                LINENS 'N THINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
1. BASIS OF PRESENTATION

The accompanying Condensed Consolidated Financial Statements are unaudited. In the opinion of management, the accompanying Condensed Consolidated Financial Statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position of Linens 'n Things, Inc. and its subsidiaries (collectively the "Company") as of April 2, 2005 and April 3, 2004 and the results of operations for the respective thirteen weeks then ended and cash flows for the thirteen weeks then ended. The

\section*{Edgar Filing: LINENS N THINGS INC - Form 10-Q}
preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Because of the seasonality of the specialty retailing business, operating results of the Company on a quarterly basis may not be indicative of operating results for the full year.

These Condensed Consolidated Financial Statements should be read in conjunction with the Company's audited Consolidated Financial Statements for the fiscal year ended January 1, 2005 (collectively, the "Audited Statements"), included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission ("SEC"). All significant intercompany accounts and transactions have been eliminated.

On April 19, 2005, the Company filed Amendment No. 1 on Form 10-Q/A ("Form 10-Q/A") to its Quarterly Report on Form 10-Q for the quarterly period ended April 3, 2004, initially filed with the SEC on May 7, 2004. Form 10-Q/A was filed to reflect the restatement of the Company's Condensed Consolidated Financial Statements for the thirteen-week periods ended April 3, 2004 and April 5, 2003 related to its correction for the accounting for leases and other immaterial adjustments and reclassifications - see the Explanatory Statement and Note 2 in Form \(10-Q / A\). All prior period disclosures included herein give effect to the correction and other immaterial adjustments and reclassifications.

\section*{2. EARNINGS PER SHARE}

The calculation of basic and fully diluted earnings per share ("EPS") is as follows:
\begin{tabular}{|c|c|c|c|}
\hline & \multicolumn{3}{|c|}{\begin{tabular}{l}
ENDED APRIL 2, 2005 \\
(IN THOUSANDS, EXCEPT EPS)
\end{tabular}} \\
\hline & Net Loss & Shares & EPS \\
\hline BASIC & \$ (4,074) & 45,194 & \$(0.09) \\
\hline Effect of outstanding stock options and deferred stock grants & -- & 491 & -- \\
\hline FULLY DILUTED & \$ (4,074) & 45,685 & \$(0.09) \\
\hline & & \begin{tabular}{l}
HIRTEEN \\
D APRII JSANDS,
\end{tabular} & PS ) \\
\hline & Net Loss & Shares & EPS \\
\hline BASIC & \$ \((1,112)\) & 44,897 & \$(0.02) \\
\hline Effect of outstanding stock options and deferred stock grants & -- & 1,211 & -- \\
\hline
\end{tabular}
\(\$(1,112) \quad 46,108\)
\(\$(0.02)\)

Options for which the exercise price was greater than the average market price of common shares for the thirteen week periods ended April 2, 2005 and April 3, 2004 were not included in the computation of fully diluted earnings per share. These consisted of options totaling approximately \(2,456,000\) shares and 18,000 shares, respectively.

}

\section*{3. SHORT-TERM BORROWING ARRANGEMENTS}

In November 2004, the Company entered into a \(\$ 250\) million senior revolving credit facility agreement (the "Credit Agreement") with third party institutional lenders to expire November 23, 2009. The Credit Agreement allows for up to \(\$ 50\) million of borrowings from additional lines of credit outside of the Credit Agreement. As of April 2, 2005, the additional lines of credit include committed facilities of approximately \(\$ 16\) million that expire on May 31, 2005 and \(\$ 12\) million that expire on June 15, 2005 and are subject to periodic renewal arrangements. The Credit Agreement replaced the \(\$ 150\) million senior revolving credit facility amended June 2002, which allowed for up to \(\$ 40\) million in borrowings from additional lines of credit outside the agreement (the "2002 Credit Agreement").

