Overview

We are one of the largest outdoor media companies in the world, with one of the leading market positions, based on revenue, in each of our operating segments: Americas Outdoor Advertising and International Outdoor Advertising.

Americas Outdoor Advertising. We are one of the largest outdoor media companies in the Americas, which includes the United States, Canada and Latin America. As of December 31, 2009, we owned or operated approximately 195,000 displays in our Americas Outdoor Advertising segment. Our Americas outdoor assets consist of billboards, street furniture displays, transit displays and other out-of-home advertising displays which we believe are in premier real estate locations in each of our markets throughout the Americas. As of December 31, 2009, we had operations in 49 of the 50 largest markets in the United States, including all of the 20 largest markets. For the year ended December 31, 2009 and the three months ended March 31, 2010, Americas Outdoor Advertising generated revenue of \$1,238.2 million and \$ 271.0 million, respectively.

International Outdoor Advertising. We are one of the leading outdoor media companies internationally with operations in Asia, Australia and Europe. As of December 31, 2009, we owned or operated approximately 639,000 displays in approximately 32 countries, including key positions in attractive international markets. Our International outdoor assets consist of billboards, street furniture displays, transit displays and other out-of-home advertising displays. For the year ended December 31, 2009 and the three months ended March 31, 2010, International Outdoor Advertising generated revenue of \$1,459.9 million and \$337.8 million, respectively.

Within each of these segments, we generate revenue through the sale of advertising copy placed on our display inventory, which consists of billboards, street furniture and transit displays, airport displays, mall displays, and wallscapes and other spectacles, which we own or operate under lease management agreements. Our advertising business is focused on urban markets with dense populations. Billboards, street furniture, transit displays, and other displays comprised approximately 66%, 5%, 17% and 12% of our revenue in the year ended December 31, 2009, respectively. For the year ended December 31, 2009 and the three months ended March 31, 2010, we generated consolidated revenue of approximately \$2,698.0 million and \$608.8 million, respectively.

Our Strengths

Global Scale and Local Market Leadership. We are one of the largest outdoor media companies in the world. As of December 31, 2009, we operated approximately 834,000 outdoor advertising displays worldwide in urban and densely-populated real estate locations, providing advertisers with both a global and a local reach. Our global scale enables productive and cost-effective investment across our portfolio, which supports our competitive position.

Our business is focused on urban markets with dense populations. Our real estate locations in these markets provide reach to a broad audience and therefore a compelling opportunity for our advertisers to reach a mass audience at a relatively low cost. We believe that the buying decision for our customers is based on the strength of the network of locations for outdoor advertising that we can offer. The strength of our network is reflected in the value of our permits and site-leases. In the United States, we have operations in 49 of the top 50 markets, and our International division currently has a presence in 32 countries, including one of the leading positions in China, France, Italy, Spain and the United Kingdom.

Our scale has enabled cost-effective investment in new display technologies, such as digital billboards, which we believe will support future growth. This technology will enable us to transition from selling space on a display to a single advertiser to selling time on that display to multiple advertisers, creating new revenue opportunities from both new and existing clients.

Strong Collection of Assets. Through acquisitions and organic growth, we have aggregated a sizable portfolio of assets. The domestic outdoor industry is regulated by the Federal government as well as state and municipal governments. Statutes and regulations govern the construction, repair, maintenance, lighting, spacing, location, replacement and content of outdoor advertising structures. Due to such regulation, it has become increasingly difficult to construct new outdoor advertising structures. Further, for many of our existing billboards, a permit for replacement cannot be sought by our competitors or landlords. Internationally, regulations vary by country and region but generally provide for limitations on the number, placement, size, nature and density of outdoor displays. As a result, our existing billboards in top demographic areas have significant value.

Attractive Outdoor Industry Fundamentals. We believe outdoor advertising offers a compelling value proposition to advertisers, broad reach, valuable out-of-home positions and low cost per thousand persons reached relative to other media. We also believe the outdoor industry is well-positioned to benefit from the fragmentation of audiences of other media as it is able to reach mass audiences on a local market basis.

Compelling Value Proposition. Outdoor media provides advertisers with highly cost-effective media advertising as measured by cost per thousand persons reached compared to other traditional media.

Broad Audience Reach. According to the Arbitron 2009 In-Car Study, the average American spends about 20 hours in a car per week, a 31% increase since 2003. The captive in-car audience is subject to increasing out-of-home advertiser exposures as time and distance of commutes increase.

Valuable Out-of-Home Position. Outdoor media reaches potential consumers outside the home, where they are closer to purchase decisions. Many of our billboards are located along major roadways that are highly trafficked and have the potential to direct consumers to nearby businesses.

Fragmentation of Other Media. We believe that the proliferation of content and distribution models provides a means for the continued fragmentation of audiences of most traditional media, rendering outdoor advertising more attractive for its mass reach capabilities.

Attractive Long-Term Business Model. While spending on outdoor advertising is, like most media, correlated with the overall economy, we believe the industry holds attractive long term prospects and is well positioned to benefit from a macroeconomic recovery and has historically generated strong cash flows.

Cyclical Recovery. Prior to 2008, the advertising industry experienced two significant downturns since 1970, and after each, the outdoor advertising industry experienced higher growth than the overall advertising market over the three-year period following the end of the decline.

Table of Contents

Strong Cash Flow Generation. We generated \$441.3 million, \$603.6 million and \$694.4 million in operating cash flow for the years ended December 31, 2009, 2008 and 2007, respectively, driven by our significant scale and a leading position in outdoor advertising.

Geographic and Customer Diversity. In 2009, approximately 46% and 54% of our revenue was generated from our Americas and our International segments, respectively. No single market in the United States and no ad category represented greater than 8% and 10%, respectively, of our revenue during the year ended December 31, 2009.

Our Strategy

Americas Outdoor Advertising

We believe outdoor advertising has attractive industry fundamentals, including a broad audience reach and is a highly cost-effective media for advertisers as measured by cost per thousand persons reached compared to other traditional media. Our Americas strategy focuses on our competitive strengths to position the Company through the following approaches:

Promote Overall Outdoor Media Spending. Outdoor advertising represented 5% of total dollars spent on advertising in the United States in 2009. Our goal is to drive growth in outdoor advertising's share of total media spending and leverage such growth with our national scale and local reach. We are focusing on developing and implementing better and improved outdoor audience delivery measurement systems to provide advertisers with tools to determine how effectively their message is reaching the desired audience. As a result of the implementation strategies above, we believe advertisers will shift their budgets towards the outdoor advertising medium.

Significant Cost Reductions and Capital Discipline. To address the softness in advertising demand resulting from the global economic downturn, we have taken steps to reduce our fixed costs. In the fourth quarter of 2008, we commenced a restructuring plan to reduce our cost base through renegotiations of lease agreements, workforce reductions, the elimination of overlapping functions and other cost savings initiatives. In order to achieve these cost savings, we incurred a total of \$17.4 million in costs in 2008 and 2009. We estimate the benefit of the restructuring program was an approximate \$50.5 million aggregate reduction to fixed operating expenses in 2009 and that the benefit of these initiatives will be fully realized in 2010.

We plan to continue controlling costs to achieve operating efficiencies, sharing best practices across our markets and focusing our capital expenditures on opportunities that we expect to yield higher returns, leveraging our flexibility to make capital outlays based on the environment.

Continue to Deploy Digital Billboards. Digital outdoor advertising provides significant advantages over traditional outdoor media. Our electronic displays may be linked through centralized computer systems to instantaneously and simultaneously change advertising copy on a large number of displays. The ability to change copy by time-of-day and quickly change messaging based on advertisers' needs creates additional flexibility for our customers. The advantages of digital allow us to penetrate new accounts and categories of advertisers as well as serve a broader set of needs for existing advertisers. We expect this to continue as we increase our quantity of digital inventory. We have deployed a total of approximately 485 digital displays in 34 markets as of March 31, 2010.

International Outdoor Advertising

Similar to our Americas outdoor advertising, we believe International outdoor advertising has attractive industry fundamentals, including a broad audience reach and is a highly cost-effective media for advertisers as

Table of Contents

measured by cost per thousand persons reached compared to other traditional media. Our International strategy focuses on our competitive strengths to position the Company through the following approaches:

Promote Overall Outdoor Media Spending. Our goal is to continue to drive growth in outdoor advertising's share of total media spending and leverage such growth with our international scale and local reach. We are focusing on developing and implementing better and improved outdoor audience delivery measurement systems to provide advertisers with tools to determine how effectively their message is reaching the desired audience. As a result of the implementation strategies above, we believe advertisers will shift their budgets towards the outdoor advertising medium.

Significant Cost Reductions and Capital Discipline. To address the softness in advertising demand resulting from the global economic downturn, we have taken steps to reduce our fixed costs. In the fourth quarter of 2008, we commenced a restructuring plan to reduce our cost base through renegotiations of lease agreements, workforce reductions, elimination of overlapping functions, takedown of unprofitable advertising structures and other cost savings initiatives. In order to achieve these cost savings, we incurred a total of \$65.0 million in costs in 2008 and 2009. We estimate the benefit of the restructuring program was an approximate \$120.1 million aggregate reduction to our 2008 fixed operating expense base in 2009 and that the benefit of these initiatives will be fully realized by 2011.

We plan to continue controlling costs to achieve operating efficiencies, sharing best practices across our markets and focusing our capital expenditures on opportunities that we expect to yield higher returns, leveraging our flexibility to make capital outlays based on the environment.

Capitalize on Product and Geographic Opportunities. We are also focused on growing our business internationally through new product offerings, optimization of our current display portfolio and selective investments targeting promising growth markets. We have continued to innovate and introduce new products, such as our Smartbike programs, in international markets based on local demands.

Summary of the Exchange Offers

The Initial Offerings of Outstanding Notes

We sold the outstanding notes on December 23, 2009 to Goldman, Sachs & Co, Citigroup Global Markets Inc., Morgan Stanley & Co. Incorporated, Credit Suisse Securities (USA) LLC, Deutsche Bank Securities Inc., Moelis & Company LLC, Banc of America Securities LLC and Barclays Capital Inc. We refer to these parties in this prospectus collectively as the initial purchasers. The initial purchasers subsequently resold the outstanding notes to qualified institutional buyers pursuant to Rule 144A under the Securities Act.

Registration Rights Agreements

Simultaneously with the initial sale of the outstanding notes, we entered into two registration rights agreements, one with respect to each of the outstanding A and B notes, pursuant to which we have agreed, among other things, to use commercially reasonable efforts to file with the SEC and cause to become effective a registration statement relating to offers to exchange the outstanding notes for an issue of SEC-registered notes with terms identical to the outstanding notes. The exchange offers are intended to satisfy your rights under the applicable registration rights agreement. After the exchange offers are complete, you will no longer be entitled to any exchange or registration rights with respect to your outstanding notes.

The Exchange Offers

We are offering to exchange the Series A and Series B exchange notes, which have been registered under the Securities Act, for your outstanding A and B notes, respectively, which were issued in the private offering. In order to be exchanged, an outstanding note must be properly tendered and accepted. All outstanding notes that are validly tendered and not validly withdrawn will be exchanged. We will issue exchange notes promptly after the expiration of the exchange offers.

Resales

Based on interpretations by the staff of the SEC set forth in no-action letters issued to unrelated parties, we believe that the exchange notes issued in the exchange offers may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act provided that:

the exchange notes are being acquired in the ordinary course of your business;

you are not participating, do not intend to participate, and have no arrangement or understanding with any person to participate, in the distribution of the exchange notes issued to you in the applicable exchange offer; and

you are not an affiliate of ours.

If any of these conditions are not satisfied and you transfer any exchange notes issued to you in the applicable exchange offer without delivering a prospectus meeting the requirements of the Securities Act

Table of Contents

or without an exemption from registration of your exchange notes from these requirements, you may incur liability under the Securities Act. We will not assume, nor will we indemnify you against, any such liability.

Each broker-dealer that is issued exchange notes in the applicable exchange offer for its own account in exchange for outstanding notes that were acquired by that broker-dealer as a result of market-making or other trading activities, must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes. A broker-dealer may use this prospectus for an offer to resell, resale or other retransfer of the exchange notes issued to it in the applicable exchange offer.

Expiration Date

The exchange offers will expire at 11:59 p.m., New York City time, August 19, 2010, unless we decide to extend the expiration date.

Conditions to the Exchange Offers

Neither exchange offer is subject to any condition, other than that the exchange offer does not violate applicable law or any applicable interpretation of the staff of the SEC.

Procedures for Tendering Outstanding Notes

If you wish to tender your outstanding notes for exchange in the applicable exchange offer, you must transmit to the exchange agent on or before the expiration date either:

an original or a facsimile of a properly completed and duly executed copy of the letter of transmittal, which accompanies this prospectus, together with your outstanding notes and any other documentation required by the letter of transmittal, at the address provided on the cover page of the letter of transmittal; or

if the outstanding notes you own are held of record by The Depository Trust Company, or DTC, in book-entry form and you are making delivery by book-entry transfer, a computer-generated message transmitted by means of the Automated Tender Offer Program System of DTC, or ATOP, in which you acknowledge and agree to be bound by the terms of the letter of transmittal and which, when received by the exchange agent, forms a part of a confirmation of book-entry transfer. As part of the book-entry transfer, DTC will facilitate the exchange of your notes and update your account to reflect the issuance of the exchange notes to you. ATOP allows you to electronically transmit your acceptance of the exchange offer to DTC instead of physically completing and delivering a letter of transmittal to the notes exchange agent.

In addition, you must deliver to the exchange agent on or before the expiration date:

a timely confirmation of book-entry transfer of your outstanding notes into the account of the notes exchange agent at DTC if you are effecting delivery of book-entry transfer, or

Certain Covenants

The indenture governing the Series A exchange notes and the indenture governing the Series B exchange notes have different covenants and definitions of the same term may be different in each indenture.

Series A Exchange Notes

The indenture governing the Series A exchange notes contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things:

incur or guarantee additional debt to persons other than Clear Channel Communications and its subsidiaries (other than the Company) or issue certain preferred stock;

create liens on our or our restricted subsidiaries' assets to secure debt;

create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries that are not guarantors of the notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of our assets; and

sell certain assets, including capital stock of our subsidiaries, to persons other than Clear Channel Communications and its subsidiaries (other than the Company).

The indenture governing the Series A exchange notes does not include limitations on dividends, distributions, investments or asset sales. In addition, the covenants in the indenture governing the Series A exchange notes are subject to important exceptions and qualifications, which are described under Description of the Exchange Notes Description of the A Notes Certain Covenants in the A Note Indenture and Certain Definitions.

Table of Contents

Series B Exchange Notes

The indenture governing the Series B exchange notes contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things:

incur or guarantee additional debt or issue certain preferred stock;

redeem, repurchase or retire our subordinated debt;

make certain investments;

create liens on our or our restricted subsidiaries' assets to secure debt;

create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries that are not guarantors of the notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of our assets;

sell certain assets, including capital stock of our subsidiaries;

designate our subsidiaries as unrestricted subsidiaries; and

pay dividends, redeem or repurchase capital stock or make other restricted payments.

The covenants in the indenture governing the Series B exchange notes are subject to important exceptions and qualifications, which are described under "Description of the Exchange Notes," "Description of the B Notes," "Certain Covenants in the B Note Indenture" and "Certain Definitions."

Repurchase Ratio

Clear Channel Outdoor Holdings and its subsidiaries are prohibited from making any purchase of, or otherwise effectively cancelling or retiring any B notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other action with respect to any A notes, the ratio of (a) the outstanding aggregate principal amount of the B notes to (b) the outstanding aggregate principal amount of the A notes is less than 0.250, subject to certain exceptions. See "Description of the Exchange Notes," "Description of the A Notes," "Mandatory Redemption; Offers to Purchase; Open Market Purchases" and "Description of the Exchange Notes," "Description of the B Notes," "Mandatory Redemption; Offers to Purchase; Open Market Purchases."

Liquidity Amount.

Each of (a) Clear Channel Worldwide Holdings and the guarantors and (b) the restricted subsidiaries that are not guarantors are required to maintain \$50.0 million designated as a

liquidity amount. The requirement may be satisfied with cash, other liquid assets and availability under certain credit facilities. The requirement for a liquidity amount is reduced during certain bankruptcy events at Clear Channel Communications. See

Absence of a Public Market

There is currently no existing market for the exchange notes. Accordingly, there can be no assurances as to the development of an active trading market for the exchange notes. We do not intend to apply for listing of the exchange notes on any national exchange or quotation on an automated dealer quotation system.

Risk Factors.

In evaluating whether to participate in the applicable exchange offer, you should carefully consider, along with the other information set forth in or incorporated by reference in this prospectus, the specific factors set forth under Risk Factors.

Table of Contents

RISK FACTORS

You should carefully consider the following risk factors as well as the other information and data included in, and incorporated by reference in, this prospectus prior to participating in the applicable exchange offer. Any of the following risks could materially and adversely affect our business, cash flows, financial condition or results of operations. In such case, you may lose all or part of your investment.

Risks Related to the Exchange Offers

Because there is no public market for the notes, you may not be able to resell your notes.

The exchange notes will be registered under the Securities Act, but will constitute a new issue of securities with no established trading market, and there can be no assurance as to:

the liquidity of any trading market that may develop;

the ability of holders to sell their exchange notes; or

the price at which the holders would be able to sell their exchange notes.

If a trading market were to develop, the exchange notes might trade at higher or lower prices than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar securities and our financial performance.

In addition, any holder of outstanding notes who tenders in the applicable exchange offer for the purpose of participating in a distribution of the applicable exchange notes may be deemed to have received restricted securities, and if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. For a description of these requirements, see Exchange Offer.

Your outstanding notes will not be accepted for exchange if you fail to follow the exchange offer procedures and, as a result, your outstanding notes will continue to be subject to existing transfer restrictions and you may not be able to sell your outstanding notes.

We will not accept your outstanding notes for exchange if you do not follow the exchange offer procedures. We will issue exchange notes as part of the exchange offers only after a timely receipt of your outstanding notes and all other required documents. Therefore, if you want to tender your outstanding notes, please allow sufficient time to ensure timely delivery. If we do not receive your outstanding notes and other required documents by the expiration date of the exchange offers, we will not accept your outstanding notes for exchange. We are under no duty to give notification of defects or irregularities with respect to the tenders of outstanding notes for exchange. If there are defects or irregularities with respect to your tender of outstanding notes, we may not accept your outstanding notes for exchange. For more information, see Exchange Offers.

If you do not exchange your outstanding notes, your outstanding notes will continue to be subject to the existing transfer restrictions and you may not be able to sell your outstanding notes.

We did not register the outstanding notes, nor do we intend to do so following the exchange offers. Outstanding notes that are not tendered will therefore continue to be subject to the existing transfer restrictions and may be transferred only in limited circumstances under the securities laws. If you do not exchange your outstanding notes, you will lose your right to have your outstanding notes registered under the federal securities laws. As a result, if you hold outstanding notes after the applicable exchange offer, you may not be able to sell your outstanding notes.

Table of Contents

Risks Related to the Exchange Notes

We have substantial indebtedness that could restrict our operations and impair our financial condition and your investment in the exchange notes.

At March 31, 2010, our total indebtedness for borrowed money was approximately \$2.6 billion, of which \$2.5 billion represented the outstanding notes. Our other debt consists primarily of loans with international banks. At March 31, 2010, approximately \$72.1 million was outstanding as other debt. We may also incur additional substantial indebtedness in the future.

Our substantial level of indebtedness and other financial obligations increase the possibility that we may be unable to generate cash sufficient to pay, when due, the principal of, interest on or other amounts due, in respect of our indebtedness, including the notes in the event we are required to make such payments on the notes pursuant to our guarantee.

Our substantial indebtedness could have other adverse consequences, including:

increasing our vulnerability to adverse economic, competitive, regulatory and industry conditions, including those currently present;

limiting our ability to compete and our flexibility in planning for, or reacting to, current changes in our business and the industry;

requiring us to dedicate a substantial portion of our cash flow from operations to the payment of our indebtedness, thereby reducing the funds available to us for working capital, capital expenditures and any future business opportunities;

exposing us to the risk of increased interest rates as certain of our indebtedness is at variable rates of interest;

restricting us from making strategic acquisitions or causing us to make non-strategic divestitures;

limiting our planning flexibility for, or ability to react to, changes in our business and the industries in which we operate;

placing us at a competitive disadvantage with competitors who may have less indebtedness and other obligations or greater access to financing; and

limiting our ability to obtain additional financing in the future for working capital, capital expenditures, acquisitions, general corporate purposes or other purposes on satisfactory terms, or at all.

If our cash flow and capital resources are insufficient to service our debt obligations, we may be forced to sell assets, seek additional equity or debt capital or restructure our indebtedness. However, given the current economic climate, these measures might be unsuccessful or inadequate in permitting us to meet scheduled debt service obligations. In light of the current credit crisis or any future crisis, we may be unable to restructure or refinance our obligations and obtain additional equity financing or sell assets on satisfactory terms or at all. As a result, the inability to meet our debt obligations could cause us to default on those obligations. A default under any debt instrument could, in turn, result in defaults under other debt instruments.

To service our debt obligations and to fund capital expenditures, we will require a significant amount of cash to meet our needs, which depend on many factors beyond our control.

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 424B3

Our ability to service our debt obligations and to fund capital expenditures for display construction or renovation will require a significant amount of cash, which depends on many factors beyond our control. This is subject to general economic, financial, competitive, legislative, regulatory and other factors beyond our control, which may prevent us from securing sufficient cash to meet these needs. Our ability to make payments on and to refinance our indebtedness will also depend on our ability to generate cash in the future.

Table of Contents

We cannot ensure that our business will generate sufficient cash flow or that future borrowings will be available to us in an amount sufficient to enable us to pay our indebtedness or to fund our other liquidity needs. For the years ended December 31, 2009 and 2008, earnings were not sufficient to cover our fixed charges by \$987.0 million and \$3,140.4 million, respectively. For the three months ended March 31, 2010 and 2009, earnings were not sufficient to cover our fixed charges by \$57.5 million and \$68.1 million, respectively. If our future cash flow from operations, cash on hand and other capital resources are insufficient to pay our obligations as they mature or to fund our liquidity needs, we may be forced to reduce or delay our business activities and capital expenditures, sell assets, or attempt to obtain additional equity capital or restructure or refinance all or a portion of indebtedness debt on or before maturity. We cannot ensure that we will be able to refinance any of our debt on a timely basis or on satisfactory terms, if at all. In addition, the terms of our existing indebtedness and other future indebtedness may limit our ability to pursue these alternatives.

Despite current indebtedness levels, we and our subsidiaries may still be able to incur substantially more debt. This could further exacerbate the risks associated with our substantial leverage.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future. Although the indentures governing the notes contain restrictions on the incurrence of additional indebtedness, these restrictions are subject to a number of qualifications and exceptions, and the indebtedness incurred in compliance with these restrictions could be substantial. For example, our subsidiaries that are not guarantors, which include all of our foreign subsidiaries, may be able to incur substantially more indebtedness under the indentures than our subsidiaries that are guarantors. Accordingly, any indebtedness incurred by our foreign subsidiaries would be structurally senior to the notes. Moreover, the indentures governing the notes do not impose any limitation on our incurrence of liabilities that are not considered indebtedness under the indentures, and do not impose any limitation on liabilities incurred by our subsidiaries that might be designated as unrestricted subsidiaries. If we incur additional debt above our current levels, the risks associated with our substantial leverage would increase.

Our ability to generate the significant amount of cash needed to pay interest and principal on the notes and service our other debt and financial obligations and our ability to refinance all or a portion of our indebtedness or obtain additional financing depends on many factors beyond our control.

Our ability to make payments on and refinance our debt, including the notes (in the event we are required to make such payments on the notes pursuant to our guarantee) and to fund our operations will depend on our ability to generate substantial operating cash flow. Our cash flow generation will depend on our future performance, which will be subject to prevailing economic conditions and to financial, business and other factors, many of which are beyond our control.

Our business may not generate sufficient cash flow from operations and future borrowings may not be available to us in amounts sufficient to enable us to service our indebtedness, including the notes (in the event we are required to make such payments on the notes pursuant to our guarantee), or to fund our other liquidity needs. If we cannot service our debt, we will have to take actions such as reducing or delaying capital investments, selling assets, restructuring or refinancing our debt, or seeking additional equity capital. Any of these remedies may not, if necessary, be effected on commercially reasonable terms, or at all. Also, the indentures governing the notes will restrict us from adopting certain of these alternatives. Because of these and other factors beyond our control, we may be unable to pay the principal, premium, if any, interest, or other amounts on the notes (in the event we are required to make such payments on the notes pursuant to our guarantee). In addition, our liquidity could be negatively impacted by the financial condition of Clear Channel Communications. See **Risks Related to Our Relationship with Clear Channel Communications**. Any deterioration in the financial condition of Clear Channel Communications could adversely affect our access to the credit markets and increase our borrowing costs.

Table of Contents

Clear Channel Worldwide Holdings is a holding company that has no revenue-generating operations and will depend on payments received under the proceeds loans to make payments on the notes.

Clear Channel Worldwide Holdings is a holding company which holds the stock of the first tier foreign subsidiaries representing all of the total assets and revenue of the International segment. Clear Channel Worldwide Holdings will not be permitted to engage in any activities other than the ownership of all the outstanding equity interests in its subsidiaries and activities incidental thereto. Upon receipt of the proceeds from the outstanding notes offered pursuant to the private offering, Clear Channel Worldwide Holdings loaned, on a senior unsecured basis, amounts equal to the proceeds of the outstanding notes to CCOI which will be due and payable at the same times and in the same amounts as payments under the notes and which we refer to as the proceeds loans. Clear Channel Worldwide Holdings' ability to make payments on the notes is therefore dependent on the payments received under the proceeds loans and other funds that may be received from its subsidiaries. However, there is no obligation on the part of its subsidiaries to provide funds to Clear Channel Worldwide Holdings. If payments on the proceeds loans are not made by CCOI, for whatever reason, Clear Channel Worldwide Holdings may not have funds available to it that would permit it to make payments on the notes. In such circumstances, the holders of the notes would have to rely upon claims for payment under the guarantees, which claims would be subject to a number of risks described elsewhere under Risk Factors.

The notes are effectively subordinated to our total secured indebtedness.

The indentures governing the notes permit us to incur certain secured indebtedness. Accordingly, if we are involved in a bankruptcy, liquidation, dissolution, reorganization, or similar proceeding, or upon a default in payment on, or the acceleration of, any indebtedness under any secured credit facilities or our other secured indebtedness, our assets would be available to pay obligations on the notes only after all indebtedness under any secured credit facilities or other secured indebtedness have been paid in full from such assets. In addition, a default under the indentures governing the notes may cause an event of default under any secured credit facilities and the acceleration of debt under any secured credit facilities or the failure to pay such debt when due would, in certain circumstances, cause an event of default under the indentures governing the notes. See Description of the Exchange Notes Description of the A Notes Events of Default and Remedies and Description of the Exchange Notes Description of the B Notes Events of Default and Remedies. The lenders under any secured credit facilities would also be expected to have the right upon an event of default thereunder to terminate any commitments they have to provide further borrowings. If the debt under any secured credit facilities or the notes offered hereby were to be accelerated, our assets may not be sufficient to repay in full that debt, or any other debt that may become due as a result of that acceleration.

The notes are structurally subordinated to the liabilities of our subsidiaries that do not guarantee the notes. Your right to receive payments on the notes could be adversely affected if any of our non-guarantor subsidiaries or non-wholly-owned subsidiaries declare bankruptcy, liquidate or reorganize.

Our non-wholly-owned (and certain wholly-owned) domestic subsidiaries and our foreign subsidiaries will not guarantee the notes. As a result, the notes will be structurally subordinated to all existing and future obligations, including indebtedness, of our subsidiaries that do not guarantee the notes, and the claims of creditors of these subsidiaries, including trade creditors, will have priority as to the assets of these subsidiaries. In the event of a bankruptcy, liquidation or reorganization of any of our non-guarantor subsidiaries, holders of their indebtedness and their trade and other creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us and, in turn, to our creditors.

We may not have access to the cash flow and assets that may be needed to make payments on the notes in the event that we are required to make such payments pursuant to our guarantee.

In November 2005, we entered into a cash management arrangement with Clear Channel Communications whereby Clear Channel Communications provides us day-to-day cash management services. As part of this

Table of Contents

arrangement, substantially all of the cash generated from our domestic operations is transferred daily into Clear Channel Communications accounts and, in return, Clear Channel Communications funds certain of our operations. This arrangement is evidenced by the CCU Cash Management Note and the CCOH Cash Management Note. Each of the Cash Management Notes is a demand obligation; however, Clear Channel Communications is not under any contractual commitment to advance funds to us beyond the amounts outstanding under the note issued by Clear Channel Communications. Clear Channel Communications may continue to use the cash flows of our domestic operations for its own general corporate purposes pursuant to the terms of the existing cash management and intercompany arrangements between Clear Channel Communications and us.

In December 2009, Clear Channel Communications prepaid \$500.0 million of the CCU Cash Management Note. If Clear Channel Communications becomes the subject of bankruptcy proceedings within one year after such repayment of the CCU Cash Management Note, all or a portion of such repayment could be recovered from us if a bankruptcy court determines that Clear Channel Communications was insolvent at the time of the repayment and that such repayment was a preferential transfer that allowed us to receive a greater recovery than we would have realized in a hypothetical liquidation.

In addition, we derive substantially all of our operating income from our subsidiaries. We are dependent on the earnings and cash flow of our subsidiaries to meet our obligations with respect to our guarantee of the notes. We cannot assure you that our subsidiaries will be able to, or be permitted to, pay to us the amounts necessary to service the notes (in the event we are required to make such payments on the notes pursuant to our guarantee). Provisions of law, such as those requiring that dividends be paid only out of surplus, will also limit the ability of our subsidiaries to make distributions, loans, or other payments to us. In the event we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the notes (in the event we are required to make such payments on the notes pursuant to our guarantee). For more information regarding our relationship with Clear Channel Communications, see [Risks Related to Our Relationship with Clear Channel Communications](#).

The indentures governing the notes, the indentures governing the Clear Channel Communications senior notes, Clear Channel Communications Bank Credit Facility (of which Clear Channel Outdoor Holdings is a Restricted Subsidiary) and the Master Agreement with Clear Channel Communications impose restrictions on our ability to finance operations and capital needs, make acquisitions or engage in other business activities.

The notes, the Clear Channel Communications senior notes, Clear Channel Communications Bank Credit Facility and the Master Agreement with Clear Channel Communications include restrictive covenants that, among other things, restrict our ability to:

issue any shares of capital stock or securities convertible into capital stock;

incur or guarantee additional debt;

redeem, repurchase or retire our subordinated debt or our stock;

make certain investments;

create liens on our or our restricted subsidiaries' assets to secure debt;

create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries that are not guarantors of the notes;

enter into transactions with affiliates;

enter into sale leaseback transactions;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of our assets;

Table of Contents

sell certain assets, including capital stock of our subsidiaries;

alter the business that we conduct; and

designate our subsidiaries as unrestricted subsidiaries.

In addition, the indentures governing the notes require us to prepay the notes in full upon a change in control (as defined in the notes), and, upon asset sales, subject to certain exceptions, to prepay the notes in the amount of excess proceeds received from such asset sales. Our failure to comply with the terms and covenants in our indebtedness could lead to a default under the terms of those documents, which would entitle the holders to accelerate the indebtedness and declare all amounts owed due and payable.

The existence of these restrictions limits our ability to finance operations and capital needs, make acquisitions or engage in other business activities, including our ability to grow and increase our revenue or respond to competitive changes. The following is a discussion of our sources of capital:

Certain of our International subsidiaries may borrow against a \$150.0 million sub-limit included in Clear Channel Communications \$2.0 billion revolving credit facility, to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. As of March 31, 2010, the outstanding balance on the sub-limit was approximately \$150.0 million, of which \$5.0 million was drawn by us and the remaining amount was drawn by Clear Channel Communications.

As part of the day-to-day cash management services provided by Clear Channel Communications, we maintain accounts that represent net amounts due to or from Clear Channel Communications, which is recorded as Due from/to Clear Channel Communications on the consolidated balance sheet. The accounts represent the net of the balances on our revolving promissory note issued by us to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to us, each in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. Clear Channel Communications is not required to provide us with funds to finance our working capital or other cash requirements. Our claim in relation to cash transferred from our concentration account is on an unsecured basis and is limited to the balance of the Due from Clear Channel Communications account. If Clear Channel Communications were to become insolvent, we would be an unsecured creditor of Clear Channel Communications with respect to the revolving promissory note issued by Clear Channel Communications to us. At March 31, 2010, the asset recorded in Due from Clear Channel Communications on the consolidated balance sheet was \$160.5 million.

The calculation of Adjusted EBITDA pursuant to the indentures governing the notes permits certain estimates and assumptions that may differ materially from actual results but which would nonetheless permit us to incur indebtedness on the basis of those assumptions.

Although Adjusted EBITDA is derived from our financial statements (pro forma or historical, as the case may be), the calculation of EBITDA pursuant to the indentures governing the notes, permits certain estimates and assumptions that may differ materially from actual results. For example, the determination of the adjustment attributable to cost savings permits an estimate as to amount of cost savings which will be realized as a result of actions which either have been taken or are then expected to be taken. Although our management believes these estimates and assumptions are reasonable, investors should not place undue reliance upon the calculation of Adjusted EBITDA given how it is calculated and the possibility that the underlying estimates and assumptions may ultimately not reflect actual results. In addition, the indentures governing the notes permit us to adjust EBITDA for items that would not meet the standards for inclusion in pro forma financial statements under Regulation S-X and other SEC rules. Some of these adjustments may be too speculative to merit adjustment under Regulation S-X; however, the indentures governing the notes would permit such adjustments for purposes of determining Adjusted EBITDA. As a result of these adjustments, we may be able to incur more debt or pay dividends or make other restricted payments in greater amounts than would otherwise be permitted without such adjustments.

Table of Contents

Adjusted EBITDA is not a presentation made in accordance with GAAP, is not a measure of financial condition, liquidity or profitability and should not be considered as an alternative to net income (loss) determined in accordance with GAAP or operating cash flows determined in accordance with GAAP. Additionally, Adjusted EBITDA is not intended to be a measure of free cash flow for management's discretionary use, as it does not take into account certain items such as interest and principal payments on our indebtedness, depreciation and amortization expense, working capital needs, tax payments, non-recurring expenses and capital expenditures.

Certain transactions that may result in a change of ownership of Clear Channel Worldwide Holdings may not constitute a change of control. In addition, in the event of a change of control, Clear Channel Worldwide Holdings may not be able to fulfill its repurchase obligations under the indentures governing the notes.

Under the indentures governing the notes, upon the occurrence of any change of control, Clear Channel Worldwide Holdings will be required to make a change of control offer to repurchase the notes at a price equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of repurchase. The definition of change of control in the indentures governing the notes includes, among other things, (i) the issuer ceasing to be a wholly-owned subsidiary of Clear Channel Outdoor Holdings, Inc. or Clear Channel Outdoor Holdings, Inc. becoming a wholly-owned subsidiary of Clear Channel Communications, (ii) a sale of all or substantially all of Clear Channel Outdoor Holdings, Inc.'s assets to persons other than Permitted Holders (as defined under Description of the Exchange Notes Description of the A Notes Certain Definitions and Description of the Exchange Notes Description of the B Notes Certain Definitions), (iii) the acquisition of more than 50% of the voting power of the voting stock of Clear Channel Outdoor Holdings, Inc. or any of its parent companies by persons other than Permitted Holders and (iv) certain changes in the board of directors of Clear Channel Outdoor Holdings, Inc. However, a change of control under clause (iii) would not be triggered by (a) any restructuring of all or substantially all of any series, class, tranche or facility of indebtedness of any parent of Clear Channel Outdoor Holdings, Inc., (b) any debt workout and similar transactions involving all or substantially all of any series, class, tranche or facility of indebtedness of any parent of Clear Channel Outdoor Holdings, Inc., including any restructuring of indebtedness in connection with any consensual or negotiated arrangement or any court approved or ordered arrangement or plan, (c) any exchange or conversion of all or substantially all of any series, class, tranche or facility of indebtedness for or to any equity interests or any issuance of equity interests for cash or other consideration (other than any public offering of capital stock and any offering of capital stock that is underwritten for resale pursuant to Rule 144A or Regulation S of the Securities Act) as result of which all or substantially all of any series, class, tranche or facility of indebtedness of such parent is repaid, retired, exchanged for equity, cancelled, extinguished or otherwise discharged or (d) any other transactions that have substantially the effect of any of the foregoing; provided, however, that in each case, such restructuring, debt workout, exchange, conversion or other transaction does not involve the consensual sale for cash consideration of capital stock of any such parent of Clear Channel Outdoor Holdings, Inc. owned by the Investors (as defined under Description of the Exchange Notes Description of the A Notes Certain Definitions and Description of the Exchange Notes Description of the B Notes Certain Definitions).

Any change of control would be expected to constitute a default under any secured credit facilities. Therefore, upon the occurrence of a change of control, the lenders under any secured credit facilities would be expected to have the right to accelerate their loans, and if so accelerated, we would be required to repay all of our outstanding obligations under any secured credit facilities. Also, any secured credit facilities generally would be expected to prohibit us from purchasing any notes if we do not repay all borrowings under such facilities first or obtain the consent of the lenders under such facilities. Accordingly, unless we first repay all such borrowings or obtain the consent of such lenders, we would be expected to be prohibited from purchasing the notes upon a change of control.

In addition, if a change of control occurs, there can be no assurance that Clear Channel Worldwide Holdings will have available funds sufficient to pay the change of control purchase price for any of the notes that might be delivered by holders of the notes seeking to accept the change of control offer and, accordingly, none of the holders of the notes may receive the change of control purchase price for their notes. Clear Channel Worldwide

Holdings' failure to make the change of control offer or to pay the change of control purchase price with respect to the notes when due would result in a default under the indentures governing the notes. See "Description of the Exchange Notes," "Description of the A Notes," "Events of Default and Remedies," and "Description of the Exchange Notes," "Description of the B Notes," "Events of Default and Remedies."

Federal and state statutes may allow courts, under specific circumstances, to void the notes and the guarantees, subordinate claims in respect of the notes and the guarantees and require noteholders to return payments received.

