Dear Stockholder:

You are cordially invited to the Annual Meeting of the Stockholders of Interlink Electronics, Inc. to be held on June 21, 2006 at 2:00 p.m., Pacific Daylight Time, at the Hampton Inn & Suites, 50 West Daily Drive, Camarillo, California 93010. Your attendance will provide you an opportunity to hear management's report on operations and meet with directors and representatives of the Company.

Looking back over 2005, it is fair to say that it was a very frustrating and challenging year for Interlink and its shareholders. By mid year, we were well on our way to accomplishing several of our strategic goals; including shifting the company's primary focus to new and exciting growth markets that offer not only diversity but better financials and a healthier competitive environment. While this desired business shift continues today, much of management's focus over the last several quarters has been devoted to rebuilding our company's financial infrastructure and internal controls. These financial improvements have come at a great cost but I believe we are emerging as a stronger company that will be better equipped and positioned for future growth.

As of the writing of this letter, we have yet to complete our restatement work for prior periods so it is still difficult to discuss our 2005 financials beyond what we have previously disclosed. I look forward to the day in the near future when we may again share with you our detailed accomplishments and our vision for the future. In general, over the course of the year, we experienced solid growth in the markets that we identified as strategically important. Even in these difficult times, we have continued to archive design wins and major implementations of our new technologies. This simple fact continues to reinforce my belief in our future.

The Secretary's Notice of Meeting and Proxy Statement attached discuss the matters on which action will be taken at the Stockholders Meeting. It is important that your views are represented at the meeting, whether or not you are able to attend.

The vote of every stockholder is important. You can assure that your shares will be represented and voted at the meeting by signing and returning the enclosed proxy card, by voting by telephone or by voting over the Internet. We have enclosed a postage-paid, pre-addressed envelope, as well as detailed instructions on the proxy card for voting by telephone or over the Internet, to make it convenient for you to vote your shares.

On behalf of the directors and employees of the Company, we value and appreciate your continued support of Interlink Electronics, Inc.

Best regards,

/s/ E. MICHAEL THOBEN, III
E. Michael Thoben, III
Chairman, CEO & President

INTERLINK ELECTRONICS, INC.

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

June 21, 2006

To the Stockholders of Interlink Electronics, Inc.:

You are invited to attend the Annual Meeting of Stockholders of Interlink Electronics, Inc., a Delaware corporation (the Company). The meeting will be held at the Hampton Inn & Suites, 50 West Daily Drive, Camarillo, California 93010 on June 21, 2006, at 2:00 p.m., Pacific Daylight Time, for the following purposes:

1. To elect two directors, each to serve a term of three years or until a successor has been elected and qualified;
2. To approve an amendment to our Certificate of Incorporation to effect a reverse stock split of our common stock, at an exchange ratio ranging from one-to-two to one-to-five; and
3. To transact any other business that properly comes before the meeting or any adjournment of the meeting.

Only stockholders of record at the close of business on April 26, 2006 are entitled to notice of and to vote at the Annual Meeting or any adjournment of the meeting.

Your vote is important. You may vote by written proxy, by telephone or over the Internet. Instructions for voting by telephone and over the Internet are printed on the proxy card. If you choose to vote in writing, please date and sign the enclosed proxy card and return it in the enclosed postage-paid, pre-addressed envelope as soon as possible. If you attend the meeting, you may, if you wish, revoke the proxy and vote personally on all matters brought before the meeting.

By Order of the Board of Directors

/s/ CHARLES C. BEST
Charles C. Best
SECRETARY

Camarillo, California

INTERLINK ELECTRONICS, INC.

546 Flynn Road
Camarillo, California 93012

PROXY STATEMENT

A proxy in the form accompanying this proxy statement is solicited on behalf of the Board of Directors of Interlink Electronics, Inc., a Delaware corporation (the "Company"), for use at the Annual Meeting of Stockholders to be held at the Hampton Inn & Suites, 50 West Daily Drive, Camarillo, California 93010 on June 21, 2006, at 2:00 p.m., Pacific Daylight Time (the "Annual Meeting"). This proxy may also be used at any adjournment of the Annual Meeting. We are sending this statement and the enclosed proxy form to you on or about May 17, 2006.

Record Date

Only stockholders of record at the close of business on April 26, 2006 (the "Record Date") are entitled to notice of, and to vote at, the Annual Meeting.

Shares Outstanding and Voting Rights

At the close of business on the Record Date, the Company had 13,754,626 shares of its common stock outstanding. Each share of common stock issued and outstanding is entitled to one vote on each matter properly presented at the Annual Meeting. There are no cumulative voting rights. The common stock is the only outstanding authorized voting security of the Company. The presence, in person or by proxy, of the holders of a majority of the total number of shares of common stock outstanding constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Annual Meeting.

Multiple Stockholders Sharing the Same Address

If you and other residents at your mailing address own shares of common stock in street name, your broker or bank may have sent you a notice that your household will receive only one annual report and proxy statement. This practice, known as "householding," reduces the Company's printing and postage costs. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If any stockholder residing at that address wishes to receive a separate annual report or proxy statement, either now or in the future, write or telephone the Company as follows: Interlink Electronics, Inc., 546 Flynn Road, Camarillo, California 93012, Attention: Corporate Secretary; (805) 484-8855. Contact the Company in the same way if you and other residents at your address are receiving multiple copies of the annual report and proxy statement and wish to receive single copies in the future.

Proxy Procedure

You may vote by proxy by completing a proxy card and mailing it in the postage-paid, pre-addressed envelope, by using a toll-free telephone number or by voting over the Internet. Please refer to your proxy card or the information forwarded to you by your bank, broker or other holder of record to see which options are available to you. **Your ability to vote by telephone or by the Internet will close at 5:00 p.m., Pacific Daylight Time, on June 20, 2006.**

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before its exercise. You have three ways to revoke your proxy. First, you may do so in writing by notifying Charles C. Best, the Secretary of the Company, at the Company's address listed above prior to our exercise of the proxy at the Annual Meeting or any adjournment of the meeting. Secondly, you can cast another valid proxy in writing, by telephone or over the Internet. Your vote will be cast in accordance with the latest valid proxy. Finally, the proxy may also be revoked by affirmatively electing to vote in person while attending the Annual Meeting. If you choose to vote in person, please let our personnel know that you are revoking a previously given proxy and are now voting in person. A stockholder who attends the Annual Meeting need not revoke the proxy and vote in person unless the stockholder wishes to do so, however. All valid, unrevoked proxies will be voted at the Annual Meeting or any adjournment of the meeting in accordance with the instructions given. If a signed proxy is returned without instructions, it will be voted for the nominees for director, for the approval of the proposal presented and in accordance with the recommendations of management on any other business that may properly come before the meeting or any adjournment of the meeting or matters incident to the conduct of the Annual Meeting.

