PART I

Item 1. BUSINESS

(a) General

CCA INDUSTRIES, INC. (hereinafter, "CCA" or the "Company") was incorporated in Delaware in 1983.

The Company operates in one industry segment, in what may be generally described as the health-and-beauty aids business, selling numerous products in several health-and-beauty aids and cosmeceutical categories. Virtually all Company products are manufactured by contract manufacturers, pursuant to the Company's specifications and formulations.

The Company owns registered trademarks, or exclusive licenses to use registered trademarks, that identify its products by brand-name. Under most of the brand names, the Company markets several different but categorically-related products. The principal brand and trademark names include "Plus+White" which includes "Booster" (oral health-care products), "Sudden Change" (skin-care products), "Nutra Nail" and "Power Gel" and "Nutra Nail 60" (nail treatments), "Bikini Zone" (pre and after-shave products), "Mega T" Green Tea and "SweetEnders" (dietary products), "Hair Off" (depilatories), "IPR" (foot-care products), "Solar Sense" (sun-care products), "Wash 'N Curl" (shampoos), "Cherry Vanilla" (perfumes), and "Scar Zone" (scar diminishing cream).

All Company products are marketed and sold to major drug and food chains, mass merchandisers, and wholesale beauty-aids distributors throughout the United States and Canada. In addition, certain of the Company's products are sold internationally.

The Company recognizes sales at the time its products are shipped to customers. However, while sales are not formally subject to any contract contingency, the acceptance of returns is an industry-wide practice. The Company thus estimates 'unit returns' based upon a review of the market's recent-historical acceptance of subject products as well as current market-expectations, and equates its reserves for estimated returns in the sum of the gross profits, in the five preceding months, realized upon an equivalent number of subject-product sales. (See Item 15, Financial Statements, Note 2). Of course, there can be no precise going-forward assurance in respect to return rates and gross margins, and in the event of a significant increase in the rate of returns, the circumstance could have a materially adverse affect upon the Company's operations.

In or about November 2000, the Company contacted its accounts and instructed them to return its "Permathene" and "Mega 16" products, which contain phenylpropanolamine ("PPA"), as a result of a general FDA health-warning concerning PPA (a key ingredient in numerous cold-remedies and appetite suppressants, which had been 'on the market' for some 50 years). The Company's revenues from sales of those now discontinued products, in fiscal 2000, were approximately \$2,500,000 (approximately 6.5% of sales).

The Company replaced PPA - product revenue through promotion and sale of "Mega 14" Balanced Fiber, an all natural-fiber diet product, "Mega T" Green Tea, and Mega G Grapefruit. These three products accounted for \$5,707,304 in net sales, approximately 11% in the current fiscal year.

In October 2000, the Company paid \$450,000 to purchase, from Shiara Holdings, Inc., the following trademarks: "Cherry Vanilla", "Cloud Dance", "Sunset Cafe", "Vision", "Mandarin Vanilla" and "Amber Musk". (Those trademarks had been licensed by the Company since 1998; and, until their purchase, the Company had been committed to paying 5% royalties, a minimum of \$150,000 per annum minimum royalties, for mark-associated product sales.) Net sales of these products were \$1,682,806 (3% of sales) in the current fiscal year.

The Company's total net-sales in fiscal 2003 were approximately \$54,145,000 generating approximately \$35,977,000 in gross profits. International sales accounted for approximately 2 % of sales. The Company experienced a net profit of approximately \$5,212,000 for the current fiscal year. Its net worth is \$23,344,540. (See the Financial Statements and Notes.)

Including the principal members of management (see Directors and Executive Officers), the Company, at November 30, 2003, had 150 sales, administrative, creative, accounting, receiving, and warehouse personnel in its employ.

(b) Manufacturing and Shipping

The Company creates formulations, chooses colors and mixtures, and arranges with independent contractors for the manufacture of its products pursuant to Company specifications. Manufacturing and component-supply arrangements are maintained with several manufacturers and suppliers. Almost all orders and other product shipments are delivered from the Company's own warehouse facilities, which results in more effective inventory control, more efficient shipping procedures, and the realization of related economies.

(c) i Marketing

The Company markets its products to major drug, food and mass-merchandise retail chains, and leading wholesalers, through an in-house sales force of employees and independent sales representatives throughout the United States.

The Company sells its products to approximately 450 accounts, most of which have numerous outlets. Approximately 40,000 stores carry at least one Company product.

During the fiscal year ended November 30, 2003, the Company's largest customers were Wal-Mart (approximately 34% of

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

net sales), Walgreen (approximately 13%), Rite Aid, CVS, Eckerd and Albertson (approximately 8%, 7%, 6%, and 4%, respectively). The loss of any of these principal customers, or substantial reduction of sales revenues realized from their business, could materially and negatively affect the Company's earnings.

Most of the Company's products are not particularly susceptible to seasonal-sales fluctuation. However, sales of depilatory, sun-care and diet-aids products customarily peak in the Spring and Summer months, while fragrance-product sales customarily peak in the Fall and Winter months.

(c)ii Advertising

The Company has an in-house advertising department. The advertising staff designs point-of-purchase displays, including 'blister cards', sales brochures and packaging layouts. The production of displays, brochures, layouts and the like is accomplished through contract suppliers.

The Company primarily utilizes local and national television advertisements to promote its leading brands. On occasion, print and radio advertisements are engaged. In addition, and more-or-less continuously, store-centered product promotions are co-operatively undertaken with customers.

Each of the Company's brand-name products is intended to attract a particular demographic segment of the consumer market, and advertising campaigns are directed to the respective market-segments.

The Company's in-house staff is responsible for the 'traffic' of its advertising. Placement is accomplished directly and through media-service companies.

(d) "Wholly-Owned" Products

The majority of the Company's sales revenues are from sales of the Company's "wholly-owned" product lines (i.e., products sold under trademark names owned by the Company, and not subject to any other party's interest or license), which included principally "Plus+White", "Sudden Change", "Bikini Zone", "Mood Magic", "Mega T", "Cherry Vanilla", and "Scar Zone".

(e) All Products

Health and beauty, cosmetic and fragrance and over the counter products accounted for approximately 70%, 18% and 11%, respectively, of the Company's net-sales revenues during fiscal 2003.

