As of the close of business on March 30, 2007, the Company had 13,800,584 shares of outstanding common stock, all of which are entitled to vote at the Annual Meeting.

Each share is entitled to one vote on each matter presented.

Transaction of business may occur at the meeting if a quorum is present. A quorum will be present if a majority of the voting power of the outstanding shares of common stock are present at the meeting, in person or by proxy. If a quorum is present at the Annual Meeting, the nominee for election to the Board of Directors who receives the greatest number of votes cast for the election of the director by shares present at the meeting, in person or by proxy, and entitled to vote, shall be elected.

In the absence of such specifications, the proxy will be voted for the election of the nominee for director and in accordance with the instructions of the Board of Directors as to any other matters. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of votes cast with respect to a proposal. Stockholders who attend the meeting may vote in person even though they have voted by proxy. A proxy is revocable at any time before it is voted and a proxy is automatically revoked upon the giving of a subsequent proxy or by voting in person at the meeting. The Company will bear the cost of solicitation of proxies, including the charges and expenses of brokers and others for forwarding solicitation materials to beneficial owners of stock. In addition to the use of mail, proxies may be solicited by personal interview, telephone or facsimile. Mellon Investor Services LLC, the Company s Transfer Agent, is prepared to assist the Company to solicit proxies, if necessary.

- Code of Ethics
- Audit Committee Charter
- Nominating Committee Charter
- Procedures for bringing concerns or complaints to the attention of the Audit Committee

These corporate governance documents are available in print to any stockholder upon request.

Board Independence

The Board of Directors is composed of a majority of independent directors as defined by the listing requirements of the American Stock Exchange (AMEX).

Communication to the Board

Stockholders wishing to communicate with the Board of Directors should address written correspondence to the Secretary of the Company who will present the communication to the Board.

Board Attendance at Annual Meeting

All members of the Board of Directors are encouraged to attend the Annual Meeting. All Directors attended the 2006 Annual Meeting.

AUDIT COMMITTEE

The Company has a standing Audit Committee of the Board of Directors. The Audit Committee consists of Messrs. Abramson (Chair), Beach, Hasebroock and LeBaron, who are independent directors, as defined by AMEX listing requirements. All Audit Committee members are financially literate. The Board of Directors has determined that Mr. Abramson is an audit committee financial expert as defined by Item 407(d)(5)(i)(A)(1) of Regulation S-K of the Securities and Exchange Commission. The Audit Committee assists the Board of Directors in fulfilling its responsibilities for oversight of the quality and integrity of the accounting, auditing, and reporting practices of the Company, and performs such other duties as are directed by the Board. The Committee's role includes a particular focus on the qualitative aspects of financial reporting to stockholders, and on the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical and regulatory requirements. The Committee is directly responsible for the appointment of the independent registered public accounting firm engaged to prepare or issue an audit report on the financial statements of the Company and periodically reviews and evaluates their performance and independence from management. All audit and permitted non-audit services are pre-approved by the Committee. Any services not covered by prior pre-approval or services exceeding the pre-approved cost levels, must be approved in advance by the

Committee. The Committee acts under a written charter, which was amended and restated by the Board of Directors during 2006. A copy of the Audit Committee Charter is appended to this proxy statement as Appendix A. During 2006, the Audit Committee met four times with all members present.

COMPENSATION COMMITTEE

The Compensation Committee is responsible for reviewing and recommending to the Board of Directors annually the compensation to be paid to the President and Chief Executive Officer of the Company. The Compensation Committee of the Company's Board of Directors consists of directors Welsh, as Chair, LeBaron and Hasebroock. The Committee met one time in 2006 via teleconference.

The Committee functions include:

- Determining the compensation of the Chief Executive Officer;
- Overseeing all other executive officers' compensation, including salary and payments under the Company's bonus and stock plans.

The Company also has an Outside Director Stock Option Committee, which is responsible for the granting of options under the Outside Directors Stock Option Plan. The Outside Director Stock Option Committee is comprised of Messrs. Brad French and Myron Kaplan, the Company's outside counsel. This committee took action by unanimous consent in lieu of a special meeting one time during 2006.

NOMINATING COMMITTEE

The members of the Nominating Committee are Messrs. Welsh (Chair), Abramson, Beach, LeBaron and Hasebroock. All members of the Nominating Committee are independent as defined by the AMEX listing requirements. The Nominating Committee acts under a written charter adopted by the Board of Directors. The Nominating Committee reports to and assists the Board of Directors in identifying individuals for membership to the Board and recommends to the Board the director nominees for the next Annual Meeting of Stockholders. The Nominating Committee met two times during 2006.

