## INTRODUCTION

This proxy solicitation comes to you for one very important reason. Your fund, (RIT) the Real Estate Income Fund Inc. is asking you to approve a new Management Agreement with a new manager for the Fund. You as stockholders of the Fund have the opportunity NOW to make Fund Management sit-up and pay attention!

1. Termination of the Management Agreement with Citigroup Inc. the parent company of the Fund's investment adviser, Salomon Brothers Asset Management.

The Fund is seeking your permission to approve a new management agreement for the Fund. It is the belief of Karpus Investment Management (KIM) that the stockholders of the Fund are entitled to receive an economic benefit at this time, before the transaction would occur.

Karpus Investment Management believes that the shareholders of the Fund are not receiving the economic benefits that they are entitled to receive. Although not specified in the original Fund's prospectus, KIM believes that current management has a fiduciary duty to address the wide discount to net asset value currently being experienced by the Fund. The Board should address this loss of economic value prior to the approval of a new investment management contract. Shareholders that purchased these shares at the initial price offering will suffer considerable damages should they have to sell shares because they do not wish to change investment managers. The current portfolio management team has performed well; what consideration are Shareholders being offered to compensate for the risk a change in investment management?

KIM believes the current Fund Management and the Board of Directors of the Fund have not taken adequate measures to close the discount to net asset value that the Fund has historically maintained. KIM further believes that the Fund Management and Board of Directors have been negligent in their duties to shareholders by not vigilantly taking steps to mitigate or eradicate the discount and improve the economic well being of the shareholders.

The following table illustrates the historic discount of the Fund from its inception. Source of Data Bloomberg Inc.

| <b><u>Discount History</u></b> | <b><u>RIT</u></b> |
|--------------------------------|-------------------|
| IPO                            | +6.00%            |
| 6 Months After                 | +1.81%            |
| 1 Year After                   | -5.22%            |
| Current (07/31/05)             | -13.93%           |

Large shareholders who do not agree with the approval of the new management contract could be forced to sell shares in the market and could potentially depress the market price causing the discount to widen further. As can be deduced from the table above, the investors that participated in the IPO of this fund have experienced a tremendous loss of value due to the erosion of the Fund's premium and widening of the discount. This fund was incepted in 2002 and now a little more than three years later they are being asked to change investment managers. These Shareholders should be allowed the opportunity to at least receive net asset value for their shares.

It is also the belief of KIM that any shareholder that has sold shares in the market place since the initial price offering has been economically harmed because of selling the shares at a severe discount to net asset value. KIM believes that the Board or Directors has not fulfilled their fiduciary duty to the shareholders.

II. To vote against approving a new Investment Management contract with Legg Mason, Inc.

We, as stockholders of the Fund, have no confidence that a new investment management contract will address the severe discount to net asset value at which the Fund has historically traded. We are not being asked to elect a new Board of Directors at this time. The present Board has failed to manage the discount of the Fund and will remain in the Fund at this point.

KIM believes, as shareholders of the Fund, that adequate time has expired for the Board to take action. We have no reason to believe that a change in investment managers will result in action to address the trading discount.

The Fund presently has provisions in its articles of incorporation and bylaws which limit the ability of other entities or persons to acquire control of the portfolio or to modify its structure. They include the following:

Tiered Board Structure. The Board of Directors is classified into three classes, with terms of one, two, and three years initially and three years thereafter with only one class of Directors standing for election in any year. This prevents replacement of a majority of Directors for up to a two year period. In effect this means that if KIM wanted to propose new "Independent" Directors to the Fund, it would take at least 2 years to install a majority of the Board.

Super-Majority Voting Requirements to Remove Directors. Directors can be removed only for cause and by a vote of 75% of the outstanding shares entitled to vote on the matter.

Super-Majority Voting Requirements to Take Certain Action. The Fund cannot be converted from a closed-end to an open-end investment company without the approval of 75% of the Fund's Directors. In addition, unless two-thirds of the Fund's non-interested Directors approve the transaction, the affirmative vote of the holders of at least two-thirds of the shares will be required to authorize the portfolio's conversion from a closed-end to an open-end investment company or generally to authorize any of the following transaction: (i) merger, consolidation or share exchange of the portfolio with or into any other corporation; (ii) dissolution or liquidation of the portfolio, (iii) sale, lease, exchange or other disposition of all or substantially all of the assets of the portfolios; (iv) change in the nature of the business of the portfolio so that it would cease to be an investment company registered under the 1940 Act; or (v) sale, lease or exchange of the portfolio, in exchange for securities of the portfolio, of any assets of any entity or person (except assets having an aggregate fair market value of less than \$1,000,000). The affirmative vote of at least two-thirds of the shares will be required to amend the articles of incorporation or bylaws to change any of the foregoing provisions.

Due to the control provisions outlined in the original prospectuses, it would be very hard for Shareholders to impose their will upon Fund Management. This is a unique opportunity for disgruntled Shareholders to express their dissatisfaction with Fund Management.

KIM BELIEVES THAT BY NOT APPROVING THE NEW MANAGEMENT CONTRACT WITH LEGG MASON, INC, STOCKHOLDERS OF THE FUND HAVE THE ABILITY TO FORCE THE PRESENT BOARD OF DIRECTORS TO MEET STOCKHOLDER EXPECTATIONS.

It is the opinion of KIM that this may be the only chance for stockholders to receive the economic benefit that they are entitled to, NET ASSET VALUE!

**Required vote.**

When you return the GREEN proxy card you will be voting FOR the proposal to (i) terminate the Management Agreement between the Fund(s) and Citigroup Inc., the parent company of Salomon Brothers Asset Management Inc. (ii) to vote against approving a new Management Agreement with Legg Mason Inc.