Clear Channel Worldwide Holdings' issuance of the notes and the issuance of the guarantees by the guarantors, as well as other components of the offering may be subject to review under state and Federal laws if a bankruptcy, liquidation or reorganization case or a lawsuit, including in circumstances in which bankruptcy is not involved, were commenced at some future date by us, by the guarantors or on behalf of our unpaid creditors or the unpaid creditors of a guarantor. Under the Federal bankruptcy laws and comparable provisions of state fraudulent transfer and fraudulent conveyance laws, a court may void or otherwise decline to enforce the notes and a guarantor's guarantee, or a court may subordinate the notes and such guarantee to our or the applicable guarantor's existing and future indebtedness.

While the relevant laws may vary from state to state, a court might void or otherwise decline to enforce the notes if it found that when Clear Channel Worldwide Holdings issued the notes, when the applicable guarantor entered into its guarantee or, in some states, when payments became due under the notes or such guarantee, Clear Channel Worldwide Holdings or the applicable guarantor received less than reasonably equivalent value or fair consideration and either:

Clear Channel Worldwide Holdings or the applicable guarantor was insolvent, or rendered insolvent by reason of such incurrence; or

Clear Channel Worldwide Holdings or the applicable guarantor was engaged in a business or transaction for which Clear Channel Worldwide Holdings' or the applicable guarantor's remaining assets constituted unreasonably small capital; or

Clear Channel Worldwide Holdings or the applicable guarantor intended to incur, or believed or reasonably should have believed that Clear Channel Worldwide Holdings or the applicable guarantor would incur, debts beyond Clear Channel Worldwide Holdings' or such guarantor's ability to pay such debts as they mature; or

Clear Channel Worldwide Holdings or the applicable guarantor was, a defendant in an action for money damages, or had a judgment for money damages docketed against Clear Channel Worldwide Holdings or such guarantor if, in either case, after final judgment, the judgment is unsatisfied.

The court might also void the notes or a guarantee without regard to the above factors, if the court found that we issued the notes or the applicable guarantor entered into its guarantee with actual intent to hinder, delay or defraud our or its creditors.

A court would likely find that we or a guarantor did not receive reasonably equivalent value or fair consideration for the notes or such guarantee if we or such guarantor did not substantially benefit directly or indirectly from the issuance of the notes or the applicable guarantee. As a general matter, value is given for a note or guarantee if, in exchange for the note or guarantee, property is transferred or an antecedent debt is satisfied. A debtor will generally not be considered to have received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment or otherwise retire or redeem equity securities issued by the debtor. For example, in a transaction such as this offering, there is increased risk of a determination that Clear Channel Worldwide Holdings incurred debt obligations for less than reasonably equivalent value or fair consideration as a court may find that the benefit of the transaction went to Clear Channel Communications, while neither Clear Channel Worldwide Holdings nor the guarantors benefited substantially or directly from the notes or the guarantees.

Table of Contents

The measures of insolvency applied by courts will vary depending upon the particular fraudulent transfer law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, an entity would be considered insolvent if:

the sum of its debts, including subordinated and contingent liabilities, was greater than the fair saleable value of its assets; or

if the present fair saleable value of its assets were less than the amount that would be required to pay the probable liability on its existing debts, including subordinated and contingent liabilities, as they become absolute and mature; or

it cannot pay its debts as they become due.

In the event of a finding that a fraudulent conveyance or transfer has occurred, the court may void, or hold unenforceable, the notes or any of the guarantees, which could mean that you may not receive any payments on the notes and the court may direct you to repay any amounts that you have already received from Clear Channel Worldwide Holdings or any guarantor to Clear Channel Worldwide Holdings, such guarantor or a fund for the benefit of Clear Channel Worldwide Holdings or such guarantor's creditors. Furthermore, the holders of voided notes would cease to have any direct claim against Clear Channel Worldwide Holdings or the applicable guarantor. Consequently, Clear Channel Worldwide Holdings or the applicable guarantor's assets would be applied first to satisfy Clear Channel Worldwide Holdings or the applicable guarantor's other liabilities, before any portion of its assets could be applied to the payment of the notes. Sufficient funds to repay the notes may not be available from other sources, including the remaining guarantors, if any. Moreover, the voidance of the notes or a guarantee could result in an event of default with respect to Clear Channel Worldwide Holdings and its guarantors' other debt that could result in acceleration of such debt (if not otherwise accelerated due to Clear Channel Worldwide Holdings or its guarantors' insolvency or other proceeding).

Although each guarantee will contain a provision intended to limit that guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer, this provision may not be effective to protect those guarantees from being voided under fraudulent transfer law, or may reduce that guarantor's obligation to an amount that effectively makes its guarantee worthless.

In the event of a bankruptcy proceeding, the claims of noteholders may be reduced.

Because the terms of the proceeds loans mirror the terms of the notes and because the same obligations underlie CCOI's guarantee and the proceeds loans, in the event of a bankruptcy proceeding, the claim of the noteholders with respect to CCOI's guarantee and of Clear Channel Worldwide Holdings with respect to the proceeds loans might not be treated by the court administering such bankruptcy proceeding as separate claims. In any event, the existence of the proceeds loans will not allow the noteholders to recover in excess of the amount they would otherwise be entitled to recover were the proceeds loans not to have been executed.

Risks Related to our Business

We may be adversely affected by a general deterioration in economic conditions.

The risks associated with our businesses become more acute in periods of a slowing economy or recession, which may be accompanied by a decrease in advertising. Expenditures by advertisers tend to be cyclical, reflecting overall economic conditions and budgeting and buying patterns. The global economic downturn resulted in a decline in advertising and marketing by our customers, resulting in a decline in advertising revenues across our businesses. This reduction in advertising revenues has had an adverse effect on our revenue, profit margins, cash flow and liquidity. The continuation of the global economic downturn may continue to adversely impact our revenue, profit margins, cash flow and liquidity.

Table of Contents

Primarily as a result of the global economic downturn, revenue decreased by \$591.3 million during 2009 as compared to 2008. Our Americas revenue declined \$192.1 million during 2009 compared to 2008, attributable to decreases in poster and bulletin revenues associated with cancellations and non-renewals from major national advertisers. Our International outdoor revenue also declined \$399.2 million primarily as a result of challenging advertising markets and the negative impact of foreign exchange. While revenue increased by \$26.6 million during the first quarter of 2010 as compared to the first quarter of 2009, \$27.0 million of this increase was due to movements in foreign exchange and therefore is not indicative of a change in advertising and marketing by our customers.

Additionally, we performed an interim impairment test in the fourth quarter of 2008, and again in the second quarter of 2009, primarily on our indefinite-lived assets and goodwill and recorded non-cash impairment charges of \$3,217.6 million and \$812.4 million, respectively. While we believe we have made reasonable estimates and utilized appropriate assumptions to calculate the fair value of our licenses, billboard permits and reporting units, it is possible a material change could occur. If future results are not consistent with our assumptions and estimates, we may be exposed to further impairment charges in the future.

Our restructuring program may not be entirely successful.

In the fourth quarter of 2008, we commenced a restructuring program (the restructuring program) targeting a reduction in fixed costs through renegotiations of lease agreements, workforce reductions, the elimination of overlapping functions and other cost savings initiatives. The program has resulted in restructuring and other expenses, and we may incur additional costs pursuant to the program in the future. No assurance can be given that the restructuring program will achieve the anticipated cost savings in the timeframe expected or at all, or for how long any cost savings will persist. In addition, the restructuring program may be modified or terminated in response to economic conditions or otherwise.

Our financial performance may be adversely affected by certain variables which are not in our control.

Certain variables that could adversely affect our financial performance by, among other things, leading to decreases in overall revenue, the numbers of advertising customers, advertising fees, or profit margins include:

unfavorable economic conditions, both general and relative to the outdoor advertising and all related industries, which may cause companies to reduce their expenditures on advertising;

unfavorable shifts in population and other demographics which may cause us to lose advertising customers as people migrate to markets where we have a smaller presence, or which may cause advertisers to be willing to pay less in advertising fees if the general population shifts into a less desirable age, geographic or other demographic from an advertising perspective;

an increased level of competition for advertising dollars, which may lead to lower advertising rates as we attempt to retain customers or which may cause us to lose customers to our competitors who offer lower rates that we are unable or unwilling to match;

unfavorable fluctuations in operating costs which we may be unwilling or unable to pass through to our customers;

technological changes and innovations that we are unable to adopt or are late in adopting that offer more attractive advertising alternatives than what we currently offer, which may lead to a loss of advertising customers or to lower advertising rates; and

unfavorable changes in labor conditions which may require us to spend more to retain and attract key employees; and changes in governmental regulations and policies and actions of regulatory bodies, including changes to restrictions on rebuilding non-conforming structures, which could restrict the advertising media which we employ, or changes that restrict some or all of our customers that operate in regulated areas from using certain advertising media, or from advertising at all.

Table of Contents

We are dependent on our ability to attract, motivate and retain management and key employees.

Our business is dependent on our ability to attract, motivate and retain members of our senior management group and other key employees, including local market managers. Many members of our management team have been with the Company for a significant period of time. Certain members of our senior management have recently left the Company or changed their role within the Company. Most recently, on June 23, 2010, we announced that Mark P. Mays will transition from his role as our Chief Executive Officer to Chairman of Clear Channel Outdoor Holdings, effective upon the hiring of a new Chief Executive Officer for Clear Channel Outdoor Holdings. Although we have hired new executive officers, if we are unable to hire new employees to replace these senior managers or are not successful in attracting, motivating and retaining other key employees, our business could be adversely affected.

We face intense competition in the outdoor advertising industry.

We operate in a highly competitive industry, and we may not be able to maintain or increase our current advertising and sales revenues. Our advertising properties compete for audiences and advertising revenue with other outdoor advertising companies, as well as with other media, such as radio, newspapers, magazines, television, direct mail, satellite radio and Internet based media, within their respective markets. Market shares are subject to change, which could have the effect of reducing our revenue in that market. Our competitors may develop services or advertising media that are equal or superior to those we provide or that achieve greater market acceptance and brand recognition than we achieve. It is possible that new competitors may emerge and rapidly acquire significant market share in any of our business segments. An increased level of competition for advertising dollars may lead to lower advertising rates as we attempt to retain customers or may cause us to lose customers to our competitors who offer lower rates that we are unable or unwilling to match.

Environmental, health, safety and land use laws and regulations may limit or restrict some of our operations.

As the owner or operator of various real properties and facilities, we must comply with various foreign, Federal, state and local environmental, health, safety and land use laws and regulations. We and our properties are subject to such laws and regulations relating to the use, storage, disposal, emission and release of hazardous and non-hazardous substances and employee health and safety as well as zoning restrictions. Historically, we have not incurred significant expenditures to comply with these laws. However, additional laws which may be passed in the future, or a finding of a violation of or liability under existing laws, could require us to make significant expenditures and otherwise limit or restrict some of our operations.

Government regulation of outdoor advertising may restrict our outdoor advertising operations.

United States Federal, state and local regulations have a significant impact on the outdoor advertising industry and our business. One of the seminal laws is the HBA, which regulates outdoor advertising on the 306,000 miles of Federal-Aid Primary, Interstate and National Highway Systems. The HBA regulates the size and location of billboards, mandates a state compliance program, requires the development of state standards, promotes the expeditious removal of illegal signs, and requires just compensation for takings. Construction, repair, maintenance, lighting, upgrading, height, size, spacing, the location and permitting of billboards and the use of new technologies for changing displays, such as digital displays, are regulated by Federal, state and local governments. From time to time, states and municipalities have prohibited or significantly limited the construction of new outdoor advertising structures, and also permitted non-conforming structures to be rebuilt by third parties. Changes in laws and regulations affecting outdoor advertising at any level of government, including laws of the foreign jurisdictions in which we operate, could have a significant financial impact on us by requiring us to make significant expenditures or otherwise limiting or restricting some of our operations.

From time to time, certain state and local governments and third parties have attempted to force the removal of our displays under various state and local laws, including zoning ordinances, permit enforcement, condemnation and amortization. Amortization is the attempted forced removal after a period of years of legal but non-conforming

Table of Contents

billboards (billboards which conformed with applicable zoning regulations when built, but which do not conform to current zoning regulations) or the commercial advertising placed on such billboards. Pursuant to this concept, the governmental body asserts that just compensation is earned by continued operation of the billboard over time. Amortization is prohibited along all controlled roads and generally prohibited along non-controlled roads. Amortization has, however, been upheld along non-controlled roads in limited instances where provided by state and local law. Other regulations limit our ability to rebuild, replace, repair, maintain and upgrade non-conforming displays. In addition, from time to time third parties or local governments assert that we own or operate displays that either are not properly permitted or otherwise are not in strict compliance with applicable law. For example, recent court rulings have upheld regulations in the City of New York that may impact the number of displays we have in certain areas within the city. Although we believe that the number of our billboards that may be subject to removal based on alleged noncompliance is immaterial, from time to time we have been required to remove billboards for alleged noncompliance. Such regulations and allegations have not had a material impact on our results of operations to date, but if we are increasingly unable to resolve such allegations or obtain acceptable arrangements in circumstances in which our displays are subject to removal, modification, or amortization, or if there occurs an increase in such regulations or their enforcement, our operating results could suffer.

A number of state and local governments have implemented or initiated legislative billboard controls, including taxes, fees and registration requirements in an effort to decrease or restrict the number of outdoor signs and/or to raise revenue. In addition, a number of jurisdictions, including the City of Los Angeles, have implemented legislation or interpreted existing legislation to restrict or prohibit the installation of new digital billboards. While these controls have not had a material impact on our business and financial results to date, we expect states and local governments to continue these efforts. The increased imposition of these controls and our inability to overcome any such regulations could reduce our operating income if those outcomes require removal or restrictions on the use of preexisting displays. In addition, if we are unable to pass on the cost of these items to our clients, our operating income could be adversely affected.

International regulation of the outdoor advertising industry varies by region and country, but generally limits the size, placement, nature and density of out-of-home displays. Other regulations limit the subject matter and language of out-of-home displays. For instance, the United States and most European Union countries, among other nations, have banned outdoor advertisements for tobacco products. Our failure to comply with these or any future international regulations could have an adverse impact on the effectiveness of our displays or their attractiveness to clients as an advertising medium and may require us to make significant expenditures to ensure compliance. As a result, we may experience a significant impact on our operations, revenue, International client base and overall financial condition.

Capital requirements necessary to implement strategic initiatives could pose risks.

The purchase price of possible acquisitions, capital expenditures for deployment of digital billboards and/or other strategic initiatives could require additional indebtedness or equity financing on our part. Since the terms and availability of this financing depend to a large degree upon general economic conditions and third parties over which we have no control, we can give no assurance that we will obtain the needed financing or that we will obtain such financing on attractive terms. In addition, our ability to obtain financing depends on a number of other factors, many of which are also beyond our control, such as interest rates and national and local business conditions. If the cost of obtaining needed financing is too high or the terms of such financing are otherwise unacceptable in relation to the strategic opportunity we are presented with, we may decide to forego that opportunity. Additional indebtedness could increase our leverage and make us more vulnerable to economic downturns and may limit our ability to withstand competitive pressures.

Additional restrictions on outdoor advertising of tobacco, alcohol and other products may further restrict the categories of clients that can advertise using our products.

Out-of-court settlements between the major United States tobacco companies and all 50 states, the District of Columbia, the Commonwealth of Puerto Rico and four other United States territories include a ban on the

Table of Contents

outdoor advertising of tobacco products. Other products and services may be targeted in the future, including alcohol products. Any significant reduction in alcohol-related advertising due to content-related restrictions could cause a reduction in our direct revenue from such advertisements and an increase in the available space on the existing inventory of billboards in the outdoor advertising industry.

Doing business in foreign countries creates certain risks not found in doing business in the United States.

Doing business in foreign countries carries with it certain risks that are not found in doing business in the United States. The risks of doing business in foreign countries that could result in losses against which we are not insured include:

exposure to local economic conditions;

potential adverse changes in the diplomatic relations of foreign countries with the United States;

hostility from local populations;

the adverse effect of currency exchange controls;

restrictions on the withdrawal of foreign investment and earnings;

government policies against businesses owned by foreigners;

investment restrictions or requirements;

expropriations of property;

the potential instability of foreign governments;

the risk of insurrections;

risks of renegotiation or modification of existing agreements with governmental authorities;

foreign exchange restrictions;

withholding and other taxes on remittances and other payments by subsidiaries;

changes in taxation structure; and

changes in laws or regulations or the interpretation or application of laws or regulations.

In addition, because we own assets overseas and derive revenue from our International operations, we may incur currency translation losses due to changes in the values of foreign currencies and in the value of the United States dollar. We cannot predict the effect of exchange rate fluctuations upon future operating results.

The success of our street furniture and transit products is dependent on our obtaining key municipal concessions, which we may not be able to obtain on favorable terms.

Our street furniture and transit products businesses require us to obtain and renew contracts with municipalities and other governmental entities. Many of these contracts, which require us to participate in competitive bidding processes at each renewal, typically have terms ranging from three to 20 years and have revenue share and/or fixed payment components. Our inability to successfully negotiate, renew or complete these contracts due to governmental demands and delay and the highly competitive bidding processes for these contracts could affect our ability to offer these products to our clients, or to offer them to our clients at rates that are competitive to other forms of advertising, without adversely affecting our financial results.

The lack of availability of potential acquisitions at reasonable prices could harm our growth strategy.

Our strategy is to pursue strategic opportunities and to optimize our portfolio of assets. We face competition from other outdoor advertising companies for acquisition opportunities. The purchase price of possible acquisitions could require the incurrence of additional debt or equity financing on our part. Since the terms and

Table of Contents

availability of this financing depend to a large degree upon general economic conditions and third parties over which we have no control, we can give no assurance that we will obtain the needed financing at all, or that we will obtain such financing on attractive terms. In addition, our ability to obtain financing depends on a number of other factors, many of which are also beyond our control, such as interest rates and national and local business conditions. If the cost of obtaining needed financing is too high or the terms of such financing are otherwise unacceptable in relation to the acquisition opportunity we are presented with, we may decide to forgo that opportunity. Additional indebtedness could increase our leverage and make us more vulnerable in economic downturns, including in the current downturn, and may limit our ability to withstand competitive pressures. Additional equity financing could result in dilution to our shareholders.

Future transactions could pose risks.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material. Our acquisition strategy involves numerous risks, including:

certain of our acquisitions may prove unprofitable and fail to generate anticipated cash flows;

to successfully manage our large portfolio of outdoor advertising and other properties, we may need to:

recruit additional senior management as we cannot be assured that senior management of acquired companies will continue to work for us and we cannot be certain that any of our recruiting efforts will succeed, and

expand corporate infrastructure to facilitate the integration of our operations with those of acquired properties, because failure to do so may cause us to lose the benefits of any expansion that we decide to undertake by leading to disruptions in our ongoing businesses or by distracting our management;

entry into markets and geographic areas where we have limited or no experience;

we may encounter difficulties in the integration of operations and systems;

our management's attention may be diverted from other business concerns; and

we may lose key employees of acquired companies.

Additional acquisitions by us may require antitrust review by Federal antitrust agencies and may require review by foreign antitrust agencies under the antitrust laws of foreign jurisdictions. We can give no assurances the United States Department of Justice (DOJ), the Federal Trade Commission or foreign antitrust agencies will not seek to bar us from acquiring additional outdoor advertising properties in any market where we already have a significant position. The DOJ actively reviews proposed acquisitions of outdoor advertising properties. In addition, the antitrust laws of foreign jurisdictions will apply if we acquire international outdoor advertising properties.

We may be adversely affected by the occurrence of extraordinary events, such as terrorist attacks.

The occurrence of extraordinary events, such as terrorist attacks, intentional or unintentional mass casualty incidents, or similar events may substantially decrease the use of and demand for advertising, which may decrease our revenue or expose us to substantial liability. The September 11, 2001 terrorist attacks, for example, caused a nationwide disruption of commercial activities. The occurrence of future terrorist attacks, military actions by the United States, contagious disease outbreaks, or similar events cannot be predicted, and their occurrence can be expected to further negatively affect the economies of the United States and other foreign countries where we do business generally, specifically

the market for advertising.

Risks Related to Our Relationship with Clear Channel Communications

Our historical financial information prior to our initial public offering in November 2005 (the "IPO") is not necessarily representative of the results we would have achieved as an independent publicly traded company and may not be a reliable indicator of our future results.

The historical combined financial information prior to the IPO included in this prospectus does not reflect the financial condition, results of operations or cash flows we would have achieved as an independent publicly traded company during the periods presented or those results we will achieve in the future. This is primarily a result of the following factors:

Our historical combined financial results reflect allocations of corporate expenses from Clear Channel Communications.

Our working capital requirements and capital for our general corporate purposes, including acquisitions and capital expenditures, historically have been satisfied as part of the corporate-wide cash management policies of Clear Channel Communications. Subsequent to the IPO, Clear Channel Communications is not required to provide us with funds to finance our working capital or other cash requirements. Without the opportunity to obtain financing from Clear Channel Communications, we may in the future need to obtain additional financing from banks, or through public offerings or private placements of debt or equity securities, strategic relationships or other arrangements. We may incur debt on terms and at interest rates that will not be as favorable as those generally enjoyed by Clear Channel Communications.

We are obligated to continue to use the services of Clear Channel Communications under the Corporate Services Agreement until such time as Clear Channel Communications owns less than 50% of the total voting power of our common stock, or longer for certain information technology services, and, in the event our Corporate Services Agreement with Clear Channel Communications terminates, we may not be able to replace the services Clear Channel Communications provides us until such time or in a timely manner or on comparable terms.

Pursuant to a cash management arrangement, substantially all of the cash generated from our domestic Americas operations is transferred daily into accounts of our parent company, Clear Channel Communications (after satisfying the funding requirements of the Trustee Account), where funds of ours and of Clear Channel Communications may be commingled. These amounts are evidenced by a revolving promissory note issued by Clear Channel Communications to us. We do not have a commitment from Clear Channel Communications to advance funds to us, and we have no access to the cash transferred from us to Clear Channel Communications. If Clear Channel Communications were to become insolvent, we would be an unsecured creditor of Clear Channel Communications. In such event, we would be treated the same as other unsecured creditors of Clear Channel Communications and, if we were not entitled to the cash previously transferred to Clear Channel Communications, or could not obtain such cash on a timely basis, we could experience a liquidity shortfall.

Because Clear Channel Communications controls substantially all of the total voting power of our common stock, investors will not be able to affect the outcome of any shareholder vote.

As of December 31, 2009, Clear Channel Communications indirectly owned all of our outstanding shares of Class B common stock, representing approximately 89% of the outstanding shares of our common stock. Each share of our Class B common stock entitles its holder to 20 votes and each share of our Class A common stock entitles its holder to 1 vote on all matters on which shareholders are entitled to vote. As a result, Clear Channel Communications controlled approximately 99% of the total voting power of our common stock.

For so long as Clear Channel Communications continues to own shares of our common stock representing more than 50% of the total voting power of our common stock, it will have the ability to direct the election of all members of our Board of Directors and to exercise a controlling influence over our business and affairs,

Table of Contents

including any determinations with respect to mergers or other business combinations, our acquisition or disposition of assets, our incurrence of indebtedness, our issuance of any additional common stock or other equity securities, our repurchase or redemption of common stock or preferred stock, if applicable, and our payment of dividends. Similarly, Clear Channel Communications will have the power to determine or significantly influence the outcome of matters submitted to a vote of our shareholders, including the power to prevent an acquisition or any other change in control. Because Clear Channel Communications' interests as our controlling shareholder may differ from other shareholders' interests, actions taken by Clear Channel Communications with respect to us may not be favorable to all shareholders.

We have entered into a Master Agreement, a Corporate Services Agreement, a Trademark License Agreement and a number of other agreements with Clear Channel Communications setting forth various matters governing our relationship with Clear Channel Communications while it remains a significant shareholder in us. These agreements govern our relationship with Clear Channel Communications and allow Clear Channel Communications to retain control over, among other things, our continued use of the trademark "Clear Channel," the provision of corporate services to us, our cash management and our ability to make certain acquisitions or to merge or consolidate or to sell all or substantially all our assets. The rights of Clear Channel Communications under these agreements may allow Clear Channel Communications to delay or prevent an acquisition of us that our other shareholders may consider favorable. We are not able to terminate these agreements or amend them in a manner we deem more favorable so long as Clear Channel Communications continues to own shares of our common stock representing more than 50% of the total voting power of our common stock.

Conflicts of interest may arise between Clear Channel Communications and us that could be resolved in a manner unfavorable to us.

Questions relating to conflicts of interest may arise between Clear Channel Communications and us in a number of areas relating to our past and ongoing relationships. Clear Channel Communications is now owned indirectly by CC Media Holdings. Three of our directors serve as directors of CC Media Holdings. Three of our other directors are affiliated with CC Media Holdings and its shareholders. In addition, four of our executive officers serve as executive officers of CC Media Holdings. For as long as Clear Channel Communications continues to own shares of our common stock representing more than 50% of the total voting power of our common stock, it has the ability to direct the election of all the members of our Board of Directors and to exercise a controlling influence over our business and affairs.

Areas in which conflicts of interest between Clear Channel Communications and us could arise include, but are not limited to, the following:

Cross officerships, directorships and stock ownership. The ownership interests of our directors or executive officers in the common stock of CC Media Holdings or service as a director or officer of both CC Media Holdings and us could create, or appear to create, conflicts of interest when directors and executive officers are faced with decisions that could have different implications for the two companies. For example, these decisions could relate to (i) the nature, quality and cost of services rendered to us by Clear Channel Communications, (ii) disagreement over the desirability of a potential acquisition opportunity, (iii) employee retention or recruiting or (iv) our dividend policy.

Intercompany transactions. From time to time, Clear Channel Communications or its affiliates may enter into transactions with us or our subsidiaries or other affiliates. Although the terms of any such transactions will be established based upon negotiations between employees of Clear Channel Communications and us and, when appropriate, subject to the approval of the independent directors on our Board or a committee of disinterested directors, there can be no assurance the terms of any such transactions will be as favorable to us or our subsidiaries or affiliates as may otherwise be obtained in arm's length negotiations.

Intercompany agreements. We have entered into certain agreements with Clear Channel Communications pursuant to which it provides us certain management, administrative, accounting, tax,

Table of Contents

legal and other services, for which we reimburse Clear Channel Communications on a cost basis. In addition, we entered into a number of intercompany agreements covering matters such as tax sharing and our responsibility for certain liabilities previously undertaken by Clear Channel Communications for certain of our businesses. Pursuant to the Corporate Services Agreement between Clear Channel Communications and us, we are contractually obligated to utilize the services of the chief executive officer of Clear Channel Communications as our Chief Executive Officer and the chief financial officer of Clear Channel Communications as our Chief Financial Officer until Clear Channel Communications owns shares of our common stock representing less than 50% of the total voting power of our common stock, or we provide Clear Channel Communications with six months prior written notice of termination. The terms of these agreements were established while we were a wholly owned subsidiary of Clear Channel Communications and were not the result of arm's length negotiations. In addition, conflicts could arise in the interpretation or any extension or renegotiation of these existing agreements.

If Clear Channel Communications engages in the same type of business we conduct or takes advantage of business opportunities that might be attractive to us, our ability to successfully operate and expand our business may be hampered.

Our amended and restated certificate of incorporation provides that, subject to any contractual provision to the contrary, Clear Channel Communications will have no obligation to refrain from:

engaging in the same or similar business activities or lines of business as us; or

doing business with any of our clients, customers or vendors.

In addition, the corporate opportunity policy set forth in our amended and restated certificate of incorporation addresses potential conflicts of interest between our company, on the one hand, and Clear Channel Communications or CC Media Holdings and its officers and directors who are officers or directors of our company, on the other hand. The policy provides that if Clear Channel Communications or CC Media Holdings acquires knowledge of a potential transaction or matter which may be a corporate opportunity for both Clear Channel Communications and us, we will have renounced our interest in the corporate opportunity. It also provides that if one of our directors or officers who is also a director or officer of Clear Channel Communications or CC Media Holdings learns of a potential transaction or matter that may be a corporate opportunity for both Clear Channel Communications and us, we will have renounced our interest in the corporate opportunity, unless that opportunity is expressly offered to that person in writing solely in his or her capacity as our director or officer.

If one of our officers or directors, who also serves as a director or officer of Clear Channel Communications or CC Media Holdings, learns of a potential transaction or matter that may be a corporate opportunity for both Clear Channel Communications and us, our amended and restated certificate of incorporation provides that the director or officer will have no duty to communicate or present that corporate opportunity to us and will not be liable to us or our shareholders for breach of fiduciary duty by reason of Clear Channel Communications' actions with respect to that corporate opportunity.

This policy could result in Clear Channel Communications having rights to corporate opportunities in which both we and Clear Channel Communications have an interest.

We are a controlled company within the meaning of the New York Stock Exchange (NYSE) rules and, as a result, will qualify for, and intend to rely on, exemptions from certain corporate governance requirements that may not provide as many protections as those afforded to shareholders of other companies.

Clear Channel Communications owns shares of our common stock representing more than 50% of the total voting power of our common stock, and we are a controlled company under the NYSE corporate governance

standards. As a controlled company, we may elect to utilize certain exemptions under the NYSE standards that free us from the obligation to comply with certain NYSE corporate governance requirements, including the requirements (i) that a majority of the Board of Directors consists of independent directors, (ii) that we have a Nominating and Governance Committee, and that such Committee be composed entirely of independent directors and governed by a written charter addressing the Committee's purpose and responsibilities, (iii) that we have a Compensation Committee composed entirely of independent directors with a written charter addressing the Committee's purpose and responsibilities and (iv) for an annual performance evaluation of the Compensation Committee. We intend to continue to utilize certain of these exemptions and, as a result, we may not create or maintain a Nominating and Governance Committee, and the Nominating and Governance Committee, if created, and the Compensation Committee may not consist entirely of independent directors, and our Board of Directors may not consist of a majority of independent directors. Accordingly, you may not have the same protections afforded to shareholders of companies that are subject to all of the NYSE corporate governance requirements.

We do not have control over our tax decisions and could be liable for income taxes owed by Clear Channel Communications.

For so long as Clear Channel Communications continues to own shares of our common stock representing at least 80% of the total voting power and value of our common stock, we and certain of our subsidiaries will be included in Clear Channel Communications' consolidated group for U.S. Federal income tax purposes for all pre-merger periods and CC Media Holdings' consolidated group for post-merger periods. In addition, we or one or more of our subsidiaries may be included in the combined, consolidated or unitary tax returns of Clear Channel Communications for pre-merger periods and CC Media Holdings for post-merger periods or one or more of its subsidiaries for foreign, state and local income tax purposes. Under the Tax Matters Agreement, we pay to Clear Channel Communications the amount of Federal, foreign, state and local income taxes which we would be required to pay to the relevant taxing authorities if we and our subsidiaries filed combined, consolidated or unitary tax returns and were not included in the consolidated, combined or unitary tax returns of Clear Channel Communications or its subsidiaries. In addition, by virtue of its controlling ownership and the Tax Matters Agreement, Clear Channel Communications effectively controls all of our tax decisions. The Tax Matters Agreement provides that Clear Channel Communications has the sole authority to respond to and conduct all tax proceedings (including tax audits) relating to us, to file all income tax returns on our behalf and to determine the amount of our liability to (or entitlement to payment from) Clear Channel Communications under the Tax Matters Agreement. This arrangement may result in conflicts of interest between Clear Channel Communications and us. For example, under the Tax Matters Agreement, Clear Channel Communications is able to choose to contest, compromise, or settle any adjustment or deficiency proposed by the relevant taxing authority in a manner that may be beneficial to Clear Channel Communications and detrimental to us.

Moreover, notwithstanding the Tax Matters Agreement, Federal law provides that each member of a consolidated group is liable for the group's entire tax obligation. Thus, to the extent Clear Channel Communications or other members of the group fail to make any United States Federal income tax payments required by law, we would be liable for the shortfall. Similar principles may apply for foreign, state and local income tax purposes where we file combined, consolidated or unitary returns with Clear Channel Communications or its subsidiaries for Federal, foreign, state and local income tax purposes.

If Clear Channel Communications spins off our Class B common stock to the CC Media Holdings stockholders, we have agreed in the Tax Matters Agreement to indemnify Clear Channel Communications for its tax-related liabilities in certain circumstances.

If Clear Channel Communications spins off our Class B common stock to the CC Media Holdings shareholders in a distribution intended to be tax-free under Section 355 of the Internal Revenue Code of 1986, as amended (the "Code"), we have agreed in the Tax Matters Agreement to indemnify Clear Channel Communications and its affiliates against any and all tax-related liabilities if such a spin-off fails to qualify as a tax-free distribution (including as a result of Section 355(e) of the Code) due to actions, events or transactions relating to our stock, assets or business, or a breach of the relevant representations or covenants made by us in the

Table of Contents

Tax Matters Agreement. If neither we nor Clear Channel Communications is responsible under the Tax Matters Agreement for any such spin-off not being tax-free under Section 355 of the Code, we and Clear Channel Communications have agreed to each be responsible for 50% of the tax-related liabilities arising from the failure of such a spin-off to so qualify.

Future sales or distributions of our shares by Clear Channel Communications could depress the market price for shares of our Class A common stock.

Clear Channel Communications may sell all or part of the shares of our common stock it owns or distribute those shares to the CC Media Holdings shareholders, including pursuant to demand registration rights described in a registration rights agreement between us and Clear Channel Communications. Sales or distributions by Clear Channel Communications of substantial amounts of our common stock in the public market or to the CC Media Holdings shareholders could adversely affect prevailing market prices for our Class A common stock. Clear Channel Communications has advised us it currently intends to continue to hold all of our common stock it owns. However, Clear Channel Communications is not subject to any contractual obligation that would prohibit it from selling, spinning off, splitting off or otherwise disposing of any shares of our common stock. Consequently, we cannot assure you Clear Channel Communications will maintain its ownership of our common stock

The terms of our arrangements with Clear Channel Communications may be more favorable than we will be able to obtain from an unaffiliated third party, and we may be unable to replace the services Clear Channel Communications provides us in a timely manner or on comparable terms.

We and Clear Channel Communications entered into a Corporate Services Agreement. Pursuant to the Corporate Services Agreement, Clear Channel Communications and its affiliates agree to provide us with corporate services, including treasury, payroll and other financial services, executive officer services, human resources and employee benefit services, legal services, information systems and network services and procurement and sourcing support.

We negotiated these arrangements with Clear Channel Communications in the context of a parent-subsidiary relationship. Although Clear Channel Communications is contractually obligated to provide us with services during the term of the Corporate Services Agreement, we cannot assure you these services will be sustained at the same level after the expiration of that agreement, or that we will be able to replace these services in a timely manner or on comparable terms. In addition, we cannot provide assurance that the amount we pay Clear Channel Communications for the services will be as favorable to us as that which may be available for comparable services provided by unrelated third parties. Other agreements with Clear Channel Communications also govern our relationship with Clear Channel Communications and provide for the allocation of employee benefit, tax and other liabilities and obligations attributable to our operations. The agreements also contain terms and provisions that may be more favorable than terms and provisions we might have obtained in arm's length negotiations with unaffiliated third parties. If Clear Channel Communications ceases to provide services to us pursuant to those agreements, our costs of procuring those services from third parties may increase.

Any deterioration in the financial condition of Clear Channel Communications could adversely affect our access to the credit markets and increase our borrowing costs.

For so long as Clear Channel Communications maintains significant control over us, a deterioration in the financial condition of Clear Channel Communications, could have the effect of increasing our borrowing costs or impairing our access to the capital markets because of our reliance on Clear Channel Communications for availability under our Due from Clear Channel Communications account and its revolving credit facility. To the extent we do not pass on our increased borrowing costs to our clients, our profitability, and potentially our ability to raise capital, could be materially affected. Also, until the first date Clear Channel Communications owns shares of our common stock representing less than 50% of the total voting power of our common stock, pursuant to the Master Agreement between us and Clear Channel Communications, Clear Channel Communications will have the ability to limit our ability to incur debt or issue equity securities, among other limitations, which could adversely affect our ability to meet our liquidity needs or to grow our business.

We will not receive any cash proceeds from the issuance of the exchange notes. We have agreed to bear the expenses of the exchange offers.

For the purposes of computing the ratio of earnings to fixed charges, earnings represent income from continuing operations before income taxes less equity in undistributed net income (loss) of unconsolidated affiliates plus fixed charges. Fixed charges represent interest, amortization of debt discount and expense and the estimated interest portion of rental charges. Fixed charges consist of interest expense on all indebtedness (including amortization of deferred financing costs) and the portion of operating lease rental expense that is representative of the interest factor. For the years ended December 31, 2009 and 2008, respectively, earnings were not sufficient to cover our fixed charges by \$987.0 million and \$3,140.4 million, respectively. For the three months ended March 31, 2010 and 2009, earnings were not sufficient to cover our fixed charges by \$57.5 million and \$68.1 million, respectively.

SELECTED FINANCIAL DATA

We have prepared our consolidated and combined financial statements as if Clear Channel Outdoor Holdings, Inc. had been in existence as a separate company throughout all relevant periods. The historical financial and other data prior to the IPO, which occurred on November 11, 2005, have been prepared on a combined basis from Clear Channel Communications' consolidated financial statements using the historical results of operations and bases of the assets and liabilities of Clear Channel Communications' Americas outdoor and International outdoor advertising businesses and give effect to allocations of expenses from Clear Channel Communications. Our historical financial data prior to the IPO may not necessarily be indicative of our future performance nor will such data reflect what our financial position and results of operations would have been had we operated as an independent publicly traded company during the periods shown.

The following tables set forth our summary historical consolidated financial and other data as of the dates and for the periods indicated. The summary historical financial data are derived from our audited consolidated financial statements. Historical results are not necessarily indicative of the results to be expected for future periods. Acquisitions and dispositions impact the comparability of the historical consolidated financial data reflected in this schedule of Selected Financial Data.

