**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds Letter to Shareholders**

July 31, 2007

Dear Shareholder:

We are pleased to provide you with the annual report for the PIMCO Floating Rate Income Fund and PIMCO Floating Rate Strategy Fund (collectively the Funds) for the fiscal year ended July 31, 2007.

Following a steady succession of interest-rate increases, the Federal Reserve Board (the Fed) set short-term interest rates at 5.25% at the beginning of the period and held fast to that level throughout the fiscal year. The Fed cited mixed signals in the economy during the period, most notably weakness in housing, elevated levels of core inflation and steady, moderate economic growth.

Please refer to the following pages for specific information on the Funds. If you have any questions regarding the information provided, we encourage you to contact your financial advisor or call the Funds' shareholder servicing agent at (800) 331-1710. In addition, a wide range of information and resources are available on our Web site at [www.allianzinvestors.com/closedendfunds](http://www.allianzinvestors.com/closedendfunds).

Together with Allianz Global Investors Fund Management LLC, the Funds' investment manager, and Pacific Investment Management Company LLC (PIMCO), the Funds' sub-adviser, we thank you for investing with us.

We remain dedicated to serving your investment needs.

Sincerely,

Hans W. Kertess

*Chairman*

Brian S. Shlissel

*President & Chief Executive Officer*

**PIMCO Floating Rate Income Fund Performance & Statistics**

July 31, 2007 (unaudited)

- \* For the fiscal year ended July 31, 2007, PIMCO Floating Rate Income Fund returned 0.83% on net asset value (NAV) and (0.93)% on market price.
- \* A focus on the cable sector over the period detracted from returns, as these issues underperformed.
- \* Utility loans outperformed during the period and a minimal weighting in the sector adversely affected Fund performance.
- \* A relatively small weighting in BB-rated issues detracted from returns, as higher-rated issues outperformed during the period; particularly in July as a flight-to-quality became evident.
- \* A smaller-than-market weighting in the retail sector added to returns, as these loans underperformed the overall market by approximately 70 basis points.
- \* Security selection in the consumer cyclical sector was positive for performance, as captive finance auto loans outperformed the overall sector.
- \* A strong emphasis on telecommunications contributed positively to performance, as these issues outperformed the leveraged loan market by approximately 100 basis points.
- \* Within media, a relatively small weighting in broadcasting issues, which underperformed, added to security selection within the broader sector.
- \* The Fund used interest-rate swaps to adjust duration and target specific areas of yield-curve exposure during the period. Credit-default swaps were used either as a substitute for purchasing corporate bonds or as a means of hedging corporate bond exposure.

<b>Total Return<sup>(1)</sup></b>	<b>Market Price</b>	<b>Net Asset Value ( NAV )</b>
1 Year	(0.93)%	0.83%
Commencement of Operations (8/29/03) to 7/31/07	4.86%	5.00%

<b>Common Share Market Price/NAV Performance:</b>	<b>Market Price/NAV:</b>	
Commencement of Operations (8/29/03) to 7/31/07	Market Price	\$17.88
Market Price	NAV	\$17.38
NAV	Premium to NAV	2.88%
	Market Price Yield <sup>(2)</sup>	10.25%

(1) **Past performance is no guarantee of future results.** Total return is calculated by subtracting the value of an investment in the Fund at the beginning of the specified period from the value at the end of the period and dividing the remainder by the value of the investment at the beginning of the period and expressing the result as a percentage. The calculation assumes that all income dividends have been reinvested at prices obtained under the Fund's dividend reinvestment plan. Total return does not reflect broker commissions or sales charges. Total return for a period of more than one year represents the average annual total return.

An investment in the Fund involves risk, including the loss of principal. Total return, price, yield and net asset value will fluctuate with changes in market conditions. This data is provided for information only and is not intended for trading purposes. Closed-end funds, unlike open-end funds, are not continuously offered. There is typically a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. Net asset value is equal to the total assets attributable to common shareholders less total liabilities divided by the number of common shares outstanding. Holdings are subject to change daily.

(2) Market Price Yield is determined by dividing the annualized current monthly per share dividend to common shareholders by the market price per common share at July 31, 2007.

2 PIMCO Floating Rate Income & PIMCO Floating Rate Strategy Funds Annual Report | 7.31.07

**PIMCO Floating Rate Strategy Fund Performance & Statistics**

July 31, 2007 (unaudited)

\* For the fiscal year ended July 31, 2007, PIMCO Floating Rate Strategy Fund returned 0.23% on net asset value (NAV) and 2.73% on market price.

\* A strong emphasis on telecommunications contributed positively to returns, as these issues outperformed the leveraged loan market by approximately 100 basis points.

\* Security selection in the consumer cyclical sector was positive for performance, as captive finance auto loans outperformed the overall sector.

\* A relatively large weighting and security selection in the healthcare sector boosted performance, as hospital and facility operators helped drive overall sector performance higher.

\* A minimal weighting in the retail sector added to returns, as these loans underperformed the overall market by approximately 70 basis points.

\* A focus on the cable sector during the period detracted from returns, as these issues underperformed.

\* As paper and packaging companies underperformed during the period, a larger-than-market weighting in this sector adversely affected Fund performance.

\* A relatively small weighting in BB-rated issues detracted from returns, as higher-rated issues outperformed during the period; particularly in July as a flight-to-quality became evident.

\* The Fund used interest-rate swaps to adjust duration and target specific areas of yield-curve exposure during the period. Credit-default swaps were used either as a substitute for purchasing corporate bonds or as a means of hedging corporate bond exposure.

<b>Total Return<sup>(1)</sup></b>	<b>Market Price</b>	<b>Net Asset Value ( NAV )</b>
1 Year	2.73%	0.23%
Commencement of Operations (10/29/04) to 7/31/07	3.45%	3.98%

<b>Common Share Market Price/NAV Performance:</b>	<b>Market Price/NAV:</b>	
Commencement of Operations (10/29/04) to 7/31/07	Market Price	\$17.28
Market Price	NAV	\$16.76
NAV	Premium to NAV	3.10%
	Market Price Yield <sup>(2)</sup>	10.31%

(1) **Past performance is no guarantee of future results.** Total return is calculated by subtracting the value of an investment in the Fund at the beginning of the specified period from the value at the end of the period and dividing the remainder by the value of the investment at the beginning of the period and expressing the result as a percentage. The calculation assumes that all income dividends have been reinvested at prices obtained under the Fund's dividend reinvestment plan. Total return does not reflect broker commissions or sales charges. Total return for a period of more than one year represents the average annual total return.

An investment in the Fund involves risk, including the loss of principal. Total return, price, yield and net asset value will fluctuate with changes in market conditions. This data is provided for information only and is not intended for trading purposes. Closed-end funds, unlike open-end funds, are not continuously offered. There is typically a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. **PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Schedules of Investments**

July 31, 2007 (continued)

<b>Notes to Schedule of Investments:</b>		
*	Unaudited	
(a)	Private Placement Restricted as to resale and may not have a readily available market. Securities with an aggregate value of \$409,217,454, representing 72.96% of total investments in Floating Rate Income. Securities with an aggregate value of \$939,274,982, representing 73.28% of total investments in Floating Rate Strategy.	
(b)	Illiquid security.	
(c)	These securities generally pay interest at rates which are periodically pre-determined by reference to a base lending rate plus a premium. These base lending rates are generally either the lending rate offered by one or more major European banks, such as the LIBOR or the prime rate offered by one or more major United States banks, or the certificate of deposit rate. These securities are generally considered to be restricted as the Fund is ordinarily contractually obligated to receive approval from the agent bank and/or borrower prior to disposition. Remaining maturities of senior loans may be less than the stated maturities shown as a result of contractual or optional payments by the borrower. Such prepayments cannot be predicted with certainty. The interest rate disclosed reflects the rate in effect on July 31, 2007.	
(d)	144A Security - Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration typically only to qualified institutional buyers. Unless otherwise indicated, these securities are not considered to be illiquid.	
(e)	When-issued or delayed-delivery security. To be settled/delivered after July 31, 2007.	
(f)	Unsettled security, coupon rate undetermined at July 31, 2007.	
(g)	Security in default.	
(h)	Fair-valued security Securities with an aggregate value of \$34,154,961, representing 6.09% of total investments, have been fair valued in Floating Rate Income. Securities with an aggregate value of \$27,670,062, representing 2.16% of total investments, have been fair valued in Floating Rate Strategy.	
(i)	All or partial amount segregated as collateral for futures contracts, swaps and/or when-issued or delayed-delivery securities.	
(j)	Non-income producing.	
<b>Glossary:</b>		
£	-	British Pound
	-	Euros
AUD	-	Australian Dollar
CME	-	Chicago Mercantile Exchange
CMO	-	Collateralized Mortgage Obligation
FRN	-	Floating Rate Note. The interest rate disclosed reflects the rate in effect on July 31, 2007.
LIBOR	-	London Inter-bank Offered Rate
NR	-	Not Rated
VRN	-	Variable Rate Note. Instruments whose interest rates change on specified date (such as a coupon date or interest payment date) and/or whose interest rates vary with changes in a designated base rate (such as the prime interest rate). The interest rate disclosed reflects the rate in effect on July 31, 2007.

**30** PIMCO Floating Rate Income & PIMCO Floating Rate Strategy Funds Annual Report | 7.31.07 | **See accompanying Notes to Financial Statements.**

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds**

**Notes to Financial Statements**

July 31, 2007

**1. Organization and Significant Accounting Policies**

PIMCO Floating Rate Income Fund ( Floating Rate Income ) and PIMCO Floating Rate Strategy Fund ( Floating Rate Strategy ), collectively referred to as the Funds , were organized as Massachusetts business trusts on June 19, 2003 and June 30, 2004, respectively. Prior to commencing operations on August 29, 2003 and October 29, 2004, respectively, Floating Rate Income and Floating Rate Strategy had no operations other than matters relating to their organization and registration as diversified, closed-end management investment companies registered under the Investment Company Act of 1940 and the rules and regulations there under, as amended. Allianz Global Investors Fund Management LLC (the Investment Manager ), serves as the Funds Investment Manager and is an indirect, wholly-owned subsidiary of Allianz Global Investors of America L.P. ( Allianz Global ). Allianz Global is an indirect, majority-owned subsidiary of Allianz SE, a publicly traded European insurance and financial services company. The Funds have an unlimited amount of \$0.00001 par value common stock authorized.