Director Nomination Process

Nominees are chosen for their ability to represent all of the stockholders, and for their character, judgment, fairness and overall ability. As a group, they are expected to set the appropriate policy for the Company, and to bring to the Board of Directors broad experience in business matters and an insight and awareness of the appropriate and ever-changing role that corporations should have in society. Because the advice of those facing similar problems is of particular value, executive officers of other corporations are desirable nominees.

The following personal criteria will be considered in selecting candidates for the Board of Directors:

- Independence
- Wisdom
- Integrity
- Understanding and general acceptance of our corporate philosophy
- Valid business or professional knowledge and experience, that can bear on our strategies and deliberations
- Proven record of accomplishment
- Willingness to speak one's mind

- Ability to challenge and stimulate management
- Future orientation
- Willingness to commit time and energy

The Nominating Committee evaluated John P. Wilmers using these criteria, and recommended his nomination to the Board of Directors. The Board, in turn, nominated Mr. Wilmers for election as a director at the 2007 Annual Meeting of Stockholders.

The Nominating Committee will also consider proposals for nominees for director from stockholders which are made in writing to the Secretary of the Company and comply with Bylaw requirements. The recommendation must contain sufficient background information concerning the nominee to enable a proper judgment to be made as to his or her qualifications. Recommendations must also include a written statement from the candidate expressing a willingness to serve.

**PROPOSAL 1
ELECTION OF DIRECTORS**

The Bylaws of the Company previously provided that the directors be divided into three classes. The members of each class served staggered three-year terms. Messrs. Alvin Abramson and Marc E. LeBaron were the Class I directors; Messrs. William F. Welsh, II, Christopher E. Beach and Mark D. Hasebroock were Class II directors; and Mr. John P. Wilmers was the Class III director. The terms of the Class I, Class II and Class III directors were to expire at the Annual Meeting of Stockholders to be held in 2008, 2009 and 2007, respectively.

In 2006, the Board of Directors and the stockholders approved an amendment to the Company's Certificate of Incorporation and Bylaws to declassify the Board of Directors to provide for the annual election of all directors. Current directors will continue to serve the remainder of their elected terms. Beginning with the election of what was the Class III director at this Annual Meeting, directors will be elected annually so that by the Annual Meeting in 2009, all directors will be elected annually. Mr. Wilmers' term expires this year and the Board of Directors has nominated him to serve until the 2008 Annual Meeting. The election of Mr. Wilmers requires the affirmative vote of a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote. Consequently, votes withheld and broker non-votes with respect to the election of the directors will have no impact on his election. Proxies which are properly signed and returned will be voted at the meeting. Stockholders may specify their preference by marking the appropriate boxes on the proxy and the proxy will then be voted in accordance with such specifications. In the absence of such specifications, the proxy will be voted for the election of the nominee for director and in accordance with the instructions of the Board of Directors as to any other matters.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

Decisions with respect to executive compensation are made by the Compensation Committee on an individual basis based upon a number of factors, including the provisions of any existing employment contract with an executive officer, evaluation of the executive officer's performance, the level of responsibility associated with the executive officer's office, recruitment requirements and the performance of the Company. Compensation of the executive officers of the Company has historically been structured to motivate, reward and retain the executive officers consistent with the needs of the Company from time to time. The major elements of the executive officers' compensation are base salary and short-term incentives.

The Compensation Committee in December 2006 engaged Compensation Strategies as the Committee's independent executive compensation consultant. Compensation Strategies reports directly to the Committee and provides advice on the structure and amounts of executive and director compensation.

Base Salary

The base salaries of executive officers have historically reflected, and will continue to reflect their individual contribution to the Company. Base salaries have historically been reviewed annually and may be changed based on the individual's performance or a change in competitive pay levels in the marketplace.

The Compensation Committee reviews and establishes the base salary of the Chief Executive Officer based on independent competitive data, his leadership in establishing performance standards in the conduct of the Company's business, and its expectation as to his future contributions in directing the long-term success of the Company and its business. The Committee increased Mr. Wilmers base salary to \$255,000 effective January 1, 2007.

