The Internet Notice contains instructions on how to access those documents over the Internet or request that a full set of printed materials be sent to you. The Internet Notice also gives instructions on how to vote your shares.

We look forward to seeing you at the Annual Meeting.

Sincerely,

PROXY STATEMENT

For the Annual Meeting of Shareholders
To be held June 21, 2010

OVERVIEW

Solicitation

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of ZAGG Incorporated, a Nevada corporation (the "Company" or "ZAGG"), for use in connection with the Annual Meeting of the Company's Shareholders to be held on June 21, 2010 (the "Meeting"). This Proxy Statement, the accompanying Notice of Annual Meeting, proxy card and the Company's 2009 Annual Report on Form 10-K, or alternatively a Notice of Internet Availability of Proxy Materials (the "Internet Notice"), were mailed on or about May 3, 2010. The Board is soliciting your proxy in an effort to give all shareholders of record the opportunity to vote on matters that will be presented at the Meeting. This Proxy Statement provides you with information on these matters to assist you in voting your shares.

What is a proxy?

A proxy is your legal designation of another person to vote on your behalf. You are giving the individuals appointed by the Board as proxies (Robert G. Pedersen II and Brandon T. O'Brien) the authority to vote your shares in the manner you indicate.

Why did I receive more than one notice?

You may receive multiple notices if you hold your shares in different ways (e.g., joint tenancy, trusts, custodial accounts) or in multiple accounts. If your shares are held by a broker (i.e., in "street name"), you will receive your notice or other voting information from your broker. In any case, you should vote for each notice you receive.

Voting Information

Who is qualified to vote?

You are qualified to receive notice of and to vote at the Meeting if you owned shares of common stock of ZAGG Incorporated (the "Common Stock") at the close of business on the record date of Thursday, April 22, 2010.

How many shares of Common Stock may vote at the Meeting?

As of April 22, 2010, there were 21,732,612 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter presented at the Meeting.

What is the difference between a "shareholder of record" and a "street name" holder?

If your shares are registered directly in your name with Empire Stock Transfer, the Company's transfer agent, you are a "shareholder of record." If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a "street name" holder.

How can I vote at the Meeting?

You may vote in person by attending the Meeting. You may also vote electronically over the Internet, or by fax, or you may request a complete set of traditional proxy materials and vote your proxy by mail. To vote your proxy using the Internet or fax, see the instructions on the proxy form and the Internet Notice and have the proxy form available when you access the Internet website. To vote your proxy by mail, mark your vote on the enclosed proxy card, then follow the instructions on the card.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

- Proposal 1 — FOR the election of all four nominees for director with terms expiring at the next annual meeting of the Company's shareholders.
- Proposal 2 — FOR the ratification of the appointment of Hansen, Barnett & Maxwell, P.C., as the Company's independent registered public accounting firm (independent auditors) for the year ending December 31, 2010.

What are my choices when voting?

- Proposal 1 — You may cast your vote in favor of up to four individual directors. You may vote for fewer than four directors if you choose. You may also abstain from voting.
- Proposal 2 — You may cast your vote in favor of or against the proposal, or you may abstain from voting.

How will my shares be voted if I do not specify how they should be voted?

If you sign and return your proxy without indicating how you want your shares to be voted, the proxies appointed by the Board will vote your shares as follows:

Proposal 1 — FOR the election of all four nominees for director with terms expiring at the next annual meeting of the Company's shareholders.

Proposal 2 — FOR the ratification of the appointment of Hansen, Barnett & Maxwell, P.C. as the Company's independent registered public accounting firm (independent auditors) for the year ending December 31, 2010.

How will withheld votes, abstentions and broker non-votes be treated?

Withheld votes, abstentions and broker non-votes will be deemed as "present" at the Meeting, and will be counted for quorum purposes only.

Can I change my vote?

You may revoke your proxy before the time of voting at the Meeting in any of the following ways:

- by mailing a revised proxy to the Secretary of the Company;
- by changing your vote on the Internet website;
 - by faxing a revised proxy card; or
 - by voting in person at the Meeting.

What vote will be required to approve each proposal?

Proposal 1 provides that the four nominees with the most votes will be elected as directors of the Company.

Proposal 2 requires the affirmative vote of a majority of those shareholders present in person or represented by proxy and entitled to vote at the Meeting.

Who will count the votes?

Representatives from Empire Stock Transfer, the Company's transfer agent, or other individuals designated by the Board, will count the votes and serve as inspectors of election. The inspectors of election will be present at the Meeting.

Who will pay the cost of this proxy solicitation?

The Company will pay the costs of soliciting proxies. Upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of the Common Stock.

Is this Proxy Statement the only way proxies are being solicited for use at the Meeting?

Yes. The Company does not intend to employ any other methods of solicitation.