**Other Matters**

Other than the proposals described above, we are not aware of any other matters to be brought before the Meeting. Should other matters be brought before the Meeting, the persons named as proxies in the enclosed GREEN proxy card will vote on such matters in their discretion.

VOTING PROCEDURES

Voting and Revocation of Proxies

For the proxy solicited hereby to be voted, the enclosed GREEN proxy card must be signed, dated and returned to Karpus Investment Management c/o \_\_\_\_\_ at the address set forth on the last page of this Proxy Statement, in the enclosed envelope, in time to be voted at the Meeting. If you wish to vote in accordance with our recommendations, you must submit the enclosed GREEN proxy card and must NOT subsequently submit the Fund's proxy card. If you have already returned the Fund's proxy card, you have the right to revoke it as all matters covered thereby and may do so by subsequently signing, dating and mailing the enclosed GREEN proxy card. ONLY YOUR LATEST DATED PROXY WILL COUNT AT THE MEETING. Execution of a GREEN proxy card will not affect your right to attend the Meeting and to vote in person.

Any proxy may be revoked as to all matters covered thereby at any time prior to the time a vote is taken by (i) submitting to the Fund or to us a later dated written revocation or duly executed proxy' or (ii) attending and voting at the Meeting in person (attendance at the Meeting will not in and of itself constitute a revocation).

Although a revocation of a proxy solicited by the Fund will be effective only if delivered to the Fund, we request that either the original or a copy of all revocations be mailed to Karpus Investment Management c/o \_\_\_\_\_ at the address set forth on the back page of this Proxy Statement, so that we will be aware of all revocations and can more accurately determine if and when the requisite proxies have been received.

Shares of Common Stock represented by a valid unrevoked GREEN proxy card will be voted as specified. Shares represented by a GREEN proxy card where no specification has been made will be voted:

\***FOR** the termination of the Management Agreement between the Fund(s) and Citigroup Inc., the parent company of Salomon Brothers Asset Management Inc.

\* **AGAINST** approving a new Management Agreement with Legg Mason Inc.

If any of your shares were held in the name of the brokerage firm, bank nominee, or other institution on the Record Date, only that institution can vote your shares and only upon specific receipt of your specific instructions. Accordingly, please promptly contact the person responsible for your account at such institution and instruct that person to execute and return the GREEN proxy card on your behalf. You should also promptly sign, date, and mail the voting instructions form (or GREEN proxy card) that your broker or bankers sends you. Please do this for each account you maintain to ensure that all of your shares are voted. If any of your shares were held in the name of a brokerage firm, bank, bank nominee, or other institution on the Record Date, to revoke your proxy you will need to give appropriate instructions to such institution. **IF YOU DO NOT GIVE INSTRUCTIONS TO YOUR BROKER OR OTHER NOMINEE, YOUR SHARES WILL NOT BE VOTED.**

Only holders of record as of the close of business on the Record Date will be entitled to vote at the meeting. If you were a stockholder of record on the Record Date, you will retain your voting rights for the Meeting even if you sell shares after the Record Date. Accordingly, it is important that you vote the shares you owned on the Record Date or grant a proxy to vote such shares, even if you sell some or all of your shares after the Record Date.

Based on publicly available information, the shares of Common and Preferred Stock are the only shares of capital stock of the Fund entitled to notice of, and to vote at, the Meeting. According to the Fund's Annual Report for the period ending December 31, 2004 for RIT there were 11,069,242 Common and 2600 Preferred Stock issued and outstanding. Every holder of shares of Common Stock is entitled to one (1) vote for each share of Common or Preferred Stock held.

### **Shareholder Approval**

In accordance with the Fund's Amended and Restated Bylaws, at the Meeting, the presence in person or by proxy of stockholders entitled to cast (without regard to class) a majority of all the votes entitled to be cast at such meeting on any matter shall constitute a quorum. Shares represented by proxies that reflect abstentions and broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. "Broker non-votes" occur when a broker has not received voting instructions from the beneficial owner of the shares and either declines to exercise its discretionary voting authority or is barred from doing so because the proposal is contested.

### **SOLICITATION OF PROXIES**

In connection with our solicitation of proxies for use at the Meeting, proxies may be solicited by mail, courier service, advertisement, telephone, telecopier, or other electronic means, and in person. Solicitations may be made in the manner set forth in the Proxy Statement, by certain of the officers or employees of Karpus Investment Management, none of whom will receive additional compensation for such solicitations. We may request banks, brokerage firms, and other custodians, nominees, and fiduciaries to forward all of the solicitation material to the beneficial owners of the shares of the Common and Preferred Stock they hold of record.

We have retained \_\_\_\_\_ for solicitation and advisory services in connection with the solicitation of proxies. Karpus will pay a fee to be mutually agreed upon between Karpus and \_\_\_\_\_ based on the services provided.

All expenses associated with any solicitation of proxies by Karpus in connection with the Meeting will be borne directly by Karpus and clients of Karpus Investment Management. Karpus intends to seek reimbursement from Citigroup and Salmon Brothers Asset Management and the Board of Directors should the proposals be approved. We estimate that the costs incidental to our solicitation of proxies, including expenditures for advertising, printing, postage, legal and related expenses, will be approximately \$\_\_\_\_\_. Karpus has no estimate of costs incurred to date. Karpus intends to deliver a proxy statement and form of proxy to holders of at least the percentage of the Fund's voting shares required under applicable law to carry Proposal (i) and Proposal (ii).