We adopted Statement of Financial Accounting Standards No. 160, Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51, codified in ASC 810-10-45 on January 1, 2009. Adoption of this standard requires retrospective application in the financial statements of earlier periods on January 1, 2009. In connection with Clear Channel Worldwide Holdings' offering of \$500.0 million aggregate principal amount of the outstanding A notes and \$2.0 billion aggregate principal amount of the outstanding B notes, we filed a Form 8-K on December 11, 2009 to retrospectively recast the historical financial statements and certain disclosures included in our Annual Report on Form 10-K for the year ended December 31, 2008 for the adoption of ASC 810-10-45.

The summary historical consolidated financial and other data should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and our consolidated financial statements contained in the Annual Report on Form 10-K of Clear Channel Outdoor Holdings for the year ended December 31, 2009 and the Quarterly Report on Form 10-Q of Clear Channel Outdoor Holdings for the three months ended March 31, 2010, each of which is incorporated by reference in this prospectus, as well as the financial statements and accompanying notes included elsewhere in this prospectus. The statement of operations for the year ended December 31, 2008 is comprised of two periods: post-merger and pre-merger. We applied purchase accounting adjustments to the opening balance sheet on July 31, 2008 as the merger occurred at the close of business on July 30, 2008. The merger resulted in a new basis of accounting beginning on July 31, 2008. For additional discussion regarding the pre-merger and post-merger periods, please refer to the consolidated financial statements contained in the Annual Report on Form 10-K of Clear Channel Outdoor Holdings for the year ended December 31, 2009, incorporated by reference in this prospectus, as well as the financial statements and accompanying notes included elsewhere in this prospectus.

EXCHANGE OFFERS

Purpose and Effect of the Exchange Offers

Simultaneously with the initial sale of the outstanding notes, we entered into two registration rights agreements, one with respect to each of the outstanding A and B notes, pursuant to which we have agreed that we will use commercially reasonable efforts to take the following actions, at our expense, for the benefit of the holders of the outstanding notes:

no later than 210 days after the closing date of the offering of the outstanding notes, file exchange offer registration statement with the SEC with respect to registered offers to exchange each series of outstanding notes for the same series of exchange notes, which will have terms identical in all material respects to the outstanding notes, except that additional interest, as liquidated damages, will not be payable in respect of the exchange notes and the exchange notes will not be entitled to registration rights under the registration rights agreements and will not be subject to the transfer restrictions,

cause the exchange offer registration statement to be declared effective by the SEC no later than 270 days after the closing date of the outstanding notes offering (the effectiveness deadline),

commence the exchange offers promptly (but no later than 10 business days) after the registration statement is declared effective, and

keep the exchange offers open for at least 20 business days after the date Clear Channel Worldwide Holdings mails notice of such exchange offers to holders.

For each outstanding note surrendered to us pursuant to the applicable exchange offer, the holder of such outstanding note will receive an exchange note of the same series, having a principal amount at maturity equal to that of the surrendered note.

Under existing SEC interpretations set forth in no-action letters to third parties, the exchange notes would in general be freely transferable after the applicable exchange offer without further registration under the Securities Act; provided that, in the case of broker-dealers, a prospectus meeting the requirements of the Securities Act is delivered as required. We have agreed for a period of 180 days after consummation of the exchange offers to make available a prospectus meeting the requirements of the Securities Act to any broker-dealer for use in connection with any resale of any such exchange notes acquired as described below. A broker-dealer which delivers such a prospectus to purchasers in connection with such resales will be subject to certain of the civil liability provisions under the Securities Act, and will be bound by the provisions of the registration rights agreements, including certain indemnification rights and obligations.

If you wish to participate in the applicable exchange offer, you will be required to represent to us, among other things, that, at the time of the consummation of the applicable exchange offer:

any exchange notes received by you will be acquired in the ordinary course of business,

you have no arrangement or understanding with any person to participate in the distribution of the exchange notes within the meaning of the Securities Act,

you are not our affiliate, as defined in Rule 405 of the Securities Act,

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 424B3

if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, the distribution of the exchange notes within the meaning of the Securities Act, and

if you are a broker-dealer, you will receive exchange notes in exchange for outstanding notes that were acquired for your own account as a result of market-making activities or other trading activities and that you will be required to acknowledge that you will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such exchange notes.

Table of Contents

Any holder that is not able to make these representations or certain similar representations will not be entitled to participate in the applicable exchange offer or to exchange their outstanding notes for applicable exchange notes.

If (i) applicable law or the interpretations of the staff of the SEC do not permit us to effect an exchange offer with respect to a particular series of outstanding notes, (ii) an exchange offer with respect to a particular series of outstanding notes for any other reason is not completed within the time frame described above or (iii) any holder notifies Clear Channel Worldwide Holdings within 20 business days following the applicable exchange offer that, for certain reasons, it was unable to participate in such exchange offer, Clear Channel Worldwide Holdings will, no later than 30 days after such event (but in no event less than 210 days after the closing date of the outstanding notes), file a shelf registration statement relating to resales of the applicable series of outstanding notes and use commercially reasonable efforts to cause it to become effective within 90 days after filing (but in no event less than 270 days after the closing date of the outstanding notes) and keep that shelf registration statement effective until the expiration of two years from the closing date of the outstanding notes, or such shorter time period that will terminate when all notes covered by the shelf registration statement have been sold pursuant to the shelf registration statement. Clear Channel Worldwide Holdings will, in the event of such a shelf registration, provide to each holder of the applicable notes copies of a prospectus, notify each such holder of notes when the shelf registration statement has become effective and take certain other actions to permit resales of the notes. A holder of notes that sells notes under a shelf registration statement generally will be required to be named as a selling securityholder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with those sales and will be bound by the provisions of the applicable registration rights agreement that are applicable to such a holder (including certain indemnification obligations).

If we fail to comply in a timely fashion with the requirements outlined above regarding the completion of the exchange offers (or, if required, a shelf registration statement), and in certain other limited circumstances, the annual interest rate borne by the applicable notes will be increased by 0.25% per annum and an additional 0.25% per annum every 90 days thereafter, up to a maximum additional cash interest of 0.50% per annum, until the exchange offers are completed, the shelf registration statement is declared effective or, with respect to any particular note, such note ceases to be outstanding or is actually sold by the holder thereof pursuant to Rule 144 under circumstances in which any legend borne by such note relating to restrictions on transferability thereof, under the Securities Act or otherwise, is removed by Clear Channel Worldwide Holdings or pursuant to the indenture.

Terms of the Exchange Offers

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept any and all outstanding notes validly tendered and not withdrawn prior to 11:59 p.m., New York City time, on the expiration date of the exchange offers. You may tender all or any portion of your outstanding notes; however, exchange notes will only be issued in denominations of \$2,000 and integral multiples of \$1,000.

The form and terms of the exchange notes are the same as the form and terms of the outstanding notes of the same series, except that:

- (1) the exchange notes each bear a different CUSIP Number from the outstanding notes;
- (2) the exchange notes have been registered under the Securities Act and hence will not bear legends restricting the transfer thereof; and
- (3) the holders of the exchange notes will not be entitled to certain rights under the registration rights agreements, including the provisions providing for an increase in the interest rate on the outstanding notes in certain circumstances relating to the timing of the exchange offer, all of which rights will terminate when the applicable exchange offer is terminated.

Table of Contents

As of the date of this prospectus, \$500,000,000 aggregate principal amount of the outstanding A notes were outstanding and \$2,000,000,000 aggregate principal amount of the outstanding B notes were outstanding. The Series A exchange notes will evidence the same debt as the outstanding A notes and will be entitled to the benefits of the A note indenture. The Series B exchange notes will evidence the same debt as the outstanding B notes and will be entitled to the benefits of the B Note Indenture.

We will be deemed to have accepted validly tendered outstanding notes when, as and if we have given oral or written notice thereof to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the exchange notes from us.

If any tendered outstanding notes are not accepted for exchange because of an invalid tender, the occurrence of specified other events set forth in this prospectus or otherwise, the certificates for any unaccepted outstanding notes will be returned, without expense, to the tendering holder thereof as promptly as practicable after the expiration date of the exchange offers.

Holders who tender outstanding notes in the applicable exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes pursuant to the applicable exchange offer. We will pay all charges and expenses, other than transfer taxes in certain circumstances, in connection with the exchange offers. See Fees and Expenses.

Expiration Date; Extensions; Amendments

The term expiration date will mean 11:59 p.m., New York City time, on August 19, 2010, unless we, in our sole discretion, extend the exchange offers, in which case the term expiration date will mean the latest date and time to which the exchange offers are extended.

In order to extend the exchange offers, we will make a press release or other public announcement, notify the exchange agent of any extension by oral or written notice and will mail to the registered holders an announcement thereof, each prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion, (1) to delay accepting any outstanding notes, to extend the exchange offers or to terminate the exchange offers if any of the conditions set forth below under Conditions have not been satisfied, by giving oral or written notice of any delay, extension or termination to the exchange agent or (2) to amend the terms of the exchange offers in any manner. Such decision will also be communicated in a press release or other public announcement prior to 9:00 a.m., New York City time on the next business day following such decision. Any announcement of delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice thereof to the registered holders.

Interest on the Exchange Notes

Each exchange note will bear interest from its issuance date. The holders of outstanding notes that are accepted for exchange will receive, in cash, accrued interest on those outstanding notes through, but not including, the issuance date of the exchange notes. This interest will be paid with the first interest payment on the exchange notes. Interest on the outstanding notes accepted for exchange will cease to accrue upon issuance of the exchange notes.

Interest on the exchange notes is payable semi-annually in cash in arrears on June 15 and December 15 of each year.

Procedures for Tendering

Only a holder of outstanding notes may tender outstanding notes in the applicable exchange offer. To tender in the applicable exchange offer, a holder must complete, sign and date the letter of transmittal, or a facsimile

Table of Contents

thereof, have the signatures thereon guaranteed if required by the letter of transmittal or transmit an agent's message in connection with a book-entry transfer, and mail or otherwise deliver the letter of transmittal or the facsimile, together with the outstanding notes and any other required documents, to the exchange agent prior to 11:59 p.m., New York City time, on the expiration date. To be tendered effectively, the outstanding notes, letter of transmittal or an agent's message and other required documents must be completed and received by the exchange agent at the address set forth below under "Exchange Agent" prior to 11:59 p.m., New York City time, on the expiration date. Delivery of the outstanding notes may be made by book-entry transfer in accordance with the procedures described below. Confirmation of the book-entry transfer must be received by the exchange agent prior to the expiration date.

The term "agent's message" means a message, transmitted by a book-entry transfer facility to, and received by, the exchange agent forming a part of a confirmation of a book-entry, which states that the book-entry transfer facility has received an express acknowledgement from the participant in the book-entry transfer facility tendering the outstanding notes that the participant has received and agrees: (1) to participate in ATOP; (2) to be bound by the terms of the letter of transmittal; and (3) that we may enforce the agreement against the participant.

By executing the letter of transmittal, each holder will make to us the representations set forth above in the fourth paragraph under the heading "Purpose and Effect of the Exchange Offers."

The tender by a holder and our acceptance thereof will constitute agreement between the holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal or agent's message.

The method of delivery of outstanding notes and the letter of transmittal or agent's message and all other required documents to the exchange agent is at the election and sole risk of the holder. As an alternative to delivery by mail, holders may wish to consider overnight or hand delivery service. In all cases, sufficient time should be allowed to assure delivery to the exchange agent before the expiration date. No letter of transmittal or outstanding notes should be sent to us. Holders may request their respective brokers, dealers, commercial banks, trust companies or nominees to effect the above transactions for them.

Any beneficial owner whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct the registered holder to tender on the beneficial owner's behalf. See "Instructions to Letter of Transmittal" included with the letter of transmittal.

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member of the Medallion System unless the outstanding notes tendered pursuant to the letter of transmittal are tendered (1) by a registered holder who has not completed the box entitled "Special Issuance Instructions" on the letter of transmittal or (2) for the account of a member firm of the Medallion System. In the event that signatures on a letter of transmittal or a notice of withdrawal, as the case may be, are required to be guaranteed, the guarantee must be by a member firm of the Medallion System.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed in this prospectus, the outstanding notes must be endorsed or accompanied by a properly completed bond power, signed by the registered holder as the registered holder's name appears on the outstanding notes with the signature thereon guaranteed by a member firm of the Medallion System.

If the letter of transmittal or any outstanding notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, offices of corporations or others acting in a fiduciary or representative capacity, the person signing should so indicate when signing, and evidence satisfactory to us of its authority to so act must be submitted with the letter of transmittal.

We understand that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the outstanding notes at DTC for the purpose of facilitating the exchange offer,

and subject to the establishment thereof, any financial institution that is a participant in DTC's system may make book-entry delivery of outstanding notes by causing DTC to transfer the outstanding notes into the exchange agent's account with respect to the outstanding notes in accordance with DTC's procedures for the transfer. Although delivery of the outstanding notes may be effected through book-entry transfer into the exchange agent's account at DTC, unless an agent's message is received by the exchange agent in compliance with ATOP, an appropriate letter of transmittal properly completed and duly executed with any required signature guarantee and all other required documents must in each case be transmitted to and received or confirmed by the exchange agent at its address set forth below on or prior to the expiration date, or, if the guaranteed delivery procedures described below are complied with, within the time period provided under the procedures. Delivery of documents to DTC does not constitute delivery to the exchange agent.

All questions as to the validity, form and eligibility, including time of receipt, of the acceptance of tendered outstanding notes and the withdrawal of tendered outstanding notes will be determined by us in our sole discretion, which determination will be final and binding on all parties. We reserve the absolute right to reject any and all outstanding notes not properly tendered or any outstanding notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right in our sole discretion to waive any defects, irregularities or conditions of tender as to particular outstanding notes. Our interpretation of the terms and conditions of the exchange offers, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of outstanding notes must be cured within the time we determine. Although we intend to notify holders of defects or irregularities with respect to tenders of outstanding notes, neither we, the exchange agent nor any other person will incur any liability for failure to give the notification. Tenders of outstanding notes will not be deemed to have been made until the defects or irregularities have been cured or waived. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the exchange agent to the tendering holders, unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

Guaranteed Delivery Procedures

Holders who wish to tender their outstanding notes and (1) whose outstanding notes are not immediately available, (2) who cannot deliver their outstanding notes, the letter of transmittal or any other required documents to the exchange agent or (3) who cannot complete the procedures for book-entry transfer, prior to the expiration date, may effect a tender if:

- (A) the tender is made through a member firm of the Medallion System;
- (B) prior to the expiration date, the exchange agent receives from a member firm of the Medallion System a properly completed and duly executed notice of guaranteed delivery by facsimile transmission, mail or hand delivery setting forth the name and address of the holder, the certificate number(s) of the outstanding notes and the principal amount of outstanding notes tendered, stating that the tender is being made thereby and guaranteeing that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal or facsimile thereof together with the certificate(s) representing the outstanding notes or a confirmation of book-entry transfer of the outstanding notes into the exchange agent's account at DTC, and any other documents required by the letter of transmittal will be deposited by the member firm of the Medallion System with the exchange agent; and
- (C) the properly completed and executed letter of transmittal or facsimile thereof, as well as the certificate(s) representing all tendered outstanding notes in proper form for transfer or a confirmation of book-entry transfer of the outstanding notes into the exchange agent's account at DTC, and all other documents required by the letter of transmittal are received by the exchange agent within three New York Stock Exchange trading days after the expiration date.

Upon request to the exchange agent, a notice of guaranteed delivery will be sent to holders who wish to tender their outstanding notes according to the guaranteed delivery procedures set forth above.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, tenders of outstanding notes may be withdrawn at any time prior to 11:59 p.m., New York City time, on the expiration date.

To withdraw a tender of outstanding notes in the applicable exchange offer, a letter or facsimile transmission notice of withdrawal must be received by the exchange agent at its address set forth in this prospectus prior to 11:59 p.m., New York City time, on the expiration date. Any notice of withdrawal must:

- (1) specify the name of the person having deposited the outstanding notes to be withdrawn;
- (2) identify the outstanding notes to be withdrawn, including the certificate number(s) and principal amount of the outstanding notes, or, in the case of outstanding notes transferred by book-entry transfer, the name and number of the account at DTC to be credited;
- (3) be signed by the holder in the same manner as the original signature on the letter of transmittal by which the outstanding notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer sufficient to have the trustee with respect to the outstanding notes register the transfer of the outstanding notes into the name of the person withdrawing the tender; and
- (4) specify the name in which any outstanding notes are to be registered, if different from that of the person depositing the outstanding notes to be withdrawn.

All questions as to the validity, form and eligibility, including time of receipt, of the notices will be determined by us in our sole discretion, which determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for purposes of the applicable exchange offer and no exchange notes will be issued with respect thereto unless the outstanding notes so withdrawn are validly retendered. Any outstanding notes which have been tendered but which are not accepted for exchange will be returned to the holder thereof without cost to the holder as soon as practicable after withdrawal, rejection of tender or termination of the applicable exchange offer. Properly withdrawn outstanding notes may be retendered by following one of the procedures described above under "Procedures for Tendering" at any time prior to the expiration date.

Conditions

We intend to conduct the exchange offers in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC thereunder. Notwithstanding any other term of the exchange offers, we will not be required to accept for exchange, or exchange notes for, any outstanding notes, and may, prior to the expiration of the exchange offers, terminate or amend the exchange offers as provided in this prospectus before the acceptance of the outstanding notes, if:

- (1) any action or proceeding is instituted or threatened in any court or by or before any governmental agency with respect to an exchange offer which we reasonably believe might materially impair our ability to proceed with an exchange offer or any material adverse development has occurred in any existing action or proceeding with respect to us or any of our subsidiaries; or
- (2) any law, statute, rule, regulation or interpretation by the staff of the SEC is proposed, adopted or enacted, which we reasonably believe might materially impair our ability to proceed with an exchange offer or materially impair the contemplated benefits of such exchange offer to us; or
- (3) any governmental approval has not been obtained, which approval we reasonably believe to be necessary for the consummation of an exchange offer as contemplated by this prospectus.

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 424B3

If we determine in our sole discretion that any of the conditions are not satisfied with respect to either exchange offer, we may (1) refuse to accept any outstanding notes and return all tendered outstanding notes to the tendering holders, (2) extend the exchange offer and retain all outstanding notes tendered prior to the

expiration of the exchange offer, subject, however, to the rights of holders to withdraw the outstanding notes (see Withdrawal of Tenders), or (3) waive the unsatisfied conditions with respect to the exchange offer and accept all properly tendered outstanding notes which have not been withdrawn.

Fees and Expenses

We will bear the expenses of soliciting tenders. The principal solicitation is being made through DTC by U.S. Bank National Association; however, additional solicitation may be made by electronic mail, facsimile, telephone or in person by our and our affiliates' officers and regular employees.

We have not retained any dealer-manager in connection with the exchange offers and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offers. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses incurred in connection with these services.

We will pay the cash expenses to be incurred in connection with the exchange offers. Such expenses include fees and expenses of the exchange agent and trustee, accounting and legal fees and printing costs, among others.

Accounting Treatment

The exchange notes will be recorded at the same carrying value as the outstanding notes, which is face value, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes as a result of the exchange offers. The expenses of the exchange offers will be expensed as incurred.

Consequences of Failure to Exchange

The outstanding notes that are not exchanged for exchange notes pursuant to the exchange offers will remain restricted securities. Accordingly, the outstanding notes may be resold only:

- (1) to us upon redemption thereof or otherwise;
- (2) so long as the outstanding notes are eligible for resale pursuant to Rule 144A, to a person inside the United States whom the seller reasonably believes is a qualified institutional buyer within the meaning of Rule 144A under the Securities Act in a transaction meeting the requirements of Rule 144A, in accordance with Rule 144 under the Securities Act, or pursuant to another exemption

from the registration requirements of the Securities Act, which other exemption is based upon an opinion of counsel reasonably acceptable to us;

- (3) outside the United States to a foreign person in a transaction meeting the requirements of Rule 904 under the Securities Act; or
- (4) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable securities laws of any state of the United States.

Resale of the Exchange Notes

With respect to resales of exchange notes, based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that a holder or other person who receives exchange notes, whether or not the person is the holder, other than a person that is our affiliate within the meaning of Rule 405 under the Securities Act, in exchange for outstanding notes in the ordinary course of business and who is not participating, does not intend to participate, and has no arrangement or understanding with any person to participate, in the distribution of the exchange notes, will be allowed to resell the exchange notes to the public without further registration under the Securities Act and without delivering to the purchasers of the exchange notes a prospectus that satisfies the requirements of Section 10 of the Securities Act. However, if any holder acquires exchange notes in the exchange offer for the purpose of distributing or participating in a distribution of the exchange notes, the holder cannot rely on the position of the staff of the SEC expressed in the no-action letters or any similar interpretive letters, and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction, unless an exemption from registration is otherwise available. Further, each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the outstanding notes were acquired by the broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. See Plan of Distribution for more information.

DESCRIPTION OF THE EXCHANGE NOTES

The outstanding A notes were issued under an indenture dated as of December 23, 2009, among the Issuer, the Guarantors and U.S. Bank National Association, as trustee, paying agent and registrar and transfer agent (the "Trustee"), as subsequently amended or supplemented (the "A Note Indenture"). The Series A exchange notes will also be issued under the A Note Indenture. The outstanding B notes were issued under an indenture dated as of December 23, 2009, among the Issuer, the Guarantors and the Trustee, as subsequently amended or supplemented (the "B Note Indenture"). The Series B exchange notes will also be issued under the B Note Indenture. Any outstanding A note that remains outstanding after completion of the A Note exchange offer, together with the Series A exchange notes issued in connection with the A Note exchange offer, will be treated as a single class of securities under the A Note Indenture. Any outstanding B note that remains outstanding after completion of the B Note exchange offer, together with the Series B exchange notes issued in connection with the B Note exchange offer, will be treated as a single class of securities under the B Note Indenture.

The following is a summary of certain provisions of the A Note Indenture, the B Note Indenture and the notes. It does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of each applicable Indenture, including the definitions of certain terms therein and those terms to be made a part thereof by the Trust Indenture Act of 1939, as amended. The terms of the exchange notes are identical in all material respects to the outstanding notes except that, upon completion of the exchange offers, the exchange notes will be registered under the Securities Act and free of any covenants regarding exchange registration rights.

Description of the A Notes

General

Certain terms used in this description are defined under the subheading "Certain Definitions." For purposes of this description only, (i) the term "Issuer" refers to Clear Channel Worldwide Holdings, Inc., and not to any of its Subsidiaries, (ii) the term "Company" refers to Clear Channel Outdoor Holdings, Inc., and not to any of its Subsidiaries, (iii) the terms "we," "our" and "us" each refer to the Company and its consolidated Subsidiaries, (iv) the term "CCO" refers to Clear Channel Outdoor, Inc., and not to any of its Subsidiaries, (v) the term "A Notes" refers to the notes issued under the A Note Indenture and (vi) the term "A Note Registration Rights Agreement" refers to the registration rights agreement with the initial purchasers regarding registration of the outstanding A Notes. The Issuer is a Wholly-Owned Subsidiary of the Company. The Company, as a Guarantor of the A Notes, and any Restricted Subsidiary of the Company that Guarantees the A Notes are each referred to as a "Restricted Guarantor."

The following description is only a summary of the material provisions of the A Note Indenture and does not purport to be complete and is qualified in its entirety by reference to the provisions of that agreement, including the definitions therein of certain terms used in this "Description of the A Notes." We urge you to read the A Note Indenture, the A Notes and the A Note Registration Rights Agreement because those agreements, not this description, define your rights as Holders of the A Notes. Copies of the A Note Indenture and the A Note Registration Rights Agreement have been filed with the SEC as exhibits to the Registration Statement on Form S-4 of which this prospectus is a part.

Brief Description of the A Notes

The A Notes:

are senior unsecured obligations of the Issuer;

are *pari passu* in right of payment with all existing and future unsubordinated Indebtedness of the Issuer, including the B Notes (as defined below) and under any Credit Facilities of the Issuer;

Table of Contents

are effectively subordinated to all existing and future Secured Indebtedness of the Issuer to the extent of the value of such assets securing such Indebtedness;

are senior in right of payment to all Subordinated Indebtedness of the Issuer;

are guaranteed by each of the Company, CCO and substantially all of the Company's other domestic Restricted Subsidiaries other than the Excluded Subsidiaries; and

are structurally subordinated to all existing and future obligations of any existing or future Subsidiaries of the Company that do not guarantee the A Notes.

The Guarantee of each Guarantor of the A Notes:

is a senior unsecured obligation of such Guarantor;

ranks *pari passu* in right of payment with all existing and future unsubordinated Indebtedness of such Guarantor, including such Guarantor's guarantee of the B Notes and under any Credit Facilities of such Guarantor and, in the case of the Company, the Company's obligations under the CCOH Mirror Note; and

is effectively subordinated to all existing and future Secured Indebtedness of such Guarantor to the extent of the value of such assets securing such Indebtedness.

Guarantees

The Guarantors, as primary obligors and not merely as sureties, jointly and severally irrevocably and unconditionally guarantee, on an unsecured senior basis, in each case, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the A Note Indenture and the A Notes, whether for payment of principal of or interest on the A Notes, expenses, indemnification or otherwise, on the terms set forth in the A Note Indenture by executing the A Note Indenture or a supplemental indenture.

Each Restricted Subsidiary that is a Wholly-Owned Subsidiary of the Company (other than Excluded Subsidiaries) guarantee the A Notes, subject to release as provided below. The A Notes are structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Company that do not guarantee the A Notes.

Not all of the Company's Subsidiaries guarantee the A Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute or contribute, as the case may be, any of their assets to a Guarantor. None of the Company's Excluded Subsidiaries guarantee the A Notes. As of the Issue Date, our Excluded Subsidiaries included all Foreign Subsidiaries of the Company and non-Wholly-Owned Subsidiaries of the Company.

The obligations of each Guarantor under its Guarantee are limited as necessary to prevent such Guarantee from constituting a fraudulent conveyance under applicable law.

Any Guarantor that makes a payment under its Guarantee is entitled upon payment in full of all guaranteed obligations under the A Note Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment (such net assets determined in accordance with GAAP).

If a Guarantee was rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero.

Table of Contents

Each Guarantee by a Restricted Guarantor shall provide by its terms that it shall be automatically and unconditionally released and discharged upon:

- (1) (a) any sale, exchange or transfer (by merger or otherwise) of (i) the Capital Stock of such Restricted Guarantor (including any sale, exchange or transfer), after which the applicable Restricted Guarantor is no longer a Restricted Subsidiary or (ii) all or substantially all of the assets of such Restricted Guarantor which sale, exchange or transfer is made in a manner in compliance with the applicable provisions of the A Note Indenture;
- (b) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary;
- (c) the Issuer exercising its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the Issuer's obligations under the A Note Indenture being discharged in a manner not in violation of the terms of the A Note Indenture; or
- (d) such Restricted Guarantor ceasing to be a Restricted Subsidiary as a result of a transaction or designation permitted hereunder; provided, however, if such Restricted Guarantor, immediately prior thereto, was a guarantor of other capital markets debt securities of the Issuer or a Guarantor and continues to be a guarantor of such other capital markets debt securities of the Issuer or a Guarantor, no such release shall be permitted; and
- (2) such Restricted Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the A Note Indenture relating to such transaction have been complied with.

The Guarantee by the Company provides by its terms that it shall be automatically and unconditionally released and discharged upon the Issuer exercising its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the Issuer's obligations under the A Note Indenture being discharged in a manner in accordance with the terms of the A Note Indenture.

Ranking

The payment of the principal of, premium, if any, and interest on the A Notes by the Issuer will rank *pari passu* in right of payment to all unsubordinated Indebtedness of the Issuer, including the B Notes.

The payment of any Guarantee of the A Notes will rank *pari passu* in right of payment to all unsubordinated indebtedness of the relevant Guarantor, including, the guarantee by such Guarantor of the B Notes and, in the case of the Company, the Company's Obligations under the CCOH Mirror Note.

Each Guarantor's obligations under its Guarantee of the A Notes is effectively subordinated to the obligations of the Guarantor under its Secured Indebtedness to the extent of the value of the assets securing such Indebtedness.

The A Notes are effectively subordinated to all of the existing and future Secured Indebtedness of the Issuer and each Guarantor to the extent of the value of the assets securing such Indebtedness.

Although the A Note Indenture limits the incurrence of Indebtedness by the Company and its Restricted Subsidiaries and the issuance of Disqualified Stock and Preferred Stock by the Restricted Subsidiaries, such limitations are subject to a number of significant qualifications and exceptions. Under certain circumstances, the Company and its Subsidiaries is able to incur substantial amounts of Indebtedness and such Indebtedness may be Secured Indebtedness. See Certain Covenants in the A Note Indenture Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants in the A Note Indenture Liens.

Table of Contents

Substantially all of the operations of the Issuer are conducted through its Subsidiaries, most of which are Foreign Subsidiaries of the Issuer who do not Guarantee the A Notes. In addition, substantially all of the operations of the Company are conducted through its Subsidiaries. Unless a Subsidiary is a Guarantor, claims of creditors of such Subsidiary, including trade creditors, and claims of preferred stockholders (if any) of such Subsidiary generally will have priority with respect to the assets and earnings of such Subsidiary over the claims of creditors of the Issuer, including Holders. The A Notes, therefore, are effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of the Company that are not Guarantors.

See Risk Factors Risks Related to the Exchange Offers and Risk Factors Risks Related to the Exchange Notes.

Paying Agent and Registrar for the A Notes

The Issuer will maintain one or more Paying Agents for the A Notes. The initial Paying Agent for the A Notes is U.S. Bank National Association.

The Issuer will also maintain a registrar in respect of the A Notes, initially U.S. Bank National Association. If the Issuer fails to appoint a registrar, the Trustee will act as such. The registrar for the A Notes will maintain a register reflecting ownership of the A Notes outstanding from time to time and will make payments on and facilitate transfer of the A Notes on behalf of the Issuer.

The Issuer may change the Paying Agents or the registrars without prior notice to the Holders. The Company, the Issuer, any Restricted Subsidiary or any Subsidiaries of a Restricted Subsidiary may not act as a Paying Agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange A Notes in accordance with the terms set forth in the A Note Indenture pursuant to which such A Notes have been issued. Any registrar or the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of A Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or exchange any A Note selected for redemption.

Principal, Maturity and Interest

The Issuer issued \$500,000,000 aggregate principal amount of outstanding A Notes on the Issue Date and will issue the same amount of Series A Exchange Notes pursuant to the A Note exchange offer. The A Notes will mature on December 15, 2017. Subject to compliance with the covenant described below under the caption Certain Covenants in the A Note Indenture Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, the Issuer may issue additional A Notes from time to time after this offering (such additional A Notes, the *Additional A Notes*). The A Notes offered by the Issuer and any Additional A Notes subsequently issued under the A Note Indenture will be treated as a single class for all purposes under the A Note Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, for all purposes of the A Note Indenture and this Description of the A Notes, references to *A Notes* include any Additional A Notes that are actually issued and references to *B Notes* include any Additional B Notes that are actually issued.

Interest will accrue and be payable daily by the Issuer on the A Notes from the Issue Date, or from the most recent date to which interest has been paid or provided for. Interest is payable by the Trustee semiannually using a 360-day year comprised of twelve 30-day months to Holders of record at the close of business on the June 1 or

Table of Contents

December 1 immediately preceding the interest payment date, on June 15 and December 15 of each year, commencing June 15, 2010. If a payment date is not on a Business Day at the place of payment, payment may be made at the place on the next succeeding Business Day and no interest will accrue for the intervening period.

The Issuer will pay interest on overdue principal at 1% per annum in excess of the interest otherwise payable by the Issuer and will pay interest on overdue installments due from the Issuer at such higher rate to the extent lawful.

The Issuer has caused the Trustee to establish an account (the *Trustee Account*) to be maintained by the Trustee for the benefit of the Holders with respect to payments of interest on the A Notes, over which the Trustee shall have sole control and dominion. Interest on the A Notes will accrue, and be payable by or on behalf of the Issuer to the Trustee, daily; *provided* that the failure by the Issuer to make or have made any such daily payment to the Trustee on any day will not constitute a Default so long as (a) (x) no payment or other transfer by the Company or any of its Restricted Subsidiaries shall have been made on such day under the Cash Management Arrangements or (y) the amount of funds on deposit in the Trustee Account on such day is equal to the amount of interest which has accrued up to and including such day and (b) on each semiannual interest payment date the aggregate amount of funds deposited in the Trustee Account is sufficient to pay the aggregate amount of interest on the A Notes that is payable by the Trustee to the Noteholders on such semiannual interest payment date; *provided further, however*, that payments of interest shall only be deemed to be overdue to the extent that the aggregate amount of funds deposited in the Trustee Account is not sufficient to pay the aggregate amount of interest on the A Notes that is payable by the Trustee to Holders on the applicable semiannual interest payment date. The Issuer or any Guarantor will not be the legal owners of the funds on deposit in the Trustee Account. Such amounts may be in cash in U.S. dollars, in Government Securities or in a combination thereof. Any interest earned on Government Securities held in the Trustee Account will be applied to pay fees and expenses of the Trustee and, to the extent of any excess, returned to the Company. Upon the making by or on behalf of the Issuer of any payment into the Trustee Account, the Issuer's obligation to pay accrued interest shall be discharged to the extent of the amount so paid. If the Trustee fails to make an interest payment on the A Notes but the Issuer has deposited the funds with the Trustee, it will not be a Default.

Special Interest may accrue on the A Notes in certain circumstances pursuant to the A Note Registration Rights Agreement. All references in the A Note Indenture and this Description of the A Notes, in any context, to any interest or other amount payable on or with respect to the A Notes shall be deemed to include any Special Interest pursuant to the A Note Registration Rights Agreement for the A Notes. References to accrued and unpaid interest refer to interest that may be payable by the Issuer or the Trustee, as applicable.

Principal of, premium, if any, and interest on the A Notes will be payable at the office or agency of the Issuer maintained for such purpose or, at the option of the Issuer, may be made by check mailed to the Holders of the A Notes at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the A Notes represented by one or more global notes registered in the name of or held by The Depository Trust Company (*DTC*) or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. The Issuer's office or agency will be the office of the Paying Agent maintained for such purpose.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

We are not required to make any sinking fund payments with respect to the A Notes. Under certain circumstances, we may be required to offer to purchase A Notes as described under the caption Repurchase at the Option of Holders and Offer to Purchase A Notes In Certain Circumstances. We and our affiliates may at any time and from time to time purchase A Notes in the open market or otherwise. Notwithstanding the foregoing, none of the Company or any of its Subsidiaries shall make any purchase of, or otherwise effectively cancel or retire any A Notes (whether through open market purchases, tender offers, defeasance, offers to purchase required by the A Notes or otherwise) if, after giving effect thereto and, if applicable, any concurrent

purchase of or other action with respect to any B Notes, the ratio of (a) the outstanding aggregate principal amount of the A Notes to (b) the outstanding aggregate principal amount of the B Notes shall be greater than 0.250; *provided, however*, that the foregoing restriction shall not be applicable in the case of any Change of Control Offer, an A Notes Purchase Offer or offer to purchase the B Notes required to be made under the B Note Indenture at the price specified with respect thereto to all holders of the B Notes, where a violation of the foregoing restriction would occur solely as a result of different offer acceptance rates by the holders of the B Notes and the A Notes. References to the B Notes and the A Notes in this paragraph do not include any Additional B Notes or any Additional A Notes, as applicable.

Optional Redemption

Except as set forth below, the Issuer shall not be permitted to redeem the A Notes. The A Notes will be payable at par at maturity.

At any time prior to December 15, 2012, the A Notes may be redeemed or purchased (by the Issuer or any other Person), in whole or in part, upon notice as described under Selection and Notice, at a redemption price equal to 100% of the principal amount of A Notes redeemed plus the Applicable Premium as of the date of redemption (the *Redemption Date*), and, without duplication, accrued and unpaid interest to the Redemption Date, subject to the rights of Holders of Notes on the relevant record date to receive interest due on the relevant interest payment date. The Issuer may provide in such notice that payment of the redemption price and performance of the Issuer's obligations with respect to such redemption or purchase may be performed by another Person.

On and after December 15, 2012, the A Notes may be redeemed or purchased (by the Issuer or any other Person), at the Issuer's option, in whole or in part, upon notice as described under Selection and Notice, at any time and from time to time at the redemption prices set forth below. The Issuer may provide in such notice that the payment of the redemption price and the performance of the Issuer's obligations with respect to such redemption may be performed by another Person. The A Notes will be redeemable at the redemption prices (expressed as percentages of principal amount of the A Notes to be redeemed) set forth below plus accrued and unpaid interest thereon to the applicable Redemption Date, subject to the right of Holders of record of A Notes on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on December 15 of each of the years indicated below:

Year	Percentage
2012	106.93750%
2013	104.62500%
2014	102.31250%
2015 and thereafter	100.00000%

In addition, until December 15, 2012, the Issuer may, at its option, on one or more occasions, redeem up to 35% of the then outstanding aggregate principal amount of A Notes at a redemption price equal to 109.250% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings to the extent such net cash proceeds are received by or contributed to the Issuer; *provided* that at least 65% of the sum of the aggregate principal amount of A Notes originally issued under the A Note Indenture and any Additional A Notes issued under the A Note Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further*, that each such redemption occurs within 180 days of the date of closing of each such Equity Offering.

The Issuer may provide in such notice that payment of the redemption price and performance of the Issuer's obligations with respect thereto may be performed by another Person. Notice of any redemption upon any Equity Offering may be given prior to the completion of the related Equity Offering, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of the related Equity Offering.

The Trustee or the Paying Agent shall select the A Notes to be purchased in the manner described under *Selection and Notice*.

