EXPLANATORY NOTE

The registrant filed its Annual Report on Form 20-F for the fiscal year ended December 31, 2004, with the Securities and Exchange Commission on June 30, 2004. This Amendment to the Form 20-F is being filed in order to amend a disclosure relating to one of the registrant's subsidiaries MemCall in Part A of Item 4, and to include the reports of the independent accountants for certain of the registrant's consolidated subsidiaries, which were not included in the original filing.

ITEM 4. INFORMATION ON THE COMPANY

A. History and Development of the Company

Our legal and commercial name is RoboGroup T.E.K. Ltd. We were incorporated under the laws of the State of Israel in 1982 as Robotec (G.A.L.) Industrial Robotic Technology Ltd. for an indefinite term. In 1983 we changed our name to Eshed Robotec (1982) Ltd. On December 2000, we changed our name to RoboGroup T.E.K. Ltd. Our registered office and principal executive offices are located at 13 Hamelacha Street, Afek Industrial Park, Rosh Ha Ayin 48091 Israel and our telephone number is 972-3-9004111. Our address on the internet is <http://www.robo-group.com>. The information on our website is not incorporated by reference into this annual report.

We operate through two business sectors. The first sector focuses on our traditional business activities, the education field. This sector includes our research and development sections, the operations section, and the marketing and sales of our products and products manufactured by third parties, to the Israeli and international training and education markets.

The second sector consists of our partly-owned subsidiary Yaskawa Eshed Technology, or YET, which is engaged in the development and manufacture of motion control products for the industrial market. We hold 50% of YET's issued share capital, with the remaining 50% being held by Yaskawa Electric Corporation, or YEC.

Until 2003 we had a third business sector which was comprised of our start-up company MemCall

MemCall was engaged in the development of a new search technology which was intended to reduce the time for locating and retrieving data in computers and communications networks. In December 2003, our board of directors decided to significantly reduce the amount of investment in this activity, and since the beginning of 2004, while we are maintaining four of Memcall's patents and patent applications, it has become operationally inactive. Nevertheless, during 2004 and the first six months of 2005, we have continued to make efforts to attract potential customers and strategic partners for MemCall.

Recent Developments

During 2004 we continued to implement the cost-cutting measures in the education sector, which we had commenced in 2003 in order to improve our financial status and profitability, including personnel cuts, the consolidation of related activities, the reduction of salary costs of our senior executives and the reduction in general expenses. We reduced our operating expenses in 2004, by approximately NIS 9 million (\$2.1 million) compared to 2003. These measures have improved both our financial results for 2004 compared to 2003, and our negative cash flow.

Standby Equity Distribution Agreement

On June 22, 2004, we entered into a Standby Equity Distribution Agreement with Cornell Capital Partners LP, or Cornell. Pursuant to the Standby Equity Distribution Agreement, we may, at our discretion, periodically issue advance notices to Cornell requiring it to purchase our ordinary shares for a total purchase price of up to \$5,500,000. In connection with the Standby Equity Distribution Agreement, we registered 5,957,082 of our ordinary shares on a registration statement on Form F-2, that was declared effective on September 28, 2004. For more information on the Standby Equity Distribution Agreement, see Item 10, Additional Information Material Contracts.

Agreements between YET and YEC

In January, 2004, our subsidiary YET entered into a one year Development Agreement with its other major shareholder YEC, pursuant to which YET provided development services to YEC based on the demand and special definitions of YEC for \$1.6 million.

In February 2004, YET entered into a one year separate Royalty Agreement with YEC pursuant to which YEC paid YET royalties for its use of technology developed by YET (other than in the framework of the Development Agreement).

On January, 2005, YET entered into a one year new Development Agreement with YEC pursuant to which YET provided development services to YEC based on the demand and special definitions of YEC for \$1.6 million.

On January 1 2005, YET entered into a five year separate Royalty Agreement with YEC pursuant to which YEC is paying YET royalties for its use of technology developed by YET.

On December, 2004, we received a dividend of US \$400,000 from YET. In March 2005, we received a further dividend of US \$200,000 from YET.

