Item 2.02. Results of Operations and Financial Condition

On May 8, 2006, the Company announced its updated preliminary financial results for the fiscal quarter ended March 31, 2006. A copy of the press release announcing the Company's updated preliminary financial results is included as an exhibit to and incorporated by reference in this Current Report on Form 8-K. This Current Report on Form 8-K is furnished pursuant to Item 2.02 of Form 8-K and is not intended to be incorporated by reference into future filings under the Securities Exchange Act of 1934 or the Securities Act of 1933 unless expressly incorporated by reference in such filings.

In addition to historical information, this Current Report on Form 8-K contains forward-looking statements within the meaning of the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended. These statements involve risks and uncertainties that could cause the Company's actual results to differ materially from the future results expressed or implied by the forward-looking statements. All statements other than statements of historical facts included in this Current Report on Form 8-K, including statements regarding the Company's future financial position and results, are forward-looking statements. Factors that might cause such a difference in results include, but are not limited to: the effects of our chapter 11 filing; our ability to maintain adequate liquidity; our ability to obtain and maintain normal terms with customers, suppliers and service providers; our ability to continue as a going concern; our ability to operate pursuant to the terms of our credit agreement; our ability to obtain Bankruptcy Court approval and any other required approvals with respect to motions in the chapter 11 case prosecuted by us from time to time; our ability to develop, prosecute, confirm and consummate one or more plans of reorganization with respect to our chapter 11 case; risks associated with third parties seeking and obtaining Bankruptcy Court approval to either terminate or shorten the exclusivity period that we have to propose and confirm one or more plans of reorganization; risks associated with third parties seeking and obtaining Bankruptcy Court approval to appoint a chapter 11 trustee; risks associated with third parties seeking and obtaining bankruptcy court approval to convert the chapter 11 filing to a chapter 7 filing; our ability to maintain contracts that are critical to our operation; our ability to conclude our exploration of strategic alternatives; risks associated with the volatility of our stock price; risks associated with the timely development, production and acceptance of new products and services; increased competition; dependence on third party partners and suppliers; the failure to achieve expected product mix and revenue levels; failure to manage costs and generate improved operating results and cash flows; failure to maintain compliance with debt covenants; and failure to maintain adequate cash resources for the operation of the business. Additionally, due to material uncertainties, it is not possible to predict the length of time we will operate under chapter 11 protection, the outcome of the proceeding in general, whether we will continue to operate under our current organizational structure, or the effect of the proceeding on our businesses and the interests of various creditors and security holders.

All information set forth herein is current as of the date of this Current Report on Form 8-K. The Company undertakes no duty to update any statement in light of new information or future events. For further information regarding risks and uncertainties associated with the Company's business, please refer to the Risk Factors section of the Company's SEC filings, including, but not limited to, its Form 10-Q for the quarter ended December 30, 2005.