Under the Credit Agreement, interest on all borrowings is determined based upon several alternative rates, including a fixed margin above LIBOR. The Credit Agreement contains certain financial covenants, including those relating to the maintenance of a minimum tangible net worth, a minimum fixed charge coverage ratio and a maximum leverage ratio. As of April 2, 2005 , the Company was in compliance with its covenants under the Credit Agreement. Under the Credit Agreement, the amount of dividends that the Company may pay may not exceed the sum of \(\$ 50\) million plus, on a cumulative basis, an amount equal to \(25 \%\) of the consolidated net income for each fiscal quarter, commencing with the fiscal quarter ending April 3, 2004. The Company has never paid cash dividends and does not currently anticipate paying cash dividends in the future. As of April 2, 2005, the Company had no borrowings under the Credit Agreement and no borrowings under the additional lines of credit. For the thirteen weeks ended April 2, 2005 and April 3, 2004, the Company did not borrow against the Credit Agreement and the 2002 Credit Agreement, respectively. The Company also had \(\$ 70.8\) million of letters of credit outstanding as of April 2, 2005, which included standby letters of credit issued primarily under the Credit Agreement and import letters of credit used for merchandise purchases. The Company is not obligated under any formal or informal compensating balance requirements.

\section*{4. COMPREHENSIVE LOSS}

Comprehensive loss for the thirteen weeks ended April 2, 2005 and April 3, 2004 is as follows (in thousands):
\begin{tabular}{|c|c|c|}
\hline & APRIL 2, 2005 & APRIL 3, 2004 \\
\hline Net loss & \$ (4, 074 ) & \$ (1, 112) \\
\hline Other comprehensive loss - foreign currency translation adjustment & (183) & (213) \\
\hline COMPREHENSIVE LOSS & \$ (4,257) & \$ (1, 325 ) \\
\hline
\end{tabular}

\section*{5. 2001 RESTRUCTURING AND ASSET IMPAIRMENT CHARGE}

In fiscal 2001, the Company developed and committed to a strategic initiative designed to improve store performance and profitability. This initiative called for the closing of certain under-performing stores, which did not meet the Company's profit objectives. In connection with this initiative, the Company recorded a pre-tax restructuring and asset impairment charge of \(\$ 37.8\) million (\$23.7 million after-tax) in the fourth quarter of fiscal 2001. A pre-tax reserve of \(\$ 20.5\) million was established for estimated lease commitments for stores to be closed. This reserve is included in accrued expenses. The reserve considers estimated sublease income. Because all of the stores were leased, the Company is not responsible for the disposal of property other than fixtures. A pre-tax writedown of \(\$ 9.5\) million was recorded as a reduction in property and equipment for fixed asset impairments for these stores. The fixed asset impairments represent fixtures and leasehold improvements. A pre-tax reserve of \(\$ 4.0\) million was established for other estimated miscellaneous store closing costs. Additionally, a pre-tax charge of \(\$ 3.8\) million was recorded in cost of sales for estimated inventory markdowns below cost for the stores to be closed. Certain components of the restructuring charge were based on estimates and may be subject to change in the future. The Company has closed all of the initially identified stores other than one store, which the Company decided to keep open and whose reserve was reversed, and one other store which is expected to be closed during fiscal 2005.

The following table displays a roll forward of the activity and significant components of the 2001 restructuring and asset impairment charge and the reserves remaining as of April 2, 2005 (\$ in millions):
\begin{tabular}{|c|c|c|}

\end{aligned}
\] \\
\hline CASH COMPONENTS: & & \\
\hline Lease commitments & \$9.0 & \$(0.7) \\
\hline TOTAL & \$9.0 & \$(0.7) \\
\hline
\end{tabular}

REMAINING AI 4/02/05 (UNAUDITED)

\$8. 3
\$8. 3

\section*{Edgar Filing: LINENS N THINGS INC - Form 10-Q}

The 2005 usage primarily consists of payments for lease commitments, offset by an increase to lease commitment costs by \(\$ 0.3\) million due to changes in estimates based on current negotiations. The restructuring reserve balance is included in accrued expenses and other current liabilities in the Condensed Consolidated Balance Sheet.

\section*{6. STOCK INCENTIVE PLANS}

In accordance with the provisions of SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an amendment of SFAS No. 123" ("SFAS No. 148"), the Company elected not to adopt the fair value based method of accounting for its stock-based compensation plans, but continues to apply the recognition and measurement principles of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" and related interpretations. Accordingly, the Company does not recognize compensation expense for stock option grants and amortizes restricted stock unit grants at fair market value over specified vesting periods in the accompanying Condensed Consolidated Financial Statements. The compensation cost that has been charged against income for restricted stock unit grants was \(\$ 233,000\) and \(\$ 157,000\) for the thirteen weeks ended April 2, 2005 and April 3, 2004 , respectively. The Company has complied with the disclosure requirements of SFAS No. 148. Set forth below are the Company's net loss and net loss per share presented "as reported" and as if compensation cost had been recognized in accordance with the provisions of SFAS No. 148, for the thirteen weeks ended April 2, 2005 and April 3, 2004:

\section*{7. GUARANTEES}

The Company has assigned property at a retail location in which the Company guarantees the payment of rent over the specified lease term in the event of non-performance. As of April 2, 2005, the maximum potential amount of future payments the Company could be required to make under such guarantee is approximately \(\$ 0.8\) million.

