**PROXY STATEMENT FOR ANNUAL MEETING
OF SHAREHOLDERS**

November 3, 2006

This proxy statement is being furnished to the shareholders of II-VI Incorporated, a Pennsylvania corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the annual meeting of shareholders (the "Annual Meeting") scheduled to be held on Friday, November 3, 2006, at 1:30 p.m. local time at the offices of the Company, 375 Saxonburg Boulevard, Saxonburg, Pennsylvania, 16056. A shareholder reception will start at 12:45 p.m. local time. This proxy statement was first mailed to shareholders on or about September 22, 2006. A copy of the Company's Annual Report to Shareholders for the fiscal year ended June 30, 2006 is being furnished with this proxy statement.

Only shareholders of record as of the close of business on Wednesday, September 6, 2006, are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. The outstanding capital stock of the Company on that date consisted of 29,213,262 shares of Common Stock, no par value ("Common Stock"), each entitled to one vote per share.

All shares represented by valid proxies received by the Company prior to the Annual Meeting will be voted as specified in the proxy. If no specification is made, the shares will be voted as described below under the caption "Recommendation of the Board of Directors." Unless otherwise indicated by the shareholder, the proxy card also confers discretionary authority on the Board-appointed proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Annual Meeting. A shareholder giving a proxy has the power to revoke it any time prior to its exercise by delivering to the Company a written revocation or a duly executed proxy bearing a later date (although no revocation shall be effective until notice thereof has been given to the Secretary of the Company), or by attendance at the meeting and voting his or her shares in person.

Under the Company's Articles of Incorporation, By-Laws and applicable law, the affirmative vote of shareholders entitled to cast at least a majority of the votes which all shareholders present at the meeting in person or by proxy are entitled to cast generally is required for shareholder approval, including the ratification of the Audit Committee's selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2007. As such, abstentions generally have the effect of a negative vote. Any broker non-votes on a particular matter have no effect since, by definition, they are not entitled to be cast on the matter. With regard to the election of directors, votes may be cast in favor of a candidate or may be withheld. As directors are elected by a plurality, abstentions and broker non-votes have no effect on the election of directors.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors of the Company recommends a vote FOR each of the nominees named below for election as director and FOR the ratification of the Board of Directors' selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the fiscal year ending June 30, 2007.

ELECTION OF DIRECTORS

(PROPOSAL 1)

The Company's By-Laws provide that the Board of Directors shall establish the number of directors which shall be not less than five nor more than nine members. The By-Laws also provide for a board of directors of three classes, each class consisting of as nearly an equal number as practicable, as determined by the Board. At present, the Board of Directors of the Company has determined that the number of directors shall be eight, consisting of two directors in Class Two and three directors in Classes One and Three.

Three directors of Class One are to be elected to hold office for a term of three years, and each until their respective successors are elected and qualified, subject to the right of the shareholders to remove any director as provided in the By-Laws. A vacancy in the office of a director may be filled by the remaining directors then in office, even if less than a quorum, or by the sole remaining director. Any director elected by the Board of Directors to fill a vacancy shall serve until his or her successor is elected, or until his or her death, resignation or removal. If the Board of Directors increases the number of directors, any vacancy so created may be filled by the Board of Directors.

The holders of Common Stock have cumulative voting rights in the election of directors. In voting for directors, a shareholder has the right to multiply the total number of shares which the shareholder is entitled to vote by the number of directors to be elected in each class, and to cast the whole number of votes so determined for one nominee in the class or to distribute them among the nominees if more than one nominee is named in such class. The three Class One nominees receiving the greatest number of affirmative votes each will be elected as a Class One director whose term expires in 2009. Unless otherwise indicated by the shareholder, a vote for the nominees of the Board of Directors will give the named proxies discretionary authority to cumulate all votes to which the shareholder is entitled and to allocate them after the total vote counts are available in favor of any one or more of such nominees as the named proxies determine, with a view to maximizing the number of nominees of the Board of Directors who are elected. The effect of cumulation and voting in accordance with that discretionary authority may be to offset the effect of a shareholder having withheld authority to vote for an individual nominee or nominees because the proxies will be able to allocate votes of shareholders who have not withheld authority to vote in any manner they determine among such nominees. If a shareholder desires specifically to allocate votes among one or more nominees, the shareholder should so specify when voting.

