PROPOSAL ONE ELECTION OF DIRECTORS

Our Board of Directors has nominated each of Judith H. Henkels, Eugene E. Becker, J. French Hill, Kent H. Webb, Nicholas J. Zaffiris, Kenneth S. George and Robert E. Jones (each, a "Nominee" or, collectively, "Nominees") for election as a director for a term expiring in 2005 or until her or his successor is elected and qualified or until his earlier death, resignation or removal. For information about each Nominee, see "Directors."

The persons named as proxies in the accompanying Proxy, who have been designated by our Board, intend to vote, unless otherwise instructed in the Proxy, for the election of Ms. Henkels and Messrs. Becker, Hill, Zaffiris, George and Jones. Should any Nominee become unable for any reason to stand for election as a director, it is intended that the persons named in the Proxy will vote for the election of another person as our Board may recommend. We know of no reason why the Nominees will be unavailable or unable to serve.

Required Affirmative Vote

The affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy at the Annual Meeting and entitled to vote, is required for the election of a Nominee. An abstention from voting and broker non-votes will be tabulated as a vote withheld on the election, but will be included in computing the number of shares present for purposes of determining the presence of a quorum for the Annual Meeting and whether a nominee has received the required majority vote.

Recommendation of Our Board of Directors

Our Board of Directors recommends a vote "FOR" the election of Judith H. Henkels, Eugene E. Becker, J. French Hill, Nicholas J. Zaffiris, Kenneth S. George and Robert E. Jones to our Board. We will vote your proxy accordingly unless you specify a contrary choice.

Information Concerning the Board of Directors

Each nominee, other than Robert E. Jones, currently serves as a member of our Board of Directors. During 2003, our Board of Directors held four meetings and took action three times through unanimous approval of a written record and memorandum of action in lieu of meeting. All of the directors were present at the meetings, other than Mr. George, who failed to attend one meeting.

Our Board maintains four standing committees: Audit, Compensation, Governance and Nominating, and Medical Committee. The Compensation Committee and Audit Committee were established in 1999 and the Corporate Governance Committee and Medical Committee were established in 2003. In 2004, the Corporate Governance Committee became the Governance and Nominating Committee by action of the Board. All committees report on their activities to our Board and serve at the pleasure of our Board. The specific duties for each committee are set forth in the charter of the committee that in the case of the Audit Committee is attached as Appendix A and in the case of the Governance and Nominating Committee is attached as Appendix B, and in the case of the Compensation Committee is available on the Precis web site at www.precis-pcis.com.

REPORT OF AUDIT COMMITTEE

The Audit Committee monitors the integrity of our financial statements, the independence and qualifications of the independent auditors, our compliance with legal and regulatory requirements and the effectiveness of our internal controls. The Audit Committee is also responsible for retaining, evaluating, and, if appropriate, recommending the termination of our independent auditors. Our independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements with accounting principles generally accepted in the United States.

Our Board of Directors has determined that J. French Hill, one of our Directors and member and Chairman of the Audit Committee, qualifies as a "financial expert." This determination was based upon Mr. Hill's

understanding of generally accepted accounting principles and financial statements;

ability to assess the general application of generally accepted accounting principles in connection with the accounting for estimates, accruals and reserves;

experience preparing, auditing, analyzing or evaluating financial statements that present the breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements, or experience actively supervising one or more persons engaged in such activities;

understanding of internal controls and procedures for financial reporting; and

understanding of Audit Committee functions.

Mr. Hill's experience and qualification as a financial expert were acquired through his extensive background in financial analysis, investment banking, finance and commercial banking. He has also participated in the preparation of financial statements and registration statements filed with the Securities and Exchange Commission. Mr. Hill also currently serves on two other audit committees of companies that are not publicly-held where he has oversight responsibility of the financial statements and works with the internal accountants and external auditors or audit and accounting matters.

In the performance of its functions, our Audit Committee

reviewed and discussed the audited consolidated financial statements for 2003 with our Board of Directors,

received the written disclosures and the letter from our independent accountants required by Independence Standards Board Standard No. 1 and discussed with the independent accountants their independence, and

Edgar Filing: PRECIS INC - Form DEF 14A

recommended to our Board of Directors that the audited financial statements as of and for the year ended December 31, 2003 be included in our annual report on Form 10-K for filing with the Securities and Exchange Commission.

Our review with the independent auditors included a discussion of the auditor's judgments as to the quality, not just the acceptability, of our accounting principles and other matters as are to be discussed with the Audit Committee under Statement of Auditing Standards No. 61. No matters described within the scope of Statement on Auditing Standards 61 arose during 2003 that required discussion with our independent auditors. The Audit Committee also discussed with the independent auditors their independence from our management members, including disclosures received by the Audit Committee in accordance with the requirements of the Independent Standards Board and us. Furthermore, the Audit Committee considered whether the non-financial statement audit services provided by our independent auditors affected their independence. The Audit Committee will discuss with our independent auditors the overall scope and plans of their audit for 2004.

Each member of the Audit Committee is an "independent director" within the meaning of Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers, Inc. The Audit Committee's written charter is attached to this Proxy Statement as Appendix A. During 2003, our Audit Committee formally met six (6) times and Mr. Hill, the Chairman of the Audit Committee and designated financial expert, met with the auditors by telephone or in person on a quarterly basis to discuss our quarterly financial statements. Our Audit Committee met with our Board of Directors four (4) times during 2003.

Fees for Independent Auditors

Change of Independent Public Accountants. Effective June 19, 2003, our Board of Directors, upon the recommendation of the Audit Committee, dismissed Murrell, Hall, McIntosh & Co., PLLP as our independent public accountants. On the same date, upon the recommendation and approval of the Audit Committee, our Board of Directors engaged BDO Seidman, LLP as our independent public accountants for 2003.

