**MINUTES OF AN EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS
OPENED ON AUGUST 8, AND COMPLETED ON SEPTEMBER 1, 2008**

At 10:30 a.m. on August 8, 2008, stockholders representing more than two-thirds of the voting stock of Companhia Energética de Minas Gerais Cemig met in Extraordinary General Meeting at its head office, on first convocation, at Av. Barbacena 1200, 18th Floor, Belo Horizonte, Minas Gerais, Brazil, as verified in the Stockholders Attendance Book, where all those present signed and made the required statements, the stockholder State of Minas Gerais being represented by Mr. Roney Luiz Torres Alves da Silva, Attorney of the State, in accordance with the legislation.

Initially, Mr. Ary Ferreira Filho, for the Office of the Superintendent of Cemig's Corporate Executive Secretariat, informed those present that there was a quorum for the Extraordinary General Meeting of Stockholders, and that the stockholders present should choose the Chairman of this Meeting, in accordance with Clause 10 of the Company's Bylaws.

Asking for the floor, the representative of the Stockholder State of Minas Gerais put forward the name of the stockholder Marco Antonio Rodrigues Cunha to chair the Meeting. The proposal of the representative of the Stockholder State of Minas Gerais was put to the vote, and unanimously approved.

The Chairman then declared the Meeting opened and invited me, Ary Ferreira Filho, a stockholder, to be Secretary of the Meeting, and asked me to read the convocation notice, published in the newspapers *Minas Gerais*, official publication of the powers of the State, and *O Tempo*, on July 24, 25 and 26, and in *Gazeta Mercantil* on July 24, 25 and 28, the content of which is as follows:

EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS:

CONVOCATION

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Stockholders are invited to an Extraordinary General Meeting of Stockholders to be held on August 8, 2008, at 10.30 a.m., at the company's head office, Avenida Barbacena 1200, 18th floor, Belo Horizonte, Minas Gerais, to decide on a proposal to set the limit for the consolidated amount of funds allocated to capital investment and acquisition of any assets, for the 2008 business year, at 55% (fifty five per cent) of the company's Ebitda (Earnings before interest, tax, depreciation and amortization).

Any stockholder who wishes to be represented by proxy in the said General Meeting of Stockholders should obey the terms of Article 126 of Law 6406/76, as amended, and the Sole paragraph of Clause 9 of the Company's Bylaws, depositing, preferably by August 6, 2008, proofs of ownership of the shares, issued by a depositary financial institution, and a power of attorney with special powers, at Cemig's Corporate Executive Secretariat Office at Av. Barbacena 1200, 19th floor, B1 Wing, Belo Horizonte, Minas Gerais, or showing them at the time of the meeting.

Belo Horizonte, July 18, 2008.

Signed by: Djalma Bastos de Morais Vice-Chairman of the Board of Directors .

Before the items on the agenda of this meeting were put to debate and the vote, the representative of the stockholder Southern Electric Brasil Participações Ltda. stated that the changes in the Bylaws made by the Extraordinary General Meeting of Stockholders of October 25, 1999, and also the subsequent alterations, were approved only by virtue of the suspension of the Stockholders' Agreement, by decision of the Courts, and were thus provisional and precarious.

He said that hence the acts and operations practiced or submitted to approval by the management bodies of Cemig, supported by the said changes in the Bylaws made under the protection of the Court decision in force today, may, at any moment, be reviewed and withdrawn from the world of legal existence.

Av. Barbacena 1200, Santo Agostinho, 30190-131 Belo Horizonte, MG, Brazil. Tel.: +55-31 3506-5024.

Fax: +55-31 3506-5025

On this question, the representative of the stockholder State of Minas Gerais reminded the meeting that the decision which annulled the Stockholders Agreement signed between the State of Minas Gerais and Southern Electric Brasil Participações Ltda. no longer has an interim or provisional character.

It is, he said, a decision on the merit and it is thus a case not of suspension but of annulment.

