We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2005 and the changes in net assets available for plan benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Contributions**

Eligible employees may elect to contribute any whole percent from 1% to 50% of earnings, including wages, bonuses, commissions, overtime and vacation pay into the Plan. In addition, the Plan permits catch-up contributions by participants who have attained age 50 by December 31 of each year subject to certain limitations under the Internal Revenue Code. In 2005 and 2004, the maximum deferral contribution amount was \$14,000 and \$13,000, respectively.

Participating employees may elect to have their contributions invested in any of the funds available for employees at the time of their contributions. Employees may transfer amounts attributable to employee contributions from one fund to the other on a daily basis. Employees may suspend their contributions at any time effective immediately.

The Board of Directors of the Company determines the matching percent used as the employer contributions for each year. For both 2004 and 2005, employer matching contributions were suspended. Any participant who has a vested interest in the Goodyear Stock Fund attributable to matching employer contributions (or a beneficiary with respect to any such participant) may elect at any time to transfer all or a portion of the vested interest to another investment fund.

Plan Withdrawals and Distributions**

Participants may withdraw vested amounts from their accounts if they:
Attain the age of 59^{1/2}, or

Qualify for a financial hardship.

The Internal Revenue Service (IRS) issued guidelines governing financial hardship. Under the IRS guidelines, withdrawals are permitted for severe financial hardship. Contributions to the Plan are suspended for 6 months subsequent to a financial hardship withdrawal.

Participant vested amounts are payable upon retirement, death or other termination of employment. For terminated participants with vested amounts less than \$1,000, such amounts are automatically distributed to the participant. For amounts greater than \$1,000, but less than \$5,000, such amounts are rolled into a qualified IRA on behalf of the participant.

All withdrawals and distributions are valued as of the end of the month they are processed, and are subject to federal income tax upon receipt. Any non-vested Company contributions are forfeited and applied to reduce future contributions by the Company. For the December 31, 2005 and 2004 Plan years, the Plan had no forfeiture credits.

Participant Loans

Eligible employees may borrow money from their participant accounts. The minimum amount to be borrowed is \$1,000. The maximum amount to be borrowed is the lesser of \$50,000 reduced by the highest outstanding balance of any loan during the preceding twelve month period, or 50% of the participant's vested account balance. Participants may have up to two loans outstanding at any time. The interest rate charged will be a fixed rate that will be established at the time of the loan application based on prime rate plus one (8.25% and 6.25% at December 31, 2005 and 2004, respectively).

Loan repayments, with interest, are made through payroll deductions for a period of up to 54 months. If a loan is not repaid when due, the loan balance is treated as a taxable distribution from the Plan. Loan fees are paid out of the participant's account balance.

Rollovers

Employees, Plan participants, or former Plan participants may transfer eligible cash distributions from any other employer sponsored plan qualified under Section 401 of the Internal Revenue Code into the Plan by a direct transfer from such other plan.

Expenses**

During 2005, expenses of administering the Plan were paid partly by the Company and partly by the Commingled Trust. The payment of Trustee's fees and brokerage commissions associated with the Goodyear Stock Fund are paid by the Company. Expenses related to the asset management of the investment funds, and recordkeeping services are paid from such Funds which reduce the investment return reported and credited to participant accounts.

During 2004, administrative and investments expenses, other than loan fees, were borne by the Company.

The JPMorgan Personal Asset Manager Program was made available to participants as of August 1, 2005. This program provides personalized portfolio management for participants who wish to delegate investment decisions about fund choices within the Plan to a professional manager. Participation in the program is paid solely by those participants electing to enroll. The expenses reduce the investment return reported and credited to participant accounts.

Termination Provisions

The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to discontinue the Plan. In the event of termination, the obligation of the Company to make further contributions ceases. All participants' accounts would then be fully vested with respect to Company contributions.

3. PARTY-IN-INTEREST TRANSACTIONS:

The Trustee serves as the fund manager of the S&P 500 Index Stock Equity Fund.

As of August 1, 2005, JP Morgan serves as the recordkeeper for the Plan and serves as the fund manager for the US Active Large Capitalization Value Fund and the EAFE Plus Fund.

The Goodyear Stock Fund is designed primarily for investment in common stock of The Goodyear Tire & Rubber Company, the majority owner of the Company.

4. TAX STATUS OF PLAN:

The Internal Revenue Service has determined and informed the Company by a letter dated October 6, 2005 that the Plan is qualified and the trust established for the Plan is exempt from Federal Income Tax under the appropriate Sections of the Internal Revenue Code.