PROPOSAL 1:**ELECTION OF DIRECTORS**

The Board of Directors currently consists of five directors. Pursuant to the Company's Bylaws, the Board of Directors is divided into three classes, each class serving a three-year term with the term of office of one class expiring each year. Messrs. John A. Buckett, II and Merritt M. Lutz are the nominees for re-election at this meeting for a three-year term expiring in 2009. If Messrs. Buckett and Lutz become unavailable for election for any reason, we will name a suitable substitute as authorized by your proxy. The Board of Directors has determined that all of the Directors and nominees who would serve after June 21, 2006 meet the independence requirements of Nasdaq Marketplace Rule 4200 except for E. Michael Thoben, III, Chairman, Chief Executive Officer and President of the Company.

The following table briefly describes the Company's nominees for directors and the directors whose terms will continue. Except as otherwise noted, each has held his principal occupation for at least five years.

NAME, PRINCIPAL OCCUPATION, AGE AND OTHER DIRECTORSHIPS	DIRECTOR SINCE	TERM EXPIRES
NOMINEES		
John A. Buckett, II 58 Vice President, Corporate Development at Scientific-Atlanta, a Cisco Company, which is a leading supplier of broadband communications systems, satellite-based video, voice and data communications networks and worldwide customer service and support, since 1998. He is also a member of the Corporate Management Committee of Scientific-Atlanta, Inc. From 1995 to 1998, Mr. Buckett served as president of the International Division and, before that, as vice president, marketing strategies, for all operating units of Scientific-Atlanta, Inc. Mr. Buckett holds a B.S. degree in electrical engineering from the Georgia Institute of Technology.	2000	2006
Merritt M. Lutz 63 Advisory Director and Chairman of MSIT Holdings, Inc. Mr. Lutz manages the strategic technology investments and partnerships for MSIT Holdings, Inc. Previously, he was President of Candle Corporation, a worldwide supplier of systems software from 1989 to November 1993. Mr. Lutz serves on the board of one other public company, SPSS Inc., and three privately held software companies: ThruPoint, Sendmail, Inc. and Business Engine, Inc. He is a former director of the Information Technology Association of America and the NASD Industry Advisory Committee. He holds a bachelors and masters degree from Michigan State University.	1994	2006

4

NAME, PRINCIPAL OCCUPATION, AGE AND OTHER DIRECTORSHIPS	DIRECTOR SINCE	TERM EXPIRES
CONTINUING DIRECTORS		
Eugene F. Hovanec 54 Executive Vice President of Vitesse Semiconductor Corporation, a supplier of high performance integrated circuits and optical modules, principally targeted at system manufacturers in the communications and storage industries. Mr. Hovanec is currently on administrative leave at Vitesse. Mr. Hovanec is a member of the New York State Society of CPA's, the AICPA and holds a B.B.A. degree from Pace University.	1994	2007
George Gu 59 Chairman of GTM Corporation, a company engaged in semiconductor packaging	1991	2008

NAME, PRINCIPAL OCCUPATION, AGE AND OTHER DIRECTORSHIPS	DIRECTOR SINCE	TERM EXPIRES
and testing in Taiwan and China. Mr. Gu also serves as Chairman or as a member of the Board of Directors of GTM's affiliated financial investment, trading, software, biotechnology and land development companies. Mr. Gu is a director of the Shanghai Commercial Savings Bank, Taiwan and Global Wool Alliance Pvt. Ltd. India. He holds a B.S. degree from North Carolina State University and an M.B.A. degree from Columbia University.		

E. Michael Thoben, III 52

1990

2008

President, Chief Executive Officer and Chairman of the Board of Directors of the Company. Prior to joining Interlink Electronics in 1990, Mr. Thoben held numerous senior management positions at Polaroid Corporation for eleven years. Mr. Thoben formerly served on the Board of Directors of the American Electronics Association and is currently a member of the boards of two privately held companies. Mr. Thoben holds a B.S. degree from St. Xavier University and has taken graduate management courses at the Harvard Business School and The Wharton School of Business.

Board Committees and Meetings

The Board of Directors acted by meeting and by unanimous written consent in lieu of meetings seven times during the last fiscal year. The Board of Directors has three standing committees. Each current director attended at least 75 percent of the aggregate of (i) the total number of meetings of the Board of Directors during the period in which he was a director, and (ii) the number of meetings held by all the committees of the Board on which he served. The Directors are encouraged to attend the Annual Meetings of Stockholders, and in 2005, all of the Directors then serving were able to attend.

5

The Board maintains a standing Audit Committee, which, in 2005, consisted of Messrs. Hovanec, Buckett and Gu. Each member of the Audit Committee is independent, financially literate and is free from any relationship that, in the judgment of the Board of Directors, would interfere with the exercise of his independent judgment as a member of the Audit Committee. The Board of Directors has determined that Mr. Hovanec is an audit committee financial expert, as defined by regulations promulgated by the SEC. The Audit Committee is, and will continue to be, composed of members that meet the independence, knowledge and experience requirements of Nasdaq as set forth in the NASD Listing Standards for Nasdaq-listed companies.

In 2005, the Audit Committee held two meetings in person and held sixteen telephonic meetings. Pursuant to the written charter adopted by the Board of Directors, the Audit Committee assists the Board in fulfilling its oversight responsibilities relating to corporate accounting, the Company's reporting practices and the quality and integrity of the Company's financial statements; compliance with law and the maintenance of ethical standards by the Company; and the Company's maintenance of effective internal controls. For additional information about the Audit Committee, see Audit Committee Matters.

The Board of Directors' Compensation Committee, which is currently comprised of Messrs. Hovanec, Gu and Lutz, reviews the compensation levels of the Company's executive officers and makes recommendations to the Board regarding changes in compensation. The Compensation Committee also administers the Company's stock option plans and recommends grants under the plans to the Board of Directors. See Compensation of Executive Officers Report of the Compensation Committee on Executive Compensation and Option Grants in Last Fiscal Year. In 2005, the Compensation Committee held three meetings, one in person and two telephonically.

The Board also maintains a Corporate Governance and Nominating Committee, which is comprised of Messrs. Buckett and Lutz. The Company believes that all of the members of the Corporate Governance and Nominating Committee are independent as defined under the current listing standards of the National Association of Securities Dealers. The Corporate Governance and Nominating Committee has adopted a charter and corporate guidelines with respect to its governance and a copy of such charter is available at the Company's website (<http://www.interlinkelectronics.com>).

The Corporate Governance and Nominating Committee develops and recommends corporate governance guidelines and makes recommendations to the Board of Directors concerning nominees to the Board of Directors. The Corporate Governance and Nominating Committee identifies potential director candidates through a variety of means, including recommendations from members of the Committee or the Board, suggestions from Company management, and stockholder recommendations. Recommendations for nominees should be sent to: Interlink Electronics, Inc., 546 Flynn Road, Camarillo, California 93012, Attention: Corporate Secretary.