He added that there is already in existence a decision on the merit that annuls the Stockholders Agreement, confirmed by the Appeal Court of the State of Minas Gerais. He further explained that the decisions of this Meeting can only take into account what exists at the present moment, and that it would be irresponsible not to vote on matters, in expectation of Court decisions, since, in reality, the said Stockholders Agreement, by force of Court judgment, cannot produce any effect and the decisions taken are being taken within strict compliance with the Court decision.

Finally, he noted that the Extraordinary and Special Appeals brought by Southern were not admitted by the Vice-chairman of the Minas Gerais Appeal Court, and that the Higher Appeal Court refused the interlocutory and special appeals brought by Southern, thus underlining and reinforcing the legal situation already stated by the Minas Gerais Appeal Court, that is to say, the inefficacy of the Stockholders Agreement subject of the action.

Again taking the floor, the representative of Southern Electric Brasil Participações Ltda. stated that the Interlocutory Appeal brought against the dispatch denying the Extraordinary Appeal is awaiting judgment in proceedings in the Federal Supreme Court.

The Chairman then requested the Secretary to proceed to reading of the Proposal of the Board of Directors, which deals with the matter that is on the agenda, the content of which is as follows:

**PROPOSAL BY THE BOARD OF DIRECTORS TO THE
EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS**

TO BE HELD ON AUGUST 8, 2008

Dear Stockholders:

The Board of Directors of Companhia Energética de Minas Gerais - Cemig,

• now proposes to you:

to establish that the consolidated amount of funds allocated to capital expenditure and the acquisition of any assets, in the business year of 2008, should be limited to the equivalent of a maximum of 55% (fifty five per cent) of the company's Ebitda (Earnings before interest, taxes, depreciation and amortization);

Alexandre Heringer Lisboa - Member

João Camilo Penna Member
Lauro Sérgio Vasconcelos David Member
Maria Estela Kubitschek Lopes Member
Paulo Sérgio Machado Ribeiro Member .

The Chairman then put to debate the Proposal by the Board of Directors to this Meeting.

Asking for the floor, the stockholder Taciana Rodrigues Paula proposed adjournment of the business of this meeting, to be resumed on September 1, at 11 a.m. at the company's head office, so that the Company could make available additional information on its investment program, giving stockholders greater comfort in coming to a decision on the agenda of the meeting.

This proposal by the stockholder Taciana Rodrigues Paula was put to the vote, and approved unanimously.

The business of the meeting was resumed at 11 a.m. on September 1, 2008, at the company's head office at Av. Barbacena 1200, 18th floor, Belo Horizonte, Minas Gerais, with the presence of all the

stockholders who had signed the stockholders, Attendance Book on August 8, 2008, with the exception of the stockholder Marco Antonio Rodrigues da Cunha, the State of Minas Gerais being represented on this occasion by Mr. Marco Antônio Rebelo Romanelli, Joint general Advocate of the State of Minas Gerais.

Mr. Ary Ferreira Filho, for the Office of the Superintendent of Cemig's Corporate Executive Secretariat, informed those present that there was a quorum for this Extraordinary General Meeting of Stockholders, and that the stockholders present should choose the Chairman of this Meeting to chair this day's business, in accordance with Clause 10 of the Company's Bylaws.

Asking for the floor, the representative of the Stockholder State of Minas Gerais put forward the name of the stockholder Luiz Fernando Rolla to preside over the continuation of the Meeting.

The Chairman then put to debate the Proposal made to this Meeting by the Board of Directors, and requested that a copy of the explanations provided by the company on its investment program should be distributed. The content of that document is as follows:

After the due explanations, the Chairman put to the vote the Proposal made by the Board of Directors to this Meeting, and it was approved, with the representative of the stockholder PREVI (Pension fund of the employees of Banco do Brasil) voting against.