\section*{8. ACCOUNTS PAYABLE}

The Company maintains a trade payables program with General Electric Capital Corporation ("GECC") under which GECC pays participating Company suppliers the amount due from the Company in advance of the original due date. In exchange for the earlier payment, these suppliers accept a discounted payment. On the original due date of the payables, the Company pays GECC the full amount. Pursuant to the agreement, any favorable economics realized by GECC for transactions under this program are shared with the Company. The Company recognizes the total vendor discount realized by GECC as a reduction of the cost of inventory in the Condensed Consolidated Balance Sheets and records the share of the vendor discount due GECC as interest expense in the Condensed Consolidated Statements of Operations. At April 2, 2005, January 1, 2005 and April 3, 2004, the Company owed approximately \(\$ 50.8\) million, \(\$ 65.0\) million and \(\$ 69.0\) million, respectively, to GECC under this program, which was included in accounts payable. Either party may terminate the program for any reason upon 30 days prior written notice. The maximum amount permitted under the program was \(\$ 95\) million as of April 2, 2005.

In addition, included in accounts payable are amounts for gift card liabilities of \(\$ 25.6\) million, \(\$ 30.5\) million and \(\$ 26.4\) million as of April 2, 2005, January 1, 2005 and April 3, 2004, respectively.

9

LINENS 'N THINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS, CONT'D

\section*{9. INCOME TAXES}

On October 22, 2004 the American Job Creation Act of 2004 (the "Act") was signed into law. The Act contains numerous amendments and additions to the U.S. corporate income tax rules. None of these changes, either individually or in the aggregate, is expected to have a significant effect on the company's income tax liability. The Company does not expect to take advantage of the Act's repatriation provisions.

\section*{10. RECENT ACCOUNTING PRONOUNCEMENTS}

In December 2004, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 123 (Revised 2004), "Share-Based Payment" ("SFAS No. 123 (Revised 2004)"). SFAS No. 123 (Revised 2004) requires the Company to recognize the grant-date fair value of stock option grants as compensation expense in the Condensed Consolidated Statement of Operations but expresses no preference for a type of valuation method to use in determining the fair value of options. Under SFAS No. 123 (Revised 2004), the Company would have been required to implement the standard as of the beginning

\section*{Edgar Filing: LINENS N THINGS INC - Form 10-Q}
of the first interim period that begins after June 15, 2005 (the Company's fiscal year 2005 third quarter). On April 14, 2005, the SEC adopted a new rule that allows the Company to implement SFAS No. 123 (Revised 2004) at the beginning of its next fiscal year, instead of the next interim reporting period, that begins after June 15, 2005. Accordingly, the Company will implement SFAS No. 123 (Revised 2004) as of the beginning of its first fiscal quarter of 2006 . Currently, the Company discloses the effect on net income and earnings per share related to the expensing of options as a note to its Condensed Consolidated Financial Statements (see Note 6). The Company is currently evaluating the effect of this change in accounting treatment and expects to provide an estimated impact on fiscal 2006 earnings per share by the end of the current fiscal year.

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets, an amendment of APB Opinion No. 29." This Statement requires that exchanges should be recorded and measured at the fair value of the assets exchanged, with certain exceptions. The Statement is effective for nonmonetary asset exchanges occurring in fiscal periods beginning after June 15, 2005. The adoption of this Statement will not have a material effect on the Company's financial position or results of operations.

In November 2004, the FASB issued SFAS No. 151, "Inventory Costs, an amendment of ARB No. 43, Chapter 4." This Statement amends the guidance to clarify that abnormal amounts of idle facility expense, freight, handling costs, and wasted materials (spoilage) should be recognized as current period charges. In addition, this Statement requires that allocation of fixed production overheads to the costs of conversions be based on the normal capacity of the production facilities. The Statement is effective for inventory costs incurred during fiscal years beginning after June 15, 2005. The adoption of this Statement will not have a material effect on the Company's financial position or results of operations.

