Supplemental Information (Unaudited) 8/31/08

(1) Fair Value Disclosure

The fund adopted FASB Statement No. 157, Fair Value Measurements (the Statement) in this reporting period. This Statement provides a single definition of fair value, a hierarchy for measuring fair value and expanded disclosures about fair value measurements.

Various inputs are used in determining the value of the fund s investments. These inputs are categorized into three broad levels. Level 1 includes quoted prices in active markets for identical assets or liabilities. Level 2 includes other significant observable market-based inputs (including quoted prices for similar securities, interest rates, prepayment speed, credit risk, etc.). Level 3 includes unobservable inputs, which may include the adviser s own assumptions in determining the fair value of investments. Other financial instruments are derivative instruments not reflected in Total Investments, such as futures, forwards, swap contracts and written options, which are valued at the unrealized appreciation/depreciation on the instrument. The following is a summary of the levels used as of August 31, 2008 in valuing the fund s assets carried at market value:

	Level 1	Level 2	Level 3	Total
Investments in Securities	\$	\$ 225,531,574	\$	\$ 225,531,574
Other Financial Instruments	(18,509)	187		(18,322)

(2) Portfolio Securities

The cost and unrealized appreciation and depreciation in the value of the investments owned by the fund, as computed on a federal income tax basis, are as follows:

Aggregate Cost	\$ 228,427,141
Gross unrealized appreciation	\$ 1,809,198
Gross unrealized depreciation	(4,704,765)
Net unrealized appreciation (depreciation)	\$ (2,895,567)

The aggregate cost above includes prior fiscal year end tax adjustments.