3

(e) License-Agreements Products

i. Alleghany Pharmacal

In 1986, the Company entered into a license agreement with

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

Alleghany Pharmacal Corporation (the "Alleghany Pharmacal License"). Under the terms of the Alleghany Pharmacal License, the Company was granted, and yet retains, the exclusive right to manufacture and market certain products, and to use their associated trademarks, including "Nutra Nail," "Nutra Nail 60," "Pro Perm," "Hair Off," "Permathene" and "IPR".

The Alleghany Pharmacal License requires the Company (a) to pay royalties of 6% per annum on net sales of "Pro-Perm" hair-care products, the PPA-based and now discontinued dietary-product "Permathene", "IPR" foot-care products, "Nutra-Nail" nail-enamel products, and "Hair-Off" depilatories; and (b) to pay 1% royalties on net sales of a "Hair-Off" mitten that is a depilatory-product accessory, and "Nutra Nail 60", a fast-acting nail enamel, and "Nutra Nail Power Gel."

The Company is required to pay not less than \$360,000 per annum in order to maintain exclusive rights under the Alleghany Pharmacal License. (Royalties have always exceeded the minimum; but, if they did not, the Company would be entitled to maintain exclusive license rights by electing to pay the 'difference.' At the same time, the Company would not be required to pay any fee in excess of royalties payable in respect of realized sales if sales did not yield 'minimum royalties' and the Company chose in such circumstance to concede the license rights.)

The Alleghany Pharmacal License agreement provides that if, and when, in the aggregate, \$9,000,000 in royalties has been paid thereunder, the royalty-rate for those products now 'charged' at 6% will be reduced to 1%. The Company paid an aggregate of \$9,000,000 in royalties to Allegheny in April 2003. Commencing May 1, 2003, the license royalty was reduced to 1%.

The products subject to the Alleghany-Pharmacal License accounted for approximately \$14,777,460 or 27 % of total net sales in the fiscal year ended November 30, 2003. "Nutra Nail" and the "Hair-Off" depilatory were the leaders among all of the Company's license-agreement products, producing approximately 16% and 9%, respectively, of net sales.

ii. Solar Sense, Inc.

CCA commenced the marketing of its sun-care products line following a May 1998 License Agreement with Solar Sense, Inc. (the "Solar Sense License"), pursuant to which it acquired the exclusive right to use the trademark names "Solar Sense" and "Kids Sense" and the exclusive right to market mark-associated products. The Solar Sense License requires the Company to pay a 5% royalty on net sales of said licensed products until \$1 million total royalties are paid and 1%, thereafter; and minimum per-annum royalties of \$30,000. CCA realized approximately \$1,040,661 in net sales of sun-care products in 2003, and paid or accrued Solar Sense the royalty of \$52,033.

4

iii. The Nail Consultants Ltd.

In October of 1999, the Company entered into a License Agreement with The Nail Consultants, Ltd. for the use of an activator invented in connection with a method for applying a

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

protective covering to fingernails. The Company's License Agreement with The Nail Consultants, Ltd. is for the use of the method and its composition in a new product kit packaged and marketed by CCA under its own name, "Nutra Nail Power Gel". The Company is required to pay a royalty of 5% of net sales of all products sold under the license, by the Company. Net sales were approximately \$2,872,313 in 2003, and the Company paid or accrued the Nail Consultants a royalty of \$143,616.

iv. Hugger Corporation

In October 2002, the Company entered into a License Agreement with Hugger Corporation for use of its patented oral hygiene system to be used in conjunction with regular toothpaste. The Company's License Agreement is for the use of the product designated and referred to in the patent owned by Hugger Corporation. The Company designed, marketed and distributed the patented product called "Booster" under its Plus+White brand.

The Company is required to pay a 5% royalty of net sales payable quarterly. During the first 18-month contract period ending June 30, 2004, the minimum royalty the Company is required to pay is \$100,000 to maintain its exclusive rights under the License Agreement. Thereafter, the Company is required to pay a minimum royalty of \$50,000 annually. The royalty will continue until the Patent expires or an aggregate of \$3,500,000 is paid to Licensor. Until that time, Licensee has no liability to meet minimum royalty requirements except to maintain its rights under the License Agreement. In fiscal 2003, the net sales were \$815,634, and the Company paid or accrued royalties of \$40,781.

v. Other Licenses

The Company is not party to any other license agreement that is currently material to its operations.

(f) Trademarks

The Company's own trademarks and licensed-use trademarks serve to identify its products and proprietary interests. The Company considers these marks to be valuable assets. However, there can be no assurance, as a practical matter, that trademark registration results in marketplace advantages, or that the presumptive rights acquired by registration will necessarily and precisely protect the presumed exclusivity and asset value of the marks.

5

(g) Competition

The market for cosmetics and perfumes, and health-and-beauty aids products in general, including patent medicines, is characterized by vigorous competition among producers, many of whom have substantially greater financial, technological and marketing resources than the Company. Major competitors such as Revlon, L'Oreal, Colgate, Del Laboratories, Unilever, and Procter & Gamble have Fortune 500 status, and the broadest-based public recognition of their products. Moreover, a substantial number of

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

other health-and-beauty aids manufacturers and distributors may also have greater resources than the Company.

(h) Government Regulation

All of the products that the Company markets are subject or potentially subject to particular regulation by government agencies, such as the U.S. Food and Drug Administration, the Federal Trade Commission, and various state and/or local regulatory bodies. In the event that any future regulations were to require new approval for any in-the-market products, or should require approval for any planned product, the Company would attempt to obtain the necessary approval and/or license, assuming reasonable and sufficient market expectations for the subject product. However, there can be no assurance, in the absence of particular circumstances, that Company efforts in respect of any future regulatory requirements would result in approvals and issuance of licenses. Moreover, if such license-requirement circumstances should arise, delays inherent in any application-and-approval process, as well as any refusal to approve, could have a material adverse affect upon existing operations (i.e., concerning in-the-market products) or planned operations.

Item 2. PROPERTY

The principal executive offices of the Company are located at 200 Murray Hill Parkway, East Rutherford, New Jersey. Under a new net lease, the Company occupies approximately 60,600 square feet of space. Approximately 43,600 square feet in such premises is used for warehousing and 17,000 square feet for offices. The annual rental is \$327,684, with an annual CPI increase of 3% but not to exceed 15% cumulative 5 year increase. The lease expires on May 31, 2012 with a renewal option for an additional five years.

The lease requires the Company to pay for additional expenses, Common Area Maintenance ("CAM"), which includes real estate taxes, common area expense, utility expense, repair and maintenance expense and insurance expense. For the year ended November 30, 2003, CAM was \$220,829.