The representative of the stockholder State of Minas Gerais stated that it approved the increase in the retention of Ebitda to 52.42%, with funds being allocated to the company's own investment plan, exceptionally for the 2008 business year, having in mind Official Statement OF.SEF.GAB.SECADJ/838/08 of the State Finance Department, of August 29, 2008; Notice CR-1183/08, of August 21, 2008; the explanations provided by the Company; and the statement in favor by the Corporate Governance Committee of the State of Minas Gerais.

The representative of the stockholder Southern Electric Brasil Participações Ltda. then took the floor and stated that the approval now being made is an exceptional matter and is subordinate to the understanding that the company should make the velocity and volume of its investments, and those of the wholly-owned subsidiaries, compatible with the payment of extraordinary dividends provided for in the Bylaws, which are necessary, also, to ensure, over time, the payment of the debt relating to the Contract to Assign the Outstanding Credit Balance on the CRC (Results Compensation) Account, signed between the State of Minas Gerais and Cemig.

Hence, he continued, investments should be limited to an amount that does not affect the payment of the extraordinary dividends. Further, he said, completing his speech, that attention should be given to ensuring that, as specified by the applicable provisions of the bylaws, the proportional relationship between debt and Ebitda should remain at 40%:60%, and that if there is an investment opportunity that exceeds this limit, subject to the limit of investment now being approved, the Board of Directors should, upon justification with grounds, review it, and as it deems appropriate, approve it on a case-by-case basis.

The meeting was opened to the floor, and since no-one else wished to make any statement, the Chairman ordered the session suspended for the time necessary for the writing of the minutes.

The session being reopened, the Chairman, after putting the said minutes to debate and to the vote and verifying that they had been approved and signed, closed the meeting.

For the record I, Ary Ferreira Filho, Secretary, wrote these minutes and sign them jointly with all those present.

17. Market Announcement, Cemig Increases Stake in CBE, Companhia Energética de Minas Gerais - CEMIG, September 25, 2008

Cemig increases stake in TBE

In a Material Announcement dated September 24, 2008, **Cemig** announced an **increase in its holdings in five Brazilian companies operating transmission lines**, known jointly as **TBE**. In each of the 5 operations, Cemig acquired 95% of the interest held by Brookfield.

TBE is the group of the following companies, in the North and South of Brazil, operating transmission lines totaling 2,119 km, with Annual Permitted Revenue (RAP) of R\$ 525 million:

- **EATE** (Empresa Amazonense de Transmissão de Energia S.A.),
- **ETEP** (Empresa Paraense de Transmissão de Energia S.A.),
- **ENTE** (Empresa Norte de Transmissão de Energia S.A.),
- **ERTE** (Empresa Regional de Transmissão de Energia S.A.) and
- **ECTE** (Empresa Catarinense de Transmissão de Energia S.A.)

This acquisition doubles Cemig's effective stake in TBE to a holding equivalent to 890km of transmission lines and **RAP of R\$ 222 million**, and is fully in line with Cemig's published strategy of increasing its market shares in all the market segments of the Brazilian electricity sector, at all times seeking returns compatible with the characteristics of each line of business.

The acquisition includes the right to **repurchase** of the preferred shares held by **Eletrobrás** in EATE e ETEP, according to an established timetable of quarterly payments.

The amount to be paid and its form of monetary updating were negotiated at the time of the original joint purchase of a shareholding in the transmission companies by Cemig, Brookfield and MDU in August 2006, through a mechanism of call and put options. It is also part of Cemig's strategy to include preference and option clauses in Stockholders' Agreements to allow for additional growth in its stockholdings.

The amount negotiated the strike price of the option is the original amount, properly adjusted until the moment of completion of the transaction which in this case takes place only after approval by Aneel, and the creditors.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

It is estimated that this amount will be around R\$ 480 million, if the transaction is completed before the end of 2008. This amount is already included in Cemig's capex plan already published to the market.

The acquisition creates value, as it meets the Company's criteria for profitability. EV/Ebitda is around 7x, and the real annual rate of return is over 13%.
