Audit Committee

We have an Audit Committee which was established in accordance with Section 3(a)(58)(A) of the Exchange Act. Our Audit Committee was established in July 1999. On June 27, 2008, our board adopted an Amended and Restated Audit Committee Charter. The primary responsibilities of our Audit Committee include:

- appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;

Item 11. Executive Compensation.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis explains the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our executive officers during Fiscal 2010 and as anticipated for Fiscal 2011. Our Chief Executive Officer, Chief Financial Officer and all of our other executive officers included in the Summary Compensation Table will be referred to as the “named executive officers” for purposes of this discussion.

Compensation Objectives and Philosophy

The Compensation Committee, also referred to herein as the Committee, of the board is responsible for the following:

- to discharge the board’s responsibilities relating to compensation of our directors and named executive officers;
- to have overall responsibility for approving and evaluating our director and officer compensation plans, policies and programs;
- to have responsibility for producing an annual report on executive compensation for inclusion in our annual report or proxy statement; and

- to review and discuss with our management the Compensation Discussion & Analysis, which is included in our annual report or proxy statement.

As part of this process, the Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

- to motivate, recruit and retain executives capable of meeting our strategic objectives;
- to provide incentives to ensure superior executive performance and successful financial results for us; and
- to align the interests of executives with the long-term interests of our stockholders.

The Committee seeks to achieve these objectives by:

- linking a substantial portion of compensation to our achievement of long-term and short-term financial objectives and the individual's contribution to the attainment of those objectives;
- providing long-term equity-based incentives and encouraging direct share ownership by executives with the intention of providing incentive-based compensation to encourage a long-term focus on company profitability and stockholder value; and
- understanding the marketplace and establishing a compensation structure that is adjusted for our position in the marketplace and our current financial condition and limited capital resources.

Setting Executive Compensation

In Fiscal 2009, the Committee engaged J. Richard and Co., also referred to herein as J. Richard, a nationally recognized compensation consulting firm, to provide competitive compensation data and general advice on our compensation programs and policies for our Chief Executive Officer, and J. Richard was available for consultation with the Committee to discuss the compensation programs for our other named executive officers. During Fiscal 2009, J. Richard performed a market analysis of the compensation paid by comparable companies and provided the Committee with recommended compensation ranges for the Chief Executive Officer based on the competitive data. In addition, the Chief Executive Officer provided recommendations to the Committee with respect to the compensation packages for those other named executive officers for Fiscal 2009, and the Committee also reviewed the Chief Executive Officer's recommendation against compensation paid by comparable companies.

For Fiscal 2010, the Committee's objective was to target each component of compensation listed below to be competitive with comparable positions at peer group companies, and to target the total annual compensation of each named executive officer at the appropriate level for comparable positions at the competitive peer group companies.

During the compensation review process for Fiscal 2010, the Committee elected not to engage an independent compensation consultant. This decision was based on the Committee's belief that prior years analysis did not closely enough parallel the scope of our business relative to the breadth of operations in general, executive officers scope of duties and responsibilities, position in the life cycle, financial responsibilities, capitalization and size of management staff. The Committee also met with the Chief Executive Officer who agreed with the approach not to engage an outside consultant and agreed to provide a review of management's performance against objectives for the period to assist in ascertaining equity award levels. The Committee consulted with J. Richard as needed regarding its proposed programs and approaches to compensation during Fiscal 2010, for which J. Richard was compensated. In addition, the Committee consulted with J. Richard in connection with its plans for Fiscal 2011.

The Committee elected to identify various companies in the biotech sector it felt were somewhat close in scope of operation to the Company. It became evident, as in prior years, that due to the key banner points listed above (the breadth of operations in general, executive officers scope of duties and responsibilities, position in the life cycle, financial responsibilities, capitalization and size of management staff) it is very difficult to identify such public entities for comparative purposes. For Fiscal 2010 and Fiscal 2009, the companies we elected to evaluate were as follows: Adolor Corporation (ADLR); MDRNA Inc. (MRNA); Anesiva Inc. (ANSV); Santarus Inc. (SNTS); Sequenom, Inc.(SQNM); Cubist (CBST); Lexicon (LXX); and Targacept, Inc. (TRGT).