Repurchase at the Option of Holders

Change of Control

The A Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding A Notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the A Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101.0% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase, subject to the right of Holders of the A Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee, to each Holder of A Notes to the address of such Holder appearing in the security register with a copy to the Trustee, or otherwise in accordance with the procedures of DTC, with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled *Repurchase at the Option of Holders Change of Control*, and that all A Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*);
- (3) that any A Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless the Issuer defaults in the payment of the Change of Control Payment, all A Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) that Holders electing to have any A Notes purchased pursuant to a Change of Control Offer will be required to surrender such A Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such A Notes completed, to the Paying Agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) that Holders will be entitled to withdraw their tendered A Notes and their election to require the Issuer to purchase such A Notes, provided that the Paying Agent receives, not later than the close of business on the fifth Business Day preceding the Change of Control Payment Date, a telegram, facsimile transmission or letter setting forth the name of the Holder of the A Notes, the principal amount of A Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered A Notes and its election to have such A Notes purchased;
- (7) that the Holders whose A Notes are being repurchased only in part will be issued new A Notes equal in principal amount to the unpurchased portion of the A Notes surrendered. The unpurchased portion of the A Notes must be equal to a minimum of \$2,000 or an integral multiple of \$1,000 in principal amount;
- (8) if such notice is mailed prior to the occurrence of a Change of Control, stating that the Change of Control Offer is conditional on the occurrence of such Change of Control; and

(9) the other instructions, as determined by the Issuer, consistent with the covenant described hereunder, that a Holder must follow. The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of A Notes by the Issuer pursuant to a Change of Control Offer. To the extent that the provisions

Table of Contents

of any securities laws or regulations conflict with the provisions of the A Note Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the A Note Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

- (1) accept for payment all A Notes or portions thereof properly tendered pursuant to the Change of Control Offer,
- (2) deposit with the Paying Agent an amount equal to the aggregate Change of Control Payment in respect of all A Notes or portions thereof so tendered, and
- (3) deliver, or cause to be delivered, to the Trustee for cancellation (and delivery to the Paying Agent) the A Notes so accepted together with an Officer's Certificate to the Trustee stating that such A Notes or portions thereof have been tendered to and purchased by the Issuer.

Future credit agreements or other agreements to which the Company or the Issuer become a party may provide that certain change of control events with respect to the Company would constitute a default thereunder (including a Change of Control under the A Note Indenture). If we experience a change of control that triggers a default under any Credit Facilities, we could seek a waiver of such default or seek to refinance our Credit Facilities. In the event we do not obtain such a waiver or refinance the Credit Facilities, such default could result in amounts outstanding under our Credit Facilities being declared due and payable.

Our ability to pay cash to the Holders of A Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases. See **Risk Factors** **Risks Related to the Exchange Notes** Certain transactions that may result in a change of ownership of Clear Channel Worldwide Holdings may not constitute a change of control. In addition, in the event of a change of control, Clear Channel Worldwide Holdings may not be able to fulfill its repurchase obligations under the indentures governing the notes.

The Change of Control purchase feature of the A Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. As of the Issue Date, we had no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, dispositions, refinancings or other recapitalizations, that would not constitute a Change of Control under the A Note Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness (including Secured Indebtedness) are contained in the covenants described under **Certain Covenants in the A Note Indenture** **Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** and **Certain Covenants in the A Note Indenture** **Liens**. In addition, a Change of Control could be triggered by changes in ownership resulting from an insolvency of CCU or a restructuring of its Indebtedness. Accordingly, events relating to CCU and over which we and they do not have control could trigger a Change of Control. Such restrictions in the A Note Indenture can be waived only with the consent of the Holders of a majority in principal amount of the A Notes then outstanding. Except for the limitations contained in such covenants, however, the A Note Indenture does not contain any covenants or provisions that may afford Holders of the A Notes protection in the event of a highly leveraged transaction. Such limitations are subject to a number of important exceptions, baskets and qualifications.

We will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the A Note Indenture applicable to a Change of Control Offer made by us and purchases all A Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything

Table of Contents

to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of "Change of Control" includes a disposition of all or substantially all of the assets of the Company and its Restricted Subsidiaries to any Person. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of "all or substantially all" of the assets of the Company and its Restricted Subsidiaries. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of A Notes may require the Issuer to make an offer to repurchase the A Notes as described above. In addition, Holders may not be entitled to require us to purchase their A Notes in certain circumstances involving a significant change in the composition of our Board of Directors, including in connection with a proxy contest where our Board of Directors does not endorse a dissident slate of directors but approves them as "Continuing Directors."

Except as described in clause (11) of the second paragraph under "Amendment, Supplement and Waiver," the provisions in the A Note Indenture relative to the Issuer's obligation to make an offer to repurchase the A Notes as a result of a Change of Control may be waived or modified at any time with the written consent of the Holders of a majority in principal amount of the then outstanding A Notes under the A Note Indenture.

Asset Sales

The A Notes does not contain any limitation on (1) the sale, conveyance, transfer or other disposition, whether in a single transaction or a series of related transactions, of property or assets (including by way of a Sale and Lease-Back Transaction) of the Company or any of its Restricted Subsidiaries or (2) the issuance or sale of Equity Interests of any Restricted Subsidiary, whether in a single transaction or a series of related transactions (each, an "*Asset Sale*").

Offer to Purchase A Notes In Certain Circumstances

If the Issuer makes (1) any optional redemption of the B Notes, purchase of B Notes through open-market purchases at or above 100% of the principal amount thereof or offer to purchase the B Notes at 100% of the principal amount thereof, plus accrued but unpaid interest pursuant to clause (2) of the second paragraph of the covenant described under "Asset Sales" in the "Description of the B Notes," the Issuer shall, substantially concurrently therewith, apply a pro rata amount to make an optional redemption of the A Notes, purchase A Notes through open-market purchases at or above 100% of the principal amount thereof or offer to purchase the A Notes (in accordance with procedures similar to those applicable to the B Notes) to all Holders of A Notes, in each case, to purchase a pro rata amount of A Notes at 100% of the principal amount thereof, plus accrued but unpaid interest (an "*A Notes Purchase Offer*"), or (2) any B Notes Asset Sale Offer under the B Notes Indenture, the Issuer shall, substantially concurrently therewith, apply a pro rata amount to make an A Notes Purchase Offer to purchase a pro rata amount of A Notes at 100% of the principal amount thereof, plus accrued but unpaid interest. For purposes of this paragraph, "pro rata amount" with respect to the A Notes shall be calculated taking into account all B Notes and other Pari Passu Indebtedness subject to the applicable redemption, purchase or offer. Any purchase or redemption of the B Notes pursuant to clause (2) of the second paragraph under "Description of the Exchange Notes" "Description of the B Notes" "Certain Covenants in the B Note Indenture" "Merger, Consolidation or Sale of All or Substantially All Assets" shall be deemed to be a purchase of B Notes covered by clause (1) of this paragraph.

Selection and Notice

If the Issuer is redeeming less than all of the A Notes at any time, the Trustee or the Paying Agent will select the A Notes to be redeemed (a) if such A Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which such A Notes are listed or (b) on a pro rata basis to the extent practicable, or, if the pro rata basis is not practicable for any reason, by lot or by such other method as the Trustee or the Paying Agent shall deem appropriate.

Table of Contents

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or redemption date to (x) each Holder of A Notes to be redeemed at such Holder's registered address, (y) to the Trustee to forward to each Holder of A Notes to be redeemed at such Holder's registered address, or (z) otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the A Notes or a satisfaction and discharge of the A Note Indenture. If any A Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such A Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new A Note in a principal amount equal to the unredeemed portion of the original A Note in the name of the Holder upon cancellation of the original A Note. A Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on A Notes or portions of them called for redemption.

Certain Covenants in the A Note Indenture

Set forth below are summaries of the principal covenants that are contained in the A Note Indenture

Limitation on Restricted Payments

The A Note Indenture does not contain any limit on the Company's or any Restricted Subsidiary's ability to, directly or indirectly:

- (1) declare or pay any dividend or make any distribution or any payment having the effect thereof on account of the Company's or any Restricted Subsidiary's Equity Interests (in such Person's capacity as holder of such Equity Interests), including any dividend or distribution payable in connection with any merger, amalgamation or consolidation including:
 - (a) dividends or distributions payable solely in Equity Interests (other than Disqualified Stock) of the Company; or
 - (b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary of the Company, the Company or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;
- (2) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Company or any direct or indirect parent of the Company, including in connection with any merger, amalgamation or consolidation;
- (3) make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value in each case, prior to any scheduled repayment, sinking fund payment or maturity, any Subordinated Indebtedness including:
 - (a) Indebtedness permitted under clause (8) of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; or
 - (b) the payment of principal on or the purchase, redemption, defeasance, repurchase or other acquisition or retirement of Subordinated Indebtedness of the Company or any Restricted Subsidiary in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of such payment of principal or such purchase, redemption, defeasance, repurchase or acquisition; or

(4) make any Investment

(all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as *Restricted Payments*).

Table of Contents

As of the Issue Date, all of the Subsidiaries of the Company were Restricted Subsidiaries. The Company will not permit any Restricted Subsidiary to become an Unrestricted Subsidiary unless it is also an Unrestricted Subsidiary for purposes of the B Notes and the Company will not permit any Unrestricted Subsidiary to become a Restricted Subsidiary unless it is also a Restricted Subsidiary for purposes of the B Notes. Unrestricted Subsidiaries will not be subject to any of the restrictive covenants set forth in the A Note Indenture.

Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise (collectively, *incur* and collectively, an *incurrence*) with respect to any Indebtedness (including Acquired Indebtedness) and the Issuer and the Guarantors will not issue any shares of Disqualified Stock and the Company will not permit the Issuer to, and will not permit any Restricted Subsidiary that is not a Guarantor to issue any shares of Disqualified Stock or Preferred Stock; *provided, however*, that (1) the Issuer and the Guarantors may incur Indebtedness (including Acquired Indebtedness) or issue shares of Disqualified Stock (other than Disqualified Stock of the Issuer or any parent company of the Issuer that is also a Restricted Subsidiary), and (2) any Restricted Subsidiary that is not a Guarantor may incur Indebtedness (including Acquired Indebtedness), issue shares of Disqualified Stock and issue shares of Preferred Stock, if in each case (a) the Consolidated Leverage Ratio at the time such additional Indebtedness is incurred or such Disqualified Stock or Preferred Stock is issued would have been no greater than 6.5 to 1.0 determined on a *pro forma* basis (including a *pro forma* application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the Disqualified Stock or Preferred Stock had been issued, as the case may be, and the application of proceeds therefrom had occurred at the beginning of the most recently ended four fiscal quarters for which internal financial statements are available and (b) the Senior Leverage Ratio at the time such additional Indebtedness is incurred or such Disqualified Stock or Preferred Stock is issued would have been no greater than 3.25 to 1.0 determined on a *pro forma* basis (including a *pro forma* application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the Disqualified Stock or Preferred Stock had been issued, as the case may be, and the application of proceeds therefrom had occurred at the beginning of the most recently ended four fiscal quarters for which internal financial statements are available; *provided further, however*, that Restricted Subsidiaries that are not Guarantors may not incur Indebtedness or issue Disqualified Stock or Preferred Stock if, after giving *pro forma* effect to such incurrence or issuance (including a *pro forma* application of the net proceeds therefrom), more than an aggregate of \$30.0 million of Indebtedness or Disqualified Stock or Preferred Stock of Restricted Subsidiaries that are not Guarantors is outstanding pursuant to this paragraph at such time; *provided further, however*, that the Issuer and the Guarantors may incur Subordinated Indebtedness (including Acquired Indebtedness that is Subordinated Indebtedness) if, in each case, the Consolidated Leverage Ratio at the time such additional Subordinated Indebtedness is incurred would have been no greater than 6.5 to 1.0 determined on a *pro forma* basis (including a *pro forma* application of the net proceeds therefrom), as if the additional Subordinated Indebtedness had been incurred and the application of proceeds therefrom had occurred at the beginning of the most recently ended four fiscal quarters for which internal financial statements are available.

The foregoing limitations will not apply to:

- (1) [Reserved]
- (2) the incurrence by (a) the Issuer and any Guarantor of Indebtedness represented by (i) the B Notes (including any Guarantee, but excluding any Additional B Notes) and (ii) the A Notes (including any guarantee of the A Notes, but excluding any Additional A Notes), and (b) CCO of Indebtedness represented by the Proceeds Loans;

- (8) Indebtedness of the Company to a Restricted Subsidiary or a Restricted Subsidiary to the Company or another Restricted Subsidiary; *provided* that any such Indebtedness owing by the Issuer or a Guarantor to a Restricted Subsidiary that is not a Guarantor is expressly subordinated in right of payment to the Notes or the Guarantee of the Notes, as applicable; *provided further*, that any subsequent issuance or transfer of any Capital Stock or any other event which results in any Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such Indebtedness (except to the Company, the Issuer or another Restricted Subsidiary that is a Guarantor or any pledge of such Indebtedness constituting a Permitted Lien) shall be deemed, in each case, to be an incurrence of such Indebtedness not permitted by this clause (8);
- (9) shares of Preferred Stock of a Restricted Subsidiary (other than the Issuer or any parent company of the Issuer that is also a Restricted Subsidiary) issued to the Company or another Restricted Subsidiary; *provided* that any subsequent issuance or transfer of any Capital Stock or any other event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such shares of Preferred Stock (except to the Company or a Restricted Subsidiary or pursuant to any pledge of such Preferred Stock constituting a Permitted Lien) shall be deemed in each case to be an issuance of such shares of Preferred Stock not permitted by this clause (9);

clauses or under the first paragraph of this covenant; *provided* that (x) all Indebtedness outstanding under the Credit Facilities on the Issue Date will be treated as incurred on the Issue Date under clause (4) of the preceding paragraph, (y) any Secured Indebtedness being reclassified shall only be reclassified to the extent that the Lien is also permitted with respect to such Secured Indebtedness as so reclassified and (z) Indebtedness incurred or Disqualified Stock or Preferred Stock issued by Restricted Subsidiaries that are not Guarantors may be reclassified only to the extent that, after giving effect to such reclassification (including a pro forma application of the net proceeds therefrom), such Restricted Subsidiary that is not a Guarantor would be permitted to incur the Indebtedness or issue the Disqualified Stock or Preferred Stock as so reclassified on the date; and

- (2) at the time of incurrence or any reclassification thereafter, the Company will be entitled to divide and classify an item of Indebtedness, Disqualified Stock or Preferred Stock in more than one of the types of Indebtedness, Disqualified Stock or Preferred Stock described in the first and second paragraphs above; *provided, however*, that (x) with respect to Secured Indebtedness, such Secured Indebtedness may only be classified or reclassified as a type of Indebtedness to the extent such Indebtedness may also be secured by a Lien under the A Note Indenture and (y) with respect to such Indebtedness, Disqualified Stock and Preferred Stock of Restricted Subsidiaries that are not Guarantors, such Indebtedness, Disqualified Stock and Preferred Stock may only be classified or reclassified as a type of Indebtedness, Disqualified Stock or Preferred Stock to the extent such Restricted Subsidiary that is not a Guarantor may so incur such Indebtedness, Disqualified Stock or Preferred Stock under the A Note Indenture on the date of classification or reclassification.

Accrual of interest or dividends, the accretion of accreted value, the accretion or amortization of original issue discount and the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, will not be deemed to be an incurrence of Indebtedness or issuance of Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; provided that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not (i) exceed the principal amount of such Indebtedness being refinanced plus (ii) the aggregate amount of fees, underwriting discounts, premiums and other costs and expenses incurred in connection with such refinancing. The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

The principal amount of any non-interest bearing Indebtedness or other discount security constituting Indebtedness at any date shall be the principal amount thereof that would be shown on a balance sheet of the Company dated such date prepared in accordance with GAAP. The Company will not, and will not permit the Issuer or any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is contractually subordinated or junior in right of payment to any Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the A Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated in right of payment to other Indebtedness of the Issuer or such Guarantor, as the case may be. Subordination shall refer to contractual payment subordination and not to structural subordination. The A Note Indenture will not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured,

Table of Contents

(2) unsubordinated Indebtedness as subordinated or junior to any other unsubordinated Indebtedness merely because it has a junior priority with respect to the same collateral or (3) Indebtedness as subordinated or junior Indebtedness merely because it is structurally subordinated to other Indebtedness.

Liens

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, assume or suffer to exist any Lien (other than a Permitted Lien) on any asset or property of the Company or such Restricted Subsidiary, or any income or profits therefrom or assign or convey any right to receive income therefrom, unless:

- (1) in the case of Liens securing Subordinated Indebtedness, the A Notes and related Guarantees are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens; or
- (2) in all other cases, the A Notes or the Guarantees are equally and ratably secured.

The foregoing shall not apply to Liens securing the outstanding A Notes and the related Guarantees thereof or the Series A Exchange Notes and the related guarantees thereof. Any Lien created for the benefit of the Holders of the A Notes pursuant to this covenant shall be deemed automatically and unconditionally released and discharged upon the release and discharge of the applicable Lien described in clauses (1) and (2) above.

Merger, Consolidation or Sale of All or Substantially All Assets

Neither the Company nor the Issuer may consolidate or merge with or into or wind up into (whether or not the Company or the Issuer, as the case may be, is the surviving corporation), nor may the Company or the Issuer sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the properties or assets of the Company or the Issuer, as the case may be, and its Subsidiaries which are Restricted Subsidiaries, taken as a whole, in one or more related transactions, to any Person (other than CCU or its Restricted Subsidiaries (as defined in the indenture described in clause (b) of the definition of the Existing Senior Notes Indentures)) unless:

- (1) the Company or the Issuer, as the case may be, is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Company or the Issuer, as the case may be) or the Person to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is organized or existing under the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (the Company, the Issuer or such Person, as the case may be, being herein called the *Successor Company*); *provided* that in the case where the Successor Company is not a corporation, a co-obligor of the A Notes is a corporation;
- (2) the Successor Company, if other than the Company or the Issuer, as the case may be, expressly assumes all the obligations of the Company or the Issuer, as the case may be, under the Company's Guarantee or the A Notes, as applicable, pursuant to a supplemental indenture or other documents or instruments in form reasonably satisfactory to the Trustee;
- (3) immediately after such transaction, no Default exists;
- (4) immediately after giving *pro forma* effect to such transaction and any related financing transactions, as if such transactions had occurred at the beginning of the applicable four-quarter period, (a) the Successor Company would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to each of the ratio tests set forth in the first paragraph of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, or (b) (x) the Consolidated Leverage Ratio for the Successor Company and its Restricted Subsidiaries would be equal to or less than such Consolidated Leverage Ratio immediately prior to such acquisition or merger, and (y) the Senior Leverage Ratio for the Successor Company and

its Restricted Subsidiaries would be equal to or less than such Senior Leverage Ratio immediately prior to such acquisition or merger;

- (5) each Guarantor, unless it is the other party to the transactions described above, in which case clause (1)(b) of the second succeeding paragraph shall apply, shall have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the A Note Indenture and the A Notes; and

- (6) the Company shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the A Note Indenture.

The Successor Company will succeed to, and be substituted for the Company or the Issuer, as the case may be, under the A Note Indenture and the A Notes, as applicable. Notwithstanding the foregoing clauses (3) and (4),

- (1) the Company or any Restricted Subsidiary (other than the Issuer) may consolidate with or merge into or transfer all or part of its properties and assets to the Issuer or a Guarantor; and
- (2) the Company or the Issuer may merge with an Affiliate of the Company or the Issuer, as the case may be, solely for the purpose of reorganizing the Company or the Issuer, as the case may be, in the United States, any state thereof, the District of Columbia or any territory thereof so long as the amount of Indebtedness of the Company, the Issuer and its Restricted Subsidiaries is not increased thereby.

Notwithstanding the preceding two paragraphs, other than clause (3) above which shall be applicable, any Restricted Subsidiaries of the Issuer that are not Guarantors may consolidate or merge with or into or wind up into, and the Issuer or any of its Restricted Subsidiaries that are not Guarantors may sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the properties or assets of, or Equity Interests in, its Restricted Subsidiaries that are not Guarantors, taken as a whole, in one or more related transactions to any Person (such disposition, a *Foreign Disposition*); *provided, however*, that (1) such Foreign Disposition is a Qualified Asset Sale and (2) if, on a *pro forma* basis, the Consolidated Leverage Ratio would be equal to or greater than 6.0 to 1.0 or the Senior Leverage Ratio would be equal to or greater than 3.0 to 1.0, then the Issuer shall make an offer to purchase all the outstanding A Notes at 100% of the principal amount thereof in a manner and timeframe as would be required if such offer were a Change of Control Offer. If a Foreign Disposition does not constitute a disposition of all or substantially all of the properties or assets of the Issuer, this paragraph shall not be applicable.

Subject to certain limitations described in the A Note Indenture governing release of a Guarantee upon the sale, disposition or transfer of a guarantor, no Guarantor will, and the Company will not permit any Restricted Guarantor to, consolidate or merge with or into or wind up into (whether or not the Company or such Restricted Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person (other than CCU or its Restricted Subsidiaries (as defined in the indenture described in clause (b) of the definition of the Existing Senior Notes Indentures)) unless:

- (1) (a) such Guarantor is the surviving Person or the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is organized or existing under the laws of the jurisdiction of organization of such Guarantor, as the case may be, or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Guarantor or such Person, as the case may be, being herein called the *Successor Person*);
- (b) the Successor Person, if other than such Guarantor, expressly assumes all the obligations of such Guarantor under the A Note Indenture and such Guarantor's related Guarantee pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;
- (c) immediately after such transaction, no Default exists; and

- (d) the Company shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the A Note Indenture; or

- (2) the transaction is a Qualified Asset Sale.

In the case of clause (1) of the immediately preceding paragraph, the Successor Person will succeed to, and be substituted for, such Guarantor under the A Note Indenture and such Guarantor's Guarantee. Notwithstanding the foregoing, any Guarantor (other than the Company, which is covered by the third preceding paragraph) may (1) merge or consolidate with or into or wind up into or transfer all or part of its properties and assets to another Guarantor or the Issuer, (2) merge with an Affiliate of the Company solely for the purpose of reincorporating the Guarantor in the United States, any state thereof, the District of Columbia or any territory thereof or (3) convert into (which may be effected by merger with a Restricted Subsidiary that has substantially no assets and liabilities) a corporation, partnership, limited partnership, limited liability corporation or trust organized or existing under the laws of the jurisdiction of organization of such Guarantor (which may be effected by merger so long as the survivor thereof is a Guarantor).

Transactions with Affiliates

The Company will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of their properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Company (each of the foregoing, an *Affiliate Transaction*) involving aggregate payments or consideration in excess of \$10.0 million, unless:

- (1) such Affiliate Transaction is on terms that are not materially less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person on an arm's-length basis; and
- (2) the Company delivers to the Trustee with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate payments or consideration in excess of \$20.0 million, a resolution adopted by the majority of the Board of Directors approving such Affiliate Transaction and set forth in an Officer's Certificate certifying that such Affiliate Transaction complies with clause (1) above.

The foregoing provisions will not apply to the following:

- (1) (a) transactions between or among the Company or any of its Restricted Subsidiaries and (b) any Affiliate Transaction, directly or indirectly, (i) constituting the payment of dividends or making any other distributions to CCU or any of its Restricted Subsidiaries (as defined in the indenture described in clause (b) of the definition of the Existing Senior Notes Indentures) or payment of any Indebtedness owed to CCU or any of its Restricted Subsidiaries (as defined in the indenture described in clause (b) of the definition of the Existing Senior Notes Indentures), (ii) making loans or advances to CCU or any of its Restricted Subsidiaries (as defined in the indenture described in clause (b) of the definition of the Senior Notes Indentures), or (iii) selling, leasing or transferring any of properties or assets to CCU or any of its Restricted Subsidiaries (as defined in the indenture described in clause (b) of the definition of the Existing Senior Notes Indentures);
- (2) Restricted Payments permitted by the provisions of the B Note Indenture described under the covenant Description of the B Notes Certain Covenants in the B Note Indenture Limitation on Restricted Payments and Investments constituting Permitted Investments;

- (5) transactions in which the Company or any of its Restricted Subsidiaries, as the case may be, delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to the Company or such Restricted Subsidiary from a financial point of view or stating that the terms are not materially less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person on an arm's-length basis;
- (6) any agreement and the transactions contemplated thereby with an affiliate as in effect as of the Issue Date and any extension, amendment, restatement, modification or other supplement to, or replacement of, any of the foregoing and so long as any such extension, amendment, restatement, modification or other supplement is not materially adverse in the good faith judgment of the Board of Directors to the Holders when taken as a whole as compared to the applicable agreement as in effect on the Issue Date;
- (7) the existence of, or the performance by the Company or any of its Restricted Subsidiaries of its obligations under the terms of, any stockholders agreement, principal investors agreement (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Issue Date and any similar agreements which it may enter into thereafter; provided, however, that the existence of, or the performance by the Company or any of its Restricted Subsidiaries of obligations under any future amendment to any such existing agreement or under any similar agreement entered into after the Issue Date shall only be permitted by this clause (7) to the extent that the terms of any such amendment or new agreement are not otherwise materially adverse in the good faith judgment of the Board of Directors to the Holders when taken as a whole;
- (8) the Transactions and the payment of all fees and expenses related to the Transactions, including Transaction Expenses;
- (9) transactions with customers, clients, suppliers, contractors, joint venture partners or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the A Note Indenture which are fair to the Company and its Restricted Subsidiaries, in the reasonable determination of the Board of Directors or the senior management thereof, or are on terms at least as favorable as would reasonably have been obtained at such time from an unaffiliated party;
- (10) the issuance of Equity Interests (other than Disqualified Stock) by the Company or a Restricted Subsidiary;

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Company will not, and will not permit any of its Restricted Subsidiaries that are not Guarantors to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any such Restricted Subsidiary to:

- (1) pay (a) dividends or make any other distributions to the Company or any of its Restricted Subsidiaries on its Capital Stock or with respect to any other interest or participation in, or measured by, its profits, or (b) any Indebtedness owed to the Company or any of its Restricted Subsidiaries;
- (2) make loans or advances to the Company or any of its Restricted Subsidiaries; or
- (3) sell, lease or transfer any of its properties or assets to the Company or any of its Restricted Subsidiaries, except (in each case) for such encumbrances or restrictions existing under or by reason of:

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

The Company will not permit any Restricted Subsidiary of the Company, other than a Guarantor or an Immaterial Subsidiary, to guarantee the payment of any Indebtedness in excess of \$10.0 million of the Issuer or any Guarantor unless:

- (1) such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the A Note Indenture providing for a Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Issuer or any Guarantor, if such Indebtedness is by its express terms subordinated in right of payment to the A Notes or a related Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the A Notes or such Guarantor's related Guarantee; and
- (2) such Restricted Subsidiary shall within 30 days deliver to the Trustee an Opinion of Counsel reasonably satisfactory to the Trustee; *provided*, that this covenant shall not be applicable to any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary. The Company may elect, in its sole discretion, to cause any Subsidiary that is not otherwise required to be a Guarantor to become a Guarantor, in which case such Subsidiary shall not be required to comply with the 30 day periods described above.

Reports and Other Information

Notwithstanding that the Company may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the A Note Indenture will require the Company to file with the SEC from and after the Issue Date no later than 15 days after the periods set forth below,

- (1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal

year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

- (2) within 45 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-Q by a non-accelerated filer) after the end of each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q containing all quarterly information that would be required to be contained in Form 10-Q, or any successor or comparable form;
- (3) promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and
- (4) any other information, documents and other reports which the Company would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case, in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Company shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Company will make available such information to prospective purchasers of A Notes, in addition to providing such information to the Trustee and the Holders of the A Notes, in each case within 5 days after the time the Company would have been required to file such information with the SEC as required pursuant to the first sentence of this paragraph. To the extent any such information is not furnished within the time periods specified above and such information is subsequently furnished (including upon becoming publicly available, by filing such information with the SEC), the Company will be deemed to have satisfied its obligations with respect thereto at such time and any Default with respect thereto shall be deemed to have been cured; *provided*, that such cure shall not otherwise affect the rights of the Holders under Events of Default and Remedies if Holders of at least 25% in principal amount of the then total outstanding A Notes have declared the principal, premium, if any, interest and any other monetary obligations on all the then outstanding A Notes to be due and payable immediately and such declaration shall not have been rescinded or cancelled prior to such cure. In addition, to the extent not satisfied by the foregoing, the Company will agree that, for so long as any A Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Company becomes a guarantor of the A Notes, the A Note Indenture permits the Company to satisfy its obligations in this covenant with respect to financial information relating to the Company by furnishing financial information relating to such parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Company and its Restricted Subsidiaries on a standalone basis, on the other hand.

In connection with the filings with the SEC required pursuant to clauses (1) and (2) above, in connection therewith, the Company shall provide notice of, and host, a conference call open to the public to discuss the results for the applicable period.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement by the filing with the SEC of the exchange offer registration statement or shelf registration statement in accordance with the terms of the A Note Registration Rights Agreement, and any amendments thereto, with such financial information that satisfies Regulation S-X of the Securities Act.

Liquidity Amount

On the Issue Date, (1) the Issuer and the Guarantors shall have \$50.0 million in any combination of cash, other liquid assets under their sole dominion and control on an unrestricted basis and not subject to any Lien (such cash and liquid assets, the *Guarantor Liquidity Assets*) and cash available to be borrowed by the Issuer or

the Guarantors in U.S. dollars under any Credit Facility to which the Company is a party (but to which none of its Affiliates (other than the Issuer and Restricted Guarantors) is a party) (the *Guarantor Liquidity Facility*) for which all conditions to borrowing have been and remain satisfied (such \$50.0 million amount, the *Guarantor Liquidity Amount*) and the Company shall maintain such Liquidity Amount at all times and (2) the Restricted Subsidiaries that are not Guarantors shall have, and the Company shall cause the Restricted Subsidiaries that are not Guarantors to have, \$50.0 million (or an equivalent amount in other currencies) in any combination of cash, other liquid assets under their sole dominion and control on an unrestricted basis and not subject to any Lien (such cash and liquid assets, the *Non-Guarantor Liquidity Assets*) and cash available to be borrowed by any one or more of the Restricted Subsidiaries that are not Guarantors under any Credit Facility to which none of the Company's Affiliates (other than the Company and any Restricted Subsidiaries) is a party (the *Non-Guarantor Liquidity Facility* and, together with the Guarantor Liquidity Facility, the *Liquidity Facilities*) for which all conditions to borrowing have been and remain satisfied (such \$50.0 million amount (or an equivalent amount in other currencies), the *Non-Guarantor Liquidity Amount*) and the Company shall cause the Non-Guarantor Liquidity Amount to be maintained at all times. The Liquidity Facilities shall only constitute Liquidity Facilities to the extent all conditions to borrowing thereunder are satisfied (other than any notice of borrowing that may be required) and the amount available under any Liquidity Facility shall be part of the Guarantor Liquidity Amount or the Non-Guarantor Liquidity Amount without duplication. Assets that constitute Guarantor Liquidity Assets shall not also constitute Non-Guarantor Liquidity Assets and vice versa. Notwithstanding the foregoing, the Guarantor Liquidity Assets and the Non-Guarantor Liquidity Assets may be subject to Permitted Liquidity Liens.

Events of Default and Remedies

The A Note Indenture provides that each of the following is an Event of Default with respect to the A Notes:

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the A Notes;
- (2) default for 30 days or more in the payment when due of interest on or with respect to the A Notes;
- (3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less than 25% in principal amount of the then outstanding A Notes (with a copy to the Trustee) to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above and clause (9) below) contained in the A Note Indenture or the A Notes;
- (4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries, other than Indebtedness owed to the Company or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the A Notes, if both:
 - (a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated final maturity; and
 - (b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$35.0 million or more at any one time outstanding,
 in each case, other than as a result of an Excluded Event

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 424B3

- (5) failure by the Company, the Issuer or any other Significant Party to pay final non-appealable judgments aggregating in excess of \$35.0 million, which final judgments remain unpaid, undischarged and

Table of Contents

unstayed for a period of more than 90 days after such judgments become final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

- (6) certain events of bankruptcy or insolvency with respect to the Company, the Issuer or any other Significant Party;
- (7) failure of any Person required by the terms of the A Note Indenture to be a Guarantor as of the Issue Date to execute a supplemental indenture to the A Note Indenture within five Business Days following the Issue Date;
- (8) the Guarantee of any Significant Party shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Party, as the case may be, denies in writing that it has any further liability under its Guarantee or gives written notice to such effect, other than by reason of the termination of the A Note Indenture or the release of any such Guarantee in accordance with the A Note Indenture; and
- (9) failure to maintain the Guarantor Liquidity Amount or the Non-Guarantor Liquidity Amount which failure continues for more than fifteen (15) consecutive business days; provided, however, that upon the event of a CCU Credit Event and during the continuance thereof, for the period that is the shorter of the continuance of the CCU Credit Event and 60 days after the occurrence of such CCU Credit Event, it shall not be an Event of Default if the Guarantor Liquidity Amount and the Non-Guarantor Liquidity Amount shall each be at least \$25.0 million during such period.

If any Event of Default (other than of a type specified in clause (6) above with respect to the Company or the Issuer) occurs and is continuing under the A Note Indenture, the Trustee or the Holders of at least 25% in principal amount of the then total outstanding A Notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding A Notes to be due and payable immediately.

Upon the effectiveness of such declaration, such principal and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section with respect to the Company or the Issuer, all outstanding A Notes will become due and payable without further action or notice. The A Note Indenture provides that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the A Notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of the A Notes.

The A Note Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding A Notes under the A Note Indenture by notice to the Trustee may on behalf of the Holders of all such A Notes waive any existing Default and its consequences under such Indenture (except a continuing Default in the payment of interest on, premium, if any, or the principal of any A Note held by a non-consenting Holder) and rescind any acceleration with respect to such A Notes and its consequences (except if such rescission would conflict with any judgment of a court of competent jurisdiction). In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the A Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

- (1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged; or
- (2) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or
- (3) the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the A Note Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or

Table of Contents

powers under the A Note Indenture at the request or direction of any of the Holders of the A Notes outstanding thereunder unless the Holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of an A Note may pursue any remedy with respect to the A Note Indenture or the A Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 25% in principal amount of the total outstanding A Notes have requested the Trustee to pursue the remedy;
- (3) Holders of the A Notes have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the total outstanding A Notes thereunder have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the A Note Indenture the Holders of a majority in principal amount of the then total outstanding A Notes thereunder are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the A Note Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of an A Note or that would involve the Trustee in personal liability. The Company is required to deliver to the Trustee annually a statement regarding compliance with the A Note Indenture, and the Company is required, within five Business Days after becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No past, present or future director, officer, employee, incorporator, member, partner or stockholder of the Issuer or any Guarantor or any of their direct or indirect parent companies shall have any liability for any obligations of the Issuer or the Guarantors under the A Notes, the Guarantees or the A Note Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting A Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the A Notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The obligations of the Issuer and the Guarantors under the A Note Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the A Notes issued thereunder. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the A Notes and have each Guarantor's obligations discharged with respect to its Guarantee (*Legal Defeasance*) and cure all then existing Events of Default except for:

- (1) the rights of Holders of A Notes to receive payments in respect of the principal of, premium, if any, and interest on the A Notes when such payments are due solely out of the trust created pursuant to the A Note Indenture for those A Notes;
- (2) the Issuer's obligations with respect to A Notes concerning issuing temporary A Notes, registration of such A Notes, mutilated, destroyed, lost or stolen A Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

Table of Contents

(3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and

(4) the Legal Defeasance provisions of the A Note Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to substantially all of the restrictive covenants in the A Note Indenture (*Covenant Defeasance*) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the A Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Company or the Issuer) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to those A Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the A Notes:

- (1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the A Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal amount of, premium, if any, and interest due on the A Notes on the stated maturity date or on the redemption date, as the case may be, of such principal amount, premium, if any, or interest on such A Notes, and the Issuer must specify whether such A Notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,
 - (a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or
 - (b) since the issuance of the A Notes, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the A Notes will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to such other Indebtedness, and in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;
- (5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under any Senior Credit Facility or any other material agreement or instrument governing Indebtedness (other than the A Note Indenture) to which, the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from any borrowing of funds to be applied to make the deposit required to effect such Legal Defeasance or Covenant Defeasance and any similar and simultaneous deposit relating to other Indebtedness, and, in each case, the granting of Liens in connection therewith);

Table of Contents

- (6) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and
- (7) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The A Note Indenture will be discharged and will cease to be of further effect as to all A Notes issued thereunder, when either:

- (1) all A Notes theretofore authenticated and delivered, except lost, stolen or destroyed A Notes which have been replaced or paid and A Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or
- (2) (a) all A Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or are to be called for redemption and redeemed within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders of the A Notes cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the A Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption thereof, as the case may be;
- (b) no Default (other than that resulting from borrowing funds to be applied to make such deposit or any similar and simultaneous deposit relating to other Indebtedness and in each case, the granting of Liens in connection therewith) with respect to the A Note Indenture or the A Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under any Senior Credit Facility or any other material agreement or instrument governing Indebtedness (other than the A Note Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than resulting from any borrowing of funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);
- (c) the Issuer has paid or caused to be paid all sums payable by it under the A Note Indenture; and
- (d) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the A Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the A Note Indenture, any Guarantee and the A Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes issued thereunder then outstanding, other than A Notes issued thereunder beneficially owned by the Company or any of its Affiliates, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, A Notes issued thereunder, and any existing Default or Event of Default or

compliance with any provision of the A Note Indenture or the A Notes issued thereunder may be waived with the consent of the Holders of a majority in principal amount of the then outstanding A Notes issued thereunder, other than A Notes issued thereunder beneficially owned by the Company or any of its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for such A Notes).

The A Note Indenture provides that, without the consent of each affected Holder of A Notes issued thereunder, an amendment or waiver may not, with respect to any A Notes issued thereunder held by a non-consenting Holder:

- (1) reduce the principal amount of such A Notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal amount of or change the fixed final maturity of any such A Note or alter or waive the provisions with respect to the redemption of such A Notes (other than provisions relating to the covenants described above under Repurchase at the Option of Holders);
- (3) reduce the rate of or change the time for payment of interest on any A Note;
- (4) waive a Default in the payment of principal of or premium, if any, or interest on the A Notes (except a rescission of acceleration of the A Notes by the Holders of at least a majority in aggregate principal amount of the A Notes and a waiver of the payment default that resulted from such acceleration) or in respect of a covenant or provision contained in the A Note Indenture or any Guarantee which cannot be amended or modified without the consent of all affected Holders;
- (5) make any A Note payable in money other than that stated therein;
- (6) make any change in the provisions of the A Note Indenture relating to waivers of past Defaults or the rights of Holders to receive payments of principal of or premium, if any, or interest on the A Notes;
- (7) make any change in these amendment and waiver provisions;
- (8) impair the right of any Holder to receive payment of principal of, or interest on such Holder's A Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's A Notes;
- (9) make any change to the ranking of the A Notes that would adversely affect the Holders;
- (10) except as expressly permitted by the A Note Indenture, modify the Guarantees of any Significant Party in any manner adverse to the Holders of the A Notes; or
- (11) after the Issuer's obligation to purchase A Notes arises thereunder, amend, change or modify in any respect materially adverse to the Holders of the A Notes the obligations of the Issuer to make and consummate a Change of Control Offer in the event of a Change of Control or make and consummate an A Notes Purchase Offer required to be made or, after such Change of Control has occurred or such requirement has arisen, modify any of the provisions or definitions with respect thereto in a manner that is materially adverse to the Holders of the A Notes.

