Fourth Quarter Update

Semtech announced that net sales for the fourth quarter of fiscal year 2003 that ended January 26, 2003 were approximately \$44.5 million; earnings at this revenue level should be within the guidance of 9 to 11 cents. Semtech previously estimated that net sales for the fourth quarter would be in the range of \$43.0 to \$45.0 million and that earnings per diluted share would be approximately 9 to 11 cents. The Company plans to announce complete fourth quarter results on Tuesday, February 25, 2003, after the close of market.

About Semtech

Semtech Corporation is a leading supplier of analog and mixed-signal semiconductors used in a wide range of computer, industrial and communication applications. Semtech has been publicly traded since 1967 and is listed on the Nasdaq National Market under the symbol SMTC.

Safe Harbor Provision

Statements contained in this release that are not historical facts are forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements, including projections and forecasts for revenue and gross margin, involve risks and uncertainties that could cause actual results to differ materially from those projected. These risks and uncertainties include worldwide economic conditions, the timing and duration of semiconductor market upturns or downturns, demand for personal computers, cellular phones and automated test equipment, demand for semiconductor devices in general, competitors' actions, relations with large strategic customers and suppliers, manufacturing costs and yields, demand for the Company's products in particular, and risks associated with the businesses of major customers. Other factors that may cause actual results to differ from the forward-looking statements contained in this press release and that may affect the Company's prospects in general are described in the Company's filings with the Securities and Exchange Commission. The Company undertakes no obligation to update or revise forward-looking statements to reflect subsequent events or changed assumptions or circumstances.
