Item 5. Other Events.

On July 26, 2002, Scios, Inc. issued a press release which is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

On July 25, 2002, Scios Inc. (NASDAQ: SCIO) announced its financial results for the second quarter and six months ended June 30, 2002.

Second quarter 2002 net revenues were \$23.0 million compared to \$5.2 million in the second quarter of 2001. This increase was primarily due to Natrecor sales.

Total operating costs and expenses for the second quarter of 2002 were \$44.3 million compared to \$23.4 million in the second quarter of 2001. The increase in costs and expenses was largely attributable to building a marketing and sales infrastructure for Natrecor, clinical development of the p38 kinase inhibitor program and preclinical development of the TGF-beta program.

Net loss for the quarter was \$22.5 million, or \$0.48 per diluted share, compared to a net loss of \$18.3 million, or \$0.46 per diluted share, for the same period last year. Per share amounts were based on 46.5 million weighted average diluted shares in the second quarter of 2002, compared to 40.1 million weighted average diluted shares in the same quarter last year.

Cash, cash equivalents and marketable securities (both current and non-current) balances at June 30, 2002 were \$101.3 million.

Net revenues for the first six months of 2002 were \$39.5 million compared to \$17.2 million in the same period last year. The increase was primarily due to Natrecor sales of \$37.9 million. Total operating costs and expenses in the six-month period were \$84.8 million, compared to \$39.3 million for the year-ago period. The six months period ended June 30, 2001 included \$12.5 million of revenues, inclusive of a \$9.4 million gain on the sale of marketing rights from the Psychiatric Sales and Marketing Division that was discontinued in March 2001. The company reported a net loss of \$47.7 million in the first six months of 2002, or \$1.03 per diluted share, compared to a \$22.5 million net loss, or \$0.57 per diluted share, in the same period last year.