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 424B3

Notwithstanding the foregoing, the Issuer and the Trustee may amend or supplement the A Note Indenture and the A Notes and the Issuer, the Trustee and the Guarantors may amend or supplement any Guarantee issued under the A Note Indenture, in each case, without the consent of any Holder:

- (1) to cure any ambiguity, omission, mistake, defect or inconsistency;
- (2) to provide for uncertificated A Notes in addition to or in place of certificated A Notes;
- (3) to comply with the covenant relating to mergers, consolidations and sales of assets;
- (4) to provide for the assumption of the Issuer's or any Guarantor's obligations to the Holders;

Table of Contents

- (5) to make any change that would provide any additional rights or benefits to the Holders or that does not adversely affect the legal rights under the A Note Indenture of any such Holder;
- (6) to add covenants for the benefit of the Holders or to surrender any right or power conferred upon the Issuer or any Guarantor;
- (7) to comply with requirements of the SEC in order to effect or maintain the qualification of the A Note Indenture under the Trust Indenture Act;
- (8) to evidence and provide for the acceptance and appointment under the A Note Indenture of a successor Trustee thereunder pursuant to the requirements thereof;
- (9) to add a Guarantor under the A Note Indenture;
- (10) to conform the text of the A Note Indenture or the Guarantees or the A Notes issued thereunder to any provision of this Description of the A Notes to the extent that such provision in this Description of the A Notes was intended to be a verbatim recitation of a provision of the A Note Indenture, Guarantee or A Notes;
- (11) to provide for the issuance of Series A Exchange Notes or private exchange notes, which are identical to Series A Exchange Notes except that they are not freely transferable; or
- (12) to make any amendment to the provisions of the A Note Indenture relating to the transfer and legending of A Notes as permitted by the A Note Indenture, including to facilitate the issuance and administration of the A Notes; provided, however, that (i) compliance with the A Note Indenture as so amended would not result in A Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of Holders to transfer A Notes. However, no amendment or supplement to the A Note Indenture or the A Notes that modifies or waives the specific rights or obligations of the Paying Agent, registrar or transfer agent may be made without the consent of such agent (it being understood that the Trustee's execution of any such amendment or supplement will constitute such consent if the Trustee is then also acting as such agent).

The consent of the Holders is not necessary under the A Note Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Notices given by publication will be deemed given on the first date on which publication is made and notices given by first-class mail, postage prepaid, will be deemed given five calendar days after mailing.

Concerning the Trustee

The A Note Indenture contains certain limitations on the rights of the Trustee thereunder, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The A Note Indenture provides that the Holders of a majority in principal amount of the outstanding A Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The A Note Indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. Subject to such provisions, the

Table of Contents

Trustee will be under no obligation to exercise any of its rights or powers under the A Note Indenture at the request of any Holder of A Notes, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

The A Note Indenture, the A Notes and any Guarantee will be governed by and construed in accordance with the laws of the State of New York.

In the event that the Company or any Restricted Subsidiary (i) incurs, redeems, retires or extinguishes any Pari Passu Indebtedness (other than Pari Passu Indebtedness incurred or repaid under any revolving credit facility in the ordinary course of business for working capital purposes) or (ii) issues or redeems Disqualified Stock or Preferred Stock subsequent to the commencement of the period for which the Senior Leverage Ratio is being calculated but prior to or simultaneously with the event for which the calculation of the Senior Leverage Ratio is made (the Senior Leverage Ratio Calculation Date), then the Senior Leverage Ratio shall be calculated giving pro forma effect to such incurrence, redemption, retirement or extinguishment of Indebtedness, or such issuance or redemption of Disqualified Stock or Preferred Stock, as if the same had occurred at the beginning of the applicable four-quarter period; *provided, however*, that the Issuer may elect, pursuant to an Officer's Certificate delivered to the Trustee not later than 30 days after entering into any commitment providing for the incurrence of any Pari Passu Indebtedness, that all or any portion of the Pari Passu Indebtedness that could be incurred under such commitment at the time such commitment is entered into shall be treated as incurred and outstanding in such amount for all purposes of this calculation (whether or not such Pari Passu Indebtedness is outstanding at the time such commitment is entered into) and any subsequent incurrence of such Pari Passu Indebtedness under such commitment (including upon repayment and reborrowing) shall not be deemed, for purposes of this calculation, to be the incurrence of Pari Passu Indebtedness at such subsequent time.

For purposes of making the computation referred to above, Investments, acquisitions, dispositions, mergers, amalgamations, consolidations and discontinued operations (as determined in accordance with GAAP), in each case with respect to an operating unit of a business made (or committed to be made pursuant to a definitive agreement) during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Senior Leverage Ratio Calculation Date, and other operational changes that the Company or any of its Restricted Subsidiaries has determined to make or made during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Senior Leverage Ratio Calculation Date shall be calculated on a *pro forma* basis as set forth below assuming that all such Investments, acquisitions, dispositions, mergers, amalgamations, consolidations, discontinued operations and other operational changes had occurred on the first day of the four-quarter reference period. For purposes of this definition, whenever *pro forma* effect is to be given to an Investment, acquisition, disposition, amalgamation, merger or consolidation (including the Transactions) and the amount of income or earnings relating thereto, the *pro forma* calculations shall be made in good faith by a responsible financial or

accounting officer of the Company (and may include cost savings, synergies and operating expense reductions resulting from such Investment, acquisition, amalgamation, merger or consolidation (including the Transactions) which is being given *pro forma* effect that have been or are expected to be realized); *provided*, that actions to realize such cost savings, synergies and operating expense reductions are taken within 12 months after the date of such Investment, acquisition, amalgamation, merger or consolidation; *provided*, that no cost savings, synergies or operating expense reductions shall be included pursuant to this paragraph to the extent duplicative of any amounts that are otherwise added back in computing EBITDA with respect to such period. For the purposes of this definition, any amount in a currency other than U.S. dollars will be converted to U.S. dollars based on the average exchange rate for such currency for the most recent twelve-month period immediately prior to the date of determination determined in a manner consistent with that used in calculating EBITDA for the applicable period.

Certain terms used in this description are defined under the subheading **Certain Definitions**. For purposes of this description only, (i) the term **Issuer** refers to Clear Channel Worldwide Holdings, Inc., and not to any of its Subsidiaries, (ii) the term **Company** refers to Clear Channel Outdoor Holdings, Inc., and not to any of its Subsidiaries, (iii) the terms **we**, **our** and **us** each refer to the Company and its consolidated Subsidiaries, (iv) the term **CCO** refers to Clear Channel Outdoor, Inc., and not to any of its Subsidiaries, (v) the term **B Notes** refers to notes issued under the B Note Indenture and (vi) the term **B Note Registration Rights Agreement** refers to the registration rights agreement with the initial purchasers regarding registration of the outstanding B Notes. The Issuer is a Wholly-Owned Subsidiary of the Company. The Company, as a Guarantor of the B Notes, and any Restricted Subsidiary of the Company that Guarantees the B Notes are each referred to as a **Restricted Guarantor**.

The following description is only a summary of the material provisions of the B Note Indenture and does not purport to be complete and is qualified in its entirety by reference to the provisions of that agreement, including the definitions therein of certain terms used in this **Description of the B Notes**. We urge you to read the B Note Indenture, the B Notes and the B Note Registration Rights Agreement because those agreements, not this description, define your rights as Holders of the B Notes. Copies of the B Note Indenture and the B Note Registration Rights Agreement have been filed with the SEC as exhibits to the Registration Statement on Form S-4 of which this prospectus is a part.

Brief Description of B Notes

The B Notes:

are senior unsecured obligations of the Issuer;

are *pari passu* in right of payment with all existing and future unsubordinated Indebtedness of the Issuer, including the A Notes and under any Credit Facilities of the Issuer;

are effectively subordinated to all existing and future Secured Indebtedness of the Issuer to the extent of the value of such assets securing such Indebtedness;

are senior in right of payment to all Subordinated Indebtedness of the Issuer;

are guaranteed by each of the Company, CCO and substantially all of the Company's other domestic Restricted Subsidiaries other than the Excluded Subsidiaries; and

are structurally subordinated to all existing and future obligations of any existing or future Subsidiaries of the Company that do not guarantee the B Notes.

The Guarantee of each Guarantor of the B Notes:

are a senior unsecured obligation of such Guarantor;

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 424B3

rank *pari passu* in right of payment with all existing and future unsubordinated Indebtedness of such Guarantor, including such Guarantor's guarantee of the A Notes and under any Credit Facilities of such Guarantor and, in the case of the Company, the Company's obligations under the CCOH Mirror Note; and

are effectively subordinated to all existing and future Secured Indebtedness of such Guarantor to the extent of the value of such assets securing such Indebtedness.

Guarantees

The Guarantors, as primary obligors and not merely as sureties, jointly and severally irrevocably and unconditionally guarantee, on an unsecured senior basis, in each case, the performance and full and punctual

Table of Contents

payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the B Note Indenture and the B Notes, whether for payment of principal of or interest on the B Notes, expenses, indemnification or otherwise, on the terms set forth in the B Note Indenture by executing the B Note Indenture or a supplemental indenture.

Each Restricted Subsidiary that is a Wholly-Owned Subsidiary of the Company (other than Excluded Subsidiaries) guarantee the B Notes, subject to release as provided below. The B Notes are structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Company that do not guarantee the B Notes.

Not all of the Company's Subsidiaries guarantee the B Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute or contribute, as the case may be, any of their assets to a Guarantor. None of the Company's Excluded Subsidiaries will guarantee the B Notes. As of the Issue Date, our Excluded Subsidiaries include all Foreign Subsidiaries of the Company and non-Wholly-Owned Subsidiaries of the Company.

The obligations of each Guarantor under its Guarantee are limited as necessary to prevent such Guarantee from constituting a fraudulent conveyance under applicable law.

Any Guarantor that makes a payment under its Guarantee will be entitled upon payment in full of all guaranteed obligations under the B Note Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment (such net assets determined in accordance with GAAP).

If a Guarantee was rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero.

Each Guarantee by a Restricted Guarantor provides by its terms that it shall be automatically and unconditionally released and discharged upon:

- (1) (a) any sale, exchange or transfer (by merger or otherwise) of (i) the Capital Stock of such Restricted Guarantor (including any sale, exchange or transfer), after which the applicable Restricted Guarantor is no longer a Restricted Subsidiary or (ii) all or substantially all of the assets of such Restricted Guarantor which sale, exchange or transfer is made in a manner in compliance with the applicable provisions of the B Note Indenture;
- (b) the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary;
- (c) the Issuer exercising its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the Issuer's obligations under the B Note Indenture being discharged in a manner not in violation of the terms of the B Note Indenture; or
- (d) such Restricted Guarantor ceasing to be a Restricted Subsidiary as a result of a transaction or designation permitted hereunder; *provided, however*, if such Restricted Guarantor, immediately prior thereto, was a guarantor of other capital markets debt securities of the Issuer or a Guarantor and continues to be a guarantor of such other capital markets debt securities of the Issuer or a Guarantor, no such release shall be permitted; and
- (2) such Restricted Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the B Note Indenture relating to such transaction have been complied with. The Guarantee by the Company shall provide by its terms that it shall be automatically and unconditionally released and discharged upon the Issuer exercising its legal

defeasance option or covenant defeasance option as described under "Legal Defeasance and Covenant Defeasance" or the Issuer's obligations under the B Note Indenture being discharged in a manner in accordance with the terms of the B Note Indenture.

Ranking

The payment of the principal of, premium, if any, and interest on the B Notes by the Issuer will rank *pari passu* in right of payment to all unsubordinated Indebtedness of the Issuer, including the A Notes.

The payment of any Guarantee of the B Notes will rank *pari passu* in right of payment to all unsubordinated indebtedness of the relevant Guarantor, including, the guarantee by such Guarantor of the A Notes and, in the case of the Company, the Company's Obligations under the CCOH Mirror Note.

Each Guarantor's obligations under its Guarantee of the B Notes will be effectively subordinated to the obligations of the Guarantor under its Secured Indebtedness to the extent of the value of the assets securing such Indebtedness.

The B Notes are effectively subordinated to all of the existing and future Secured Indebtedness of the Issuer and each Guarantor to the extent of the value of the assets securing such Indebtedness.

Although the B Note Indenture limits the incurrence of Indebtedness by the Company and its Restricted Subsidiaries and the issuance of Disqualified Stock and Preferred Stock by the Restricted Subsidiaries, such limitations are subject to a number of significant qualifications and exceptions. Under certain circumstances, the Company and its Subsidiaries may be able to incur substantial amounts of Indebtedness and such Indebtedness may be Secured Indebtedness. See "Certain Covenants in the B Note Indenture—Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock" and "Certain Covenants in the B Note Indenture—Liens."

Substantially all of the operations of the Issuer are conducted through its Subsidiaries, most of which are Foreign Subsidiaries of the Issuer who do not Guarantee the B Notes. In addition, substantially all of the operations of the Company are conducted through its Subsidiaries. Unless a Subsidiary is a Guarantor, claims of creditors of such Subsidiary, including trade creditors, and claims of preferred stockholders (if any) of such Subsidiary generally will have priority with respect to the assets and earnings of such Subsidiary over the claims of creditors of the Issuer, including Holders. The B Notes, therefore, are effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of the Company that are not Guarantors.

See "Risk Factors—Risks Related to the Exchange Offers" and "Risk Factors—Risks Related to the Exchange Notes."

Paying Agent and Registrar for the B Notes

The Issuer will maintain one or more Paying Agents for the B Notes. The initial Paying Agent for the B Notes is U.S. Bank National Association.

The Issuer will also maintain a registrar in respect of the B Notes, initially U.S. Bank National Association. If the Issuer fails to appoint a registrar, the Trustee will act as such. The registrar for the B Notes will maintain a register reflecting ownership of the B Notes outstanding from time to time and will make payments on and facilitate transfer of the B Notes on behalf of the Issuer.

The Issuer may change the Paying Agents or the registrars without prior notice to the Holders. The Company, the Issuer, any Restricted Subsidiary or any Subsidiaries of a Restricted Subsidiary may not act as a Paying Agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange B Notes in accordance with the terms set forth in the B Note Indenture pursuant to which such B Notes have been issued. Any registrar or the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of B Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or exchange any B Note selected for redemption.

Principal, Maturity and Interest

The Issuer issued \$2,000,000,000 aggregate principal amount of the outstanding B Notes on the Issue Date and will issue the same amount of Series B Exchange Notes pursuant to the B Note exchange offer. The B Notes will mature on December 15, 2017. Subject to compliance with the covenant described below under the caption *Certain Covenants in the B Note Indenture* *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock*, the Issuer may issue additional B Notes from time to time after this offering (such additional B Notes, the *Additional B Notes*). The B Notes offered by the Issuer and any Additional B Notes subsequently issued under the B Note Indenture will be treated as a single class for all purposes under the B Note Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, for all purposes of the B Note Indenture and this *Description of the B Notes*, references to *B Notes* include any Additional B Notes that are actually issued and references to *A Notes* include any Additional A Notes that are actually issued.

Interest will accrue and be payable daily by the Issuer on the B Notes from the Issue Date, or from the most recent date to which interest has been paid or provided for. Interest will be payable by the Trustee semiannually using a 360-day year comprised of twelve 30-day months to Holders of record at the close of business on the June 1 or December 1 immediately preceding the interest payment date, on June 15 and December 15 of each year, commencing June 15, 2010. If a payment date is not on a Business Day at the place of payment, payment may be made at the place on the next succeeding Business Day and no interest will accrue for the intervening period.

The Issuer will pay interest on overdue principal at 1% per annum in excess of the interest otherwise payable by the Issuer and will pay interest on overdue installments due from the Issuer at such higher rate to the extent lawful.

The Issuer has caused the Trustee to establish an account (the *Trustee Account*) to be maintained by the Trustee for the benefit of the Holders with respect to payments of interest on the B Notes, over which the Trustee shall have sole control and dominion. Interest on the B Notes will accrue, and be payable by or on behalf of the Issuer to the Trustee, daily; *provided* that the failure by the Issuer to make or have made any such daily payment to the Trustee on any day will not constitute a Default so long as (a) (x) no payment or other transfer by the Company or any of its Restricted Subsidiaries shall have been made on such day under the Cash Management Arrangements or (y) the amount of funds on deposit in the Trustee Account on such day is equal to the amount of interest which has accrued up to and including such day and (b) on each semiannual interest payment date the aggregate amount of funds deposited in the Trustee Account is sufficient to pay the aggregate amount of interest on the B Notes that is payable by the Trustee to the Noteholders on such semiannual interest payment date; *provided further, however*, that payments of interest shall only be deemed to be overdue to the extent that the aggregate amount of funds deposited in the Trustee Account is not sufficient to pay the aggregate amount of interest on the B Notes that is payable by the Trustee to Holders on the applicable semiannual interest payment date. The Issuer or any Guarantor will not be the legal owners of the funds on deposit in the Trustee Account. Such amounts may be in cash in U.S. dollars, in Government Securities or in a combination thereof. Any interest earned on Government Securities held in the Trustee Account will be applied to pay fees and expenses of the Trustee and, to the extent of any excess, returned to the Company. Upon the making by or on behalf of the Issuer of any payment into the Trustee Account, the Issuer's obligation to pay accrued interest shall be discharged to the extent of the amount so paid. If the Trustee fails to make an interest payment on the B Notes but the Issuer has deposited the funds with the Trustee, it will not be a Default.

Table of Contents

Special Interest may accrue on the B Notes in certain circumstances pursuant to the B Note Registration Rights Agreement. All references in the B Note Indenture and this Description of the B Notes, in any context, to any interest or other amount payable on or with respect to the B Notes shall be deemed to include any Special Interest pursuant to the B Note Registration Rights Agreement for the B Notes. The Issuer's office or agency will be the office of the Paying Agent maintained for such purpose.

Under certain circumstances, we may be required to offer to purchase B Notes as described under the caption Repurchase at the Option of Holders. Notwithstanding the foregoing, none of the Company or any of its Subsidiaries shall make any purchase of, or otherwise effectively cancel or retire any B Notes (whether through open market purchases, tender offers, defeasance, offers to purchase required by the B Notes or otherwise) if, after giving effect thereto and, if applicable, any concurrent purchase of or other action with respect to any A Notes, the ratio of (a) the outstanding aggregate principal amount of the A Notes to (b) the outstanding aggregate principal amount of the B Notes shall be greater than 0.250; provided, however, that the foregoing restriction shall not be applicable in the case of any Change of Control Offer, Asset Sale Offer or offer to purchase the A Notes required to be made under the A Note Indenture at the price specified with respect thereto to all holders of the A Notes, where a violation of the foregoing restriction would occur solely as a result of different offer acceptance rates by the holders of the B Notes and the A Notes. References to the B Notes and the A Notes in this paragraph do not include any Additional B Notes or any Additional A Notes, as applicable.

The Trustee or the Paying Agent shall select the B Notes to be purchased in the manner described under *Selection and Notice*.

Repurchase at the Option of Holders***Change of Control***

The B Notes provides that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding B Notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the B Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101.0% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase, subject to the right of Holders of the B Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee, to each Holder of B Notes to the address of such Holder appearing in the security register with a copy to the Trustee, or otherwise in accordance with the procedures of DTC, with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled *Repurchase at the Option of Holders Change of Control*, and that all B Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*);
- (3) that any B Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless the Issuer defaults in the payment of the Change of Control Payment, all B Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

Table of Contents

- (5) that Holders electing to have any B Notes purchased pursuant to a Change of Control Offer will be required to surrender such B Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such B Notes completed, to the Paying Agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) that Holders will be entitled to withdraw their tendered B Notes and their election to require the Issuer to purchase such B Notes, provided that the Paying Agent receives, not later than the close of business on the fifth Business Day preceding the Change of Control Payment Date, a telegram, facsimile transmission or letter setting forth the name of the Holder of the B Notes, the principal amount of B Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered B Notes and its election to have such B Notes purchased;
- (7) that the Holders whose B Notes are being repurchased only in part will be issued new B Notes equal in principal amount to the unpurchased portion of the B Notes surrendered. The unpurchased portion of the B Notes must be equal to a minimum of \$2,000 or an integral multiple of \$1,000 in principal amount;
- (8) if such notice is mailed prior to the occurrence of a Change of Control, stating that the Change of Control Offer is conditional on the occurrence of such Change of Control; and

(9) the other instructions, as determined by the Issuer, consistent with the covenant described hereunder, that a Holder must follow. The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of B Notes by the Issuer pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the B Note Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the B Note Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

- (1) accept for payment all B Notes or portions thereof properly tendered pursuant to the Change of Control Offer,
- (2) deposit with the Paying Agent an amount equal to the aggregate Change of Control Payment in respect of all B Notes or portions thereof so tendered, and
- (3) deliver, or cause to be delivered, to the Trustee for cancellation (and delivery to the Paying Agent) the B Notes so accepted together with an Officer's Certificate to the Trustee stating that such B Notes or portions thereof have been tendered to and purchased by the Issuer.

Future credit agreements or other agreements to which the Company or the Issuer become a party may provide that certain change of control events with respect to the Company would constitute a default thereunder (including a Change of Control under the B Note Indenture). If we experience a change of control that triggers a default under any Credit Facilities, we could seek a waiver of such default or seek to refinance our Credit Facilities. In the event we do not obtain such a waiver or refinance the Credit Facilities, such default could result in amounts outstanding under our Credit Facilities being declared due and payable.

Our ability to pay cash to the Holders of B Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases. See *Risk Factors* *Risks Related to the Exchange Notes*. Certain transactions that may result in a change of ownership of Clear Channel Worldwide Holdings may not constitute a change of control. In addition, in the event of a change of control, Clear Channel Worldwide Holdings may not be able to fulfill its repurchase obligations under the indentures governing the notes.

Table of Contents

The Change of Control purchase feature of the B Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. As of the Issue Date, we had no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, dispositions, refinancings or other recapitalizations, that would not constitute a Change of Control under the B Note Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness (including Secured Indebtedness) are contained in the covenants described under **Certain Covenants in the B Note Indenture** **Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock** and **Certain Covenants in the B Note Indenture** **Liens**. In addition, a Change of Control could be triggered by changes in ownership resulting from an insolvency of CCU or a restructuring of its Indebtedness. Accordingly, events relating to CCU and over which we and they do not have control could trigger a Change of Control. Such restrictions in the B Note Indenture can be waived only with the consent of the Holders of a majority in principal amount of the B Notes then outstanding. Except for the limitations contained in such covenants, however, the B Note Indenture does not contain any covenants or provisions that may afford Holders of the B Notes protection in the event of a highly leveraged transaction. Such limitations are subject to a number of important exceptions, baskets and qualifications.

We will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the B Note Indenture applicable to a Change of Control Offer made by us and purchases all B Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of **Change of Control** includes a disposition of all or substantially all of the assets of the Company and its Restricted Subsidiaries to any Person. Although there is a limited body of case law interpreting the phrase **substantially all**, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of **all or substantially all** of the assets of the Company and its Restricted Subsidiaries. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of B Notes may require the Issuer to make an offer to repurchase the B Notes as described above. In addition, Holders may not be entitled to require us to purchase their B Notes in certain circumstances involving a significant change in the composition of our Board of Directors, including in connection with a proxy contest where our Board of Directors does not endorse a dissident slate of directors but approves them as **Continuing Directors**.

Except as described in clause (11) of the second paragraph under **Amendment, Supplement and Waiver**, the provisions in the B Note Indenture relative to the Issuer's obligation to make an offer to repurchase the B Notes as a result of a Change of Control may be waived or modified at any time with the written consent of the Holders of a majority in principal amount of the then outstanding B Notes under the B Note Indenture.

Asset Sales

The B Note Indenture provides that the Company will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale, unless:

- (1) the Company or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Company) of the assets sold or otherwise disposed of; and

Table of Contents

- (2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Company or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:
 - (a) any liabilities (as shown on the Company's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Company or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Notes (or Guarantees) or that are owed to the Company or a Restricted Subsidiary, that are assumed by the transferee of any such assets and for which the Company and all of its Restricted Subsidiaries have been validly released by all creditors in writing,
 - (b) any securities, notes or other obligations or assets received by the Company or such Restricted Subsidiary from such transferee that are converted by the Company or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale, and
 - (c) any Designated Non-cash Consideration received by the Company or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed \$75.0 million at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 18 months after the receipt of any Net Proceeds of any Asset Sale:

- (1) by the Company or any Restricted Subsidiary, then the Company or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale to permanently reduce Obligations under Pari Passu Indebtedness of the Issuer or the Guarantors (other than any Indebtedness under the Senior Credit Facilities) that is secured by a Lien, which Lien is permitted by the B Note Indenture, and to correspondingly reduce commitments with respect thereto;
- (2) by the Company or any Restricted Subsidiary, then the Company or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale to permanently reduce Obligations under (i) the B Notes (to the extent such purchases are at or above 100% of the principal amount thereof) or (ii) any other Pari Passu Indebtedness of the Issuer or a Guarantor (and to correspondingly reduce commitments with respect thereto); *provided, however*, that the Issuer shall equally and ratably reduce (or offer to reduce) Obligations under the B Notes as provided under Optional Redemption, through open-market purchases (to the extent such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Series B Holders of Notes to purchase a pro rata amount of B Notes at 100% of the principal amount thereof, plus accrued but unpaid interest;
- (3) [Reserved]
- (4) [Reserved]
- (5) by any Restricted Subsidiary that is not the Issuer or a Guarantor, then such Restricted Subsidiary that is not the Issuer or a Guarantor, at its option, may apply the Net Proceeds of such Asset Sale to permanently reduce Obligations under Indebtedness of Restricted Subsidiaries that are not the Issuer or not Guarantors, and to correspondingly reduce commitments with respect thereto; or
- (6) by the Company or any Restricted Subsidiary, then the Company or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale to (a) make an Investment in any one or more businesses, provided, however, that such Investment in

any business is in the form of the acquisition of Capital Stock and results in the Issuer or Restricted Subsidiary, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) acquire

properties, (c) make capital expenditures or (d) acquire other assets that, in the case of each of clauses (a), (b), (c) and (d) either (x) are used or useful in a Similar Business or (y) replace the businesses, properties or assets that are the subject of such Asset Sale; *provided, however*, that, in the case of clause (6) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within the later of 18 months after receipt of such Net Proceeds and 180 days following such commitment; *provided further, however*, that if such commitment is cancelled or terminated after the later of such 18 month or 180 day period for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from any Asset Sale described in the preceding paragraph that are not invested or applied as provided and within the time period set forth in the preceding paragraph will be deemed to constitute *Excess Proceeds*, except the amount of Excess Proceeds will be reduced by the sum of the amount of the B Notes offered to be purchased in an offer pursuant to clause (2) above and the amount of A Notes offered to be purchased in an A Notes Purchase Offer by reason of clause (2) above. When the aggregate amount of Excess Proceeds with respect to the B Notes exceeds \$50.0 million, the Issuer shall make an offer to all Holders of the B Notes and, if required by the terms of any Pari Passu Indebtedness, to the holder of such Pari Passu Indebtedness (an *Asset Sale Offer*), to purchase the maximum aggregate principal amount of such B Notes and the maximum aggregate principal amount (or accreted value, if less) of such Pari Passu Indebtedness that is a minimum of \$2,000 or an integral multiple of \$1,000 thereof (in aggregate principal amount) that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof plus accrued and unpaid interest to the date fixed for the closing of such offer, in accordance with the procedures set forth in the B Note Indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$50.0 million by mailing the notice required pursuant to the terms of the B Note Indenture, with a copy to the Trustee or otherwise in accordance with the procedures of DTC. The Issuer, in its sole discretion, may satisfy the foregoing obligations with respect to any Net Proceeds from an Asset Sale by making an Asset Sale Offer with respect to such Net Proceeds prior to the expiration of the relevant 18 month period (or such longer period provided above) or with respect to Excess Proceeds of \$50.0 million or less.

To the extent that the aggregate principal amount of B Notes and the aggregate principal amount (or accreted value, if applicable) of such Pari Passu Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds with respect to the B Notes, the Issuer may use any remaining Excess Proceeds for general corporate purposes, including to make Restricted Payments, subject to the other covenants contained in the B Note Indenture. If the aggregate principal amount of B Notes and the aggregate principal amount (or accreted value, if applicable) of the Pari Passu Indebtedness surrendered in an Asset Sale Offer exceeds the amount of Excess Proceeds with respect to the B Notes, the Trustee or the Paying Agent shall select the B Notes and the Issuer or the agent for such Pari Passu Indebtedness will select such other Pari Passu Indebtedness to be purchased on a pro rata basis based on the principal amount of the B Notes and the aggregate principal amount (or accreted value, if applicable) of such Pari Passu Indebtedness tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility, including under any Credit Facilities, or otherwise invest or apply such Net Proceeds in any manner not prohibited by the B Note Indenture.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities

laws or regulations conflict with the provisions of the B Note Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the B Note Indenture by virtue thereof.

Except as described in clause (11) of the second paragraph under *Amendment, Supplement and Waiver*, the provisions under the B Note Indenture relative to the Issuer's obligation to make an offer to repurchase the B Notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the then outstanding B Notes.

The Issuer will be obligated to make an offer to purchase with respect to the A Notes at the same time as it makes an Asset Sale Offer as described under *Description of the A Notes* *Offer to Purchase A Notes In Certain Circumstances*.

Selection and Notice

If the Issuer is redeeming less than all of the B Notes at any time, the Trustee or the Paying Agent will select the B Notes to be redeemed (a) if such B Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which such B Notes are listed or (b) on a pro rata basis to the extent practicable, or, if the pro rata basis is not practicable for any reason, by lot or by such other method as the Trustee or the Paying Agent shall deem appropriate.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or redemption date to (x) each Holder of B Notes to be redeemed at such Holder's registered address, (y) to the Trustee to forward to each Holder of B Notes to be redeemed at such Holder's registered address, or (z) otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the B Notes or a satisfaction and discharge of the B Note Indenture. If any B Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such B Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new B Note in a principal amount equal to the unredeemed portion of the original B Note in the name of the Holder upon cancellation of the original B Note. B Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on B Notes or portions of them called for redemption.

Certain Covenants in the B Note Indenture

Set forth below are summaries of the principal covenants that are contained in the B Note Indenture.

Limitation on Restricted Payments

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly:

 - (a) dividends or distributions payable solely in Equity Interests (other than Disqualified Stock) of the Company; or
 - (b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary of the Company, the Company or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;

For purposes of determining compliance with this covenant:

- (1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness, Disqualified Stock or Preferred Stock described in clauses (1) through (21) above or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company, in its sole discretion, may classify or reclassify such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) and will only be required to include the amount and type of such Indebtedness, Disqualified Stock or Preferred Stock in one of the above clauses or under the first paragraph of this covenant; *provided that* (x) all Indebtedness outstanding under the Credit Facilities on the Issue Date will be treated as incurred on the Issue Date under clause (4) of the preceding paragraph, (y) any Secured Indebtedness being reclassified shall only be reclassified to the extent that the Lien is also permitted with respect to such Secured Indebtedness as so reclassified and (z) Indebtedness incurred or Disqualified Stock or Preferred Stock issued by Restricted Subsidiaries that are not Guarantors may be reclassified only to the extent that, after giving effect to such reclassification (including a *pro forma* application of the net proceeds therefrom), such Restricted Subsidiary that is not a Guarantor would be permitted to incur the Indebtedness or issue the Disqualified Stock or Preferred Stock as so reclassified on the date; and

Stock and Preferred Stock of Restricted Subsidiaries that are not Guarantors, such Indebtedness, Disqualified Stock and Preferred Stock may only be classified or reclassified as a type of Indebtedness, Disqualified Stock or Preferred Stock to the extent such Restricted Subsidiary that is not a Guarantor may so incur such Indebtedness, Disqualified Stock or Preferred Stock under the B Note Indenture on the date of classification or reclassification.

Accrual of interest or dividends, the accretion of accreted value, the accretion or amortization of original issue discount and the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, will not be deemed to be an incurrence of Indebtedness or issuance of Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided that* if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not (i) exceed the principal amount of such Indebtedness being refinanced plus (ii) the aggregate amount of fees, underwriting discounts, premiums and other costs and expenses incurred in connection with such refinancing.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing. The principal amount of any non-interest bearing Indebtedness or other discount security constituting Indebtedness at any date shall be the principal amount thereof that would be shown on a balance sheet of the Company dated such date prepared in accordance with GAAP.

The Company will not, and will not permit the Issuer or any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is contractually subordinated or junior in right of payment to any Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the B Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated in right of payment to other Indebtedness of the Issuer or such Guarantor, as the case may be. Subordination shall refer to contractual payment subordination and not to structural subordination. The B Note Indenture will not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured, (2) unsubordinated Indebtedness as subordinated or junior to any other unsubordinated Indebtedness merely because it has a junior priority with respect to the same collateral or (3) Indebtedness as subordinated or junior Indebtedness merely because it is structurally subordinated to other Indebtedness.

Liens

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, assume or suffer to exist any Lien (other than a Permitted Lien) on any asset or property of the Company or such Restricted Subsidiary, or any income or profits therefrom or assign or convey any right to receive income therefrom, unless:

- (1) in the case of Liens securing Subordinated Indebtedness, the B Notes and related Guarantees are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens; or
- (2) in all other cases, the B Notes or the Guarantees are equally and ratably secured.

Table of Contents

The foregoing shall not apply to Liens securing the B Notes and the related Guarantees thereof or the Series B Exchange Notes and the related guarantees thereof. Any Lien created for the benefit of the Holders of the B Notes pursuant to this covenant shall be deemed automatically and unconditionally released and discharged upon the release and discharge of the applicable Lien described in clauses (1) and (2) above.

Merger, Consolidation or Sale of All or Substantially All Assets

Neither the Company nor the Issuer may consolidate or merge with or into or wind up into (whether or not the Company or the Issuer, as the case may be, is the surviving corporation), nor may the Company or the Issuer sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the properties or assets of the Company or the Issuer, as the case may be, and its Subsidiaries which are Restricted Subsidiaries, taken as a whole, in one or more related transactions, to any Person unless:

- (1) the Company or the Issuer, as the case may be, is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Company or the Issuer, as the case may be) or the Person to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is organized or existing under the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (the Company, the Issuer or such Person, as the case may be, being herein called the *Successor Company*); *provided* that in the case where the Successor Company is not a corporation, a co-obligor of the B Notes is a corporation;
- (2) the Successor Company, if other than the Company or the Issuer, as the case may be, expressly assumes all the obligations of the Company or the Issuer, as the case may be, under the Company's Guarantee or the B Notes, as applicable, pursuant to a supplemental indenture or other documents or instruments in form reasonably satisfactory to the Trustee;
- (3) immediately after such transaction, no Default exists;
- (4) immediately after giving *pro forma* effect to such transaction and any related financing transactions, as if such transactions had occurred at the beginning of the applicable four-quarter period, (a) the Successor Company would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to each of the ratio tests set forth in the first paragraph of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, or (b) (x) the Consolidated Leverage Ratio for the Successor Company and its Restricted Subsidiaries would be equal to or less than such Consolidated Leverage Ratio immediately prior to such acquisition or merger, and (y) the Senior Leverage Ratio for the Successor Company and its Restricted Subsidiaries would be equal to or less than such Senior Leverage Ratio immediately prior to such acquisition or merger;
- (5) each Guarantor, unless it is the other party to the transactions described above, in which case clause (1)(b) of the second succeeding paragraph shall apply, shall have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the B Note Indenture and the B Notes; and
- (6) the Company shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the B Note Indenture.

The Successor Company will succeed to, and be substituted for, the Company or the Issuer, as the case may be, under the B Note Indenture and the B Notes, as applicable. Notwithstanding the foregoing clauses (3) and (4),

- (1) the Company or any Restricted Subsidiary (other than the Issuer) may consolidate with or merge into or transfer all or part of its properties and assets to the Issuer or a Guarantor; and

States, any state thereof, the District of Columbia or any territory thereof so long as the amount of Indebtedness of the Company, the Issuer and its Restricted Subsidiaries is not increased thereby.

Notwithstanding the preceding two paragraphs, other than clause (3) above which shall be applicable, any Restricted Subsidiaries of the Issuer that are not Guarantors may consolidate or merge with or into or wind up into, and the Issuer or any of its Restricted Subsidiaries that are not Guarantors may sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the properties or assets of, or Equity Interests in, its Restricted Subsidiaries that are not Guarantors, taken as a whole, in one or more related transactions to any Person (such disposition, a *Foreign Disposition*); provided, however, that (1) such Foreign Disposition is made in compliance with clauses (1) and (2) of the first paragraph of the covenant described under *Repurchase at the Option of Holders Asset Sales*, (2) if, on a *pro forma* basis, the Consolidated Leverage Ratio would be less than 6.0 to 1.0 and the Senior Leverage Ratio would be less than 3.0 to 1.0, then the Issuer shall apply the Net Proceeds of such Foreign Disposition in accordance with the second paragraph of the covenant described under *Repurchase at the Option of Holders Asset Sales* (including clause (3) thereof) or to make an Asset Sale Offer or otherwise in accordance with the B Note Indenture, and (3) if, on a *pro forma* basis, the Consolidated Leverage Ratio would be equal to or greater than 6.0 to 1.0 or the Senior Leverage Ratio would be equal to or greater than 3.0 to 1.0, then the Issuer shall make an offer to purchase all the outstanding B Notes at 100% of the principal amount thereof in a manner and timeframe as would be required if such offer were a Change of Control Offer. If a Foreign Disposition does not constitute a disposition of all or substantially all of the properties or assets of the Issuer, this paragraph shall not be applicable.