6

In assessing potential candidates, the Corporate Governance and Nominating Committee considers the composition of the Board as a whole and the character, background and professional experience of each potential candidate. In its evaluation of potential candidates, the Corporate Governance and Nominating Committee considers the following factors: qualification as an independent director; character, integrity and mature judgment; accomplishments and reputation in the business community; knowledge of the Company's industry or other industries relevant to the Company's business; specific skills such as financial expertise needed by the Board; inquisitive and objective perspective; commitment and ability to devote time and effort to Board responsibilities; and diversity of viewpoints and experience. In considering recommendations regarding the re-nomination of incumbent directors, the Corporate Governance and Nominating Committee also takes into account the performance of such persons as directors, including the number of meetings attended and the level and quality of participation, as well as the value of continuity and knowledge of the Company gained through Board service.

In 2005, the Corporate Governance and Nominating Committee met once, in person.

Director Compensation

Any director who is not an employee of the Company and has not, within one year, been an employee of the Company (a Non-Employee Director) is paid a fee of \$500 for each Board meeting and committee meeting attended in person and \$100 per hour (up to a maximum of \$500 per meeting) for each Board meeting and committee meeting attended telephonically. They are also reimbursed for costs incurred attending Board meetings. Each Non-Employee Director is eligible to receive options under our 1996 Stock Incentive Plan, as amended (the Plan). The option price for all options granted to Non-Employee Directors under the Plan is not less than the fair market value of the common stock on the date the option is granted. Each person who becomes a Non-Employee Director is automatically granted an option to purchase 30,000 shares of common stock at the time he or she becomes a Non-Employee Director. The Plan also provides for the automatic, non-discretionary, annual grant to all continuing Non-Employee Directors of options to purchase up to 7,500 shares of the Company's common stock. The options granted to Non-Employee Directors have a ten-year term from the date of grant. Each option becomes exercisable for 33% of the number of shares covered by the option at the end of each of the first three years of the option term. Options may be exercised while the optionee is a director of the Company, within 30 days after the date the optionee's service as a director is terminated for any reason other than death or disability or prior to the expiration of the options, whichever comes first, or if the optionee's service as a director is terminated as a result of death or disability, within one year after the date of termination or prior to the expiration of the options, whichever comes first. Options are subject to adjustment in the event of certain changes in capital structure of the Company.

7

Recommendation by the Board of Directors

The Board of Directors recommends that stockholders vote for the election of the nominees named in this proxy statement. If a quorum of stockholders is present at the meeting, the nominees for director who receive the greatest number of votes cast at the meeting will be elected directors. We will treat abstentions and broker non-votes as present but not voting.

PROPOSAL 2:

TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT

General

Our Board of Directors has unanimously approved a proposal to amend our Certificate of Incorporation to effect a reverse stock split of all outstanding shares of our common stock at an exchange ratio ranging from one-to-two to one-to-five. The Board has recommended that this proposal be presented to our stockholders for approval. You are now being asked to vote upon an amendment to our Certificate of Incorporation to effect this reverse stock split whereby a number of outstanding shares of our common stock between and including two and five, such number consisting only of whole shares, will be combined into one share of our common stock. Pending stockholder approval, the Board will have the sole discretion pursuant to Section 242(c) of the Delaware General Corporation Law to elect, as it determines to be in the best interests of Interlink and its stockholders, whether or not to effect a reverse stock split, and if so, the number of shares of our common stock between and including two and five that will be combined into one share of our common stock, at any time before the first anniversary of the Annual Meeting. The Board believes that stockholder approval of an amendment granting the Board this discretion, rather than approval of a specified exchange ratio, provides the Board with maximum flexibility to react to then-current market conditions and, therefore, is in the best interests of Interlink and its stockholders.

The text of the form of the proposed amendment to our Certificate of Incorporation is attached to this proxy statement as [Appendix A](#). By approving this amendment, stockholders will approve an amendment to our Certificate of Incorporation pursuant to which any whole number of

outstanding shares between and including two and five would be combined into one share of our common stock and authorize the Board to file such amendment as determined by the Board in the manner described herein. The Board may also elect not to effect any reverse split.

If approved by the stockholders, and following such approval, the Board determines that effecting a reverse stock split is in the best interests of Interlink and its stockholders, the reverse stock split will become effective upon filing such amendment with the Secretary of State of the State of Delaware. The amendment filed thereby will contain the number of shares selected by the Board within the limits set forth in this proposal to be combined into one share of our common stock.

8

If the Board elects to effect a reverse stock split following stockholder approval, the number of issued and outstanding shares of common stock would be reduced in accordance with an exchange ratio determined by the Board within the limits set forth in this proposal. Except for adjustments that may result from the treatment of fractional shares as described below, each stockholder will hold the same percentage of our outstanding common stock immediately following the reverse stock split as such stockholder held immediately prior to the reverse stock split. Currently, Interlink is authorized to issue up to a total of 50,100,000 shares of capital stock, consisting of 100,000 shares of preferred stock and 50,000,000 shares of common stock. The amendment would not change the number of total authorized shares of our capital stock. Thus, immediately following the reverse stock split, the total number of authorized shares of capital stock would remain at 50,100,000, consisting of 100,000 shares of preferred stock and 50,000,000 shares of common stock. The par value of our common stock and preferred stock would remain unchanged at \$0.00001 and \$5.00 per share, respectively. Currently, the Board does not have any plans to issue additional authorized but unissued shares of our common stock following the reverse stock split.

Reasons for the Reverse Stock Split

The primary reason for implementing a reverse split would be to attempt to increase the per share market price of our common stock. On November 15, 2005, Interlink received a Nasdaq Staff deficiency letter, indicating that due to its failure to file its Form 10-Q for the quarter ended September 30, 2005, Interlink was not in compliance with the requirements of Marketplace Rule 4310(c)(14). Although Interlink worked diligently to file its delinquent filings with the SEC, it was not able to do so, and accordingly, Interlink's common stock was delisted from the Nasdaq National Market on April 7, 2006.

Interlink's common stock is currently quoted on the "pink sheets" maintained by the National Quotation Bureau, Inc. The Board believes that it is in the best interests of Interlink and its stockholders to relist its common stock on the Nasdaq National Market because alternative markets like the Over the Counter Bulletin Board or the "pink sheets" are generally considered to be less efficient and not as widely followed as other exchanges or markets like the Nasdaq National Market.

In order to relist its stock on the Nasdaq National Market, Interlink must comply with the Nasdaq's initial listing criteria under Marketplace Rule 4320. One of the initial listing criteria is that the minimum bid price for the common stock be at least \$5.00. Our Board of Directors anticipates that a reverse split, if implemented, would have the effect of increasing, proportionately, the per share trading price of our common stock, which could result in a share price high enough to comply with the Nasdaq National Market minimum price requirement.