Investments in our subsidiary MemCall

During the course of 2003, MemCall invested significant efforts in negotiating with potential strategic partners (manufacturers and marketers in the global silicon market) none of which matured into a contract.. MemCall conducted negotiations with several potential strategic partners, none of which matured into a contract. In December 2003 our board of directors decided to significantly reduce our continued investment in Memcall. As at the time of this report, Memcall does not directly employ any employees but is continuing to maintain four of its patents Nevertheless, during 2004 and the first six months of 2005, we have continued to make efforts to attract potential customers and strategic partners for MemCall.

As of December 31, 2004 we have invested \$4.7 million in the development of MemCall.

**To the Shareholders of RoboGroup T.E.K LTD.
INDEPENDENT AUDITORS REPORT**

We have audited the accompanying balance sheets of **RoboGroup T.E.K LTD.** (hereinafter - the Company) as of December 31, 2004 and 2003, and the consolidated balance sheets as of the same dates and the related statements of operations, statements of changes in shareholders' equity and statements of cash flows - for each of the three years ended December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have not audited the financial statements of the consolidated companies whose joint assets represent approximately 18% of the total consolidated assets as of December 31, 2004 and 2003 respectively and whose joint revenues represent approximately 44%, 43%, and 28% of the total consolidated revenues for the years ended December 31, 2004, 2003 and 2002 respectively. The financial statements of those companies were audited by other independent public accountants whose reports have been furnished to us and our opinion, insofar as it relates to amounts included for those companies, is based solely on the reports of those other public accountants.

We conducted our audit in accordance with generally accepted auditing standards, including those prescribed by the Auditors (Mode of Performance) Regulations, 1973 and with the standards of the Public Company Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, based on our examination and on the reports of the other public accountants referred to above, the above mentioned financial statements present fairly, in all material respects, the financial position - of the Company and consolidated - as of December 31, 2004 and 2003 and the results of operations, changes in shareholders' equity, and cash flows - of the Company and consolidated - for each of the three years ended December 31, 2004, in conformity with accounting principles generally accepted in Israel and in the United States (as applicable to the financial statements of the Company, such accounting principles are practically identical in the said countries, save for the measurement in terms of a constant purchasing power, which became an accepted accounting practice in Israel during a period of hyperinflation and save for certain matters summarized in note 26). It is also our opinion that the above mentioned financial statements have been prepared in conformity with the Securities Regulations (Preparation of Annual Financial Statements), 1993.

As described in Note 2, the financial statements as of the dates and for the reported periods subsequent to December 31, 2003, are presented in reported amounts, in conformity with Accounting Standards of the Israel Accounting Standards Board. The financial statements as of the dates and for the reported periods until the aforementioned date are presented in values that were adjusted until that date according to the changes in the general purchasing power of the Israeli currency, in accordance with pronouncements of the Institute of Certified Public Accountants in Israel.

Sincerely Yours,

Chaikin, Cohen, Rubin & Gilboa

AUDITORS REPORT

Introduction

We have audited the financial statements of Eshed Robotec B.V., Amsterdam, for the period 1 January 31 December 2004 (as set out on pages 2 to 8). These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Scope

We conducted our audit in accordance with auditing standards generally accepted in the Netherlands. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the company as at 31 December 2004 and of the result for the year then ended in accordance with accounting principles generally accepted in the Netherlands and comply with the financial reporting requirements included in Part 9 of Book 2 of the Netherlands Civil Code.

INDEPENDENT AUDITORS REPORT

The Board of Directors
intelitek, Inc.

We have audited the balance sheets of intelitek, Inc. (the Company), a wholly owned subsidiary of Robo Group T.E.K. Ltd. as of December 31, 2004 and 2003, and the related statements of operations, stockholder's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of intelitek, Inc., as of 2004 and 2003, and the results of its operations and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

RoboGroup T.E.K. Ltd.

Notes to Financial Statements

*(NIS in Thousands)***NOTE 1 - GENERAL**

RoboGroup T.E.K. Ltd. (hereafter the Company) was incorporated in 1982 under the name of Eshed Robotec (1982) Ltd. The Company changed its name to its current name in the year 2000. The Company, by itself and through consolidated companies, is engaged in the development, manufacturing and marketing of robotic technologies, CNC machines, software and distance learning products for education and training. The Company is also engaged, through its proportionately consolidated company, in development, manufacturing and marketing of products in the field of industrial motion control. During the previous years the Company developed a technology whose aim was to reduce the time required for locating and retrieving information in computers and communication networks, through its consolidated companies. This activity was significantly reduced during the year 2004.