However, in determining the compensation of each named executive officer, the Committee also considers a number of other factors, including our recent performance and the named executive officer's individual performance, the Chief Executive Officer's recommendations and the importance of the executive's position and role in relation to execution of the Company's strategic plan. There is no pre-established policy for allocation of compensation between cash and non-cash components or between short-term and long-term components. Instead, the Committee determines the mix of compensation for each named executive officer based on its review of the competitive data, its subjective analysis of that individual's performance and contribution to our financial performance, the financial strength and outlook of the Company and, most of all, what is considered fair and reasonable based on the scope of operations and responsibilities. For the Chief Executive Officer, for Fiscal 2010, the Committee set his performance targets and compensation levels based upon the input from the Committee's analysis and from the Chief Executive Officer. For other named executive officers, the Committee sets performance targets and compensation levels after receiving recommendations from the Chief Executive Officer and reviewing those recommendations with the full Committee.

In selecting companies to survey for such compensation purposes, the Committee considered many factors not directly associated with the stock price performance of those companies, such as geographic location, development stage, organizational structure and market capitalization. For this reason, there is not a meaningful correlation between the companies included within the peer group identified for comparative compensation purposes and the companies included within the RDG Micro Biotechnology Index.

Components of Compensation

For Fiscal 2010, our executive compensation program included the following components:

- base salary;
- cash bonuses;
- annual short-term equity incentives;
- a continuation of the long-term equity incentive program; and
- change in control and other severance arrangements.

Currently, for Fiscal 2011, our executive compensation program includes the following components:

- base salary;
- annual short-term equity incentives; and
- a continuation of the long-term equity incentive program.

The Committee seeks to align the named executive officers' and stockholders' interests in a pay for performance environment. On average, a large portion of an executive officer's total compensation is at risk, with the amount actually paid tied to achievement of pre-established objectives and individual goals.

Base Salary

In General – It is the Committee's objective to set a competitive rate of annual base salary or consulting fees for each named executive officer. The Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their executive officers with a guaranteed annual component of compensation that is not subject to performance risk. However, the Committee recognizes that we are still a development stage company, with little to no revenue currently and believes that developing too rigid of a compensation structure can become detrimental to our progress.

When compared to comparable positions at the competitive peer group companies, it is the Committee's objective to target the base compensation level of executive officers below the 50th percentile because of our current financial position. Historically, the compensation level for our executive officers has been below the 25th percentile of competitive peer group companies. However, in determining the compensation of each executive officer, the Committee also considers a number of other factors, including recent Company and individual performance and the CEO's recommendations. There is no pre-established policy for allocation of compensation between cash and non-cash components or between short-term and long-term components. Instead, the Committee determines the mix of compensation for each executive officer based on its review of the competitive data and its subjective analysis of that individual's performance and contribution to the Company's financial performance.

Base Salary for Fiscal 2010 – For Fiscal 2010, each named executive officer’s salary was not increased as the Committee deemed the scope of their resource management (i.e. personnel, operating budgets, and outside relationships) were commensurate, fair and reasonable relative to their current base salary rate. The table below shows annual Fiscal 2010 and Fiscal 2009 base salary or consulting rates for each named executive officer:

Name	Title	2010 Salary	2009 Salary	% Increase
Leslie J. Browne, Ph.D	President and Chief Executive Officer (1)	\$ 250,000	\$ 0	0.0%
Bruce C. Galton	President and Chief Executive Officer (2)	\$ 255,000	\$ 255,000	0.0%
Jack Van Hulst	President and Chief Executive Officer (3)	\$ 60,000	\$ 0	0.0%
John E. Thompson	Executive Vice-President and Chief Scientific Officer	\$ 65,000(4)	\$ 65,000(4)	0.0%
Sascha P. Fedyszyn	Vice-President of Corporate Development and Secretary (5)	\$ 107,500	\$ 107,500	0.0%
Joel P. Brooks	Chief Financial Officer and Treasurer	\$ 160,000	\$ 160,000	0.0%
Richard Dondero	Vice-President of Research and Development	\$ 143,000	\$ 143,000	0.0%

(1) Dr. Browne was appointed President and Chief Executive Officer on May 25, 2010.

(2) Mr. Galton resigned from the Company on November 16, 2009.

(3) Mr. Van Hulst was appointed President and Chief Executive Officer on November 16, 2009 and resigned as President and Chief Executive Officer on May 24, 2010.

(4) Represents consulting fees paid under a consulting agreement.

(5) Mr. Fedyszyn resigned from the Company on February 1, 2010.