The Board expects that a reverse stock split of our common stock will increase the market price of our common stock so that we would be better able to satisfy the minimum bid price listing standards of a national market or exchange like Nasdaq. However, the effect of a reverse split upon the market price of our common stock cannot be predicted with any certainty, and the history of similar reverse stock splits for companies in like circumstances is varied. It is possible that the per share price of our common stock after the reverse split will not rise in proportion to the reduction in the number of shares of our common stock outstanding resulting from the reverse stock split, and there can be no assurance that the market price per post-reverse split share will either exceed or remain in excess of the minimum bid price for a sustained period of time. The market price of our common stock may be based also on other factors that may be unrelated to the number of shares outstanding, including our future performance. Notwithstanding the foregoing, the Board believes that the proposed reverse stock split, when implemented within the proposed exchange ratio range, is likely to result in the market price of our common stock rising to the level necessary to satisfy the minimum bid price requirement.

9

In many instances historically the markets have reacted negatively to the effectuation of a reverse stock split. We cannot assure you that our stock will not be negatively affected if our Board decides to proceed with a reverse stock split.

The Board also believes that the increased market price of our common stock expected as a result of implementing a reverse stock split will improve the marketability and liquidity of our common stock and will encourage interest and trading in our common stock. Because of the trading volatility often associated with low-priced stocks, many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to

their customers. Some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Additionally, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of our common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher. It should be noted that the liquidity of our common stock may be adversely affected by the proposed reverse stock split given the reduced number of shares that would be outstanding after the reverse stock split. The Board is hopeful, however, that the anticipated higher market price will reduce, to some extent, the negative effects on the liquidity and marketability of the common stock inherent in some of the policies and practices of institutional investors and brokerage houses described above.

The Board is hopeful that the price of our common stock will increase as a result of improvements in our business. The Board believes that the market price of our common stock will increase to the extent we are able to achieve commercial success over time. Nevertheless, the Board believes that a reverse stock split is desirable because of the anticipated higher market price of our common stock resulting from such action.

Board Discretion to Implement the Reverse Stock Split

If the reverse stock split is approved by our stockholders, it will be effected, if at all, only upon a determination by the Board that a reverse stock split (with an exchange ratio determined by the Board as described above) is in the best interests of Interlink and its stockholders. The determination by the Board as to whether the reverse split will be effected, if at all, will be based upon certain factors, including meeting the listing requirements for a national market or exchange like the Nasdaq National Market, existing and expected marketability and liquidity of our common stock, prevailing market conditions and the likely effect on the market price of our common stock. If the Board determines to effect the reverse stock split, the Board will consider certain factors in selecting the specific exchange ratio, including the overall market conditions at the time and the recent trading history of our common stock.

10

Notwithstanding approval of the reverse stock split by the stockholders, the Board may, in its sole discretion, abandon the proposed amendment and determine prior to the effectiveness of any filing with the Secretary of State of the State of Delaware not to effect the reverse stock split prior to the one-year anniversary of the Annual Meeting, as permitted under Section 242(c) of the Delaware General Corporation Law. If the Board fails to implement any of the reverse stock splits prior to the one-year anniversary of the Annual Meeting, stockholder approval again would be required prior to implementing any reverse stock split.

Effects of the Reverse Stock Split

After the effective date of the proposed reverse stock split, each stockholder will own a reduced number of shares of our common stock. However, the proposed reverse stock split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interest in us, except to the extent that the reverse stock split results in any of our stockholders owning a fractional share as described below. Proportionate voting rights and other rights and preferences of the holders of our common stock will not be affected by the proposed reverse stock split (other than as a result of the payment of cash in lieu of fractional shares). For example, a holder of 2% of the voting power of the outstanding shares of common stock immediately prior to the reverse stock split would continue to hold 2% of the voting power of the outstanding shares of common stock immediately after the reverse stock split. The number of stockholders of record will not be affected by the proposed reverse stock split (except to the extent that any stockholder holds only a fractional share interest and receives cash for such interest after the proposed reverse stock split).

Although the proposed reverse stock split will not affect the rights of stockholders or any stockholder's proportionate equity interest in Interlink, subject to the treatment of fractional shares, the number of authorized shares of common stock and preferred stock will not be reduced. This will increase significantly the ability of the Board to issue authorized and unissued shares without further stockholder action. The issuance in the future of such additional authorized shares may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights, of the currently outstanding shares of common stock. The effective increase in the number of authorized but unissued shares of common stock may be construed as having an anti-takeover effect by permitting the issuance of shares to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions of our certificate of incorporation or bylaws.

The proposed reverse stock split will reduce the number of shares of common stock available for issuance upon exercise of our outstanding stock options in proportion to the exchange ratio of the reverse stock split and will effect a proportionate increase in the exercise price of such outstanding stock options. In connection with the proposed reverse stock split, the number of shares of common stock issuable upon exercise or conversion of outstanding stock options will be rounded to the nearest whole share and no cash payment will be made in respect of such rounding.

11

Edgar Filing: INTERLINK ELECTRONICS INC - Form PRE 14A

If the proposed reverse stock split is implemented, it will increase the number of stockholders of Interlink who own odd lots of less than 100 shares of our common stock and decrease the number of stockholders who own whole lots of 100 shares or more of our common stock. Brokerage commissions and other costs of transactions in odd lots are generally higher than the costs of transactions of whole lots or a greater number of shares. In addition, certain listing standards of exchanges or markets like those operated by Nasdaq or the American Stock Exchange may require that we have a certain minimum number of holders of whole lots.

Our common stock is currently registered under Section 12(g) of the Securities Exchange Act of 1934, as amended, and we are subject to the periodic reporting and other requirements of the Exchange Act. The proposed reverse stock split will not affect the registration of the common stock under the Exchange Act. If the proposed reverse stock split is implemented (and depending on whether we choose thereafter to list our common stock on another market or exchange), our common stock will continue to be reported on the pink sheets under the symbol LINK.PK.

The proposed reverse stock split will not affect the par value of our common stock. As a result, on the effective date of the reverse stock split, the stated capital on our balance sheet attributable to the common stock will be reduced in proportion to the exchange ratio selected by the Board in the manner described above, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of our common stock will be increased because there will be fewer shares of our common stock outstanding.

Effective Date

The proposed reverse stock split would become effective as of 5:00 p.m., Eastern time on the date of filing of a Certificate of Amendment to our Certificate of Incorporation with the office of the Secretary of State of the State of Delaware. Except as explained below with respect to fractional shares, on the effective date, shares of common stock issued and outstanding immediately prior thereto will be combined and converted, automatically and without any action on the part of the stockholders, into new shares of common stock in accordance with the reverse stock split ratio determined by the Board within the limits set forth in this proposal.

Payment for Fractional Shares

No fractional shares of common stock will be issued as a result of the proposed reverse stock split. Instead, stockholders who otherwise would be entitled to receive fractional shares, upon surrender to the exchange agent of such certificates representing such fractional shares, will be entitled to receive cash in an amount equal to the product obtained by multiplying (i) the fair market value of our common stock as determined by our Board of Directors on the effective date by (ii) the number of shares of our common stock held by such stockholder that would otherwise have been exchanged for such fractional share interest.