The audit reports of Murrell, Hall, McIntosh & Co., PLLP reports on our 2000, 2001 and 2002 consolidated financial statements contained no adverse opinion or disclaimer of opinion and were not qualified or modified, as to uncertainty, audit scope, or accounting principles.

There were no disagreements with Murrell, Hall, McIntosh & Co., PLLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which disagreements, if not resolved to the satisfaction of Murrell, Hall, McIntosh & Co., PLLP would have caused it to make reference to the subject matter of the disagreements in connection with its reports. Also, there was no occurrence of a reportable event under Item 304(a)(1)(v) of Regulation S-K or Item 304 of Regulation S-B respecting the years ended December 31, 2000, 2001 and 2002 and the interim period through May 14, 2003.

We provided Murrell, Hall, McIntosh & Co., PLLP with a copy of the foregoing disclosures. By copy of a letter dated June 19, 2003, Murrell, Hall, McIntosh & Co., PLLP stated its agreement with such statements.

During 2000, 2001 and 2002 and the subsequent interim period through May 14, 2003, we had not previously consulted with BDO Seidman, LLP on items that (i) concerned the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements or (ii) concerning any subject matter of a disagreement or reportable event with Murrell, Hall, McIntosh & Co., PLLP.

During 2003, Murrell, Hall McIntosh & Co. PLLP rendered professional services to us in connection with, among other things, the review of the unaudited financial statements included in our Quarterly Reports on Form 10-Q for the three months ended March 31, 2003, filed with the Securities

and Exchange Commission on May 14, 2003. During 2003, BDO Seidman, LLP rendered professional services to us in connection with, among other things, the audit of our annual financial statements for the years ended December 31, 2003 and 2002 and reviews of the unaudited financial statements included in our Quarter Reports on Form 10-Q for each of the three months ended June 30 and September 30, 2003, filed with the Securities and Exchange Commission on August 13 and November 13, 2003, respectively.

Audit Fees. Total audit fees for 2003 and 2002 were \$107,500 and \$68,000, respectively. The aggregate audit fees included fees billed for the audit of our annual financial statements and for reviews of our financial statements included in our Quarterly Reports on Form 10-Q. For 2003, total audit fees include billings for the completion of the 2003 audit after year-end.

Audit-Related Fees. The aggregate fees billed for audit-related services for the 2003 were \$4,738. These fees consisted primarily of services rendered in consultations and reviews of filings with the SEC. We were not billed for any audit-related fees in 2002.

Tax Fees. The aggregate fees billed for tax services for the years ended December 31, 2003, and 2002 were \$36,667 and \$27,675, respectively. During the years ended December 31, 2003 and 2002, tax services included fees for tax compliance and consulting services related to our annual federal and state tax returns. During the year ended December 31, 2002, tax services included tax-consulting services related to the common stock issued to our independent marketing representatives during 2002.

All Other Fees. We were not billed for any other accounting services.

In reliance on the review and discussions referred to above, the Audit Committee recommended to our Board of Directors, and the Board approved, that the audited financial statements for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission. The Audit Committee selected BDO Seidman LLP as our independent public accountants for 2004. Representatives of BDO Seidman LLP will be present at the Annual Meeting of Shareholders and will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from shareholders attending the meeting.

Audit Committee Pre-Approval Procedures. Rules and regulations of the Securities and Exchange Commission implemented in accordance with the requirements of Sarbanes-Oxley Act of 2002 require audit committees of companies reporting under and pursuant to the Securities Exchange Act of 1934 to pre-approve audit and non-audit services. Our Audit Committee follows procedures pursuant to which audit, audit-related and tax services, and all permissible non-audit services, are pre-approved by category of service. During a year circumstances may arise that require engagement of the independent public accountants for additional services not contemplated in the original pre-approval. In those instances, we still obtain the specific pre-approval of our Audit Committee before engaging our independent public accountants. The procedures require our Audit Committee to be informed of each service, and the procedures do not include any delegation of our Audit Committee's responsibilities to management. Our Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom this authority is delegated will report any pre-approval decisions to our Audit Committee at its next scheduled meeting.

For 2003, all of the audit-related fees, tax fees and all other fees were pre-approved by our Audit Committee or the Chairman of the Audit committee pursuant to delegated authority.

Report of the Compensation Committee on Executive Compensation

Our Compensation Committee reviews and approves compensation and benefits policies and objectives, determines whether our executive officers, directors and employees are compensated according to these objectives, and carries out the responsibilities of our Board of Directors relating to the compensation of our executive officers. The Compensation Committee held three meetings with our Board of Directors during 2003. The primary goal of our Compensation Committee in setting executive officer compensation in 2003 were (i) to provide a competitive compensation package that would enable us to attract and retain key executives and (ii) to align the interests of our executive officers with those of our shareholders and also with our performance.

Compensation of our executive officers in 2003 was comprised primarily of salary, bonus and long-term awards under our equity compensation plans. In an effort to ensure the continued competitiveness of our executive compensation policies, the Committee, in setting base salaries and bonuses and making annual and long-term incentive awards, considered the prior levels of executive compensation, the compensation paid to executive of our competitors, the terms of previous employment agreements.

The Committee's intent in setting salaries was and is to establish competitive rates. The annual and long-term incentive portions of an executive's compensation are intended to achieve the Committee's goal of aligning any executive's interests with those of our shareholders and with our performance. These portions of an executive's compensation are placed at risk and are linked to the effect our operating results have on the market price of our common stock and effectively are designed (in the near- and long-term) to benefit our shareholders through increased value in the event favorable operating results are achieved, while not increasing executive compensation costs in the event favorable operating results are not achieved. As a result, during years of favorable operating results our executives are provided the opportunity to participate in the increase in the market value of our common stock, much like our shareholders. Conversely, in years of less favorable operating results, the compensation of our executives may be below competitive levels. Generally, higher-level executive officers have a greater level of their compensation placed at risk.

