PROXY STATEMENT

This Proxy Statement is furnished to the Shareholders of Charles & Colvard, Ltd. (the "Company") in connection with the solicitation of proxies, by the Board of Directors of the Company, for use at the 2002 Annual Meeting of the Shareholders of the Company (the "Annual Meeting") to be held at the Sheraton Imperial Hotel, 4700 Emperor Boulevard, Durham, North Carolina, on Monday, May 20, 2002 at 10:00 A.M., Eastern Daylight Savings Time, and all adjournments thereof. This Proxy Statement and the accompanying proxy card are being mailed on or about April 16, 2002.

Voting Securities

The Company's common stock, no par value per share (the "Common Stock"), is the only outstanding voting security of the Company. The Board of Directors has fixed the close of business on March 28, 2002 as the record date (the "Record Date") for the determination of shareholders entitled to vote at the Annual Meeting. Accordingly, each holder of record of Common Stock as of the Record Date is entitled to one vote for each share of Common Stock held. As of February 28, 2002, there were 13,371,714 shares of Common Stock outstanding.

Voting Procedures

The holders of a majority of the shares of Common Stock entitled to vote at the Annual Meeting, present in person or represented by proxy, constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is present at the beginning of the Annual Meeting, the shareholders may continue to transact business until adjournment, notwithstanding the withdrawal of enough shareholders to leave less than a quorum. Abstentions, shares that are withheld as to voting with respect to one or more of the director nominees and shares held by a broker, as nominee, that are voted at the discretion of the broker on any matter will be considered to be present for purposes of determining whether a quorum exists.

Under North Carolina law, directors are elected by a plurality of the votes cast by the shares of Common Stock present in person or by proxy and entitled to vote in the election of directors. Shares that are withheld as to voting with respect to a director nominee and shares held of record by a broker, as nominee, that are not voted will not be counted for purposes of electing directors. Under the Company's Bylaws, the proposal to ratify the appointment of independent auditors for the year ending December 31, 2002 will be approved if the number of shares voted in favor of the proposal exceeds the number of shares voted against the proposal. Abstentions and shares held of record by a broker, as nominee, that are not voted on such proposal will not affect the outcome of such proposal.

Voting of Proxies

The shares represented by the accompanying proxy card and entitled to vote will be voted if the proxy card is properly signed and received by the Secretary of the Company prior to the Annual Meeting. Where a choice is specified on any proxy card as to the vote on any matter to come before the Annual Meeting, the proxy will be voted in accordance with such specification.

Edgar Filing: CHARLES & COLVARD LTD - Form DEF 14A

Where no choice is specified, the proxy will be voted for the election of the persons nominated to serve as the directors of the Company and named in this Proxy Statement, for the proposal to ratify the appointment of Deloitte & Touche LLP as independent auditors for the year ending December 31, 2002 and in such manner as the persons named on the enclosed proxy card in their discretion determine upon such other business as may properly come before the Annual Meeting or any adjournment thereof. Any shareholder giving a proxy has the right to revoke it at any time before it is voted by giving written notice to the Secretary of the Company, by attending the Annual Meeting and giving notice of his or her intention to vote in person or by executing and delivering to the Company a proxy bearing a later date.

Expenses of Solicitation

The Company will bear the entire cost of the solicitation of proxies from its shareholders. Following the mailing of this Proxy Statement and the accompanying proxy card, the directors, officers and employees of the Company may solicit proxies on behalf of the Company in person, by telephone or by other electronic means. The Company may reimburse persons holding shares for others in their names or in those of their nominees for their reasonable expenses in sending proxy material to their principals and obtaining their proxies.

PROPOSAL 1 ELECTION OF DIRECTORS

The business and affairs of the Company are managed under the direction of the Board of Directors, as provided by North Carolina law and the Company's Bylaws. The Board of Directors establishes corporate policies and strategies and supervises the implementation and execution of those policies and strategies by the Company's officers and employees. The Bylaws of the Company provide that the Board of Directors shall consist of one or more members and at any time that it consists of nine or more members the terms shall be staggered. Under North Carolina law, the Company cannot have staggered director terms unless it has at least nine Directors. Accordingly, newly elected Directors will serve one year terms.

None of the members of the Compensation Committee during 2001 has ever served as an officer or employee of the Company. No interlocking relationships exist between the Company's Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company, nor has any such interlocking relationship existed in the past. COMPENSATION COMMITTEE REPORT

This report has been prepared to describe the Company's executive compensation policies and the basis for the compensation earned by the Named Officers, during the year ended December 31, 2001.

