SCHEDULE 13D

Page 10 of 23 Pages

CUSIP No. 168913101

Under the terms of the Purchase Agreement, the Company sold to the Investors a 10% Secured Convertible Promissory Note in the principal amount of \$5,000,000 (the First Note). The First Note bears interest at 10% per annum and matures on November 16, 2009. The principal face amount of the First Note, together with any interest thereon, convert, at the option of the Investors at any time on or prior to maturity, into shares of common stock at an initial conversion price of \$1.23 per share (subject to anti-dilution adjustments). Assuming that the conversion price is not adjusted, the number of shares of Common Stock issuable to the Investors upon conversion of the First Note, without giving effect to interest thereon, shall be 4,065,040, with cash payment to the Investors in lieu of any fractional shares. The shares of Common Stock issuable upon conversion of the First Note are the only reportable shares of Common Stock beneficially held by the Investors. Any shares issuable upon the conversion of the First Note shall be allocated among the Investors in accordance with their allocable interest as set forth in First Note and as further described below.

The Purchase Agreement also provides for the subsequent issuance by the Company and the subscription by the Investors, upon the satisfaction of certain closing conditions set forth in the Purchase Agreement, of up to 4,066,706 shares of Common Stock, at the price of \$1.23 per share for an aggregate purchase price of \$5,002,048. Furthermore, provided that the closing conditions to the issuance of Common Stock described in the foregoing sentence are satisfied or waived, upon the satisfaction of additional conditions set forth in the Purchase Agreement, the Company will subsequently issue and sell to the Investors a 5% Secured Convertible Promissory Note in the principal amount of \$15,000,000 (the Second Note and together with the First Note, the Notes). The Second Note is convertible into Common Stock at a conversion price that is tied to the after-tax net profits of the Company for the fiscal year ending December 31, 2008, as described in the Second Note.

The First Note is subject to mandatory conversion upon the consummation of the aforementioned issuance and subscription of shares of Common Stock under the Purchase Agreement. The First Note contains customary affirmative and negative covenants and events of default, including such events of default as the delisting of the Common Stock from the OTC Bulletin Board, a material breach of the Company's representations and warranties under the Purchase Agreement or of the Company's covenants under the Purchase Agreement or Registration Rights Agreement (as defined herein), subject to applicable cure periods. If an event of default were to occur, the principal amount and accrued and unpaid interest and all other amounts payable under the First Note would become immediately due and payable, upon demand, and the interest rate under the Notes would increase from 10% to 15% until the event of default is cured. The obligations of the Company under the First Note rank senior to all other debt of the Company.

As provided in the Purchase Agreement and pursuant to the terms of the Notes, all of the shares of Common Stock issuable by the Company to the Investors pursuant to the Purchase Agreement are allocable among the Investors 95.741% to Asia Growth, and 4.259% to Co-Investment.

CUSIP No. 168913101

The source of the purchase price for the First Note was capital contributions from the partners of the Reporting Persons.

Item 4. Purpose of Transaction.

The Reporting Persons are acquiring the First Note for investment purposes. The Reporting Persons may, from time to time, depending upon market conditions and other factors deemed relevant by the Reporting Persons, acquire other promissory notes, warrants or shares of Common Stock, outside of those contemplated by the Purchase Agreement. The Reporting Persons reserve the right to, and may in the future choose to, change their purpose with respect to the investment and take such actions as they deem appropriate in light of the circumstances including, without limitation, to dispose of, in the open market, in a private transaction or by gift, all or a portion of the Notes or shares of Common Stock which they now own or may hereafter acquire from the Company.