Base Salaries. The base salaries of our executive officers in 2003 were established and based upon the results of operations achieved during 2002, the negotiated salary levels at commencement of employment with us and, with respect to Judith H. Henkels and Bobby R. Rhodes, their entitlement to bonus compensation under former employment agreements. In August 2003, the employment agreements with Ms. Henkels and Mr. Rhodes were amended and restated to in part eliminate their rights potentially to receive as much as 15% of our earnings before interest and taxes in 2003 and to confirm their agreement to waive receipt of this bonus right in 2001 and 2002. However, as part of the negotiation of the amended and restated employment agreements, we agreed to raise the salaries of Ms. Henkels and Mr. Rhodes to a level that was competitive within our industry. The 2003 base salary amounts for our most highly compensated executive officers are shown in the salary column of the Summary Compensation Table appearing on page 11 and the accompanying footnotes.

Long-Term Equity Compensation Plan Grants. Stock option grants with respect to 2002 and 2003 performance were made under our 1999 Stock Option Plan to 30 employees, including our executive officers. This Plan provides for the grant of stock options, with or without stock appreciation rights. The stock options granted in 2003 were without stock appreciation rights and have exercise prices equal to or higher than the fair market value of our common stock on the date of grant. Because the options were granted with an exercise price equal to (or, in the case of Ms. Henkels, 10% greater than) the market value of our common stock at the time of grant, they provide no value unless our stock price exceeds the option exercise price. These stock options are accordingly tied to the stock price appreciation in our common stock value at the time of grant, rewarding the executives and other employees as if they share in the ownership of our common stock like our shareholders. The number of shares subject to options granted to each executive officer was determined based upon the expected

value of our common stock and our historical practice of granting stock options to our executive officers and directors.

Chief Executive Officer Compensation. The 2003 compensation received by Ms. Henkels consisted of the same components as the compensation of our other executive officers. Ms. Henkels' 2003 salary was increased from \$160,000 to \$180,000 on August 1, 2003 pursuant to amendment and restatement of her employment agreement. During 2003 Ms. Henkels received \$174,065 in salary. Under the terms of her employment agreement, Ms. Henkels' salary is to be review for possible increase effective as of January 1 of each year, based upon factors considered by our Compensation Committee and Board of Directors. One of the conditions of amendment and restatement of Ms. Henkels' employment agreement and waiver of her right with Bobby R. Rhodes to receive annual bonuses of approximately 15% of our earnings before interest and taxes (which would have been approximately \$959,000 in 2003), Ms. Henkels' base salary in 2004 was to be increased to a level competitive with that of other chief executive officers in our industry. Consideration was also given to Ms. Henkels' prior experience, demonstrated leadership and entrepreneur skills and position within the healthcare savings industry. Based upon these factors the Committee granted Ms. Henkels stock options exercisable for the purchase of 10,000 common stock shares at \$5.78 (110% of the closing sale price of our common stock on the date of grant).

Other Benefits. Virtually all of our employees, including executive officers, are eligible to participate in our 401(k) plan and health insurance plan. Participation in these plans is offered and available on a non-discriminatory basis.

Conclusion. The Compensation Committee believes that our executive compensation arrangements and plans serve our best interests and those of our shareholders. The Committee takes very seriously its responsibilities respecting setting and determining the compensation arrangements with our executive officers. Accordingly, the Committee continues to monitor and revise the compensation arrangements and may formulate other plans and arrangements as necessary to ensure that our compensation system continues to meet our needs and those of our shareholders.

Governance and Nominating Committee

The Governance and Nominating Committee is responsible for monitoring and overseeing to the Board a set of corporate governance principles, including the evaluation of Board performance and selecting, evaluating, and recommending to the Board qualified candidates for election or appointment to the Board. The Governance and Nominating Committee was formed in 2004 as a combination of two previously existing committees. The Governance and Nominating Committee's written charter is attached to this Proxy Statement as Appendix B.

Governance Guidelines and Code of Ethics. Our Board of Directors has long had in place goods standards of corporate conduct and governance. In January 2003, our Board formalized these standards and adopted our code of ethics to ensure compliance with the Sarbanes-Oxley Act of 2002 and the listing standards of The Nasdaq Stock Market, Inc. Our code of ethics applies to all of our employees and directors, including our principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions. The Governance and Nominating Committee and our Board will continue to evaluate their roles and responsibilities with respect to Sarbanes-Oxley and the governance requirements of The Nasdaq Stock Market, Inc. A copy of the portion of our code of ethics, including that portion applicable to our principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar

functions may be obtained by written request addressed to Eliseo Ruiz, III, Corporate Secretary, Precis, Inc., 2040 North Highway 360, Grand Prairie, Texas 75050 and is available on our web site at www.precis-pcis.com under the heading "Investor Relations."

Our Board of Directors currently consists of six members, five of whom qualify as independent within the meaning of the listing standards of The Nasdaq Stock Market, Inc. The Board determined that each member of the Board, other than Judith H. Henkels and nominee director Robert E. Jones, qualify as independent directors. Ms. Henkels does not qualify because of her employment with us and common stock ownership. Mr. Jones does not qualify because of his recent affiliation with National Center for Employment of the Disabled, from whom we acquired Access HealthSource, Inc. in June 2004.

Communications with Our Board. Shareholders desiring to communicate with members of our Board, including independent directors individually or as a group, may send correspondence to them in care of Eliseo Ruiz, III, Corporate Secretary, Precis, Inc., 2040 North Highway 360, Grand Prairie, Texas 75050. We currently do not intend to have our Corporate Secretary screen this correspondence, but we may change this policy if directed by our Board due to the nature and volume of the correspondence.

We encourage each of our Board members to attend the Annual Meeting and the directors are expected to attend whenever reasonably possible. All Board members attended our Annual Meeting of Shareholders in 2003.