Cash Bonuses

The Committee believes that the annual bonus of key employees, including executive officers, should be based on optimizing profits and prudent management of the capital employed in the business. Accordingly, the executive officers participated in the Executive Officers Performance Bonus Compensation Plan during 2006 pursuant to which they would receive cash bonuses if the Company achieved specific operating levels and the employee achieved certain individual goals, as defined. The bonus pool was based upon a percentage of operating income, as defined by the Board of Directors. No bonus was paid under the Plan during 2006, as the financial targets were not achieved. During March 2007, the Compensation Committee replaced this Plan with a new short-term incentive plan. This Plan provides for a target incentive bonus of 50% of the base salary for the Chief Executive Officer and 35% for other executive officers if certain Company and participant goals are met or exceeded. Certain other key employees also participate in the Plan. A minimum level of earnings must be attained before any incentive can be earned. In the event the Company was not profitable, but some of the objectives were met, no cash bonus would be paid but the Compensation Committee would consider a Restricted Stock Award. All target goals were established by the Compensation Committee and approved by the Board.

Stock Plans

During 2005, the Committee adopted, and the stockholders subsequently approved, the 2005 Restricted Stock Plan. The Committee believes that the Restricted Stock Plan provides a mechanism to link executive and stockholder interests and assist the Company in attracting and retaining key executives. No restricted stock units have been granted since the plan's inception date. The Company also has an Employee Stock Purchase Plan to provide a method by which eligible employees may purchase common

stock on a discounted basis through payroll deductions. The maximum number of shares of common stock that can be purchased pursuant to any plan year is two thousand shares. The Compensation Committee believes that participation in the plan provides eligible employees at all levels with a greater incentive to contribute to the success of the Company.

Retirement and Savings 401(k) Plan

The Company has adopted a Retirement and Savings 401(k) Plan, which is a combination savings and profit sharing plan designed to qualify under Section 401 of the United States Internal Revenue Code of 1986, as amended (the Code), including the provisions of Section 401(k). All employees of Ballantyne who are at least eighteen years old and who have completed six months of service are eligible to participate in the Plan.

Each Participant may defer up to 100% of their compensation. The Company will match 50% of the amount deferred up to 6% of their compensation. In addition, the Company may elect, at the discretion of the Board, to contribute an additional amount. All contributions to the Plan are nonforfeitable. For 2006, no Participant could contribute more than \$15,000 to the Plan and receive a deduction for federal income tax purposes while certain participants age 50 or older could contribute up to \$20,000.

Benefits may be distributed to Participants or their beneficiaries, as the case may be, in the event of a Participant's death, retirement or other termination of service, or, if the Participant so requests, on reaching age 59½. Participants may be eligible to withdraw benefits in case of hardship.

Contributions to the Plan made by the Company on behalf of Messrs. Wilmers, Boegner and Herrmann are included in the Summary Compensation Table.

Employment Contracts

Mr. Wilmers' base compensation was \$245,000 per year during fiscal 2006. During 2007, Mr. Wilmers' base compensation rose to \$255,000. He is also eligible to participate in the short-term incentive plan and other normal employee benefits. Mr. Wilmers' employment agreement expires in January 2008.

Mr. Boegner's base compensation was \$169,000 per year during fiscal 2006. During 2007, Mr. Boegner's base compensation rose to \$180,000. He is eligible to participate in the short-term incentive plan and other normal employee benefits. Mr. Boegner's employment agreement expires in January 2008.

Mr. Herrmann's base compensation is \$140,000. He is eligible to participate in the short-term incentive plan and other normal employee benefits. His employment agreement expires in May 2007, and the Company intends to enter into a new agreement with him that accounts for his promotion to Chief Financial Officer in late 2006.

In the event Mr. Wilmers' employment agreement is terminated other than for cause, Mr. Wilmers is entitled to receive, in addition to his accrued but unpaid salary, any bonus payment he would have been entitled to receive had his employment not been terminated. The value of this bonus benefit, assuming a termination date of December 31, 2006, as required by SEC rules, was approximately \$0.

In the event that their employment agreements are not renewed at the expiration of their terms, Mr. Wilmers and Mr. Boegner are entitled to severance benefits pursuant to the Company's then-existing severance policy or a minimum of one week of severance for each year of employment and all then-existing insurance benefits will continue during the severance period. Assuming a termination date of December 31, 2006, as required by SEC rules and assuming applicability of the Company's then-existing severance policy of providing employees with over 10 years of service with two weeks for each year of employment, the approximate value of the severance benefits would have been approximately \$287,500 for Mr. Wilmers

and \$169,200 for Mr. Boegner. The value of severance benefits for Mr. Herrmann under the same assumptions, given the then-existing policy of providing employees with over 5 years of service with 1.5 weeks for each year of employment would have been approximately \$38,700.