General. The Compensation Committee of the Board of Directors was established in October 1997. The Compensation Committee is authorized to determine the cash and non-cash compensation of each officer, salaried employee and consultant of the Company, other than members of the Board of Directors, to establish and administer the Company's insurance and benefits plans and to administer the Company's stock option plans. The Compensation Committee also recommends for review and approval by the full Board of Directors the cash and non-cash compensation (including stock options and awards) to be paid to each member of the Board of Directors who serves as an officer, employee or consultant of the Company. The Compensation Committee is composed of Mr. O'Brien, Mr. Paulson, Dr. Russ and Mr. Thornton.

Edgar Filing: CHARLES & COLVARD LTD - Form DEF 14A

Objectives and Philosophies. The Compensation Committee employs compensation practices designed to (i) attract and retain qualified executives, (ii) align the interests of executives with the long-term interests of the Company's shareholders and (iii) motivate executives to achieve targeted objectives. In furtherance of these goals, base salaries are generally evaluated annually to ensure that executives are compensated at levels that take into account both competitive and performance factors. The Company also relies to a substantial degree on stock options to attract and motivate its executives. Generally, compensation arrangements for executive officers consist of base salary, annual incentive plan, stock option grants and other benefits available to other employees of the Company.

Cash Compensation. The Committee determines the base salary of the chief executive officer and reviews and approves base salaries for the Company's other executive officers annually. In adjusting salaries, the Committee examines both qualitative and quantitative factors relating to corporate and individual performance. The qualitative factors in general involve a subjective assessment by the Committee. The Committee does not base its considerations on any single performance factor, nor does it apply any formulaic relationship between the Company's performance and salary levels. Instead it considers a variety of factors and evaluates individual performance against those factors both in absolute terms and in relation to the competitive market for executives in similar positions. The Committee also relies on the evaluations and recommendations of Mr. Thomas, who has served as President of the Company since 1998, in approving salary adjustments for other executive officers.

Equity Incentives. The Company utilizes stock options granted under the Company's 1996 Stock Option Plan and 1997 Omnibus Plan, which are administered by the Compensation Committee, to align shareholder and management interests by giving executive officers a substantial economic stake in long-term appreciation of the Company's stock. Since the Company's initial public offering in 1997, all options granted under the plan have been awarded with exercise prices set not less than the market value of the underlying stock on the grant date. Generally, option grants are awarded with a ten-year term and are subject to vesting over three years.

The Compensation Committee takes into account all factors it deems appropriate in reviewing proposed option grants to executive officers, including the officer's position and level of responsibility, the officer's existing unvested option holdings, the potential reward to the officer if the stock price appreciates and the competitiveness of the officer's overall compensation arrangements, including stock options. Outstanding performance by an individual may also be taken into consideration. Option grants are often made to new executives upon commencement of employment and, on occasion, to executives in connection with a significant change in job responsibility. The Compensation Committee relies on Mr. Thomas's evaluations and recommendations in approving option grants to other executive officers. Based on the factors described above, during fiscal 2001 the Committee recommended, and the Board of Directors approved, grants to executive officers of options to purchase an aggregate of 115,000 shares of Common Stock.

Annual Incentive Plan. In May 2001 the Board of Directors adopted the 2001 Executive Compensation Plan. This plan offers key employees of the Company incentive awards in the form of cash payments, and/or stock option grants based upon the Company's attainment of certain performance goals. In 2002, the Company made \$42,000 in cash payments and granted 91,000 stock options based on the 2001 Plan.

Chief Executive Officer Compensation. Mr. Thomas's cash compensation level was established in 1998 in connection with the negotiation of the terms of his employment with the Company. The Committee made an adjustment in Mr. Thomas's salary in May 2001 increasing it from \$125,000 to \$160,000 to more

closely match market conditions. In 2001, the Company adopted the 2001 Executive Compensation Plan. This plan offers key employees of the Company incentive awards in the form of cash payments, and/or stock option grants based upon the Company's attainment of certain performance goals.

This Report is submitted by the Compensation Committee.

The Company's peer group primarily consists of gemstone or jewelry manufacturers that sell their products directly to retail jewelers. While these companies have been selected on the basis of the similarities between their businesses and the business of the Company, the Company, unlike the members of the peer group, manufactures and sells a patented lab-created jewel that is not currently available from other sources. The Company therefore believes that comparisons between the Company and the peer group may not accurately and

reliably reflect the relative performance of the Company.

Type of Service -----	Amount of Fee -----

All Other Fees	\$ 32,000