Effective November 16, 2009, Jack Van Hulst, a member of our board of directors, assumed the role of President and Chief Executive Officer of Senesco. We did not enter into an employment agreement with Mr. Van Hulst, however, the Committee and independent members of the board determined to pay to Mr. Van Hulst a monthly salary in the amount of \$5,000 and to grant to Mr. Van Hulst options to purchase shares of our common stock, par value \$0.01, in the amount of 25,000 options per month, pursuant to our 2008 Incentive Compensation Plan, which such options vested immediately upon each issuance. Such options were granted quarterly, two (2) trading days following the Company’s filing of its quarterly report for the respective quarterly period. Mr. Van Hulst resigned as President and Chief Executive Officer on May 24, 2010, but remains a member of our board of directors.

Effective May 25, 2010, Leslie J. Browne was appointed President and Chief Executive Officer of Senesco.

Annual Bonuses for Fiscal 2010– Bonuses are determined at the discretion of the board based upon the recommendation of the Committee. In October 2010, cash bonuses were granted to Mr. Brooks and Mr. Dondero in the amount of \$15,000 each for services rendered in Fiscal 2010.

The Committee wishes to provide additional compensation to all of the named executive officers, including the Chief Executive Officer, through the development of incentive programs based on the named executives performance and

attainment of stated objectives that enhance shareholder value in order to (i) link a substantial portion of their compensation to the achievement of short-term and long-term objectives and (ii) to save cash given our limited capital resources.

During Fiscal 2009, the Committee determined that we could in no manner financially support the terms of the various employment agreements in effect. The Committee issued a notice of non-renewal to all named executive officers in effect not renewing the employment agreements moving forward following the various upcoming anniversary dates of each agreement. We anticipate that each of the named executive officers will, following the expiration of their employment agreements, continue as employees on an “at will basis”, meaning that either we or the employees may discontinue their employment with or without notice or cause. The employees’ respective salaries, duties and titles may be adjusted as determined by the Committee.

Base Salary for Fiscal 2011 – For Fiscal 2011, after a review of the factors discussed above, the following named executive officer’s salaries were increased as follows.

Name	Title	2011 Salary	2010 Salary	% Increase
Joel P. Brooks	Chief Financial Officer, Treasurer and Secretary	\$ 164,800	\$ 160,000	3.0%
Richard Dondero	Vice-President of Research and Development	\$ 147,300	\$ 143,000	3.0%

The Committee did not change the salary of Leslie J. Browne, Ph.D., our President and Chief Executive Officer, due to the fact that Dr. Browne’s compensation was recently determined in connection with his appointment to his current positions in May 2010. Additionally, the Committee did not change the consulting fee for John E. Thompson, Ph.D., our Executive Vice President and Chief Scientific Officer, as such consulting fee will be reviewed and revised, as necessary, by the Committee in connection with the board’s review of our research and development budget for Fiscal 2011.

Annual Bonuses for Fiscal 2011– Bonuses are determined at the discretion of the board based upon the recommendation of the Committee.

Short Term Incentive Equity Awards

In General – A portion of each named officer’s compensation is provided in the form of short-term equity awards. It is the Committee’s belief that properly structured equity awards are an effective method of aligning the short-term interests of our named executive officers with those of our stockholders.

Equity awards were made in the form of incentive stock options, also referred to herein as ISO’s. The Committee has followed a grant practice of tying equity awards to its annual year-end review of individual performance, its assessment of our performance and our operational results.

Incentive Stock Option Fiscal 2010 Awards – On February 16, 2010, the Committee determined to award options to purchase shares of common stock of the Company, par value \$0.01, to each of Joel Brooks and Richard Dondero. These option grants were intended to retain such officers and to motivate such officers in the continued performance of their respective offices.

Accordingly, effective February 19, 2010, Mr. Brooks and Mr. Dondero were each granted options to purchase 300,000 shares of the Company's common stock pursuant to the Company's 2008 Incentive Compensation Plan. Such options vest as follows:

- Options to purchase 60,000 shares of common stock vest immediately upon issuance; and
- Unless otherwise determined by the Committee, options to purchase up to 60,000 shares of common stock vest on each of June 30, 2010, June 30, 2011, June 30, 2012 and June 30, 2013.

The Committee had the right to evaluate Mr. Brooks' and Mr. Dondero's respective performances during the preceding fiscal year and unilaterally reduce their unvested options in the Committee's sole discretion. The unvested options of a relevant officer shall be forfeited upon the termination of such officer's employment. The options were granted at an exercise price equal to the fair market value of the Company's common stock on February 19, 2010 or \$0.29.