\section*{REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM}

The Board of Directors and Shareholders
Linens 'n Things, Inc.:

We have reviewed the condensed consolidated balance sheets of Linens 'n Things, Inc. and Subsidiaries as of April 2, 2005 and April 3, 2004, and the related condensed consolidated statements of operations for the thirteen week periods then ended and the related condensed consolidated statements of cash flows for the thirteen week periods ended April 2, 2005 and April 3, 2004. These condensed consolidated financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical review procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the condensed consolidated financial statements referred to above for

\section*{Edgar Filing: LINENS N THINGS INC - Form 10-Q}
them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Linens 'n Things, Inc. and Subsidiaries as of January 1, 2005 (presented herein) and the related consolidated statements of operations, shareholders' equity and comprehensive income, and cash flows for the year then ended (not presented herein); and in our report dated March 31, 2005 we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of January 1,2005 is fairly presented, in all material respects, in relation to the consolidated balance sheet from which it has been derived. .

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

\author{
LINENS 'N THINGS, INC. AND SUBSIDIARIES \\ MANAGEMENT'S DISCUSSION AND ANALYSIS \\ OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS
}

The following discussion and analysis should be read in conjunction with the Condensed Consolidated Financial Statements of the Company and the notes thereto appearing elsewhere in this document.

GENERAL

Linens 'n Things, Inc. (the "Company") is one of the leading national large format specialty retailers of home textiles, housewares and home accessories, carrying both national brands and private label goods. As of April 2, 2005, the Company operated 499 stores in 45 states and in five provinces across Canada.

\section*{CRITICAL ACCOUNTING POLICIES}

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts and timing of revenues and of expenses during the reporting periods. The Company's management believes the following critical accounting estimates involve significant estimates and judgments inherent in the preparation of the Condensed Consolidated Financial Statements. The Company bases these estimates on historical results and various other assumptions believed to be reasonable at the time. These critical accounting estimates are discussed in detail in our 2004 Annual Report on Form 10-K.

VALUATION OF INVENTORY: Merchandise inventory is a significant portion of the Company's balance sheet, representing approximately \(51 \%\) of total assets at April 2, 2005. Inventories are valued using the lower of cost or market value,

\section*{Edgar Filing: LINENS N THINGS INC - Form 10-Q}
determined by the retail inventory method ("RIM"). Under RIM, the valuation of inventories at cost and the resulting gross margins are determined by applying a calculated cost-to-retail ratio to the retail value of inventories. RIM is an averaging method that is used in the retail industry due to its practicality. The methodologies utilized by the Company in its application of RIM are consistent for all periods presented. Such methodologies include the development of the cost-to-retail ratios, the development of shrinkage reserves and the accounting for price changes. At any one time, inventories include items that have been written down to the Company's best estimate of their realizable value. Factors considered in estimating realizable value include the age of merchandise and anticipated demand. Actual realizable value could differ materially from this estimate based upon future customer demand or economic conditions.

SALES RETURNS: The Company estimates future sales returns and records a provision in the period that the related sales are recorded based on historical return rates. Should actual returns differ from the Company's estimates, the Company may be required to revise estimated sales returns. Although these estimates have not varied materially from historical provisions, estimating sales returns requires management judgment as to changes in preferences and quality of products being sold, among other things; therefore, these estimates may vary materially in the future. The sales returns calculations are regularly compared with actual return experience. In preparing its financial statements as of April 2, 2005, January 1, 2005 and April 3, 2004 , the Company's sales returns reserve was approximately \(\$ 5.2\) million, \(\$ 7.4\) million and \(\$ 5.2\) million, respectively.

IMPAIRMENT OF ASSETS: With the adoption of SFAS No. 142, "Goodwill and Other Intangible Assets", the Company reviews goodwill for possible impairment at least annually. Impairment losses are recognized when the implied fair value of goodwill is less than its carrying value. In accordance with the provisions of SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets", the Company periodically evaluates long-lived assets other than goodwill for indicators of impairment. As of April 2, 2005, January 1, 2005 and April 3, 2004, the Company's net value for property and equipment was approximately \(\$ 569.3\) million, \(\$ 578.8\) million and \(\$ 553.3\) million, respectively, and goodwill was approximately \(\$ 18.1\) million on each of these dates.

\title{
LINENS 'N THINGS, INC. AND SUBSIDIARIES MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS, CON'T
}

STORE CLOSURE COSTS: In fiscal 2001, the Company recorded a pre-tax restructuring and asset impairment charge of \(\$ 37.8\) million ( \(\$ 23.7\) million after-tax) related to the closing of certain under-performing stores. As of April 2, 2005, January 1, 2005 and April 3, 2004, the Company had \(\$ 8.3\) million, \(\$ 9.0\) million and \(\$ 14.0\) million, respectively, remaining related to this reserve. The Company has closed all of the initially identified stores other than one store, which the Company decided to keep open and whose reserve was reversed, and one other store which is expected to be closed during fiscal 2005. The Company continues to negotiate and/or explore lease buyouts or sublease agreements for these stores. The activity in the thirteen week period ended April 2, 2005 primarily consists of payments for lease commitments, offset by an increase to lease commitment costs by \(\$ 0.3\) million due to changes in estimates based on current negotiations. Final settlement of these reserves is predominantly a function of negotiations with unrelated third parties, and, as such, these estimates may be subject to change in the future.

SELF-INSURANCE: The Company purchases third party insurance for worker's compensation, medical, auto and general liability costs that exceed certain

\section*{Edgar Filing: LINENS N THINGS INC - Form 10-Q}
levels for each type of insurance program. However, the Company is responsible for the payment of claims under these insured excess limits. The Company establishes accruals for its insurance programs based on available claims data and historical trend and experience, as well as loss development factors prepared by third party actuaries. The accrued obligation for these self-insurance programs was approximately \(\$ 13.1\) million as of April 2, 2005, \(\$ 14.5\) million as of January 1, 2005 and \(\$ 13.2\) million as of April 3, 2004.

LITIGATION: The Company records an estimated liability related to various claims and legal actions arising in the ordinary course of business, which is based on available information and advice from outside counsel where applicable. As additional information becomes available, the Company assesses the potential liability related to its pending claims and may adjust its estimates accordingly.

\section*{RESULTS OF OPERATIONS}

THIRTEEN WEEKS ENDED APRIL 2, 2005 COMPARED WITH THIRTEEN WEEKS ENDED APRIL 3, 2004

Net sales for the thirteen weeks ended April 2, 2005 increased approximately \(3.3 \%\) to \(\$ 570.9\) million, up from \(\$ 552.8\) million for the same period last year. The increase in net sales is primarily the result of new store openings since April 3, 2004. At April 2, 2005, the Company operated 499 stores, including 24 stores in Canada, as compared with 461 stores, including 20 stores in Canada, at April 3, 2004. Store square footage increased approximately 7.1\% to 16.9 million at April 2, 2005 compared with 15.8 million at April 3, 2004. During the thirteen weeks ended April 2, 2005, the Company opened eight stores and closed one store as compared with opening 21 stores and closing no stores during the same period last year.

Comparable store net sales decreased \(5.4 \%\) for the thirteen weeks ended April 2, 2005 compared to an increase of \(4.7 \%\) for the same period last year. The decrease in comparable net sales for the thirteen weeks ended April 2, 2005 is due primarily to a decline in guest traffic, as well as a slight decline in average transaction. In addition, the Company's fashion textiles business was particularly challenging as it continues to transition its assortments.

In addition to the cost of inventory sold, the Company includes its buying and distribution expenses in its cost of sales. Buying expenses include all direct and indirect costs to procure merchandise. Distribution expenses include the cost of operating the Company's distribution centers and freight expense related to transporting merchandise. Gross profit for the thirteen weeks ended April 2, 2005 was \(\$ 236.4\) million, or \(41.4 \%\) of net sales, compared with \(\$ 221.2\) million, or \(40.0 \%\) of net sales, for the same period last year. During the first quarter of fiscal 2005, gross profit was impacted by improved merchandise acquisition costs and lower distribution costs offset by an increase in markdowns associated with the acceleration of the Company's transition to newer assortments. In addition, the implementation of EITF 02-16, "Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor" had a greater impact on gross profit in the prior period.

The Company's selling, general and administrative expenses ("SG\&A") consist of store selling expenses, occupancy costs, advertising expenses and corporate office expenses. SG\&A expenses for the thirteen weeks ended April 2, 2005 were \(\$ 242.2\) million, or \(42.4 \%\) of net sales, compared with \(\$ 222.3\) million, or \(40.2 \%\) of net sales, for the same period last year. The increase in SG\&A is primarily due to higher store selling expenses and occupancy costs as a result of new store additions since April 3, 2004, and higher promotional expense. In addition, as the Company's first quarter of the fiscal year typically represents a seasonally low volume sales quarter, and the percentage increase in sales for the period was lower compared to last year, fixed costs such as occupancy and corporate
office expenses as a percentage of net sales were greater.

13

\author{
LINENS 'N THINGS, INC. AND SUBSIDIARIES \\ MANAGEMENT'S DISCUSSION AND ANALYSIS \\ OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS, CON'T
}

Operating loss for the thirteen weeks ended April 2, 2005 was approximately \(\$ 5.8\) million or \(1.0 \%\) of net sales, compared with an operating loss of \(\$ 1.0\) million, or \(0.2 \%\) of net sales, for the same period last year.

Net interest expense for the thirteen weeks ended April 2, 2005 decreased to approximately \(\$ 0.7\) million from \(\$ 0.8\) million during the same period last year primarily due to higher interest income on short-term investments.

The Company's income tax benefit was approximately \(\$ 2.4\) million for the thirteen weeks ended April 2, 2005, compared with an income tax benefit of \(\$ 0.7\) million for the same period last year. Due to a decrease in effective foreign tax rates, a change in the mix of earnings within jurisdictions and a reduction in nondeductible expenses, the Company's effective tax rate for the thirteen weeks ended April 2, 2005 declined to \(37.2 \%\) compared to \(38.2 \%\) for the same period last year.

As a result of the factors described above, net loss for the thirteen weeks ended April 2, 2005 was approximately \(\$ 4.1\) million or \(\$ 0.09\) per share on a fully diluted basis, compared with a net loss of \(\$ 1.1\) million, or \(\$ 0.02\) per share on a fully diluted basis for the same period last year.

\section*{LIQUIDITY AND CAPITAL RESOURCES}

The Company's capital requirements are primarily for new store expenditures, new store inventory purchases and seasonal working capital. These requirements have been funded through a combination of internally generated cash flows from operations, credit extended by suppliers and short-term borrowings.

In November 2004, the Company entered into a \(\$ 250\) million senior revolving credit facility agreement (the "Credit Agreement") with third party institutional lenders to expire November 23, 2009. The Credit Agreement allows for up to \(\$ 50\) million of borrowings from additional lines of credit outside of the Credit Agreement. As of April 2, 2005, the additional lines of credit include committed facilities of approximately \(\$ 16\) million that expire on May 31, 2005 and \(\$ 12\) million that expire on June 15, 2005 and are subject to periodic renewal arrangements. The Company intends to renew the May 31, 2005 facility prior to its expiration. As of April 2, 2005, the Company was in compliance with its covenants under the Credit Agreement. As of April 2, 2005, the Company had no borrowings under the Credit Agreement and no borrowings under the additional lines of credit. In accordance with the seasonal nature of the Company's business, the Company may from time to time borrow under its Credit Agreement and additional lines of credit, including during the second quarter. These borrowings are not currently expected to peak in excess of approximately \(\$ 75\) million for the second quarter, and are intended to be used for working capital and similar general corporate needs. The Company also had \(\$ 70.8\) million of letters of credit outstanding as of April 2, 2005, which included standby letters of credit issued primarily under the Credit Agreement and import letters of credit used for merchandise purchases. The Company is not obligated under any formal or informal compensating balance requirements. See Note 3 to the Condensed Consolidated Financial Statements.

The Company maintains a trade payables arrangement with General Electric Capital

\section*{Edgar Filing: LINENS N THINGS INC - Form 10-Q}

Corporation ("GECC") under which GECC purchases the Company's payables at a discount directly from the Company's suppliers prior to the payables due date, thereby permitting a supplier to receive payment prior to the due date of the payable, with the Company sharing in part of the GECC discount. At April 2, 2005, January 1, 2005 and April 3, 2004, the Company owed approximately \(\$ 50.8\) million, \(\$ 65.0\) million and \(\$ 69.0\) million, respectively, to GECC under this program, which was included in accounts payable. Either party may terminate the program for any reason upon 30 days prior written notice. The Company does not anticipate that discontinuance of the availability of the GECC program would result in a material disruption to the supply of merchandise to the Company, nor would it have a material adverse effect on the Company's financial position, results of operations or cash flows. The maximum amount permitted under the program was \(\$ 95\) million as of April 2, 2005.