12

Exchange of Stock Certificates

As soon as practicable after the effective date, stockholders will be notified that the reverse split has been effected. Our transfer agent will act as exchange agent for purposes of implementing the exchange of stock certificates. We refer to such person as the exchange agent. Holders of pre-reverse split shares will be asked to surrender to the exchange agent certificates representing pre-reverse split shares in exchange for certificates representing post-reverse split shares in accordance with the procedures to be set forth in a letter of transmittal to be sent by us. No new certificates will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the exchange agent. Stockholders should not destroy any stock certificate and should not submit any certificates until requested to do so.

Accounting Consequences

The par value per share of our common stock would remain unchanged at \$0.00001 per share after the reverse stock split. As a result, on the effective date of the reverse split, the stated capital on our balance sheet attributable to the common stock will be reduced proportionally, based on the exchange ratio of the reverse stock split, from its present amount, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per share common stock net income or loss and net book value will be increased because there will be fewer shares of our common stock outstanding. We do not anticipate that any other accounting consequences would arise as a result of the reverse stock split.

No Appraisal Rights

Under the Delaware General Corporation Law, our stockholders are not entitled to appraisal rights with respect to our proposed amendment to our charter to effect the reverse stock split, and we will not independently provide our stockholders with any such rights.

Material Federal U.S. Income Tax Consequences of the Reverse Stock Split

Following is a summary of certain U.S. federal income tax considerations of the proposed reverse stock split. This summary addresses only U.S. Stockholders (as defined herein) who hold the pre-reverse split shares and post-reverse split shares as capital assets. This summary is based upon the Internal Revenue Code of 1986, as amended (the Code), the Treasury Regulations promulgated under the Code, judicial authorities, published positions of the Internal Revenue Service (the IRS), and other applicable authorities, all as in effect on the date hereof. All of these authorities are subject to change or differing interpretations, possibly with retroactive effect so as to result in tax consequences different from those described below. This summary does not address tax considerations relating to the proposed reverse stock split under state, local, foreign or other applicable laws.

13

This discussion does not address the U.S. federal income tax considerations that may be relevant to an entity that is a partnership for U.S. federal income tax purposes and that holds the pre-reverse split shares and post-reverse split shares, or the partners in such a partnership. Such partnerships and partners should consult their own tax advisors. This discussion does not purport to be complete and does not address stockholders that are subject to special rules, such as stockholders that are not U.S. Stockholders or that are financial institutions, tax-exempt organizations, insurance companies, dealers in securities, or mutual funds, stockholders who hold the pre-reverse split shares as part of a straddle, hedge or conversion transaction or other risk reduction strategy, stockholders who hold the pre-reverse split shares as qualified small business stock within the meaning of Section 1202 of the Code, stockholders who are subject to the alternative minimum tax provisions of the Code, or stockholders who acquired their pre-reverse split shares pursuant to the exercise of employee stock options or otherwise as compensation. Furthermore, we have not obtained a ruling from the IRS or an opinion of legal counsel with respect to the U.S. federal income consequences of the reverse stock split.

ACCORDINGLY, EACH STOCKHOLDER SHOULD CONSULT ITS OWN TAX ADVISORS REGARDING THE SPECIFIC FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT IN LIGHT OF SUCH STOCKHOLDER'S PARTICULAR CIRCUMSTANCES.

As used herein, the term U.S. Stockholder means (i) an individual who is a citizen or resident of the United States, (ii) a corporation or other entity treated as a corporation created or organized in or under (or treated for U.S. federal income tax purposes as created or organized in or under) the laws of the United States or any state thereof or the District of Columbia, (iii) an estate subject to U.S. federal income taxation without regard to the source of its income, and (iv) a trust if (a) a U.S. court is able to exercise primary supervision over the trust's administration and one or more U.S. fiduciaries have the authority to control all of the trust's substantial decisions, or (b) the trust has in effect a valid election to be treated as a United States person within the meaning of the Treasury Regulations promulgated under the Code.

The reverse stock split is intended to constitute a tax-deferred reorganization within the meaning of Section 368 of the Code. Assuming the reverse split qualifies as a tax-deferred reorganization, a U.S. Stockholder generally will not recognize gain or loss as a result of the reverse stock split, except (as discussed below) to the extent of cash, if any, received in lieu of a fractional share interest in the post-reverse split shares. The aggregate tax basis of the post-reverse split shares received will be equal to the aggregate tax basis of the pre-reverse split shares exchanged therefor (excluding any portion of the U.S. Stockholder's basis that is properly allocated to fractional shares), and the holding period of the post-reverse split shares received will include the holding period of the pre-reverse split shares exchanged.

A U.S. Stockholder who receives cash in lieu of a fractional share interest in the post-reverse split shares generally will recognize gain or loss equal to the difference, if any, between the portion of the tax basis of the pre-reverse split shares allocated to the fractional share interest and the amount of cash received. Such gain or loss will be a capital gain or loss and will be short-term if the pre-reverse split shares were held for one year or less and long-term if the pre-reverse split shares were held more than one year. We have assumed for this purpose that cash will be paid in lieu of fractional shares only as a mechanical rounding off of fractions resulting from the exchange, rather than as separately bargained-for consideration. We also have assumed that the reverse split is not being undertaken to increase any stockholder's proportionate ownership of the Company.

14

The Company will not recognize any gain or loss as a result of the reverse stock split.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS OFFERING MEMORANDUM IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY ANY PERSON, FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED UNDER FEDERAL TAX LAW; (B) SUCH DISCUSSION IS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING (WITHIN THE MEANING OF IRS CIRCULAR 230) OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) EACH HOLDER SHOULD SEEK ADVICE BASED ON THE HOLDER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR. THIS NOTICE IS GIVEN SOLELY FOR PURPOSES OF ENSURING COMPLIANCE WITH IRS CIRCULAR 230. IT IS NOT INTENDED TO IMPLY, AND DOES NOT IMPLY, THAT ANY PARTICULAR PERSON, IN FACT, SUPPORTED THE PROMOTION OR MARKETING OF ANY TRANSACTION OR MATTER, AND IT DOES NOT ITSELF CONSTITUTE EVIDENCE THAT ANY PARTICULAR PERSON DID SO.

Recommendation by the Board of Directors

The Board of Directors recommends a vote for the amendment to our certificate of incorporation to effect a reverse stock split of our common stock. The affirmative vote of the holders of a majority of the outstanding shares of our common stock present in person or represented by proxy at the Annual Meeting is required to approve the amendment to our Certificate of Incorporation. Abstentions will have the same effect as negative votes on this proposal, while broker non-votes will have no effect.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

BDO Seidman, LLP is in the process of auditing the Company's financial statements for the fiscal year ended December 31, 2005 but has not yet completed its audit due to various restatement issues. Although it has not yet been engaged, we anticipate that BDO Seidman, LLP will act as the Company's independent registered public accounting firm for the review of the Company's first quarter 2006 results. Representatives of BDO Seidman, LLP have been invited to attend the Annual Meeting, will be given the opportunity to make a statement if they wish and will be available to respond to appropriate questions.

