**MVB FINANCIAL CORP.**

The Company was formed on May 29, 2003 and became a bank holding company under the laws of West Virginia on January 1, 2004, and, effective December 19, 2012, became a financial holding company. The Company operates principally through its wholly-owned subsidiary, MVB Bank, Inc. (the "Bank" or "MVB Bank"). MVB Bank's operating subsidiaries include MVB Mortgage, MVB Insurance, LLC ("MVB Insurance"), and MVB Community Development Corporation ("CDC").

The Bank was formed on October 30, 1997 and chartered under the laws of the State of West Virginia. The Bank commenced operations on January 4, 1999.

During the fourth quarter of 2012, the Bank acquired Potomac Mortgage Group, Inc. ("PMG" which, following July 15, 2013, began doing business under the registered trade name "MVB Mortgage"), a mortgage company in the northern Virginia area, and fifty percent (50%) interest in a mortgage services company, Lender Service Provider, LLC ("LSP"). In the third quarter of 2013, this fifty percent (50%) interest in LSP was reduced to a twenty-five percent (25%) interest through a sale of a partial interest. In 2017, a forfeiture of a partial interest occurred, which increased the interest owned to thirty-three percent (33%). At this time, LSP began doing business as Lenderworks. MVB Mortgage operates ten mortgage-only offices, located in Virginia, within the Washington, DC metropolitan area, North Carolina and South Carolina. In addition, MVB Mortgage has mortgage loan originators located at select Bank locations throughout West Virginia.

MVB Insurance was originally formed in 2000. In 2013, MVB Insurance became a direct subsidiary of the Company. In 2016, the Company entered into an Asset Purchase Agreement with USI Insurance Services ("USI"), in which USI purchased substantially all of the assets and assumed certain liabilities of MVB Insurance, which resulted in a pre-tax gain of \$6.9 million and was reported in discontinued operations. MVB Insurance retained the assets related to, and continues to operate, its title insurance business, which is immaterial in terms of revenue. The Company reorganized MVB Insurance as a subsidiary of the Bank in 2016.

CDC was formed in 2017 to house significant Community Reinvestment Act of 1977 investments that the Bank participates in to better the communities it serves.

The Company's primary business activities, through its subsidiaries, are primarily community banking and mortgage banking. The Bank offers its customers a full range of products through various delivery channels. Such products and services include demand deposit accounts, savings accounts, money market accounts, and certificates of deposit; commercial, consumer and real estate mortgage loans and lines of credit; debit cards; cashier's checks; safe deposit rental facilities; and non-deposit investment services. The Bank's financial products and services are offered through its financial service locations and automated teller machines ("ATMs") in West Virginia and Virginia, as well as telephone and internet-based banking through both personal computers and mobile devices. Non-deposit investment services are offered through an association with a broker-dealer. Since its opening in 1999, the Bank has experienced significant growth in assets, loans and deposits due to strong community and customer support in Marion and Harrison counties in West Virginia, expansion into Jefferson, Berkeley, Monongalia, and Kanawha counties in West Virginia and, most recently, into Fairfax and Loudoun counties in Virginia. The Bank currently operates a total of fifteen full-service banking branches: twelve in West Virginia and three in Virginia.

Our principal executive office is located at 301 Virginia Avenue, Fairmont, West Virginia 26554 and our telephone number is (304) 363-4800. The Company's Internet website is [www.mvbbanking.com](http://www.mvbbanking.com). Information contained on, or that can be accessed through, our website does not constitute part of this prospectus.

Additional information about us is included in our filings with the SEC, which are incorporated by reference into this prospectus. See "Where You Can Find More Information" and "Incorporation of Certain Information by Reference" in this prospectus.

**USE OF PROCEEDS**

Unless the applicable prospectus supplement states otherwise, we will use the net proceeds we receive from the sale of the securities offered hereby for general corporate purposes, which may include, among other things, supporting organic loan growth, investments in or advances to our subsidiaries, working capital, capital expenditures, stock repurchases, debt repayment or the financing of possible acquisitions. The prospectus supplement relating to a particular offering of securities by us will identify the particular use of proceeds for that offering. Until we use the net proceeds from an offering, we may place the net proceeds in temporary investments or hold the net proceeds in deposit accounts at the Company's banking subsidiary.

**DESCRIPTION OF SECURITIES WE MAY OFFER**

This prospectus contains summary descriptions of the common stock, Class A common stock, preferred stock, debt securities, warrants and depositary shares that we may offer and sell from time to time. When one or more of these securities are offered in the future, a prospectus supplement will explain the particular terms of the securities and the extent to which these general provisions may apply. These summary descriptions and any summary descriptions in the applicable prospectus supplement do not purport to be complete descriptions of the terms and conditions of each security and are qualified in their entirety by reference to our Articles of Incorporation, as amended (our "Articles of Incorporation"), our Bylaws, as amended (our "Bylaws"), the West Virginia Business Corporation Act and any other documents referenced in such summary descriptions and from which such summary descriptions are derived. If any particular terms of a security described in the applicable prospectus supplement differ from any of the terms described in this prospectus, then the terms described in this prospectus will be deemed superseded by the terms set forth in that prospectus supplement.

We may issue securities in book-entry form through one or more depositories, such as The Depository Trust Company, Euroclear or Clearstream, named in the applicable prospectus supplement. Each sale of a security in book-entry form will settle in immediately available funds through the applicable depository, unless otherwise stated. We will issue the securities in registered form, without coupons, although we may issue the securities in bearer form if so specified in the applicable prospectus supplement. If any securities are to be listed or quoted on a securities exchange or quotation system, the applicable prospectus supplement will say so.

**DESCRIPTION OF CAPITAL STOCK**

The following is a summary of the material terms, limitations, voting powers and relative rights of our capital stock as contained in our Articles of Incorporation and Bylaws, which are incorporated by reference herein. This summary does not purport to be a complete description of the terms and conditions of our capital stock in all respects and is subject to and qualified in its entirety by reference to our Articles of Incorporation, our Bylaws, the West Virginia Business Corporation Act and any other documents referenced in the summary descriptions and from which the summary descriptions are derived. Although we believe this summary covers the material terms and provisions of our capital stock set forth in our Articles of Incorporation and Bylaws, it may not contain all of the information that is important to you.