The Funds investment objective is to seek high current income, consistent with the preservation of capital by investing primarily in floating rate debt instruments, a substantial portion of which will be senior floating rate loans. The ability of the issuers of the Funds investments to meet their obligations may be affected by economic developments in a specific industry.

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates.

In the normal course of business, the Funds enter into contracts that contain a variety of representations which provide general indemnifications. The Funds maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds that have not yet been asserted. However, the Funds expect the risk of any loss to be remote.

In July 2006, the Financial Accounting Standards Board issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes an Interpretation of FASB Statement No.109 (the Interpretation ). The Interpretation establishes for all entities, including pass-through entities such as the Funds, a minimum threshold for financial statement recognition of the benefit of positions taken in filing tax returns (including whether an entity is taxable in a particular jurisdiction), and requires certain expanded tax disclosures. The Interpretation is effective for fiscal years beginning after December 15, 2006, and is to be applied to all open tax years as of the date of effectiveness. The Securities & Exchange Commission announced that it would not object if a fund implements the Interpretation in its NAV calculation as late as its last NAV calculation in the first required financial statement reporting period for its fiscal year beginning after December 15, 2006. Consequently, the Funds will be required to comply with the Interpretation by January 31, 2008.

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards ( SFAS ) 157, Fair Value Measurements, which clarifies the definition of fair value and requires companies to expand their disclosure about the use of fair value to measure assets and liabilities in interim and annual periods subsequent to initial recognition. Adoption of SFAS 157 requires the use of the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. At this time, the Funds are in the process of reviewing SFAS 157 against their current valuation policies to determine future applicability.

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

The following is a summary of significant accounting policies followed by the Funds:

### **(a) Valuation of Investments**

Portfolio securities and other financial instruments for which market quotations are readily available are stated at market value. Portfolio securities and other financial instruments for which market quotations are not readily available or if a development/event occurs that may significantly impact the value of a security, are fair-valued, in good faith pursuant to guidelines established by the Board of Trustees or persons acting in their discretion, including certain fixed income securities which may be valued with reference to securities whose prices are more readily available. The Funds' investments are valued on the last business day of each week using prices supplied by an independent pricing service or dealer quotations, or by using the last sale price on the exchange that is the primary market for such securities, or the last quoted mean price for those securities for which the over-the-counter market is the primary market or for listed securities in which there were no sales. Independent pricing services use information provided by market makers or estimates of market values obtained from yield data relating to investments or securities with

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds**

**Notes to Financial Statements**

July 31, 2007

**1. Organization and Significant Accounting Policies (continued)**

similar characteristics. The Funds' investments in senior floating rate loans ( Senior Loans ) for which a secondary market exists will be valued at the mean of the last available bid and asked prices in the market for such Senior Loans, as provided by an independent pricing service. Other Senior Loans are valued at fair-value pursuant to procedures approved by the Funds' Board of Trustees, which include consideration and evaluation of: (1) the creditworthiness of the borrower and any intermediate participants; (2) the term of the Senior Loan; (3) recent prices in the market for similar loans, if any; (4) recent prices in the market for loans of similar quality, coupon rate, and period until next interest rate reset and maturity; and (5) general economic and market conditions affecting the fair-value of the Senior Loan. At July 31, 2007, Floating Rate Income and Floating Rate Strategy held Senior Loans with an aggregate value of \$5,790,124, and \$13,377,562, representing 1.02% and 1.04% of total investments, respectively, that were fair valued. Exchange traded options, futures and options on futures are valued at the settlement price determined by the relevant exchange. Securities purchased on a when-issued or delayed-delivery basis are marked to market daily until settlement at the forward settlement value. Short-term securities maturing in 60 days or less are valued at amortized cost, if their original term to maturity was 60 days or less, or by amortizing their value on the 61st day prior to maturity, if the original term to maturity exceeded 60 days. The prices used by the Funds to value securities may differ from the value that would be realized if the securities were sold and the differences could be material to the financial statements. The Funds' net asset value is determined weekly on the last business day of the week, generally as of close of regular trading (normally, 4:00 p.m. Eastern time) on the New York Stock Exchange ( NYSE ) on each day the NYSE is open for business.

**(b) Investment Transactions and Investment Income**

Investment transactions are accounted for on trade date. Securities purchased and sold on a when-issued or delayed-delivery basis may be settled a month or more after the trade date. Realized gains and losses on investments are determined on the identified cost basis. Interest income is recorded on an accrual basis. Discounts or premiums on debt securities purchased are accreted or amortized to interest income over the lives of the respective securities using the effective interest method. Dividend income is recorded on the ex-dividend date. Facility and other fee income (such as origination fees) received by the Funds are amortized as income over the expected term of the loan. Commitment fees received by the Funds relating to unfunded purchase commitments are deferred and amortized to facility fee income over the period of the commitment.

**(c) Federal Income Taxes**

The Funds intend to distribute all of their taxable income and to comply with the other requirements of the U.S. Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, no provision for U.S. federal income taxes is required.

**(d) Dividends and Distributions Common Stock**

The Funds declare dividends from net investment income monthly to common shareholders. Distributions of net realized capital gains, if any, are paid at least annually. The Funds record dividends and distributions to its shareholders on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from generally accepted accounting principles. These book-tax differences are considered either temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal income tax treatment; temporary differences do not require reclassification.

**(e) Foreign Currency Translation**

The Funds' accounting records are maintained in U.S. dollars as follows: (1) the foreign currency market value of investments and other assets and liabilities denominated in foreign currency are translated at the prevailing exchange rate at the end of the period; and (2) purchases and sales, income and expenses are translated at the prevailing exchange rate on the respective dates of such transactions. The resulting net foreign currency gain or loss is included in the Statements of Operations.

The Funds do not generally isolate that portion of the results of operations arising as a result of changes in the foreign currency exchange rates from the fluctuations arising from changes in the market prices of securities. Accordingly, such foreign currency gain (loss) is included in net realized and unrealized gain (loss) on investments. However, the Funds do isolate the effect of fluctuations in foreign currency exchange rates when determining the gain or loss upon the sale or maturity of foreign currency denominated debt obligations pursuant to U.S. federal income tax regulations; such amount is categorized as foreign currency gain or loss for both financial reporting and income tax reporting purposes.

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds**

**Notes to Financial Statements**

July 31, 2007

**1. Organization and Significant Accounting Policies (continued)**

**(f) Senior Loans**

The Funds purchase assignments of, and participations in, Senior Loans originated, negotiated and structured by a U.S. or foreign commercial bank, insurance company, finance company or other financial institution (the Agent) for a lending syndicate of financial institutions (the Lender). When purchasing an assignment, the Funds succeed to all the rights and obligations under the loan agreement with the same rights and obligations as the assigning Lender. Assignments may, however, be arranged through private negotiations between potential assignees and potential assignors, and the rights and obligations acquired by the purchaser of an assignment may differ from, and be more limited than, those held by the assigning Lender.

**(g) Option Transactions**

The Funds may purchase and write (sell) put and call options for hedging purposes, risk management purposes or as a part of its investment strategy. The risk associated with purchasing an option is that the Funds pay a premium whether or not the option is exercised. Additionally, the Funds bear the risk of loss of premium and change in market value should the counterparty not perform under the contract. Put and call options purchased are accounted for in the same manner as portfolio securities. The cost of securities acquired through the exercise of call options is increased by the premiums paid. The proceeds from the securities sold through the exercise of put options is decreased by the premiums paid.

When an option is written, the premium received is recorded as an asset with an equal liability and is subsequently marked to market to reflect the current market value of the option written. These liabilities are reflected as options written in the Statements of Assets and Liabilities. Premiums received from writing options which expire unexercised are recorded on the expiration date as a realized gain. The difference between the premium received and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain, or if the premium is less than the amount paid for the closing purchase transactions, as a realized loss. If a call option written by the Funds is exercised, the premium is added to the proceeds from the sale of the underlying security in determining whether there has been a realized gain or loss. If a put option written by the Funds is exercised, the premium reduces the cost basis of the security. In writing an option, the Funds bear the market risk of an unfavorable change in the price of the security underlying the written option. Exercise of a written option could result in the Funds purchasing a security at a price different from its current market value.

**(h) Interest Rate/Credit Default Swaps**

The Funds may enter into interest rate and credit default swap contracts (swaps) for investment purposes, to manage its interest rate and credit risk or to add leverage. As a seller in the credit default swap contract, the Funds would be required to pay the notional amount or other agreed-upon value of a referenced debt obligation to the counterparty in the event of a default by a third party, such as a U.S. or foreign corporate issuer, on the referenced debt obligation. In return, the Funds would receive from the counterparty a periodic stream of payments over the term of the contract provided that no event of default has occurred. If no default occurs, the Funds would keep the stream of payments and would have no payment obligations. Such periodic payments are accrued daily and recorded as realized gain (loss).

The Funds may also purchase credit default swap contracts in order to hedge against the risk of default of debt securities held, in which case the Funds would function as the counterparty referenced in the preceding paragraph. As a purchaser of a credit default swap contract, the Funds

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

would receive the notional amount or other agreed upon value of a referenced debt obligation from the counterparty in the event of default by a third party, such as a U.S. or foreign corporate issuer on the referenced debt obligation. In return, the Funds would make periodic payments to the counterparty over the term of the contract provided no event of default has occurred. Such periodic payments are accrued daily and recorded as realized gain (loss).

Interest rate swap agreements involve the exchange by the Funds with a counterparty of their respective commitments to pay or receive interest, *e.g.*, an exchange of floating rate payments for fixed rate payments with respect to a notional amount of principal. Net periodic payments received (paid) by the Funds are included as part of realized gain (loss) and net periodic payments accrued, but not yet received (paid) are included in change in the unrealized appreciation/depreciation on the Statements of Operations.

