indirect business connection with the Company's customers, suppliers or competitors, except on the Company's behalf.

Conflicts of interest are prohibited as a matter of Company policy, except under guidelines approved by the Board of Directors or committees of the Board. Conflicts of interest may not always be clear-cut, so if you have a question, you should consult with your supervisor or the Company's legal counsel.