6

Item 3. LEGAL PROCEEDINGS

The only material legal proceedings outstanding as of November 30, 2003 were related to the Company's diet suppressant products containing phenylpropanolamine ("PPA"). There were approximately eleven suits pending in 2002. Reference is made to Forms 8K filed on May 22, 2002 and November 20, 2002 for the background and the insurance issues relative thereto. Three additional 8Ks have been filed: one on October 29, 2003, one on November 24, 2003 and one on December 11, 2003. Seven of the suits have been dismissed with prejudice. An additional suit is in the process of being dismissed.

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

There are approximately 5,000 suits that have been brought against the numerous pharmaceutical companies that have been engaged in distributing and/or manufacturing PPA products. Almost all have been referred to the United States District Courts in the Western District of Washington (MDL 1407). Outside counsel for the Company believes that the three PPA cases still pending against the Company are defensible. Of the Company's three pending suits, one is insured by the Company's liability carrier. However, there can be no assurance that the current PPA litigation will not have a material adverse effect upon the Company's operations.

Item 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On July 9, 2003, the Company held its annual meeting of shareholders. The actions taken, and the voting results thereupon, were as follows:

(1) David Edell, Ira W. Berman, Jack Polak, and Stanley Kreitman were elected as directors by the holders of Class A Common Stock. (No proxy was solicited therefore, whereas Messrs. Berman, Polak and David Edell own more than 98% of the Class A Common Stock, and they proposed themselves and Mr. Kreitman.)

(2) As proposed by Management, Drew Edell, Dunnan Edell and Robert Lage were elected as directors by the holders of the Common Stock.

(3) Shareholders approved the authorization proposed by the Board of Directors for the 2003 Stock Option Plan, which authorized the issuance of options to issue up to 1,000,000 shares of common stock.

(4) The Board's appointment of Sheft Kahn & Company LLP as the Company's independent certified public accountants for the 2003 fiscal year was approved.

The Company has not submitted any matter to a vote of security holders since the 2003 Annual Meeting.

7

PART II

Item 5. MARKET FOR THE COMPANY'S COMMON STOCK AND RELATED SHAREHOLDER MATTERS

In June 2000, the Company filed a Schedule TO (and an Amendment No.1 thereto) with the Securities And Exchange Commission ("S.E.C."); and, contemporaneously thereafter, presented the tender offer subject of the Schedule to its shareholders. Pursuant thereto, the Company offered to purchase up to 2,500,000 shares of its own Common Stock (but not Class A Common Stock), in exchange for a \$2 subordinated debenture, maturing August 1, 2005, with 6% interest, payable semi-annually. In response, 278,328 shares were tendered and accepted for payment. The tender offer closed, as provided in the Schedule TO

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

and the Offer documents presented to all Common Stock shareholders, on July 31, 2000. (A second and final amendment to the Schedule TO, reporting the results of the tender offer, was filed with the S.E.C. on August 1, 2000.)

The Company's Common Stock was traded on the NASDAQ National Market. Because, for some time (a) the Common Stock had traded at less than \$1.00 per share, and (b) the total market value of shares available for public trading had been below \$5,000,000, NASDAQ notified the Company that its stock was de-listed. The stock was then traded on the National Market Bulletin Board and continued trading on the BB through the first quarter of fiscal 2003. On March 18, 2003 the stock was listed and began trading on the American Stock Exchange under the symbol "CAW."

The range of high and low sales prices of the Common Stock during each quarter of its 2003, 2002 and 2001 fiscal years was as follows:

Quarter Ended	2003	2002	2001
February 29	\$3.80 - \$1.70	\$1.73 - \$1.25	\$.93 - \$.37
May 31	\$5.43 - \$3.05	\$1.74 - \$1.38	\$1.09 - \$.62
August 31	\$8.69 - \$5.10	\$2.00 - \$1.55	\$1.90 - \$.85
November 30	\$8.50 - \$6.60	\$1.99 - \$1.55	\$1.56 - \$.82

The high and low prices for the Company's Common Stock, on February 5, 2004 were \$8.55 to \$7.55 per share.

The Company's only `sales' of unregistered securities were represented by its issuance, in consequence of the above described tender offer and Schedule TO, of the \$2, five-year promissory notes, 6% interest, subject of the offer's \$2 subordinated debenture. (Those securities are unregistered pursuant to an exemption from registration requirements. In any event, and in addition to the form denominated by the S.E.C. as "Schedule TO", with the Schedule TO information, the following documents subject of the tender offer were filed with the S.E.C., prior to commencement of the offering: A Trust Indenture, a form of the eventually-issued Promissory Notes, and the Offering Document that was thereafter transmitted to Common Stock shareholders.)

As at November 30, 2003, there were approximately 199 individual shareholders of record of the Company's common stock. (There are a substantial number of shares held of record in various street and depository trust accounts, which represent approximately 1,000 additional shareholders.)

The dividend policy is at the discretion of the Board of Directors and will depend on numerous factors, including earnings, financial requirements and general business conditions. On January 8, 2003, the Board of Directors approved the payment of the Company's first cash dividend in the amount of \$0.12 per share, payable to the holders of the Company's common stock, \$0.06 payable on May 1, 2003 and December 1, 2003 to the

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

shareholders of record on April 1, 2003 and November 1, 2003, respectively.

On December 13, 2003, the Board of Directors declared a \$0.14 per share dividend for fiscal 2004, \$0.07 payable to all shareholders of record May 1, 2004 payable on June 1, 2004 and \$0.07 payable to all shareholders of record November 1, 2004 payable on November 30, 2004.

These statements involve known and unknown risks and uncertainties that may cause actual results or outcomes to be materially different from any future results, performances or achievements expressed or implied by such forward-looking statements, and statements which explicitly describe such issues. Investors are urged to consider any statement labeled with the terms "believes," "expects," "intends" or "anticipates" to be uncertain and forward-looking.

On March 3, 1986, the Company entered into a License Agreement with Alleghany Pharmacal Corporation under the terms of which the Company was granted the exclusive right to use the licensed products and trademarks for the manufacture and distribution of the products subject to the License Agreement. Under the terms of the Alleghany Pharmacal License (see "Business-License Agreements"), the royalty-rate for those Alleghany Pharmacal License products previously 'charged' at 6% will be reduced to 1% now that the sum of \$9,000,000 in royalties has been paid thereunder. In April 2003, the Company concluded payment of an aggregate of \$9,000,000. Therefore, all royalty payments were reduced to 1% on all future orders.