Swaps are marked to market daily based upon quotations from brokers or market makers and the change in value, if any, is recorded as unrealized appreciation or depreciation in the Funds' Statements of Operations. For a credit default swap sold by the Funds, payment of the agreed upon amount made by the Funds in the event of default of the

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds**

**Notes to Financial Statements**

July 31, 2007

**1. Organization and Significant Accounting Policies (continued)**

referenced debt obligation is recorded as the cost of the referenced debt obligation purchased/received. For a credit default swap purchased by the Funds, the agreed upon amount received by the Funds in the event of default of the referenced debt obligation is recorded as proceeds from sale/delivery of the referenced debt obligation and the resulting gain or loss realized on the referenced debt obligation is recorded as such by the Funds.

Entering into swaps involves, to varying degrees, elements of credit, market and documentation risk in excess of the amounts recognized on the Statement of Assets and Liabilities. Such risks involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of the contractual terms in the agreements, and that there may be unfavorable changes in net interest rates.

**(i) Futures Contracts**

A futures contract is an agreement between two parties to buy and sell a financial instrument at a set price on a future date. Upon entering into such a contract, the Funds are required to pledge to the broker an amount of cash or securities equal to the minimum initial margin requirements of the exchange. Pursuant to the contracts, the Funds agree to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contracts. Such receipts or payments are known as variation margin and are recorded by the Funds as unrealized appreciation or depreciation. When the contracts are closed, the Funds record a realized gain or loss equal to the difference between the value of the contracts at the time they were opened and the value at the time they were closed. Any unrealized appreciation or depreciation recorded is simultaneously reversed. The use of futures transactions involves the risk of an imperfect correlation in the movements in the price of futures contracts, interest rates and the underlying hedged assets, and the possible inability of counterparties to meet the terms of their contracts.

**(j) Forward Foreign Currency Contracts**

A forward foreign currency contract is an agreement between two parties to buy and sell a currency at a set exchange rate on a future date. The Funds may enter into forward foreign currency contracts for the purpose of hedging against foreign currency risk arising from the investment or anticipated investment in securities denominated in foreign currencies. The Funds may also enter these contracts for purposes of increasing exposure to a foreign currency or to shift exposure to foreign currency fluctuations from one country to another. The market value of a forward foreign currency contract fluctuates with changes in forward currency exchange rates. All commitments are marked to market daily at the applicable exchange rates and any resulting unrealized appreciation or depreciation is recorded. Realized gains or losses are recorded at the time the forward contract matures or by delivery of the currency. Risks may arise upon entering these contracts from the potential inability of counterparties to meet the terms of their contracts and from unanticipated movements in the value of a foreign currency relative to the U.S. dollar.

**(k) Repurchase Agreements**

The Funds may enter into transactions with its custodian bank or securities brokerage firms whereby it purchases securities under agreements to resell at an agreed upon price and date ( repurchase agreements ). Such agreements are carried at the contract amount in the financial statements. Collateral pledged (the securities received), which consists primarily of U.S. government obligations and asset-backed securities, are held by the

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

custodian bank until maturity of the repurchase agreement. Provisions of the repurchase agreements and the procedures adopted by the Funds require that the market value of the collateral, including accrued interest thereon, is sufficient in the event of default by the counterparty. If the counterparty defaults and the value of the collateral declines or if the counterparty enters an insolvency proceeding, realization of the collateral by the Funds may be delayed or limited.

### **(I) Reverse Repurchase Agreements**

In a reverse repurchase agreement, the Funds sell securities to a bank or broker-dealer and agree to repurchase the securities at a mutually agreed date and price. Generally, the effect of such a transaction is that the Funds can recover and reinvest all or most of the cash invested in the portfolio securities involved during the term of the reverse repurchase agreement and still be entitled to the returns associated with those portfolio securities. Such transactions are advantageous if the interest cost to the Funds of the reverse repurchase transaction is less than the returns it obtains on investments purchased with the cash. Unless the Funds cover their positions in reverse repurchase agreements (by segregating liquid assets at least equal in amount to the forward purchase commitment), their obligations under the agreements will be subject to the Funds' limitations on borrowings. Reverse repurchase agreements involve leverage risk and also the risk that the market value of the securities that the Funds are obligated to repurchase under the agreement may decline below the repurchase price. In the event the buyer of securities under

**1. Organization and Significant Accounting Policies (continued)**

a reverse repurchase agreement files for bankruptcy or becomes insolvent, the Funds' use of the proceeds of the agreement may be restricted pending determination by the other party, or its trustee or receiver, whether to enforce the Funds' obligation to repurchase the securities. The weighted average daily balance and weighted average interest rate of reverse repurchase agreements outstanding during the year ended July 31, 2007 was \$9,100,000 and \$1,633,892, and 5.45% and 0.00%, for Floating Rate Income and Floating Rate Strategy, respectively.

**(m) When-Issued/Delayed-Delivery Transactions**

The Funds may purchase or sell securities on a when-issued or delayed-delivery basis. The transactions involve a commitment to purchase or sell securities for a predetermined price or yield, with payment and delivery taking place beyond the customary settlement period. When delayed-delivery purchases are outstanding, the Funds will set aside and maintain until the settlement date in a designated account, liquid assets in an amount sufficient to meet the purchase price. When purchasing a security on a delayed-delivery basis, the Funds assume the rights and risks of ownership of the security, including the risk of price and yield fluctuations, and take such fluctuations into account when determining its net asset value. The Funds may dispose of or renegotiate a delayed-delivery transaction after it is entered into, and may sell when-issued securities before they are delivered, which may result in a realized gain or loss. When a security on a delayed-delivery basis is sold, the Funds do not participate in future gains and losses with respect to the security.

**(n) Custody Credits on Cash Balances**

The Funds benefit from an expense offset arrangement with their custodian bank whereby uninvested cash balances earn credits which reduce monthly custodian and accounting agent expenses. Had these cash balances been invested in income producing securities, they would have generated income for the Funds.

**2. Investment Manager/Sub-Adviser**

Each Fund has entered into an Investment Management Agreement (the "Agreement") with the Investment Manager. Subject to the supervision of the Funds' Board of Trustees, the Investment Manager is responsible for managing, either directly or through others selected by it, the Funds' investment activities, business affairs and administrative matters. Pursuant to each Agreement, the Investment Manager receives an annual fee, payable monthly, at an annual rate of 0.75% of each Funds' average weekly total managed assets. Total managed assets refer to the total assets of each Fund including assets attributable to any Preferred Shares or other forms of leverage that may be outstanding minus accrued liabilities (other than liabilities representing leverage).

The Investment Manager has retained its affiliate, Pacific Investment Management Company LLC (the "Sub-Adviser"), to manage the Funds' investments. Subject to the supervision of the Investment Manager, the Sub-Adviser is responsible for making all of the Funds' investment decisions. The Investment Manager, and not the Funds, pays a portion of the fees it receives to the Sub-Adviser in return for its services.

**3. Investments in Securities**

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

For the year ended July 31, 2007, purchases and sales of investments, other than short-term securities and U.S. government obligations, were:

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Notes to Financial Statements**

July 31, 2007

**3. Investments in Securities (continued)**

(f) At July 31, 2007, the Funds had the following unfunded loan commitments which could be extended at the option of the borrower:

Borrower	Floating Rate Income	Floating Rate Strategy
Big West Oil	\$ 825,000	\$ 1,375,000
Eastman Kodak	2,500,000	5,000,000
Longview Power		933,333
NRG Energy	3,500,000	7,965,643
Oxbow Carbon	80,537	362,416
Travelport	3,000,000	6,000,000
United Surgical	113,710	227,419
Univision	392,617	936,242
	\$10,411,864	\$22,800,053

**4. Income Tax Information**

Floating Rate Income:

The tax character of dividends and distributions paid was:

	Year ended July 31, 2007	Year ended July 31, 2006
Ordinary Income	\$47,048,878	\$38,676,933
Long-Term Capital Gains	63,995	

At July 31, 2007, the tax character of distributable earnings was \$9,807,791 of ordinary income.

In accordance with U.S. Treasury regulations, Floating Rate Income elected to defer realized foreign currency losses of \$1,855,666 arising after October 31, 2006. Such losses are treated for tax purposes as arising on August 1, 2007.

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

For the year ended July 31, 2007, permanent book-tax differences were primarily attributable to the differing treatment of swap payments, foreign currency transactions, consent fees, paydowns and reclassification of distributions. These adjustments were to decrease paid-in-capital in excess of par by \$1,261, decrease dividends in excess of net investment income by \$2,013,745 and decrease accumulated net realized gains by \$2,012,484.

Net investment income and net realized gains differ for financial statement and tax purposes primarily due to the treatment of amounts received under swap agreements. For the year ended July 31, 2007, Floating Rate Income received \$4,085,838 from swap agreements which are treated as net realized gain for financial statement purposes and as net income for federal income tax purposes.

### Floating Rate Strategy:

The tax character of dividends paid was:

	Year ended July 31, 2007	Eleven months ended July 31, 2006
Ordinary Income	\$114,048,756	\$77,743,768
Long-Term Capital Gains	546,270	

At July 31, 2007, the tax character of distributable earnings was \$313,396 of ordinary income.

In accordance with U.S. Treasury regulations, Floating Rate Strategy elected to defer realized foreign currency losses of \$5,204,404 and realized capital losses of \$2,422,482 arising after October 31, 2006. Such losses are treated for tax purposes as arising on August 1, 2007.

For the year ended July 31, 2007, permanent book-tax differences were primarily attributable to the differing treatment of swap payments, foreign currency transactions, consent fees, paydowns and reclassification of

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Notes to Financial Statements**

July 31, 2007

**4. Income Tax Information (continued)**

distributions. These adjustments were to decrease dividends in excess of net investment income and increase accumulated net realized losses by \$5,649,109.

Net investment income and net realized gains differ for financial statement and tax purposes primarily due to the treatment of amounts received under swap agreements. For the year ended July 31, 2007, Floating Rate Strategy received \$9,517,730 from swap agreements which are treated as net realized gain for financial statement purposes and as net income for federal income tax purposes.

At July 31, 2007, Floating Rate Strategy had a capital loss carryforward of \$11,931,485, which will expire in 2015, available as a reduction, to the extent provided in the regulations, of any future net realized gains. To the extent that these losses are used to offset future realized capital gains, such gains will not be distributed.

The cost of investments for federal income tax purposes and gross unrealized appreciation and gross unrealized depreciation of investments at July 31, 2007 were:

	Cost of Investments	Gross Unrealized Appreciation	Gross Unrealized (Depreciation)	Net Unrealized (Depreciation)
Floating Rate Income	\$571,561,848	\$3,249,647	\$(13,966,207)	\$(10,716,560)
Floating Rate Strategy	1,305,269,989	9,362,198	(32,851,056)	(23,488,858)

For the Funds, the difference between book and tax appreciation/depreciation is primarily attributable to wash sales, passive foreign investment companies and materially modified securities due to amendments.

**5. Auction Preferred Shares**

Floating Rate Income has issued 2,800 shares of Preferred Shares Series T, 2,800 shares of Preferred Shares Series W, 2,800 shares of Preferred Shares Series TH, each with a liquidation preference of \$25,000 per share plus accrued dividends.

Floating Rate Strategy has issued 3,840 shares of Preferred Shares Series M, 3,840 shares of Preferred Shares Series T, 3,840 shares of Preferred Shares Series W, 3,840 shares of Preferred Shares Series TH, and 3,840 shares of Preferred Shares Series F, each with a liquidation preference of \$25,000 per share plus any accumulated unpaid dividends.

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

Dividends are accumulated daily at an annual rate (typically re-set every seven days) through auction procedures. Distributions of net realized capital gains, if any, are paid annually.

For the year ended July 31, 2007, the annualized dividend rates ranged from:

	High	Low	At July 31, 2007
<u>Floating Rate Income:</u>			
Series T	5.30%	4.79%	4.90%
Series W	5.30%	4.75%	5.15%
Series TH	5.32%	4.90%	5.15%
<u>Floating Rate Strategy:</u>			
Series M	5.31%	4.88%	5.20%
Series T	5.32%	4.90%	5.12%
Series W	5.26%	4.90%	5.15%
Series TH	5.31%	4.90%	5.18%
Series F	5.31%	4.84%	5.18%

The Funds are subject to certain limitations and restrictions while Preferred Shares are outstanding. Failure to comply with these limitations and restrictions could preclude the Funds from declaring any dividends or distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of Preferred Shares at their liquidation value.

Preferred Shares, which are entitled to one vote per share, generally vote together with the common stock but vote separately as a class to elect two Trustees and on any matters affecting the rights of the preferred shares.

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Notes to Financial Statements**

July 31, 2007

**6. Subsequent Common Dividend Declarations**

On August 3, 2007, the following dividends were declared to common shareholders payable September 7, 2007 to shareholders of record on August 13, 2007:

Floating Rate Income	\$0.14735 per common share
Floating Rate Strategy	\$0.14318 per common share

On September 7, 2007, the following dividends were declared to common shareholders payable October 5, 2007 to shareholders of record on September 17, 2007:

Floating Rate Income	\$0.15268 per common share
Floating Rate Strategy	\$0.14852 per common share

**7. Legal Proceedings**

In June and September 2004, the Investment Manager, certain of its affiliates (Allianz Global Investors Distributors LLC, PEA Capital LLC and Allianz Global), agreed to settle, without admitting or denying the allegations, claims brought by the Securities and Exchange Commission (the Commission), the New Jersey Attorney General and the California Attorney General alleging violations of federal and state securities laws with respect to certain open-end funds for which the Investment Manager serves as investment adviser. Two settlements (with the Commission and New Jersey) related to an alleged market timing arrangement in certain open-end funds sub-advised by PEA Capital. Two settlements (with the Commission and California) related to the alleged use of cash and fund portfolio commissions to finance shelf-space arrangements with broker-dealers for open-end funds. The Investment Manager and its affiliates agreed to pay a total of \$68 million to settle the claims related to market timing and \$20.6 million to settle the claims related to shelf space. In addition to monetary payments, the settling parties agreed to undertake certain corporate governance, compliance and disclosure reforms related to market timing, brokerage commissions, revenue sharing and shelf space arrangements, and consented to cease and desist orders and censures. Subsequent to these events, PEA Capital LLC deregistered and dissolved. None of the settlements alleged that any inappropriate activity took place with respect to the Funds.

Since February 2004, the Investment Manager and certain of its affiliates and their employees have been named as defendants in a number of pending lawsuits concerning market timing, and revenue sharing/shelf-space/directed brokerage, which allege the same or similar conduct underlying the regulatory settlements discussed above. The market timing lawsuits have been consolidated in a multi-district litigation proceeding in the United States District Court for the District of Maryland, and the revenue sharing/shelf-space/directed brokerage lawsuits have been consolidated in the United States District Court for the District of Connecticut. Any potential resolution of these matters may include, but not be limited to, judgments or settlements for damages against the Investment Manager or their affiliates or related injunctions.

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

The Investment Manager and the Sub-Adviser believe that these matters are not likely to have a material adverse effect on the Funds or on their ability to perform their respective investment advisory activities relating to the Funds.

The foregoing speaks only as of the date hereof.

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Report of Independent Registered Public Accounting Firm**

**To the Shareholders and Board of Trustees of**

**PIMCO Floating Rate Income Fund  
PIMCO Floating Rate Strategy Fund**

In our opinion, the accompanying statements of assets and liabilities, including the schedules of investments, and the related statements of operations, of changes in net assets applicable to common shareholders and of cash flows and the financial highlights present fairly, in all material respects, the financial position of PIMCO Floating Rate Income Fund and PIMCO Floating Rate Strategy Fund (collectively hereafter referred to as the Funds ) at July 31, 2007, the results of each of their operations, changes in each of their net assets applicable to common shareholders, cash flows and the financial highlights for each of the periods presented, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as financial statements ) are the responsibility of the Funds management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at July 31, 2007 by correspondence with the custodian, brokers and agent banks, provide a reasonable basis for our opinion.

PricewaterhouseCoopers LLP  
New York, New York  
September 28, 2007

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds**

**Tax Information (unaudited)**

Subchapter M of the Internal Revenue Code of 1986, as amended, requires the Funds to advise shareholders within 60 days of the Funds' tax year end (July 31, 2007) as to the federal tax status of dividends and distributions received by shareholders during such tax year. Per share dividends for the tax year ended July 31, 2007 were as follows:

Floating Rate Income:

Dividends to common shareholders from ordinary income	\$2.0080
Dividends to preferred shareholders from ordinary income	\$1,266.4529
Distributions to common shareholders from long-term gains	\$0.0027
Distribution to preferred shareholders from long-term gains	\$1.7451

Floating Rate Strategy:

Dividends to common shareholders from ordinary income	\$2.1313
Dividends to preferred shareholders from ordinary income	\$1,271.4696
Distributions to common shareholders from long-term gains	\$0.0099
Distribution to preferred shareholders from long-term gains	\$6.9397

Pursuant to the Jobs and Growth Tax Relief Reconciliation Act of 2003, Floating Rate Income designates qualified dividend income of \$263,086 or the maximum allowable amount.

There were no ordinary dividends paid by Floating Rate Income and Floating Rate Strategy during the year ended July 31, 2007, which qualified for the Dividends Received Deduction available to corporate shareholders.

Since the Funds' tax year is not the calendar year, another notification will be sent with respect to calendar year 2007. In January 2008, shareholders will be advised on IRS Form 1099 DIV as to the federal tax status of the dividends and distributions received during calendar 2007. The amount that will be reported will be the amount to use on your 2007 federal income tax return and may differ from the amount which must be reported in connection with the Funds' tax year ended July 31, 2007. Shareholders are advised to consult their tax advisers as to the federal, state and local tax status of the dividend income received from the Funds.

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Matters Relating to the Trustees Consideration of the Investment Management and  
Portfolio Management Agreements (unaudited)**

The Investment Company Act of 1940 requires that both the full Board of Trustees (the Trustees ) and a majority of the non-interested ( Independent ) Trustees, voting separately, approve the Funds Management Agreements (the Advisory Agreements ) with the Investment Manager and Portfolio Management Agreements (the Sub-Advisory Agreements , and together with the Advisory Agreements, the Agreements ) between the Investment Manager and the Sub-Adviser. The Trustees met on June 13, 2007 (the contract review meeting ) for the specific purpose of considering whether to approve the Advisory Agreements and the Sub-Advisory Agreements. The Independent Trustees were assisted in their evaluation of the Agreements by independent legal counsel, from whom they received separate legal advice and with whom they met separately from Fund management during the contract review meeting.

Based on their evaluation of factors that they deemed to be material, including those factors described below, the Board of Trustees, including a majority of the Independent Trustees, concluded that the Funds Advisory Agreements and the Sub-Advisory Agreements should be approved for a one-year period commencing July 1, 2007.

In connection with their deliberations regarding the continuation of the Agreements, the Trustees, including the Independent Trustees, considered such information and factors as they believed, in light of the legal advice furnished to them and their own business judgment, to be relevant. As described below, the Trustees considered the nature, quality, and extent of the various investment management, administrative and other services performed by the Investment Manager and the Sub-Adviser under the Agreements.

In connection with their contract review meeting, the Trustees received and relied upon materials provided by the Investment Manager which included, among other items: (i) information provided by Lipper Analytical Services Inc. ( Lipper Inc. ) on the total return investment performance (based on net assets) of the Funds for various time periods and the investment performance of a group of funds with substantially similar investment classifications/objectives identified by Lipper Inc., (ii) information provided by Lipper Inc. on the Funds management fees and other expenses and the management fees and other expenses of comparable funds identified by Lipper Inc., (iii) information regarding the investment performance and management fees of comparable portfolios of other clients of the Sub-Adviser, including institutional separate accounts and other clients, (iv) the profitability to the Investment Manager from its relationship with the Funds for the twelve months ended March 31, 2007, (v) descriptions of various functions performed by the Investment Manager and the Sub-Adviser for the Funds, such as portfolio management, compliance monitoring and portfolio trading practices, and (vi) information regarding the overall organization of the Investment Manager and the Sub-Adviser, including information regarding senior management, portfolio managers and other personnel providing investment management, administrative and other services to the Funds.

The Trustees conclusions as to the continuation of the Agreements were based on a comprehensive consideration of all information provided to the Trustees and not the result of any single factor. Some of the factors that figured particularly in the Trustees deliberations are described below, although individual Trustees may have evaluated the information presented differently from one another, giving different weights to various factors.

As part of their review, the Trustees examined the Investment Manager s and the Sub-Adviser s abilities to provide high quality investment management and other services to the Funds. The Trustees considered the investment philosophy and research and decision-making processes of the Sub-Adviser; the experience of key advisory personnel of the Sub-Adviser responsible for portfolio management of the Funds; the ability of the Investment Manager and the Sub-Adviser to attract and retain capable personnel; the capability and integrity of the senior management and staff of the Investment Manager and the Sub-Adviser; and the level of skill required to manage the Funds. In addition, the Trustees reviewed the quality of the Investment Manager s and the Sub-Adviser s services with respect to regulatory compliance and compliance with the investment

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

policies of the Funds; the nature and quality of certain administrative services the Investment Manager is responsible for providing to the Funds; and conditions that might affect the Investment Manager's or the Sub-Adviser's ability to provide high quality services to the Funds in the future under the Agreements, including each organization's respective business reputation, financial condition and operational stability. Based on the foregoing, the Trustees concluded that the Sub-Adviser's investment process, research capabilities and philosophy were well suited to the Funds given their investment objectives and policies, and that the Investment Manager and the Sub-Adviser would be able to continue to meet any reasonably foreseeable obligations under the Agreements.

48 PIMCO Floating Rate Income & PIMCO Floating Rate Strategy Funds Annual Report | 7.31.07

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Matters Relating to the Trustees Consideration of the Investment Management and  
Portfolio Management Agreements (unaudited) (continued)**

Based on information provided by Lipper Inc., the Trustees also reviewed each Fund's total return investment performance as well as the performance of comparable funds identified by Lipper Inc. In the course of their deliberations, the Trustees took into account information provided by the Investment Manager in connection with the contract review meeting, as well as during investment review meetings conducted with portfolio management personnel during the course of the year regarding each Fund's performance.

In assessing the reasonableness of each Fund's fees under the Agreements, the Trustees considered, among other information, each Fund's management fee and the total expense ratio as a percentage of average net assets attributable to common shares and the management fee and total expense ratios of comparable funds identified by Lipper Inc.

For each of the Funds, the Trustees specifically took note of how each Fund compared to its Lipper Inc. peers as to performance and total expense ratio. The Trustees noted that, while the Funds are not charged a separate administration fee, it was not clear whether the peer funds in the Lipper Inc. categories were charged such a fee by their investment managers. Thus, the Trustees, at the recommendation of the Investment Manager, considered the total expenses of the Funds compared to the total expenses of the peer funds, recognizing that the fees for management and administrative services would be subsumed within the total expense ratio.

Floating Rate Income:

The Trustees noted that Floating Rate Income significantly outperformed its peer group's median and low returns but had underperformed its peer group's high returns for the one-year and three-year periods ended March 31, 2007. The Trustees also noted that Floating Rate Income's expense ratio was below the high for its peer group but was above the median and low for its peer group.

Floating Rate Strategy:

The Trustees noted that Floating Rate Strategy significantly outperformed its peer group's median and low returns but had underperformed its peer group's high returns for the one-year period ended March 31, 2007. The Trustees also noted that Floating Rate Strategy's expense ratio was below the high for its peer group, was in line with the median for its peer group but was above the low for its peer group.

After reviewing these and related factors, the Trustees concluded, within the context of their overall conclusions regarding the Agreements, that they were satisfied with the Investment Manager's and the Sub-Adviser's responses and efforts relating to investment performance and the comparative positioning of each Fund with respect to the management fee paid to the Investment Manager.

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

The Trustees also considered the management fees charged by the Sub-Adviser to other clients, including institutional separate accounts with investment strategies similar to those of the Funds. Regarding the institutional separate accounts, they noted that the management fees paid by the Funds are generally higher than the fees paid by these other clients of the Sub-Adviser, but were advised that the administrative burden for the Investment Manager and the Sub-Adviser with respect to the Funds is also relatively higher, due in part to the more extensive regulatory regime to which the Funds are subject in comparison to institutional separate accounts. The Trustees noted that the management fees paid by the Funds are generally higher than the fees paid by the open-end funds but were advised that there are additional portfolio management challenges in managing the Funds, such as the use of leverage and meeting a regular dividend.

The Trustees also took into account that the Funds have preferred shares outstanding, which increases the amount of fees received by the Investment Manager and the Sub-Adviser under the Agreements (because the fees are calculated on total managed assets, including assets attributable to preferred shares and other forms of leverage outstanding but not deducting any liabilities connected to the leverage). In this regard, the Trustees took into account that the Investment Manager and the Sub-Adviser have a financial incentive for the Funds to continue to have preferred shares outstanding, which may create a conflict of interest between the Investment Manager and the Sub-Adviser, on the one hand, and the Funds' common shareholders, on the other. In this regard, the Trustees considered information provided by the Investment Manager and the Sub-Adviser indicating that each Fund's use of leverage through preferred shares continues to be appropriate and in the interests of the Funds' common shareholders.

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Matters Relating to the Trustees Consideration of the Investment Management and  
Portfolio Management Agreements (unaudited) (continued)**

Based on a profitability analysis provided by the Investment Manager, the Trustees also considered the profitability of the Investment Manager from its relationship with each Fund and determined that such profitability was not excessive.

The Trustees also took into account that, as closed-end investment companies, the Funds do not currently intend to raise additional assets, so the assets of the Funds will grow (if at all) only through investment performance. Therefore, the Trustees did not consider potential economies of scale as a principal factor in assessing the fee rates payable under the Agreements.

Additionally, the Trustees considered so-called "fall-out benefits" to the Investment Manager and the Sub-Adviser, such as reputational value derived from serving as Investment Manager and Sub-Adviser to the Funds.

After reviewing these and other factors described herein, the Trustees concluded, within the context of their overall conclusions regarding the Agreements, that the fees payable under the Agreements represent reasonable compensation in light of the nature and quality of the services being provided by the Investment Manager and Sub-Adviser to the Funds.

**Portfolio Management Update (unaudited)**

Mr. Cyrille Conseil, CFA, is the portfolio manager of the Funds. He has been the portfolio manager of the Funds since May 1, 2007 and is an Executive Vice President at PIMCO. He joined PIMCO in 1998 as a senior member of the credit research team, previously having worked in the High-Yield Group at Moody's Investors Service. Mr. Conseil has over fifteen years of investment experience and holds a bachelors degree in economics with a concentration in finance from The Wharton School of the University of Pennsylvania, and an MBA in finance/international business from Columbia University Graduate School of Business.

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Privacy Policy/Proxy Voting Policies & Procedures (unaudited)**

**Privacy Policy:**

**Our Commitment to You**

We consider customer privacy to be a fundamental aspect of our relationship with clients. We are committed to maintaining the confidentiality, integrity, and security of our current, prospective and former clients' personal information. We have developed policies designed to protect this confidentiality, while allowing client needs to be served.

**Obtaining Personal Information**

In the course of providing you with products and services, we may obtain non-public personal information about you. This information may come from sources such as account applications and other forms, from other written, electronic or verbal correspondence, from your transactions, from your brokerage or financial advisory firm, financial adviser or consultant, and/or from information captured on our internet web sites.

**Respecting Your Privacy**

We do not disclose any personal or account information provided by you or gathered by us to non-affiliated third parties, except as required or permitted by law. As is common in the industry, non-affiliated companies may from time to time be used to provide certain services, such as preparing and mailing prospectuses, reports, account statements and other information, conducting research on client satisfaction, and gathering shareholder proxies. We may also retain non-affiliated companies to market our products and enter in joint marketing agreements with other companies. These companies may have access to your personal and account information, but are permitted to use the information solely to provide the specific service or as otherwise permitted by law. We may also provide your personal and account information to your brokerage or financial advisory firm and/or to your financial adviser or consultant.

**Sharing Information with Third Parties**

We do reserve the right to disclose or report personal information to non-affiliated third parties in limited circumstances where we believe in good faith that disclosure is required under law, to cooperate with regulators or law enforcement authorities, to protect our rights or property, or upon reasonable request by any mutual fund in which you have chosen to invest. In addition, the fund may disclose information about a shareholder's accounts to a non-affiliated third party with the consent or upon the request of the shareholder.

**Sharing Information with Affiliates**

We may share client information with our affiliates in connection with servicing your account or to provide you with information about products and services that we believe may be of interest to you. The information we share may include, for example, your participation in our mutual funds or other investment programs, your ownership of certain types of accounts (such as IRAs), or other data about your accounts. Our affiliates, in turn, are not permitted to share your information with non-affiliated entities, except as required or permitted by law.

**Procedures to Safeguard Private Information**

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

The Funds take seriously the obligation to safeguard shareholder non-public personal information. In addition to this policy, the Funds have also implemented procedures that are designed to restrict access to a shareholder's non-public personal information only to internal personnel who need to know that information in order to provide products or services to such shareholders. In order to guard a shareholder's non-public personal information, physical, electronic and procedural safeguards are in place.

### **Proxy Voting Policies & Procedures:**

A description of the policies and procedures that the Funds have adopted to determine how to vote proxies relating to portfolio securities and information about how the Funds voted proxies relating to portfolio securities held during the most recent twelve month period ended June 30, is available (i) without charge, upon request, by calling the Funds' shareholder servicing agent at (800) 331-1710; (ii) on the Funds' website at [www.allianzinvestors.com/closedendfunds](http://www.allianzinvestors.com/closedendfunds); and (iii) on the Securities and Exchange Commission's website at [www.sec.gov](http://www.sec.gov).

**PIMCO Floating Rate Income/PIMCO Floating Rate Strategy Funds  
Dividend Reinvestment Plan (unaudited)**

Pursuant to the Funds' Dividend Reinvestment Plan (the "Plan"), all Common Shareholders whose shares are registered in their own names will have all dividends, including any capital gain dividends, reinvested automatically in additional Common Shares by PFPC Inc., as agent for the Common Shareholders (the "Plan Agent"), unless the shareholder elects to receive cash. An election to receive cash may be revoked or reinstated at the option of the shareholder. In the case of record shareholders such as banks, brokers or other nominees that hold Common Shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of Common Shares certified from time to time by the record shareholder as representing the total amount registered in such shareholder's name and held for the account of beneficial owners who are to participate in the Plan. Shareholders whose shares are held in the name of a bank, broker or nominee should contact the bank, broker or nominee for details. All distributions to investors who elect not to participate in the Plan (or whose broker or nominee elects not to participate on the investor's behalf), will be paid cash by check mailed, in the case of direct shareholder, to the record holder by PFPC Inc., as the Funds' dividend disbursement agent.

Unless you elect (or your broker or nominee elects) not to participate in the Plan, the number of Common Shares you will receive will be determined as follows:

(1) If on the payment date the net asset value of the Common Shares is equal to or less than the market price per Common Share plus estimated brokerage commissions that would be incurred upon the purchase of Common Shares on the open market, the Funds will issue new shares at the greater of (i) the net asset value per Common Share on the payment date or (ii) 95% of the market price per Common Share on the payment date; or

(2) If on the payment date the net asset value of the Common Shares is greater than the market price per Common Share plus estimated brokerage commissions that would be incurred upon the purchase of Common Shares on the open market, the Plan Agent will receive the dividend or distribution in cash and will purchase Common Shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. It is possible that the market price for the Common Shares may increase before the Plan Agent has completed its purchases. Therefore, the average purchase price per share paid by the Plan Agent may exceed the market price on the payment date, resulting in the purchase of fewer shares than if the dividend or distribution had been paid in Common Shares issued by the Funds. The Plan Agent will use all dividends and distributions received in cash to purchase Common Shares in the open market on or shortly after the payment date, but in no event later than the ex-dividend date for the next distribution. Interest will not be paid on any uninvested cash payments.

You may withdraw from the Plan at any time by giving notice to the Plan Agent. If you withdraw or the Plan is terminated, you will receive a certificate for each whole share in your account under the Plan and you will receive a cash payment for any fraction of a share in your account. If you wish, the Plan Agent will sell your shares and send you the proceeds, minus brokerage commissions.

The Plan Agent maintains all shareholders' accounts in the Plan and gives written confirmation of all transactions in the accounts, including information you may need for tax records. The Plan Agent will also furnish each person who buys Common Shares with written instructions detailing the procedures for electing not to participate in the Plan and to instead receive distributions in cash. Common Shares in your account will be held by the Plan Agent in non-certificated form. Any proxy you receive will include all Common Shares you have received under the Plan.

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

There is no brokerage charge for reinvestment of your dividends or distributions in Common Shares. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases.

Automatically reinvested dividends and distributions are taxed in the same manner as cash dividends and distributions.

The Funds and the Plan Agent reserve the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, the Funds reserve the right to amend the Plan to include a service charge payable by the participants. Additional information about the Plan may be obtained from the Funds' shareholder servicing agent, PFPC Inc., P.O. Box 43027, Providence, RI 02940-3027, telephone number (800) 331-1710.

This report, including the financial information herein, is transmitted to the shareholders of PIMCO Floating Rate Income Fund and PIMCO Floating Rate Strategy Fund for their information. It is not a prospectus, circular or representation intended for use in the purchase of shares of the Funds or any securities mentioned in this report.

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940, as amended, that from time to time the Funds may purchase shares of its common stock in the open market.

The Funds file their complete schedule of portfolio holdings with the Securities and Exchange Commission ( SEC ) for the first and third quarter of its fiscal year on Form N-Q. The Funds' Form N-Q is available on the SEC's website at [www.sec.gov](http://www.sec.gov) and may be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. The information on Form N-Q is also available on the Funds' website at [www.allianzinvestors.com/closedendfunds](http://www.allianzinvestors.com/closedendfunds).

On January 8, 2007, each Fund submitted a CEO annual certification to the New York Stock Exchange ( NYSE ) on which each Fund's principal executive officer certified that he was not aware, as of the date, of any violation by the Funds of the NYSE's Corporate Governance listing standards. In addition, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and related SEC rules, each Fund's principal executive and principal financial officer made quarterly certifications, included in filings with the SEC on Forms N-CSR and N-Q relating to, among other things, the Funds' disclosure controls and procedures and internal control over financial reporting, as applicable.

Information on the Funds is available at [www.allianzinvestors.com/closedendfunds](http://www.allianzinvestors.com/closedendfunds) or by calling the Funds' shareholder servicing agent at (800) 331-1710.

ITEM 2. CODE OF ETHICS

(a) As of the end of the period covered by this report, the registrant has adopted a code of ethics (the Section 406 Standards for Investment Companies Ethical Standards for Principal Executive and Financial Officers ) that applies to the registrant's Principal Executive Officer and Principal Financial Officer; the registrant's Principal Financial Officer also serves as the Principal Accounting Officer. The registrant undertakes to provide a copy of such code of ethics to any person upon request, without charge, by calling 1-800-331-1710. The code of ethics are included as an Exhibit 99.CODE ETH hereto.

(b) During the period covered by this report, there were not any amendments to a provision of the code of ethics adopted in 2(a) above.

(c) During the period covered by this report, there were not any waivers or implicit waivers to a provision of the code of ethics adopted in 2(a) above.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT

The registrant's Board has determined that Mr. Paul Belica, a member of the Board's Audit Oversight Committee is an audit committee financial expert, and that he is independent, for purposes of this Item.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES

a) **Audit fees.** The aggregate fees billed for each of the last two fiscal years (the Reporting Periods ) for professional services rendered by the Registrant's principal accountant (the Auditor ) for the audit of the Registrant's annual financial statements, or services that are normally provided by the Auditor in connection with the statutory and regulatory filings or engagements for the Reporting Periods, were \$107,500 in 2006 and \$107,000 in 2007.

b) **Audit-Related Fees.** The aggregate fees billed in the Reporting Periods for assurance and related services by the principal accountant that are reasonably related to the performance of the audit registrant's financial statements and are not reported under paragraph (e) of this Item were \$16,000 in 2006 and \$16,000 in 2007. These services consist of accounting consultations, agreed upon procedure reports (inclusive of annual review of basic maintenance testing associated with the Preferred Shares), attestation reports and comfort letters.

c) **Tax Fees.** The aggregate fees billed in the Reporting Periods for professional services rendered by the Auditor for tax compliance, tax service and tax planning ( Tax Services ) were \$11,500 in 2006 and \$13,500 in 2007. These services consisted of review or preparation of U.S. federal, state, local and excise tax returns and calculation of excise tax distributions.

d) **All Other Fees.** There were no other fees billed in the Reporting Periods for products and services provided by the Auditor to the Registrant.

e) **1. Audit Committee Pre-Approval Policies and Procedures.** The Registrant's Audit Committee has established policies and procedures for pre-approval of all audit and permissible non-audit services by the Auditor for the Registrant, as well as the Auditor's engagements related directly to the operations

and financial reporting of the Registrant. The Registrant's policy is stated below.

PIMCO Floating Rate Strategy Fund (the Fund)

#### AUDIT OVERSIGHT COMMITTEE POLICY FOR PRE-APPROVAL OF SERVICES PROVIDED BY THE INDEPENDENT ACCOUNTANTS

The Fund's Audit Oversight Committee (Committee) is charged with the oversight of the Fund's financial reporting policies and practices and their internal controls. As part of this responsibility, the Committee must pre-approve any independent accounting firm's engagement to render audit and/or permissible non-audit services, as required by law. In evaluating a proposed engagement by the independent accountants, the Committee will assess the effect that the engagement might reasonably be expected to have on the accountant's independence. The Committee's evaluation will be based on:

- a review of the nature of the professional services expected to be provided,
- the fees to be charged in connection with the services expected to be provided,
- a review of the safeguards put into place by the accounting firm to safeguard independence, and
- periodic meetings with the accounting firm.

#### POLICY FOR AUDIT AND NON-AUDIT SERVICES TO BE PROVIDED TO THE FUND

On an annual basis, the Fund's Committee will review and pre-approve the scope of the audit of the Fund and proposed audit fees and permitted non-audit (including audit-related) services that may be performed by the Fund's independent accountants. At least annually, the Committee will receive a report of all audit and non-audit services that were rendered in the previous calendar year pursuant to this Policy. In addition to the Committee's pre-approval of services pursuant to this Policy, the engagement of the independent accounting firm for any permitted non-audit service provided to the Fund will also require the separate written pre-approval of the President of the Fund, who will confirm, independently, that the accounting firm's engagement will not adversely affect the firm's independence. All non-audit services performed by the independent accounting firm will be disclosed, as required, in filings with the Securities and Exchange Commission.

#### AUDIT SERVICES

The categories of audit services and related fees to be reviewed and pre-approved annually by the Committee are:

- Annual Fund financial statement audits
- Seed audits (related to new product filings, as required)
- SEC and regulatory filings and consents
- Semiannual financial statement reviews

#### AUDIT-RELATED SERVICES

The following categories of audit-related services are considered to be consistent with the role of the Fund's independent accountants and services falling under one of these categories will be pre-approved by the Committee on an annual basis if the Committee deems those services to be consistent with the accounting firm's independence:

- Accounting consultations
-

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

### Fund merger support services

Agreed upon procedure reports (inclusive of quarterly review of Basic Maintenance testing associated with issuance of Preferred Shares and semiannual report review)

Other attestation reports

Comfort letters

Other internal control reports

Individual audit-related services that fall within one of these categories and are not presented to the Committee as part of the annual pre-approval process described above, may be pre-approved, if deemed consistent with the accounting firm's independence, by the Committee Chair (or any other Committee member who is a disinterested trustee under the Investment Company Act to whom this responsibility has been delegated) so long as the estimated fee for those services does not exceed \$150,000. Any such pre-approval shall be reported to the full Committee at its next regularly scheduled meeting.

### TAX SERVICES

The following categories of tax services are considered to be consistent with the role of the Fund's independent accountants and services falling under one of these categories will be pre-approved by the Committee on an annual basis if the Committee deems those services to be consistent with the accounting firm's independence:

Tax compliance services related to the filing or amendment of the following:

Federal, state and local income tax compliance; and, sales and use tax compliance

Timely RIC qualification reviews

Tax distribution analysis and planning

Tax authority examination services

Tax appeals support services

Accounting methods studies

Fund merger support service

Other tax consulting services and related projects

Individual tax services that fall within one of these categories and are not presented to the Committee as part of the annual pre-approval process described above, may be pre-approved, if deemed consistent with the accounting firm's independence, by the Committee Chairman (or any other Committee member who is a disinterested trustee under the Investment Company Act to whom this responsibility has been delegated) so long as the estimated fee for those services does not exceed \$150,000. Any such pre-approval shall be reported to the full Committee at its next regularly scheduled meeting.

### PROSCRIBED SERVICES

The Fund's independent accountants will not render services in the following categories of non-audit services:

Bookkeeping or other services related to the accounting records or financial statements of the Fund

Financial information systems design and implementation

Appraisal or valuation services, fairness opinions, or contribution-in-kind reports

Actuarial services

Internal audit outsourcing services

Management functions or human resources

Broker or dealer, investment adviser or investment banking services

Legal services and expert services unrelated to the audit

Any other service that the Public Company Accounting Oversight Board determines, by regulation, is impermissible

#### PRE-APPROVAL OF NON-AUDIT SERVICES PROVIDED TO OTHER ENTITIES WITHIN THE FUND COMPLEX

The Committee will pre-approve annually any permitted non-audit services to be provided to Allianz Global Investors Fund Management LLC (Formerly, PA Fund Management LLC) or any other investment manager to the Funds (but not including any sub-adviser whose role is primarily portfolio management and is sub-contracted by the investment manager) (the Investment Manager ) and any entity controlling, controlled by, or under common control with the Investment Manager that provides ongoing services to the Fund (including affiliated sub-advisers to the Fund), provided, in each case, that the engagement relates directly to the operations and financial reporting of the Fund (such entities, including the Investment Manager, shall be referred to herein as the Accounting Affiliates ). Individual projects that are not presented to the Committee as part of the annual pre-approval process, may be pre-approved, if deemed consistent with the accounting firm s independence, by the Committee Chairman (or any other Committee member who is a disinterested trustee under the Investment Company Act to whom this responsibility has been delegated) so long as the estimated fee for those services does not exceed \$150,000. Any such pre-approval shall be reported to the full Committee at its next regularly scheduled meeting.

Although the Committee will not pre-approve all services provided to the Investment Manager and its affiliates, the Committee will receive an annual report from the Fund s independent accounting firm showing the aggregate fees for all services provided to the Investment Manager and its affiliates.

#### DE MINIMUS EXCEPTION TO REQUIREMENT OF PRE-APPROVAL OF NON-AUDIT SERVICES

With respect to the provision of permitted non-audit services to a Fund or Accounting Affiliates, the pre-approval requirement is waived if:

- (1) The aggregate amount of all such permitted non-audit services provided constitutes no more than (i) with respect to such services provided to the Fund, five percent (5%) of the total amount of revenues paid by the Fund to its independent accountant during the fiscal year in which the services are provided, and (ii) with respect to such services provided to Accounting Affiliates, five percent (5%) of the total amount of revenues paid to the Fund s independent accountant by the Fund and the Accounting Affiliates during the fiscal year in which the services are provided;
  - (2) Such services were not recognized by the Fund at the time of the engagement for such services to be non-audit services; and
  - (3) Such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by the Committee Chairman (or any other Committee member who is a disinterested trustee under the Investment Company Act to whom this Committee Chairman or other delegate shall be reported to the full Committee at its next regularly scheduled meeting.
- e) 2. No services were approved pursuant to the procedures contained in paragraph (C) (7) (i) (C) of Rule 2-01 of Registration S-X.
- f) Not applicable
- g) Non-audit fees. The aggregate non-audit fees billed by the Auditor for services rendered to
-

the Registrant, and rendered to the Adviser, for the 2006 Reporting Period was \$1,856,854 and the 2007 Reporting Period was \$2,128,557.

h) Auditor Independence. The Registrant's Audit Oversight Committee has considered whether the provision of non-audit services that were rendered to the Adviser which were not pre-approved is compatible with maintaining the Auditor's independence.

**ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANT**

The Fund has a separately designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The audit committee of the Fund is comprised of Robert E. Connor, Paul Belica, John J. Dalessandro II, Hans W. Kertess, R. Peter Sullivan III and William B. Ogden, IV.

**ITEM 6. SCHEDULE OF INVESTMENTS** Schedule of Investments is included as part of the report to shareholders filed under Item 1 of this form.

**ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.**

**PIMCO FLOATING RATE INCOME FUND**

**PIMCO FLOATING RATE STRATEGY FUND**

(each a Trust )

**PROXY VOTING POLICY**

1. It is the policy of each Trust that proxies should be voted in the interest of its shareholders, as determined by those who are in the best position to make this determination. Each Trust believes that the firms and/or persons purchasing and selling securities for the Trust and analyzing the performance of the Trust's securities are in the best position and have the information necessary to vote proxies in the best interests of the Trust and its shareholders, including in situations where conflicts of interest may arise between the interests of shareholders, on one hand, and the interests of the investment adviser, a sub-adviser and/or any other affiliated person of the Trust, on the other. Accordingly, each Trust's policy shall be to delegate proxy voting responsibility to those entities with portfolio management responsibility for the Trust.

2. Each Trust delegates the responsibility for voting proxies to Allianz Global Investors Fund Management LLC ( AGIFM ), which will in turn delegate such responsibility to the sub-adviser of the particular Trust. AGIFM's Proxy Voting Policy Summary is attached as Appendix A hereto. Summary of the detailed proxy voting policies of the Trust's current sub-adviser is set forth in Appendix B attached hereto. Such summaries may be revised from time to time to reflect changes to the sub-adviser's detailed proxy voting policies.

3. The party voting the proxies (i.e., the sub-adviser or portfolio manager) shall vote such proxies in accordance with such party's proxy voting policies and, to the

extent consistent with such policies, may rely on information and/or recommendations supplied by others.

4. AGIFM and the sub-adviser of a Trust with proxy voting authority shall deliver a copy of its respective proxy voting policies and any material amendments thereto to the applicable Board of the Trust promptly after the adoption or amendment of any such policies.
5. The party voting the proxy shall: (i) maintain such records and provide such voting information as is required for the Trusts' regulatory filings including, without limitation, Form N-PX and the required disclosure of policy called for by Item 18 of Form N-2 and Item 7 of Form N-CSR; and (ii) shall provide such additional information as may be requested, from time to time, by the Board or the Trusts' Chief Compliance Officer.
6. This Proxy Voting Policy Statement (including Appendix B), the Proxy Voting Policy Summary of AGIFM and summary of the detailed proxy voting policy of the sub-adviser of a Trust with proxy voting authority, shall be made available (i) without charge, upon request, by calling 1-800-426-0107 and (ii) on the Trusts' website at [www.allianzinvestors.com](http://www.allianzinvestors.com). In addition, to the extent required by applicable law or determined by the Trusts' Chief Compliance Officer or Board of Trustees, the Proxy Voting Policy Summary of AGIFM and summaries of the detailed proxy voting policies of each sub-adviser with proxy voting authority shall also be included in the Trusts' Registration Statements or Form N-CSR filings.

**Appendix A**

**ALLIANZ GLOBAL INVESTORS FUND MANAGEMENT LLC ( AGIFM )**

1. It is the policy of AGIFM that proxies should be voted in the interest of the shareholders of the applicable fund, as determined by those who are in the best position to make this determination. AGIFM believes that the firms and/or persons purchasing and selling securities for the funds and analyzing the performance of the funds securities are in the best position and have the information necessary to vote proxies in the best interests of the funds and their shareholders, including in situations where conflicts of interest may arise between the interests of shareholders, on one hand, and the interests of the investment adviser, a sub-adviser and/or any other affiliated person of the fund, on the other. Accordingly, AGIFM's policy shall be to delegate proxy voting responsibility to those entities with portfolio management responsibility for the funds.
  2. AGIFM, for each fund which it acts as an investment adviser, delegates the responsibility for voting proxies to the sub-adviser for the respective fund, subject to the terms hereof.
-

3. The party voting the proxies (e.g., the sub-adviser) shall vote such proxies in accordance with such party's proxy voting policies and, to the extent consistent with such policies, may rely on information and/or recommendations supplied by others.

4. AGIFM and each sub-adviser of a fund shall deliver a copy of its respective proxy voting policies and any material amendments thereto to the board of the relevant fund promptly after the adoption or amendment of any such policies.

5. The party voting the proxy shall: (i) maintain such records and provide such voting information as is required for such funds' regulatory filings including, without limitation, Form N-PX and the required disclosure of policy called for by Item 18 of Form N-2 and Item 7 of Form N-CSR; and (ii) shall provide such additional information as may be requested, from time to time, by such funds' respective boards or chief compliance officers.

6. This Proxy Voting Policy Summary and summaries of the proxy voting policies for each sub-adviser of a fund advised by AGIFM shall be available (i) without charge, upon request, by calling 1-800-426-0107 and (ii) at [www.allianzinvestors.com](http://www.allianzinvestors.com). In addition, to the extent required by applicable law or determined by the relevant fund's board of directors/trustees or chief compliance officer, this Proxy Voting Policy Summary and summaries of the detailed proxy voting policies of each sub-adviser and each other entity with proxy voting authority for a fund advised by AGIFM shall also be included in the Registration Statement or Form N-CSR filings for the relevant fund.

**Appendix B**

**PACIFIC INVESTMENT MANAGEMENT COMPANY LLC**

Pacific Investment Management Company LLC ( PIMCO ) has adopted written proxy voting policies and procedures ( Proxy Policy ) as required by Rule 206(4)-6 under the Investment Advisers Act of 1940, as amended. PIMCO has implemented the Proxy Policy for each of its clients as required under applicable law, unless expressly directed by a client in writing to refrain from voting that client's proxies. Recognizing that proxy voting is a rare event in the realm of fixed income investing and is typically limited to solicitation of consent to changes in features of debt securities, the Proxy Policy also applies to any voting rights and/or consent rights of PIMCO, on behalf of its clients, with respect to debt securities, including but not limited to, plans of reorganization, and waivers and consents under applicable indentures.

The Proxy Policy is designed and implemented in a manner reasonably expected to ensure that voting and consent rights are exercised in the best interests of PIMCO's clients. Each proxy is voted on a case-by case basis taking into consideration any relevant contractual obligations as well as other relevant facts and circumstances at the time of the vote. In general, PIMCO reviews and considers corporate governance issues related to proxy matters and generally supports proposals that foster good corporate governance practices. PIMCO may vote proxies as recommended by management on routine matters related to the operation of the issuer and on matters not expected to have a significant economic impact on the issuer and/or its shareholders.

---

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

PIMCO will supervise and periodically review its proxy voting activities and implementation of the Proxy Policy. PIMCO will review each proxy to determine whether there may be a material conflict between PIMCO and its client. If no conflict exists, the proxy will be forwarded to the appropriate portfolio manager for consideration. If a conflict does exist, PIMCO will seek to resolve any such conflict in accordance with the Proxy Policy. PIMCO seeks to resolve any material conflicts of interest by voting in good faith in the best interest of its clients. If a material conflict of interest should arise, PIMCO will seek to resolve such conflict in the client's best interest by pursuing any one of the following courses of action: (i) convening a committee to assess and resolve the conflict; (ii) voting in accordance with the instructions of the client; (iii) voting in accordance with the recommendation of an independent third-party service provider; (iv) suggesting that the client engage another party to determine how the proxy should be voted; (v) delegating the vote to a third-party service provider; or (vi) voting in accordance with the factors discussed in the Proxy Policy.

Clients may obtain a copy of PIMCO's written Proxy Policy and the factors that PIMCO may consider in determining how to vote a client's proxy. Except as required by law, PIMCO will not disclose to third parties how it voted on behalf of a client. However, upon request from an appropriately authorized individual, PIMCO will disclose to its clients or the entity delegating the voting authority to PIMCO for such clients, how PIMCO voted such client's proxy. In addition, a client may obtain copies of PIMCO's Proxy Policy and information as to how its proxies have been voted by contacting PIMCO.

### ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES

(a)(1)

As of October 9, 2007, the following individual has primary responsibility for the day-to-day implementation of the PIMCO Floating Rate Income Fund (PFL) and PIMCO Floating Rate Strategy Fund (PFN) (each a Fund and collectively, the Funds):

**Cyrille R. Conseil,**

Mr. Cyrille Conseil, CFA, is the portfolio manager of the Funds. He has been the portfolio manager of the Funds since May 1, 2007 and is an Executive Vice President at PIMCO. He joined PIMCO in 1998 as a senior member of the credit research team, previously having worked in the High-Yield Group at Moody's Investors Service. Mr. Conseil has over fifteen years of investment experience and holds a bachelors degree in economics with a concentration in finance from The Wharton School of the University of Pennsylvania, and an MBA in finance/international business from Columbia University Graduate School of Business.

(a)(2)

The following summarizes information regarding each of the accounts, excluding the respective Fund managed by the Portfolio Manager as of August 31, 2007, including accounts managed by a team, committee, or other group that includes the Portfolio Manager. Unless mentioned otherwise, the advisory fee charged for managing each of the accounts listed below is not based on performance.

---

PM	Fund	Registered Investment Companies		Other Pooled Investment Vehicles		Other Accounts	
		#	AUM(\$million)	#	AUM(\$million)	#	AUM(\$million)
<b>Cyrille R. Conseil</b>							
	PFL	1	1,207.06	2	66.97	9	3,582.11
	PFN	1	530.94	2	66.97	9	3,582.11

From time to time, potential conflicts of interest may arise between a portfolio manager's management of the investments of a Fund, on the one hand, and the management of other accounts, on the other. The other accounts might have similar investment objectives or strategies as the Funds, track the same index a Fund tracks or otherwise hold, purchase, or sell securities that are eligible to be held, purchased or sold by the Funds. The other accounts might also have different investment objectives or strategies than the Funds.

**Knowledge and Timing of Fund Trades.** A potential conflict of interest may arise as a result of the portfolio manager's day-to-day management of a Fund. Because of their positions with the Funds, the portfolio managers know the size, timing and possible market impact of a Fund's trades. It is theoretically possible that the portfolio managers could use this information to the advantage of other accounts they manage and to the possible detriment of a Fund.

**Investment Opportunities.** A potential conflict of interest may arise as a result of the portfolio manager's management of a number of accounts with varying investment guidelines. Often, an investment opportunity may be suitable for both a Fund and other accounts managed by the portfolio manager, but may not be available in sufficient quantities for both the Fund and the other accounts to participate fully. Similarly, there may be limited opportunity to sell an investment held by a Fund and another account. PIMCO has adopted policies and procedures reasonably designed to allocate investment opportunities on a fair and equitable basis over time.

Under PIMCO's allocation procedures, investment opportunities are allocated among various investment strategies based on individual account investment guidelines and PIMCO's investment outlook. PIMCO has also adopted additional procedures to complement the general trade allocation policy that are designed to address potential conflicts of interest due to the side-by-side management of the Funds and certain pooled investment vehicles, including investment opportunity allocation issues.

**Performance Fees.** A portfolio manager may advise certain accounts with respect to which the advisory fee is based entirely or partially on performance. Performance fee arrangements may create a conflict of interest for the portfolio manager in that the portfolio manager may have an incentive to allocate the investment opportunities that he or she believes might be the most profitable to such other accounts instead of allocating them to a Fund. PIMCO has adopted policies and procedures reasonably designed to allocate investment opportunities between the Funds and such other accounts on a fair and equitable basis over time.

(a) (3)

As of August 31, 2007, the following explains the compensation structure of the individual that shares primary responsibility for day-to-day portfolio management of the Funds:

PIMCO has adopted a Total Compensation Plan for its professional level employees, including its portfolio managers, that is designed to pay competitive compensation and reward performance, integrity and teamwork consistent with the firm's mission statement. The Total Compensation Plan includes a

significant incentive component that rewards high performance standards, work ethic and consistent individual and team contributions to the firm. The compensation of portfolio managers consists of a base salary, a bonus, and may include a retention bonus. Portfolio managers who are Managing Directors of PIMCO also receive compensation from PIMCO's profits. Certain employees of PIMCO, including portfolio managers, may elect to defer compensation through PIMCO's deferred compensation plan. PIMCO also offers its employees a non-contributory defined contribution plan through which PIMCO makes a contribution based on the employee's compensation. PIMCO's contribution rate increases at a specified compensation level, which is a level that would include portfolio managers.

**Salary and Bonus.** Base salaries are determined by considering an individual portfolio manager's experience and expertise and may be reviewed for adjustment annually. Portfolio managers are entitled to receive bonuses, which may be significantly more than their base salary, upon attaining certain performance objectives based on predetermined measures of group or department success. These goals are specific to individual portfolio managers and are mutually agreed upon annually by each portfolio manager and his or her manager. Achievement of these goals is an important, but not exclusive, element of the bonus decision process.

In addition, the following non-exclusive list of qualitative criteria (collectively, the **Bonus Factors**) may be considered when determining the bonus for portfolio managers:

- 3-year, 2-year and 1-year dollar-weighted and account-weighted, pre-tax investment performance as judged against the applicable benchmarks for each account managed by a portfolio manager (including the Funds) and relative to applicable industry peer groups;
- Appropriate risk positioning that is consistent with PIMCO's investment philosophy and the Investment Committee/CIO approach to the generation of alpha;
- Amount and nature of assets managed by the portfolio manager;
- Consistency of investment performance across portfolios of similar mandate and guidelines (reward low dispersion);
- Generation and contribution of investment ideas in the context of PIMCO's secular and cyclical forums, portfolio strategy meetings, Investment Committee meetings, and on a day-to-day basis;
- Absence of defaults and price defaults for issues in the portfolios managed by the portfolio manager;
- Contributions to asset retention, gathering and client satisfaction;
- Contributions to mentoring, coaching and/or supervising; and
- Personal growth and skills added.

A portfolio manager's compensation is not based directly on the performance of any Fund or any other account managed by that portfolio manager. Final bonus award amounts are determined by the PIMCO Compensation Committee.

**Retention Bonuses.** Certain portfolio managers may receive a discretionary, fixed amount retention bonus, based upon the Bonus Factors and continued employment with PIMCO. Each portfolio manager who is a Senior Vice President or Executive Vice President of PIMCO receives a variable amount retention bonus, based upon the Bonus Factors and continued employment with PIMCO.

Investment professionals, including portfolio managers, are eligible to participate in a Long Term Cash Bonus Plan ( **Cash Bonus Plan** ), which provides cash awards that appreciate or depreciate based upon the performance of PIMCO's parent company, Allianz Global Investors, and PIMCO over a three-year period. The aggregate amount available for distribution to participants is based upon Allianz Global Investors' profit growth and PIMCO's profit growth. Participation in the Cash Bonus Plan is based upon the Bonus Factors, and the payment of benefits from the Cash Bonus Plan, is contingent upon continued employment at PIMCO.

## Edgar Filing: PIMCO Floating Rate Strategy Fund - Form N-CSR

Profit Sharing Plan. Instead of a bonus, portfolio managers who are Managing Directors of PIMCO receive compensation from a non-qualified profit sharing plan consisting of a portion of PIMCO's net profits. Portfolio managers who are Managing Directors receive an amount determined by the Managing Director Compensation Committee, based upon an individual's overall contribution to the firm and the Bonus Factors.

From time to time, under the PIMCO Class B Unit Purchase Plan, Managing Directors and certain executive management (including Executive Vice Presidents) of PIMCO may become eligible to purchase Class B Units of PIMCO. Upon their purchase, the Class B Units are immediately exchanged for Class A Units of PIMCO Partners, LLC, a California limited liability company that holds a minority interest in PIMCO and is owned by the Managing Directors and certain executive management of PIMCO. The Class A Units of PIMCO Partners, LLC entitle their holders to distributions of a portion of the profits of PIMCO. The PIMCO Compensation Committee determines which Managing Directors and executive management may purchase Class B Units and the number of Class B Units that each may purchase. The Class B Units are purchased pursuant to full recourse notes issued to the holder. The base compensation of each Class B Unit holder is increased in an amount equal to the principal amortization applicable to the notes given by the Managing Director or member of executive management.

Portfolio managers who are Managing Directors also have long-term employment contracts, which guarantee severance payments in the event of involuntary termination of a Managing Director's employment with PIMCO.