Mr. Wilmers and Mr. Boegner's employment agreements provide that in the event the Company is the subject of a sale transaction, either of its assets or stock, the purchaser must assume the employment agreements. They further provide for an automatic extension for a period of three years from the closing date of such a transaction. Mr. Herrmann's employment agreement provides for a three-year extension under such conditions.

Mr. Wilmers' employment agreement obligates the Company to continue medical insurance coverage at the Company's expense for him and his eligible dependents until he reaches age 65, and for his spouse until she reaches age 65 notwithstanding expiration of the agreement, provided that Mr. Wilmers is employed by the Company until at least age 62. After attaining age 65, Mr. Wilmers and his eligible dependents are entitled to medical insurance coverage if the Company provides such coverage for other retired senior executives. The Company will provide medical coverage for Mr. Wilmers' spouse until she reaches age 65 provided Mr. Wilmers remains employed by the Company until his retirement. As of December 31, 2006, the Company has accrued approximately \$262,600 toward this obligation.

The Company's obligations under the employment agreements with all three executives are conditioned upon their compliance with the terms of the agreement which include, as applicable, provisions concerning non-disclosure of confidential information and covenants not to solicit the Company's customers and employees.

Compensation Committee Interlocks and Insider Participation

During 2006 there were no compensation committee interlocks and no insider participation in compensation decisions that were required to be reported under the rules and regulations of the Securities and Exchange Act of 1934.

COMPENSATION COMMITTEE REPORT

The Compensation Committee oversees the Company's compensation program on behalf of the Board. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis set forth in this Proxy Statement and based on such review and discussion, has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

REPORT OF THE AUDIT COMMITTEE

The Company's management is responsible for the preparation of the Company's consolidated financial statements for the year ended December 31, 2006. The Company's independent registered public accounting firm, KPMG LLP (KPMG), audits the annual consolidated financial statements prepared by management and expresses an opinion as to whether those consolidated financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with U.S. generally accepted accounting principles. Additionally, KPMG conducts quarterly reviews of the Company's consolidated financial statements in accordance with the Statement on Auditing Standards (SAS) No. 100, Interim Financial Information. The Audit Committee meets with KPMG LLP in executive session to discuss any matters that the Committee or KPMG LLP believes should be discussed privately with the Audit Committee.

During the year ended December 31, 2006:

The Company's independent registered public accounting firm discussed with the Audit Committee issues required to be discussed by SAS No. 61 Communications with Audit Committees as amended by SAS No. 90, Audit Committee Communications. SAS No. 61, as amended by SAS No. 90, specifies that the discussion should involve management and include such matters as the consistency, clarity and completeness of accounting policies and disclosures.

- The Audit Committee reviewed the Company's audited financial statements, the Company's unaudited quarterly consolidated financial statements and met with both management and KPMG LLP to discuss those consolidated financial statements. Management has represented to the Audit Committee that those consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles.
- The Audit Committee has received and reviewed written disclosures from KPMG LLP required by Independent Standards Board Standard No. 1, Independence Discussions with Audit Committees (concerning matters that may affect an auditor's independence) and has discussed with KPMG LLP its independence. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with their independence.
- Based upon its review and the discussions noted above, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006.

The foregoing report is submitted by the Audit Committee in accordance with the requirements of the Securities Exchange Act of 1934 and the rules and regulations thereunder.

PERFORMANCE GRAPH

The following performance graph shows the cumulative total return on the Company's common stock, the S & P 500 Market Value Index and a peer group for the past five years. The peer group is made up of two corporations (namely Concord Camera Corp and Optibase Limited). The peer group is comprised of companies with a market capitalization between approximately \$28 million and \$70 million, each of which is engaged in the sale of products related to the theater, motion picture or image capturing or image projection businesses. The Company is unable to identify, for comparison purposes, any public industry or line-of-business indices because the small number of companies offering similar or competing products are divisions or subsidiaries of much larger, diversified companies.

The performance graph assumes the value of the investment in the common stock and each index was \$100 and that all dividends were reinvested.