How are proxy materials being delivered?

The Company is pleased to take advantage of U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, the Company is mailing to most of its shareholders a Notice of Internet Availability of Proxy Materials (the "Internet Notice") instead of a paper copy of the Proxy Statement and the Company's 2009 Annual Report on Form 10-K. The Internet Notice contains instructions on how to access those documents over the Internet. The Internet Notice also contains instructions on how to request a paper copy of the Company's proxy materials, including the Proxy Statement, 2009 Annual Report on Form 10-K and a form of proxy card or voting instruction card. All shareholders who do not receive an Internet Notice will receive a paper copy of the proxy materials by mail. The Company believes this new process will allow it to provide its shareholders with the information they need in a more efficient manner, while reducing the environmental impact and lowering the costs of printing and distributing these proxy materials.

NO PERSONS HAVE BEEN AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS OTHER THAN THOSE CONTAINED IN THIS PROXY STATEMENT IN CONNECTION WITH THE SOLICITATION OF PROXIES MADE HEREBY, AND, IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY ZAGG INCORPORATED OR ANY OTHER PERSON.

We have taken active steps during the last fiscal year to improve our corporate governance because we believe that it leads to long-term value for our shareholders and, ultimately, makes us more competitive. In the past year, we have taken the following steps, among others, to strengthen our governance practices:

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating director nominees. The Nominating and Corporate Governance Committee assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through various means, including current directors, shareholder recommendations or other referrals. COMPENSATION DISCUSSION AND ANALYSIS

The following narrative compensation discussion and analysis provides information regarding the Company's executive compensation objectives, principles, practices and decisions as they relate to the following named executive officers of the Company (the "Named Executives"):

- Robert G. Pedersen II, Chairman of the Board and Chief Executive Officer of the Company (the "CEO")
- Brandon T. O'Brien, Chief Financial Officer of the Company (the "CFO")

The compensation discussion and analysis provides narrative perspective to the tables and disclosure in the tables following this section.

Compensation Objectives and Principles

The overall objective of the Company's executive compensation programs is to create long-term value for the Company's shareholders, by attracting and retaining talented executives that manage the Company effectively. The executive compensation programs are also designed with the objective of aligning the Named Executives' compensation with the best interests of the Company's shareholders.

Accordingly, the Company's executive compensation program incorporates the following principles:

- The overall compensation package should encourage long-term focus and shareholder value creation.
- Compensation should be competitive with other companies of comparable size, in order to attract and retain talented executives.
 - Compensation should be based upon individual responsibility, leadership ability, and experience.
 - Compensation should reflect the fair market value of the services received.

Executive Compensation Procedures

To attain the Company's executive compensation objectives and implement the underlying compensation principles, the Company intends to follow the procedures described below for fiscal 2010.

Role of the Committee. The Compensation Committee has responsibility for establishing and monitoring the Company's executive compensation programs and for making decisions regarding the compensation of the Named Executives. The Compensation Committee will recommend the compensation package of the Chief Executive to the Company's Board of Directors, which then sets the Chief Executive's compensation. The Compensation Committee will also review the recommendations of the Chief Executive with respect to compensation of the other Named Executive, and after reviewing such recommendations, will set the compensation of the other Named Executive. The Compensation Committee will also monitor, administer and approve awards under the Company's various incentive compensation plans for all levels within the Company, including awards under the Company's 2007 Stock Incentive Plan.

After reviewing the performance of the Company and evaluating the Named Executives' performance against established goals, leadership ability, Company responsibilities and current compensation arrangements, the Compensation Committee will rely on its judgment in making compensation decisions.

Role of Consultants. To date, neither the Company nor the Compensation Committee has had any contractual arrangement with any compensation consultant for determining the amount or particular form of any Named Executive's compensation. If it chooses to hire outside compensation consultants, the Compensation Committee will have the sole authority to hire and fire such consultants.

No Employment and Severance Agreements. The Named Executives do not have employment, severance or change-in-control agreements, although unvested options and restricted stock may become vested upon a change in control of the Company. The Named Executives serve at the will of the Company's Board of Directors, which enables the Company to terminate the employment of any Named Executive, with discretion as to the terms of any severance.

Elements of Compensation

The Company's executive compensation objectives and principles are implemented through the use of the following principal elements of compensation, each discussed more fully below:

- Salary
- Annual bonus
- Restricted stock and/or stock option grants

Salary. Salary is provided with the objective of paying for the underlying role and responsibility associated with the executive's position, which the Compensation Committee believes allows the Company to attract and retain qualified executives. The Named Executives' salaries are set at levels that the Compensation Committee believes are generally competitive with the compensation paid to officers in similar positions at companies of similar size. Salary adjustments are considered annually and influenced by the growth of the Company's operations, individual performance, changes in responsibility, changes in cost of living and other factors the Compensation Committee considers relevant.