Short-Term Incentive Plan for Fiscal 2011 – The Committee, in coordination with the Company's Chief Executive Officer, has established the Company's short-term goals and objectives for Fiscal 2011, which include the following:

- Contributions relating to the development of the Company's SNS01-T assets:
 - o Submit IND for Phase I/II clinical trial;
 - o Initiate Phase I/II clinical trial;
 - o Plan Phase II clinical trial;
 - o Develop SNS01-T development plan to NDA submission;
- Contributions relating to finance objectives:
 - o Maintain sufficient capital resources;
 - o Maintain NYSE Amex compliance;
 - o Increase shareholder communications and enhance investor relations;
- Contributions relating to corporate development:
 - o Update corporate strategy; and
 - o Re-align Company structure to best implement corporate strategies.

The foregoing goals and objectives shall be weighted as follows: 50% for contributions relating to the development of the Company's SNS01-T assets; 25% to contributions relating to finance objectives; and 25% to contributions relating to corporate development. The option awards for each of the foregoing goals and objectives shall be equally allotted to the following named executive officers – Dr. Browne and Messrs. Brooks and Dondero – at one-third each.

The Committee, working with the Company’s Chief Executive Officer, has identified additional individual performance goals and objectives for Fiscal 2011 for Messrs. Brooks and Dondero, which primarily include broadening their knowledge base and leadership profile within the scientific and business community of our peers, competitors, clients and customers.

In October 2010, the Committee determined to award the foregoing options to purchase shares of common stock of the Company, par value \$0.01, to the following named executive officers in connection with the short-term goals and objectives for Fiscal 2011:

Leslie J. Browne, Ph.D.	725,000
Joel Brooks	425,000
Richard Dondero	425,000
John E. Thompson, Ph.D.	425,000

Such options will be granted two days after the filing of our quarterly report on Form 10-Q for the period ended September 30, 2010 and will have an exercise price equal to the closing price of the common stock on the date of grant. Twenty-five percent (25%) of such options will vest on the first anniversary of the date of grant with the balance vesting at a rate of 1/36 for each month thereafter, unless the Committee has determined that the performance metrics have not been met.

Long-Term Incentive Equity Awards

In General – A portion of each named executive officer’s compensation is provided in the form of long-term incentive equity awards as set forth in the Long-Term Incentive Plan (the “LTIP”) discussed below. It is the Committee’s belief that properly structured equity awards are an effective method of aligning the long term interests of our named executive officers with those of our stockholders.

Beginning with Fiscal 2008, equity awards have been made in the form of restricted stock units, also referred to herein as RSU’s; however, each executive officer could elect to receive an equity award in stock options. Beginning with Fiscal 2010, equity awards have been made in the form of stock options. The Committee followed a grant practice of tying equity awards upon of the completion of certain event milestones (“LTIP Event Milestones”) discussed below. Accordingly, it is expected that any equity awards to the named executive officers will be made promptly after the completion of each LTIP Event Milestone. The Committee has established long-term incentive grant guidelines for eligible named executive officers based on competitive annual grant data provided by management’s compensation consultant and by J. Richard, the Committee’s compensation consultant.

Long-Term Incentive Plan – Beginning on December 13, 2007 (the “LTIP Effective Date”) and ending on the earlier of (i) the completion of the Third LTIP Event Milestone or (ii) three (3) years from the LTIP Effective Date, LTIP equity grants to our named executive officers are in the form of RSU’s and ISO’s. Each RSU and ISO entitles the recipient to receive one share of our common stock upon vesting or upon a designated date or event following such vesting. Each ISO was granted with an exercise price of \$0.99. Each named executive had the option of receiving their RSU grant in the form of RSU’s or ISO’s. If a named executive chose to receive ISO’s in lieu of RSU’s, then such named executive was granted twice as many ISO’s, due to the \$0.99 exercise price of such ISO’s.

The total RSU's and ISO's in the LTIP pool awarded to our named executive officers was 775,000 shares, which consisted of 225,000 RSU's and 550,000 ISO's, representing 3.9% of the outstanding shares as of July 1, 2009.