15

COMPENSATION OF EXECUTIVE OFFICERS

The Compensation Committee of the Board of Directors (the Committee) is composed of three Non-Employee Directors. Pursuant to authority delegated by the Board, the Committee initially determines the compensation to be paid to the Chief Executive Officer and to each of the other executive officers of the Company. This determination is made in conjunction with recommendations from Mr. Thoben as to the appropriate salary and bonus to pay each of the executive officers, other than himself. Mr. Thoben also participates in discussions regarding the compensation of the other executive officers, but he does not vote on compensation matters put before the Committee or the Board. Following the aforementioned determination by the Committee, issues concerning officer compensation are submitted to the Board of Directors for approval. The Committee also is responsible for developing and making recommendations to the Board with respect to the Company's executive compensation policies.

Report of the Compensation Committee on Executive Compensation

The Company's compensation policies for officers (including the named executive officers) are designed to compensate the Company's executives fairly and to provide incentives for the executives to manage the Company's business effectively for the benefit of its stockholders.

The key objectives of the Company's executive compensation policies are to attract and retain key executives who are important to the long-term success of the Company, and to provide incentives for these executives to achieve high levels of job performance and to strive to enhance stockholder value. The Company seeks to achieve these objectives by paying its executives a competitive level of base compensation for companies of similar size and in similar industries and by providing its executives an opportunity for further reward for outstanding performance in both the short-term and the long-term. It is the current policy of the Committee to set base salaries conservatively and to emphasize opportunities for performance-based rewards through annual cash bonuses and stock option grants.

Options granted to employees, including executive officers, under the Company's 1996 Stock Incentive Plan generally are intended to qualify as incentive stock options. To the extent, however, that the aggregate fair market value of the stock with respect to which options are exercisable for the first time during any calendar year exceeds \$100,000, the options will be treated as nonqualified stock options. The Company receives no tax deduction from the exercise of an incentive stock option unless the optionee disposes of the acquired shares before satisfying certain holding periods. The Committee believes the grant of incentive stock options, despite the general nondeductibility, benefits the Company by encouraging the long-term ownership of the Company's stock by officers and other employees.

16

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits to \$1,000,000 per person the amount that the Company may deduct for compensation paid to any of its five most highly compensated officers in any year. The levels of salary and bonus paid by the Company generally do not exceed this limit. However, upon exercise of nonqualified stock options, the excess of current market price over the option price (the option spread) is treated as compensation. In addition, if the holder of an incentive stock option disposes of stock received upon exercise of the option before satisfying certain holding period requirements, the optionee will recognize ordinary compensation income for the year of disposition equal to the lesser of the option spread and the amount of gain realized by the optionee upon disposition. Under regulations promulgated by the Internal Revenue Service, the \$1,000,000 cap on deductibility will not apply to option spread compensation from the exercise of either a nonqualified stock option or a disqualifying disposition of an incentive stock option if such exercise meets certain performance-based requirements. One of the performance-based requirements is that an option grant to any individual may not exceed a stockholder-approved maximum number of shares. Accordingly, the option spread compensation from an exercise (in the case of nonqualified stock options) of those options generally would be treated as compensation for tax purposes and taken into account in determining the \$1,000,000 cap on deductibility. No employee may be granted options under the Company's 1996 Stock Incentive Plan for more than 300,000 shares in any calendar year.

Executive Officer Compensation Program. The Company's executive officer compensation program is comprised of three elements: base salary, annual cash bonus and long-term incentive compensation in the form of stock option grants.

Salary. The Company attempts to establish base salary levels for the Company's executive officers that are competitive with those established by companies of similar size in the computer electronics and technology industries. In determining individual salaries within the established ranges, the Committee takes into account individual experience, job responsibility and individual performance during the prior year. The Committee does not assign a specific weight to each of these factors in establishing individual base salaries. Each executive officer's salary is reviewed annually, and increases to base salary are made to reflect competitive market increases and the factors described above.

In determining 2005 salaries, the Committee compared the proposed salaries to the ranges established in fiscal 2004, reviewed salaries of executives of similar companies and made specific adjustments as determined by the Committee to be appropriate in the circumstances.

Cash Bonuses. The purpose of the cash bonus component of the compensation program is to provide a direct financial incentive to executives and other employees to achieve predetermined Company performance objectives.

Performance objectives for the Company as a whole are typically determined at the beginning of each fiscal year during the annual budgeting process and are approved by the Board of Directors. These objectives are based upon competitive conditions and general economic circumstances then prevailing in the industries in which the Company does business. Eligibility of an executive officer for a bonus is generally dependent upon the achievement of these predetermined performance objectives. Target bonus amounts are established by the Committee for each executive officer at the beginning of each fiscal year at a percentage of the executive officer's base salary, which in fiscal 2005 was 25% of base salary. If the predetermined performance goals are met, a preliminary bonus amount is calculated under a bonus formula up to a maximum of the target bonus amount determined by the Committee. The final bonus amount paid to an eligible executive officer is determined by the Committee, which has discretion to increase or decrease the formula-derived figure within certain limits based upon the Committee's assessment of the individual's performance and to pay special bonuses in extraordinary circumstances as judged by the Committee.

In determining the 2005 bonuses, the Committee based its decision on the formula derived according to the Committee. The formula employed contains an objective component, linked to the Company's revenue growth and profitability, as well as a subjective component, based upon the Committee's assessment of the individual officer's relative contribution to the Company as a whole. Awarded bonuses, if any, are typically paid in the first or second quarter of the following fiscal year.

Stock Options. Under the Company's compensation policy, stock options are the primary vehicle for rewarding long-term achievement of Company goals. The objectives of the program are to align employee and stockholder long-term interests by creating a strong and direct link between compensation and increases in share value. Under the Company's 1996 Stock Incentive Plan, the Board of Directors or the Committee may grant options to purchase common stock of the Company to key employees of the Company and its subsidiaries. The Board of Directors makes annual grants of options to purchase the Company's common stock at an exercise price equal to the fair market value of the shares on the date of grant (the last sale price as reported on the market system on which the Company's common stock is actively traded on the date of the grant). Starting in 2000, the Company's options generally vest ratably on a monthly basis for three succeeding years. Prior to 2000, the Company's options generally vested 25% on the grant date and the remainder vested ratably on a monthly basis thereafter for the three succeeding years. Stock options generally have a ten-year term but terminate earlier if employment is terminated. Option grants to executive officers depend upon the level of responsibility and position, the Committee's subjective assessment of performance, the number of options granted in the past and the exercise price of such grants, among other factors. In fiscal 2005, the Board of Directors, upon recommendation of the Committee, made the following grants of options to purchase Company common stock to executive officers of the Company: E. Michael

Edgar Filing: INTERLINK ELECTRONICS INC - Form PRE 14A

Thoben, III, 85,000 shares; Paul D. Meyer, 60,000 shares; Charles C. Best, 60,000 shares; and Michael W. Ambrose, 40,000 shares. The Company's policies relating to option grants are currently under review as a result of recent changes in accounting rules applicable thereto. The Committee expects that in the future, if additional grants are made, consideration will be given to the number of options granted in the past and the exercise price of such grants.