In the years ended on December 31, 2004 and 2003, the Company had losses of approximately NIS 8 million and NIS 18 million, respectively. In addition, in the years 2004 and 2003 the Company's negative cash flows from operating activities were approximately NIS 6 million and NIS 9 million, respectively. The Company's management took up measures to increase efficiency, in order to improve the Company's financial state and its profitability, as follows:

1. Merger of operations, personal cutbacks, decrease in salaries costs of senior employees and cutbacks in general expenses.
2. The Company signed an agreement of Equity Line with Cornell Capital Partners LP company (See note 16 (2)).

In the fourth and third quarters of the year 2004, the Company's positive cash flows from operating activities were approximately NIS 1.5 million and NIS 0.4 million, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies, which have been applied consistently with those of previous years, are as follows:

A. Financial statements in adjusted and reported amounts

(1) Discontinuance of adjustment of financial statements and financial report in reported amounts

(a) Definitions:

Adjusted amount - historical nominal amount adjusted for the Israeli CPI as of December 2003, according to the provisions of Opinions No. 23 and No. 36 of the Institute of Certified Public Accountants in Israel.

Reported amount - adjusted amount as of the transition date (December 31, 2003), plus additions in nominal values after the transition date and less amounts deducted after the transition date. Deduction of amounts after the transition date is in nominal historical values, in adjusted amounts as of the transition date or combination of nominal historical values and adjusted amounts as of transition date, according to its own merits.

(b) On January 1, 2004 the Israel Accounting Standard 12 of the Israel Accounting Standards Board, which deals with discontinuing the adjustment of financial statements, has come into become effective (hereinafter Standard 12).

Pursuant to Standard 12, as of January 1, 2004, the Company ceased adjusting its financial statements to the Israeli CPI. As of interim financial reports of March 31, 2004 and afterwards the financial statements are stated in reported amounts.

Data included in financial statements regarding dates and periods up to (including) December 31, 2003, are included in adjusted amounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (cont.)

A. Financial statements in adjusted and reported amounts (cont.)

(2) Financial statements in reported amount:

Balance sheet:

- 1) Non-monetary items are presented in reported amounts.
- 2) Monetary items are presented in nominal values as of the balance sheet date.
- 3) Investment in consolidated companies included in company's accounts on equity value basis is presented based on financial reports in reported values of consolidated companies.

Statement of operations:

- 1) Income and expenses, including financial, are included in nominal values.

Edgar Filing: ROBOGROUP TEK LTD - Form 20-F/A

- 2) Income and expenses relating to non-monetary items are derived from the change between adjusted amount in the opening balance and reported amount in the closing balance.
 - 3) Company's share in results of consolidated companies is based on financial statements in reported values of the consolidated companies.
- (3) Financial statements in adjusted amounts until December 31, 2003:

Principle of adjustment

a) Balance sheet

Non-monetary items (e.g. fixed assets and depreciation thereof, partnership capital, inventories, etc.) are adjusted for changes in the consumer price index (C.P.I.), between the index for the month of the transaction and the index for the month of the balance sheet. Monetary items are presented in the balance sheet in their nominal amounts at that date. Investment in consolidated companies included in company's accounts based on equity value basis is presented on adjusted financial statements of the consolidated companies.

b) Statement of operations

Statement of operations items are adjusted for changes in the consumer price index as follows:

Amounts related to non-monetary items (e.g. depreciation, movements in inventories) and the various provisions included in the balance sheet (e.g. the provision for vacation pay, severance pay, etc.) and changes in deferred taxes are adjusted in tandem with the adjustment to the balance sheet item.

Revenues and other expenses, excluding financial expenses, are adjusted for changes in the C.P.I. between transaction date and the balance sheet date. Incomes of consolidated companies are determined based on consolidated companies adjusted financial statements. Adjustment and inflationary adjustments not related to revenues or expenses already mentioned are included with financial expenses.