Comparison of Results for Fiscal Years 2003 and 2002

The Company's revenues increased from \$45,680,974 in fiscal 2002 to \$54,736,751 in the current fiscal year. Gross profit margins remained at 66% this year as they were last year. Net income was \$5,252,131 as compared to \$3,074,353 in fiscal 2002. In accordance with GAAP, the Company reclassified certain advertising expenditures as a reduction of sales rather than report them as advertising expenses. The reclassification is the adoption by the Company of the EITF 90-16 GAAP standard. The reclassification reflects a reduction in sales for the years ended November 30, 2003 and 2002 by \$1,760,308 and \$1,169,775, respectively. The reclassification reduces the gross profit margin but does not affect the net income.

For the current fiscal year, advertising, cooperative and promotional allowance expenditures were \$10,328,695 as compared to \$9,239,249 in fiscal 2002. Advertising expenditures were 19.1% of sales vs. 20.4% last year. SG&A expenses increased 8.8%

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

to \$16,753,269 from \$15,389,528 in 2002. The increase was due mainly to SG&A expenses, which vary in relation to additional sales volume (i.e. payroll, freight-out, royalties, etc.). Sales returns and allowances decreased to 8.5% of gross sales from 10.4% last year. Research and development expenses increased to \$884,425 this year from \$741,974 last year.

On January 22, 2002, K-Mart filed for bankruptcy under Chapter XI. As at November 30, 2002, after adjustments for charge-backs, there was approximately \$256,236 due and outstanding for pre-petition receivables for which the Company had set up a reserve of \$230,612 (90%). The Company's sales to K-Mart during 2003, all post-petition, were \$1,222,8421. As at

11

November 30, 2003, after K-Mart emerged from bankruptcy, all receivables from K-Mart as debtor-in-possession were current. In fiscal 2003, the Company wrote off the \$230,000 pre-petition receivables and reduced the reserve accordingly.

Currently, there is no indication as to what percentage of the payables owed by K-Mart will be paid to suppliers for the indebtedness prior to the filing of the Chapter XI petition. Subsequent to the write off of the reserve, there have been offers for 15% of the estimated pay out of the Company's undisputed non-contingent unsecured claims.

Comparison of Results for Fiscal Years 2002 and 2001

The Company's revenues increased from \$41,703,531 in fiscal 2001 to \$45,680,974 in the fiscal year 2002. Gross profit margins were 66% as compared to 64% last year. Net income was \$3,074,353 as compared to \$2,014,369 in fiscal 2001. In accordance with GAAP, the Company reclassified certain advertising expenditures as a reduction of sales rather than report them as advertising expenses. The reclassification is the adoption by the Company of the EITF 90-16 GAAP standard. The reclassification reflects a reduction in sales for the year ended November 30, 2002 and 2001 by \$1,169,755 and \$1,154,879, respectively. The reclassification reduces the gross profit margin but does not affect the net income.

For the fiscal year 2002, advertising, cooperative and promotional allowance expenditures were \$9,239,249 as compared to \$8,776,470 for fiscal 2001. Advertising expenditures were 20.4% of sales vs. 21.2% in 2001. SG&A expenses increased 11.4% to \$15,389,528 (this includes \$492,045 in legal fees as settlement from two outstanding lawsuits during the year) from \$13,812,890 in 2001. The increase was due mainly to SG&A expenses, which vary in relation to additional sales volume (i.e. payroll, freight-out, royalties, etc.). Sales returns and allowances decreased to 10.4% of gross sales from 11.5% in 2001. Research and development expenses increased to \$741,974 in fiscal 2002 from \$687,731 in 2001.

On January 22, 2002, K-Mart filed for bankruptcy under Chapter XI. Sales to K-Mart for the year ended November 30, 2001 were approximately \$2,352,000. As at November 30, 2002, after adjustments for charge-backs, there was \$256,236 due and outstanding for pre-petition receivables for which the Company

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

has set up a reserve of \$230,612 (90%). The Company's sales to K-Mart, as a debtor-in-possession, during 2002, were \$989,5582. As at February 18, 2003, there was \$147,647 due as administrative receivables from K-Mart as debtor-in-possession, all of which are current.

Currently there is no indication as to what percentage of the payables owed by K-Mart will be paid to suppliers for the indebtedness prior to the filing of the Chapter XI petition, or if there is absolute assurance that all administrative priorities (receivables owed) to suppliers under sales to K-Mart as a debtor-in-possession will be paid in full.

Liquidity and Capital Resources

As at November 30, 2003, the Company had working capital of \$11,565,685 as compared to \$11,264,206 at November 30, 2002. The increase would have been higher had the Company not allocated \$10,991,411 of their investments into longer-term fixed income instruments. All of the investments can be liquidated at any time. The ratio of total current assets to current liabilities is 2.9 as compared to a ratio of 3.1 to 1 for the prior year. Stockholders' equity increased to \$23,344,540 from \$18,835,423 primarily due to the income from operations.

The Company's cash position and short-term investments at year-end was \$3,839,235, down from \$5,065,191 as at November 30, 2002. The decrease is due to allocating more investments in long-term securities. In December 2003, the Company declared a \$.14 dividend for shareholders of record in May and November 2004 which will reduce the Company's cash position by approximately \$880,000.

Inventories were \$5,312,699 vs. \$3,743,131, and accounts receivable were \$6,604,982 vs. \$6,265,955. Current liabilities are \$5,982,267 vs. \$5,462,799 in the prior year. At year-end, the Company had long and short-term triple A investments and cash of \$14,830,646 as compared to \$11,788,709. As of November 30, 2003, the Company was not utilizing any of the funds available under its \$10,000,000 unsecured credit line.

Inventory, Seasonality, Inflation and General Economic Factors

The Company attempts to keep its inventory for every product at levels that will enable shipment against orders within a three-week period. However, certain components must be inventoried well in advance of actual orders because of time-to-acquire circumstances. For the most part, purchases are based upon projected quarterly requirements, which are projected based upon sales indications received by the sales and marketing departments, and general business factors. All of the Company's contract-manufacture products and components are purchased from non-affiliated entities. Warehousing is provided at Company facilities, and all products are shipped from the Company's warehouse facilities.

None of the Company's products are particularly seasonal, but sales of its sun-care, depilatory and diet-aid products usually peak during the Spring and Summer seasons, and perfume

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

sales usually peak in Fall and Winter. The Company does not have a product that can be identified as a 'Christmas item'.

