Item 1.01. Entry into a Material Definitive Agreement.

On May 8, 2006, Weight Watchers International, Inc. (the "Company") entered into a refinancing to reduce the effective interest rate on its debt obligations while increasing its borrowing capacity and extending the maturities of its credit facilities (as refinanced, the "New Credit Facilities"). Prior to the refinancing, the Company had \$294.4 million of debt outstanding under its term loans and had used \$182.8 million of its available \$350.0 million capacity under its revolving line of credit. Following the refinancing, the Company's term loans and revolving line of credit were repaid and replaced with a new Term Loan A in the amount of \$350.0 million and a new revolving line of credit (the "Revolver") with total available capacity of \$500.0 million. The Company used \$127.2 million of its capacity under the Revolver to complete the refinancing, resulting in \$372.8 million of remaining availability after the refinancing. The New Credit Facilities are governed by an amended and restated credit agreement among the Company, as borrower, the lenders party thereto, JPMorgan Chase Bank, N.A., as the syndication agent, JPMorgan Securities Inc., as a lead arranger and a book manager, and The Bank of Nova Scotia, as the administrative agent, a lead arranger and a book manager.

The borrowings bear interest at an initial annual rate of LIBOR plus 0.875% per annum, or at the Company's option, the alternate base rate (as defined in the credit agreement). In addition to paying interest on outstanding principal under the New Credit Facilities, the Company is required to pay a commitment fee to the lenders under the Revolver with respect to the unused commitments at an initial rate equal to 0.175% per annum.

As a result of the refinancing, the maturity date for the Revolver and the term loans have been extended from March 31, 2009 and March 31, 2010, respectively, to June 30, 2011. Until maturity, the Company's term loan will be subject to yearly amortization beginning in 2007 of 5%, 10%, 15%, 20% and 50%, respectively, of the aggregate term loan borrowings, payable quarterly. Loans outstanding under the New Credit Facilities (i) must be prepaid with net proceeds of certain permitted asset sales and (ii) may be prepaid at any time in whole or in part without premium or penalty. The Company's existing and future domestic subsidiaries (other than WeightWatchers.com, Inc. and its subsidiaries, while its debt is outstanding) have guaranteed the borrowings. The funds borrowed will be used for working capital and general corporate purposes.

The New Credit Facilities contain customary covenants, including affirmative and negative covenants that, in certain circumstances, restrict the Company's ability to incur additional indebtedness, pay extraordinary dividends on and redeem capital stock, make other restricted payments, including investments, sell Company assets and enter into consolidations, mergers and transfers of all or substantially all of the Company's assets. The New Credit Facilities also require the Company to maintain specified financial ratios and satisfy financial condition tests. The New Credit Facilities contain customary events of default. Upon the occurrence of an event of default under the New Credit Facilities, amounts outstanding may be immediately due and payable.

Cautionary Statements

The foregoing description of the terms of the New Credit Facilities does not purport to be complete and is qualified in its entirety by reference to each of the relevant agreements for the New Credit Facilities, which will be included in a subsequent filing with the Securities and Exchange Commission.