The persons named as proxies on the enclosed proxy card were selected by the Board of Directors and have advised the Board of Directors that, unless authority is withheld, they intend to vote the shares represented by them at the Annual Meeting as follows: for the election of Duncan A.J. Morrison, who has served as a director of the Company since 1982, for the election of Marc Y.E. Pelaez, who has served as a director of the Company since 2002 and for the election of Wendy F. DiCicco, who is a first-time nominee of the Board of Directors. Ms. DiCicco was recommended for consideration to the Nominating and Corporate Governance Committee by an independent equity research firm.

The Board of Directors knows of no reason why any nominee for director would be unable to serve as director. If at the time of the Annual Meeting any of the named nominees are unable or unwilling to serve as directors of the Company, the persons named as proxies intend to vote for such substitutes as may be nominated by the Board of Directors.

The following sets forth certain information concerning each nominee for election as a director of the Company and each director whose term of office will continue after the meeting.

DIRECTOR INDEPENDENCE AND CORPORATE GOVERNANCE

The Company's Corporate Governance Guidelines provide that in accordance with II-VI Incorporated's long-standing policy, a substantial majority of the members of the Company's Board of Directors must qualify as independent directors. The Company's Board of Directors has determined that each continuing director and nominee for election as director, other than Carl J. Johnson and Francis J. Kramer, has no material relationship with the Company (other than as director) and is therefore independent within the meaning of the current listing standards of Nasdaq. In its annual review of director independence, the Board of Directors considers all commercial, banking, consulting, legal, accounting or other business relationships any director may have with the Company. The Board of Directors considers a material relationship to be one that impairs or inhibits, or has the potential to impair or inhibit, a director's exercise of critical and disinterested judgment on behalf of the Company and its shareholders. When assessing the materiality of a director's relationship with the Company, the Board of Directors considers all relevant facts and circumstances not only from the standpoint of the director in his or her individual capacity, but also from the standpoint of the persons to whom the director is related and organizations with which the director is affiliated.

Lead Independent Director

The position of Lead Independent Director was created to ensure that the Board of Directors serves in a capacity which is independent of management and that directors have an independent leadership contact. Thomas E. Mistler was appointed by the Board of Directors in 2003 to this position. In general, the major responsibilities of the Lead Independent Director include:

Chairing executive sessions conducted at each Board of Directors meeting of the non-management directors

Acting as a liaison between the Board of Directors and the Chairman/CEO

Supporting the Chairman/CEO in the setting of the agenda for Board of Director meetings, based on input from other directors

Chairing meetings of the Board of Directors in the absence of the Chairman/CEO

Carrying out other duties as requested by the Nominating and Corporate Governance Committee and the Board of Directors.

Audit Committee Financial Expert

The Board of Directors has determined that at least one member of the Audit Committee, Duncan A.J. Morrison, qualifies as an audit committee financial expert as such term is defined by the Securities and Exchange Commission and that he has the requisite level of financial sophistication required under the listing standards of Nasdaq.

Director Mandatory Retirement

Edgar Filing: II-VI INC - Form DEF 14A

The Board of Directors has adopted a retirement policy for directors. Under this policy, directors may not stand for re-election after age 75. There are no directors retiring under this provision at the Annual Meeting.

Standing Board Limits

Board members are limited to serving on a maximum of three public company boards excluding the Company.

Direct Stock Ownership Program

In order to further align the directors and executive officers interests with those of II-VI Incorporated's shareholders, the Board of Directors has established a stock ownership program that requires each director and

executive officer own a minimum of 200 shares of the stock of the Company. A director who did not comply with this program would not be permitted to stand for re-election. All directors and executive officers currently meet or exceed this program.

Code of Business Conduct and Ethics

The Board of Directors has approved and adopted a Code of Business Conduct and Ethics applicable to all directors, officers, and employees of the Company and its subsidiaries. In addition, the Company has adopted an additional Code of Ethics for Senior Financial Officers. The documents are available on the Company's website. The Company will promptly disclose on its website (i) any waiver of a director or executive officer's compliance with the Code of Business Conduct and Ethics, and (ii) any amendments or waiver of the Code of Ethics for Senior Financial Officers.

Executive Sessions of Non-Management Directors

Executive sessions of non-management directors (consisting of all directors other than Dr. Johnson and Mr. Kramer) are regularly scheduled and held at each meeting. The Lead Independent Director presides over these meetings.

Self-Evaluation, Self-Assessment and Director Continuing Education

The Board of Directors has a process whereby the full board and its members are subject to periodic self-evaluation and self-assessment. This process was most recently completed during fiscal year 2006.

The Board of Directors works with management to schedule new-director orientation programs and director continuing education programs. The orientation programs are designed to familiarize new directors with the Company's businesses, strategies and challenges, and to assist new directors in developing and maintaining skills necessary or appropriate for the performance of their responsibilities. Continuing education programs for board members may include a mix of in-house and third-party presentations and programs.

Communications with Directors

Shareholders wishing to communicate with the Company's Board of Directors may do so by sending a written communication addressed to the Lead Independent Director or to any member of the Board of Directors individually in care of II-VI Incorporated, 375 Saxonburg Boulevard, Saxonburg, Pennsylvania 16056. Any communication addressed to any director that is received at II-VI Incorporated's principal executive offices will be delivered or forwarded to the individual director as soon as practical. II-VI Incorporated will forward all communications received from its shareholders that are simply addressed to the Board of Directors to the chairman of the committee of the Board of Directors whose purpose and function is most closely related to the subject matter of the communication.

Nomination of Director Candidates

Edgar Filing: II-VI INC - Form DEF 14A

The Company may consider Director candidates identified by several sources including existing Directors, members of the Company's management team, shareholders and third-party search firms.

The Company's By-Laws describe the procedures to be followed by a shareholder in recommending nominees for director. In general, such recommendations can only be made by a shareholder entitled to notice of and to vote at a meeting at which directors are to be elected, must be in writing and must be received by the Chairman of the Company no later than (i) with respect to the election of directors at an annual meeting, 90 days prior to the anniversary date of the prior year's annual meeting, or (ii) with respect to the election of directors at a special meeting, within 10 days after notice of such meeting is given to shareholders or publicly disseminated.

Furthermore, the recommendation must include certain information regarding the nominating shareholder and the nominee including their relationship and any understanding between such persons regarding such nomination, the shares owned by the nominating shareholder, the number of shares to be voted for such nominee and information concerning such nominee that would be required in a proxy statement filed with the Securities and Exchange Commission.

The Nominating and Corporate Governance Committee considers a variety of factors when determining whether to recommend a nominee for election to the Board of Directors, including those factors set forth in the Company's Nominating and Corporate Governance Committee Charter. In general, candidates nominated for election or re-election to the Board of Directors should possess the following qualifications:

High personal and professional ethics, integrity, practical wisdom and mature judgment;

Broad training and experience in policy-making decisions in business;

Expertise that is useful to the Company and complementary to the background and experience of other directors;

Willingness to devote the amount of time necessary to carry out the duties and responsibilities of Board membership;

Commitment to serve on the Board over a period of several years in order to develop knowledge about the Company's principal operations; and

Willingness to represent the best interest of all shareholders and objectively appraise management performance.

Potential candidates are screened and interviewed by the Nominating and Corporate Governance Committee of the Board of Directors. All members of the Board of Directors may interview the final candidates. The same identifying and evaluating procedures apply to all candidates for director nomination, including candidates submitted by shareholders.

Director Attendance at Annual Meeting of Shareholders

Directors are expected to attend the Annual Meeting of Shareholders. All of the incumbent directors attended last year's Annual Meeting.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Company's Board of Directors held four (4) meetings during the fiscal year ended June 30, 2006. Each director attended at least 75% of the meetings of the Board of Directors and any committee of which he is a member.

