Item 7.01. Regulation FD Disclosure.

On February 6, 2018, the California Public Utilities Commission (the "CPUC") issued the proposed decision of the assigned administrative law judge, which applies to California Water Service Company, the Registrant's California regulated utility subsidiary ("Cal Water"), and three other Class A water companies (the "Joint Parties"), in response to the Joint Parties' request to set their cost of capital for 2018 - 2020. The proposed decision would lower Cal Water's authorized return on equity from 9.43% to 8.22%. If the proposed decision were adopted without changes, Cal Water would be required to reduce its rates collected from California customers by approximately \$13 million. This reduction in revenue would have a material adverse impact on the Registrant's net income and earnings beginning in 2018.

A proposed decision must be approved by the full Commission to go into effect. The full Commission could modify or reject the proposed decision and will first consider the matter at its meeting on March 22, 2018.

The information furnished pursuant to Item 7.01 of this Current Report shall not be deemed "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such a filing.

This report contains forward-looking statements within the meaning established by the Private Securities Litigation Reform Act of 1995 ("Act"). The forward-looking statements are intended to qualify under provisions of the federal securities laws for "safe harbor" treatment established by the Act. When considering forward-looking statements, you should keep in mind the cautionary statements included in this paragraph, as well as the annual 10-K, Quarterly 10-Q, and other reports filed from time-to-time with the Securities and Exchange Commission. The Registrant assumes no obligation to provide public updates of forward-looking statements.