Except as described below, at the date of this Statement, the Reporting Persons do not have plans or proposals which would result in:

- (a) The acquisition by any person of additional securities of the Company, or the disposition of securities of the Company;
- (b) An extraordinary corporate transaction involving the Company or any of its subsidiaries;
- (c) A sale or transfer of a material amount of assets of the Company or any of its subsidiaries;
- (d) Any change in the present board of directors or management of the Company, including any plans or proposals to change the number or term of directors or to fill any existing vacancies on the board;
- (e) Any material change in the present capitalization or dividend policy of the Company;
- (f) Any other material change in the Company's business or corporate structure, including but not limited to, if the Company is a registered closed-end investment company, any plans or proposals to make any changes in its investment policy for which a vote is required by section 13 of the Investment Company Act of 1940;
- (g) Changes in the Company's charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of the Company by any person;
- (h) Causing a class of securities of the Company to be delisted from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association;

CUSIP No. 168913101

- (i) A class of equity securities of the Company becoming eligible for termination of registration pursuant to Section 12(g)(4) of the Act; or
- (j) Any action similar to any of those actions enumerated above.

Notwithstanding the foregoing, at the date of this Statement, the Reporting Persons do have plans or proposals which would result in:

- (a) The acquisition of additional securities of the Company.

In addition to the issuance and sale of the First Note, the Purchase Agreement provides for two subsequent transactions to be effected by the Company and the Investors, which subsequent transactions are contingent upon the satisfaction of certain conditions specified in the Purchase Agreement, including entry into specified energy and recycling project contracts and the purchase of certain energy recycling systems. Assuming the conditions set forth in the Purchase Agreement are satisfied or waived, the Company will (i) issue and the Investors will subscribe for a total of 4,066,706 shares of Common Stock, at the price of \$1.23 per share for an aggregate purchase price of \$5,002,048, and (ii) issue and sell to the Investors the Second Note in the principal amount of \$15,000,000.

If issued, the Second Note will bear interest at 5% per annum and will mature five years from the date of issuance. The Second Note is convertible at a conversion price that is tied to the after-tax net profits of the Company for the fiscal year ending December 31, 2008, as described in the Second Note.

- (d) A change in the present board of directors of the Company.

In connection with the Purchase Agreement, the Company, the Investors and certain of the Company's other major shareholders entered into a Shareholders Agreement, dated as of November 16, 2007 (the "Shareholders Agreement"). The Shareholders Agreement entitles the Investors to nominate up to two (2) representatives to the Company's Board of Directors, which Board of Directors, pursuant to the terms of the Shareholders Agreement, shall have no more than seven (7) members. The Investors have not presently nominated any members to the Company's Board of Directors, although the Investors reserve the right to do so at their sole discretion, pursuant to the terms of the Shareholders Agreement.

- (g) Impede the acquisition of control of the Company by any person.

Under the terms of the Shareholders Agreement, the Investors have a right of first refusal and tag-along rights with respect to all subsequent transactions to directly or indirectly, sell, assign, transfer or otherwise dispose of Common Stock undertaken or proposed to be undertaken by the other shareholders of the Company party to the Shareholders Agreement. By exercising their right of first refusal or tag-along rights, the Investors could impede the acquisition of control of the Company by other persons.

CUSIP No. 168913101

Additionally, the Shareholders Agreement provides that the Investors' prior written consent is required for the Company to enter into any transaction, or a series of related transactions, which would result in a merger, consolidation or amalgamation with or into any other person, or to sell, transfer, assign, lease, convey or otherwise dispose of all or substantially all of its assets in any one transaction or series of transactions.

The Shareholders Agreement also provides that, in connection with the issuance of the Common Stock and the Second Note pursuant to the Purchase Agreement, if it is necessary to increase the number of shares of Common Shares authorized for issuance under the Company's Articles of Incorporation, the Company will amend its Articles of Incorporation to provide for such increase.

Item 5. Interest in Securities of the Company.

(a) See items 11 and 13 of the cover pages to this Statement for the aggregate number of shares and percentage of issued and outstanding Common Shares owned by the Reporting Persons. The percentage ownership is calculated based on 31,293,348 shares of Common Stock issued and outstanding as reported in the Company's Form 10-QSB filed with the Commission on November 19, 2007, increased by the aggregate number of shares of Common Stock issuable upon the conversion of the principal amount of the First Note (4,065,040).