Subject to certain limitations described in the B Note Indenture governing release of a Guarantee upon the sale, disposition or transfer of a guarantor, no Guarantor will, and the Company will not permit any Restricted Guarantor to, consolidate or merge with or into or wind up into (whether or not the Company or such Restricted Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

- (1) (a) such Guarantor is the surviving Person or the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is organized or existing under the laws of the jurisdiction of organization of such Guarantor, as the case may be, or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Guarantor or such Person, as the case may be, being herein called the *Successor Person*);
- (b) the Successor Person, if other than such Guarantor, expressly assumes all the obligations of such Guarantor under the B Note Indenture and such Guarantor's related Guarantee pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;
- (c) immediately after such transaction, no Default exists; and
- (d) the Company shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the B Note Indenture; or
- (2) the transaction complies with clauses (1) and (2) of the first paragraph of the covenant described under *Repurchase at the Option of Holders Asset Sales*.

In the case of clause (1) of the immediately preceding paragraph, the Successor Person will succeed to, and be substituted for, such Guarantor under the B Note Indenture and such Guarantor's Guarantee. Notwithstanding the foregoing, any Guarantor (other than the Company, which is covered by the third preceding paragraph) may (1) merge or consolidate with or into or wind up into or transfer all or part of its properties and assets to another Guarantor or the Issuer, (2) merge with an Affiliate of the Company solely for the purpose of reincorporating the Guarantor in the United States, any state thereof, the District of Columbia or any territory thereof or (3) convert into (which may be effected by merger with a Restricted Subsidiary that has substantially no assets and

liabilities) a corporation, partnership, limited partnership, limited liability corporation or trust organized or existing under the laws of the jurisdiction of organization of such Guarantor (which may be effected by merger so long as the survivor thereof is a Guarantor).

Transactions with Affiliates

The Company will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of their properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Company (each of the foregoing, an *Affiliate Transaction*) involving aggregate payments or consideration in excess of \$10.0 million, unless:

- (1) such Affiliate Transaction is on terms that are not materially less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person on an arm's-length basis; and
- (2) the Company delivers to the Trustee with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate payments or consideration in excess of \$20.0 million, a resolution adopted by the majority of the Board of Directors approving such Affiliate Transaction and set forth in an Officer's Certificate certifying that such Affiliate Transaction complies with clause (1) above.

The foregoing provisions will not apply to the following:

- (1) transactions between or among the Company or any of its Restricted Subsidiaries;
- (2) Restricted Payments permitted by the provisions of the B Note Indenture described above under the covenant Limitation on Restricted Payments and Investments constituting Permitted Investments;
- (3) for so long as the Company is a member of a group filing a consolidated, combined, unitary, or similar group tax return with any direct or indirect parent company of the Company (regardless of whether the Company is a Wholly-Owned Subsidiary of such parent company), payments in respect of the hypothetical consolidated, combined, unitary, or similar group tax liabilities of the Company and its Subsidiaries, determined as if the Company were the common parent of a group of a separate affiliated group of corporations filing a consolidated federal income tax return (or the common parent of the applicable comparable group filing a consolidated, combined, unitary, or similar group tax return under state, local, or foreign law);
- (4) the payment of reasonable and customary fees and compensation consistent with past practice or industry practices paid to, and indemnities provided on behalf of, employees, officers, directors or consultants of the Company, any of its direct or indirect parent companies or any of its Restricted Subsidiaries;
- (5) transactions in which the Company or any of its Restricted Subsidiaries, as the case may be, delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to the Company or such Restricted Subsidiary from a financial point of view or stating that the terms are not materially less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person on an arm's-length basis;
- (6) any agreement and the transactions contemplated thereby with an affiliate as in effect as of the Issue Date, including the CCU Mirror Note and the CCOH Mirror Note, and any extension, amendment, restatement, modification or other supplement to, or replacement

of, any of the foregoing otherwise permitted by the B Note Indenture and so long as any such extension, amendment, restatement, modification or other supplement is not materially adverse in the good faith judgment of the Board of Directors to the Holders when taken as a whole as compared to the applicable agreement as in effect on the Issue Date; (7) the existence of, or the performance by the Company or any of its Restricted

Subsidiaries of its obligations under the terms of, any stockholders agreement, principal investors agreement (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Issue Date and any similar agreements which it may enter into thereafter; *provided, however*, that the existence of, or the performance by the Company or any of its Restricted Subsidiaries of obligations under any future amendment to any such existing agreement or under any similar agreement entered into after the Issue Date shall only be permitted by this clause

- (7) to the extent that the terms of any such amendment or new agreement are not otherwise materially adverse in the good faith judgment of the Board of Directors to the Holders when taken as a whole;
- (8) the Transactions and the payment of all fees and expenses related to the Transactions, including Transaction Expenses;
- (9) transactions with customers, clients, suppliers, contractors, joint venture partners or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the B Note Indenture which are fair to the Company and its Restricted Subsidiaries, in the reasonable determination of the Board of Directors or the senior management thereof, or are on terms at least as favorable as would reasonably have been obtained at such time from an unaffiliated party;
- (10) the issuance of Equity Interests (other than Disqualified Stock) by the Company or a Restricted Subsidiary;
- (11) [Reserved]
- (12) payments by the Company or any of its Restricted Subsidiaries to any of the Investors made for any financial advisory, financing, underwriting or placement services or in respect of other investment banking activities, including in connection with acquisitions or divestitures, which payments are approved by a majority of the Board of Directors in good faith or as otherwise permitted by the B Note Indenture;
- (13) payments or loans (or cancellation of loans) to employees or consultants of the Company, any of its direct or indirect parent companies or any of its Restricted Subsidiaries and employment agreements, severance arrangements, stock option plans and other similar arrangements with such employees or consultants which, in each case, are approved by a majority of the Board of Directors in good faith; and
- (14) (a) Investments by the Investors in debt securities of the Company or any of its Restricted Subsidiaries and any payments in respect thereof so long as (i) the investment is being offered generally to other investors on the same or more favorable terms and (ii) the investment constitutes less than 5.0% of the proposed or outstanding issue amount of such class of securities, and (b) payments in respect of any Public Debt or Notes held by Affiliates.

This covenant is subject to important qualifications and limitations. Notwithstanding any of the foregoing provisions of this covenant, for all purposes of this covenant under the B Note Indenture, the Company will be permitted to engage in any Affiliate Transaction (i) constituting set-off or other payments under the CCU Mirror Note and (ii) involving Net Proceeds of Asset Sales (or Excess Proceeds related thereto) or Foreign Dispositions applied in a manner that complies with the covenant described under Repurchase at the Option of Holders Asset Sales or Merger, Consolidation or Sale of All or Substantially All Assets.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Company will not, and will not permit any of its Restricted Subsidiaries that are not Guarantors to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any such Restricted Subsidiary to:

- (1) pay (a) dividends or make any other distributions to the Company or any of its Restricted Subsidiaries on its Capital Stock or with respect to any other interest or participation in, or measured by, its profits or (b) any Indebtedness owed to the Company or any of its Restricted Subsidiaries;

- (2) make loans or advances to the Company or any of its Restricted Subsidiaries; or

- (3) sell, lease or transfer any of its properties or assets to the Company or any of its Restricted Subsidiaries, except (in each case) for such encumbrances or restrictions existing under or by reason of:
 - (a) contractual encumbrances or restrictions in effect on the Issue Date, including pursuant to the Existing Senior Notes and the Existing Senior Notes Indentures;

 - (b) (x) the Senior Credit Facilities and the related documentation and (y) the Indentures, the Notes, the Exchange Notes and the Guarantees and the guarantees of the A Notes;

 - (c) purchase money obligations for property acquired in the ordinary course of business and Capital Lease Obligations that impose restrictions of the nature discussed in clause (3) above on the property so acquired;

 - (d) applicable law or any applicable rule, regulation or order;

 - (e) any agreement or other instrument of a Person acquired by or merged, consolidated or amalgamated with or into the Company or any Restricted Subsidiary thereof in existence at the time of such acquisition, merger, consolidation or amalgamation (but, in any such case, not created in contemplation thereof), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person so acquired and its Subsidiaries, or the property or assets of the Person so acquired and its Subsidiaries or the property or assets so assumed;

 - (f) contracts for the sale of assets, including customary restrictions with respect to a Subsidiary of (i) the Company or (ii) a Restricted Subsidiary, pursuant to an agreement that has been entered into for the sale or disposition of all or substantially all of the Capital Stock or assets of such Subsidiary that impose restrictions on the assets to be sold;

 - (g) Secured Indebtedness otherwise permitted to be incurred pursuant to the covenants described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Liens that limit the right of the debtor to dispose of the assets securing such Indebtedness;

 - (h) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

 - (i) other Indebtedness, Disqualified Stock or Preferred Stock of Foreign Subsidiaries of the Company permitted to be incurred subsequent to the Issue Date pursuant to the provisions of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;

customary provisions contained in any lease, sublease, license, sublicense or similar agreement, including with respect to intellectual property, and other agreements, in each case, entered into in the ordinary course of business;

- (l) customary provisions contained in any Indebtedness incurred pursuant to any Credit Facilities as permitted pursuant to the covenants described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Liens and an Officer reasonably and in good faith determines at the time such Indebtedness is incurred (and at the time of any modification of the terms of any such encumbrance or restriction) that any such encumbrance or restriction will not materially adversely affect the Issuer's or any Guarantor's ability to make any payments, when due, with respect to the B Notes or its Guarantee thereof and any other Indebtedness that is an obligation of the Issuer or such Guarantor and such determination is set forth in an Officer's Certificate delivered to the Trustee; and

- (m) any encumbrances or restrictions of the type referred to in clauses (1), (2) and (3) above imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (a) through (l) above; *provided* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Company, no more restrictive with respect to such encumbrance and other restrictions taken as a whole than those prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing.

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

The Company will not permit any Restricted Subsidiary of the Company, other than a Guarantor or an Immaterial Subsidiary, to guarantee the payment of any Indebtedness in excess of \$10.0 million of the Issuer or any Guarantor unless:

- (1) such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the B Note Indenture providing for a Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Issuer or any Guarantor, if such Indebtedness is by its express terms subordinated in right of payment to the B Notes or a related Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the B Notes or such Guarantor's related Guarantee; and
- (2) such Restricted Subsidiary shall within 30 days deliver to the Trustee an Opinion of Counsel reasonably satisfactory to the Trustee; *provided*, that this covenant shall not be applicable to any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary. The Company may elect, in its sole discretion, to cause any Subsidiary that is not otherwise required to be a Guarantor to become a Guarantor, in which case such Subsidiary shall not be required to comply with the 30 day periods described above.

Reports and Other Information

Notwithstanding that the Company may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the B Note Indenture will require the Company to file with the SEC from and after the Issue Date no later than 15 days after the periods set forth below,

- (1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;
- (2) within 45 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-Q by a non-accelerated filer) after the end of each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q containing all quarterly information that would be required to be contained in Form 10-Q, or any successor or comparable form;
- (3) promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and
- (4) any other information, documents and other reports which the Company would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

Table of Contents

in each case, in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Company shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Company will make available such information to prospective purchasers of B Notes, in addition to providing such information to the Trustee and the Holders of the B Notes, in each case within 5 days after the time the Company would have been required to file such information with the SEC as required pursuant to the first sentence of this paragraph. To the extent any such information is not furnished within the time periods specified above and such information is subsequently furnished (including upon becoming publicly available, by filing such information with the SEC), the Company will be deemed to have satisfied its obligations with respect thereto at such time and any Default with respect thereto shall be deemed to have been cured; *provided*, that such cure shall not otherwise affect the rights of the Holders under *Events of Default and Remedies* if Holders of at least 25% in principal amount of the then total outstanding B Notes have declared the principal, premium, if any, interest and any other monetary obligations on all the then outstanding B Notes to be due and payable immediately and such declaration shall not have been rescinded or cancelled prior to such cure. In addition, to the extent not satisfied by the foregoing, the Company will agree that, for so long as any B Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Company becomes a guarantor of the B Notes, the B Note Indenture permits the Company to satisfy its obligations in this covenant with respect to financial information relating to the Company by furnishing financial information relating to such parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Company and its Restricted Subsidiaries on a standalone basis, on the other hand.

In connection with the filings with the SEC required pursuant to clauses (1) and (2) above, in connection therewith, the Company shall provide notice of, and host, a conference call open to the public to discuss the results for the applicable period.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement by the filing with the SEC of the exchange offer registration statement or shelf registration statement in accordance with the terms of the B Note Registration Rights Agreement, and any amendments thereto, with such financial information that satisfies Regulation S-X of the Securities Act.

Liquidity Amount

On the Issue Date, (1) the Issuer and the Guarantors shall have \$50.0 million in any combination of cash, other liquid assets under their sole dominion and control on an unrestricted basis and not subject to any Lien (such cash and liquid assets, the *Guarantor Liquidity Assets*) and cash available to be borrowed by the Issuer or the Guarantors in U.S. dollars under any Credit Facility to which the Company is a party (but to which none of its Affiliates (other than the Issuer and Restricted Guarantors) is a party) (the *Guarantor Liquidity Facility*) for which all conditions to borrowing have been and remain satisfied (such \$50.0 million amount, the *Guarantor Liquidity Amount*) and the Company shall maintain such Liquidity Amount at all times and (2) the Restricted Subsidiaries that are not Guarantors shall have, and the Company shall cause the Restricted Subsidiaries that are not Guarantors to have, \$50.0 million (or an equivalent amount in other currencies) in any combination of cash, other liquid assets under their sole dominion and control on an unrestricted basis and not subject to any Lien (such cash and liquid assets, the *Non-Guarantor Liquidity Assets*) and cash available to be borrowed by any one or more of the Restricted Subsidiaries that are not Guarantors under any Credit Facility to which none of the Company's Affiliates (other than the Company and any Restricted Subsidiaries) is a party (the *Non-Guarantor Liquidity Facility* and, together with the Guarantor Liquidity Facility, the *Liquidity Facilities*) for which all conditions to borrowing have been and remain satisfied (such \$50.0 million amount (or an equivalent amount in other currencies), the *Non-Guarantor Liquidity Amount*) and the Company shall cause the Non-Guarantor Liquidity Amount to be maintained at all times. The Liquidity Facilities shall only constitute Liquidity Facilities

Table of Contents

to the extent all conditions to borrowing thereunder are satisfied (other than any notice of borrowing that may be required) and the amount available under any Liquidity Facility shall be part of the Guarantor Liquidity Amount or the Non-Guarantor Liquidity Amount without duplication. Assets that constitute Guarantor Liquidity Assets shall not also constitute Non-Guarantor Liquidity Assets and vice versa. Notwithstanding the foregoing, the Guarantor Liquidity Assets and the Non-Guarantor Liquidity Assets may be subject to Permitted Liquidity Liens.

Events of Default and Remedies

The B Note Indenture provides that each of the following is an Event of Default with respect to the B Notes:

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the B Notes;
- (2) default for 30 days or more in the payment when due of interest on or with respect to the B Notes;
- (3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less than 25% in principal amount of the then outstanding B Notes (with a copy to the Trustee) to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above and clause (9) below) contained in the B Note Indenture or the B Notes;
- (4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries, other than Indebtedness owed to the Company or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the B Notes, if both:
 - (a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated final maturity; and
 - (b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$35.0 million or more at any one time outstanding, in each case, other than as a result of an Excluded Event;
- (5) failure by the Company, the Issuer or any other Significant Party to pay final non-appealable judgments aggregating in excess of \$35.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 90 days after such judgments become final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;
- (6) certain events of bankruptcy or insolvency with respect to the Company, the Issuer or any other Significant Party;
- (7) failure of any Person required by the terms of the B Note Indenture to be a Guarantor as of the Issue Date to execute a supplemental indenture to the B Note Indenture within five Business Days following the Issue Date;

- (8) the Guarantee of any Significant Party shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Party, as the case may be, denies in writing that it has any further liability under its Guarantee or gives written notice to such effect, other than by reason of the termination of the B Note Indenture or the release of any such Guarantee in accordance with the B Note Indenture; and

Table of Contents

- (9) failure to maintain the Guarantor Liquidity Amount or the Non-Guarantor Liquidity Amount which failure continues for more than fifteen (15) consecutive business days; provided, however, that upon the event of a CCU Credit Event and during the continuance thereof, for the period that is the shorter of the continuance of the CCU Credit Event and 60 days after the occurrence of such CCU Credit Event, it shall not be an Event of Default if the Guarantor Liquidity Amount and the Non-Guarantor Liquidity Amount shall each be at least \$25.0 million during such period.

If any Event of Default (other than of a type specified in clause (6) above with respect to the Company or the Issuer) occurs and is continuing under the B Note Indenture, the Trustee or the Holders of at least 25% in principal amount of the then total outstanding B Notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding B Notes to be due and payable immediately.

Upon the effectiveness of such declaration, such principal and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section with respect to the Company or the Issuer, all outstanding B Notes will become due and payable without further action or notice. The B Note Indenture provides that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the B Notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of the B Notes.

The B Note Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding B Notes under the B Note Indenture by notice to the Trustee may on behalf of the Holders of all such B Notes waive any existing Default and its consequences under such Indenture (except a continuing Default in the payment of interest on, premium, if any, or the principal of any B Note held by a non-consenting Holder) and rescind any acceleration with respect to such B Notes and its consequences (except if such rescission would conflict with any judgment of a court of competent jurisdiction). In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the B Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

- (1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged; or
- (2) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or
- (3) the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the B Note Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the B Note Indenture at the request or direction of any of the Holders of the B Notes outstanding thereunder unless the Holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of a B Note may pursue any remedy with respect to the B Note Indenture or the B Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 25% in principal amount of the total outstanding B Notes have requested the Trustee to pursue the remedy;
- (3) Holders of the B Notes have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

Table of Contents

- (5) Holders of a majority in principal amount of the total outstanding B Notes thereunder have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the B Note Indenture the Holders of a majority in principal amount of the then total outstanding B Notes thereunder are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the B Note Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a B Note or that would involve the Trustee in personal liability.

The Company is required to deliver to the Trustee annually a statement regarding compliance with the B Note Indenture, and the Company is required, within five Business Days after becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No past, present or future director, officer, employee, incorporator, member, partner or stockholder of the Issuer or any Guarantor or any of their direct or indirect parent companies shall have any liability for any obligations of the Issuer or the Guarantors under the B Notes, the Guarantees or the B Note Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting B Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the B Notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The obligations of the Issuer and the Guarantors under the B Note Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the B Notes issued thereunder. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the B Notes and have each Guarantor's obligations discharged with respect to its Guarantee (*Legal Defeasance*) and cure all then existing Events of Default except for:

- (1) the rights of Holders of B Notes to receive payments in respect of the principal of, premium, if any, and interest on the B Notes when such payments are due solely out of the trust created pursuant to the B Note Indenture for those B Notes;
- (2) the Issuer's obligations with respect to B Notes concerning issuing temporary B Notes, registration of such B Notes, mutilated, destroyed, lost or stolen B Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the B Note Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to substantially all of the restrictive covenants in the B Note Indenture (*Covenant Defeasance*) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the B Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Company or the Issuer) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to those B Notes.

However, no amendment or supplement to the B Note Indenture or the B Notes that modifies or waives the specific rights or obligations of the Paying Agent, registrar or transfer agent may be made without the consent of such agent (it being understood that the Trustee's execution of any such amendment or supplement will constitute such consent if the Trustee is then also acting as such agent).

Consolidated Leverage Ratio means, as of the date of determination, the ratio of (a) the Consolidated Indebtedness of the Company and its Restricted Subsidiaries on such date, to (b) EBITDA of the Company and its Restricted Subsidiaries for the most recently ended four fiscal quarters ending immediately prior to such date for which internal financial statements are available.

In the event that the Company or any Restricted Subsidiary (i) incurs, redeems, retires or extinguishes any Indebtedness (other than Indebtedness incurred or repaid under any revolving credit facility in the ordinary course of business for working capital purposes) or (ii) issues or redeems Disqualified Stock or Preferred Stock subsequent to the commencement of the period for which the Consolidated Leverage Ratio is being calculated but prior to or simultaneously with the event for which the calculation of the Consolidated Leverage Ratio is made (the Consolidated Leverage Ratio Calculation Date), then the Consolidated Leverage Ratio shall be calculated giving pro forma effect to such incurrence, redemption, retirement or extinguishment of Indebtedness, or such issuance or redemption of Disqualified Stock or Preferred Stock, as if the same had occurred at the beginning of the applicable four-quarter period; *provided, however*, that the Issuer may elect, pursuant to an Officer's Certificate delivered to the Trustee not later than 30 days after entering into any commitment providing for the incurrence of Consolidated Indebtedness, that all or any portion of the Consolidated Indebtedness that could be incurred under such commitment at the time such commitment is entered into shall be treated as incurred and outstanding in such amount for all purposes of this calculation (whether or not such Consolidated Indebtedness is outstanding at the time such commitment is entered into) and any subsequent incurrence of such Consolidated Indebtedness under such commitment (including upon repayment and reborrowing) shall not be deemed, for purposes of this calculation, to be the incurrence of Consolidated Indebtedness at such subsequent time.

For purposes of making the computation referred to above, Investments, acquisitions, dispositions, mergers, amalgamations, consolidations and discontinued operations (as determined in accordance with GAAP), in each case with respect to an operating unit of a business made (or committed to be made pursuant to a definitive agreement) during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Consolidated Leverage Ratio Calculation Date, and other operational changes that the Company or any of its Restricted Subsidiaries has determined to make or made during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Consolidated Leverage Ratio Calculation Date shall be calculated on a *pro forma* basis as set forth below assuming that all such Investments, acquisitions, dispositions, mergers, amalgamations, consolidations, discontinued operations and other operational changes had occurred on the first day of the four-quarter reference period. If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into the Company or any of its Restricted Subsidiaries since the beginning of such period shall have made any Investment, acquisition, disposition, merger, amalgamation, consolidation, discontinued operation or operational change, in each case with respect to an operating unit of a business, that would have required adjustment pursuant to this definition, then the Consolidated Leverage Ratio shall be calculated giving *pro forma* effect thereto in the manner set forth below for such period as if such Investment, acquisition, disposition, merger, consolidation, discontinued operation or operational change had occurred at the beginning of the applicable four quarter period.

Table of Contents

For purposes of this definition, whenever *pro forma* effect is to be given to an Investment, acquisition, disposition, amalgamation, merger or consolidation (including the Transactions) and the amount of income or earnings relating thereto, the *pro forma* calculations shall be made in good faith by a responsible financial or accounting officer of the Company (and may include cost savings, synergies and operating expense reductions resulting from such Investment, acquisition, amalgamation, merger or consolidation (including the Transactions) which is being given *pro forma* effect that have been or are expected to be realized); *provided*, that actions to realize such cost savings, synergies and operating expense reductions are taken within 12 months after the date of such Investment, acquisition, amalgamation, merger or consolidation; *provided*, that no cost savings, synergies or operating expense reductions shall be included pursuant to this paragraph to the extent duplicative of any amounts that are otherwise added back in computing EBITDA with respect to such period.

For the purposes of this definition, any amount in a currency other than U.S. dollars will be converted to U.S. dollars based on the average exchange rate for such currency for the most recent twelve month period immediately prior to the date of determination determined in a manner consistent with that used in calculating EBITDA for the applicable period.

For purposes of making the computation referred to above, Investments, acquisitions, dispositions, mergers, amalgamations, consolidations and discontinued operations (as determined in accordance with GAAP), in each case with respect to an operating unit of a business made (or committed to be made pursuant to a definitive agreement) during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Senior Leverage Ratio Calculation Date, and other operational changes that the Company or any of its Restricted Subsidiaries has determined to make or made during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Senior Leverage Ratio Calculation Date shall be calculated on a *pro forma* basis as set forth below assuming that all such Investments, acquisitions, dispositions, mergers, amalgamations, consolidations, discontinued operations and other operational changes had occurred on the first day of the four-quarter reference period. If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into the Company or any of its Restricted Subsidiaries since the beginning of such period shall have made any Investment, acquisition, disposition, merger, amalgamation, consolidation, discontinued operation or operational change, in each case with respect to an operating unit of a business, that would have required adjustment pursuant to this definition, then the Senior Leverage Ratio shall be calculated giving *pro forma* effect thereto in the manner set forth below for such period as if such Investment, acquisition, disposition, merger, consolidation, discontinued operation or operational change had occurred at the beginning of the applicable four quarter period.

For purposes of this definition, whenever *pro forma* effect is to be given to an Investment, acquisition, disposition, amalgamation, merger or consolidation (including the Transactions) and the amount of income or earnings relating thereto, the *pro forma* calculations shall be made in good faith by a responsible financial or accounting officer of the Company (and may include cost savings, synergies and operating expense reductions resulting from such Investment, acquisition, amalgamation, merger or consolidation (including the Transactions) which is being given *pro forma* effect that have been or are expected to be realized); *provided*, that actions to realize such cost savings, synergies and operating expense reductions are taken within 12 months after the date of such Investment, acquisition, amalgamation, merger or consolidation; *provided*, that no cost savings, synergies or operating expense reductions shall be included pursuant to this paragraph to the extent duplicative of any amounts that are otherwise added back in computing EBITDA with respect to such period.

For the purposes of this definition, any amount in a currency other than U.S. dollars will be converted to U.S. dollars based on the average exchange rate for such currency for the most recent twelve-month period immediately prior to the date of determination determined in a manner consistent with that used in calculating EBITDA for the applicable period.

Table of Contents

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain United States federal income tax considerations relating to the exchange of outstanding notes for exchange notes in the exchange offers. It does not contain a complete analysis of all the potential tax considerations relating to each exchange. This summary is limited to holders of outstanding notes who hold the outstanding notes as capital assets (in general, assets held for investment). Special situations, such as the following, are not addressed:

tax consequences to holders who may be subject to special tax treatment, such as tax-exempt entities, dealers in securities or currencies, banks, other financial institutions, insurance companies, regulated investment companies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings or corporations that accumulate earnings to avoid United States federal income tax;

tax consequences to persons holding notes as part of a hedging, integrated, constructive sale or conversion transaction or a straddle or other risk reduction transaction;

tax consequences to holders whose functional currency is not the United States dollar;

tax consequences to persons who hold notes through a partnership or similar pass-through entity;

United States federal gift tax, estate tax or alternative minimum tax consequences, if any; or

any state, local or non-United States tax consequences.

The discussion below is based upon the provisions of the United States Internal Revenue Code of 1986, as amended, existing and proposed Treasury regulations promulgated thereunder, and rulings, judicial decisions and administrative interpretations thereunder, as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in United States federal income tax consequences different from those discussed below.

Consequences of Tendering Outstanding Notes

The exchange of your outstanding notes for exchange notes in the applicable exchange offer should not constitute an exchange for United States federal income tax purposes because the exchange notes should not be considered to differ materially in kind or extent from the outstanding notes. Accordingly, the applicable exchange offer should have no United States federal income tax consequences to you if you exchange your outstanding notes for exchange notes. For example, there should be no change in your tax basis and your holding period should carry over to the exchange notes. In addition, the United States federal income tax consequences of holding and disposing of your exchange notes should be the same as those applicable to your outstanding notes.

The preceding discussion of certain United States federal income tax considerations of the exchange offers is for general information only and is not tax advice. Accordingly, each investor should consult its own tax advisor as to particular tax consequences to it of exchanging outstanding notes for exchange notes, including the applicability and effect of any state, local or foreign tax laws, and of any proposed changes in applicable laws.

PLAN OF DISTRIBUTION

Each participating broker-dealer that receives exchange notes for its own account pursuant to the exchange offers must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a participating broker-dealer in connection with resales of exchange notes received by it in exchange for outstanding notes where such outstanding notes were acquired as a result of market-making activities or other trading activities. We have agreed that for a period of one year after the expiration date, we will make this prospectus, as amended or supplemented, available to any participating broker-dealer for use in connection with any such resale.

We will not receive any proceeds from any sales of the exchange notes by participating broker-dealers. Exchange notes received by participating broker-dealers for their own account pursuant to the exchange offers may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such participating broker-dealer and/or the purchasers of any such exchange notes. Any participating broker-dealer that resells the exchange notes that were received by it for its own account pursuant to the exchange offers and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a participating broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of 180 days after the expiration date we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any participating broker-dealer that requests such documents in the letter of transmittal.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

Note 1: BASIS OF PRESENTATION AND NEW ACCOUNTING STANDARDS

Preparation of Interim Financial Statements

The accompanying consolidated financial statements were prepared by Clear Channel Outdoor Holdings, Inc. (the "Company") pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") and, in the opinion of management, include all adjustments (consisting of normal recurring accruals and adjustments necessary for adoption of new accounting standards) necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles ("GAAP") in the United States have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods are not necessarily indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's 2009 Annual Report on Form 10-K.

The consolidated financial statements include the accounts of the Company and its subsidiaries and give effect to allocations of expenses from Clear Channel Communications, Inc. ("Clear Channel Communications"). These allocations were made on a specifically identifiable basis or using relative percentages of headcount or other methods management considered to be a reasonable reflection of the utilization of services provided. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process.

Certain prior-period amounts have been reclassified to conform to the 2010 presentation.

New Accounting Pronouncements

In February 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-09, *Subsequent Events* ("ASU 2010-09"). ASU 2010-09 updates ASC Topic 855, *Subsequent Events*. ASU 2010-09 removes the requirement to disclose the date through which an entity has evaluated subsequent events. The Company adopted the provisions of ASU 2010-09 upon issuance with no material impact to its financial position or results of operations.

In January 2010, the FASB issued ASU No. 2010-06, *Improving Disclosures about Fair Value Measurements*. This update amends ASC Topic 820, *Fair Value Measurements and Disclosures*, to require new disclosures for significant transfers in and out of Level 1 and Level 2 fair value measurements, disaggregation regarding classes of assets and liabilities, valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for Level 2 or Level 3. These disclosures are effective for the interim and annual reporting periods beginning after December 15, 2009. Additional new disclosures regarding the purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements are effective for fiscal years beginning after December 15, 2010 beginning with the first interim period. The Company adopted the relevant disclosure provisions of ASU 2010-06 on January 1, 2010 and will adopt the latter provisions on January 1, 2011 as appropriate.

As of March 31, 2010, the Company had incurred a total of \$92.7 million of costs in conjunction with this restructuring program.

No assurance can be given that the restructuring program will achieve all of the anticipated cost savings in the timeframe expected or at all, or that the cost savings will be sustainable. In addition, the Company may modify or terminate the restructuring program in response to economic conditions or otherwise.

Share-based Compensation Expense

Share-based compensation expense is measured at the grant date based on the fair value of the award and is recognized as expense on a straight-line basis over the vesting period. The following table presents the amount of share-based compensation expense recorded during the three months ended March 31, 2010 and 2009:

<i>(In thousands)</i>	Three Months Ended March 31,

Table of Contents

The Company's effective tax rate for the three months ended March 31, 2010 was 18.0%. The 2010 effective rate was impacted primarily as a result of the Company's inability to benefit tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. The change in the effective rate compared to the same period of the prior year was impacted primarily as a result of a deferred tax valuation allowance recorded in 2009 due to the uncertainty of the Company's ability to utilize Federal tax losses at that time. For the three months ended March 31, 2009, the effective tax rate was a negative 28.8%, driven by the Company's inability to record tax benefits on Federal and foreign net losses generated during the period.

Note 5: FAIR VALUE MEASUREMENTS

The Company holds marketable equity securities classified in accordance with the provisions of ASC 320-10. These marketable equity securities are measured at fair value on each reporting date using quoted prices in active markets. Due to the fact that the inputs used to measure the marketable equity securities at fair value are observable, the Company has categorized the fair value measurements of the securities as Level 1. The Company records its investments in these marketable equity securities on the balance sheet as Other Assets.

The cost, unrealized holding gains or losses, and fair value of the Company's investments at March 31, 2010 and December 31, 2009 are as follows:

(In thousands)

	March 31, 2010				December 31, 2009

Note 6: COMMITMENTS AND CONTINGENCIES

The Company is currently involved in certain legal proceedings arising in the ordinary course of business and, as required, has accrued its estimate of the probable costs for claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings.

As of March 31, 2010, Clear Channel Communications had outstanding commercial standby letters of credit and surety bonds of \$49.2 million and \$44.7 million, respectively, held on behalf of the Company. These letters of credit and surety bonds relate to various operational matters, including insurance, bid and performance bonds, as well as other items.

Note 7: RELATED PARTY TRANSACTIONS

The Company records net amounts due to or from Clear Channel Communications as Due from/to Clear Channel Communications on the condensed consolidated balance sheets. The accounts represent the revolving promissory note issued by the Company to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to the Company, in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand.

Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. As a part of these services, the Company maintains collection bank accounts swept daily into accounts of Clear Channel Communications. In return, Clear Channel Communications funds the Company's controlled disbursement accounts as checks or electronic payments are presented for payment. The Company's claim in relation to cash transferred from its concentration account is on an unsecured basis and

is limited to the balance of the Due from Clear Channel Communications account. At March 31, 2010 and December 31, 2009, the asset recorded in Due from Clear Channel Communications on the condensed consolidated balance sheets was \$160.5 million and \$123.3 million, respectively.

At March 31, 2009, the interest rate on the Due from Clear Channel Communications account was 0.08%, which represents the average one-month generic treasury bill rate. At March 31, 2010, the interest rate on the Due from Clear Channel Communications account was 9.25%, which represents the interest rate on the Notes as described above.

Clear Channel Communications has a \$2.0 billion multi-currency revolving credit facility with a maturity in July 2014 which includes a \$150.0 million sub-limit that certain of the Company's International subsidiaries may borrow against to the extent Clear Channel Communications has not already borrowed against this capacity and is compliant with its covenants under the revolving credit facility. On February 6, 2009, Clear Channel Communications borrowed the remaining availability under its \$2.0 billion revolving credit facility, including the remaining availability under the \$150.0 million sub-limit.

The Company provides advertising space on its billboards for radio stations owned by Clear Channel Communications. For the three months ended March 31, 2010 and 2009, the Company recorded \$1.1 million and \$0.1 million, respectively, in revenue for these advertisements.

Under the Corporate Services Agreement between Clear Channel Communications and the Company, Clear Channel Communications provides management services to the Company, which include, among other things: (i) treasury, payroll and other financial related services; (ii) executive officer services; (iii) human resources and employee benefits services; (iv) legal and related services; (v) information systems, network and related services; (vi) investment services; (vii) procurement and sourcing support services; and (viii) other general corporate services. These services are charged to the Company based on actual direct costs incurred or allocated by Clear Channel Communications based on headcount, revenue or other factors on a pro rata basis. For the three months ended March 31, 2010 and 2009, the Company recorded \$8.9 million and \$6.3 million, respectively, as a component of corporate expenses for these services.

Pursuant to the Tax Matters Agreement between Clear Channel Communications and the Company, the operations of the Company are included in a consolidated federal income tax return filed by Clear Channel Communications. The Company's provision for income taxes has been computed on the basis that the Company files separate consolidated federal income tax returns with its subsidiaries. Tax payments are made to Clear Channel Communications on the basis of the Company's separate taxable income. Tax benefits recognized on the Company's employee stock option exercises are retained by the Company.

The Company computes its deferred income tax provision using the liability method in accordance with the provisions of ASC 740-10, as if the Company was a separate taxpayer. Deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not some portion or all of the asset will not be realized.

Pursuant to the Employee Matters Agreement, the Company's employees participate in Clear Channel Communications' employee benefit plans, including employee medical insurance and a 401(k) retirement benefit plan. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Clear Channel Outdoor Holdings, Inc. (the "Company") is an outdoor advertising company which owns or operates advertising display faces domestically and internationally. On November 11, 2005, the Company became a publicly traded company through an initial public offering ("IPO"), in which 10%, or 35.0 million shares, of the Company's Class A common stock was sold. Prior to the IPO, the Company was an indirect wholly-owned subsidiary of Clear Channel Communications, Inc. ("Clear Channel Communications"), a diversified media company with operations in radio broadcasting and outdoor advertising. Clear Channel Communications indirectly holds all of the 315.0 million Class B shares of common stock outstanding, representing approximately 89% of the shares outstanding and approximately 99% of the voting power. The holders of Class A common stock and Class B common stock have identical rights, except holders of Class A common stock are entitled to 1 vote per share while holders of Class B common stock are entitled to 20 votes per share. The Class B shares of common stock are convertible, at the option of the holder at any time or upon any transfer, into shares of Class A common stock on a one-for-one basis, subject to certain limited exceptions.

The Company has evaluated subsequent events through the date that these financial statements were issued.

Clear Channel Communications Merger

On July 30, 2008, Clear Channel Communications completed its merger with a subsidiary of CC Media Holdings, Inc. ("CC Media Holdings"), a company formed by a group of private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the "Sponsors"). Clear Channel Communications is now owned indirectly by CC Media Holdings. The purchase price was approximately \$23.0 billion, including \$94.0 million in capitalized transaction costs. The merger was accounted for as a purchase business combination in conformity with Statement of Financial Accounting Standards No. 141, *Business Combinations* ("Statement 141"), and Emerging Issues Task Force ("EITF") Issue 88-16, *Basis in Leveraged Buyout Transactions* ("EITF 88-16"). ASC 805-50-S99-1 requires the application of push down accounting in situations where the ownership of an entity has changed. As a result, the post-merger financial statements of the Company reflect the new basis of accounting.

The purchase price allocation was complete as of July 30, 2009 in accordance with ASC 805-10-25, which requires that the allocation period not exceed one year from the date of acquisition.

Liquidity

The Company's primary source of liquidity is cash on hand, as well as cash flow from operations, which has been adversely affected by the global economic downturn. The risks associated with the Company's businesses become more acute in periods of a slowing economy or recession, which may be accompanied by a decrease in advertising. Expenditures by advertisers tend to be cyclical, reflecting overall economic conditions and budgeting and buying patterns. The global economic downturn has resulted in a decline in advertising and marketing services among the Company's customers, resulting in a decline in its advertising revenues across its businesses. This reduction in advertising revenues has had an adverse effect on the Company's revenue, profit margins, cash flow and liquidity. The continuation of the global economic downturn may continue to adversely impact the Company's revenue, profit margins, cash flow and liquidity.

During the fourth quarter 2008, the Company commenced a restructuring program targeting a reduction of fixed costs. The Company recognized approximately \$53.2 million and \$35.5 million for the years ended December 31, 2009 and 2008, respectively, of expenses related to its restructuring program.