Because its products are sold to retail stores (throughout the United States and, in small part, abroad), sales are particularly affected by general economic conditions. Accordingly, any adverse change in the economic climate can have an adverse impact on the Company's sales and financial condition. The Company does not believe that inflation or other general economic circumstance that would negatively affect operations can be predicted at present, but if such circumstances should occur, they could have material and negative impact on the Company's net sales and revenues; and, more particularly, unless the Company

13

was able to pass along related cost increases to its customers. There was no significant impact on operations as a result of inflation during the current fiscal year.

Contractual Obligations

The following table sets forth the contractual obligations in total for each year of the next five years as at November 30, 2003. Such obligations include the current lease for the Company's premises, written employment contracts and License Agreements.

	2004	2005	2006	2007	2008
Lease on Premises (1)	548,513	548,513	548,513	548,513	548,513
Royalty Expense (2)	640,000	640,000	640,000	640,000	640,000
Employment Contracts (3)	2,098,257	2,192,771	2,292,957	2,399,154	1,988,724
Total Contractual Obligations	2,776,770	2,821,284	2,921,470	3,027,667	2,617,237

(1) The Lease is a net, net lease requiring a yearly rental of \$327,684 plus Common Area Maintenance "CAM". See Section Part I, Item 2. The rental provided above is the base rental and estimated CAM. CAM for 2003 was \$220,829. The figures above do not include adjustments for the CPI. The lease has an annual CPI adjustment of 3%, not to exceed 15% cumulative for five years.

(2) See Section Part I, Item 1(e). The Company is not required to pay any royalty in excess of realized sales if the Company chooses not to continue under the license. The figures set forth above reflect estimates of the royalty expense anticipated under the various contracts for the licensed products based on fiscal 2003 sales. Royalty expense includes Alleghany Pharmacal, Solar Sense, Hugger Corporation, Nail Consultants, Sweet Enders, Pop Up Nails and Lobe Wonder.

(3) The Company has executed Employment Contracts with its CEO, David Edell, and its Chairman of the Board, Ira W. Berman. The contracts for both are exactly the same. The contracts expire on December 31, 2010. The contracts provide for a base salary which commenced in 1994 in the amount of \$300,000 (plus a bonus of 20% of the base salary), with a year-to-year CPI or 6%, plus 2.5% of the Company's pre-tax income less depreciation and amortization (EBITDA). (The 2.5% measure in the bonus provision of the

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

Edell/Berman contracts was amended so as to calculate it against earnings before income taxes, less depreciation, amortization and expenditures for media and cooperative advertising in excess of \$8,000,000.) On May 24, 2001, the contract was amended increasing the base salary to \$400,000. The figures above include the total salaries for fiscal 2003 and only the base salaries for the five years (plus 20% of the base salary), and adjustment for CPI, and without estimating bonuses, as the bonus is contingent upon future earnings. David Edell's sons, Dunnan Edell and Drew Edell have five-year employment contracts in the amounts of \$270,000 and \$200,000 respectively, which expire on November 30, 2007 (See Item 11, Summary Compensation Table). In July 2003, Dunnan Edell's salary was increased to \$300,000 and in January 2004, Drew Edell's salary was increased to \$225,000.

14

Dunnan Edell is a director and during fiscal 2003 was appointed President of the Company. Drew Edell is a director and the Vice President of Operations and Research, and Product Development.

Cautionary Statements Regarding Forward-Looking Statements

This annual report contains forward-looking statements based upon current expectations of management that involve risks and uncertainty. Actual risks could differ materially from those anticipated. Additional risks and uncertainties not presently known may possibly impair business operations. If any of these risks actually occur, the business, financial conditions and operating results could be materially adversely affected. The cautionary statements made in this Annual Report on Form 10K should be read as being applicable to all forward-looking statements whenever they appear in this Annual Report.

Concentration of Risk

The Company relies on mass merchandisers and major drug chains for the sales of its products. The loss of any one of those accounts could have a substantive negative impact upon its financial operations. {See Business - General, Item 1(c) i Marketing.}

The Company does not manufacture any of its products. All of the products are manufactured for the Company by independent contract manufacturers. There can be no assurance that the failure of a supplier to deliver the products ordered by the Company when requested will not cause burdensome delays in the Company's shipments to accounts. The Company does constantly seek alternative suppliers should a major supplier fail to deliver as contracted. A failure of the Company to ship as ordered by its accounts could cause penalties and/or cancellations.

There is No Assurance That Business Will Continue to Operate Profitably.

In the current year, net sales were \$54,145,480. Almost all of the products were able to maintain the projected gross profit margins. Net income is \$5,252,131. There were no FDA policies

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

that affected the Company's brands. In 2000, the FDA suggested the discontinuance of the Company's products containing PPA. As a result, revenues that year were reduced by \$1,245,000 due to returns. In addition, the Company also wrote down \$255,000 in inventory causing the Company to incur a loss of \$654,510 for the year. This fiscal year, the replacement products for the dietary supplements containing PPA had net revenues of \$5,915,484.

The Pending Litigations in Connection with the Sale of the Company's Products Containing PPA May Entail Significant Uncertainty and Expense.

As described in "Legal Proceedings" set forth, there were referenced 8Ks filed on May 23, 2002 and November 20, 2002, in which the legal issues were discussed. Three additional 8Ks were filed, one on October 29, 2003, one on November 24, 2003 and one on December 11, 2003 advising of the dismissal of seven of the

15

eleven lawsuits. An additional lawsuit is in the process of being dismissed. As previously advised, it is independent counsel's opinion that the Company has a defensible position in the three remaining lawsuits.

Competition in the Cosmetic, Health and Beauty Aid Industry is Highly Competitive.

Reference is made to "Business ` Sub-section' of Competition."

CLASS A Shareholders Retain Control of Board of Directors.

See "Voting" in the Proxy Statement dated May 24, 2003. Class A Shareholders, David Edell, CEO and Ira W. Berman, Chairman of the Board of Directors, have the right to elect four members to the Board of Directors. Common stockholders have the right to elect three members to the Board of Directors.

Future Success Depends on Continued New Product Development.

The Company is not financially as strong to compete with the major companies against whom it competes. The ability to successfully introduce new niche products and increase the growth and profitability of its current niche brand products will affect the business and prospects of the future of the Company.

