- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 2.06. Material Impairments.

On September 12, 2008, Kindred Healthcare, Inc. (the Company) announced that on September 11, 2008, the Company signed a definitive agreement to acquire for resale the real estate associated with the 79-bed Kindred Hospital Northeast - Braintree in Braintree, Massachusetts from the current lessor, Health Care REIT, Inc. for approximately \$22.3 million. Upon completion of the transaction, the Company intends to close the hospital and sell the related real estate as soon as practicable. The Company's decision to acquire the real estate and close the Braintree hospital was based upon the costs of maintaining an aging facility, the poor historical financial performance of the Braintree hospital and expected continued future operating losses.

The Company expects to report a pretax loss ranging from \$35 million to \$40 million in connection with the divestiture of the Braintree hospital, including asset impairments of approximately \$15 million of certificate of need and non-compete agreement intangible assets and \$1 million of land, equipment and leasehold improvements. On September 11, 2008, the Company concluded that the signing of the definitive agreement to acquire the real estate, close the hospital and relinquish the licensed beds to the state of Massachusetts would negatively impact the value of the long-lived assets and require a material impairment charge to the Company. The Company estimates that these transactions will result in future net cash outflows before income taxes of approximately \$14 million to \$16 million, depending upon the proceeds from the sale of the Braintree hospital.

For accounting purposes, the Company expects to classify the loss on sale and historical operating results of the Braintree hospital as continuing operations when it reports its third quarter operating results. In the fourth quarter of 2008, assuming that certain conditions have been met, the Company expects that the loss on sale and historical operating results of the Braintree hospital will be reclassified to discontinued operations.

Item 7.01. Regulation FD Disclosure.

The Company's press release, dated September 12, 2008, related to the matters discussed above is attached as Exhibit 99.1 to this Form 8-K and is also available on the Company's website at www.kindredhealthcare.com.

Item 9.01.

(d) Exhibits

Exhibit 99.1 Press release dated September 12, 2008.