- (4) The amounts for non-monetary assets do not necessarily represent realization value or current economic value but only the adjusted values, as explained above.
- (5) In these financial statements Cost means cost in reported or adjusted amount, regarding the matter.
- (6) A summary of the nominal amounts on which the adjusted financial statements are based is given in Note 25.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Cont.)

B. Use of estimates and assessments

The preparation of financial reports according to GAAP, requires that the management use estimates and assessments, which affect the reported data regarding assets and liabilities, conditional assets and contingent liabilities disclosed in the financial statements and income and expenses in the reported period. Actual results may differ from these estimates.

C. Convenience translation into US dollars

Edgar Filing: ROBOGROUP TEK LTD - Form 20-F/A

The adjusted consolidated financial statements as at December 31, 2004 and for the year then ended, have been translated into US dollars purely for the convenience of non-Israeli readers. The translation was made according to the representative exchange rate of the US dollar to NIS on December 31, 2004 (\$1 = NIS 4.308). The translation dollar amounts should not be construed as amounts receivable or payable in dollars or convertible into dollars.

D. Principles of Consolidation

The consolidated financial statements include the financial statements of the Company and those of its subsidiaries (consolidated companies). These financial statements also include the Company's portion (50%) of the assets, liabilities, income and expenses of companies owned jointly.

Significant inter-company balances and transactions between the Company and its consolidated companies or its proportionately consolidated company have been eliminated for the purpose of consolidation.

E. Exchange Rates and Basis of Linkage

Balances in, or linked to, foreign currency are stated in the financial statements at the representative rates of exchange in effect at balance sheet date, as published by The Bank of Israel. Balances linked to the CPI are included in the balance sheets according to the latest index published prior to balance sheet date. Changes in monetary balances caused by changes in foreign currency exchange rate or from changes in the CPI are changed to the statement of operation as incurred.

Hereunder are details of the CPI and dollar exchange rates:

| | Dollar Exchange Rates | CPI |
|----------------------|--------------------------------------|-------------------|
| | NIS | Points (*) |
| At December 31, 2004 | 4.308 | 114.3 |
| At December 31, 2003 | 4.379 | 112.9 |
| At December 31, 2002 | 4.737 | 115.1 |

Rates of increase (decrease) in the years

| | In percentage % | |
|------|------------------------|-------|
| 2004 | (1.62) | 1.2 |
| 2003 | (7.55) | (1.9) |
| 2002 | 7.27 | 6.5 |

(*) The CPI based on average 1998=100.

F. Cash and Cash Equivalents

Cash and cash equivalents include cash balances and deposits with banks which have original maturities of three months or less that are not restricted.

F-12

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Cont.)

G. Marketable Securities

Marketable securities held for short term as marketable securities are stated at market value. Changes in value are included in other income and expenses.

H. Customers - Allowance for doubtful accounts

Provision for doubtful accounts have been calculated on a specific basis, in respect to debts whose collection is in doubt.

I. Inventories

Inventories are stated at the lower of cost or market. The Company continuously examines the risk deriving from slow movement of inventories, technological obsolescence, inventories excess and market lower than cost.

Cost is determined as follows:

Raw materials and bought-in by the moving average method.

Work in progress and finished products: The raw materials component - by the moving average method. Labor and production overheads component on the basis of actual manufacturing costs.

J. Investments in Investees and Other Companies

The investments in Investee companies are stated in the Company's financial statements on an equity value basis.

The excess of cost of the investment in an Investee company over its net equity value on acquisition, which is not directly attributable, represents goodwill and is amortized over a period of five years.

Investments in other companies, held as long-term investments, are presented at cost.

K. Financial statement of consolidated companies abroad

1. On January 1, 2004, the Israeli Accounting Standard No. 13 with respect to the effect of changes in foreign exchange rates became effective. Standard No. 13 replaces Interpretations No. 8 and No. 9 of Opinion No. 36 of the Institute of Certified Public Accountants in Israel, which were superseded when the Israeli Accounting Standard No. 12, as described above, became effective.