Shareholder Nominations for Directors. Under existing rules of the Securities and Exchange Commission, if a shareholder intends to nominate director candidates for election at an annual meeting of shareholders, the shareholder must present the proposal not less than 90 days prior to the meeting to be considered. The proposal must set forth certain information concerning the proposing shareholder and the nominee, including the nominee's name and address, a representation that the proposing shareholder is entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to nominate the person specified in the notice, a description of all arrangements or understandings between the proposing shareholder and the nominee and any other person pursuant to which the nomination is to be made by the proposing shareholder, the other information that would be required to be included in a proxy statement soliciting proxies for the election of the nominee and the consent of the nominee to serve as a director if elected. The chairman of the annual meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

In considering individuals for nomination as directors, the Corporate Governance and Nominating Committee typically solicits recommendations from our current directors and may engage third-party advisors to assist in the identification and evaluation of candidates. The Committee has not established specific minimum qualities or skills that the Committee believes are necessary for one or more directors to possess. Instead, in evaluating potential candidates and incumbent directors for reelection, the Committee considers numerous factors, including judgment, skill, independence, integrity, experience with business and other organizations of comparable size, the interplay of the candidate's experience with other Board members, experience as an officer or director of another publicly-held company, understanding of management trends in general or in our industry, expertise in financial accounting and corporate finance, ability to bring diversity to the member group, community or civic service, knowledge or expertise not currently on the Board, shareholder perception, and to the extent that the candidate would be a desirable addition to the Board and any committee of the Board. No particular weight is given to one factor over another on a general basis, but rather the factors are weighted in relationship to the perceived needs of the Board at the time of nominee selection. The Committee will evaluate candidates recommended or properly proposed by our shareholders on the same basis as the Committee evaluates other candidates.

Of these options, 35,000 became exercisable on March 15, 2004. As a result of Mr. Eliopoulos' recent employment termination, stock options exercisable for the purchase of 75,000 common stock shares were forfeited.

On August 25, 2003, Kenneth S. George was granted stock options exercisable for the purchase of 25,000 shares at \$5.25 per share.

Edgar Filing: PRECIS INC - Form DEF 14A

On August 25, 2003, each of Eugene E. Becker and Nicholas J. Zaffiris was granted stock options exercisable for the purchase of 10,000 shares at \$5.25 per share.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, officers, and persons who own more than 10% of our common stock or other registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than 10% shareholders are required to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of the forms we received covering purchase and sale transactions in our common stock during 2003, we believe that each person who, at any time during 2003, was a director, executive officer, or beneficial owner of more than 10% of our common stock complied with all Section 16(a) filing requirements during 2002, except as follows: Kent Webb failed timely to report a purchase transaction and David May, formerly one of our executives, failed timely to report a purchase transaction.

The closing sale price of our common stock as reported on the Nasdaq SmallCap Market on December 31, 2003 was \$3.88. The per-share value is calculated based on the applicable closing sale price per share, minus the exercise price, multiplied by the number of shares of common stock underlying the options.

EQUITY COMPENSATION PLANS

1999 STOCK OPTION PLAN. For the benefit of our employees, directors and consultants, we have adopted the Precis Smart Card Systems, Inc. 1999 Stock Option Plan (the "stock option plan" or the "plan"). The plan provides for the issuance of options intended to qualify as incentive stock options for federal income tax purposes to our employees and non-employees, including employees who also serve as our directors. Qualification of the grant of options under the plan as incentive stock options for federal income tax purposes is not a condition of the grant and failure to so qualify does not affect the ability to exercise the stock options. The number of shares of common stock authorized and reserved for issuance under the plan is 1,400,000.

Our board of directors administers and interprets the plan (unless delegated to a committee) and has authority to grant options to all eligible participants and determine the types of options granted, the terms, restrictions and conditions of the options at the time of grant.

The exercise price of options may not be less than 85% of the fair market value of our common stock on the date of grant of the option and to qualify as an incentive stock option may not be less than the fair market value of common stock on the date of the grant of the incentive stock option. Upon the exercise of an option, the exercise price must be paid in full, in cash, in our common stock (at the fair market value thereof) or a combination thereof.

Options qualifying as incentive stock options are exercisable only by an optionee during the period ending three months after the optionee ceases to be our employee, a director, or non-employee service provider. However, in the event of death or disability of the optionee, the incentive stock options are exercisable for one year following death or disability. In any event options may not be exercised beyond the expiration date of the options. Options may be granted to our key management employees, directors, key professional employees or key professional non-employee service providers, although options granted non-employee directors do not qualify as incentive stock options. No option may be granted after December 31, 2008. Options are not transferable except by will or by the laws of descent and distribution.

All outstanding options granted under the plan will become fully vested and immediately exercisable if (i) within any 12-month period, we sell an amount of common stock that exceeds 50% of the number of shares of common stock outstanding immediately before the 12-month period or (ii) a "change of control" occurs. For purposes of the plan, a "change of control" is defined as the acquisition in a transaction or series of transactions by any person, entity or group (two or more persons acting as a partnership, limited partnership, syndicate or other group for the purpose of acquiring our securities) of beneficial ownership of 50% or more (or less than 50% as determined by a majority of our directors) of either the then outstanding shares of our common stock or the combined voting power of our then outstanding voting securities.

2002 NON-EMPLOYEE STOCK OPTION PLAN. Effective May 31, 2002 our board of directors approved the Precis, Inc. 2002 Non-Employee Stock Option Plan (the "2002 Stock Option Plan") which was approved by our shareholders on July 29, 2002. Our employees who also serve as our directors are not eligible to receive stock option under this plan. The purpose of the 2002 Stock Option Plan is to strengthen our ability to attract and retain the services of individuals that serve as our non-employee directors, consultants and other advisors that are essential to our long-term growth and financial success and thereby to enhance shareholder value through the grant of stock options. The total number of shares of common stock authorized and reserved for issuance upon exercise of options granted under the 2002 Stock Option Plan is 500,000.

Our Board of Directors administers and interprets the 2002 Stock Option Plan and has authority to grant options to eligible recipients and determine the basis upon which the options are to be granted and the terms, restrictions and conditions of the options at the time of grant. Options granted are

exercisable in such amounts, at such intervals and upon such terms as the option grant provides. The per share purchase price of the common stock under the options is determined by our board of directors; however, the purchase price may not be less than the closing sale price of our common stock on the date of grant of the option. Upon the exercise of an option, the stock purchase price must be paid in full, in cash by check or in our common stock held by the option holder for more than six months or a combination of cash and common stock.

Options granted under the 2002 Stock Option Plan may not under any circumstance be exercised after 10 years from the date of grant and no option may be granted after March 31, 2007. Options are not transferable except by will, by the laws of descent and distribution, by gift or a domestic relations order to a "family member." Family member transfers include transfers to parents (and in-laws) to nieces and nephews (adopted or otherwise) as well as trusts, foundations and other entities principally for their benefit.

2002 IMR STOCK OPTION PLAN. Effective March 15, 2002 our board of directors approved the Precis, Inc. 2002 IMR Stock Option Plan (the "IMR Plan") which was approved by our shareholders on July 29, 2002. The purpose of the IMR Plan is to strengthen our ability to attract and retain independent marketing representatives, to furnish additional incentive to our independent marketing representatives who are significantly responsible for our success, and thereby to enhance shareholder value. The IMR Plan provides for the grant of stock options to our independent marketing representatives. Our employees and directors are not eligible to participate in the IMR Plan. The total number of shares of common stock authorized and reserved for issuance upon exercise of options granted under the IMR Plan is 500,000.

Our board of directors administers and interprets the IMR Plan and has the authority to grant options to all eligible independent marketing representatives, and determine the basis upon which the options are to be granted and the terms, restrictions and conditions of the options at the time of grant. Options granted under the IMR Plan are exercisable in such amounts, at such intervals and upon such terms as the option grant provides. The purchase price of the common stock under the option is determined by our board of directors; however, the purchase price may not be less than the lowest closing sale price of the common stock on the date of grant of the option or during a period of up to three months following grant of the option. Upon the exercise of an option, the stock purchase price must be paid in full.

Options granted under the IMR Plan may not under any circumstance be exercised after five years from the date of grant. Subject to the foregoing, options are exercisable only by independent marketing representatives who are in "good standing" at the time of exercise. To be in good standing, an independent marketing representative must

be in active status at the time of grant and exercise of the option,

maintain his or her membership in Care Entrée program and

comply with our the policies and procedures and the terms and conditions of the independent marketing representative's agreement with us.

Options are not transferable except by will or by the laws of descent and distribution.

On January 29, 2003, our Board voted to discontinue, effective June 1, 2003, any futures stock option grants under the 2002 IMR Stock Option Plan.

DIRECTOR LIABILITY AND INDEMNIFICATION

As permitted by the provisions of the Oklahoma General Corporation Act, our Certificate of Incorporation eliminates the monetary liability of our directors for a breach of their fiduciary duty as directors. However, these provisions do not eliminate our director's liability

for a breach of the director's duty of loyalty to us or our shareholders,

for acts or omissions by a director not in good faith or which involve intentional misconduct or a knowing violation of law,

arising under Section 1053 of the Oklahoma General Corporation Act relating to the declaration of dividends and purchase or redemption of shares in violation of the Oklahoma General Corporation Act, or

for any transaction from which the director derived an improper personal benefit.

In addition, these provisions do not eliminate liability of a director for violations of federal securities laws, nor do they limit our rights or our shareholders rights, in appropriate circumstances, to seek equitable remedies including injunctive or other forms of non-monetary relief. These remedies may not be effective in all cases.

Our bylaws require us to indemnify all of our directors and officers. Under these provisions, when an individual in his or her capacity as an officer or a director is made or threatened to be made a party to any suit or proceeding, the individual may be indemnified if he or she acted in good faith and in a manner reasonably believed to be in or not opposed to our best interest. Our bylaws further provide that this indemnification is not exclusive of any other rights to which the individual may be entitled. Insofar as indemnification for liabilities arising under our bylaws or otherwise may be permitted to our directors and officers, we have been advised that in the opinion of the Securities and Exchange Commission the indemnification is against public policy and is, therefore, unenforceable.

We enter into indemnity and contribution agreements with each of our directors and executive officers. Under these indemnification agreements we have agreed to pay on behalf of the indemnitee, and his or her executors, administrators and heirs, any amount that he or she is or becomes legally obligated to pay because the

indemnitee served as one of our directors or officers, or served as a director, officer, employee or agent of a corporation, partnership, joint venture, trust or other enterprise at our request or

indemnitee was involved in any threatened, pending or completed action, suit or proceeding by us or in our right to procure a judgment in our favor by reason that the indemnitee served as one of our directors or officers, or served as a director, officer, employee or agent of a corporation, partnership, joint venture, trust or other enterprise at our request.

To be entitled to indemnification, indemnitee must have acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to our best interests. In addition, no indemnification is required if the indemnitee is determined to be liable to us unless the court in which the legal proceeding was brought determines that the indemnitee was entitled to indemnification. The costs and expenses covered by these agreements include expenses of investigations, judicial or administrative proceedings or appeals, amounts paid in settlement, attorneys' fees and disbursements, judgments, fines, penalties and expenses of enforcement of the indemnification rights.

We maintain insurance to protect our directors and officers against liability asserted against them in their official capacities for events occurring after June 7, 2001. This insurance protection covers claims and any related defense costs of up to \$5,000,000 with an additional excess of loss of \$10,000,000 based on alleged or actual securities law violations, other than intentional dishonest or fraudulent acts

or omissions, or any willful violation of any statute, rule or law, or claims arising out of any improper profit, remuneration or advantage derived by an insured director or officer.

EMPLOYMENT ARRANGEMENTS AND LACK OF KEYMAN INSURANCE

As of December 31, 2003, we had entered into employment agreements with each of Judith H. Henkels, Dino Eliopoulos and Bobby Rhodes. Each agreement is for a three-year term beginning on August 1, 2003; however, the term is automatically extended for additional one-year terms, unless the employee or we give 30 days' advance notice of termination. These agreements provide, among other things,

an annual base salary of \$180,000 in 2003 for Ms. Henkels, \$140,000 in 2003 for Mr. Eliopoulos, and \$112,000 in 2003 for Mr. Rhodes;

entitlement to fringe benefits including medical and insurance benefits and participation in our 401(k) plan and MSA plan and any other benefit plan we establish; and

limited salary continuation during any period of temporary or permanent disability, illness or incapacity to substantially perform the services required under the agreement or in the event of employee's death.

These agreements require the employee to devote the required time and attention to our business and affairs necessary to carry out her or his responsibilities and duties. The employee may not hold executive positions with other entities or own interests in, manage or otherwise operate other businesses.

Under all of these agreements, "good cause" includes commitment of a felony (excepting any felony traffic offense) or any crime directly related to the employment which causes a substantial detriment to us, actions contrary to our best interest, willful failure to take actions permitted by law and necessary to implement our written policies, continued failure or refusal to attend to duties, or willful misconduct materially injurious to the Company or its subsidiaries.

In entering the employment agreements referenced above, Ms. Henkels and Mr. Rhodes agreed to terminate their prior employment agreements with the Company. In so doing, Ms. Henkels and Mr. Rhodes waived certain rights they may have had, under the prior agreements, to a portion of the Company's earnings before interest and taxes.

Mr. Eliopoulos resigned from his position as our Chief Financial Officer as of July 23, 2004.

As of the date of this proxy statement, we do not maintain any keyman insurance on the life or disability of our executive officers. We will consider on a periodic basis whether we will be required to maintain keyman insurance.

**AUDIT COMMITTEE CHARTER
OF
PRECIS, INC.**

(Amended and Restated January 29, 2003)

The Audit Committee (the "Committee") of the Board of Directors (the "Board") of Precis, Inc. (the "Company") will have the oversight responsibility, authority and specific duties as described below.

COMPOSITION

The Committee will be comprised of three or more directors as determined by the Board. The members of the Committee will meet the independence and experience requirements of the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder by the U.S. Securities and Exchange Commission (the "SEC"), NASDAQ Stock Market, Inc. ("NASDAQ"). The members of the Committee will be elected annually at the meeting of the full Board following the Company's annual shareholders meeting and will be listed in the annual report to shareholders. One of the members will be elected Committee Chair by the Board.

RESPONSIBILITY

The Committee is a part of the Board. The Committee's primary function is to assist the Board in fulfilling and improving its oversight responsibilities with respect to (i) the appointment, compensation, and oversight of the work of the Company's independent accountants (including resolution of disagreements between management and the independent accountants regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; (ii) the annual and quarterly financial information and corporate disclosures to be provided to shareholders and the SEC and the accuracy and reliability of the financial information and disclosures; (iii) the system of internal controls that management has established; and (iv) the internal and external audit process. In addition, the Committee provides a line of communication between the Company's independent accountants, accounting staff, financial management and the Board. The Committee should have a clear understanding with the Board and the independent accountants that the ultimate accountability of the independent accountants is to the Board and the Committee. The independent accountants are required to report directly to the Committee. The Committee will make regular reports to the Board concerning its activities.

While the Committee has the responsibilities and powers set forth in this Charter, the Committee's duties do not include the planning or conduct of audits or determination that the Company's financial statements are in accordance with generally accepted accounting principles. This is the responsibility of the Company's Chief Executive Officer and Chief Financial Officer and independent accountants. Furthermore, unless otherwise authorized and approved by the Board, the Committee's duties do not require the Committee to assure compliance with laws and regulations and the Company's business conduct guidelines.

AUTHORITY

The Committee is granted the authority to investigate any matter or activity involving financial accounting and financial reporting, as well as the internal controls of the Company. In that regard, the Committee will have the authority to approve the retention of external professionals to render advice and counsel in such matters. All employees will be directed to cooperate with respect thereto as

requested by members of the Committee. Furthermore, the Committee is granted the authority to resolve disagreements, if any, between management and the independent accountants.

MEETINGS

The Committee shall meet as frequently as the Committee deems necessary, but not less than four times each year, to carry out its duties and responsibilities. Content of the agenda for each meeting shall be cleared by the Committee Chair. The Committee is to meet in separate executive sessions with the Chief Financial Officer, independent accountants and internal accounting staff at least once each year and more frequently as considered appropriate by the Committee.

ATTENDANCE

Committee members will strive to be present at all meetings, either in person or by telephonic communications. As necessary or desirable, the Committee Chair may request that members of management and representatives of the independent accountants and internal accounting staff be present at Committee meetings.

SPECIFIC DUTIES

In carrying out its oversight responsibilities, the Committee's duties and responsibilities include the following:

1. The selection, appointment, retention and termination of the Company's independent accountants. The Company's independent accountants must be registered with the Public Company Accounting Oversight Board.
2. The administration of the engagements of the Company's independent accountants. In connection with audit, review and attest reports required under the securities laws (which may entail providing comfort letters in connection with securities underwritings or statutory audits for purposes of state regulatory compliance), the Committee shall pre-approve such engagement. The Committee's pre-approval of the audit, review and attest services by the Company's independent accountants may be on a broad basis. With respect to non-audit services, the Committee shall establish pre-approval policies and procedures detailed as to the particular service and designed to safeguard the continued independence of the Company's independent accountants. Non-audit service engagements (i.e., engagements for the providing of services unrelated to the audit, review and attest reports under the securities laws) shall be pre-approved, either:
 - (i) Before the independent accountant is engaged by the Company (or its subsidiary) to render the service, the engagement is approved by the Committee; or
 - (ii) The engagement to render the service is entered into pursuant to pre-approval policies and procedures established by the Committee, provided the Committee is informed of each service.

Notwithstanding the foregoing, the pre-approval requirement may be waived by the Committee with respect to the provision of non-audit services provided:

- (i) the aggregate amount of all the non-audit services provided by the Company's independent accountants constitutes not more than 5% of the total amount of revenues paid by the Company to the independent accountants during the fiscal year in which the non-audit services are provided;
- (ii) the services were not recognized by the Company at the time of the engagement to be non-audit services; and

Edgar Filing: PRECIS INC - Form DEF 14A

(iii)

the services are promptly brought to the attention of the Committee and approved by the Committee prior to the completion of the audit or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant the approval has been delegated by the Committee.

Notwithstanding the foregoing, the independent accountants shall not be permitted to provide and the Committee shall not approve the providing by the Company's independent accountants of the following non-audit services:

The decisions of any member to whom authority is delegated to pre-approve any permissible non-audit activity or service must be presented to the full Committee at its next scheduled meeting. In carrying out its duties, if the Committee approves an audit service within the scope of the engagement of the independent accountants, such audit service shall be deemed to have been pre-approved. The Committee shall cause and the Company shall include in the periodic reports filed with the SEC all non-audit services performed by the Company's independent accountants in accordance with the rules and regulations of the SEC. The Committee shall require the independent accountants to separate its service engagements and fees into the following categories: "audit fees," "audit-related fees," "tax fees" and "all other fees," and with respect to the "audit-related fee" and "all other fees" engagements and fees describe in subcategories the nature of the services to be provided or provided.

3. The negotiation and determination of the compensation to be paid to the Company's independent accountants for audit and the non-audit services. The Committee will review not less than annually with Company's management the compensation arrangement with the independent accountants.

4. Review the Company's management, internal accounting staff and the independent accountants the Company's internal accounting and financial reporting controls. Obtain not less than annually in writing from the independent accountants their letter or letters as to the adequacy of such controls.

5. Review with the Company's management, internal audit and independent accountants significant accounting and reporting principles, practices and procedures applied by the Company in preparing its financial statements. Discuss with the independent accountants their judgments about the quality, not just the acceptability, of the Company's accounting principles used in financial reporting.

6. Receive a report covering each calendar quarter and setting forth the following:

the findings of the Company's Chief Executive Officer, Chief Financial Officer and internal accounting staff regarding their conclusions about the effectiveness of the Company's internal controls based on their evaluation and disclosing

all significant deficiencies in the design or operation of internal controls which could adversely affect the Company's ability to record, process, summarize, and report financial data and the identifying any material weaknesses in internal controls, and

any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls; and

indicating whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of their evaluation, and

any corrective actions with regard to significant deficiencies and material weaknesses.

7. Review the scope and general extent of the independent accountants' annual audit. The Committee's review should include an explanation from the independent accountants of the factors considered by the auditors in determining the audit scope, including the major risk factors. The independent accountants should confirm to the Committee that no limitations have been placed on the scope or nature of their audit procedures.

8. Inquire regarding the independence of the independent accountants and obtain from the independent accountants, at least annually, a formal written statement delineating all relationships between the independent accountants and the Company as contemplated by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*.

9. Establish a predetermined arrangement with the independent accountants that they will report orally or in writing to the Committee before filing of the audit report with the SEC pursuant to the securities laws the following:

- (i) *Critical accounting policies and practices* The evaluative criteria used by the Company's management in the selection of each "critical accounting estimate" and the selection of initial accounting policies shall be reported and provided to the Committee. A "critical accounting estimate" is an accounting estimate recognized in the financial statements (A) that requires the Company to make assumptions about matters that are highly uncertain at the time the accounting estimate is made and (B) for which different estimates that the Company reasonably could have used in the reporting period, or changes in the accounting estimate that are reasonably likely to occur from period to period, would have a material impact on the presentation of the Company's financial condition, changes in financial condition or results of operations. As part of reporting the "critical accounting estimates" and the selection of initial accounting policies, the Committee and Company's independent accountants shall generally discuss (A) the reasons why certain estimates or policies were or were not considered critical and how current and anticipated future events impact those determinations and (B) an assessment of management's disclosures along with any significant proposed modifications by the independent accountants that were not included.
- (ii) *Alternative accounting treatment* The alternative treatments of financial information within generally accepted accounting principles that have been discussed with management members of the Company, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent accountant shall be reported and provided to the

Edgar Filing: PRECIS INC - Form DEF 14A

Committee. As part of reporting alternative accounting treatment, the Committee and Company's independent accountants shall discuss the recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies.

At a minimum, the report and discussion of specific transactions should identify the underlying facts, financial statement accounts impacted, and applicability of existing accounting policies to the transaction. In addition, if the accounting treatment proposed does not comply with existing accounting policies, or if an existing accounting policy is not applicable, then the report and discussion shall include an explanation of why the existing policy was not appropriate or applicable and the basis for the selection of the alternative policy. Regardless of whether the accounting policy selected preexists or is new, the independent accountants should report and discuss the entire range of alternatives available under generally accepted accounting principles that were discussed by management and the independent accountants, including with the reasons for not selecting those alternatives. If the accounting treatment selected is not the preferred method in the independent accountant's opinion, the reasons why the preferred method was not selected by management must also be discussed.

Discussions between the independent accountants and the Committee regarding general accounting policies must focus on the initial selection of and changes in significant accounting policies and should include the impact of management's judgments and accounting estimates, as well as the independent accountant's judgments about the quality of the Company's accounting principles. The discussion of general accounting policies would include the range of alternatives available under generally accepted accounting principles that were discussed by management and the independent accountants along with the reasons for selecting the chosen policy. If an existing accounting policy is being modified, then the reasons for the change must also be discussed. If the accounting policy selected is not the independent accountant's preferred policy, the discussions must include the reasons why the auditor considered one policy to be preferred but that policy was not selected by management.

(iii)

Other Material Written Communications The independent accountants' decision whether to provide written communications to the Committee is subjective and influenced by auditing standards. The independent accountants are required to critically determine items that must be communicated to the Committee in writing. These items, without limitation, include the following:

Management representation letters;

Reports on observations and recommendations on internal controls;

Schedule of material adjustments and reclassifications proposed, and a listing of adjustments and reclassifications not recorded, if any;

Engagement letters;

Independence letters;

and Reports on financial statements.

The separate discussion of critical accounting policies and estimates shall not be considered a substitute for communications regarding general accounting policies, because the discussion about critical accounting policies and estimates might not encompass any new or changed general accounting policies and estimates. Likewise, the discussion of general accounting policies and estimates is not intended to dilute the reporting and discussion related to critical accounting policies and estimates, because the issues affecting critical accounting policies and estimates, such as sensitivities of assumptions and others, may be tailored specifically to events in the current reporting period, and the

selection of general accounting policies and estimates should consider a broad range of transactions over time.

The Committee shall determine and report to the Board of Directors the "critical accounting estimates" that are most critical to the preparation of the Company's financial statements for the purpose of disclosure in the Management's Discussion and Analysis section of the Company's annual report filed with the SEC.

Also the Committee shall receive from the Company's independent accountants a written confirmation at the end of each of the first, second and third quarters of the year that independent accountants have nothing to report to the Committee, if that is the case, or the written enumeration of required reporting issues.

10. At completion of the annual audit, review with management, internal accounting staff and independent accountants the following:

The annual financial statements and related footnotes and financial information to be included in the Company's annual report to shareholders and in the annual report filed with the SEC.

Results of the audit of the financial statements and the related report thereon and, if applicable, a report on changes during the year in accounting principles and their application.

Significant changes to the audit plan, if any, and any serious disputes or difficulties with management encountered during the audit. Inquire regarding the cooperation received by the independent accountants during the audit, including access to all requested records, data and information. Inquire of the independent accountants whether there were any disagreements with management that, were not satisfactorily resolved, would have caused them to issue a nonstandard report on the Company's financial statements.

Other communications as required to be communicated by the independent accountants by Statement of Auditing Standards ("SAS") 61 as amended by SAS 90 relating to the conduct of the audit. Further, receive a written communication provided by the independent accountants concerning their judgment regarding the quality of the Company's accounting principles, as outlined in SAS 61 as amended by SAS 90, and that they concur with management's representation concerning audit adjustments.

If deemed appropriate after such review and discussion, recommend to the Board that the financial statements be included in the Company's annual report filed with the SEC.

11. Conduct investigations and resolve disagreements, if any, between management and the independent accountants.

12. After preparation by Company's management and review by the internal accounting staff and independent accountants, approve the report required under SEC rules and regulations to be included in the Company's annual proxy statement. This Charter is to be published as an appendix to the Company's proxy statement every three years or following a material amendment of this Charter.

13. Discuss with the independent accountants the quality of the Company's financial and accounting personnel. Also, elicit the comments of the Company's management regarding the responsiveness of the independent accountants to the Company's needs.

14. Meet with management, internal accounting staff and the independent accountants to discuss any relevant significant recommendations that the independent accountants may have, particularly those characterized as "material" or "serious." Typically, such recommendations will be presented by the independent accountants in the form of a letter of comments and recommendations addressed to the Committee. The Committee should review responses of management to the letter of comments and

recommendations of the independent accountants and receive follow-up reports on action taken concerning the aforementioned recommendations.

15. Review the appointment and replacement of the senior internal accounting staff executives.

16. Review with management, internal accounting staff and independent accountants the methods used to establish and monitor the Company's policies with respect to unethical or illegal activities by Company employees that may have a material impact on the financial statements.

17. Generally as part of the review of the annual financial statements, receive an oral report, at least annually, from the Company's general counsel concerning legal and regulatory matters that may have a material impact on the financial statements.

18. As the Committee may deem appropriate, obtain, weigh and consider expert advice as to the Audit Committee related rules of the SEC and NASDAQ, statements on auditing standards and other accounting, legal and regulatory provisions.

19. Review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval. This should be done in compliance with applicable SEC and NASDAQ Audit Committee requirements.

Complaint Reporting Procedures

The following procedures are established by the Committee for directors, officers, and employees to report complaints regarding accounting, internal accounting controls or auditing matters or to obtain help with a potential accounting or auditing complaint. Any complaint may be reported through the Audit Committee Hotline at 1-972-522-2002. The Audit Committee Hotline will be managed by an Audit Committee Member and provides a convenient way to alert the Committee of a potential situation without having to divulge the identity of the reporting person. Each caller remains anonymous and receives an assigned number and will be requested to call back after 30 days to check on the status of the reported complaint. Each report or enquiry will be handled confidentially to the greatest extent possible. Alternatively, a complaint or enquiry may be submitted via the mail directed to Eliseo Ruiz, III, Corporate Counsel, at the corporate office in Grand Prairie, Texas.

Authority to Engage Advisers

The Committee is authorized in its discretion to engage and retain independent legal counsel and other professional advisers as it determines necessary, in its sole discretion, to carry out the Committee's duties and responsibilities.

Funding Appropriation

The Company shall provide for appropriate funding, as determined by the Committee, in its capacity as a committee of the Board of Directors, for payment of compensation

to the Company's independent accountants for the purpose of rendering or issuing an audit report; and

to any professional advisers employed by the Committee.