Item 7A. QUANTITATIVE AND QUALITATIVE
DISCLOSURE ABOUT MARKET RISK

The Company's financial statements (See Item 15) record the Company's investments under the "mark to market" method (i.e., at date-of-statement market value). The investments are, categorically listed, in "Common Stock", "Mutual Funds", "Other Equity", "Preferred Stock", "Government Obligations" and "Corporate Obligations" (which, primarily, are intended to be held to maturity). \$510,288 of the Company's \$13,632,859 portfolio of investments (approximate, as at Nov. 30, 2003) is invested in the "Common Stock" and "Other Equity" category, and approximately \$1,366,036 in that category are Preferred Stock holdings. Whereas the Company does not take positions or engage in transactions in risk-sensitive market instruments in any substantial degree, nor as defined by SEC rules and instructions, thus the Company does not believe that its investment-market risk is material.

Item 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Item 9A. CONTROLS AND PROCEDURES

With the participation of our Chief Executive Officer and Chief Financial Officer, management has carried out an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of November 30, 2003.

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) subsequent to the date the controls were evaluated that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

(1) On November 3, 1998, the full Board of Directors authorized the repricing in consequence of a declining market valuation, inconsistent with the Company's realizable value. The market price of the Common Stock at the date of repricing was \$1.00; and, at that date, the original option terms (10 years from August 1, 1997) had approximately 8 years and 10 months remaining. When the options were originally issued, on August 1, 1997, the market price of the Company's Common Stock was \$2.50. On May 24, 2001, the Company repriced the options again when the market price was \$.50.

(2) On June 10, 2000, the full Board of Directors authorized the repricing in consequence of a declining market valuation, inconsistent with the Company's realizable value. The market price of common stock at the date of repricing was \$1.10; and at that date the original terms (5 years from June 10, 1995) were extended for an additional 5 years. When the options were originally issued on June 10, 1995, the market price of the Company's common stock was \$3. On May 24, 2001, the Company repriced the options again when the market price was \$.50, and changed the expiration date to August 1, 2007.

iii. Compensation of Directors

Each outside director was paid \$3,000 per meeting for attendance of board meetings in fiscal 2003 (without additional compensation for committee meetings). No new options were granted to any director in 2003. Mr. Lage received an additional \$15,000 as chairman of the audit committee. The full Board of Directors met four times in fiscal 2003.

23

iv. Executive Compensation Principles

Audit and Compensation Committee

The Company's Executive Compensation Program is based on guiding principles designed to align executive compensation with Company values and objectives, business strategy, management initiatives, and financial performance. In applying these principles the Audit and Compensation Committee of the Board of Directors, comprised of Stanley Kreitman, Jack Polak and Robert Lage, which met three times in fiscal 2003, has established a program to:

- .. Reward executives for long-term strategic management and the enhancement of shareholder value.

- .. Integrate compensation programs with both the Company's annual and long-term strategic planning.
- .. Support a performance-oriented environment that rewards performance not only with respect to Company goals but also Company performance as compared to industry performance levels.

Stanley Kreitman, former president of a national bank, qualifies as a "financial expert" as defined by the SEC in Instruction 1 to proposed Item 309 of Regulation S-K, which is set forth in the SEC Release No. 34 - 46701 dated October 22, 2003. Mr. Kreitman is an "independent" as that term is used in Section 10A(m) (3) of the Exchange Act.

Jack Polak was knighted by the Dutch government in 1993. He is a certified Dutch tax consultant and a member of the association of certified tax accountants. The Board has deemed that he is both "independent" and qualifies as a "financial expert."

Robert A. Lage, age 67, chairman of the audit committee and a retired CPA, was a partner at PriceWaterhouseCoopers Management Consulting Service prior to his retirement in 1997. He has been engaged in the practice of public accounting and management consulting since 1959. He received a BBA from Bernard Baruch College of the City University of New York in 1958. The Board has deemed that he is both "independent" and qualifies as a "financial expert".

v. Employment Contracts/Compensation Program

The total compensation program consists of both cash and equity based compensation. The Audit and Compensation Committee (the "Committee") determines the level of salary and bonuses, if any, for key executive officers of the Company. The Committee determines the salary or salary range based upon competitive norms. Actual salary changes are based upon performance, and bonuses were awarded by the Committee in consideration of the Company's performance during the 2003 fiscal year.

24

The Company has executed Employment Contracts with its CEO, David Edell and its Chairman of the Board, Ira W. Berman. The contracts for both are exactly the same. The contracts expire on December 31, 2010. The contracts provide for a base salary which commenced in 1994 in the amount of \$300,000, with a year-to-year CPI or 6% plus 2.5% of the Company's pre-tax income less depreciation and amortization (EBITDA), plus 20% of the base salary for the fiscal year. (The "2.5% measure" in the bonus provision of the Edell/Berman contracts was amended so as to calculate it against earnings before income taxes, less depreciation, amortization and expenditures for media and cooperative advertising in excess of \$8,000,000. On May 24, 2001, the contract was amended increasing the base salary to \$400,000.

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

David Edell's sons, Dunnan Edell and Drew Edell have five-year employment contracts in the amounts of \$270,000 and \$200,000 respectively, which expire on November 30, 2007. (See Item 11, Summary Comprehensive Table). Dunnan Edell is a director and President of the Company. Drew Edell is a director and the Vice President of Operations and Research and Product Development. On July 1 2003, Dunnan Edell's salary was increased to \$300,000, and on January 5, 2004, Drew Edell's salary was increased to \$225,000.

vi. Stock Option Plans

Long-term incentives are provided through the issuance of stock options.

(The 1984 Stock Option Plan covered 1,500,000 shares of its Common Stock, and the 1986 Stock Option Plan covered 1,500,000 shares of its Common Stock.) On July 9, 2003, the Company's Stock Option Plan was approved by the shareholders authorizing the issuance of options to issue up to 1,000,000 shares.

The Company's 2003 Stock Option Plan covers 1,000,000 shares of its Common Stock.

The 2003 Option Plan provides (as had the 1984 , 1986 and the 1994 plans) for the granting of two (2) types of options: "Incentive Stock Options" and "Nonqualified Stock Options". The Incentive Stock Options (but not the Nonqualified Stock Options) are intended to qualify as "Incentive Stock Options" as defined in Section 422(a) of The Internal Revenue Code. The Plans are not qualified under Section 401(a) of the Code, nor subject to the provisions of the Employee Retirement Income Security Act of 1974.

Options may be granted under the Options Plans to employees (including officers and directors who are also employees) and consultants of the Company provided, however, that Incentive Stock Options may not be granted to any non-employee director or consultant.