Chief Executive Officer Compensation. The Committee determined the Chief Executive Officer's compensation for fiscal 2005, with the final approval of the Board of Directors, employing the same criteria that it used to set compensation for other executive officers. The Chief Executive Officer's base salary was determined based upon a review of both the salaries of chief executive officers for companies of comparable size and in comparable industries and the Chief Executive Officer's performance. Option grants in fiscal 2005 were determined under the criteria described under "Stock Options," above.

Compensation Committee for 2005

Merritt Lutz, Chair
Eugene Hovanec
George Gu

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of Messrs. Hovanec, Gu and Lutz. There are no interlocking relationships, as described by the Securities and Exchange Commission, between the Compensation Committee members and executive officers of the Company.

Summary Compensation Table

The following table sets forth a summary of all compensation paid to the Chief Executive Officer of the Company and three other executive officers of the Company for services in all capacities to the Company and its subsidiaries during each of the last three fiscal years.

NAME AND PRINCIPAL POSITION	YEAR	ANNUAL COMPENSATION		OTHER ANNUAL COMPENSATION	LONG-TERM
		SALARY	BONUS (1)		COMPENSATION
E. Michael Thoben, III..... Chairman of the Board, President and Chief Executive Officer	2005	\$ 228,000	\$ 25,367	\$ 82,679 (2)	85,000
	2004	220,396	24,000	76,920 (2) (3)	100,000
	2003	209,063	65,000	184,732 (2) (3)	190,000
Paul D. Meyer(4)..... (Former) Chief Financial Officer and Secretary	2005	\$ 166,186	\$ --	\$ 66,267 (3)	60,000
	2004	163,469	14,000	--	75,000
	2003	153,761	40,000	54,245 (3)	115,000
Charles C. Best(5)..... Chief Financial Officer and Secretary	2005	\$ 96,810	\$ 14,000	\$ --	60,000
	2004	--	--	--	--
	2003	--	--	--	--
Michael W. Ambrose..... Sr. Vice President, Technology and Product Development	2005	\$ 146,263	\$ 13,667	\$ --	40,000
	2004	146,263	11,760	--	50,000
	2003	139,050	20,000	10,600 (3)	87,500

(1) Bonuses listed are paid in the succeeding fiscal year. See Report of Compensation Committee on Executive Compensation-Executive Officer Compensation Program-Cash Bonuses.

Edgar Filing: INTERLINK ELECTRONICS INC - Form PRE 14A

- (2) The Company reimbursed Mr. Thoben \$72,000 in 2005, \$69,000 in 2004 and \$60,000 in 2003 for the use of his personal airplane to transport him on Company business.
- (3) In 2005, the Company paid Mr. Meyer \$59,950 for amounts due to him for accrued vacation recorded over the tenure of his employment. In 2004, the Company paid Mr. Thoben \$7,920 for amounts due to him for excess accrued vacation recorded over the tenure of his employment. In addition, in 2003, the Company paid Mr. Thoben, Mr. Meyer and Mr. Ambrose \$124,732, \$54,245 and \$10,600, respectively, for amounts due to them for excess accrued vacation (recorded over the tenure of their employment). Messrs. Thoben, Meyer and Ambrose applied the amounts paid in 2003 and 2004 to loans due to the Company.
- (4) Mr. Meyer's employment with the Company terminated on December 16, 2005.
- (5) Mr. Best's employment with the Company began on June 8, 2005. Mr. Best became Chief Financial Officer of the Company on August 18, 2005.

Option Grants in Last Fiscal Year

The following table provides information regarding grants of stock options to the named executive officers in 2005.

NAME	NUMBER OF SECURITIES UNDERLYING OPTIONS GRANTED (1)	PERCENT OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN FISCAL YEAR (2)	EXERCISE PRICE PER SHARE	EXPIRATION DATE (3)
E. Michael Thoben, III.	85,000	10.8%	\$5.70	June 8, 2015
Paul D. Meyer.....	60,000	7.6%	5.70	June 8, 2015
Charles C. Best.....	60,000	7.6%	5.70	June 8, 2015
Michael W. Ambrose.....	40,000	7.6%	5.70	June 8, 2015

- (1) These options were granted pursuant to the Plan.
- (2) In fiscal 2005, the Company granted options to purchase a total of 788,750 shares of its common stock under the Plan, and this number is used in calculating the percentages set forth in this column.
- (3) Options granted under the Plan generally expire on the tenth anniversary of the date of grant. Unless otherwise determined by the Board of Directors, options granted under the Plan expire prior to the tenth anniversary of grant (i) if the optionee's employment (or service as a director, as applicable) is terminated for any reason (other than death or disability), in which case options vested but unexercised at the date of termination may be exercised prior to the expiration date of the option or within 30 days after the date of termination, whichever comes first, or (ii) if the optionee's employment (or service as a director, as applicable) terminates because of death or disability, options vested but unexercised at the date of termination may be exercised within 12 months after the date of termination. If employment (or service as director, as applicable) is terminated by death of the optionee, the option generally may be exercised by persons to whom the optionee's rights pass by will of the laws of descent or distribution.
- (4) The assumed 5% and 10% annual rates of appreciation over the term of the options are set forth in accordance with rules and regulations adopted by the Securities and Exchange Commission and do not represent the Company's estimate of stock price appreciation. Value shown is net of exercise costs.

Edgar Filing: INTERLINK ELECTRONICS INC - Form PRE 14A

Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table indicates (on an aggregated basis) (i) stock options exercised by named executive officers during fiscal 2005, including the value realized on the date of exercise (market price on the date of exercise less the exercise price of the options), (ii) the number of shares subject to exercisable and unexercisable stock options as of the Company's fiscal year end, December 31, 2005, and (iii) the value of in-the-money options at December 31, 2005.

NAME	SHARES ACQUIRED ON EXERCISE	VALUE REALIZED	NUMBER OF UNEXERCISED OPTIONS AT YEAR-END		VALUE IN-THE- AT
			EXERCISABLE	UNEXERCISABLE	EXERCISABLE
E. Michael Thoben, III.....	11,875	\$69,048	527,297	120,828	\$178,244
Paul D. Meyer.....	10,876	62,075	272,740 (2)	108,884 (2)	83,245
Charles C. Best.....	--	--	10,001	49,999	--
Michael W. Ambrose.....	--	--	234,892	73,608	91,313

(1) Options are in-the-money at the fiscal year-end if the fair market value of the underlying securities on such date exceeds the exercise price of the option. The amounts set forth represent the difference between the fair market value of the securities underlying the options on December 30, 2005, based on the last sale price of \$3.59 per share of common stock on that date as reported by the Nasdaq National Market and the exercise price of the options, multiplied by the applicable number of options.