Standard No. 13 deals with the translation of foreign currency transactions and with the translation of financial statements of foreign operations for incorporation into the financial statements of the Company.

2. Foreign operation that is classified as a foreign autonomous entity (the entity):

In accordance with Standard No. 13, assets and liabilities, both monetary and non-monetary, of the entity are translated at the closing rate. The components of the statement of operations and of the statement of cash flows of the entity are translated at the exchange rates at the dates of the transactions or at average exchange rates for the period if such exchange rates approximate the actual exchange rates. All exchange rate differences resulting from the translation, as above, are classified as a separate item in shareholders' equity (foreign currency translation adjustments for autonomous entities) until the disposal of the investment.

F-13

(NIS in Thousands)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Cont.)**L. Fixed Assets**

Fixed assets are stated at cost (Demonstration equipment are valued at the cost of finished products of the same type) less accumulated depreciation.

Financing costs of credit lines opened for financing the purchase of the building, in the period prior to its use, have been capitalized.

Depreciation is calculated according to the straight-line method at the following rates, which are considered to be adequate to the depreciation of the assets over the course of their estimated useful lives:

| | % |
|---|-----------------------|
| Machinery and equipment (mainly 20%) | 10-20 |
| Office equipment and furniture (mainly 6%) | 6-10 |
| Computers and computerized equipment (mainly 33%) | 20-33 |
| Vehicles (mainly 20%) | 15-20 |
| Building (mainly 2%) | 2-4 |
| Leasehold improvements | Over the lease period |

M. Intangible Property

Intangible property includes mainly goodwill, know-how and rights to products. Goodwill which represents the excess of cost of the investments in businesses and consolidated companies over their fair value at acquisition, amortized at annual rates over a period of five years. Know-how and rights to products are amortized according to the straight-line method on the basis of their estimated useful lifetime, which is approximately three years.

N. Impairment of assets

The Company examines at each balance date the returnable amount of its assets whenever signs for impairment of those items exist. When an asset's book value exceeds its returnable amount, the Company recognizes the loss from impairment of that asset. Loss from impairment of assets, excluding goodwill, which was recognized earlier, is annulled only in case of change in estimates used to determine the returnable amount, as of date when last loss from impairment was recognized. The book value after the annulment will not exceed the book value of that asset, which would have been set for unless the loss from impairment had been recognized during the prior years.

O. Deferred Taxes

Deferred taxes are computed in respect of temporary differences between the reported amounts of assets and liabilities and their tax basis and calculated according to the enacted tax rates and laws that is expected to be in effect when the differences are expected to be paid or realized. The Company recognizes tax benefits receivable where the expectation of realization according to management estimate, is more likely than not.

The proportionately consolidated company has accumulated earnings derived from tax exempt income as an approved enterprise. The distribution of a dividend out of such income would give rise to the imposition of corporation tax at the rate of 20% in respect to that income. It is the intention of the Company and the proportionately consolidated company to constantly reinvest its tax-exempt income and not to distribute it as dividend. Accordingly, there is no provision for deferred taxes in respect of tax exempt income.

The Company included a provision for taxes, that may enact when dividends from proportionately consolidated company are received from income of approved enterprise, except for tax exempt income.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Cont.)

P. Product Warranty

The provision is calculated specifically for the obligation relating to each individual product sold, usually for a period of one year from the date of sale.

Q. Options to Employees

The Company has adopted U.S. Opinion APB 25 for the accounting treatment for a share option program for employees and director-shareholders.

Accordingly, Note 26 gives proforma data had the Company chosen to adopt U.S. Statement FAS 123 for the accounting treatment of benefits inherent in the above mentioned program.

R. Revenue Recognition

Revenues from sale of products and from the sale of software rights are generally recognized upon delivery, provided that payment is fixed or determinable, collectibility is probable and there is no significant obligation remaining.

In a revenue arrangement with multiple deliverables, the delivered item(s) considered a separate unit of accounting if all of the following criteria are met:

1. The delivered item(s) has value to the customer on a standalone basis.
2. There is a vendor specific objective evidence of fair value (market value) of the delivered item(s).
3. If the arrangement includes a general right of return relative to the delivered item, delivery or performance of the undelivered item(s) is considered probable and substantially in the control of the vendor.