Option plans are administered and interpreted by the Board of Directors. (Where issuance to a Board member is under consideration, that member must abstain.) The Board has the power, subject to plan provisions, to determine the persons to whom and the dates on which options will be granted, the number

25

of shares subject to each option, the time or times during the term of each when options may be exercised, and other terms. The Board has the power to delegate administration to a Committee of not less than two (2) Board members, each of whom must be disinterested within the meaning of Rule 16b-3 under the Securities Exchange Act, and ineligible to participate in the option plan or in any other stock purchase, option or appreciation right under plan of the Company or any affiliate. Members of the Board receive no compensation for their services in connection with the administration of option plans.

Option Plans permit the exercise of options for cash, other property acceptable to the Board or pursuant to a deferred

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

payment arrangement. The 1994 Plan specifically authorizes that payment may be made for stock issuable upon exercise by tender of Common Stock of the Company; and the Executive Committee is authorized to make loans to option exercisers to finance optionee tax-consequences in respect of option exercise, but such loans must be personally guaranteed and secured by the issued stock.

The maximum term of each option is ten (10) years. No option granted is transferable by the optionee other than upon death.

Under the plans, options will terminate three (3) months after the optionee ceases to be employed by the Company or a parent or subsidiary of the Company unless (i) the termination of employment is due to such person's permanent and total disability, in which case the option may, but need not, provide that it may be exercised at any time within one (1) year of such termination (to the extent the option was vested at the time of such termination); or (ii) the optionee dies while employed by the Company or a parent or subsidiary of the Company or within three (3) months after termination of such employment, in which case the option may, but need not provide that it may be exercised (to the extent the option was vested at the time of the optionee's death) within eighteen (18) months of the optionee's death by the person or persons to whom the rights under such option pass by will or by the laws of descent or distribution; or (iii) the option by its terms specifically provides otherwise.

The exercise price of all nonqualified stock options must be at least equal to 85% of the fair market value of the underlying stock on the date of grant. The exercise price of all Incentive Stock Options must be at least equal to the fair market value of the underlying stock on the date of grant. The aggregate fair market value of stock of the Company (determined at the date of the option grant) for which any employee may be granted Incentive Stock Options in any calendar year may not exceed \$100,000, plus certain carryover allowances. The exercise price of an Incentive Stock Option granted to any participant who owns stock possessing more than ten (10%) of the voting rights of the Company's outstanding capital stock must be at least 110% of the fair market value on the date of grant.

As at November 30, 2003, 427,500 stock options, yet exercisable, to purchase 427,500 shares of the Company's Common Stock, were outstanding.

Item 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth certain information regarding the ownership of the Company's Common Stock and/or Class A Common Stock as of November 30, 2003 by (i) all those known by the Company to be owners of more than five percent of the outstanding shares of Common Stock or Class A Common Stock; (ii) each officer and director; and (iii) all officers and directors as a group. Unless otherwise indicated, each of the shareholders has sole voting and investment power with respect to the shares owned (subject to community property laws, where applicable), and is beneficial owner of them.

(1) The number of "Option Shares" represents the number of shares that could be purchased by and upon exercise of unexercised options exercisable within 60 days; and the percentage ownership figure denominated "Assuming Option Share Exercise" assumes, per person, that unexercised options have been exercised and, thus, that subject shares have been purchased and are actually owned. In turn, the "assumed" percentage ownership figure is measured, for each owner, as if each had exercised such options, and purchased subject `option shares,' and thus increased total shares actually outstanding, but that no other option owner had `exercised and purchased.'

(2) David Edell, Ira Berman own 100% of the outstanding shares of Class A Common Stock. Messrs. David Edell, Dunnan Edell, Drew Edell and Ira Berman are officers and directors. Mr. Bingman is an officer. Messrs. Lage, Kreitman and Polak are Directors.

29

Engagements Subject to Approval

Under its charter, the Audit Committee must pre-approve all subsequent engagements of our independent auditor unless an exception to such pre-approval exists under the Securities Exchange Act of 1934 or the rules of the Securities and Exchange Commission. Each year, the independent auditor's retention to audit our financial statements, including the associated fee, is approved by the committee before the filing of the preceding year's annual report on form 10-K. At the beginning of the fiscal year, the Audit Committee will evaluate other known potential engagements of the independent auditor, including the scope of the work proposed to be performed and the proposed fees, and approve or reject each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent auditor's independence from management. At each subsequent committee meeting, the committee will receive updates on the services actually provided by the independent auditor, and management may present additional services for approval. The committee has delegated to the Chairman of the committee the authority to evaluate and approve engagements on behalf of the committee in the event that a need arises for pre-approval between committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full committee at the next committee meeting.

Since the May 6, 2003 effective date of the Securities and Exchange Commission rules stating that an auditor is not

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

independent of an audit client if the services it provides to the client are not appropriately approved, each new engagement of Sheft Kahn & Company LLP was approved in advance by the Audit Committee, and none of those engagements made use of the de minimus exception to pre-approval contained in the Commission's rules.

Board of Directors
CCA Industries, Inc.
East Rutherford, New Jersey

We have audited the consolidated balance sheets of CCA Industries, Inc. and Subsidiaries as of November 30, 2003 and 2002, and the related consolidated statements of income, comprehensive income, shareholders' equity and cash flows for each of the three years in the period ended November 30, 2003. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain a reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and related schedules. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of CCA Industries, Inc. and Subsidiaries as of November 30, 2003 and 2002, and the consolidated results of their operations and their cash flows for each of the three years in the period ended November 30, 2003, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplemental schedules listed in the index to Item 15 are presented for purposes of complying with the Securities and Exchange Commission's rules and are not a required part of the basic consolidated financial statements. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic consolidated financial statements and, in our opinion, is fairly stated, in all material respects in relation to the basic consolidated financial statements taken as a whole.

CCA INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

CCA Industries, Inc. ("CCA") was incorporated in the State of Delaware on March 25, 1983.

CCA manufactures and distributes health and beauty aid products.

CCA has several wholly-owned subsidiaries (CCA Cosmetics, Inc., CCA Labs, Inc., Berdell, Inc., Nutra Care Corporation, and CCA Online Industries, Inc., all of which are currently inactive.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

Principles of Consolidation:

The consolidated financial statements include the accounts of CCA and its wholly-owned subsidiaries (collectively the "Company"). All significant inter-company accounts and transactions have been eliminated.