The salaries of the Named Executives are set forth in the Summary Compensation Table set forth immediately following this section.

Annual Bonus. As of the date of this Proxy Statement, the Compensation Committee was in the process of developing an annual performance-based bonus plan for the Named Executives. The underlying purpose of the Company's bonus plan is to reward the Named Executives with an annual bonus in an amount that correlates in substantial part to the net income results of the Company or its operating subsidiaries for the year in question. The Compensation Committee believes net income is a key measure of the financial health of the Company, and reflects the Company's development of shareholder value.

To date, all annual bonus payments have been discretionary payments.

The combination of salary and annual bonuses is intended to result in a cash compensation package for each Named Executive that falls within competitive market standards when the Company meets the performance objectives.

Long-Term Awards. Discretionary long-term awards, in the form of stock options and/or restricted stock are granted to the Named Executives annually. The long-term grants are made to encourage the Named Executives to continue their engagement with the Company throughout the vesting periods of the awards to align management and shareholder interests. The Compensation Committee generally grants long-term awards at its first meeting of each year. In granting stock options and restricted stock to the Named Executives, the Compensation Committee also considers the impact of the grant on the Company's financial performance, as determined in accordance with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718, Stock Compensation ("ASC Topic 718"). For long-term awards, the Company records expense in accordance with ASC Topic 718. The amount of expense the Company records pursuant to ASC Topic 718 may vary from the corresponding compensation value used by the Company in determining the amount of the awards.

Stock Options. Options are granted with an exercise price equal to the closing price per share on the date of grant and vest over three years after the date of grant, or on an intervening change of control of the Company if earlier. Grants to date have been on a discretionary basis. As of the date of this Proxy Statement, the Compensation Committee was developing a systematic approach to the option grants for the Named Executives.

Restricted Stock. In 2009, the Company also granted shares of restricted stock to the CFO. The restricted stock was granted pursuant to a 240,000 share grant to the CFO contained in the original employment offer to the CFO. Under the terms of the offer agreement, the CFO is to receive quarterly grants of 20,000 shares of restricted stock until 240,000 shares have been granted, contingent on the CFO's continued employment with the Company. During 2009, 80,000 shares of restricted stock were granted under this agreement. As of December 31, 2009, 20,000 remain issuable under the agreement.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the foregoing compensation discussion and analysis and discussed with the Company's management the information set forth herein. Based on such review and discussions with management, the Compensation Committee recommended to the Board that the foregoing compensation discussion and analysis be included in this Proxy Statement.

OPTION EXERCISES AND STOCK VESTED

Stock options exercised and restricted shares that vested for the Named Executives during the fiscal year ended December 31, 2009, are outlined below.

(a) Name	Option Awards		Stock Awards	
	(b) Number of Shares Acquired On Exercise (#)	(c) Value Realized on Exercise (\$)	(d) Number of Shares Acquired on Vesting (#)	(e) Value Realized on Vesting (\$)(1)
Robert G. Pedersen II	—	—	—	\$ —
Brandon T. O'Brien	—	—	80,000	\$ 282,800

(1) The dollar amounts shown in column (e) above for stock awards are determined by multiplying the number of shares that vested (column (d)) by the closing price of common stock on the vesting date.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The information below describes and quantifies certain payments or benefits that would be payable under the existing plans and programs of the Company and its subsidiaries if a Named Executive's employment had terminated on December 31, 2009, or the Company had undergone a change in control on December 31, 2009. These benefits are in addition to benefits generally available to all salaried employees of the Company in connection with a termination of employment, such as disability and life insurance benefits and the value of employee-paid group health plan continuation coverage under the Consolidated Omnibus Reconciliation Act, or "COBRA." The Named Executives do not have any other severance benefits, severance agreements or change-in-control agreements, except as may be determined in the sole discretion of the Board.

Accelerated Vesting of Stock Options and Stock Awards Upon Change In Control. Under the Company's 2007 Stock Incentive Plan, all outstanding stock options and shares of restricted stock held by a Named Executive on December 31, 2009, would have become fully vested upon a "change in control" without regard to whether the Named Executive terminated employment in connection with or following the change in control. The Company's 2007 Stock Incentive Plan generally defines a "change in control" as any of the following events: (i) the acquisition by any person of 50% or more of the Company's voting shares, (ii) replacement of a majority of the Company's directors within a two-year period under certain conditions, or (iii) shareholder approval of (a) a merger in which the Company is not the surviving entity, (b) the sale of substantially all of the Company's assets or (c) liquidation. The following table shows for each Named Executive the intrinsic value of his unvested stock options and restricted stock awards as of December 31, 2009 that would have been accelerated had a change in control of the Company occurred on that date, calculated by multiplying the number of underlying shares by the closing price of the Common Stock on the last trading day of 2009 (\$3.92 per share) and, in the case of stock options, by then subtracting the applicable option exercise price:

Name	Early Vesting of Stock Options	Early Vesting of Restricted Stock
Robert G. Pedersen II	\$386,354	\$—
Brandon T. O'Brien	\$270,399	\$—

If a change in control with respect to the Company results in acceleration of vesting of a Named Executive's otherwise unvested stock options and other stock awards, and if the value of such acceleration exceeds three times the Named Executive's average W-2 compensation with the Company for the five taxable years preceding the year of the change in control (the "Base Period Amount"), the acceleration would result in an excess parachute payment under Internal Revenue Code Section 280G. A Named Executive would be subject to a 20% excise tax on any such excess parachute payment, and the Company would be unable to deduct the amount of the excess parachute payment for tax purposes. The Company has not agreed to provide its Named Executives with any gross-up or reimbursement for excise taxes imposed on excess parachute payments.

In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company, as well as the skill level required by the Company of its directors.

The Company has granted stock options to its non-employee directors concurrent with their appointment to the Board.

Additionally, the Chairman of the Audit Committee had separate discussions regularly with the CFO and representatives of Hansen and the Company's legal counsel.

Does the Audit Committee review the periodic reports and other public financial disclosures of the Company?

The Audit Committee reviews each of the Company's quarterly and annual reports, including Management's Discussion and Analysis of Financial Condition and Results of Operations. As part of this review, the Audit Committee discusses the reports with the Company's management and independent registered public accounting firm and considers the audit and review reports prepared by the independent registered public accounting firm about the Company's quarterly and annual reports, as well as related matters such as the quality (and not just the acceptability) of the Company's accounting practices, alternative methods of accounting under generally accepted accounting principles in the United States ("GAAP") and the preferences of the independent registered public accounting firm in this regard, the Company's critical accounting policies and the clarity and completeness of the Company's financial and other disclosures.

Did the Audit Committee play any role in connection with the Company's report on internal control?

The Audit Committee reviewed management's report on internal control over financial reporting, required under Section 404 of the Sarbanes Oxley Act of 2002 and related rules, which was included in our 2009 Annual Report on Form 10-K. As part of this review, the Audit Committee reviewed the bases for management's conclusions in that report, and also reviewed the report of the independent registered public accounting firm on internal control over financial reporting. Throughout the year ended December 31, 2009, the Audit Committee reviewed management's plan for documenting and testing controls, the results of their documentation and testing, any deficiencies discovered and the resulting remediation of any such deficiencies.

What is the role of the Audit Committee in connection with the financial statements and controls of the Company?

Management of the Company has primary responsibility for the Company's financial statements and internal control over the Company's financial reporting. The independent registered public accounting firm has responsibility for the integrated audit of the Company's financial statements and internal control over financial reporting. The responsibility of the Audit Committee is to oversee financial and control matters, among other responsibilities fulfilled by the Audit Committee under its charter. The Audit Committee meets regularly with representatives of Hansen, without the presence of management, to ensure candid and constructive discussions about the Company's compliance with accounting standards and best practices among public companies comparable in size and scope to the Company. The Audit Committee also regularly reviews with its outside advisors material developments in the law and accounting literature that may be pertinent to the Company's accounting financial reporting practices.

Does the Audit Committee have any policy-making responsibility?

From time to time, the Audit Committee establishes certain policies as required by the rules of the Securities and Exchange Commission and the listing standards of The Nasdaq Global Market. The Audit Committee has concluded that Hansen is independent from the Company and its management.

Has the Audit Committee made a recommendation regarding the audited financial statements for the year ended December 31, 2009?

Based upon its review and the discussions with management and the Company's independent registered public accounting firm, the Audit Committee recommended to the Board that the audited consolidated financial statements for the Company be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009.

The Audit Committee has reviewed and discussed the fees paid to Hansen during the year ended December 31, 2009 for audit, audit related, tax and other services, which are set forth above under "Fees Paid to Independent Registered Public Accounting Firm." Because the Company did not pay to Hansen any fees for non-audit services during the years ended December 31, 2009, the Audit Committee was not required to assess whether Hansen's delivery of non-audit services is compatible with Hansen's independence.

What is the Company's policy regarding the retention of the Company's independent registered public accounting firm?

The Audit Committee has adopted a policy regarding the retention of the independent registered public accounting firm that requires pre-approval of all services by the Audit Committee or the Chairman of the Audit Committee. When services are pre-approved by the Chairman of the Audit Committee, notice of such approvals is given to the other members of the Audit Committee and presented to the full Audit Committee at its next scheduled meeting.