Revenues from the sales of products dependent on installation are recognized on the conclusion of the installation. With respect to transactions that were entered into from June 15, 2003 and henceforth, the company adopted the provisions of publication of the Emergency Issues Task Force on Issue 00-21 (EITF 00-21) and they are recognized as arrangement with multiple deliverables as detailed above.

Revenues from development services are recognized upon completion of the development, and in accordance with the terms of the related contracts.

Revenues from software maintenance services are recognized ratably over the contractual period.

Revenues from the grant of production licenses are recognized upon fulfilling the terms of the commitments under the contract and are spread over the license period.

Revenues from software and content development based upon a fixed cost performance contract are recognized on completion percentage basis. Completion percentage is determined on actual cost compared to the total predicted cost basis.

(NIS in Thousands)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Cont.)**S. Research and Development Costs**

Research and development costs are charged to income as incurred. Related grants are deducted from the related costs on an accrual basis.

T. Earnings Per Share

The basic earnings (losses) per share are calculated on the basis of a weighted average of the issued and paid-up shares during the year, with no accounting for possible dilution.

These financial statements do not include the effect of a possible dilution from options given to employees because their effect is anti-dilution or not material.

U. Impact of recently issued Accounting Standards

On July 2004, the Israeli Accounting Standards Board published Accounting Standard No. 19, Taxes on Income. The Standard provides that a liability for deferred taxes is to be recorded for all temporary differences subject to tax, except for a limited number of exceptions. In addition, a deferred tax asset is to be recorded for all temporary differences that may be deducted, losses for tax purposes and tax benefits not yet utilized, if it is anticipated that there will be taxable income against which they can be offset, except for a limited number of exceptions. The new Standard applies to financial statements for periods beginning on January 1, 2005. The Standard provides that it is to be implemented by means of a cumulative effect of a change in accounting method.

The Company estimates the impact of the Standard on its financial statements will not be material.

NOTE 14 - LIABILITY FOR TERMINATION OF EMPLOYEE/EMPLOYER RELATIONSHIP, NET

The liability of the Company and its Investee companies to pay severance pay to their employees is covered by the provision and by the payment of premiums for managers' insurance policies. In addition, the companies make payments into a general provident fund. The amounts deposited in the provident fund and the amounts paid for managers' insurance policies in the names of the companies include accrued profits and may be withdrawn subject to restrictions determined by law.

| | (99) | (424) | 119 | (563) | (81) |

The above amounts are represented in the balance sheet as follows:

| | | | | | |
|---|-------|-------|------|-------|------|
| Liability for termination of employee/employer relationship, net | 32 | 139 | 200 | - | - |

| | (99) | (424) | 119 | (563) | (81) |

The provision for severance pay for director-shareholders assumes that their employment will terminate under circumstances, which do not entitle them to increased severance pay.

In this regard, and as to risk life insurance for the benefit of related parties, see Note 18.

NOTE 15 - COMMITMENTS, CONTINGENT LIABILITIES AND PLEDGES

A. Contingent liabilities

1. Royalties and know-how

The Company, a consolidated company and a proportionately consolidated company are committed to pay royalties on products developed under projects supported by the Office of the Israeli Chief Scientist, at the rate of 2% - 4.6% of the sale price, limited to the amount of grant received (linked to the US dollar). As of the balance sheet date the grant balance on which royalties have not yet been accrued amounts to US\$ 3.2 millions in the consolidated statements. In February 2004, the Company received a letter from the Office of the Chief Scientist, stating the Company is required to pay approximately US \$900 thousand due to royalties payments differences for the years 1996-2002. The said letter was lacking any supporting documentation and the Company completely rejects the demand completely.

The Company, based on its legal advisors, does not project any additional payments to the Office of the Chief Scientist beyond the amounts included in the financial statements.

Notes to Financial Statements

*(NIS in Thousands)***NOTE 15 - COMMITMENTS, CONTINGENT LIABILITIES AND PLEDGES (cont.)****A. Contingent liabilities (cont.)****2. Claims**

1. A claim was filed against the Company by a subcontractor of a former consolidated company in the Labor Court for payment of approximately NIS 320 thousand, for an alleged debt of the Company to the plaintiff.
2. The Company and the consolidated company have filed a legal claim, in the amount of 2.6 million NIS against Fourier Systems 1989 Ltd. (Hereafter: Fourier) due to unlawful use of trade secrets, other commercial wrongful acts and breach of a distribution agreement. Fourier has filed a counter legal claim in the amount of 3 million NIS.

Due to the preliminary stages of the legal claim, the Company is unable to estimate the prospects of these legal claims. Therefore, the Company has not made any provision in its financial statements.

B. Pledges**1. The Company**

- (a) In order to obtain credit from a bank the Company pledged to the bank its real estate rights and the right to receive rent payments.
- (b) In order to obtain credit from a bank, the Company is obliged to retain a financial ratio of shareholders equity to total consolidated balance sheet assets of at least 27%. In case the company will not retain this ratio the company will be required to pay off its liabilities to the bank. The credit from the bank amounts to approximately NIS 5 million, and the Company retains the required financial ratio.
- (c) The Company has pledged vehicles and mortgaged its portfolio of marketable securities, notes and other securities as security for the receipt of credit and other banking services.

NOTE 18 - BALANCES AND TRANSACTIONS WITH INTERESTED AND RELATED PARTIES (cont.)

C. Transactions with interested and related parties

1. Interested parties employed by the Company

- a. Pursuant to an agreement, approved on January 13, 1996, terms of employment of related parties who are employed by the Company (as directors and officers) include monthly salary linked to the changes in the CPI, in addition of social benefits, risk-life insurance in an amount of US \$1 million for each, and assurance of real increment annually of 5% or 10%, on condition that the consolidated pre-tax earnings will equal or be greater than \$0.5 million and \$1 million, respectively.

Additional annual bonuses on earnings for the related parties are:

Where the consolidated pre-tax earnings are less than \$1 million - 2.49% of those earnings.

Where the annual earnings are between \$1 million and \$2 million - 5.01% of those earnings.

Where the annual earnings exceed \$2 million - 7.50% of those earnings.

In addition, these related parties are entitled, in the event of dismissal, to enlarged severance pay of 175% for the period of their employment in the Company. The Company did not include a provision for enlarged severance pay that will apply in case of dismissal in its financial statements, as to the Company's assessment, the probability of its realization is unlikely.

The agreement is for a period of three years. At completion of first period and with completion of any additional extension period, employment agreements will be extended for an additional period of three years subject to

Edgar Filing: ROBOGROUP TEK LTD - Form 20-F/A

approval of auditing committee and board of directors. A non-extended agreement will be accounted for as dismissal.

- b. As of November 2001, by the initiative of three related parties, a temporary decrease of approximately 15% of salary cost took place. (hereinafter the first decrease).

As of June 2004, by the initiative of three related parties, an additional temporary decrease of approximately 23% of salary cost after the first decrease, took place. (hereinafter the second decrease).

- c. Total cost of salary of three related parties, following the aforementioned decreases, sums up to approximately NIS 160 thousand a month.
- d. On December 27, 2004 the Company's Auditing Committee and its Board of Directors, approved of an additional extension of aforementioned employment agreements for an additional period of three years. The related parties agreed by their own initiative to continuance of salary decreases (both first and second) during the year 2005. Salary decreases in the year 2005 will be retroactively cancelled under following terms:

When pre-tax consolidated earnings after cancellation of the decrease will be positive, the second decrease, amounting to NIS 45 thousand a month will be cancelled.

When pre-tax consolidated earnings after cancellation of the decreases will exceed \$ 0.5 million, the first decrease, amounting to NIS 35 thousand a month will be cancelled as well.

*(NIS in Thousands)***NOTE 20 - FINANCIAL DATA REGARDING SEGMENTS ACCORDING TO COMMERCIAL AND GEOGRAPHICAL AREAS**1. General

The Company operates in two operational segments: robotic products, automation products, software and distance learning in the field of education and training (education segment) and motion control products for the industrial market (motion control for industry).

In previous years the Company operated in addition in developing a technology whose aim was to reduce the time required for locating and retrieving information in computers and communication networks, through its consolidated companies, MemCall LLC and MemCall Ltd. (MemCall). This operation was significantly reduced in the year 2004 and is no longer qualified as a reportable segment.