Table of Contents

In December 2009, the Company made a demand for and received repayment of \$500.0 million on the Due from Clear Channel Communications account. Following such repayment, the Company contributed \$500.0 million to the capital of its direct, wholly-owned subsidiary, Clear Channel Outdoor, Inc., which used the proceeds received by it to prepay \$500.0 million of the Debt with Clear Channel Communications account, resulting in an outstanding balance of the Debt with Clear Channel Communications account of \$2.0 billion.

Subsequent to this repayment, the Company's indirect, wholly-owned subsidiary Clear Channel Worldwide Holdings, Inc. (CCWH), issued \$500.0 million aggregate principal amount of Series A Senior Notes due 2017 and \$2.0 billion aggregate principal amount of Series B Senior Notes due 2017 (collectively, the Notes). The proceeds of the Notes were used to (i) pay the fees and expenses of the offering, (ii) pay the initial purchasers an underwriting discount, (iii) fund \$50.0 million required under the Notes' indentures of a liquidity amount (the \$50.0 million liquidity amount of the non-guarantor subsidiaries was satisfied) and (iv) make a voluntary prepayment of the remaining \$2.0 billion outstanding balance (which is equal to the aggregate principal amount of the Series B Notes) under the note due to Clear Channel Communications and subsequently retire the Debt with Clear Channel Communications, with the balance of the proceeds available to the Company for general corporate purposes.

Based on the Company's current and anticipated levels of operations and conditions in its markets, it believes that cash on hand, cash flows from operations and borrowing under the revolving promissory note with Clear Channel Communications will enable it to meet its working capital, capital expenditure, debt service and other funding requirements for at least the next 12 months. In addition, the Company expects to be in compliance with the covenants governing its indebtedness in 2010. Furthermore, in its Annual Report on Form 10-K filed with the SEC on March 16, 2010, CC Media Holdings stated that it expects to be in compliance with its covenants governing its indebtedness in 2010. However, the Company's and CC Media Holdings' anticipated results are subject to significant uncertainty and there can be no assurance that actual results will be in compliance with the covenants. See further discussion in Note F regarding debt covenants.

CC Media Holdings and Clear Channel Communications' current corporate ratings are CCC+ and Caa2 by Standard & Poor's Ratings Services and Moody's Investors Service, respectively, which are speculative grade ratings. These ratings have been downgraded and then upgraded at various times during the two years ended December 31, 2009. The adjustments had no impact on the Company's borrowing costs under the credit agreements.

Format of Presentation

The accompanying consolidated financial statements are presented for two periods: post-merger and pre-merger. The merger resulted in a new basis of accounting beginning on July 31, 2008 and the financial reporting periods are presented as follows:

The year ended December 31, 2009 and the period from July 31 through December 31, 2008 includes the post-merger period of the Company, reflecting the preliminary purchase accounting adjustments related to the merger that were pushed down to the Company.

The period from January 1 through July 30, 2008 and the year ended December 31, 2007 includes the pre-merger period of the Company. The consolidated financial statements for all pre-merger periods were prepared using the historical basis of accounting for the Company. As a result of the merger and the associated preliminary purchase accounting, the consolidated financial statements of the post-merger periods are not comparable to periods preceding the merger.

Agreements with Clear Channel Communications

There are several agreements which govern the Company's relationship with Clear Channel Communications including the Master Agreement, Corporate Services Agreement, Employee Matters Agreement and Tax Matters Agreement. Clear Channel Communications has the right to terminate these agreements in various circumstances. As of the date of the filing of this report, no notice of termination of any of these agreements has been received from Clear Channel Communications.

Clear Channel Communications Revolving Credit Facility

In conjunction with the merger, Clear Channel Communications' \$1.75 billion revolving credit facility, including the \$150.0 million sub-limit, was terminated. The facility was replaced with a \$2.0 billion revolving credit facility with a maturity in July 2014, which includes a \$150.0 million sub-limit that certain of the Company's International subsidiaries may borrow against to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. On February 6, 2009, Clear Channel Communications borrowed the remaining availability under its \$2.0 billion revolving credit facility, including the remaining availability under the \$150.0 million sub-limit. The obligations of these International subsidiaries that are borrowers under the revolving credit facility are guaranteed by certain of the Company's material wholly-owned subsidiaries, and secured by substantially all assets of such borrowers and guarantors, subject to permitted liens and other exceptions.

Nature of Business

The Company operates in the outdoor advertising industry by selling advertising on billboards, street furniture displays, transit displays and other advertising displays. The Company has two reportable business segments: Americas and International. The Americas segment primarily includes operations in the United States, Canada and Latin America; the International segment includes operations in the U.K., France, Asia and Australia.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. Significant intercompany accounts have been eliminated in consolidation. Investments in nonconsolidated affiliates are accounted for using the equity method of accounting.

Table of Contents

Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid investments with an original maturity of three months or less.

Allowance for Doubtful Accounts

The Company evaluates the collectability of its accounts receivable based on a combination of factors. In circumstances where it is aware of a specific customer's inability to meet its financial obligations, it records a specific reserve to reduce the amounts recorded to what it believes will be collected. For all other customers, it recognizes reserves for bad debt based on historical experience of bad debts as a percent of revenue for each business unit, adjusted for relative improvements or deteriorations in the agings and changes in current economic conditions. The Company believes the credit risk with respect to trade receivables is limited due to the large number and the geographic diversification of its customers.

Land Leases and Other Structure Licenses

Most of the Company's advertising structures are located on leased land. Americas land rents are typically paid in advance for periods ranging from 1 to 12 months. International land rents are paid both in advance and in arrears, for periods ranging from 1 to 12 months. Most International street furniture display faces are operated through contracts with the municipalities for up to 20 years. The street furniture contracts often include a percent of revenue to be paid along with a base rent payment. Prepaid land leases are recorded as an asset and expensed ratably over the related rental term and license and rent payments in arrears are recorded as an accrued liability.

Purchase Accounting

The Company accounts for its business combinations under the acquisition method of accounting. The total cost of an acquisition is allocated to the underlying identifiable net assets based on their respective estimated fair values. The excess of the purchase price over the estimated fair values of the net assets acquired is recorded as goodwill. Determining the fair value of assets acquired and liabilities assumed requires management's judgment and often involves the use of significant estimates and assumptions, including assumptions with respect to future cash inflows and outflows, discount rates, asset lives and market multiples, among other items. Various acquisition agreements may include contingent purchase consideration based on performance requirements of the investee. The Company accounts for these payments in accordance with the provisions of ASC 805-20-30, which establish the requirements related to recognition of certain assets and liabilities arising from contingencies.

Asset Retirement Obligation

ASC 410-20 requires the Company to estimate its obligation upon the termination or non-renewal of a lease to dismantle and remove its advertising structures from the leased land and to reclaim the site to its original condition. The Company's asset retirement obligation is reported in Other long-term liabilities. The Company records the present value of obligations associated with the retirement of its advertising structures in the period in which the obligation is incurred. When the liability is recorded, the cost is capitalized as part of the related advertising structures carrying amount. Over time, accretion of the liability is recognized as an operating expense and the capitalized cost is depreciated over the expected useful life of the related asset.

Property, Plant and Equipment

Property, plant and equipment are stated at cost. Depreciation is computed using the straight-line method at rates that, in the opinion of management, are adequate to allocate the cost of such assets over their estimated useful lives, which are as follows:

Buildings and improvements 10 to 39 years

Structures 5 to 40 years

Table of Contents

Furniture and other equipment 3 to 20 years

Leasehold improvements shorter of economic life or lease term assuming renewal periods, if appropriate

For assets associated with a lease or contract, the assets are depreciated at the shorter of the economic life or the lease or contract term, assuming renewal periods, if appropriate. Expenditures for maintenance and repairs are charged to operations as incurred, whereas expenditures for renewal and betterments are capitalized.

The Company tests for possible impairment of property, plant, and equipment in accordance with ASC 360-10 whenever events or changes in circumstances, such as a reduction in operating cash flow or a dramatic change in the manner the asset is intended to be used indicate the carrying amount of the asset may not be recoverable. If indicators exist, the Company compares the estimated undiscounted future cash flows related to the asset to the carrying value of the asset. If the carrying value is greater than the estimated undiscounted future cash flow amount, an impairment charge is recorded in depreciation and amortization expense in the statement of operations for amounts necessary to reduce the carrying value of the asset to fair value. The impairment loss calculations require management to apply judgment in estimating future cash flows and the discount rates that reflect the risk inherent in future cash flows.

In the second quarter of 2009, the Company recorded an \$8.7 million impairment related to street furniture tangible assets in its International segment. Additionally, during the fourth quarter of 2009, the Company recorded an additional \$12.3 million impairment primarily related to street furniture tangible assets in its International segment.

Intangible Assets

The Company classifies intangible assets as definite-lived, indefinite-lived, or goodwill. Definite-lived intangibles include primarily transit and street furniture contracts, site leases and other contractual rights, all of which are amortized over the shorter or either the respective lives of the agreements or over the period of time the assets are expected to contribute to the Company's future cash flows. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived assets. These assets are stated at cost. The Company's indefinite-lived intangibles include billboard permits in its Americas segment. The excess cost over fair value of net assets acquired is classified as goodwill. The Company's indefinite-lived intangibles and goodwill are not subject to amortization, but are tested for impairment at least annually.

The Company tests for possible impairment of definite-lived intangible assets whenever events or changes in circumstances, such as a reduction in operating cash flow or a dramatic change in the manner the asset is intended to be used indicate the carrying amount of the asset may not be recoverable. If indicators exist, the Company compares the estimated undiscounted future cash flows related to the asset to the carrying value of the asset. If the carrying value is greater than the estimated undiscounted future cash flow amount, an impairment charge is recorded in depreciation and amortization expense in the statement of operations for amounts necessary to reduce the carrying value of the asset to fair value.

The Company impaired definite-lived intangible assets related to certain street furniture and billboard contracts in its Americas outdoor and International outdoor segments by \$38.8 million as of June 30, 2009. During the fourth quarter of 2009, the Company recorded a \$16.5 million impairment related to billboard contract intangible assets in its International segment.

The Company performs its annual impairment test for its permits using a direct valuation technique as prescribed in ASC 805-20-S99. The key assumptions used in the direct valuation method include market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up cost and losses incurred during the build-up period, the risk-adjusted discount rate and terminal values. The Company engages Mesirow Financial Consulting, LLC (Mesirow Financial), a third party valuation firm, to assist the Company in the development of these assumptions and the Company's determination of the fair value of its permits.

Table of Contents

The Company performed an interim impairment test as of December 31, 2008 and June 30, 2009, which resulted in non-cash impairment charges of \$722.6 million and \$345.4 million, respectively, on its indefinite-lived permits.

At least annually, the Company performs its impairment test for each reporting unit's goodwill using a discounted cash flow model to determine if the carrying value of the reporting unit, including goodwill, is less than the fair value of the reporting unit. The Company identified its reporting units in accordance with ASC 350-20-55. The Company's reporting unit for Americas is the reportable segment. The Company determined that each country in its International segment constitutes a reporting unit.

Each of the Company's reporting units is valued using a discounted cash flow model which requires estimating future cash flows expected to be generated from the reporting unit, discounted to their present value using a risk-adjusted discount rate. Terminal values were also estimated and discounted to their present value. Assessing the recoverability of goodwill requires the Company to make estimates and assumptions about sales, operating margins, growth rates and discount rates based on its budgets, business plans, economic projections, anticipated future cash flows and marketplace data. There are inherent uncertainties related to these factors and management's judgment in applying these factors. The Company engages Mesrow Financial to assist the Company in the development of these assumptions and the Company's determination of the fair value of its reporting units.

The Company performed an interim impairment test as of December 31, 2008 and June 30, 2009, and recognized a non-cash impairment charge of \$2.5 billion and \$419.5 million, respectively, to reduce its goodwill.

Nonconsolidated Affiliates

In general, investments in which the Company owns 20 percent to 50 percent of the common stock or otherwise exercises significant influence over the investee are accounted for under the equity method. The Company does not recognize gains or losses upon the issuance of securities by any of its equity method investees. The Company reviews the value of equity method investments and records impairment charges in the statement of operations as a component of Equity in earnings (loss) of nonconsolidated affiliates for any decline in value determined to be other-than-temporary.

Other Investments

Other investments are composed of available-for-sale equity securities carried at fair value based on quoted market prices. The net unrealized gains or losses on the available-for-sale securities, net of tax, are reported in Accumulated other comprehensive income (loss) as a component of shareholders' equity. The Company periodically reviews the value of available-for-sale securities and records impairment charges in the statement of operations for any decline in value that is determined to be other-than-temporary. The average cost method is used to compute the realized gains and losses on sales of equity securities.

The Company periodically assesses the value of its available-for-sale securities. Based on these assessments, the Company concluded that an other-than-temporary impairment existed at December 31, 2008 and September 30, 2009, and recorded non-cash impairment charges of \$59.8 million and \$11.3 million, respectively, on the statement of operations in Loss on marketable securities. The Company assessed the value of these available-for-sale securities through December 31, 2009 and concluded that no other-than-temporary impairment existed.

Financial Instruments

Due to their short maturity, the carrying amounts of accounts and notes receivable, accounts payable, accrued liabilities and short-term borrowings approximated their fair values at December 31, 2009 and 2008. See Note F for discussion of fair value of the Company's long-term debt.

Table of Contents***Income Taxes***

The Company accounts for income taxes using the liability method. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not some portion or the entire asset will not be realized. As all earnings from the Company's foreign operations are permanently reinvested and not distributed, the Company's income tax provision does not include additional U.S. taxes on foreign operations. It is not practical to determine the amount of Federal income taxes, if any, that might become due in the event the earnings were distributed.

The operations of the Company are included in a consolidated Federal income tax return filed by Clear Channel Communications, Inc. for the pre-merger periods and CC Media Holdings, Inc. for the post-merger periods. However, for financial reporting purposes, the Company's provision for income taxes has been computed on the basis that the Company files separate consolidated Federal income tax returns with its subsidiaries.

Revenue Recognition

The Company's advertising contracts typically are short-term, but can cover periods of up to three years, and are generally billed monthly. Revenue for advertising space rental is recognized ratably over the term of the contract. Advertising revenue is reported net of agency commissions. Agency commissions are calculated based on a stated percentage applied to gross billing revenue for the Company's operations. Payments received in advance of being earned are recorded as deferred income.

Stock Based Compensation

Under the fair value recognition provisions of ASC 718-10, stock based compensation cost is measured at the grant date based on the value of the award and is recognized as expense on a straight-line basis over the vesting period. Determining the fair value of share-based awards at the grant date requires assumptions and judgments about expected volatility and forfeiture rates, among other factors. If actual results differ significantly from these estimates, our results of operations could be materially impacted.

Foreign Currency

Results of operations for foreign subsidiaries and foreign equity investees are translated into U.S. dollars using the average exchange rates during the year. The assets and liabilities of those subsidiaries and investees, other than those of operations in highly inflationary countries, are translated into U.S. dollars using the exchange rates at the balance sheet date. The related translation adjustments are recorded in a separate component of shareholders' equity, Accumulated other comprehensive income (loss). Foreign currency transaction gains and losses, as well as gains and losses from translation of financial statements of subsidiaries and investees in highly inflationary countries, are included in operations.

Advertising Expense

The Company records advertising expense as it is incurred. Advertising expenses from continuing operations were:

	Year ended December 31, 2009	Period from July 31 through December 31, 2008	Period from January 1 through July 30, 2008	Year ended December 31, 2007

Table of Contents

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates, judgments, and assumptions that affect the amounts reported in the financial statements and accompanying notes including, but not limited to, legal, tax and insurance accruals. The Company bases its estimates on historical experience and on various other assumptions believed to be reasonable under the circumstances. Actual results could differ from those estimates.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-02, *Accounting and Reporting for Decreases in Ownership of a Subsidiary a Scope Clarification*. The update is to ASC Topic 810, *Consolidation*. The ASU clarifies that the decrease-in-ownership provisions of ASC 810-10 and related guidance apply to (1) a subsidiary or group of assets that is a business or nonprofit activity, (2) a subsidiary or group of assets that is a business or nonprofit activity that is transferred to an equity method investee or joint venture, and (3) an exchange of a group of assets that constitutes a business or nonprofit activity for a noncontrolling interest in an entity (including an equity method investee or joint venture). In addition, the ASU expands the information an entity is required to disclose upon deconsolidation of a subsidiary. This standard is effective for fiscal years ending on or after December 15, 2009 with retrospective application required for the first period in which the entity adopted Statement of Financial Accounting Standards No. 160. The Company adopted the amendment upon issuance with no material impact to its financial position or results of operations.

In December 2009, the FASB issued ASU No. 2009-17, *Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities*. The update is to ASC Topic 810, *Consolidation*. This standard amends ASC 810-10-25 by requiring consolidation of certain special purpose entities that were previously exempted from consolidation. The revised criteria will define a controlling financial interest for requiring consolidation as: the power to direct the activities that most significantly affect the entity's performance, and (1) the obligation to absorb losses of the entity or (2) the right to receive benefits from the entity. This standard is effective for fiscal years beginning after November 15, 2009. The Company adopted the amendment on January 1, 2010 with no material impact to its financial position or results of operations.

In August 2009, the FASB issued ASU No. 2009-05, *Measuring Liabilities at Fair Value*. The update is to ASC Subtopic 820-10, *Fair Value Measurements and Disclosures-Overall*, for the fair value measurement of liabilities. The purpose of this update is to reduce ambiguity in financial reporting when measuring the fair value of liabilities. The guidance provided in this update is effective for the first reporting period beginning after the date of issuance. We adopted the amendment on October 1, 2009 with no material impact to our financial position or results of operations.

Statement of Financial Accounting Standards No. 168, *The FASB Accounting Standards CodificationTM and the Hierarchy of Generally Accepted Accounting Principles*, codified in ASC 105-10, was issued in June 2009. ASC 105-10 identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with GAAP in the United States. ASC 105-10 establishes the ASC as the source of authoritative GAAP recognized by the FASB to be applied by nongovernmental entities. Following this statement, the FASB will issue new standards in the form of ASUs. ASC 105-10 is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Company adopted the provisions of ASC 105-10 on July 1, 2009.

Statement of Financial Accounting Standards No. 167, *Amendments to FASB Interpretation No. 46(R)* (Statement No. 167), which is not yet codified, was issued in June 2009. Statement No. 167 shall be effective as of the beginning of each reporting entity's first annual reporting period that begins after November 15, 2009, for interim periods within that first annual reporting period, and for interim and annual reporting periods thereafter. Earlier application is prohibited. Statement No. 167 amends Financial Accounting Standards Board

Interpretation No. 46(R), *Consolidation of Variable Interest Entities*, codified in ASC 810-10-25, to replace the quantitative-based risks and rewards calculation for determining which enterprise, if any, has a controlling financial interest in a variable interest entity with an approach focused on identifying which enterprise has the power to direct the activities of a variable interest entity that most significantly impact the entity's economic performance and (1) the obligation to absorb losses of the entity or (2) the right to receive benefits from the entity. An approach that is expected to be primarily qualitative will be more effective for identifying which enterprise has a controlling financial interest in a variable interest entity. Statement No. 167 requires an additional reconsideration event when determining whether an entity is a variable interest entity when any changes in facts and circumstances occur such that the holders of the equity investment at risk, as a group, lose the power from voting rights or similar rights of those investments to direct the activities of the entity that most significantly impact the entity's economic performance. It also requires ongoing assessments of whether an enterprise is the primary beneficiary of a variable interest entity. These requirements will provide more relevant and timely information to users of financial statements. Statement No. 167 amends ASC 810-10-25 to require additional disclosures about an enterprise's involvement in variable interest entities, which will enhance the information provided to users of financial statements. The Company adopted Statement No. 167 on January 1, 2010 with no material impact to its financial position or results of operations.

Statement of Financial Accounting Standards No. 165, *Subsequent Events*, codified in ASC 855-10, was issued in May 2009. The provisions of ASC 855-10 are effective for interim and annual periods ending after June 15, 2009 and are intended to establish general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. ASC 855-10 requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date—that is, whether that date represents the date the financial statements were issued or were available to be issued. This disclosure should alert all users of financial statements that an entity has not evaluated subsequent events after that date in the set of financial statements being presented. In accordance with the provisions of ASC 855-10, the Company currently evaluates subsequent events through the date the financial statements are issued.

FASB Staff Position Emerging Issues Task Force 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities*, codified in ASC 260-10-45, was issued in June 2008. ASC 260-10-45 clarifies that unvested share-based payment awards with a right to receive nonforfeitable dividends are participating securities. Guidance is also provided on how to allocate earnings to participating securities and compute basic earnings per share using the two-class method. All prior-period earnings per share data presented shall be adjusted retrospectively (including interim financial statements, summaries of earnings, and selected financial data) to conform with the provisions of ASC 260-10-45. The Company retrospectively adopted the provisions of ASC 260-10-45 on January 1, 2009. The adoption did not have an effect on previously reported basic earnings per share.

Statement of Financial Accounting Standards No. 160, *Noncontrolling Interests in Consolidated Financial Statements—an amendment of ARB No. 51*, codified in ASC 810-10-45, was issued in December 2007. ASC 810-10-45 clarifies the classification of noncontrolling interests in consolidated statements of financial position and the accounting for and reporting of transactions between the reporting entity and holders of such noncontrolling interests. Under this guidance, noncontrolling interests are considered equity and should be reported as an element of consolidated equity, net income will encompass the total income of all consolidated subsidiaries and there will be separate disclosure on the face of the income statement of the attribution of that income between the controlling and noncontrolling interests, and increases and decreases in the noncontrolling ownership interest amount will be accounted for as equity transactions. The provisions of ASC 810-10-45 are effective for the first annual reporting period beginning on or after December 15, 2008, and earlier application is prohibited. Guidance is required to be adopted prospectively, except for reclassifying noncontrolling interests to equity, separate from the parent's shareholders' equity, in the consolidated statement of financial position and recasting consolidated net income (loss) to include net income (loss) attributable to both the controlling and noncontrolling interests, both of which are required to be adopted retrospectively. The Company adopted the provisions of ASC 810-10-45 on January 1, 2009, which resulted in a reclassification of approximately

\$211.8 million of noncontrolling interests to shareholders' equity. Adoption of this standard requires retrospective application in the financial statements of earlier periods on January 1, 2009. In connection with the offering of \$500.0 million aggregate principal Series A Senior Notes and \$2.0 billion aggregate principal Series B Senior Notes by the Company's subsidiary, the Company filed a Form 8-K on December 11, 2009 to retrospectively recast the historical financial statements and certain disclosures included in its Annual Report on Form 10-K for the year ended December 31, 2008 for the adoption of ASC 810-10-45.

FASB Staff Position No. FAS 157-2, *Effective Date of FASB Statement No. 157*, codified in ASC 820-10, was issued in February 2008. ASC 820-10 delays the effective date of FASB Statement No. 157, *Fair Value Measurements*, for nonfinancial assets and liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually), to fiscal years beginning after November 15, 2008. The Company adopted the provisions of ASC 820-10 on January 1, 2009 with no material impact to its financial position or results of operations.

FASB Staff Position No. FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*, codified in ASC 820-10-35, was issued in April 2009. ASC 820-10-35 provides additional guidance for estimating fair value when the volume and level of activity for the asset or liability have significantly decreased. ASC 820-10-35 also includes guidance on identifying circumstances that indicate a transaction is not orderly. This guidance is effective for interim and annual reporting periods ending after June 15, 2009, and shall be applied prospectively. Early adoption is permitted for periods ending after March 15, 2009. Earlier adoption for periods ending before March 15, 2009 is not permitted. The Company adopted the provisions of ASC 820-10-35 on April 1, 2009 with no material impact to its financial position or results of operations.

FASB Staff Position No. FAS 115-2 and FAS 124-2, *Recognition and Presentation of Other-Than-Temporary Impairments*, codified in ASC 320-10, was issued in April 2009. It amends the other-than-temporary impairment guidance in U.S. GAAP for debt securities to make the guidance more operational and to improve the presentation and disclosure of other-than-temporary impairments on debt and equity securities in the financial statements. ASC 320-10 does not amend existing recognition and measurement guidance related to other-than-temporary impairments of equity securities. This guidance is effective for interim and annual reporting periods ending after June 15, 2009, with early adoption permitted for periods ending after March 15, 2009. Earlier adoption for periods ending before March 15, 2009 is not permitted. The Company adopted the provisions of ASC 320-10 on April 1, 2009 with no material impact to its financial position or results of operations.

FASB Staff Position No. FAS 107-1 and APB 28-1, *Interim Disclosures about Fair Value of Financial Instruments*, codified in ASC 825-10, was issued in April 2009. ASC 825-10 amends prior authoritative guidance to require disclosures about fair value of financial instruments for interim reporting periods of publicly traded companies as well as in annual financial statements. The provisions of ASC 825-10 are effective for interim reporting periods ending after June 15, 2009, with early adoption permitted for periods ending after March 15, 2009. The Company adopted the disclosure requirements of ASC 825-10 on April 1, 2009.

NOTE B INTANGIBLE ASSETS AND GOODWILL

Definite-lived Intangible Assets

The Company has definite-lived intangible assets which consist primarily of transit and street furniture contracts, permanent easements that provide the Company access to certain of its outdoor displays, and other contractual rights. Definite-lived intangible assets are amortized on a straight-line basis over the shorter of either the respective lives of the agreements or over the period of time the assets are expected to contribute to the Company's future cash flows.

Table of Contents

The following table presents the gross carrying amount and accumulated amortization for each major class of definite-lived intangible assets at December 31, 2009 and 2008:

	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization

Amortization expense	\$ 101.2	\$ 63.7	\$ 30.6	\$ 53.2

During the first seven months of 2009, the Company decreased the initial fair value estimate of its permits, contracts, site leases, and other assets and liabilities by \$125.3 million based on additional information received.

As acquisitions and dispositions occur in the future and as purchase price allocations are finalized, amortization expense may vary. The following table presents the Company's estimate of amortization expense for each of the five succeeding fiscal years for definite-lived intangible assets:

<i>(In thousands)</i>	
2010	\$ 99,813
2011	84,985
2012	80,287
2013	75,452
2014	67,605

Indefinite-lived Intangible Assets

The Company's indefinite-lived intangibles consist primarily of billboard permits in its Americas segment. Due to significant differences in both business practices and regulations, billboards in the International segment are subject to long-term, finite contracts unlike permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International segment. The Company's billboard permits are effectively issued in perpetuity by state and local governments and are transferable or renewable at little or no cost. Permits typically specify the location which allows the Company the right to operate an advertising structure at the specified location. The Company's permits are located on owned land, leased land or land for which we have acquired permanent easements. In cases where the Company's permits are located on leased land, the leases typically have initial terms of between one and 20 years and renew indefinitely, with rental payments generally escalating at an inflation-based index. If the Company loses its lease, the Company will typically obtain permission to relocate the permit or bank it with the municipality for future use.

The indefinite-lived intangibles and goodwill are not subject to amortization, but are tested for impairment at least annually. The Company tests for possible impairment of indefinite-lived intangible assets whenever events

or changes in circumstances, such as a reduction in operating cash flow or a dramatic change in the manner for which the asset is intended to be used, indicate that the carrying amount of the asset may not be recoverable. If indicators exist, the Company compares the undiscounted cash flows related to the asset to the carrying value of the asset. If the carrying value is greater than the undiscounted cash flow amount, an impairment charge is recorded in amortization expense in the statement of operations for amounts necessary to reduce the carrying value of the asset to fair value.

Interim Impairments to Billboard Permits

The United States and global economies have undergone a period of economic uncertainty, which caused, among other things, a general tightening in the credit markets, limited access to the credit markets, lower levels of liquidity and lower consumer and business spending. These disruptions in the credit and financial markets and the impact of adverse economic, financial and industry conditions on the demand for advertising negatively impacted the key assumptions that were used in the discounted cash flow models used to value the Company's billboard permits as of the merger date. Therefore, the Company performed an interim impairment test on its billboard permits as of December 31, 2008, which resulted in a non-cash impairment charge of \$722.6 million.

The Company's cash flows during the first six months of 2009 were below those in the discounted cash flow model used to calculate the impairment at December 31, 2008. As a result, the Company performed an interim impairment test as of June 30, 2009 on its billboard permits resulting in a non-cash impairment charge of \$345.4 million.

The impairment test consisted of a comparison of the fair value of the billboard permits at the market level with their carrying amount. If the carrying amount of the billboard permits exceeded their fair value, an impairment loss was recognized equal to that excess. After an impairment loss is recognized, the adjusted carrying amount of the billboard permit is its new accounting basis.

The fair value of the billboard permits was determined using the direct valuation method as prescribed in ASC 805-20-S99. Under the direct valuation method, the fair value of the billboard permits was calculated at the market level as prescribed by ASC 350-30-35. The Company engaged Mesirow Financial to assist it in the development of the assumptions and the Company's determination of the fair value of the billboard permits.

The Company's application of the direct valuation method attempts to isolate the income that is properly attributable to the permit alone (that is, apart from other tangible and identified intangible assets and goodwill). It is based upon modeling a hypothetical "greenfield" build up to a "normalized" enterprise that, by design, lacks inherent goodwill and whose only other assets have essentially been paid for (or added) as part of the build-up process. We forecasted revenue, expenses and cash flows over a ten-year period for each of our markets in our application of the direct valuation method. We also calculated a "normalized" residual year which represents the perpetual cash flows of each market. The residual year cash flow was capitalized to arrive at the terminal value of the permits in each market.

Under the direct valuation method, it is assumed that rather than acquiring indefinite-lived intangible assets as part of a going concern business, the buyer hypothetically develops indefinite-lived intangible assets and builds a new operation with similar attributes from scratch. Thus, the buyer incurs start-up costs during the build-up phase which are normally associated with going concern value. Initial capital costs are deducted from the discounted cash flow model which results in value that is directly attributable to the indefinite-lived intangible assets.

Management uses its internal forecasts to estimate industry normalized information as it believes these forecasts are similar to what a market participant would expect to generate. This is due to the pricing structure and demand for outdoor signage in a market being relatively constant regardless of the owner of the operation. Management also relied on its internal forecasts because there is little public data available for each of its markets.

Table of Contents

The build-up period represents the time it takes for the hypothetical start-up operation to reach normalized operations in terms of achieving a mature market revenue share and profit margin. Management believes that a one-year build-up period is required for a start-up operation to erect the necessary structures and obtain advertisers in order to achieve mature market revenue share. It is estimated that a start-up operation would be able to obtain 10% of the potential revenues in the first year of operations and 100% in the second year. Management assumed industry revenue growth of negative 9% and negative 16%, respectively, during the build-up period used in the December 31, 2008 and June 30, 2009 interim impairment tests. However, the cost structure is expected to reach the normalized level over three years due to the time required to recognize the synergies and cost savings associated with the ownership of the permits within the market.

For the normalized operating margin in the third year, management assumed a hypothetical business would operate at the lower of the operating margin for the specific market or the industry average margin of approximately 46% and 45% based on an analysis of comparable companies in the December 31, 2008 and June 30, 2009 impairment models, respectively. For the first and second-year of operations, the operating margin was assumed to be 50% of the normalized operating margin for both the December 31, 2008 and June 30, 2009 impairment models. The first and second-year expenses include the non-recurring start-up costs necessary to build the operation (i.e. development of customers, workforce, etc.).

In addition to cash flows during the projection period, a normalized residual cash flow was calculated based upon industry-average growth of 3% beyond the discrete build-up projection period in both the December 31, 2008 and June 30, 2009 impairment models. The residual cash flow was then capitalized to arrive at the terminal value.

The present value of the cash flows is calculated using an estimated required rate of return based upon industry-average market conditions. In determining the estimated required rate of return, management calculated a discount rate using both current and historical trends in the industry.

The Company calculated the discount rate as of the valuation date and also one-year, two-year, and three-year historical quarterly averages. The discount rate was calculated by weighting the required returns on interest-bearing debt and common equity capital in proportion to their estimated percentages in an expected capital structure. The capital structure was estimated based on the quarterly average of data for publicly traded companies in the outdoor advertising industry.

The calculation of the discount rate required the rate of return on debt, which was based on a review of the credit ratings for comparable companies (i.e., market participants). Management used the yield on a Standard & Poor's B⁻ rated corporate bond for the pre-tax rate of return on debt and tax-effected such yield based on applicable tax rates.

The rate of return on equity capital was estimated using a modified Capital Asset Pricing Model (CAPM). Inputs to this model included the yield on long-term U.S. Treasury Bonds, forecast betas for comparable companies, calculation of a market risk premium based on research and empirical evidence and calculation of a size premium derived from historical differences in returns between small companies and large companies using data published by Ibbotson Associates.

The concluded discount rate used in the discounted cash flow models to determine the fair value of the permits was 9.5% at December 31, 2008 and 10% at June 30, 2009. Applying the discount rate, the present value of cash flows during the discrete projection period and terminal value were added to estimate the fair value of the hypothetical start-up operation. The initial capital investment was subtracted to arrive at the value of the permits. The initial capital investment represents the fixed assets needed to erect the necessary advertising structures.

The discount rate used in the December 31, 2008 impairment model increased approximately 100 basis points over the discount rate used to value the permits in the preliminary purchase price allocation as of July 30, 2008.

Table of Contents

Industry revenue forecasts declined 10% through 2013 compared to the forecasts used in the preliminary purchase price allocation as of July 30, 2008. These market driven changes were primarily responsible for the decline in fair value of the billboard permits below their carrying value. As a result, the Company recognized a non-cash impairment charge which totaled \$722.6 million. The fair value of the permits was \$1.5 billion at December 31, 2008.

The discount rate used in the June 30, 2009 impairment model increased approximately 50 basis points over the discount rate used to value the permits at December 31, 2008. Industry revenue forecasts declined 8% through 2013 compared to the forecasts used in the 2008 impairment test. These market driven changes were primarily responsible for the decline in fair value of the billboard permits below their carrying value. As a result, the Company recognized a non-cash impairment charge in all but five of its markets in the United States and Canada, which totaled \$345.4 million. The fair value of the permits was \$1.1 billion at June 30, 2009.

Annual Impairment Test to Billboard Permits

The Company performs its annual impairment test on October 1 of each year. The Company engaged Mesirow Financial to assist it in the development of the assumptions and the Company's determination of the fair value of the billboard permits. The aggregate fair value of the permits on October 1, 2009 increased approximately 8% from the fair value at June 30, 2009. The increase in fair value was primarily from an increase of \$57.7 million related to increased industry revenue forecasts. The discount rate was unchanged from the June 30, 2009 interim impairment analysis. We calculated the discount rate as of the valuation date and also one-year, two-year and three-year quarterly averages. The discount rate as of the valuation date was calculated by weighting the required returns on interest-bearing debt and common equity capital in proportion to their estimated percentages in an expected capital structure. The capital structure was estimated based on the quarterly average of data for publicly traded companies in the outdoor advertising industry. The fair value of the Company's permits at October 1, 2009 was approximately \$1.2 billion.

Goodwill

Interim Impairments to Goodwill

The Company tests goodwill at interim dates if events or changes in circumstances indicate that goodwill might be impaired. The key assumptions used in the discounted cash flow models used to value the Company's reporting units as of December 31, 2008 were negatively impacted by the same factors contributing to the decline in fair value of its billboard permits. Therefore, the Company performed an interim impairment test and recognized a non-cash charge of \$2.5 billion as of December 31, 2008 to reduce its goodwill.

The Company's cash flows during the first six months of 2009 were below those used in the discounted cash flow model used to calculate the impairment at December 31, 2008. Additionally, the fair value of the Company's debt and equity at June 30, 2009 was below the carrying amount of its reporting units as of June 30, 2009. As a result of these indicators, the Company performed an interim goodwill impairment test as of June 30, 2009 resulting in a non-cash impairment charge of \$419.5 million.

The goodwill impairment test is a two-step process. The first step, used to screen for potential impairment, compares the fair value of the reporting unit with its carrying amount, including goodwill. If applicable, the second step, used to measure the amount of the impairment loss, compares the implied fair value of the reporting unit goodwill with the carrying amount of that goodwill.

Each of the Company's reporting units is valued using a discounted cash flow model which requires estimating future cash flows expected to be generated from the reporting unit, discounted to their present value using a risk-adjusted discount rate. Terminal values were also estimated and discounted to their present value. Assessing the recoverability of goodwill requires the Company to make estimates and assumptions about sales, operating margins, growth rates and discount rates based on its budgets, business plans, economic projections, anticipated

future cash flows and marketplace data. There are inherent uncertainties related to these factors and management's judgment in applying these factors. The Company engaged Mesirow Financial to assist the Company in the development of these assumptions and the Company's determination of the fair value of its reporting units.

The following table presents the changes in the carrying amount of goodwill in each of the Company's reportable segments for the years ended December 31, 2009 and 2008. The provisions of ASC 350-20-50-1 require the disclosure of cumulative impairment. As a result of the merger, a new basis in goodwill was recorded in accordance with ASC 805-10. All impairments shown in the table below have been recorded subsequent to the merger and, therefore, do not include any pre-merger impairment.

The U.S. outdoor advertising markets are aggregated into a single reporting unit for purposes of the goodwill impairment test using the guidance in ASC 350-20-55. The Company also determined that within its Americas outdoor segment, Canada, Mexico, Peru, and Brazil constitute separate reporting units and each country in its International outdoor segment constitutes a separate reporting unit.

The discounted cash flow model indicated that the Company failed the first step of the impairment test for certain of its reporting units, which required it to compare the implied fair value of each reporting unit's goodwill with its carrying value.

The discounted cash flow approach the Company uses for valuing goodwill involves estimating future cash flows expected to be generated from the related assets, discounted to their present value using a risk-adjusted discount rate. Terminal values are also estimated and discounted to their present value.

The Company forecasted revenue, expenses, and cash flows over a ten-year period for each of its reporting units. In projecting future cash flows, the Company considers a variety of factors including its historical growth rates, macroeconomic conditions, advertising sector and industry trends as well as Company-specific information.

Table of Contents

Historically, revenues in its industries have been highly correlated to economic cycles. Based on these considerations, the assumed 2008 and 2009 revenue growth rates used in the December 31, 2008 and June 30, 2009 impairment models were negative followed by assumed revenue growth with an anticipated economic recovery in 2009 and 2010, respectively. To arrive at the projected cash flows and resulting growth rates, the Company evaluated its historical operating results, current management initiatives and both historical and anticipated industry results to assess the reasonableness of the operating margin assumptions. The Company also calculated a normalized residual year which represents the perpetual cash flows of each reporting unit. The residual year cash flow was capitalized to arrive at the terminal value of the reporting unit.

The Company calculated the weighted average cost of capital (WACC) as of December 31, 2008 and June 30, 2009 and also one-year, two-year, and three-year historical quarterly averages for each of its reporting units. WACC is an overall rate based upon the individual rates of return for invested capital (equity and interest-bearing debt). The WACC is calculated by weighting the required returns on interest-bearing debt and common equity capital in proportion to their estimated percentages in an expected capital structure. The capital structure was estimated based on the quarterly average data for publicly traded companies in the outdoor advertising industry. The calculation of the WACCs considered both current industry WACCs and historical trends in the industry.

The calculation of the WACC requires the rate of return on debt, which was based on a review of the credit ratings for comparable companies (i.e., market participants) and the indicated yield on similarly rated bonds.

The rate of return on equity capital was estimated using a modified CAPM. Inputs to this model included the yield on long-term U.S. Treasury Bonds, forecast betas for comparable companies, calculation of a market risk premium based on research and empirical evidence and calculation of a size premium derived from historical differences in returns between small companies and large companies using data published by Ibbotson Associates.

In line with advertising industry trends, the Company's operations and expected cash flow are subject to significant uncertainties about future developments, including timing and severity of the recessionary trends and customers' behaviors. To address these risks, the Company included company-specific risk premiums for each of the reporting units in the estimated WACC. Based on this analysis, as of December 31, 2008, company-specific risk premiums of 300 basis points were included for both the Americas outdoor and International outdoor segments, resulting in WACCs of 12.5% for each of the reporting units in the Americas outdoor and International outdoor segments. As of June 30, 2009, company-specific risk premiums of 250 basis points and 350 basis points were included for the Americas outdoor and International outdoor segments, respectively, resulting in WACCs of 12.5% and 13.5% for each of the reporting units in the Americas outdoor and International outdoor segments, respectively. Applying these WACCs, the present value of cash flows during the discrete projection period and terminal value were added to estimate the fair value of the reporting units.

The discount rate utilized in the valuation of the permits as of December 31, 2008 and June 30, 2009 excludes the company-specific risk premiums that were added to the industry WACCs used in the valuation of the reporting units. Management believes the exclusion of this premium is appropriate given the difference between the nature of the billboard permits and reporting unit cash flow projections. The cash flow projections utilized under the direct valuation method for the permits are derived from utilizing industry normalized information for the existing portfolio of permits. Given that the underlying cash flow projections are based on industry normalized information, application of an industry average discount rate is appropriate. Conversely, the cash flow projections for the overall reporting unit are based on its internal forecasts for each business and incorporate future growth and initiatives unrelated to the existing permit portfolio. Additionally, the projections for the reporting unit include cash flows related to non-permit based assets. In the valuation of the reporting unit, the company-specific risk premiums were added to the industry WACCs due to the risks inherent in achieving the projected cash flows of the reporting unit.

The Company also utilized the market approach to provide a test of reasonableness to the results of the discounted cash flow model. The market approach indicates the fair value of the invested capital of a business based on a company's market capitalization (if publicly traded) and a comparison of the business to comparable publicly traded companies and transactions in its industry. This approach can be estimated through the quoted market price method, the market comparable method, and the market transaction method.

One indication of the fair value of a business is the quoted market price in active markets for the debt and equity of the business. The quoted market price of equity multiplied by the number of shares outstanding yields the fair value of the equity of a business on a marketable, noncontrolling basis. A premium for control is then applied and added to the estimated fair value of interest-bearing debt to indicate the fair value of the invested capital of the business on a marketable, controlling basis.

The market comparable method provides an indication of the fair value of the invested capital of a business by comparing it to publicly traded companies in similar lines of business. The conditions and prospects of companies in similar lines of business depend on common factors such as overall demand for their products and services. An analysis of the market multiples of companies engaged in similar lines of business yields insight into investor perceptions and, therefore, the value of the subject business. These multiples are then applied to the operating results of the subject business to estimate the fair value of the invested capital on a marketable, noncontrolling basis. The Company then applies a premium for control to indicate the fair value of the business on a marketable, controlling basis.

The market transaction method estimates the fair value of the invested capital of a business based on exchange prices in actual transactions and on asking prices for controlling interests in similar companies recently offered for sale. This process involves comparison and correlation of the subject business with other similar companies that have recently been purchased. Considerations such as location, time of sale, physical characteristics, and conditions of sale are analyzed for comparable businesses.

The three variations of the market approach indicated that the fair value determined by its discounted cash flow model was within a reasonable range of outcomes.

The revenue forecasts for 2009 declined 21% and 29% for Americas outdoor and International outdoor, respectively, compared to the forecasts used in the July 30, 2008 preliminary purchase price allocation primarily as a result of the revenues realized for the year ended December 31, 2008. These market driven changes were primarily responsible for the decline in fair value of the reporting units below their carrying value. As a result, the Company recognized a non-cash impairment charge to reduce its goodwill of \$2.5 billion at December 31, 2008.

The revenue forecasts for 2009 declined 7% and 9% for Americas outdoor and International outdoor, respectively, compared to the forecasts used in the 2008 impairment test primarily as a result of the revenues realized during the first six months of 2009. These market driven changes were primarily responsible for the decline in fair value of the reporting units below their carrying value. As a result, the Company recognized a non-cash impairment charge to reduce its goodwill of \$419.5 million at June 30, 2009.

Annual Impairments to Goodwill

The Company performs its annual impairment test on October 1 of each year. The Company engaged Mesirow Financial to assist the Company in the development of these assumptions and the Company's determination of the fair value of its reporting units. The fair value of the Company's reporting units on October 1, 2009 increased from the fair value at June 30, 2009. The increase in fair value of the Americas reporting unit was primarily the result of a 150 basis point decline in the WACC. Application of the market approach described above supported lowering the company-specific risk premium used in the discounted cash flow model to fair value the Americas reporting unit. The increase in the aggregate fair value of the reporting units in the International outdoor segment was primarily the result of an increase in the long-term revenue forecasts.

Table of Contents

During the third quarter of 2009, the Company recorded a \$45.0 million increase to goodwill in the International outdoor segment related to the fair value of certain noncontrolling interests, which existed at the merger date with no related tax effect. This noncontrolling interest was recorded pursuant to ASC 480-10-S99 which determines the classification of redeemable noncontrolling interests. The Company subsequently determined that the increase in goodwill related to these noncontrolling interests should have been included in the impairment charges resulting from the interim goodwill impairment tests. As a result, during the fourth quarter of 2009, the Company impaired this entire goodwill amount, which after consideration of foreign exchange movements, was \$41.4 million.

NOTE C BUSINESS ACQUISITIONS***2009 Purchases of Additional Equity Interests***

During 2009, the Company's Americas outdoor segment purchased the remaining 15% interest in its consolidated subsidiary, Paneles Napsa S.A., for \$13.0 million and the Company's International outdoor segment acquired an additional 5% interest in its consolidated subsidiary, Clear Channel Jolly Publicita SPA, for \$12.1 million.

2008 Acquisitions

During the year ended December 31, 2008, the Company's Americas segment paid \$55.1 million for the acquisition of advertising structures and the final earnout payments for Interspace Airport Advertising, which the Company acquired in July 2006. The Company's International segment paid \$41.4 million primarily related to the acquisition of additional equity interests in outdoor companies and the acquisition of advertising structures.

There were no accumulated undistributed earnings included in retained deficit for these investments as of December 31, 2009 and 2008. The accumulated undistributed earnings included in retained earnings for these investments was \$10.1 million as of December 31, 2007.

Investments	Fair Value	Cost

Other	\$ 1,087	\$ 1,087

The Company's available-for-sale security, Independent News & Media PLC (INM), was in an unrealized loss position for an extended period of time in 2008 and 2009. As a result, the Company considered the guidance in ASC 320-10-S99 and reviewed the length of the time and the extent to which the market value was less than cost and the financial condition and near-term prospects of the issuer. After this assessment, the Company concluded that the impairment was other than temporary and recorded a non-cash impairment charge of \$11.3 million and \$59.8 million in Loss on marketable securities for the years ended December 31, 2009 and 2008, respectively.

NOTE E ASSET RETIREMENT OBLIGATION

The Company has an asset retirement obligation of \$51.3 million and \$55.6 million as of December 31, 2009 and 2008, respectively, which is reported in Other long-term liabilities. The liability relates to the Company's obligation to dismantle and remove its advertising displays from leased land and to reclaim the site to its original condition upon the termination or non-renewal of a lease. When the liability is recorded, the cost is capitalized as part of the related long-lived assets' carrying value. Due to the high rate of lease renewals over a long period of time, the calculation assumes all related assets will be removed at some period over the next 50 years. An estimate of third-party cost information is used with respect to the dismantling of the structures and the reclamation of the site. The interest rate used to calculate the present value of such costs over the retirement period is based on an estimated risk adjusted credit rate for the same period.

The following table presents the activity related to the Company's asset retirement obligation:

The aggregate market value of the Company's debt based on quoted market prices for which quotes were available was approximately \$2.7 billion and \$2.6 billion at December 31, 2009 and 2008, respectively.

Debt with Clear Channel Communications

As of December 31, 2008, the Company had a note in the original principal amount of \$2.5 billion to Clear Channel Communications which was prepayable in whole at any time, or in part from time to time. The note accrued interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel Communications, calculated on a monthly basis. At December 31, 2008, the interest rate on the \$2.5 billion note was 6.0%.

In December 2009, the Company made voluntary prepayments on the note in the amount of the total outstanding balance and subsequently retired the Debt with Clear Channel Communications. The interest rate on the \$2.5 billion note was 5.7% prior to its retirement.

Bank Credit Facility

In connection with their merger, Clear Channel Communications entered into a multi-currency revolving credit facility with a maturity in July 2014 in the amount of \$2.0 billion. Certain of the Company's International subsidiaries may borrow under a \$150.0 million sub-limit within this \$2.0 billion credit facility, to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. This sub-limit allows for borrowings in various foreign currencies, which are used to hedge net assets in those currencies and provide funds to the Company's International operations for certain working capital needs. The obligations of these International subsidiaries that are borrowers under the revolving credit facility are guaranteed by certain of the Company's material wholly-owned subsidiaries, and secured by substantially all assets of such borrowers and guarantors, subject to permitted liens and other exceptions. The interest rate is based upon LIBOR or, for Euro denominated borrowings, EURIBOR, plus, in each case, a margin. At December 31, 2009, the interest rate on this bank credit facility was 3.7%. As of December 31, 2009, the outstanding balance on the sub-limit was approximately \$150.0 million of which \$30.0 million was drawn by the Company and the remaining amount drawn by Clear Channel Communications.

In conjunction with the merger, Clear Channel Communications' \$1.75 billion revolving credit facility, including the \$150.0 million sub-limit, was terminated.

Table of Contents

At December 31, 2009, the Company was in compliance with all debt covenants. Furthermore, in its Annual Report on Form 10-K filed with the SEC on March 16, 2010, CC Media Holdings stated that as of December 31, 2009, it was in compliance with its debt covenants.

Clear Channel Worldwide Holdings Senior Notes

In December 2009, the Company's wholly-owned subsidiary CCWH, issued \$500.0 million aggregate principal amount of Series A Senior Notes due 2017 and \$2.0 billion aggregate principal amount of Series B Senior Notes due 2017. The Notes are guaranteed by the Company, Clear Channel Outdoor, Inc., the Company's wholly-owned subsidiary (CCOI), and certain other existing and future domestic subsidiaries of the Company (collectively, the Guarantors).

The Notes are senior unsecured obligations that rank pari passu in right of payment to all unsubordinated indebtedness of CCWH and the guarantees of the Notes will rank pari passu in right of payment to all unsubordinated indebtedness of the guarantors thereunder.

The Notes are rated B and B2 by Standard & Poor's and Moody's, respectively. The indentures governing the Notes require the Company to maintain at least \$100 million in cash or other liquid assets or have cash available to be borrowed under committed credit facilities consisting of (i) \$50.0 million at the issuer and guarantor entities (principally the Americas outdoor segment) and (ii) \$50.0 million at the non-guarantor subsidiaries (principally the International outdoor segment) (together the Liquidity Amount), in each case under the sole control of the relevant entity. In the event of a bankruptcy, liquidation, dissolution, reorganization, or similar proceeding of Clear Channel Communications, Inc., for the period thereafter that is the shorter of such proceeding and 60 days, the Liquidity Amount shall be reduced to \$50.0 million, with a \$25.0 million requirement at the issuer and guarantor entities and a \$25.0 million requirement at the non-guarantor subsidiaries.

In addition, interest on the Notes accrues daily and is payable into an account established by a trustee for the benefit of the bondholders (the Trustee Account). Failure to make daily payment on any day does not constitute an event of default so long as (a) no payment or other transfer by the Company or any of its Subsidiaries shall have been made on such day under the cash management sweep with Clear Channel Communications, Inc. and (b) on each semiannual interest payment date the aggregate amount of funds in the Trustee Account is equal to at least the aggregate amount of accrued and unpaid interest on the Notes.

The indenture governing the Series A Notes contains covenants that limit the Company and its restricted subsidiaries ability to, among other things:

incur or guarantee additional debt to persons other than Clear Channel Communications and its subsidiaries or issue certain preferred stock;

create liens on its restricted subsidiaries assets to secure such debt;

create restrictions on the payment of dividends or other amounts to the Company from its restricted subsidiaries that are not guarantors of the notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of its assets; and

sell certain assets, including capital stock of its subsidiaries, to persons other than Clear Channel Communications and its subsidiaries.

The indenture governing the Series A Notes does not include limitations on dividends, distributions, investments or asset sales.

Table of Contents

The indenture governing the Series B Notes contains covenants that limit the Company and its restricted subsidiaries ability to, among other things:

incur or guarantee additional debt or issue certain preferred stock;

redeem, repurchase or retire the Company's subordinated debt;

make certain investments;

create liens on its or its restricted subsidiaries' assets to secure debt;

create restrictions on the payment of dividends or other amounts to it from its restricted subsidiaries that are not guarantors of the Notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of its assets;

sell certain assets, including capital stock of its subsidiaries;

designate its subsidiaries as unrestricted subsidiaries; and pay dividends, redeem or repurchase capital stock or make other restricted payments; and

purchase or otherwise effectively cancel or retire any of the Series B Notes if after doing so the ratio of (a) the outstanding aggregate principal amount of the Series A Notes to (b) the outstanding aggregate principal amount of the Series B Notes shall be greater than 0.250. This stipulation ensures, among other things, that as long as the Series A Notes are outstanding, the Series B Notes are outstanding.

Prior to the date of the closing of the CCWH offering, the Company made a demand for and received repayment of \$500.0 million on the Debt from Clear Channel Communications' account.

Following such repayment, the Company contributed \$500.0 million to the capital of CCOI, which used the proceeds received by it to prepay \$500.0 million of the Debt with Clear Channel Communications' account. Subsequent to this repayment, the outstanding balance of the Debt with Clear Channel Communications' account was \$2.0 billion.

The proceeds of the Notes were used to (i) pay the fees and expenses of the offering, (ii) pay the initial purchasers an underwriting discount, (iii) fund \$50.0 million required under the Notes' indentures of a Liquidity Amount (the \$50.0 million Liquidity Amount of the non-guarantor subsidiaries was satisfied) and (iv) make a voluntary prepayment of the remaining \$2.0 billion outstanding balance (which is equal to the aggregate principal amount of the Series B Notes) under the note to Clear Channel Communications and subsequently retire the Debt with Clear Channel Communications', with the balance of the proceeds available to the Company for general corporate purposes.

In connection with the offering, Clear Channel Communications and the Company modified the terms of the revolving promissory notes (recorded as Due from/to Clear Channel Communications account) to extend the maturity of each revolving promissory note to coincide with the

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 424B3

maturity date of the Notes. In addition, the terms were modified to change the interest rate on each revolving promissory note to a fixed per annum rate equal to 9.25%.

Other Debt

Other debt includes various borrowings and capital leases utilized for general operating purposes. Included in the \$78.9 million balance at December 31, 2009 is \$47.1 million that matures in less than one year.

Table of Contents***Debt Covenants***

The Clear Channel Communications \$2.0 billion revolving credit facility contains a significant financial covenant which requires Clear Channel Communications to comply on a quarterly basis with a maximum consolidated senior secured net debt to adjusted EBITDA ratio (maximum of 9.5:1). The financial covenant becomes more restrictive over time beginning in the second quarter of 2013. In its Annual Report on Form 10-K filed with the SEC on March 16, 2010, CC Media Holdings stated that it was in compliance with this covenant as of December 31, 2009.

In addition, as noted above, the Series B Notes indenture restricts the Company's ability to incur additional indebtedness and pay dividends based on an incurrence test. In order to incur additional indebtedness the Company's debt to adjusted EBITDA ratios (as defined by the indenture) must be lower than 6.5:1 and 3.25:1 for total debt and senior debt, respectively. Similarly in order for the Company to pay dividends out of proceeds from indebtedness or proceeds from asset sales, the Company's debt to adjusted EBITDA ratios (as defined by the indenture) must be lower than 6.0:1 and 3.0:1 for total debt and senior debt, respectively. The Company is in compliance with these covenants as of December 31, 2009.

There are no significant covenants or events of default contained in the revolving promissory note issued by Clear Channel Communications to the Company or the revolving promissory note issued by the Company to Clear Channel Communications.

NOTE G COMMITMENTS AND CONTINGENCIES

The Company leases office space, equipment and the majority of the land occupied by its advertising structures under long-term operating leases. Some of the lease agreements contain renewal options and annual rental escalation clauses (generally tied to the consumer price index), as well as provisions for the payment of utilities and maintenance by the Company.

The Company has minimum franchise payments associated with non-cancelable contracts that enable it to display advertising on such media as buses, taxis, trains, bus shelters and terminals, as well as other similar type surfaces. The majority of these contracts contain rent provisions calculated as either the greater of a percentage of the relevant advertising revenue or a specified guaranteed minimum annual payment. In addition, the Company has commitments relating to required purchases of property, plant, and equipment under certain street furniture contracts.

The Company accounts for its rentals that include renewal options, annual rent escalation clauses, minimum franchise payments and maintenance related to displays under the guidance in ASC Topic 840, *Leases*.

Table of Contents

The Company considers its non-cancelable contracts that enable it to display advertising on buses, taxis, trains, bus shelters, etc. to be leases in accordance with the guidance in ASC 840-10. These contracts may contain minimum annual franchise payments which generally escalate each year. The Company accounts for these minimum franchise payments on a straight-line basis. If the rental increases are not scheduled in the lease, for example an increase based on the CPI, those rents are considered contingent rentals and are recorded as expense when accruable. Other contracts may contain a variable rent component based on revenue. The Company accounts for these variable components as contingent rentals and records these payments as expense when accruable.

The Company accounts for annual rent escalation clauses included in the lease term on a straight-line basis under the guidance in ASC 840-10. The Company considers renewal periods in determining its lease terms if at inception of the lease there is reasonable assurance the lease will be renewed. Expenditures for maintenance are charged to operations as incurred, whereas expenditures for renewal and betterments are capitalized.

Most of the Company's advertising structures are on leased land. In addition, the Company leases certain facilities and equipment. The Company accounts for these leases in accordance with the policies described above.

The Company's contracts with municipal bodies or private companies relating to street furniture, billboard, transit and malls generally require the Company to build bus stops, kiosks and other public amenities or advertising structures during the term of the contract. The Company owns these structures and is generally allowed to advertise on them for the remaining term of the contract. Once the Company has built the structure, the cost is capitalized and expensed over the shorter of the economic life of the asset or the remaining life of the contract.

Certain of the Company's contracts contain penalties for not fulfilling its commitments related to its obligations to build bus stops, kiosks and other public amenities or advertising structures. Historically, any such penalties have not materially impacted the Company's financial position or results of operations.

As of December 31, 2009, the Company's future minimum rental commitments under non-cancelable operating lease agreements with terms in excess of one year, minimum payments under non-cancelable contracts in excess of one year, and capital expenditure commitments consist of the following:

<i>(In thousands)</i>	Non-Cancelable Operating Leases	Non-Cancelable Contracts	Capital Expenditures
2010	\$ 266,826	\$ 407,927	\$ 67,372
2011	218,559	326,238	32,274
2012	195,030	277,564	13,364

Thereafter	953,517	579,877	3,415
Total	\$ 1,967,695	\$ 1,993,289	\$ 136,262

Rent expense charged to operations for the post-merger year ended December 31, 2009 was \$999.1 million. Total rent expense for the post-merger period from July 31, 2008 through December 31, 2008 was \$476.8 million. Total rent expense for the pre-merger period from January 1, 2008 through July 30, 2008 and the pre-merger year ended December 31, 2007 was \$685.2 million and \$1.1 billion, respectively.

The Company is currently involved in certain legal proceedings and, as required, has accrued its estimate of the probable costs for the resolution of these claims. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings.

Table of Contents

In various areas in which the Company operates, outdoor advertising is the object of restrictive and, in some cases, prohibitive zoning and other regulatory provisions, either enacted or proposed. The impact to the Company of loss of displays due to governmental action has been somewhat mitigated by Federal and state laws mandating compensation for such loss and constitutional restraints.

Certain acquisition agreements include deferred consideration payments based on performance requirements by the seller, generally over a one to five year period. Contingent payments based on performance requirements by the seller typically involve the completion of a development or obtaining appropriate permits that enable the Company to construct additional advertising displays. At December 31, 2009, the Company believes its maximum aggregate contingency, which is subject to performance requirements by the seller, is approximately \$35.0 million. As the contingencies have not been met or resolved as of December 31, 2009, these amounts are not recorded. If future payments are made, amounts will be recorded as additional purchase price.

NOTE H RELATED PARTY TRANSACTIONS

The Company records net amounts due to or from Clear Channel Communications as Due from/to Clear Channel Communications on the consolidated balance sheets. The accounts represent the revolving promissory note issued by the Company to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to the Company, in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand. Prior to the amendment of the revolving promissory notes in December 2009, interest on the revolving promissory note owed by the Company accrued on the daily net negative cash position based upon LIBOR plus a margin. Interest on the revolving promissory note owed by Clear Channel Communications accrued interest on the daily net positive cash position based upon the average one-month generic treasury bill rate. In connection with the issuance of the CCWH Senior Notes, Clear Channel Communications and the Company modified the terms of the revolving promissory notes to extend the maturity of each revolving promissory note to coincide with the maturity date of the Notes. In addition, the terms were modified to change the interest rate on each revolving promissory note to equal the interest rate on the Notes. Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. As a part of these services, the Company maintains collection bank accounts swept daily into accounts of Clear Channel Communications (after satisfying the funding requirements of the Trustee Account). In return, Clear Channel Communications funds the Company's controlled disbursement accounts as checks or electronic payments are presented for payment. The Company's claim in relation to cash transferred from its concentration account is on an unsecured basis and is limited to the balance of the Due from Clear Channel Communications account. At December 31, 2009 and 2008, the asset recorded in Due from Clear Channel Communications on the consolidated balance sheet was \$123.3 million and \$431.6 million, respectively. The net interest income for the post-merger year ended December 31, 2009 was \$0.7 million. The net interest income for the post-merger period from July 31, 2008 through December 31, 2008 was \$0.9 million. The net interest income for the pre-merger period from January 1, 2008 through July 30, 2008 and for the pre-merger year ended December 31, 2007 was \$2.6 million and \$3.7 million, respectively. At December 31, 2009, the interest rate on the Due from Clear Channel Communications account was 9.25%, which represents the interest rate on the Notes as described above.

At December 31, 2008, the Company had a note in the original principal amount of \$2.5 billion to Clear Channel Communications which was prepayable in whole at any time, or in part from time to time. This note accrued interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel Communications, calculated on a monthly basis. This note was mandatorily payable upon a change of control of the Company (as defined in the note) and, subject to certain exceptions, all net proceeds from debt or equity raised by the Company had to be used to prepay such note. This note is further disclosed in Note F. At December 31, 2008, the interest rate on the \$2.5 billion note was 6.0%. In December 2009, the Company made voluntary payments on the note in the amount of the total outstanding balance and subsequently retired the Debt with Clear Channel Communications as of December 31, 2009. The interest rate on the \$2.5 billion note was 5.7% prior to its retirement.

Clear Channel Communications has a \$2.0 billion multi-currency revolving credit facility with a maturity in July 2014 which includes a \$150.0 million sub-limit that certain of the Company's International subsidiaries may borrow against to the extent Clear Channel Communications has not already borrowed against this capacity and is compliance with its covenants under the credit facility. The obligations of these International subsidiaries that are borrowers under the revolving credit facility will be guaranteed by certain of the Company's material wholly-owned subsidiaries, and secured by substantially all assets of such borrowers and guarantors, subject to permitted liens and other exceptions. The interest rate on outstanding balances under the new credit facility is equal to an applicable margin plus, at Clear Channel Communications option, either (i) a base rate determined by reference to the higher of (A) the prime lending rate publicly announced by the administrative agent and (B) the Federal funds effective rate from time to time plus 0.50%, or (ii) a Eurocurrency rate determined by reference to the costs of funds for deposits for the interest period relevant to such borrowing adjusted for certain additional costs. The applicable margin percentage is 2.40% in the case of base rate loans, and 3.40% in the case of Eurocurrency rate loans, subject to adjustment based upon Clear Channel Communications leverage ratio. This note is further disclosed in Note F. At December 31, 2009, the interest rate on this bank credit facility was 3.7%. At December 31, 2009, the outstanding balance on the \$150.0 million sub-limit was \$30.0 million, with the entire balance to be paid on July 30, 2014. On February 6, 2009, Clear Channel Communications borrowed the remaining availability under its \$2.0 billion revolving credit facility, including the remaining availability under the \$150.0 million sub-limit.

The Company provides advertising space on its billboards for radio stations owned by Clear Channel Communications. For the post-merger year ended December 31, 2009, the Company recorded \$2.8 million in revenue for these advertisements. For the post-merger period from July 31, 2008 through December 31, 2008, the Company recorded \$4.0 million in revenue for these advertisements. For the pre-merger period from January 1, 2008 through July 30, 2008, the Company recorded \$4.6 million in revenue for these advertisements. For the pre-merger year ended December 31, 2007, the Company recorded \$13.8 million in revenue for these advertisements.

Under the Corporate Services Agreement between Clear Channel Communications and the Company, Clear Channel Communications provides management services to the Company, which include, among other things: (i) treasury, payroll and other financial related services; (ii) executive officer services; (iii) human resources and employee benefits services; (iv) legal and related services; (v) information systems, network and related services; (vi) investment services; (vii) procurement and sourcing support services; and (viii) other general corporate services. These services are charged to the Company based on actual direct costs incurred or allocated by Clear Channel Communications based on headcount, revenue or other factors on a pro rata basis. For the post-merger year ended December 31, 2009, the Company recorded \$28.5 million as a component of corporate expense for these services. For the post-merger period from July 31, 2008 through December 31, 2008, the Company recorded \$13.9 million as a component of corporate expense for these services. For the pre-merger period from January 1, 2008 through July 30, 2008, the Company recorded \$14.2 million as a component of corporate expense for these services. For the pre-merger year ended December 31, 2007, the Company recorded \$20.3 million as a component of corporate expenses for these services.

Pursuant to the Tax Matters Agreement between Clear Channel Communications and the Company, the operations of the Company are included in a consolidated Federal income tax return filed by Clear Channel Communications. The Company's provision for income taxes has been computed on the basis that the Company files separate consolidated Federal income tax returns with its subsidiaries. Tax payments are made to Clear Channel Communications on the basis of the Company's separate taxable income. Tax benefits recognized on the Company's employee stock option exercises are retained by the Company.

The Company computes its deferred income tax provision using the liability method in accordance with Statement of ASC 740-10, as if the Company was a separate taxpayer. Deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if

the Company believes it is more likely than not some portion or all of the asset will not be realized. The Company's provision for income taxes is further disclosed in Note I.

Pursuant to the Employee Matters Agreement, the Company's employees participate in Clear Channel Communications' employee benefit plans, including employee medical insurance and a 401(k) retirement benefit plan. These costs are recorded as a component of selling, general and administrative expenses and were approximately \$9.4 million for the post-merger year ended December 31, 2009. These costs were approximately \$6.7 million for the pre-merger period from January 1, 2008 through July 30, 2008, \$4.8 million for the post-merger period from July 31, 2008 through December 31, 2008 and \$10.4 million for the pre-merger year ended December 31, 2007.

NOTE I INCOME TAXES

The operations of the Company are included in a consolidated Federal income tax return filed by Clear Channel Communications, Inc. for pre-merger periods and CC Media Holdings, Inc. for the post-merger periods. However, for financial reporting purposes, the Company's provision for income taxes has been computed on the basis that the Company files separate consolidated Federal income tax returns with its subsidiaries.

Significant components of the provision for income tax expense (benefit) are as follows:

For the year ended December 31, 2009 the Company recorded current tax benefits of \$16.8 million as compared to current tax expense of \$27.1 million for the 2008 full year. The change in current tax was due primarily to the company's ability to carry back certain net operating losses to prior years. On November 6, 2009, the Worker, Homeownership, and Business Assistance Act of 2009 (the "Act") was enacted into law. The Act amended Section 172 of the Internal Revenue Code to allow net operating losses realized in a tax year ended after December 31, 2007 and beginning before January 1, 2010 to be carried back for up to five year (such losses were previously limited to a two-year carryback). This change will allow us to carryback fiscal 2009 taxable losses of approximately \$128.6 million, based on our projections of projected taxable losses eligible for carryback, to prior years and receive refunds of previously paid Federal income taxes of approximately \$45.0 million. The ultimate amount of such refunds realized from net operating loss carryback is dependent on our actual taxable losses for fiscal 2009, which may vary from our current expectations.

Deferred tax benefits decreased \$115.1 million for the year ended December 31, 2009 compared to 2008, primarily due to larger impairment charges recorded in 2008 related to tax deductible intangibles.

The current tax benefit recorded in the post-merger period of 2008 is the result of the Company's ability to recover a limited amount of the Company's prior period tax liabilities through certain net operating loss carrybacks. The decrease in current tax expense for the 2008 year when compared to 2007 is primarily the result

F-54

Table of Contents

of a decrease in Income (loss) before income taxes. The change in deferred tax expense (benefit) recorded in 2008 compared to 2007 was primarily due to the \$292.0 million of deferred tax benefit recorded in the post-merger period related to the impairment charges on tax deductible intangibles. This deferred tax benefit was partially offset by additional tax depreciation deductions as a result of the bonus depreciation provisions enacted as part of the Economic Stimulus Act of 2008.

Significant components of the Company's deferred tax liabilities and assets as of December 31, 2009 and 2008 are as follows:

<i>(In thousands)</i>	Post-Merger 2009	Post-Merger 2008

For the year ended December 31, 2009, the Company recorded certain intangible asset impairment charges that are not deductible for tax purposes, which resulted in a reduction of deferred tax liabilities of approximately \$152.9 million.

In the year ended December 31, 2008, the Company recorded approximately \$1.4 billion in additional deferred tax liabilities associated with the applied purchase accounting adjustments resulting from the July 30, 2008 merger transaction. The additional deferred tax liabilities primarily relate to differences between the purchase accounting adjusted book basis and the historical tax basis of the Company's intangible assets. During the post-merger period ended December 31, 2008, the Company recorded an impairment charge to its permits and tax deductible goodwill resulting in a decrease of approximately \$292.0 million in recorded deferred tax liabilities.

At December 31, 2009 and 2008, net deferred tax assets include a deferred tax asset of \$11.7 million and \$8.6 million, respectively, relating to stock-based compensation expense under ASC 718-10, *Compensation - Stock Compensation*. Full realization of this deferred tax asset requires stock options to be exercised at a price equaling or exceeding the sum of the grant price plus the fair value of the option at the grant date and restricted stock to vest at a price equaling or exceeding the fair market value at the grant date. Accordingly, there can be no assurance that the stock price of the Company's Common Stock will rise to levels sufficient to realize the entire tax benefit currently reflected in our balance sheet. See Note J for additional discussion of ASC 718-10.

The deferred tax liabilities associated with intangibles and fixed assets primarily relates to the difference in book and tax basis of acquired permits and tax deductible goodwill created from the Company's various stock acquisitions. In accordance with ASC 350-10, *Intangibles - Goodwill and Other*, the Company does not amortize its book basis in permits. As a result, this deferred tax liability will not reverse over time unless the Company

Table of Contents

recognizes future impairment charges related to its permits and tax deductible goodwill or sells its permits. As the Company continues to amortize its tax basis in its permits and tax deductible goodwill, the deferred tax liability will increase over time.

The reconciliation of income tax computed at the U.S. Federal statutory tax rates to income tax expense (benefit) is:

During 2009, the Company recorded tax benefits of approximately \$149.1 million. Foreign loss before income taxes was approximately \$309.8 million for 2009. The 2009 income tax benefit and 14.6% effective tax rate were impacted primarily by the goodwill impairment charges which are not deductible for tax purposes (see Note B). In addition, the Company was unable to benefit tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years.

During the pre-merger period from January 1, 2008 to July 30, 2008, the Company recorded tax expense of \$51.6 million which resulted in an effective tax rate of 23.8%. The decrease in the effective tax rate during this period as compared to 2007 was primarily the result of the gain from the sale of the 50% interest in Clear Channel Independent which was structured as a tax free disposition, thereby resulting in no current tax expense for the period. During the post-merger period from July 31, 2008 to December 31, 2008, the Company recorded tax benefits of \$271.9 million which resulted in an effective tax rate of 8.3%. The primary reason for the reduction in effective rate is the result of the goodwill impairment charges recorded in the period which are not deductible for tax purposes (see Note B). In addition, the Company did not record tax benefits on certain tax losses in its foreign operations due to the uncertainty of the ability to utilize those tax losses in the future.

During 2007, the Company recorded tax expense of approximately \$146.6 million. Foreign income before income taxes was approximately \$143.9 million for 2007. The 2007 income tax expense and 36% effective tax rate were impacted by a favorable foreign income tax rate on the Company's mix of earnings within its international operations.

All tax liabilities owed by the Company are paid by the Company or on behalf of the Company by Clear Channel Communications through an operating account that represents net amounts due to or from Clear Channel Communications.

The Company continues to record interest and penalties related to unrecognized tax benefits in current income tax expense. The total amount of interest accrued at December 31, 2009 and 2008, was \$7.3 million and \$5.1 million, respectively. The total amount of unrecognized tax benefits and accrued interest and penalties at December 31, 2009 and 2008, was \$54.9 million and \$53.5 million, respectively, and is recorded in Other long-term liabilities on the Company's consolidated balance sheet. Of this total, \$54.9 million represents the amount of unrecognized tax benefits and accrued interest and penalties that, if recognized, would favorably affect the effective income tax rate in future periods.

Pursuant to the Tax Matters Agreement between Clear Channel Communications and the Company, the operations of the Company are included in a consolidated Federal income tax return filed by Clear Channel Communications. In addition, the Company and its subsidiaries file income tax returns in various state and foreign jurisdictions. During 2009, the Company increased its liability for certain issues in prior years in foreign jurisdictions as a result of ongoing audits. In addition, certain liabilities were reversed as a result of the statute of limitations lapsing for certain tax years in foreign jurisdictions. During 2008, the Company favorably settled certain issues in foreign jurisdictions that resulted in the decrease in unrecognized tax benefits. In addition, as a result of the currency fluctuations during 2008, the balance of unrecognized tax benefits decreased approximately \$12.0 million. The Company and Clear Channel Communications settled several Federal tax positions for the tax years 1999 through 2004 with the IRS during the year ended December 31, 2007. As a result of this settlement and other state and foreign settlements, the Company reduced its balance of unrecognized tax benefits and accrued interest and penalties by \$19.1 million. Of this amount, \$0.4 million was recorded as a decrease to current tax expense and \$18.7 million as adjustments to current and deferred tax payables. The IRS is currently auditing Clear Channel Communications and the Company's 2007 and pre-merger 2008 tax year and the CC Media Holdings and the Company's post-merger 2008 tax year. Substantially all material state, local and foreign income tax matters have been concluded for the years through 2003.

NOTE J SHAREHOLDERS' EQUITY***Stock Options***

The Company has granted options to purchase shares of its Class A common stock to employees and directors of the Company and its affiliates under its equity incentive plan at no less than the fair value of the underlying stock on the date of grant. These options are granted for a term not exceeding ten years and are forfeited, except in certain circumstances, in the event the employee or director terminates his or her employment or relationship with the Company or one of its affiliates. These options vest over a period of up to five years. The equity incentive plan contains anti-dilutive provisions that permit an adjustment of the number of shares of the Company's common stock represented by each option for any change in capitalization.

The Company accounts for its share-based payments using the fair value recognition provisions of ASC 718-10. The fair value of the options is estimated using a Black-Scholes option-pricing model and amortized straight-line to expense over the vesting period. ASC 718-10 requires the cash flows from the tax benefits resulting from tax deductions in excess of the compensation cost recognized for those options (excess tax benefits) to be classified as financing cash flows. The excess tax benefit that is required to be classified as a financing cash inflow after application of ASC 718-10 is not material.

The fair value of each option awarded is estimated on the date of grant using a Black-Scholes option-pricing model. Expected volatilities are based on implied volatilities from traded options on the Company's stock.

historical volatility on the Company's stock, and other factors. The expected life of options granted represents the period of time that options granted are expected to be outstanding. The Company uses historical data to estimate option exercise and employee terminations within the valuation model. The Company includes estimated forfeitures in its compensation cost and updates the estimated forfeiture rate through the final vesting date of awards. The risk free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant for periods equal to the expected life of the option. The following assumptions were used to calculate the fair value of the Company's options on the date of grant:

	Post-Merger		Pre-Merger

The share based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense on a straight-line basis over the vesting period. The following table presents the amount of share based compensation recorded for the year ended December 31, 2009, during the five months ended December 31, 2008, the seven months ended July 30, 2008 and the year ended December 31, 2007:
