**MBIA INC.**

We are engaged in providing financial guarantee insurance and investment management and financial services to public finance clients and financial institutions on a global basis. Financial guarantee insurance provides an unconditional and irrevocable guarantee of the payment of the principal of, and interest or other amounts owing on, insured obligations when due. We conduct our financial guarantee business through our wholly-owned subsidiary, MBIA Insurance Corporation, which we also refer to as MBIA Corp. MBIA Corp. is the successor to the business of the Municipal Bond Insurance Association, which began writing financial guarantees for municipal bonds in 1974. MBIA Corp. is the parent of MBIA Insurance Corp. of Illinois, which we also refer to as MBIA Illinois, and Capital Markets Insurance Corporation, which we also refer to as CapMAC, both financial guarantee companies that we acquired. MBIA Corp. also owns MBIA Assurance S.A., a French insurance company, which writes financial guarantee insurance in the countries of the European Community. Generally, throughout the text, references to MBIA Corp. include the activities of its subsidiaries, MBIA Illinois, MBIA Assurance S.A. and CapMAC.

MBIA Corp. has a Triple-A claims-paying rating from Standard and Poor's Ratings Services, which it received in 1974; from Moody's Investors Service, Inc., which it received in 1984; from Fitch Ratings, which it received in 1995; and from Rating and Investment Information, Inc., which it received in 1999. Obligations which are guaranteed by MBIA Corp. are rated Triple-A primarily based on these claims-paying ratings of MBIA Corp. Both Standard and Poor's and Moody's have also continued the Triple-A rating on guaranteed bond issues of MBIA Illinois and CapMAC. The Triple-A ratings are important to the operation of our business and any reduction in these ratings could have a material adverse effect on MBIA Corp.'s ability to compete and could have a material adverse effect on our business, operations and financial results.

MBIA Corp. primarily insures obligations which are sold in the new issue and secondary markets, or which are held in unit investment trusts and by mutual funds. It also provides financial guarantees for debt service reserve funds. As a result of triple-A ratings assigned to insured obligations, the principal economic value of financial guarantee insurance to the entity issuing the obligations is the savings in interest costs between an insured obligation and the same obligation on an uninsured basis. In addition, for complex financings and for obligations of issuers that are not well-known by investors, insured obligations receive greater market acceptance than uninsured obligations.

MBIA Corp. issues financial guarantees for municipal bonds, asset-backed and mortgage-backed securities, investor-owned utilities bonds, bonds issued by highly rated sovereign and sub-sovereign entities and collateralized obligations of corporations and financial institutions, both in the new issue and secondary markets. The municipal obligations that MBIA Corp. insures include tax-exempt and taxable indebtedness of states, counties, cities, utility districts and other political subdivisions, as well as airports, higher education and health care facilities and similar authorities. The asset-backed or structured finance obligations insured by MBIA Corp. typically consist of securities that are payable from or which are tied to the performance of a specified pool of assets that have a defined cash flow. These include residential and commercial mortgages, a variety of consumer loans, corporate loans and bonds and equipment and real property leases.

**Table of Contents**

We also provide investment management products and financial services through a group of subsidiary companies. These services include cash management, the issuance of municipal investment agreements, the issuance of medium term notes, discretionary asset management, purchase and administrative services, and municipal revenue enhancement services. MBIA Municipal Investors Service Corporation, which we also refer to as MBIA-MISC, provides cash management services and investment placement services to local governments and school districts, and other institutional clients, providing those clients with fund administration services. MBIA Investment Management Corp., which we also refer to as IMC, offers guaranteed investment agreements primarily for bond proceeds to states and municipalities. MBIA Capital Management Corp. performs fixed-income investment management services for our and MBIA Corp.'s portfolios, for MBIA-MISC, IMC and selected external clients. In 1998, we acquired 1838 Investment Advisors, LLC, which we also refer to as 1838, an investment advisor to equity mutual funds and third party clients. MBIA Global Funding, LLC, which was formed in 2002 and which we also refer to as GFL, raises funds through the issuance of medium term notes, with the proceeds invested in high quality eligible investments.

MBIA MuniServices Company provides revenue enhancement services and products, including discovery, audit, collections/recovery, enforcement and information services, to state and local governments. We continue to own a majority interest in Capital Asset Holdings GP, Inc. and some of its affiliated entities, which we collectively refer to as Capital Asset. Capital Asset was in the business of acquiring and servicing tax liens. We became a majority owner of Capital Asset in December, 1998 when we acquired the interest of Capital Asset's founder. In 1999, we announced that we were exiting the tax lien business. Capital Asset's primary activity today is servicing the three securitizations of tax liens that are insured by MBIA Corp.

Our principal executive offices are located at 113 King Street, Armonk, New York 10504. The telephone number is (914) 273-4545.

**USE OF PROCEEDS**

Unless we state otherwise in a prospectus supplement, we intend to use the net proceeds from the sale of the securities we offer by this prospectus to provide additional capital for our future needs and for general corporate purposes. We will include a more detailed description of the use of proceeds of any specific offering of securities in the prospectus supplement relating to that offering.

**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of earnings to fixed charges for the periods indicated. Earnings represent consolidated earnings before income taxes and fixed charges. Fixed charges consist of interest and that portion of rental expense deemed representative of the interest factor for such rental expense, and amortization of debt discount and expense. We had no capitalized interest for the periods presented.

	Year Ended December 31					Nine Months Ended	
	1998	1999	2000	2001	2002	September 30	2003
Ratio of earnings to fixed charges(1)	13.1	7.9	14.0	14.8	14.3	16.1	18.2

(1) Fixed charges do not include the amount of fixed charges associated with obligations insured by MBIA Corp. All data is adjusted to reflect the mergers with CapMAC Holdings, Inc., effective February 17, 1998 and 1838, effective July 31, 1998, which were accounted for as

poolings of interest.

**DESCRIPTION OF DEBT SECURITIES**

**General**

We may offer unsecured senior debt securities or subordinated debt securities. We refer to the senior debt securities and the subordinated debt securities together in this prospectus as the debt securities. The senior debt securities will rank equally with all of our other unsecured, unsubordinated obligations. The subordinated debt securities will be subordinate and junior in right of payment to all of our senior debt.

We will issue the senior debt securities in one or more series under an indenture, which we refer to as the senior indenture, to be entered into between us and The Bank of New York, as trustee. We will issue the subordinated debt securities in one or more series under an indenture, which we refer to as the subordinated indenture, to be entered into between us and a trustee to be named in the applicable prospectus supplement. We refer to the senior indenture and the subordinated indenture together as the indentures.

The following description of the terms of the indentures is a summary. It summarizes only those portions of the indentures that we believe will be most important to your decision to invest in our debt securities. You should keep in mind, however, that it is the indentures, and not this summary, which define your rights as a debtholder. There may be other provisions in the indentures that are also important to you. You should read the indentures for a full description of the terms of the debt. The senior indenture and the form of subordinated indenture are filed as exhibits to the registration statement that includes this prospectus. See [Where You Can Find More Information](#) for information on how to obtain copies of the senior indenture and the subordinated indenture.

**Ranking**

Our debt securities will be unsecured obligations. Our senior debt securities will be unsecured and will rank equally with all of our other unsecured and unsubordinated obligations. Since we are a non-operating holding company, most of our operating assets are owned by our subsidiaries. We rely primarily on dividends from these subsidiaries to meet our obligations for payment of principal and interest on our outstanding debt obligations and corporate expenses. Accordingly, the debt securities will be effectively subordinated to all existing and future liabilities of our subsidiaries, and you should rely only on our assets for payments on the debt securities. In addition, the payment of dividends by our insurance company subsidiary, MBIA Corp., is limited under the applicable insurance laws and regulations of the State of New York. See [MBIA Inc.](#)

Unless we state otherwise in the applicable prospectus supplement, the indentures would not limit us from incurring or issuing other secured or unsecured debt under either of the indentures or any other indenture that we may have entered into or enter into in the future. See [Subordination under the Subordinated Indenture](#) and the prospectus supplement relating to any offering of subordinated debt securities.

**Table of Contents**

**Terms of the Debt Securities**

We may issue the debt securities in one or more series through an indenture that supplements the senior indenture or the subordinated indenture or through a resolution of our board of directors or an authorized committee of our board of directors.

You should refer to the applicable prospectus supplement for the specific terms of the debt securities. These terms may include the following:

title of the debt securities;

any limit upon the aggregate principal amount of the series;

maturity date(s) or the method of determining the maturity date(s);

interest rate(s) or the method of determining the interest rates(s);

dates on which interest will be payable and circumstances, if any, in which interest may be deferred;

dates from which interest will accrue and the method of determining those dates;

place or places where we may pay principal, premium, if any, and interest and where you may present the debt securities for registration of transfer or exchange;

place or places where notices and demands relating to the debt securities and the indentures may be made;

redemption or early payment provisions;

sinking fund or similar provisions;

authorized denominations if other than denominations of \$1,000;

currency, currencies or currency units, if other than U.S. dollars, in which the principal of, premium, if any, and interest on the debt securities is payable, or in which the debt securities are denominated;

any additions, modifications or deletions in the events of default or covenants of MBIA Inc. specified in the indenture relating to the debt securities;

Edgar Filing: MBIA INC - Form S-3/A

if other than the principal amount of the debt securities, the portion of the principal amount of the debt securities that is payable upon declaration of acceleration of maturity;

**Table of Contents**

any additions or changes to the indentures necessary to permit or facilitate issuing the series in bearer form, registrable or not registrable as to principal, and with or without interest coupons;

any index or indices used to determine the amount of payments of principal of and premium, if any, on the debt securities or the method of determining these amounts;

whether the debt securities will be issued in whole or in part in the form of one or more global securities;

whether a temporary global security will be issued and the terms upon which temporary debt securities may be exchanged for definitive debt securities;

identity of the depositary for global securities;

appointment of any paying agent(s);

the terms and conditions of any obligation or right we would have or any option you would have to convert or exchange the debt securities into other securities or cash;

in the case of the subordinated indenture, any provisions regarding subordination; and

additional terms not inconsistent with the provisions of the indentures.

(Section 301 of each indenture)

Debt securities may also be issued under the indentures upon the exercise of warrants. See Description of Warrants.

**Special Payment Terms of the Debt Securities**

We may issue one or more series of debt securities at a substantial discount below their stated principal amount. These may bear no interest or interest at a rate which at the time of issuance is below market rates. We will describe U.S. federal tax consequences and special considerations relating to any series in the applicable prospectus supplement.

The purchase price of any of the debt securities may be payable in one or more foreign currencies or currency units. The debt securities may be denominated in one or more foreign currencies or currency units, or the principal of, premium, if any, or interest on any debt securities may be payable in one or more foreign currencies or currency units. We will describe the restrictions, elections, U.S. federal income tax considerations, specific terms and other information relating to the debt securities and any foreign currencies or foreign currency units in the applicable prospectus supplement.

If we use any index to determine the amount of payments of principal of, premium, if any, or interest on any series of debt securities, we will also describe in the applicable prospectus supplement the special U.S. federal income tax, accounting and other considerations applicable to the debt securities.

## **Table of Contents**

### **Denominations, Registration and Transfer**

Unless we state otherwise in the applicable prospectus supplement, we will issue the debt securities in fully registered form without coupons and in denominations of \$1,000 and integral multiples of \$1,000. (Section 302 of each indenture)

Except as we may describe in the applicable prospectus supplement, debt securities of any series will be exchangeable for other debt securities of the same issue and series, in any authorized denominations, of a like aggregate principal amount and bearing the same interest rate. You may present debt securities for exchange as described above, or for registration of transfer, at the office of the security registrar or at the office of any transfer agent we designate for that purpose. You will not incur a service charge but you will be required to pay any taxes and other governmental charges as described in the indentures. We will appoint the trustees as security registrars under the indentures. We may at any time rescind the designation of any transfer agent that we initially designate or approve a change in the location through which the transfer agent acts. We will specify the transfer agent in the applicable prospectus supplement. (Section 305 of each indenture)

### **Redemption**

Unless we state otherwise in the applicable prospectus supplement, debt securities will not be subject to any sinking fund.

Unless we state otherwise in the applicable prospectus supplement, we may, at our option and at any time, redeem any series of debt securities, in whole or in part, at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest up to but not including the redemption date. (Section 1101 of each indenture) We may redeem debt securities in part only in the amount of \$1,000 or integral multiples of \$1,000. (Section 1102 of each indenture)

We will mail notice of any redemption of your debt securities at least 30 days but not more than 60 days before the redemption date to you at your registered address. Unless we default in payment of the redemption price, on and after the redemption date interest will cease to accrue on the debt securities or the portions called for redemption. (Section 1105 of each indenture)

### **Limitation Upon Liens**

Because we are a holding company, our assets consist primarily of the securities of our subsidiaries. The negative pledge provisions of the indentures limit our ability to pledge some of these securities. The indentures provide that, except for liens specifically permitted by the indentures, so long as debt securities are outstanding we will not, and will not permit any subsidiary to, create, assume, incur or permit to exist any indebtedness for borrowed money (including any guarantee of indebtedness for borrowed money) that is secured by a pledge, lien or other encumbrance on:

**Table of Contents**

the voting securities of MBIA Corp., or any subsidiary succeeding to any substantial part of the business now conducted by that corporation, which we refer to collectively as the principal subsidiaries, or

the voting securities of a subsidiary that owns, directly or indirectly, the voting securities of any of such principal subsidiaries,

without making effective provision so that the debt securities issued and outstanding under the indentures will be secured equally and ratably with indebtedness so secured so long as such other indebtedness shall be so secured. (Section 1006 of each indenture)

Under the indentures, subsidiary means any corporation, partnership or other entity of which, at the time of determination, we or one or more other subsidiaries own directly or indirectly more than 50% of the outstanding voting stock or equivalent interest, and voting stock means stock which ordinarily has voting power for the election of directors, whether at all times or only so long as no senior class of stock has such voting power by reason of any contingency. (Section 101 of each indenture)

**Consolidation, Merger and Sale of Assets**

The indentures provide that, so long as debt securities are outstanding, we may not consolidate with, or merge with or into, or convey, transfer or lease our assets substantially as an entirety to any other corporation, partnership, trust or limited liability company unless:

the successor entity is an entity organized under the laws of the United States of America, any State of the United States of America or the District of Columbia that expressly assumes by a supplemental indenture the due and punctual payment of the principal of and any premium and interest on the debt securities and all of our covenants under the indenture; and

immediately after the merger, consolidation, conveyance, transfer or lease we, or the successor entity, will not be in default in the performance of the covenants and conditions of the indenture applicable to us; and

other conditions specified in the indenture are met.

This covenant would not apply to the direct or indirect conveyance, transfer or lease of all or any portion of the stock, assets or liabilities of any of our wholly-owned subsidiaries to us or to our other wholly-owned subsidiaries. Nor would this covenant apply to any recapitalization transaction, a change of control of MBIA Inc. or a highly leveraged transaction unless such transaction or change of control were structured to include a merger or consolidation by us or the conveyance, transfer or lease of our assets substantially as an entirety. (Sections 801 of each indenture)

## Table of Contents

### Events of Default

Under the terms of each indenture, each of the following constitutes an event of default for a series of debt securities:

default in the payment of any interest payable on the debt securities when due that continues for 30 days;

default in the payment of principal of or premium, if any, on the debt securities when due, either at maturity, upon redemption or otherwise;

default in the performance, or breach, of any of the other covenants or agreements we made in respect of that series of debt securities that continues for 60 days after written notice has been provided in accordance with the procedures in the indenture;

certain events of bankruptcy, insolvency or reorganization; or

any other event of default described in the applicable supplemental indenture under which the series of debt securities is issued. (Section 501 of each indenture)

In the case of an event of default arising from certain events of bankruptcy, insolvency or reorganization, all outstanding debt securities will become due and payable immediately, without further action or notice on the part of the holders of the debt securities or the trustee. If any other event of default under the indenture with respect to the outstanding debt securities occurs and is continuing, then the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities may declare the principal amount of all of the debt securities to be due and payable immediately by written notice thereof to us, and to the trustee if given by the holders. However, at any time after a declaration of acceleration with respect to the debt securities has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of not less than a majority in aggregate principal amount of the outstanding debt securities may rescind and annul such declaration and its consequences if we pay or deposit with the trustee all required payments of the principal of and interest on the debt securities, plus certain fees, expenses, disbursements and advances of the trustee and all events of default, other than the nonpayment of accelerated principal (or a specified portion of the principal) and interest, with respect to the debt securities have been cured or waived as provided in the indenture. The holders of not less than a majority in aggregate principal amount of the outstanding debt securities may waive any past default and its consequences, except a default in the payment of principal of or premium, if any, or interest on the debt securities or in respect of a covenant or provision contained in the indenture that cannot be modified or amended without the consent of the holders of each affected debt security. (Sections 502 and 513 of each indenture)

The trustee is required to give notice to the holders of the debt securities within 90 days of a default under the indenture unless such default shall have been cured or waived; *provided, however*, that the trustee may withhold notice to the holders of the debt securities of any default with respect to the debt securities (except a default in the payment of the principal of or interest on the debt securities) if certain specified officers of the trustee consider that withholding notice is in the interest of the holders of the debt securities. (Section 602 of each indenture)

## **Table of Contents**

Each indenture provides that no holder of debt securities may institute any proceeding, judicial or otherwise, with respect to the indenture or for any remedy under the indenture, except in the case of failure of the trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an event of default from the holders of not less than 25% in aggregate principal amount of the outstanding debt securities, as well as an offer of indemnity reasonably satisfactory to the trustee. This provision will not prevent any holder of debt securities from instituting suit for the enforcement of payment of the principal of, premium, if any, and interest payable with respect to the debt securities at their respective due dates. (Sections 507 and 508 of each indenture)

Subject to provisions in each indenture relating to the trustee's duties in case of default, the trustee is not under an obligation to exercise any of its rights or powers under the indenture (other than the payment of any amounts on the debt securities furnished to it pursuant to the indenture) at the request or direction of any holders of debt securities unless the trustee is offered reasonable security or indemnity by the holders of the debt securities making the request. Assuming this indemnification provision is met, the holders of not less than a majority in aggregate principal amount of the outstanding debt securities shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or of exercising any trust or power conferred upon the trustee. (Sections 512 and 603 of each indenture)

On or before May 1 of each year, we must deliver to the trustee under each indenture a certificate, signed by two of several specified officers, stating whether or not, to the best knowledge of the signers thereof, we are in default of any of the conditions and covenants under the indenture and, in the event of any default, specifying the nature and status of the default. (Section 1004 of each indenture)

## **Modification of the Indentures**

We and the trustee under each indenture may, without the consent of the holders of debt securities, amend, waive or supplement the indenture for specified purposes, including, among other things, curing ambiguities, defects or inconsistencies. However, no action may materially adversely affect the interests of holders of any series of debt securities. We may also amend each indenture to maintain the qualification of the indenture under the Trust Indenture Act. (Section 901 of each indenture)

We and the trustee under each indenture may modify and amend the indenture with the consent of the holders of not less than a majority in aggregate principal amount of the series of debt securities affected. However, no modification or amendment may, without the consent of the holder of each outstanding debt security affected:

change the stated maturity of the principal of, or any installment of interest payable on, any outstanding debt security;

reduce the principal amount of, or the rate of interest on any outstanding debt securities or the premium, if any, payable upon the redemption thereof, or the amount of principal of an original issue discount security, that would be due and payable upon redemption of such security or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of any outstanding debt security;

**Table of Contents**

change the place of payment or the currency in which the principal of or the interest on any outstanding debt security is payable;

impair your right to institute suit for the enforcement of any payment on or with respect to any outstanding debt security on or after its stated maturity date or redemption date;

reduce the percentage of the holders of outstanding debt securities necessary to modify or amend the indenture, to waive compliance with certain provisions of the indenture or certain defaults and consequences of the defaults or to reduce the quorum or voting requirements set forth in the indenture; or

modify any of these provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of all of the holders of the debt securities affected; or

modify the subordination of the subordinated debt securities in a manner adverse to the holders.

(Section 902 of each indenture)

The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of the holders of all debt securities of that series, waive compliance or past defaults by us under certain covenants of the indenture which relate to that series. However, a default in the payment of the principal of, premium, if any, or interest on, any debt security of that series or relating to a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series affected cannot be so waived. (Section 513 of each indenture)

In addition, we and the debenture trustee may execute, without your consent, any supplemental indenture for the purpose of creating any new series of debt securities.

**Satisfaction and Discharge**

Each indenture provides that when, among other things, all debt securities not previously delivered to the trustee for cancellation:

have become due and payable; or

will become due and payable at their stated maturity within one year; or

are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in our name and at our expense, and we deposit or cause to be deposited with the trustee, in trust, an amount in the currency or currencies in which the debt securities are payable sufficient to pay and discharge the entire indebtedness on the debt securities not previously delivered to the trustee for cancellation, for the principal, and premium, if any, and interest to the date of the

deposit or to the stated maturity, as the case may be, then the indenture will cease to be of further effect, and we will be deemed to have satisfied and discharged the indenture. However, we will continue to be obligated to pay all other sums due under the indenture and to provide the officers' certificates and opinions of counsel described in the indenture. (Section 401 of each indenture)

**Table of Contents**

**Defeasance and Covenant Defeasance**

Unless we state otherwise in the applicable prospectus supplement, each indenture provides that we may discharge all of our obligations, other than as to transfers and exchanges, under the debt securities at any time, and that we may also be released from our obligations described above under Limitation Upon Liens and Consolidation, Merger and Sale of Assets and from certain other obligations including obligations imposed by supplemental indenture, if any, and elect not to comply with those Sections and obligations without creating an event of default. Discharge under the first procedure is called defeasance and under the second procedure is called covenant defeasance.

Defeasance or covenant defeasance may be effected with respect to any debt securities only if, among other things:

we irrevocably deposit with the trustee cash or U.S. government obligations or a combination thereof, as trust funds in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and interest on, all outstanding debt securities;

we deliver to the trustee an opinion of counsel to the effect that:

the holders of the debt securities will not recognize income, gain or loss for United States federal income tax purposes as a result of the defeasance or covenant defeasance; and

the defeasance or covenant defeasance will not otherwise alter those holders' United States federal income tax treatment of principal and interest payments on the debt securities;

in the case of a defeasance, this opinion must be based on a ruling of the Internal Revenue Service or a change in United States federal income tax law occurring after the date of this prospectus, since that result would not occur under current tax law; and

no event of default with respect to such securities has occurred and is continuing.

(Article XII of the senior indenture and Article XIII of the subordinated indenture)

The subordinated indenture will not be discharged as described above if we have defaulted in the payment of principal of, premium, if any, or interest on any senior debt, as defined below under Subordination under the Subordinated Indenture, and that default is continuing or another event of default on the senior debt then exists and has resulted in the senior debt becoming or being declared due and payable prior to the date it otherwise would have become due and payable.

### **Global Debt Securities**

We may issue all or any part of a series of debt securities in the form of one or more global debt securities. We will appoint the depositary holding the global debt securities. Unless we otherwise indicate in the applicable prospectus supplement, the depositary will be the Depository Trust Company, or DTC. We will issue global debt securities in registered form and in either temporary or definitive form. Unless it is exchanged for definitive debt securities, a global debt security may not be transferred except:

by the depositary to its nominee;

by a nominee of the depositary to the depositary or another nominee; or

by the depositary or any nominee to a successor of the depositary, or a nominee of the successor. (Section 305 of each indenture)

We will describe the specific terms of the depositary arrangement in the applicable prospectus supplement. We expect that the following provisions will generally apply to these depositary arrangements.

### ***Beneficial Interests in a Global Debt Security***

If we issue a global debt security, the depositary for the global debt security or its nominee will credit on its book-entry registration and transfer system the principal amounts of the debt securities represented by the global debt security to the accounts of persons that have accounts with it. We refer to those persons as participants. The accounts will be designated by the dealers, underwriters or agents for the debt securities, or by us if the debt securities are offered and sold directly by us. Ownership of beneficial interests in a global debt security will be limited to participants or persons who may hold interests through participants. Ownership and transfers of beneficial interests in the global debt security will be shown on, and transactions can be effected only through, records maintained by the applicable depositary or its nominee, for interests of participants, and the records of participants, for interests of persons who hold through participants. The laws of some states may require that you take physical delivery of securities in definitive form. These limits and laws may impair your ability to transfer beneficial interests in a global debt security.

So long as the depositary or its nominee is the registered owner of a global debt security, the depositary or nominee will be considered the sole owner or holder of the debt securities represented by the global debt security for all purposes under the indenture. Except as provided below, you

**Table of Contents**

will not be entitled to have any of the debt securities represented by the global debt security registered in your name;

will not receive or be entitled to receive physical delivery of any debt securities in definitive form; and

will not be considered the owner or holder of the debt securities under the indenture.

***Payments of Principal, Premium and Interest***

We will make principal, premium, if any, and interest payments on global debt securities to the depositary that is the registered holder of the global debt security or its nominee. The depositary for the global debt securities will be solely responsible and liable for all payments made on account of your beneficial ownership interests in the global debt security and for maintaining, supervising and reviewing any records relating to your beneficial ownership interests.

We expect that the depositary or its nominee, upon receipt of any principal, premium or interest payment, immediately will credit participants accounts with amounts in proportion to their respective beneficial interests in the principal amount of the global debt security as shown on the records of the depositary or its nominee. We also expect that payments by participants to you, as an owner of a beneficial interest in the global debt security held through those participants, will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in street name. These payments will be the responsibility of those participants.

***Issuance of Definitive Debt Securities***

Unless we state otherwise in the applicable prospectus supplement, if a depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary and we do not appoint a successor depositary within 90 days, we will issue definitive debt securities in exchange for the global debt security. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to the debt securities, determine not to have any debt securities represented by one or more global debt securities. If that occurs, we will issue definitive debt securities in exchange for the global debt security.

Further, we may specify that you may, on terms acceptable to us, the trustee and the depositary, receive definitive debt securities in exchange for your beneficial interest in a global debt security, subject to any limitations described in the prospectus supplement relating to the debt securities. In that instance, you will be entitled to physical delivery of definitive debt securities equal in principal amount to that beneficial interest and to have the debt securities registered in your name. Unless we otherwise specify, we will issue those definitive debt securities in denominations of \$1,000 and integral multiples of \$1,000. (Section 305 of each indenture)

## **Table of Contents**

### **Payment and Paying Agents**

Unless we state otherwise in an applicable prospectus supplement, we will pay principal of, premium, if any, and interest on your debt securities at the office of the trustee for your debt securities in the City of New York or at the office of any paying agent that we may designate. We may at any time designate additional paying agents or rescind the designation of any paying agent. So long as any debt securities remain outstanding, we must maintain a paying agent in each place of payment for such debt securities. (Section 1002 of each indenture)

Unless we state otherwise in the applicable prospectus supplement, we will pay any interest on debt securities to the registered owner of the debt security at the close of business on the regular record date for the interest, except in the case of defaulted interest. (Section 307 of each indenture)

Any moneys deposited with the trustee or any paying agent, or then held by us in trust, for the payment of the principal of, premium, if any, and interest on any debt security that remain unclaimed for two years after the principal, premium or interest has become due and payable will, at our request, be repaid to us. After repayment to us, you are entitled to seek payment only from us as a general unsecured creditor. (Section 1003 of each indenture)

### **Conversion or Exchange**

Each indenture permits us to issue debt securities that we may convert or exchange into common stock or other securities. We will describe the specific terms on which the debt securities may be converted or exchanged in the applicable prospectus supplement. The conversion or exchange may be mandatory, at your option, or at our option, as specified in the applicable prospectus supplement. The applicable prospectus supplement will describe the manner in which the shares of common stock or other securities you would receive would be converted or exchanged.

### **Subordination under the Subordinated Indenture**

Unless we state otherwise in an applicable prospectus supplement, in the subordinated indenture, we have agreed, and holders of subordinated debt will be deemed to have agreed, that any subordinated debt securities are subordinate and junior in right of payment to all senior debt, as defined below, to the extent provided in the subordinated indenture. (Section 1201 of the subordinated indenture)

Upon any payment or distribution of assets to creditors upon any liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors, marshaling of assets or any bankruptcy, insolvency, debt restructuring or similar proceedings in connection with our insolvency or bankruptcy, the holders of senior debt will first be entitled to receive payment in full of principal of, premium, if any, and interest on the senior debt before the holders of subordinated debt securities will be entitled to receive or retain any payment of the principal of, premium, if any, or interest on the subordinated debt securities. (Section 1202 of the subordinated indenture)

**Table of Contents**

If the maturity of any subordinated debt securities is accelerated, the holders of all senior debt outstanding at the time of the acceleration will first be entitled to receive payment in full of all amounts due, including any amounts due upon acceleration, before the holders of subordinated debt securities will be entitled to receive any payment of the principal of, premium, if any, or interest on the subordinated debt securities. (Section 1203 of the subordinated indenture)

We will not make any payments of principal of, premium, if any, or interest on the subordinated debt securities if:

a default in any payment on senior debt then exists;

an event of default on any senior debt resulting in the acceleration of its maturity then exists; or

any judicial proceeding is pending in connection with default.

(Section 1204 of the subordinated indenture)

When we use the term **debt** we mean, with respect to any person, whether recourse is to all or a portion of the assets of that person and whether or not contingent:

every obligation or any obligation guaranteed by that person for money borrowed;

every obligation or any obligation guaranteed by that person evidenced by bonds, debentures, notes or other similar instruments, including obligations assumed or incurred in connection with the acquisition of property, assets or businesses but excluding the obligation to pay the deferred purchase price of any such property, assets or businesses if payable in full within 90 days from the date such debt was created;

every capital lease obligation of that person;

leases of property or assets made as part of any sale and lease-back transaction to which that person is a party; and

any amendments, renewals, extensions, modifications and refundings of any such debt.

When we use the term **senior debt**, we mean the principal of, premium, if any, and interest on debt, whether incurred on, prior to, or after the date of the subordinated indenture, unless the instrument creating or evidencing that debt or pursuant to which that debt is outstanding states that those obligations are not superior in right of payment to the subordinated debt securities or to other debt which ranks equally with, or junior to, the subordinated debt securities. Interest on this senior debt includes interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to MBIA Inc., whether or not the claim for post-petition interest is allowed in that proceeding.

**Table of Contents**

However, senior debt will not include:

any debt of MBIA Inc. which when incurred and without regard to any election under Section 1111(b) of the Bankruptcy Code was without recourse to MBIA Inc.;

any debt of MBIA Inc. to any of its subsidiaries;

any debt to any employee of MBIA Inc. or any of its subsidiaries;

any liability for taxes; or

any indebtedness or monetary obligations to trade creditors or assumed by MBIA Inc. or any of its subsidiaries in the ordinary course of business in connection with the obtaining of goods, materials or services.

We are a non-operating holding company, and most of our assets are owned by our subsidiaries. Accordingly, the debt securities will be effectively subordinated to all our existing and future liabilities. You should rely only on our assets for payments of interest and principal and premium, if any. In addition, the payment of dividends by our insurance company subsidiary, MBIA Corp., is limited under the applicable insurance laws and regulations of the State of New York. See MBIA Inc.

The subordinated indenture does not limit the amount of additional senior debt that we may incur. We expect from time to time to incur additional senior debt.

The subordinated indenture provides that we may change the subordination provisions relating to any particular issue of subordinated debt securities prior to issuance. We will describe any such change in the applicable prospectus supplement.

**Governing Law**

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York. (Section 112 of each indenture)

**Information Concerning the Trustee**

The trustee under each indenture will have all the duties and responsibilities of an indenture trustee specified in the Trust Indenture Act. Neither trustee is required to expend or risk its own funds or otherwise incur financial liability in performing its duties or exercising its rights and powers if it reasonably believes that it is not reasonably assured of repayment or adequate indemnity. (Section 601 of each indenture)

The trustee under each indenture acts as depositary for funds of, makes loans to, and/or performs other services for, us and our subsidiaries in the normal course of business.

**DESCRIPTION OF CAPITAL STOCK**

The following is a summary of the material features of our capital stock. The summary is not complete and is qualified in its entirety by all of the provisions of our restated certificate of incorporation and our by-laws. Those documents are incorporated by reference as exhibits to the registration statement that includes this prospectus, and we encourage you to read them.

Our authorized capital stock consists of 400,000,000 shares of common stock and 10,000,000 shares of preferred stock, par value \$1.00 per share. At the date of this prospectus no shares of preferred stock are outstanding. We do not currently have outstanding, and our restated certificate of incorporation does not authorize, any other classes of capital stock.

**Common Stock**

The holders of shares of our common stock have no preemptive, redemption or conversion rights. Subject to the preferential rights of any holders of any outstanding series of our preferred stock, each holder of common stock is entitled to receive dividends, if declared by our board of directors, out of funds that we can legally use to pay dividends. In the event of our liquidation, dissolution or winding-up, the holders of common stock will be entitled to share proportionately in the distribution of all of our assets remaining after payment of all of our debts and liabilities and of all sums to which holders of any preferred stock may be entitled. Each holder of common stock is entitled to one vote per share registered in that holder's name on our books on all matters submitted to a vote of stockholders.

Our common stock is traded on the New York Stock Exchange under the symbol MBI. The transfer agent for our common stock is Wells Fargo Shareholder Services.

We will describe in the applicable prospectus supplement relating to an offering of common stock, terms relevant to the offering, including the number of shares offered, the initial offering price, market price and dividend information.

**Preferred Stock**

We will describe the particular terms of any series of preferred stock in the prospectus supplement relating to that series. Our board of directors or a duly authorized committee of our board of directors will adopt a certificate of amendment fixing the rights, preferences, privileges and restrictions, including dividend rights, voting rights, terms of redemption, retirement and sinking fund provisions and liquidation preferences, if any, of the preferred stock of each series. We will also describe the terms, if any, on which shares of any series of preferred stock are convertible or exchangeable into common stock, in the prospectus supplement relating to that series of preferred stock. The terms may include provisions for conversion or exchange, either mandatory, at the option of the holder, or at our option, in which case the number of shares of common stock to be received by the holders of preferred stock would be calculated as of a time and in the manner stated in the applicable prospectus supplement. The description of the terms of a particular series of preferred stock that we will set forth in the applicable prospectus supplement will not be complete and will be qualified in its entirety by reference to the certificate of amendment relating to that series.

**Table of Contents**

**Provisions of Our Restated Certificate of Incorporation**

Our restated certificate of incorporation requires the approval of at least 80% of the outstanding shares of common stock for the amendment of the provisions which describe the factors our board of directors may consider in evaluating proposed mergers, sales and other corporate transactions. Further, as an insurance holding company, we are subject to state insurance regulations that require prior approval of a change of control. For more information on these regulations, see Business Regulation in our Annual Report on Form 10-K for the year ended December 31, 2002, incorporated by reference in this prospectus and in the registration statement that contains this prospectus. These provisions and regulations may discourage attempts to obtain our control.

In our restated certificate of incorporation we have elected not to be subject to the provisions of Sections 33-374a through 33-374c of the Connecticut Stock Corporation Act (now Sections 33-840 through 33-842 of the Connecticut Business Corporation Act), which would have imposed stricter requirements for approval of some mergers, liquidations and other business transactions in which we may be involved.

### **DESCRIPTION OF DEPOSITARY SHARES**

#### **General Terms**

We may elect to offer depositary shares representing receipts for fractional interests in debt securities or preferred stock. In this case, we will issue receipts for depositary shares, each of which will represent a fraction of a debt security or share of a particular series of preferred stock, as the case may be.

We will deposit the debt securities or shares of any series of preferred stock represented by depositary shares under a deposit agreement between us and a depositary which we will name in the applicable prospectus supplement. Subject to the terms of the deposit agreement, as an owner of a depositary share you will be entitled, in proportion to the applicable fraction of a debt security or share of preferred stock represented by the depositary share, to all the rights and preferences of the debt security or preferred stock, as the case may be, represented by the depositary share, including, as the case may be, interest, dividend, voting, redemption, sinking fund, repayment at maturity, subscription and liquidation rights.

The following description of the terms of the deposit agreement is a summary. It summarizes only those terms of the deposit agreement which we believe will be most important to your decision to invest in our depositary shares. You should keep in mind, however, that it is the deposit agreement, and not this summary, which defines your rights as a holder of depositary shares. There may be other provisions in the deposit agreement which are also important to you. You should read the deposit agreement for a full description of the terms of the depositary shares. The form of the deposit agreement is filed as an exhibit to the registration statement that includes this prospectus. See [Where You Can Find More Information](#) for information on how to obtain a copy of the deposit agreement.

#### **Interest, Dividends and Other Distributions**

The depositary will distribute all payments of interest, cash dividends or other cash distributions received on the debt securities or preferred stock, as the case may be, to you in proportion to the number of depositary shares that you own.

In the event of a payment of interest or distribution other than in cash, the depositary will distribute property received by it to you in an equitable manner, unless the depositary determines that it is not feasible to make a distribution. In that case the depositary may sell the property and distribute the net proceeds from the sale to you.

#### **Redemption of Depositary Shares**

If we redeem a series of debt securities or preferred stock represented by depositary shares, the depositary will redeem your depositary shares from the proceeds received by the depositary resulting from the redemption. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per debt security or share of preferred stock, as the case may be, payable in relation to the redeemed series of debt securities or preferred stock. Whenever we redeem debt securities or shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing, as the case may be, the debt securities or

## Edgar Filing: MBIA INC - Form S-3/A

shares of preferred stock redeemed. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot, proportionately or by any other equitable method as the depositary may determine.

## **Table of Contents**

### **Voting the Preferred Stock or Exercise of Rights under the Indentures**

Upon receipt of notice of any meeting at which you are entitled to vote, or of any request for instructions or directions from you as holder of debt securities, the depositary will mail to you the information contained in that notice. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary how to vote the amount of the preferred stock represented by that holder's depositary shares or how to give instructions or directions with respect to the debt securities represented by that holder's depositary shares. The record date for the depositary shares will be the same date as the record date for the preferred stock or debentures, as the case may be. The depositary will endeavor, to the extent practicable, to vote the amount of the preferred stock, or to give instructions or directions with respect to the debt securities, as the case may be, represented by the depositary shares in accordance with those instructions. We will agree to take all reasonable action which the depositary may deem necessary to enable the depositary to do so. The depositary will abstain from voting shares of the preferred stock or giving instructions or directions with respect to the debentures, as the case may be, if it does not receive specific instructions from you.

### **Amendment and Termination of the Deposit Agreement**

We and the depositary may amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement at any time. However, any amendment which materially and adversely alters the rights of the holders of the depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding.

The deposit agreement will terminate if:

all outstanding depositary shares have been redeemed; or

there has been a final distribution in respect of the preferred stock, including in connection with our liquidation, dissolution or winding up, or a complete repayment or redemption of the debt securities and the distribution, repayment or redemption proceeds, as the case may be, have been distributed to you.

### **Resignation and Removal of Depositary**

The depositary may resign at any time by delivering to us notice of its election to do so. We also may, at any time, remove the depositary. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of such appointment. We must appoint the successor depositary within 60 days after delivery of the notice of resignation or

**Table of Contents**

removal. The successor depositary must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

**Charges of Depositary**

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the preferred stock or debentures, as the case may be, and issuance of depositary receipts, all withdrawals of shares of preferred stock or debentures, as the case may be, by you and any repayment or redemption of the preferred stock or debentures, as the case may be. You will pay other transfer and other taxes and governmental charges, as well as the other charges that are expressly provided in the deposit agreement to be for your account.

**Miscellaneous**

The depositary will forward all reports and communications from us which are delivered to the depositary and which we are required or otherwise determine to furnish to holders of debentures or preferred stock, as the case may be.

Neither we nor the depositary will be liable under the deposit agreement to you other than for the depositary's gross negligence, willful misconduct or bad faith. Neither we nor the depositary will be obligated to prosecute or defend any legal proceedings relating to any depositary shares, debentures or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, or upon information provided by persons presenting debentures or shares of preferred stock for deposit, you or other persons believed to be competent and on documents which we and the depositary believe to be genuine.

**Table of Contents**

**DESCRIPTION OF WARRANTS**

We may issue warrants, including warrants to purchase debt securities, preferred stock or common stock. We may issue warrants independently or together with any other securities, and they may be attached to or separate from those securities. We will issue the warrants under warrant agreements between us and a bank or trust company, as warrant agent, that we will describe in the prospectus supplement relating to the warrants that we offer.

The following description of the terms of the warrants is a summary. It summarizes only those terms of the warrants and the warrant agreement which we believe will be most important to your decision to invest in our warrants. You should keep in mind, however, that it is the warrant agreement and the warrant certificate relating to the warrants, and not this summary, which defines your rights as a warrant holder. There may be other provisions in the warrant agreement and the warrant certificate relating to the warrants which are also important to you. You should read these documents for a full description of the terms of the warrants. Forms of these documents are filed as exhibits to the registration statement that includes this prospectus. See [Where You Can Find More Information](#) for information on how to obtain copies of these documents.

the aggregate number of the debt warrants;

the principal amount of debt securities that you may purchase upon exercise of each debt warrant, and the price or prices at which we will issue the debt warrants;

the procedures and conditions relating to the exercise of the debt warrants;

the designation and terms of any related debt securities issued with the debt warrants, and the number of debt warrants issued with each debt security;

the date, if any, from which you may separately transfer the debt warrants and the related securities;

the date on which your right to exercise the debt warrants commences, and the date on which your right expires;

the maximum or minimum number of the debt warrants which you may exercise at any time;

if applicable, a discussion of material U.S. federal income tax considerations;

any other terms of the debt warrants and terms, procedures and limitations relating to your exercise of the debt warrants; and

the terms of the securities you may purchase upon exercise of the debt warrants.

We will also describe in the applicable prospectus supplement any provisions for a change in the exercise price or expiration date of the debt warrants and the kind, frequency and timing of any notice to be given. You may exchange debt warrant certificates for new debt warrant certificates of different denominations and may exercise debt warrants at the corporate trust office of the warrant agent or any other office that we indicate in the applicable prospectus supplement. Prior to exercise, you will not have any of the rights of holders of the debt securities purchasable upon that exercise and will not be entitled to payments of principal, premium, if any, or interest on the debt securities purchasable upon the exercise.

**Other Warrants**

We may issue other warrants. We will describe in the applicable prospectus supplement the following terms of those warrants:

the title of the warrants;

the securities, which may include preferred stock or common stock, for which you may exercise the warrants;

the aggregate number of the warrants;

the number of securities that you may purchase upon exercise of each warrant, and the price or prices at which we will issue the warrants;

the procedures and conditions relating to the exercise of the warrants;

the designation and terms of any related securities issued with the warrants, and the number of warrants issued with each security;

the date, if any, from which you may separately transfer the warrants and the related securities;

the date on which your right to exercise the warrants commences, and the date on which your right expires;

the maximum or minimum number of the warrants which you may exercise at any time;

if applicable, a discussion of material U.S. federal income tax considerations;

any other terms of the warrants and terms, procedures and limitations relating to your exercise of the warrants; and

the designation and terms of the common stock, preferred stock or other securities you may purchase upon exercise of the warrants.

We will also describe in the applicable prospectus supplement any provisions for a change in the exercise price or expiration date of the warrants and the kind, frequency and timing of any notice to be given. You may exchange warrant certificates for new warrant certificates of different denominations and may exercise warrants at the corporate trust office of the warrant agent or any other office that we indicate in the applicable prospectus supplement. Prior to the exercise of your warrants, you will not have any of the rights of holders of the preferred stock, common stock or other securities purchasable upon that exercise and will not be entitled to dividend payments, if any, or voting rights of the preferred stock, common stock or other securities purchasable upon the exercise.

**Exercise of Warrants**

We will describe in the applicable prospectus supplement the principal amount or the number of our securities that you may purchase for cash upon exercise of a warrant, and the exercise price. You may exercise a warrant as described in the applicable prospectus supplement at any time up to the close of business on the expiration date stated in the prospectus supplement. Unexercised warrants will become void after the close of business on the expiration date, or any later expiration date that we determine.

We will forward the securities purchasable upon the exercise as soon as practicable after receipt of payment and the properly completed and executed warrant certificate at the corporate trust office of the warrant agent or other office stated in the applicable prospectus supplement. If you exercise less than all of the warrants represented by the warrant certificate, we will issue you a new warrant certificate for the remaining unexercised warrants.

**Item 15. *Indemnification of Officers and Directors.***

Sections 33-770 through 33-776 of the Business Corporation Act of the State of Connecticut provide that a corporation may indemnify a director or officer against judgments, fines, penalties, amounts paid in settlement and reasonable expenses actually incurred by him or her, including attorneys' fees, for actions brought or threatened to be brought against him or her in his or her capacity as a director or officer, other than actions brought by or in the right of the corporation, when it is determined by certain disinterested parties that he or she acted in good faith in a manner he or she reasonably believed to be in the corporation's best interest (or in the case of conduct not in his or her official capacity, at least not opposed to the best interests of the corporation). In any criminal action or proceeding, it also must be determined that the director or officer had no reasonable cause to believe that his or her conduct was unlawful. In connection with shareholder derivative suits, a director or officer may not be indemnified unless he or she is finally adjudged (a) to have met the relevant standard of conduct described above and (b) not to have received a financial benefit to which he or she was not entitled, whether or not he or she was acting in his or her official capacity.

MBIA Inc. has purchased insurance providing its officers and directors (and their heirs and other legal representatives) coverage against certain liabilities arising from any negligent act, error, omission or breach of duty claimed against them solely by reason of their being such officers and directors, and providing coverage for MBIA Inc. against its obligation to provide indemnification as required by the above-described statute. The insurance policy has a \$200 million aggregate policy limit for any loss or losses during the policy year.

individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*provided, however*, that (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act that are incorporated by reference in the registration statement;

(2) that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(5) to file an application for the purpose of determining the eligibility of the trustees to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act;

(7) that, for purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