E. Tax rates at which the taxes were calculated:

Current taxes 22% - 35%
 Deferred taxes 22% - 35%

In a proportionately consolidated company, the tax rate that was taken into account for the calculation of deferred taxes was 22%, which is the weighted tax rate that is expected to apply upon utilization of the benefits due to the approved enterprise (See note 24G).

The Company and consolidated companies have carry forward tax losses amounting to approximately NIS 13 million and NIS 33 million, respectively.

The Company and consolidated companies did not state deferred taxes asset regarding these losses, as there is an uncertainty in utilization possibility.

Consolidated company has a carry forward loss of NIS 6 million that can be utilized between 2005 and 2024.

NOTE 24 - TAXES ON INCOME (cont.)

F. Decrease in corporate tax rates:

On June 29, 2004 an amendment to the Income Tax Law (number 140 and hourly instruction), 2004 was passed by the Knesset (Israeli Parliament). This amendment asserts a gradual reduction in the rate of corporate tax from 36% to 30% as follows:

In the year 2004 the tax rate will be 35%, in the year 2005 the tax rate will be 34%, in the year 2006 the tax rate will be 32% and from the year 2007 and forward the tax rate will be 30%.

The impact of changes in tax rate over the consolidated financial statements, results of operations and cash flows is not material.

G. Benefits of approved enterprise:

Certain investments in fixed assets made by proportionately consolidated company have been granted an approved enterprise status subject to the law. The Company chose the alternative income course, accordingly income from the approved enterprise will be exempt from taxes for two years after which a reduced tax rate of 20% will be enacted for the remaining benefit period. The benefit period is a 10 year period beginning in the year in which the company first generates taxable income and contingent to a time period limitation as stated in the law. These benefits are contingent on an investment by foreigners of at least 50%. The program was enacted in 2000 and accordingly the benefit period is expected to end in 2009. Dividends distributed from approved enterprise income will be liable for a 15% corporate tax rate. If the company should distribute dividends from exempt income, at 20% tax rate will be withheld of the amount distributed (see note 2 O). The above mentioned benefits are contingent on the company meeting the terms of the law and regulations and an authorization letter according to which the company invested in an approved enterprise. Non-fulfillment of these terms may lead to the cancellation of some or all of the above mentioned benefits and a demand for the repayment of certain amounts including interest.

H. Tax Benefits as an Industrial Company

Edgar Filing: ROBOGROUP TEK LTD - Form 20-F/A

The Company and its proportionately consolidated company are Industrial companies, as defined by the Law for the Encouragement of Industry (Taxation) 1969 and, as such, are entitled to certain benefits, mainly accelerated depreciation and the right to claim expenses and amortization of intangible rights, at a period of 8 years, and expenses of registration of stock to commerce at a period of 3 years.

I. Final tax assessments

The Company, its consolidated companies and its proportionately consolidated company have final tax assessments under the Law up to and including the tax year 2000.

J. Consolidated companies abroad

Consolidated companies, incorporated abroad, are taxed according to tax laws in countries of their residence.

NOTE 26 - EFFECT OF VARIANCES BETWEEN ISRAELI GAAP AND U.S. GAAP IN THE CONSOLIDATED STATEMENTS

The financial statements are represented according to Israeli GAAP.

The significant differences between the Israeli GAAP and the U.S. GAAP relate primarily to the following matters:

A. Proportional Consolidation

According to Israeli GAAP, an investment in jointly held investee companies is presented according to the proportionate consolidation method. According to U.S. GAAP, such an investment is presented according to the equity method.

B. Presentation of liability for termination of employee/employer relationship

According to Israeli GAAP, the sum of a funded provision in a provident fund is deducted from the related liability. According to U.S. GAAP, the offsetting of assets and liabilities in these circumstances is not acceptable.

C. Amortization of goodwill

According to Israeli GAAP, goodwill is amortized over the period it is expected to grant the Company future economic benefits. According to US GAAP, goodwill is only amortized in case of impairment.

D. Following are the effects of the differences on the financial statements:
