Section 8 Other Events

Item 8.01. Other Events.

On March 31, 2010, PECO Energy Company (PECO) requested Pennsylvania Public Utility Commission (PAPUC) approval to increase electric and natural gas delivery rates beginning January 1, 2011. The first electric delivery rate request since 1989 and only the second natural gas delivery rate request in 23 years, the increases will enable PECO to continue to meet customer demand and ensure the safe and reliable delivery of electricity and natural gas. PECO has requested annual increases of \$316 million and \$44 million to its annual electric and natural gas delivery revenues, respectively. The delivery charge, or the portion of the bill that covers PECO s costs to deliver electricity and natural gas, represents about one third of a customer s overall bill, and are expected to increase 6.94% and 5.28%, respectively, as a percentage of customer s overall bill. Attached as Exhibit 99.1 and 99.2 to this Current Report on Form 8-K are PECO s press release regarding its filings with the PAPUC and the slide presentation summarizing the details of the electric and natural gas distribution rate cases.