Edgar Filing: II-VI INC - Form DEF 14A

Directors who are not also employees of the Company receive an annual retainer of \$15,000 and a fee of \$1,250 per day for attending meetings of the Board of Directors, plus reimbursement of expenses. Some of the meetings of the Board of Directors are held over a two-day period. In addition, eligible nonemployee directors may receive a grant of options to purchase shares of Common Stock at the fair market value of such Common Stock on the date of grant.

The Chairman of the Audit Committee receives an additional annual retainer of \$4,000. The Lead Independent Director receives an additional annual retainer of \$1,500. The Board of Directors has the authority to hire independent advisors to help fulfill its duties.

The Board has an Audit Committee of independent, non-management directors currently consisting of Duncan A.J. Morrison (Chairman), Joseph J. Corasanti and Thomas E. Mistler. The Audit Committee's duties, in accordance with its written Audit Committee Charter (which is available on the Company's website), include monitoring performance of the Company's business plan, reviewing the Company's internal accounting methods and procedures and reviewing certain business strategies. The Audit Committee has the authority to hire independent advisors to help fulfill its duties. The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters. The Board of Directors has determined that Duncan A.J. Morrison qualifies as an audit committee financial expert, as such term is defined by the Securities and Exchange Commission and has the requisite level of financial sophistication required by the listing standards of Nasdaq. Each member of the Audit Committee is also independent as that term is defined under Rule 10A-3(b)(1)(ii) of the Securities Exchange Act of 1934, as amended. The Audit Committee met four times in fiscal 2006. If elected, it is the intention of the Board to appoint Wendy F. DiCicco to the Audit Committee.

The Nominating and Corporate Governance Committee has the authority to hire independent advisors to help fulfill its duties. The current members of the Nominating and Corporate Governance Committee are Thomas E. Mistler (Chairman), Marc Y.E. Pelaez and Peter W. Sognefest. Edgar Filing: II-VI INC - Form DEF 14A

considered to be important contributors to long-term shareholder value. Payouts under the award would only occur if the Company achieved specified levels of revenues and cash flows from operations for the performance period. Payouts made pursuant to these awards consisted of the issuance of shares of common stock to Dr. Johnson, Mr. Kramer and Mr. Creaturo valued at \$236,000, \$197,000 and \$79,000, respectively, based on the fair market values on the date of issuance.

(4) Dr. Mattera became an executive officer of the Company in November 2005.

As of June 30, 2006, approximately 450 officers and employees of the Company were eligible for consideration to receive incentive awards under the Plan.

Employment Agreements

Carl J. Johnson, Francis J. Kramer, Herman E. Reedy and Vincent D. Mattera, Jr. have employment agreements with the Company, terminable by either party on thirty days prior written notice, which contain, among other matters, provisions for payment of compensation and benefits in the discretion of the Company, and agreements regarding confidentiality, non-competition and assignment of inventions. The employment agreements also provide that in the event the employee is terminated by the Company for any reason except for fraud, theft, embezzlement or any other dishonest act, the employee will continue to receive his base salary at the time of termination for up to nine months after the date of termination.

Report of the Compensation Committee

The Compensation Committee has the responsibility of recommending to the Board of Directors appropriate salaries and bonuses for all executive officers and senior management of the Company. The Compensation Committee has the responsibility of granting stock options to eligible employees including the executive officers. The committee is comprised of all of the non-management directors of the Company.

Compensation Philosophy

To link the interests of executives and managers to the interests of shareholders and other potential investors.

To provide incentives for working toward increasing short-term and long-term shareholder value through growth-driven financial compensation.

To provide incentives for innovation, quality management, responsiveness to customer needs, environmental, health and safety performance and an action-oriented approach to opportunities in the marketplace.

To attract and retain individuals with the leadership and technical skills required to carry the Company into the future, and to grow the business.

To provide compensation in a manner that allows for shared risks by the executives and managers but also the potential for shared rewards.