Net cash used in operating activities for the thirteen weeks ended April 2 , 2005 was \(\$ 117.3\) million compared with net cash of \(\$ 47.2\) million used in operating activities for the same period last year. The increase in cash used between periods is primarily due to the timing of vendor payments and tax payments.

Net cash used in investing activities for the thirteen weeks ended April 2,2005 was \(\$ 12.0\) million, compared with \(\$ 30.3\) million for the same period last year. The decrease in cash used between periods is primarily due to the timing of new store openings. The Company currently estimates capital expenditures will be approximately \(\$ 125\) million in fiscal 2005 , primarily to open approximately 50 new stores, maintenance of existing stores, and system enhancements.

\title{
LINENS 'N THINGS, INC. AND SUBSIDIARIES MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS, CON'T
}

Net cash provided by financing activities for the thirteen weeks ended April 2, 2005 was \(\$ 0.8\) million compared with \(\$ 9.2\) million for the same period last year. The decrease is due to lower proceeds from common stock issued under stock incentive plans. Additionally, the Company had no borrowings as of April 2 , 2005 compared to \(\$ 3.5\) million as of April 3, 2004.

Management regularly reviews and evaluates its liquidity and capital needs. The Company experiences peak periods for its cash needs generally during the second quarter and fourth quarter of the fiscal year. As the Company's business continues to grow and its current store expansion plan is implemented, such peak periods may require increases in the amounts available under its credit facilities from those currently existing and/or other debt or equity funding. Management currently believes that the Company's cash flows from operations, credit extended by suppliers, its access to credit facilities and its uncommitted lines of credit will be sufficient to fund its expected capital expenditures, working capital and non-acquisition business expansion requirements for at least the next 12 to 18 months.

\section*{INFLATION}

The Company does not believe that its operating results have been materially affected by inflation during the preceding three years. There can be no assurance, however, that the Company's operating results will not be affected by inflation in the future.

\section*{SEASONALITY}

The Company's business is subject to substantial seasonal variations.

\section*{Edgar Filing: LINENS N THINGS INC - Form 10-Q}

Historically, the Company has realized a significant portion of its net sales and net income for the year during the third and fourth quarters. The Company's quarterly results of operations may also fluctuate significantly as a result of a variety of other factors, including the timing of new store openings. The Company believes this is the general pattern associated with its segment of the retail industry and expects this pattern will continue in the future. Consequently, comparisons between quarters are not necessarily meaningful and the results for any quarter are not necessarily indicative of future results.

\section*{FORWARD-LOOKING STATEMENTS}

The foregoing Management's Discussion and Analysis as well as other portions of this Quarterly Report on Form 10-Q, contain forward-looking statements within the meaning of The Private Securities Litigation Reform Act of 1995. The statements are made a number of times and may be identified by such forward-looking terminology as "expect," "believe," "may," "intend," "plan," "target," "outlook," "comfortable with" and similar terms or variations of such terms. All of our information and statements regarding our outlook for the future including future revenues, comparable sales performance, earnings and other future financial condition, impact, results and performance, constitute forward-looking statements. All our forward-looking statements are based on our current expectations, assumptions, estimates and projections about our company and involve certain significant risks and uncertainties, including the levels of sales, store traffic, the results and success of our back-to-school and holiday selling seasons, acceptance of product offerings and fashions and our ability to anticipate and successfully respond to changing consumer tastes and preferences, our ability to anticipate and control our operating and selling expenses, the success of our new business concepts, seasonal concepts and new brands, the performance of our new stores, substantial competitive pressures from other home furnishings retailers, the success of the Canadian expansion, availability of suitable future store locations, schedule of store expansion and of planned closings, the impact of the bankruptcies and consolidations in our industry, unusual weather patterns, the impact on consumer spending as a result of the slower consumer economy, a highly promotional retail environment, any significant variations between actual amounts and the amounts estimated for those matters identified as our critical accounting estimates as well as other significant accounting estimates made in the preparation of our financial statements and our ability to successfully implement our strategic initiatives.