Table of Contents

**Authorized Shares of Capital Stock**

We have the authority to issue 20,000,000 shares of common stock, \$1.00 par value per share, 20,000,000 shares of Class A common stock, \$1.00 par value per share, and 20,000 shares of preferred stock, \$1,000 par value per share. As of December 4, 2018, we had 11,607,293 shares of common stock (exclusive of shares held in treasury) issued and outstanding and no shares of Class A common stock have been issued or are outstanding.

Under our Articles of Incorporation, we previously classified (i) 8,500 shares of preferred stock as Senior Non-Cumulative Perpetual Preferred Stock, Series A, par value \$1,000 per share ("Series A Preferred Stock"), none of which remain issued and outstanding as of December 4, 2018, (ii) 400 shares of preferred stock as Convertible Noncumulative Perpetual Preferred Stock, Series B ("Class B Preferred Stock"), all 400 of which remain issued and outstanding as of December 4, 2018, and (iii) 383.4 shares of preferred stock as Convertible Noncumulative Perpetual Preferred Stock, Series C ("Class C Preferred Stock"), all 383.4 of which remain issued and outstanding as of December 4, 2018.

**Common Stock**

**General.** The Articles of Incorporation and Bylaws govern the Company's shareholders. The Company's shareholders have the following rights:

holders of stock are entitled to one vote for each share of stock and to receive pro rata any assets distributed to shareholders upon liquidation;

shareholders do not have preemptive rights;

shareholders have the right under West Virginia law to dissent from certain corporate transactions and to elect dissenters' rights; and

the board of directors may fill a vacancy of the board occurring during the course of the year, including a vacancy created by an increase in the number of directors.

**Dividends and Dividend Rights.** MVB shareholders are entitled to receive dividends when and as declared by the board of directors, subject to various regulatory restrictions and the preferences that apply to any shares of preferred stock outstanding at the time. Dividends by MVB are dependent on the ability of MVB Bank to pay dividends to MVB. Dividends of MVB Bank are subject to the restrictions contained in W. Va. Code § 31A-4-25. That statute provides that not less than one-tenth part of the net profits of the preceding half-year (in the case of quarterly or semi-annual dividends) or the preceding two consecutive half-year periods (in the case of annual dividends) must be carried to a Bank's surplus fund until the surplus fund equals the amount of its capital stock. MVB Bank has met this provision of the statute. The prior approval of the West Virginia Commissioner of Banking is required if the total of all dividends declared by a state bank in any calendar year will exceed the bank's net profits for that year combined with its retained net profits for the preceding two years. The statute defines "net profits" as the remainder of all earnings from current operations plus actual recoveries on loans and investments and other assets after deducting all current operating expenses, actual losses and all federal and state taxes.

MVB's future cash dividends will depend on its consolidated earnings, general economic conditions, financial condition of its subsidiaries and other factors generally affecting dividend policy.

**Voting Rights.** All voting rights with respect to MVB are vested in the holders of MVB's common stock. In the election of directors, the shareholders of MVB have the right to vote the number of shares owned by them for as many persons as there are directors to be elected, or to cumulate such shares and give a candidate as many votes as the number of directors to be elected multiplied by the number of shares they own, or to distribute them on the same principle among as many candidates as they may decide. For all other purposes, each share is entitled to one vote. Our Articles of

Incorporation establishes a classified board of directors that is divided into three classes with staggered three-year terms. Only the directors in one class are subject to election at each annual meeting of our stockholders, with the directors in the other classes continuing for the remainder of their respective three-year terms.

***Preemptive or Similar Rights.*** The holders of common stock of MVB have no preemptive rights to subscribe to any additional securities which MVB may issue. If MVB should decide to issue any of its common shares in a public or private stock offering, the effect could be to dilute the percentage ownership of those shareholders before such stock offering. Our common stock is not subject to conversion, redemption or sinking fund provisions.

**Class A Common Stock**

We may issue up to 20,000,000 shares of Class A common stock, \$1.00 par value per share, from time to time in one or more series. Our board of directors, without further approval of our shareholders, has the authority to fix the dividend rate, redemption rights and terms, conversion terms, liquidation preferences, sinking funds, voting rights and any other rights, preferences, privileges and restrictions applicable to each series of Class A common stock, except as otherwise fixed in the Articles of Incorporation.

***Subordination.*** Class A common stock shall be ranked junior to any preferred stock issued and outstanding, with respect to the payment of dividends and the distribution of assets in the event of any dissolution, liquidation or winding up of the Company.

***Dividends and Dividend Rights.*** The holders of Class A common stock shall be entitled to receive, when and as declared by the board of directors, out of any funds legally available therefor, preferential dividends in cash, in the amounts or at the rate per annum fixed for such series, and no more. If any shares of Class A common stock are outstanding, the Company shall not pay or declare any cash dividends whatsoever on the common stock or any other class of stock ranking junior to the Class A common stock unless (i) any dividends payable on the Class A common stock of all series shall have been paid and (ii) there shall exist no default in respect of any sinking fund or purchase fund for the redemption or purchase of shares of Class A common stock of any series or such default shall have been waived by the holders of at least a majority of the then issued and outstanding shares of Class A common stock of such series by a vote at a meeting called for such purpose or by written waiver with or without a meeting.

***Liquidation Rights.*** In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company, then, before any distribution or payment shall be made to the holders of the common stock or any other class of stock of the Company ranking junior to the Class A common stock in respect of dividends or distribution of assets upon liquidation, the holders of the Class A common stock shall be entitled to be paid in full, in the event of a voluntary or involuntary liquidation, dissolution or winding up, the respective amounts fixed for such series, plus in each case a sum equal to declared and unpaid dividends thereon to the date of payment thereof.

**Preferred Stock**

***General.*** We may issue up to 20,000 shares of preferred stock, \$1,000.00 par value per share, from time to time in one or more series. Our board of directors, without further approval of our shareholders, has the authority to fix the dividend rights and terms, conversion rights, voting rights, redemption rights and terms, liquidation preferences, sinking funds and any other rights, preferences, privileges and restrictions applicable to each series of preferred stock. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, could, among other things, adversely affect the voting power of the holders of our common stock.

Table of Contents

We will describe the particular terms of any series of preferred stock being offered in the prospectus supplement relating to that series of preferred stock. Those terms may include:

the number of shares being offered;

the title and liquidation preference per share;

the purchase price;

the dividend rate or method for determining that rate;

the dates on which dividends will be paid;

whether dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends will begin to accumulate;

any applicable redemption or sinking fund provisions;

any applicable conversion provisions;

whether we have elected to offer depositary shares with respect to that series of preferred stock; and

any additional dividend, liquidation and other rights and restrictions applicable to that series of preferred stock.

The shares of preferred stock will, when issued against full payment of their purchase price, be fully paid and nonassessable.

**Dividend Rights.** If you purchase preferred stock being offered by use of this prospectus and an applicable prospectus supplement, you will be entitled to receive, when, as and if declared by our board of directors, dividends at the rates and on the dates set forth in the prospectus supplement. Dividend rates may be fixed, variable or both. The nature, amount, rates, timing and other details of dividend rights for a series of preferred stock will be described in the applicable prospectus supplement and will be payable in preference to, or in such relation to, the dividends payable on any other class or classes or series of our stock, as described in the applicable prospectus supplement. We are subject to various regulatory policies and requirements relating to the payment of dividends, including requirements to maintain adequate capital above regulatory minimums.

**Voting Rights.** The voting rights of preferred stock of any series being offered will be described in the applicable prospectus supplement.

**Liquidation Rights.** In the event that we liquidate, dissolve or wind-up our affairs, either voluntarily or involuntarily, holders of our preferred stock will be entitled to receive liquidating distributions in the amount set forth in the applicable prospectus supplement, plus accrued and unpaid dividends, if any, before we make any distribution of assets to the holders of our common stock, Class A common stock or any junior preferred stock. If we fail to pay in full all amounts payable with respect to preferred stock being offered by us and any stock having the same rank as that series of preferred stock, the holders of the preferred stock and of that other stock will share in any distribution of assets in proportion to the full respective preferential amounts to which they are entitled. After the holders of each series of preferred stock and any stock having the same rank as the preferred stock are paid in full, they will have no right or claim to any of our remaining assets.

**Redemption.** The terms, if any, on which shares of a series of preferred stock being offered may be redeemed will be described in the applicable prospectus supplement. The preferred stock of a series may be redeemed in such amount or amounts, and at such time or times, if any, as may be provided in respect of that particular series of preferred stock. Preferred stock may be redeemed by the Company only to the extent

legally permissible.

Table of Contents

**Conversion Rights.** The applicable prospectus supplement will state the terms, if any, on which shares of a series of preferred stock being offered are convertible into shares of our common stock or another series of our preferred stock.

**Description of Series A Preferred Stock.** On September 6, 2011, the Company filed a Certificate of Designation establishing the terms for its Senior Non-Cumulative Perpetual Preferred Stock, Series A ("Series A Preferred Stock"), and designating 8,500 shares of preferred stock as Series A Preferred Stock, which were thereafter issued on September 8, 2011 to the United States Department of the Treasury ("Treasury") as part of the Treasury's Small Business Lending Fund program. The Series A Preferred Stock is entitled to non-cumulative dividends, payable quarterly, at a dividend rate established as a percentage of the liquidation amount that fluctuated on a quarterly basis during the first 10 quarters during which the Series A Preferred Stock was outstanding. For the tenth calendar quarter through four and one half years after issuance, the dividend rate was fixed at between one percent (1%) and seven percent (7%) based upon the Company's qualified small business lending as further described in the Certificate of Designations for the Series A Preferred Stock. After four and one half years, or March 2016, the dividend increased to 9% regardless of the Company's small business lending.

The Series A Preferred Stock is non-voting, except in limited circumstances. In the event that the Company misses five dividend payments, whether or not consecutive, the holder of the Series A Preferred Stock will have the right, but not the obligation, to appoint a representative as an observer on the Company's Board of Directors and such right would continue until the Company had made full dividend payments for four consecutive payments thereafter. The Series A Preferred Stock may be redeemed at any time at the Company's option, at a redemption price of 100% of the liquidation amount plus accrued but unpaid dividends to the date of redemption for the current period, subject to the approval of its federal banking regulator. Partial redemptions will be permitted so long as in amounts equal to at least 25% of the number of originally issued shares of Series A Preferred Stock.

On January 5, 2017, the Company redeemed all of the 8,500 shares of the Series A Preferred Stock that had been issued to Treasury. The aggregate redemption price was \$8,508,500, including dividends accrued but unpaid through, but not including, the redemption date.

**Description of Class B Preferred Stock.** On June 30, 2014, the Company filed a Certificate of Designations establishing the terms for its Convertible Noncumulative Perpetual Preferred Stock, Series B ("Class B Preferred Stock"), and designating 400 shares of preferred stock as Class B Preferred Stock, which were thereafter sold in a private placement.

The Class B Preferred Stock carries an annual dividend rate of 6.0% and is convertible into shares of Company common stock within thirty days after the first, second, third, fourth and fifth anniversaries of the original issue date, based on a common stock price of \$16.00 per share, as adjusted for future corporate activities. The Class B Preferred Stock is redeemable by the Company on or after the fifth anniversary of the original issue date for Liquidation Amount, as defined therein, plus declared and unpaid dividends. Redemption is subject to any necessary regulatory approvals. In the event of liquidation of the Company, shares of Class B Preferred Stock shall be junior to creditors of the Company and to the shares of Series A Preferred Stock. Holders of Class B Preferred Stock shall have no voting rights, except for authorization of senior shares of stock, amendment to the Class B Preferred Stock, share exchanges, reclassifications or changes of control, or as required by law.

On December 28, 2017, the Company distributed a notice to each of the holders of the Company's Class B Preferred Stock regarding the Company's agreement to waive certain timing requirements associated with the conversion of the Class B Preferred Stock. Pursuant to the notices, the Company has elected to waive the above referenced timing requirements associated with when a conversion may occur and, instead, the Company will accept notices of conversion at any time prior to July 30, 2019, which is the final conversion date for the Class B Preferred Stock.

**Description of Class C Preferred Stock.** On June 30, 2014, the Company filed a Certificate of Designations establishing the terms for its Convertible Noncumulative Perpetual Preferred Stock, Series C ("Class C Preferred Stock"), and designating 383.4 shares of preferred stock as Class C Preferred Stock, which were thereafter sold in a private placement.

The Class C Preferred Stock carries an annual dividend rate of 6.5% and is convertible into shares of Company common stock within thirty days after the first, second, third, fourth and fifth anniversaries of the original issue date, based on a common stock price of \$16.00 per share, as adjusted for future corporate activities. The Class C Preferred Stock is redeemable by the Company on or after the fifth anniversary of the original issue date for Liquidation Amount, as defined therein, plus declared and unpaid dividends. Redemption is subject to any necessary regulatory approvals. In the event of liquidation of the Company, shares of Class C Preferred Stock shall be junior to creditors of the Company and to the outstanding shares of Series A Preferred Stock and Class B Preferred Stock. Holders of Class C Preferred Stock shall have no voting rights, except for authorization of senior shares of stock, amendment to the Class C Preferred Stock, share exchanges, reclassifications or changes of control, or as required by law.

On December 28, 2017, the Company distributed a notice to each of the holders of the Company's Class C Preferred Stock regarding the Company's agreement to waive certain timing requirements associated with the conversion of the Class C Preferred Stock. Pursuant to the notices, the Company has elected to waive the above referenced timing requirements associated with when a conversion may occur and, instead, the Company will accept notices of conversion at any time prior to July 30, 2019, which is the final conversion date for the Class C Preferred Stock.

**Anti-Takeover Provisions**

**General.** Certain provisions of our Articles of Incorporation, our Bylaws and the West Virginia Business Corporation Act may have the effect of impeding the acquisition of control of the Company by means of a tender offer, a proxy fight, open-market purchases or otherwise in a transaction not approved by our board of directors. These provisions may have the effect of discouraging a future takeover attempt which is not approved by our board of directors but which individual shareholders may deem to be in their best interests or in which our shareholders may receive a substantial premium for their shares over then-current market prices. As a result, shareholders who might desire to participate in such a transaction may not have an opportunity to do so. Such provisions will also render the removal of our current board of directors or management more difficult.

**Articles of Incorporation; Bylaws.** These provisions of our Articles of Incorporation and our Bylaws include the following:

**Staggered Directors' Terms.** The directors of MVB are elected for staggered terms of three years with approximately one-third of the directors being elected in any one year. This provision has the effect of making it more difficult and time consuming for a shareholder who has acquired or controls a majority of MVB outstanding common stock to gain immediate control of the board of directors or otherwise disrupt MVB's management.

**75% Vote Required to Remove Directors.** MVB's Articles of Incorporation provide that holders of at least 75% of the voting power of shares entitled to vote generally in the election of directors may remove a director, with or without cause. This provision in MVB's Articles of Incorporation and Bylaws makes it more difficult for a third party to fill vacancies created by removal with its own nominees.

**Amendment of MVB's Articles of Incorporation.** MVB's Articles of Incorporation contain supermajority provisions. The supermajority provisions in MVB's Articles of Incorporation provide that the affirmative vote of the holders of at least 75% of the outstanding shares of the

Table of Contents

voting stock of MVB would be required to amend or repeal Articles of Incorporation provisions dealing with the classification of the board of directors, director nominations, appointment to newly created directorships, vacancies of directors, removal of directors and certain business combinations by unsolicited and unapproved third parties.

**Amendment of Bylaws.** MVB's Articles of Incorporation also require a 75% affirmative vote of the outstanding shares of the voting stock to amend the Bylaws to change the number of directors, change the procedure for filling director vacancies, change the director removal process or to change the Bylaw amendment requirements.

**Fair Price Provision.** MVB's Articles of Incorporation contain what is known as a "fair price provision." The fair price provision requires the approval of at least 75% of MVB's shares entitled to vote to approve transactions with an interested shareholder except in cases where either; (1) price criteria and procedural requirements are satisfied, or (2) a majority of MVB's board of directors recommends the transaction to the shareholders. If the minimum price criteria and procedural requirements are met or the requisite approval of MVB's board of directors are given, the normal requirements of West Virginia law would apply.

**Banking Laws.** The ability of a third party to acquire the Company is also subject to applicable banking laws and regulations. The Bank Holding Company Act of 1956 (the "BHCA") and the regulations thereunder require any "bank holding company" (as defined in the BHCA) to obtain the approval of the Federal Reserve prior to acquiring more than 5% of the outstanding shares of a class of our voting stock. Any person other than a bank holding company is required to obtain prior approval of the Federal Reserve to acquire 10% or more of the outstanding shares of a class of our voting stock under the Change in Bank Control Act of 1978. Any holder of 25% or more (or between 10% and 25%, if the holder is unable to rebut the presumption that it controls the Company) of the outstanding shares of a class of our voting stock, other than an individual, is subject to supervision and regulation as a bank holding company under the BHCA. In calculating a holder's aggregate ownership of our common stock for purposes of these banking regulations, the Federal Reserve likely would include at least the minimum number of shares (and could instead include the maximum number of shares) of our common stock that a holder is entitled to receive pursuant to securities convertible into or settled in our common stock.

## DESCRIPTION OF DEBT SECURITIES

The following description of the debt securities sets forth certain general terms that may apply to the debt securities that we may offer under this prospectus. The debt securities may be issued as senior debt securities or subordinated debt securities. Unless otherwise specified in the applicable prospectus supplement, we will issue the senior debt securities under a senior indenture, which we will enter into with a trustee to be named in the senior indenture, and we will issue the subordinated debt securities under a subordinated indenture, which we will enter into with a trustee to be named in the subordinated indenture. These indentures are sometimes collectively referred to as the "indentures" and individually referred to as an "indenture," the "senior indenture" or the "subordinated indenture," as applicable. The form of senior indenture and the form of subordinated indenture are filed as exhibits to the registration statement of which this prospectus is a part. The trustee under each indenture is referred to as the "indenture trustee." The indentures are subject to and governed by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"), and may be supplemented or amended from time to time. Prior to issuing any debt securities, we will select an indenture trustee for the indenture relating to the issuance of debt securities, qualify such indenture trustee under the Trust Indenture Act and execute such indenture.

The indentures give us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the applicable indenture. We will

Table of Contents

describe the specific terms of a series of debt securities and the extent, if any, to which the specific terms of the debt securities modify the terms of the applicable indenture in the prospectus supplement relating to the debt securities.

This summary is subject to, and qualified in its entirety by reference to, the indentures, which contain the full legal text of the matters described in this section, and the description of the specific terms of the debt securities in the applicable prospectus supplement. The following summary is not complete. You should read all of the provisions of the indentures, including the definitions of certain terms.

Since we are a holding company, our right, and accordingly, the right of our creditors and shareholders, including the holders of the securities offered by this prospectus and any prospectus supplement, to participate in any distribution of assets of any of our subsidiaries upon its liquidation, reorganization or similar proceeding is subject to the prior claims of creditors of that subsidiary, except to the extent that our claims as a creditor of the subsidiary may be recognized.

**Terms of the Securities**

The debt securities will not be secured by any of our assets. Neither the indentures nor the debt securities will limit or otherwise restrict the amounts of other indebtedness that we may incur nor the amount of other securities that we may issue. The indentures do not limit the principal amount of any particular series of debt securities. All of the debt securities issued under each of the indentures will rank equally and ratably with any additional debt securities issued under the same indenture. The subordinated debt securities will be subordinated as described below under "Subordination."

Each prospectus supplement will specify the particular terms of the debt securities offered. The applicable prospectus supplement will describe the terms of any debt securities being offered, including the following, as may be applicable:

the title of the debt securities;

the principal amount being offered and, if a series, the total amount authorized and the total amount outstanding;

any limit on the aggregate principal amount of the debt securities;

the priority of payments on the debt securities;

the issue price or prices (which may be expressed as a percentage of the aggregate principal amount) of the debt securities;

the date or dates, or the method of determining the dates, on which the debt securities will mature;

the interest rate or rates of the debt securities, or the method of determining those rates;

the interest payment dates, the dates on which payment of any interest will begin and the regular record dates;

if other than the entire principal amount, the portion of the principal amount of the debt securities that will be payable if the maturity date of the debt securities is accelerated;

any event of default applicable to the debt securities;

Edgar Filing: MVB FINANCIAL CORP - Form S-3

any covenants included for the benefit of the holders of the debt securities;

provisions, if any, restricting the declaration of dividends or requiring the maintenance of any asset ratio or the creation or maintenance of reserves;

Table of Contents

Some of our debt securities may be issued as "original issue discount" securities. Original issue discount securities bear no interest or bear interest at below-market rates and will be sold at a discount below their stated principal amount. The prospectus supplement will also contain any special tax, accounting or other information relating to original issue discount securities or relating to certain other kinds of securities that may be offered, including securities linked to an index.

**Acceleration of Maturity**

If an event of default with respect to any outstanding series of senior debt securities (and, in certain cases, subordinated debt securities) occurs and is continuing, the indenture trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount due and payable immediately by providing written notice of such acceleration to us, and, if notice is given by the holders instead of the indenture trustee, to the indenture trustee. Subject to certain conditions, the declaration of acceleration may be rescinded, and past defaults (except uncured payment defaults and certain other specified defaults) may be waived, by the holders of not less than a majority of the principal amount of debt securities of that series.

You should refer to the prospectus supplement relating to each series of debt securities for the particular provisions relating to acceleration of maturity upon the occurrence and continuation of an event of default.

**Registration and Transfer**

Unless otherwise indicated in the applicable prospectus supplement, each series of the offered debt securities will be issued in registered form only, without coupons. The indentures will also allow us to issue the securities in bearer form only, or in both registered and bearer form. Any securities issued in bearer form will have interest coupons attached, unless they are issued as zero coupon securities. Securities in bearer form will not be offered, sold, resold or delivered in connection with their original issuance in the United States or to any United States person other than to offices of certain United States financial institutions located outside the United States.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities we are offering will be issued in denominations of \$1,000 or an integral multiple of \$1,000. No service charge will be made for any transfer or exchange of the debt securities, but we may require payment of an amount sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

**Payment and Paying Agent**

We will pay principal, interest and any premium on fully registered debt securities in the designated currency or currency unit at the office of a designated paying agent. At our option, payment of interest on fully registered debt securities may also be made by check mailed to the persons in whose names the debt securities are registered on the days specified in the indentures or any prospectus supplement.

We will pay principal, interest and any premium on bearer debt securities in the designated currency or currency unit at the office of a designated paying agent or agents outside of the United States. Payments will be made at the offices of the paying agent in the United States only if the designated currency is United States dollars and payment outside of the United States is illegal or effectively precluded. If any amount payable on a debt security or coupon remains unclaimed at the end of two years after such amount became due and payable, the paying agent will release any unclaimed amounts, and the holder of the debt security or coupon will look only to us for payment.

Table of Contents

**Global Securities**

The debt securities of a series may be issued in whole or in part in the form of one or more global certificates ("Global Securities") that will be deposited with a depository that we will identify in a prospectus supplement. Global Securities may be issued in either registered or bearer form and in either temporary or permanent form. All Global Securities in bearer form will be deposited with a depository outside the United States. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities in definitive form represented thereby, a Global Security may not be transferred except as a whole by the depository to a nominee of that depository or by a nominee of that depository to a depository or another nominee of that depository.

The specific terms of the depository arrangements for each series of debt securities will be described in the applicable prospectus supplement.

**Modification and Waiver**

Each indenture provides that modifications and amendments may be made by us and the indenture trustee with the consent of the holders of a majority in principal amount of the outstanding debt securities of each series affected by the amendment or modification. However, no modification or amendment may, without the consent of each holder affected:

change the stated maturity date of the debt security;

reduce the principal amount, any rate of interest, or any additional amounts in respect of any debt security, or reduce the amount of any premium payable upon the redemption of any debt security;

change the time or place of payment, currency or currencies in which any debt security or any premium or interest thereon is payable;

impair the holders' rights to institute suit for the enforcement of any payment on or after the stated maturity date of any debt security or, in the case of redemption, on or after the redemption date;

reduce the percentage in principal amount of the outstanding debt securities required to consent to any modification, amendment or waiver under the indenture;

modify, except under limited circumstances, any provision of the applicable indenture relating to modification and amendment of the indenture, waiver of compliance with conditions and defaults thereunder or the right of a majority of holders to take action under the applicable indenture;

in the case of the subordinated indenture, alter the provisions regarding subordination of the subordinated debt securities, in any way that would be adverse to the holders of those securities; or

reduce the principal amount of original issue discount debt securities which could be declared due and payable upon an acceleration of their maturity.

The holders of a majority in principal amount of the outstanding debt securities of any series may waive compliance by us and the indenture trustee with certain provisions of the indentures. The holders of a majority in principal amount of the outstanding debt securities of any series may waive any past default under the applicable indenture with respect to that series, except a default in the payment of the principal, or any premium, interest, or additional amounts payable on a debt security of that series or in respect of a covenant or provision which under the terms of the applicable indenture cannot be modified or amended, without the consent of each affected holder.

Table of Contents

With the indenture trustee, we may modify and amend any indenture without the consent of any holder for any of the following purposes:

to name a successor entity to us;

to add to our covenants for the benefit of the holders of all or any series of debt securities;

to add to the events of default;

to add to, delete from or revise the conditions, limitations and restrictions on the authorized amount, terms or purposes of issue, authentication and delivery of securities, as set forth in the applicable indenture;

to establish the form or terms of debt securities of any series and any related coupons;

to provide for the acceptance of appointment by a successor indenture trustee;

to make provision for the conversion rights of the holders of the debt securities in certain events;

to cure any ambiguity, defect or inconsistency in the applicable indenture, provided that such action is not inconsistent with the provisions of that indenture and does not adversely affect the interests of the applicable holders; or

to modify, eliminate or add to the provisions of any indenture to conform our or the indenture trustee's obligations under the applicable indenture to the Trust Indenture Act.

**Calculation of Outstanding Debt Securities**

To calculate whether the holders of a sufficient principal amount of the outstanding securities have given any request, demand, authorization, direction, notice, consent or waiver under any indenture:

in the case of original issue discount securities, the principal amount that may be included in the calculation is the amount of principal that would be declared to be due and payable upon a declaration of acceleration according to the terms of that original issue discount security as of the date of the calculation; and

any debt securities owned by us, or owned by any other obligor of the debt securities or any affiliate of ours or of any other obligor, should be disregarded and deemed not to be outstanding for purposes of the calculation.

**Additional Provisions**

Other than the duty to act with the required standard of care during an event of default, the indenture trustee is not obligated to exercise any of its rights or powers under the applicable indenture at the request or direction of any of the holders of the debt securities, unless the holders have offered the indenture trustee reasonable indemnification. Each indenture provides that the holders of a majority in principal amount of outstanding debt securities of any series may, in certain circumstances, direct the time, method and place of conducting any proceeding for any remedy available to the indenture trustee, or exercising any trust or other power conferred on the indenture trustee.

No holder of a debt security of any series will have the right to institute any proceeding for any remedy under the applicable indenture, unless:

the holder has provided the indenture trustee with written notice of a continuing event of default regarding the holder's series of debt securities;

Table of Contents

the holders of at least 25% in principal amount of the outstanding debt securities of a series have made a written request to the indenture trustee, and offered indemnity satisfactory to the indenture trustee, to institute a proceeding for remedy;

the indenture trustee has failed to institute the proceeding within 60 days after its receipt of such notice, request and offer of indemnity; and

the indenture trustee has not received any direction during such 60-day period inconsistent with such request from the holders of a majority in principal amount of the outstanding debt securities of that series.

However, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal, any premium, any interest or any additional amounts in respect of such debt security on or after the date expressed in such debt security and to institute suit for the enforcement of any such payment.

We are required to file annually with the indenture trustee a certificate of no default, or specifying any default that exists.

**Conversion Rights**

The applicable prospectus supplement relating to any convertible debt securities will describe the terms on which those securities are convertible.

**Events of Default**

The following will be events of default under the senior indenture with respect to the senior debt securities of a series:

failure to pay any interest or any additional amounts on any senior debt security of that series when due, and continuance of such default for 30 days;

failure to pay principal of, or any premium on, any senior debt security of that series when due;

failure to deposit any sinking fund payment for a senior debt security of that series when due;

failure to perform any of our other covenants or warranties in the senior indenture or senior debt securities (other than a covenant or warranty included in that indenture solely for the benefit of a different series of senior debt securities), which has continued for 90 days after written notice as provided in the senior indenture;

acceleration of indebtedness in a principal amount in excess of \$25,000,000 for money borrowed by us, and the acceleration is not annulled, or the indebtedness is not discharged, within a specified period after written notice is given according to the senior indenture;

certain events in bankruptcy, insolvency or reorganization of us or the Bank; and

any other event of default regarding that series of senior debt securities.

The following will be events of default under the subordinated indenture with respect to the subordinated debt securities of a series:

Edgar Filing: MVB FINANCIAL CORP - Form S-3

failure to pay any interest on any subordinated debt security of that series or any coupon pertaining thereto when due, and continuance of such default for 30 days;

failure to pay principal of, or any premium on, any subordinated debt security of that series when due;

Table of Contents

failure to deposit any sinking fund payment for a subordinated debt security of that series when due;

certain events in bankruptcy, insolvency or reorganization of us or the Bank; and

any other event of default regarding that series of subordinated debt securities.

There is no right of acceleration of the payment of principal or interest of a series of subordinated debt securities upon a default in the performance of any covenant or agreement in the subordinated debt securities of a particular series or in the applicable indenture. Except in the event of a receivership, insolvency, liquidation, or similar proceeding, there is no right of acceleration of the payment of principal or interest of a series of subordinated debt securities upon an event of default. In the event of a default in the payment of interest or principal, the holders of senior indebtedness will be entitled to be paid in full before any payment can be made to holders of subordinated debt securities. However, a holder of a subordinated debt security (or the indenture trustee under the applicable indenture on behalf of all of the holders of the affected series) may, subject to certain limitations and conditions, seek to enforce overdue payments of interest or principal on the subordinated debt securities.

**Subordination**

The senior debt securities will be unsecured and will rank equally among themselves and with all of our other unsecured and unsubordinated debt, if any.

The subordinated debt securities will be unsecured and will be subordinate and junior in right of payment, to the extent and in the manner set forth below, to the prior payment in full of all of the Company's senior indebtedness, as more fully described in the applicable prospectus supplement.

If any of the following circumstances has occurred, payment in full of all principal, premium, if any, and interest must be made or provided for with respect to all outstanding senior indebtedness before we can make any payment or distribution of principal, premium, if any, or interest on the subordinated debt securities:

any insolvency, bankruptcy, receivership, liquidation, reorganization or other similar proceeding relating to us or to our property has been commenced;

any voluntary liquidation, dissolution or other winding up relating to us has been commenced, whether or not such event involves our insolvency or bankruptcy;

any of our subordinated debt securities of any series is declared or otherwise becomes due and payable before its maturity date because of any event of default under the subordinated indenture, provided that such declaration has not been rescinded or annulled as provided in the subordinated indenture; or

any default with respect to senior indebtedness which permits its holders to accelerate the maturity of the senior indebtedness has occurred and is continuing, and either (a) notice of such default has been given to us and to the indenture trustee and judicial proceedings are commenced in respect of such default within 180 days after notice in the case of a default in the payment of principal or interest, or within 90 days after notice in the case of any other default, or (b) any judicial proceeding is pending with respect to any such default.

**DESCRIPTION OF WARRANTS**

We may issue warrants for the purchase of debt securities, preferred stock, common stock, other securities of the Company or any combination of the foregoing. Warrants may be issued alone or together with securities offered by any prospectus supplement and may be attached to, or separate

Table of Contents

from, those securities. The particular terms of any warrants will be described more specifically in the prospectus supplement relating to such warrants.

The prospectus supplement relating to any warrants we are offering will include specific terms relating to the offering. We will file the form of any warrant agreement with the SEC, and you should read the warrant agreement for provisions that may be important to you. The prospectus supplement will include some or all of the following information:

the title and specific designation of the warrants;

the aggregate number of warrants offered;

the amount of warrants outstanding, if any;

the designation, number and terms of the securities purchasable upon exercise of the warrants, and procedures that will result in the adjustment of those numbers;

the exercise price or prices of the warrants;

the dates or periods during which the warrants are exercisable;

the designation and terms of any securities with which the warrants are issued;

if the warrants are issued as a unit with another security, the date, if any, on and after which the warrants and the other security will be separately transferable;

if the exercise price is not payable in U.S. dollars, the foreign currency, currency unit or composite currency in which the exercise price is denominated;

any minimum or maximum amount of warrants that may be exercised at any one time;

the anti-dilution provisions of the warrants, if any;

if applicable, the identity of the warrant agent for the warrants and of any other depositaries, execution or paying agents, transfer agents, registrars or other agents;

any terms, procedures and limitations relating to the transferability, exchange or exercise of the warrants; and

any other material terms of the warrants.

Before exercising their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon such exercise, including the right to receive dividends, if any, or payments upon our liquidation, dissolution or winding-up, or to exercise voting rights, if any.

**DESCRIPTION OF DEPOSITARY SHARES**

This following is a summary of the general terms of the deposit agreement to govern any depositary shares we may offer representing fractional interests in shares of our preferred stock, the depositary shares themselves and the related depositary receipts. This summary does not purport to be complete in all respects and is subject to and qualified entirely by reference to the relevant deposit agreement and depositary receipt with respect to the depositary shares relating to any particular series of preferred stock. The specific terms of any depositary shares we may offer will be described in the applicable prospectus supplement. If so described in the applicable prospectus supplement, the terms of that series of depositary shares may differ from the general description of terms presented below.

**General**

We may offer fractional interests in shares of our preferred stock, rather than full shares of preferred stock. If we do, we will provide for the issuance by a depositary to the public of receipts for

Table of Contents

depository shares, each of which will represent a fractional interest in a share of a particular series of preferred stock.

The shares of any series of preferred stock underlying the depository shares will be deposited under a separate deposit agreement between us and a bank or trust company having its principal office in the U.S. and having a combined capital and surplus of such amount as may be set forth in the applicable prospectus supplement, which we refer to in this section as the depository. We will name the depository in the applicable prospectus supplement. Subject to the terms of the deposit agreement, each owner of a depository share will have a fractional interest in all the rights and preferences of the preferred stock underlying the depository share. Those rights include any dividend, voting, redemption, conversion and liquidation rights.

The depository shares will be evidenced by depository receipts issued under the deposit agreement. If you purchase fractional interests in shares of the related series of preferred stock, you will receive depository receipts as described in the applicable prospectus supplement.

Unless we specify otherwise in the applicable prospectus supplement, you will not be entitled to receive the whole shares of preferred stock underlying the depository shares.

**Dividend Rights**

The depository will distribute all cash dividends or other cash distributions in respect of the preferred stock underlying the depository shares to each record holder of depository shares based on the number of the depository shares owned by that holder on the relevant record date. The depository will distribute only that amount which can be distributed without attributing to any holder of depository shares a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the depository for distribution to record holders of depository shares.

If there is a distribution other than in cash, the depository will distribute property to the entitled record holders of depository shares, unless the depository determines that it is not feasible to make that distribution. In that case the depository may, with our approval, adopt the method it deems equitable and practicable for making that distribution, including any sale of property and distribution of the net proceeds from this sale to the applicable holders.

The deposit agreement will also contain provisions relating to how any subscription or similar rights offered by us to holders of the preferred stock will be made available to the holders of depository shares.

**Voting Rights**

When the depository receives notice of any meeting at which the holders of the preferred stock may vote, the depository will mail information about the meeting contained in the notice, and any accompanying proxy materials, to the record holders of the depository shares relating to the preferred stock. Each record holder of such depository shares on the record date, which will be the same date as the record date for the preferred stock, will be entitled to instruct the depository as to how the preferred stock underlying the holder's depository shares should be voted.

**Conversion or Exchange Rights**

If any series of preferred stock underlying the depository shares is subject to conversion or exchange, the applicable prospectus supplement will describe the rights or obligations of each record holder of depository receipts to convert or exchange the depository shares.

Table of Contents

**Redemption**

If the series of the preferred stock underlying the depositary shares is subject to redemption, all or a part of the depositary shares will be redeemed from the redemption proceeds of that series of the preferred stock held by the depositary. The redemption price per depositary share will bear the same relationship to the redemption price per share of preferred stock that the depositary share bears to the underlying preferred stock. Whenever we redeem preferred stock held by the depositary, the depositary will redeem, as of the same redemption date, the number of depositary shares representing the preferred stock redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as determined by the depositary.

After the date fixed for redemption, the depositary shares called for redemption will no longer be outstanding. When the depositary shares are no longer outstanding, all rights of the holders will cease, except the right to receive money or other property that the holders of the depositary shares were entitled to receive upon the redemption. Payments will be made when holders surrender their depositary receipts to the depositary.

**Taxation**

Owners of depositary shares will be treated for U.S. federal income tax purposes as if they were owners of the preferred stock represented by the depositary shares. If necessary, the applicable prospectus supplement will provide a description of U.S. federal income tax consequences relating to the purchase and ownership of the depositary shares and the preferred stock represented by the depositary shares.

**Amendment and Termination of the Deposit Agreement**

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may be amended by agreement between us and the depositary at any time. However, certain amendments as specified in the applicable prospectus supplement will not be effective unless approved by the record holders of at least a majority of the depositary shares then-outstanding. A deposit agreement may be terminated by us or the depositary only if:

all outstanding depositary shares relating to the deposit agreement have been redeemed; or

there has been a final distribution on the preferred stock of the relevant series in connection with our liquidation, dissolution or winding up of our business and the distribution has been distributed to the holders of the related depositary shares.

**Charges of Depositary**

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay associated charges of the depositary for the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary shares will pay transfer and other taxes and governmental charges and any other charges that are stated to be their responsibility in the deposit agreement.

**Resignation and Removal of Depositary**

The depositary may resign at any time by delivering notice to us. We may also remove the depositary at any time. Resignations or removals will take effect when a successor depositary is appointed and it accepts the appointment.

**PLAN OF DISTRIBUTION**

We may sell the securities covered by this prospectus from time to time at market prices prevailing at the time of sale, at prices related to such prevailing market prices at the time of sale, at negotiated prices or at fixed prices, which may change from time to time. We may sell the securities directly to one or more purchasers, through agents, to dealers, through underwriters, brokers or dealers, or through a combination of any of these sales methods or through any other method permitted by law (including in "at the market" equity offerings as defined in Rule 415 of the Securities Act). We reserve the right to accept or reject, in whole or in part, any proposed purchase of securities, whether the purchase is to be made directly or through agents.

Each time that we use this prospectus to sell our securities, we will also provide a prospectus supplement, if required, that contains the specific terms of the offering, including:

the name or names of the underwriters, dealers or agents, if any, and the types and amounts of securities underwritten or purchased by each of them;

the public offering price of the securities and the proceeds we will receive from the sale;

any over-allotment options under which underwriters may purchase additional securities from us;

any agency fees or underwriting discounts or other items constituting agents' or underwriters' compensation;

any discounts, commissions or concessions allowed or reallocated or paid to dealers; and

any securities exchange or market on which the securities may be listed.

Only underwriters that we have named in a prospectus supplement will be underwriters of the securities offered by that prospectus supplement.

If underwriters are used in the sale, they will acquire the securities for their own account and may resell the securities from time to time in one or more transactions at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase the securities will be subject to the conditions set forth in the applicable underwriting agreement. We may offer the securities to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. Subject to certain conditions, the underwriters will be obligated to purchase all of the securities offered by the prospectus supplement, other than securities covered by any over-allotment option. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may change from time to time. We may use underwriters with whom we have a material relationship. We will describe in the prospectus supplement, naming the underwriter, the nature of any such relationship.

We may sell securities directly or through agents we designate from time to time. We will name any agent involved in the offering and sale of securities and we will describe any commissions we will pay the agent in the prospectus supplement. Unless the prospectus supplement states otherwise, our agent will act on a best-efforts basis for the period of its appointment.

We may authorize agents or underwriters to solicit offers by certain types of institutional investors to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. We will describe the conditions to these contracts and the commissions we must pay for solicitation of these contracts in the applicable prospectus supplement.

We may provide agents and underwriters with indemnification against civil liabilities, including liabilities under the Securities Act, or contribution with respect to payments that the agents or

Table of Contents

underwriters may make with respect to these liabilities. Agents and underwriters may engage in transactions with, or perform services for, us in the ordinary course of business.

All securities we may offer, other than common stock or other outstanding securities, will be new issues of securities with no established trading market. Any underwriters may make a market in these securities, but will not be obligated to do so and may discontinue any market making at any time without notice. We cannot guarantee the liquidity of the trading markets for any securities.

Any underwriter may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum price. Syndicate-covering or other short-covering transactions involve purchases of the securities, either through exercise of the over-allotment option or in the open market after the distribution is completed, to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a stabilizing or covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

Under the securities laws of some states, to the extent applicable, the securities may be sold in such states only through registered or licensed brokers or dealers. In addition, if our common stock is not listed on a national securities exchange, in some states the securities may not be sold unless such securities have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

## LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, certain legal matters with respect to the common stock, Class A common stock and preferred stock will be passed upon for us by Spilman Thomas & Battle, PLLC, Morgantown, West Virginia, and certain legal matters with respect to the debt securities, warrants and depositary shares will be passed upon for us by Squire Patton Boggs (US) LLP, Cincinnati, Ohio. If the securities are being distributed in an underwritten offering, certain legal matters will be passed upon for the underwriters by counsel identified in the related prospectus supplement.

**Item 15. Indemnification of Directors and Officers**

Section 31D-8-851 of the West Virginia Business Corporation Act provides in part that each West Virginia corporation has the power to indemnify any director against liability incurred in a proceeding against him by reason of being or having been such director (other than in an action by or in the right of the corporation) if he acted in good faith and in a manner he reasonably believed to be or not opposed to the best interests of the corporation, or, in the case of any criminal proceeding, he had no reasonable cause to believe his conduct was unlawful. With respect to an action by or in the right of the corporation, except for reasonable expenses incurred in the proceeding as to which he meets the foregoing standard of conduct, a director may not be indemnified. A director also may not be indemnified unless ordered by a court if he is adjudged liable on the basis that he received a financial benefit to which he was not entitled. A West Virginia corporation may make any other or further indemnity to any such persons that may be authorized by the corporation's articles of incorporation.

A corporation must indemnify a director who was wholly successful on the merits in the proceeding against reasonable expenses of the proceeding. A corporation may advance expenses incurred by a director in such a proceeding if he affirms he has met the standard of conduct and agrees to return the advanced expenses if it is determined he has not met this standard.

Section 31D-8-856 of the West Virginia Business Corporation Act provides that a West Virginia corporation may indemnify and advance expenses to an officer of the corporation who is a party to a proceeding because he or she is an officer of the corporation to the same extent as a director and, if he or she is an officer but not a director, to a further extent as may be provided by the articles of incorporation, the bylaws, a resolution of the board of directors or contract, except for (i) liability in connection with a proceeding by or in the right of the corporation other than for reasonable expenses incurred in connection with the proceeding or (ii) liability arising out of conduct that constitutes (a) receipt by him or her of a financial benefit to which he or she is not entitled, (b) an intentional infliction of harm on the corporation or the shareholders or (c) an intentional violation of criminal law. A corporation must indemnify an officer who was wholly successful on the merits in the proceeding against reasonable expenses of the proceeding.

**Item 17. Undertakings**

The undersigned registrant hereby undertakes:

(1)

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i)

to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii)

to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii)

to include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

*provided, however*, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act, that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2)

That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3)

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4)

That, for the purpose of determining liability under the Securities Act to any purchaser:

(i)

each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii)

each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5)

That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to the registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i)

any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii)

any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii)

the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv)

any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6)

That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7)

To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act of 1939.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the indemnification provisions described in Item 15 above, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