Executive Compensation

The Company uses a three-pronged approach to its executive compensation program: 1) base salary; 2) potential for cash bonuses; and 3) equity-based compensation. The Company's compensation plans tie a significant portion of executive compensation to performance goals. In fact, executive officers have a significant portion of their compensation package at-risk, which means it is not guaranteed but rather is received through cash bonuses or equity-based compensation based on the Company's performance. In the aggregate, 64%, 61% and 69% of the executive officer's compensation for fiscal 2006, 2005 and 2004, respectively, came from at-risk incentive directly related to Company performance. During the course of each year, the Committee meets with the Chief Executive Officer and Chief Operating Officer of the Company to review recommendations on changes, if any, in the base salary of each executive officer. Based on the Committee's judgment and knowledge of salary practices, national surveys and an individual's performance and contribution to the Company, the Committee modifies or approves such recommendations.

Edgar Filing: II-VI INC - Form DEF 14A

Base Salary: The Company sets base salary levels for executive officers and senior management each year based on a number of factors, including the status of the competitive marketplace for such positions, the responsibilities of the position, the experience of the individual, the individual's performance during the past year, and equity in relationship to other positions within the Company.

Cash Bonuses: The Company awards cash bonuses under a Bonus Incentive Plan which is based on a formula percentage of the Company's profits determined annually by the Board of Directors. The Company also

awards cash bonuses under a Management-By-Objective Plan which is based on a formula percentage of operating profits, determined annually by the Board, based on achievement of certain strategic objectives integral to the annual operating plan. Finally, cash bonuses may be awarded at the discretion of the Compensation Committee based on achievement of pre-determined goals or other factors.

Equity-based Compensation: The Company has an Omnibus Incentive Plan covering employees, including executive officers, and awards under this plan are made by the Compensation Committee. Periodically, the Compensation Committee may consider granting executive officers and senior management of the Company awards under the plan. The equity-based compensation may consist of stock options, restricted shares, deferred shares, stock appreciation rights and performance shares. These awards are designed to align the interests of the Company's shareholders and to motivate the Company's executive officers and senior management to remain focused on the overall long-term performance of the Company.

Chief Executive Officer and Chief Operating Officer

In setting compensation for the Chief Executive Officer and Chief Operating Officer, the Compensation Committee considers objective criteria including performance of the business, accomplishments of long-term strategic goals and the development of management. The Compensation Committee considers the Company's revenue and earnings growth to be the most important factors in determining the Chief Executive Officer's and Chief Operating Officer's compensation package. Along with the financial performance factors, the Compensation Committee also considers achievement of long-term strategic goals, including enhancing the Company's reputation among both its customer and investor bases during the year, and the market base salary of comparable positions. The base salary has normally been 75-80% of the market base salary due to the at risk portion of the compensation mentioned earlier.

The following is the Chief Executive Officer's Compensation Tally sheet for the fiscal year ended June 30, 2006.

Component	Amount Earned / Granted	Description
Base Salary	Current figure: \$305,000	Dr. Johnson received a salary increase of 5% on October 1, 2005 based upon his individual performance during the prior 12 months.

Dr. Johnson was granted Performance Shares under the Company's 2005 Omnibus Incentive Plan (the "Plan"). The awards establish specific revenue and cash flows from operations performance goals for the six month period ended June 30, 2006. Dr. Johnson earned 133% of the combined targets.

In addition, the Company may make an additional profit sharing contribution to the Plan out of earnings, determined by the Board of Directors.

Deductibility of Executive Compensation

The Compensation Committee believes that the compensation program for executive officers should be structured in a manner that would permit deductibility under the Internal Revenue Code. It also realizes that the evaluation of the overall performance of executive officers cannot be reduced in all cases to a fixed formula. There may be situations in which the prudent use of discretion in determining pay levels is in the best interest of the Company and its constituencies. In some situations where discretion is used, compensation may not be fully deductible. However, the Compensation Committee does not believe that such loss of deductibility would have a material impact on the financial condition of the Company.