The amount and percentage of the RSU's awarded, as adjusted for forfeitures, to all the named executive officers as a whole for the completion of each of the three LTIP Event Milestones are as follows:

LTIP Event Milestone	Percentage of LTIP RSU and ISO Award Pool	Total Amount of RSUs and ISO's Awarded As a Whole to All Named Executive Officers
First LTIP Event Milestone. The Execution of a Research Agreement to Conduct Phase I/II Trials at a Research Facility	20%	120,000
Second LTIP Event Milestone. The Filing and Acceptance by the U.S. FDA of an investigation new drug application, or IND, by the date set by the Committee	20%	120,000
Third LTIP Event Milestone. The Successful Completion of Phase I/II Trials Approved by the FDA by the date set by the Committee	60%	360,000

Each named executive officer eligible to receive an award pursuant to the LTIP is required to be employed by the Company upon the completion of each individual LTIP Event Milestone. If a named executive officer is no longer employed by the Company before the completion of an individual LTIP Event Milestone, then such named executive officer's respective RSU or ISO award tied to such uncompleted LTIP Event Milestone will be forfeited and so will that total portion of the whole LTIP award pool. The Committee shall have the sole discretion to reinstate any eliminated portion or segment of a LTIP Event Milestone award or that portion of a LTIP Event Milestone award for a successor to the LTIP Event Milestones.

The LTIP awards for each current named executive officer upon the completion of each individual LTIP Event Milestone shall be as follows:

Name	Title	Percentage of Total RSU's Awarded Upon Completion of a LTIP Event Milestone	Number of RSU's Awarded upon Completion of First LTIP Event Milestone	Number of RSU's Awarded upon Completion of Second LTIP Event Milestone	Number of RSU's Awarded upon Completion of Third LTIP Event Milestone
Joel P. Brooks (1)	Chief Financial Officer, Treasurer and Secretary	10%	10,000	10,000	30,000
John E. Thompson (2)	Executive Vice-President and Chief Scientific Officer	25%	50,000	50,000	150,000
Richard Dondero (2)	Vice-President of Research and Development	30%	60,000	60,000	180,000

(1) Represents RSU's.

(2) Represents ISO's.

As of the date hereof, the Committee has determined that the First LTIP Event Milestone has been met and the RSU's and Options related to such event shall vest two trading days after the filing of our quarterly report on Form 10-Q for the period ended September 30, 2010. The Committee has also determined that none of the remaining LTIP Event Milestones have been met and will expire on December 13, 2010.

Market Timing of Equity Awards. The Compensation Committee does not engage in any market timing of the equity awards made to the executive officers or other award recipients, and accordingly, there is no established practice of timing our awards in advance of the release of favorable financial results or adjusting the award date in connection with the release of unfavorable financial developments affecting our business. In addition, we will attempt, when possible, to make equity awards to our executive officers and directors promptly after the release of our financial results. For example, the October 2010 awards shall vest two trading days after the filing of our quarterly report on Form 10-Q for the quarter ended September 30, 2010.

Executive Benefits and Perquisites

In General – The named executive officers also are provided with certain market competitive benefits. They are currently not provided with any perquisites. It is the Committee's belief that such benefits are necessary for us to remain competitive and to attract and retain top caliber executive officers, since such benefits are typically provided by companies in the biotechnology industry and with other companies with which we compete for executive talent.

Retirement Benefits – The named executive officers may participate in the company-wide 401(k) plan. We do not make any contributions to the 401(k) plan and do not have any additional retirement benefits.

Other Benefits and Perquisites – All administrative employees, including the named executive officers, are eligible to receive standard health, disability, and life insurance. We do not provide any additional benefits and perquisites.

IRC Section 162(m) compliance

As a result of Section 162(m) of the Internal Revenue Code, publicly-traded companies such as us are not allowed a federal income tax deduction for compensation, paid to the Chief Executive Officer and the four other highest paid executive officers, to the extent that such compensation exceeds \$1 million per officer in any one year and does not otherwise qualify as performance-based compensation. Currently, our stock option compensation packages are structured so that compensation deemed paid to an executive officer in connection with the exercise of a stock option should qualify as performance-based compensation that is not subject to the \$1 million limitation. However, other awards, like RSU's and ISO's, made under our stock incentive plans may or may not so qualify. In establishing the cash and equity incentive compensation programs for the executive officers, it is the Committee's view that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the Committee may deem it appropriate to continue to provide one or more executive officers with the opportunity to earn incentive compensation, including cash bonus programs tied to our financial performance and RSU awards, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. It is the Committee's belief that cash and equity incentive compensation must be maintained at the requisite level to attract and retain the executive officers essential to our financial success, even if part of that compensation may not be deductible by reason of the Section 162(m) limitation. For Fiscal 2010, none of our executive officer's compensation reached the \$1 million limitation. The Committee will continue to evaluate such \$1 million limitation in Fiscal 2011.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation, Discussion and Analysis with management, and based on this review and these discussions, the Compensation Committee recommended to the board that the Compensation, Discussion and Analysis be included in the Company's Annual Report on Form 10-K/A.

