Item 1.01. Entry into a Material Definitive Agreement.

On November 17, 2005, Cooper Tire & Rubber Company, a Delaware corporation (the Company), approved acceleration of the vesting of certain unvested and out-of-the-money stock options outstanding under the Company's equity incentive plans that have exercise prices per share of \$14.62 or higher. Options to purchase 1,767,741 shares of the Company's common stock became exercisable immediately. Options held by directors and executive officers were included in the vesting acceleration. Under the recently revised Financial Accounting Standards Board Statement No. 123, Share-Based Payment, the Company will apply the expense recognition provisions relating to stock options beginning in the first quarter of 2006. Subject to certain assumptions, including the continued employment of the affected optionees, as a result of the acceleration, the Company expects to reduce the stock option expense it otherwise would be required to record by approximately \$1,584,830 in 2006, \$1,220,476 in 2007, \$563,871 in 2008 and \$67,115 in 2009 on an after-tax basis.