(2) Mr. Meyer's employment with the Company terminated on December 16, 2005. His options have not expired, however, because consistent with the Company's policy, the options have been extended for 30 days following a blackout period. Mr. Meyer has surrendered his options that were in-the-money as of April 14, 2006 to the Company in partial satisfaction of the notes that he owes the Company. The remainder of his options expire on May 5, 2006. For more information about the notes, see Certain Relationships and Related Transactions below.

Equity Compensation Plans

The following table summarizes equity compensation plans approved by stockholders and equity compensation plans that were not approved by the stockholders as of March 31, 2006 (in thousands except exercise price):

Plan category	(a)	(b)	NUMBER REMAINING FUTURE I
	NUMBER OF SECURITIES TO BE ISSUED UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	WEIGHTED-AVERAGE EXERCISE PRICE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	EQUITY PLAN SECUR IN
Equity compensation plans approved by stockholders (1)	4,044	\$ 5.56	
Equity compensation plans not approved by stockholders	--	--	
Total	4,044	\$ 5.56	

(1) Includes options granted and outstanding or available pursuant to the 1996 Stock Incentive Plan.

Performance Graph⁽¹⁾

The following line graph provides a comparison of the annual percentage change in the Company's cumulative total stockholder return on its common stock to the cumulative total return of the Nasdaq Composite Index and a peer group consisting of companies included in the Nasdaq Computer Manufacturers Index. The comparison assumes \$100 was invested on January 1, 2001 in the Company's common stock and in each of the following indices and, in each case, assumes the reinvestment of dividends.

**Interlink Electronics

-
- ⁽¹⁾ This section is not soliciting material, is not deemed filed with the Securities and Exchange Commission, and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, regardless of the date or any other general incorporation language in such filing.

AUDIT COMMITTEE MATTERS⁽¹⁾

The Board of Directors has approved and adopted a written Audit Committee Charter which reflects the standards set forth in the Securities and Exchange Commission regulations and Nasdaq Stock Market listing standards. A copy of the Audit Committee Charter is attached to our 2004 Proxy Statement and can be accessed on-line through www.sec.gov. Messrs. Hovanec, Buckett and Gu serve on the Audit Committee. Each member of the Audit Committee is a non-employee director and is independent in accordance with the National Association of Securities Dealers listing standards.

Report of the Audit Committee

The Audit Committee's role is to provide governance, guidance and oversight regarding financial information provided by the Company to the public or governmental bodies, the Company's systems of internal controls, and the auditing, accounting and financial reporting processes in general. The Audit Committee regularly meets with management and the Company's independent registered public accounting firm, BDO Seidman, LLP, to discuss, among other things, the preparation of financial statements, including key accounting and reporting issues. In accordance with the Audit Committee charter, the Audit Committee also oversees the relationship between the Company and its independent registered public accounting firm, including recommending their appointment, reviewing the scope of their services and related fees, and assessing their independence.

As disclosed in the Current Report on Form 8-K filed by the Company on November 3, 2005, the Audit Committee, on management's recommendation, concluded that the Company's financial statements for the years ended December 31, 2003 and December 31, 2004 and the quarters ended March 31, 2005 and June 30, 2005 should no longer be relied upon and should be restated, as a result of improperly recorded transactions with a vendor in China and the accounting for certain licensing charges. In connection with the restatement, an independent investigation was undertaken at the direction of the Audit Committee by Dorsey & Whitney, LLP. The Company announced the completion of this independent investigation in its Current Report on Form 8-K filed on March 6, 2006.

Since that time, in the course of preparing its 2005 financial statements, the Company discovered two additional discrepancies, related to the expensing of stock options and the valuation of certain inventory in transit between the Company and its Hong Kong subsidiary at December 31, 2004, as disclosed in the Current Report on Form 8-K filed on April 3, 2006. The Company has been working diligently to complete these matters and finalize its financial statements but, as noted in the Company's Form 12b-25 filings dated November 10, 2005 and March 16, 2006 and its Current Report on Form 8-K filed on April 3, 2006, the Company has been unable to file its Form 10-Q for the quarter ended September 30, 2005 and its Form 10-K for the year ended December 31, 2005, due to the time and effort involved (and without unreasonable effort or expense).

-
- ⁽¹⁾ This section is not soliciting material, is not deemed filed with the Securities and Exchange Commission, and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, regardless of the date or any other general incorporation language in such filing.

The Audit Committee has been meeting regularly to discuss these matters with management and with BDO Seidman, LLP and has been continuously involved in the restatement process. In that regard, it is anticipated that the Audit Committee will review the audited financial statements for the year ended December 31, 2005 with management and BDO Seidman, LLP, when the financial statements become available. It is also expected that the Audit Committee will discuss with BDO Seidman, LLP, at that time, matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements and the matters required to be discussed by Statement on Auditing Standards No. 61

Communication with Audit Committees, as amended (SAS 61). SAS 61 requires the Company's independent registered public accounting firm to provide the Audit Committee with additional information regarding the scope and results of their audit of the Company's consolidated financial statements, including with respect to:

- o their responsibility under generally accepted auditing standards;
- o significant accounting policies;
- o management judgments and estimates;
- o any significant audit adjustments;
- o any disagreements with management; and
- o any difficulties encountered in performing the audit.

Additionally, it is anticipated that the Audit Committee will review and discuss, with management and with BDO Seidman, LLP, management's report and BDO Seidman, LLP's report and attestation on internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002. It is also expected that the Audit Committee will specifically discuss with management and BDO Seidman, LLP any material weaknesses⁽²⁾ noted by management and BDO Seidman, LLP in their respective reports on internal control, including any efforts by management to remediate material weaknesses and the effect that any such material weaknesses had on BDO Seidman, LLP's audit of the 2005 financial statements.

The Audit Committee has discussed with BDO Seidman, LLP their independence, and BDO Seidman, LLP provided the Audit Committee with written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) to the effect that, in their professional judgment, BDO Seidman, LLP is independent of the Company within meaning of the federal securities laws. When considering BDO Seidman, LLP's independence, the Audit Committee discussed whether BDO Seidman, LLP's provision of services to the Company beyond those rendered in connection with their audit and review of the Company's consolidated financial statements was compatible with maintaining their independence. The Audit Committee also reviewed, among other things, the amount of fees paid to BDO Seidman, LLP for audit and non-audit services.

⁽²⁾ A material weakness is a reportable condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the consolidated financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Based on the Audit Committee's pending review of the financial statements, once they are available, and these meetings, discussions and reports, and subject to the limitations of the Audit Committee's role and responsibilities referred to above and in the Audit Committee Charter, the Audit Committee will make a recommendation to the Board regarding the inclusion of the Company's audited consolidated financial statements for the year ended December 31, 2005 in the Company's Annual Report on Form 10-K.

AUDIT COMMITTEE FOR 2005

Eugene F. Hovanec, Chairman
 George Gu
 John A. Buckett, II

Principal Accounting Fees and Services

The Company incurred the following fees for services performed by the Company's principal accounting firms for the years ended December 31, 2005 and 2004.