Executive Compensation Agreements

On July 1, 2003, Joel P. Brooks entered into an employment agreement with Senesco for a term of three (3) years. The agreement automatically renewed for successive one-year terms thereafter, unless written notice of termination was provided at least 120 days prior to the end of the applicable term. Notice of termination of the agreement was provided on May 18, 2009, and Mr. Brooks' employment agreement expired on June 30, 2010.

On July 19, 2004, we hired Richard Dondero as our new Vice President of Research and Development. In conjunction with Mr. Dondero's appointment, we entered into a three (3) year employment agreement with Mr. Dondero, effective July 19, 2004. The agreement automatically renewed for successive one (1) year terms thereafter, unless written notice of termination was provided at least 120 days prior to the end of the applicable term. Notice of termination of the agreement was provided on May 18, 2009 and Mr. Dondero's employment agreement expired on July 18, 2010. Our board has since approved several increases in Mr. Dondero's base salary, which is currently \$147,300.

On May 25, 2010, we hired Leslie J. Browne, Ph.D. as our new President and Chief Executive Office. In conjunction with Dr. Browne's appointment, we entered into an agreement whereby we will pay six months of severance at his base salary in effect at such time, in the event that Dr. Browne is terminated without cause within the first year of employment, which would amount to \$125,000. He would also be provided with a continuation of his medical benefits for a period of six months from the date of termination.

Contractual Relationships

Service Agreements

Christopher Forbes, our director, is also Vice Chairman of Forbes, Inc., which publishes Forbes Magazine. Forbes, Inc. has provided and will continue to provide us with introductions to strategic alliance partners and, from time to time, use of its office space. In recognition of these services, during the last two fiscal years, we granted to Forbes, Inc. warrants to purchase shares of our common stock as follows:

Date of Grant	# of Warrant Shares	Exercise Price	Value of Services on Date of Grant	# of Warrant Shares Vested
November 19, 2008	500	\$ 0.60	\$ 230	334

The exercise price of the warrants granted to Forbes, Inc. represented the fair market value of our common stock on the dates of grant.

Research and Development Agreements

Effective September 1, 1998, we entered into a three-year research and development agreement, which has been extended for successive periods through November 30, 2010, with John E. Thompson, Ph.D. and the University of Waterloo in Waterloo, Ontario, Canada, referred to as the University. Dr. Thompson is our director and officer and beneficially owns approximately 1.4% of our common stock. Dr. Thompson is the Associate Vice President, Research and former Dean of Science of the University. Dr. Thompson and the University will provide research and development under our direction. Research and development expenses under this agreement for the years ended June 30, 2010 and 2009 aggregated US \$672,693 and US \$653,104, respectively. Effective September 1, 2010, we, Dr. Thompson and the University extended the agreement for an additional three-month period through November 30, 2010 in the amount of CAN \$164,200. As of September 30, 2010, such amount represented approximately US \$164,200.

Debt / Equity Transactions

Transaction With Stanford Entities

As previously disclosed in a Form 8-K filed on November 9, 2009, on November 6, 2009, each of Stanford Venture Capital Holdings, Inc., or SVCH, and Stanford International Bank, Ltd., or SIBL (collectively SVCH and SIBL are referred to herein as Stanford), who are the beneficial owners of a significant interest in Senesco Technologies, Inc., simultaneously entered into definitive agreements with certain members of the Company's Board of Directors to sell all of their respective interests in the Company, including shares of common stock, convertible debentures and warrants, (the "Securities") held by each of the Stanford entities to each of Harlan W. Waksal, M.D., Rudolf Stalder, Christopher Forbes, David Rector, John N. Braca, Jack Van Hulst, Warren Isabelle and the Thomas C. Quick Charitable Foundation. Each of Harlan W. Waksal, M.D., Rudolf Stalder, Christopher Forbes, David Rector, John N. Braca, Jack Van Hulst and Warren Isabelle are members of the Company's Board of Directors, also referred to herein as the Insiders. The Thomas C. Quick Charitable Foundation is an affiliate of Mr. Thomas C. Quick who is also a member of the Company's Board of Directors. Such transaction was negotiated privately between Stanford and the foregoing persons and their affiliates and was subject to certain closing conditions.

On February 19, 2010, SVCH and the Insiders closed on their definitive agreement to sell all of their Securities for an aggregate purchase price of \$890,000. As a result of the transaction, the members of the Company's Board of Directors, as a group, will beneficially own a controlling interest of approximately 40.9% of the Company's common stock. In addition, Mr. Christopher Forbes, who was the main investor in the transaction, will, individually, beneficially own approximately 27.5% of the Company's common stock. The Insiders have not closed on the agreement between them and SIBL as certain closing conditions to that agreement have not been met as of yet.

On March 4, 2010, the insiders of Senesco Technologies, Inc. who had previously purchased all of the convertible debentures, warrants and common stock of Senesco which were previously held by Stanford Venture Capital Holdings, Inc., notified the Company that they have elected, subject to stockholder approval, to convert their convertible debentures at a conversion price of \$0.83. Under the terms of the convertible debentures, such convertible debentures could have converted at a floating conversion rate equal to the lower of \$0.83, or 80 percent of the lowest daily Volume-Weighted Average Price (VWAP) for the five-day period immediately preceding the conversion date, which equated to \$0.22. The conversion of the debentures was approved by our stockholders on May 25, 2010.

Transaction with JMP Securities

On February 17, 2010, the Company entered into a credit agreement with JMP Securities LLC, also referred to herein as the Credit Agreement. The agreement provides the Company with, subject to certain restrictions, including the existence of suitable collateral, up to a \$3.0 million line of credit upon which the Company may draw at any time, also referred to herein as the Line of Credit. Any draws upon the Line of Credit accrue at a monthly interest rate of (i) the broker rate in effect at the time of the draw (which is currently 2.0%), plus (ii) 2.75%. There are no other conditions or fees or expenses associated with the Line of Credit. The Line of Credit is not secured by any assets of the Company, but it is secured by certain assets of the Chairman of our Board of Directors, Harlan W. Waksal, M.D., which are currently held by JMP Securities.

March 2010 Transaction with Christopher Forbes and Harlan W. Waksal, M.D.

On June 2, 2010, we sold 1,200 shares of 10% Series B Preferred Stock to Christopher Forbes and Harlan W. Waksal, M.D. for cash. We received proceeds in the amount of \$1,200,000.

Pursuant to the securities purchase agreement, the Series B Preferred Stock is convertible into approximately 3,750,000 shares of our common stock. In addition, Mr. Forbes and Dr. Waksal received immediately exercisable warrants to purchase up to approximately 3,750,000 shares of our common stock.

Each share of Preferred Stock has a stated value of \$1,000 (the "Stated Value"). Each holder of shares of Preferred Stock is entitled to receive semi-annually dividends at the rate of 10% per annum of the Stated Value for each share of Preferred Stock. Except in limited circumstances, we can elect to pay the dividends in cash or shares of common stock. If the dividends are paid in shares of common stock, such shares will be priced at the lower of 90% of the average VWAP for the 20 days immediately preceding the payment date or \$0.224. The dividends are subject to a 30% make whole provision.

The shares of Preferred Stock are convertible into shares of common stock at an initial conversion price of \$0.32 per share and are convertible at any time, The conversion price is subject to adjustment if we sell or grant any common stock or common stock equivalents, subject to certain exclusions, at an effective price per share that is lower than the conversion price of the Preferred Stock. After 18 months from the date of issuance of the Preferred Stock, if our common stock trades above \$0.80 for 20 out of 30 consecutive trading days, the Preferred Stock will no longer be subject to adjustment.

We may force conversion of the Preferred Stock if our common stock trades above \$0.80 for 20 out of 30 consecutive trading days and there is an effective registration statement for the underlying common stock or such underlying common stock is freely tradable under rule 144.

Warrants

Pursuant to the purchase agreement, we delivered a Series B Warrant to Mr. Forbes and Dr. Waksal. Each Warrant has an initial exercise price of \$0.35 per share of common stock. The Warrants are immediately exercisable and have a five year term.