\author{

}

If these or other risks or uncertainties materialize, or if our estimates or underlying assumptions prove inaccurate, actual results could differ materially from any future results, express or implied by our forward-looking statements. These and other important risk factors are included in the "Risk Factors" section of the Company's Registration Statement on Form \(S-3\) as filed with the Securities and Exchange Commission on June 18, 2002 and are contained in our reports filed with the Securities and Exchange Commission, including our Annual Report on Form \(10-K\) and our Quarterly Reports on Form \(10-Q\). You are urged to consider all such factors. In light of the substantial uncertainty inherent in such forward-looking statements, you should not consider their inclusion to be a representation that such forward-looking matters will be achieved. The Company assumes no obligation for updating any such forward-looking statements to reflect actual results, changes in assumptions or changes in other factors affecting such forward-looking statements, even if such results or changes make it clear that any projected results will not be realized.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.
The Company continuously evaluates the market risk associated with its financial instruments. Market risks relating to the Company's operations result primarily from changes in interest rates and foreign exchange rates. The Company does not engage in financial transactions for trading or speculative purposes.

\section*{INTEREST RATE RISK:}

The Company's financial instruments include cash and cash equivalents and short-term borrowings. The Company's obligations are short-term in nature and generally have less than a 30 -day commitment. The Company is exposed to interest rate risks primarily through borrowings under the Credit Agreement and its uncommitted credit facilities. Interest on all borrowings is based upon several alternative rates as stipulated in the Credit Agreement, including a fixed margin above LIBOR. As of April 2, 2005, the Company had no borrowings under the Credit Agreement and no borrowings under the additional lines of credit (see Note 3 to the Condensed Consolidated Financial Statements). The Company believes that its interest rate risk is minimal as a hypothetical 10\% increase or decrease in interest rates in the associated debt's variable rate would not materially affect the Company's results from operations or cash flows. The Company does not use derivative financial instruments in its investment portfolio.

\section*{FOREIGN CURRENCY RISK:}

The Company enters into some purchase obligations outside of the United States, which are predominately settled in U.S. dollars, and therefore, the Company has only minimal exposure to foreign currency exchange risks. The Company does not hedge against foreign currency risks and believes that foreign currency exchange risk is immaterial.

The Company operated 24 stores in Canada as of April 2, 2005. The Company believes its foreign currency translation risk is minimal, as a hypothetical 10\% strengthening or weakening of the U.S. dollar relative to the Canadian dollar would not materially affect the Company's results from operations or cash flow.

Since fiscal year end 2004, there have been no material changes in market risk exposures.

The Company's management, including its Chief Executive Officer and Chief Financial Officer, have evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based upon that evaluation, the Company's Chief Executive Officer and the Chief Financial Officer have concluded that the Company's disclosure controls and procedures are effective, as of the end of the period covered by this Quarterly Report on Form 10-Q.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING
On March 7, 2005, management and the Audit Committee discussed the issues regarding the Company's method of accounting for leases and landlord allowances with the Company's independent registered public accounting firm and determined that the Company's accounting for these items was not consistent with the views expressed by the SEC in a letter dated February 7, 2005. Accordingly, management and the Audit Committee concluded that the Company should restate its annual financial statements for fiscal years 2002 and 2003 presented in its fiscal 2004 Annual Report on Form 10-K, and its quarterly financial information for the four quarters of fiscal year 2003 and the first three quarters of fiscal year 2004. The restatement is further discussed in Note 3 to the Audited Statements included in the Company's Annual Report on Form \(10-\mathrm{K}\) for fiscal 2004. Public Company Accounting Oversight Board's Auditing Standard No. 2, AN AUDIT OF INTERNAL CONTROL OVER FINANCIAL REPORTING PERFORMED IN CONJUNCTION WITH AN AUDIT OF FINANCIAL STATEMENTS, provides that a restatement of previously issued financial statements is a strong indicator of the existence of a "material weakness" in the design or operation of internal control over financial reporting. Accordingly, management concluded that the control deficiency that resulted in the incorrect lease accounting represented a material weakness in internal control over financial reporting.

The Company has remediated the material weakness in the Company's internal control over financial reporting, subsequent to January 1, 2005, by implementing additional review procedures over the selection and monitoring of appropriate assumptions and factors affecting lease accounting practices.

Other than as described above, there have been no significant changes to the Company's internal control over financial reporting during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