Use of Estimates:

The consolidated financial statements include the use of estimates, which management believes are reasonable. The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Other Comprehensive Income:

Total comprehensive income includes changes in equity that are excluded from the consolidated statements of operations and are recorded directly into a separate section of consolidated statements of comprehensive income. The Company's accumulated other comprehensive income shown on the consolidated balance sheet consist of unrealized gains and losses on investment holdings.

Short-Term Investments and Marketable Securities:

Short-term investments and marketable securities consist of corporate and government bonds and equity securities. The Company has classified its investments as Available-for-Sale securities. Accordingly, such investments are reported at fair market value, with the resultant unrealized gains and losses reported as a separate component of shareholders' equity.

Statements of Cash Flows Disclosure:

For purposes of the statement of cash flows, the Company considers all highly liquid instruments purchased with an original maturity of less than three months to be cash equivalents.

Edgar Filing: CCA INDUSTRIES INC - Form 10-K/A

During fiscal 2002, two officers/shareholders exercised in the aggregate 200,000 options in exchange for 50,000 shares of previously issued common stock. The common shares are included in treasury stock on the balance sheet.

During fiscal 2003, three officers/shareholders exercised in the aggregate 157,000 options in exchange for 19,854 shares of previously issued common stock. The common shares are included in treasury stock on the balance sheet.

For the year ended November 30, 2003, dividends declared but not yet due amounted to \$379,117.

Inventories:

Inventories are stated at the lower of cost (first-in, first-out) or market.

Product returns are recorded in inventory when they are received at the lower of their original cost or market, as appropriate. Obsolete inventory is written off and its value is removed from inventory at the time its obsolescence is determined.

Property and Equipment and Depreciation and Amortization

Property and equipment are stated at cost. The Company charges to expense repairs and maintenance items, while major improvements and betterments are capitalized. When the Company sells or otherwise disposes of property and equipment items, the cost and related accumulated depreciation are removed from the respective accounts and any gain or loss is included in earnings.

Depreciation and amortization are provided on the straight-line method over the following estimated useful lives or lease terms of the assets:

Machinery and equipment	5-7 Years
Furniture and fixtures	3-10 Years
Tools, dies and masters	3 Years
Transportation equipment	5 Years
Leasehold improvements	Remaining life of the lease (ranging from 1-9 years)

Intangible Assets:

Intangible assets are stated at cost and consist primarily of trademarks which are amortized on the straight-line method over a period of 15-17 years.

Financial Instruments:

The carrying value of assets and liabilities considered financial instruments approximate their respective fair value.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes:

Income tax expense includes federal and state taxes currently payable and deferred taxes arising from temporary differences between income for financial reporting and income tax purposes.

Tax Credits:

Tax credits, when present, are accounted for using the flow-through method as a reduction of income taxes in the years utilized.

Earnings Per Common Share:

The Company adopted Statement of Financial Accounting Standards ("SFAS") No. 128, "Earnings Per Share" in 1998. Basic earnings per share is calculated using the average number of shares of common stock outstanding during the year. Diluted earnings per share is computed on the basis of the average number of common shares outstanding plus the effect of outstanding stock options using the "treasury stock method" and convertible debentures using the "if-converted" method. Common stock equivalents consist of stock options.

Revenue Recognition:

The Company recognizes sales upon shipment of merchandise. Net sales comprise gross revenues less expected returns, trade discounts, customer allowances and various sales incentives. Although no legal right of return exists between the customer and the Company, it is an industry-wide practice to accept returns from customers. The Company, therefore, records a reserve for returns equal to its gross profit on its historical percentage of returns on its last five months sales.

Reclassifications

In accordance with EITF 00-14, the Company has accounted for certain sales incentives offered to customers by charging them directly to sales as opposed to "advertising and promotional" expense. Had EITF 00-14 not been adopted, net sales for the years ended November 2003, 2002 and 2001 would have been \$55,905,788, \$46,850,507 and \$42,527,229, respectively.

NOTE 9 - STOCK OPTIONS (Continued)

Pro Forma Disclosure

The Company has adopted the disclosure-only provisions of Statement of Financial Accounting Standards No. 123, "Accounting for Stock Based Compensation", issued in October 1995. Accordingly, compensation cost is based on the intrinsic value of the option only. The Company recognized no compensation cost for 2003, 2002 and 2001, respectively, for stock-based employee compensation awards. The pro forma compensation cost for 2003, 2002 and 2001, respectively, for stock-based employee compensation awards was \$.8 million, \$1 million and \$.5 million. If the Company had elected to recognize compensation cost based on the fair value of the options granted at grant date, net income and earnings per share would have been changed to the pro forma amounts in the following table:

	2003		2002		As Reported
	As Reported	Pro Forma	As Reported	Pro Forma	
Net income	\$5,252,131	\$4,451,991	\$3,074,353	\$2,063,168	\$2,014,353
Diluted earnings per share	\$.69	\$.58	\$.41	\$.27	\$.27

The above pro forma amounts, for purposes of SFAS No. 123, reflect the portion of the estimated compensation cost earned in 2003, 2002 and 2001. For purposes of pro forma disclosures, the estimated fair value of the options is based on the intrinsic value over the options' vesting period (for stock options). The effects on pro forma disclosures of future years are likely to be representative of the effects on pro forma disclosures of future years.

CCA INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 9 - STOCK OPTIONS

The Company used the Black-Scholes model to value stock options for pro forma presentation. The assumptions used to estimate the value of the options included in the pro forma amounts and the weighted average estimated fair value of options granted are as follows:

	Stock Option Plan Shares		
	2003	2002	2001
Average expected life (years)	3.75	5.10	5.67
Expected volatility	185.67%	210.19%	204.59%
Risk-free interest rate	3.00%	2.88%	4.25%
Weighted average fair value at grant - Exercise price equal to market price	\$7.01	\$1.73	\$.69

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, the Black-Scholes model requires the input of highly subjective assumptions, including the expected stock price volatility and option life. Because the Company's stock options granted to employees have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, existing models do not necessarily provide a reliable measure of the fair value of its stock options granted to employees. For purposes of this model, no dividends have been assumed.

The Company has expanded the lines licensed from Alleghany and pays only 1% royalty on various new products created by the Company.

The Alleghany Pharmacal License agreement provided that if and when, in the aggregate, \$9,000,000 in royalties have been paid thereunder, the royalty rate for those products now "charged" at 6% will be reduced to 1%. The Company paid an aggregate of \$9,000,000 in royalties to Alleghany in April 2003. Commencing May 1, 2003, the license royalty was reduced to 1%.
