Board of Directors Unanimous Recommendation: FOR

3. Approval to Amend or Eliminate Certain Fundamental Investment Restrictions

Board of Directors Unanimous Recommendation: FOR

4. Amendment to Investment Advisory Agreement

Board of Directors Unanimous Recommendation: FOR

PROPOSAL 1: ELECTION OF DIRECTORS

At the Annual Meeting, two Zweig Fund and two Zweig Total Return Fund Directors will be elected to serve a three-year term until the third succeeding Annual Meeting in 2015 and until their successors are elected and duly qualify.

NAME OF NOMINEE	DIRECTOR-ZWEIG TOTAL RETURN FUND	DIRECTOR-ZWEIG FUND
Charles H. Brunie	Since 1988	Since 1998
James B. Rogers, Jr.	Since 1988	Since 1986

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THESE NOMINEES AS DIRECTOR

For Internal Distribution Only

Page 1

PROPOSAL 2: REVISE INVESTMENT OBJECTIVE AND RECLASSIFY THE INVESTMENT OBJECTIVE AS NON-FUNDAMENTAL

Why are shareholders being asked to revise the investment objectives?

These changes were recommended by the Adviser as a means to seek to enhance the returns of the Fund. The Board of each Fund also approved the changes to each respective Fund's investment objective, subject to shareholder approval.

Additionally, the Boards also approved, subject to shareholder approval, classifying each Fund's proposed new investment objective as non-fundamental. This would mean that a shareholder vote would not be required to change the investment objective in the future. This is designed to provide the Board greater flexibility to alter the Fund's investment objective when it is in the best interests of shareholders without incurring the costs and delays connected with proxy solicitations.

What is a fundamental objective?

A fundamental investment objective is a formal guideline that defines the result desired by each Fund and cannot be changed without obtaining shareholder approval.

PROPOSAL 2.A TO REVISE EACH FUND'S INVESTMENT OBJECTIVE

What is the purpose of revising the fund's investment objective?

The Funds will continue to invest in equity securities using the same proprietary stock selection process as before. However, the asset allocation strategy has been adjusted to use cash tactically and for defensive purposes when deemed appropriate. These changes were approved in order to seek to improve the funds performance and enhance the returns to shareholders.

FUND	CURRENT INVESTMENT OBJECTIVE	NEW INVESTMENT OBJECTIVE
Zweig Total Return Fund	The Fund's investment objective is to seek the highest total return, consisting of capital appreciation and current income, consistent with the preservation of capital.	The Fund's investment objective is to seek total return, consisting of capital appreciation and income.
Zweig Fund	The fund's investment objective is capital appreciation, primarily through investment in equity securities, consistent with the preservation of capital and reduction of risk, as determined by the fund's Investment advisor.	The Fund's investment objective is capital appreciation, with income as a secondary objective.

PROPOSAL 2.B TO RECLASSIFY EACH FUND'S INVESTMENT OBJECTIVE AS NON-FUNDAMENTAL

What is the purpose of reclassifying each Fund's investment objective as Non-Fundamental ?

There is no requirement that a Fund's investment objective be fundamental. If approved by shareholders, this would mean that each Board would be able to change each Fund's investment objective in the future without a shareholder vote. Each Board determined that this proposal would benefit each Fund and its shareholders by giving the Board the flexibility to more easily alter the Fund's investment objectives when the Board believes it is in the best interest of shareholders or when necessary to comply with possible future regulatory changes. Furthermore, this change would also eliminate the expense and delays associated with the proxy solicitation process.

For Internal Distribution Only

Page 2

Will shareholders be notified of changes to the investment objectives if proposal 2.B is approved?

Each Fund's shareholders would receive notice, *prior to its implementation*, of any changes to the Fund's investment objective that has been approved by the Board. Accordingly, each Board of each Fund concluded that it would be in the best interest of the Fund and its shareholders, to approve the proposal. The classification of an investment company's investment objective as fundamental or non-fundamental has no impact on the management of the Fund in furtherance of that objective.

THE BOARD UNANIMOUSLY RECOMMENDS SHAREHOLDERS VOTE FOR ALL NO. 2 SUB-PROPOSALS

PROPOSALS 3: TO AMEND OR ELIMINATE CERTAIN FUNDAMENTAL INVESTMENT RESTRICTIONS

Why are shareholders being asked to amend/eliminate certain fundamental investment restrictions?

Some of the Fund's fundamental policies were adopted to reflect certain regulatory, business or industry conditions that are no longer in effect. As a result, many of the current restrictions unnecessarily limit the investment strategies available to the Advisor in managing each Fund's assets. These changes are designed to provide the Funds with greater investment flexibility to pursue its investment strategies and respond to a changing investment environment.

How will Proposal 3 affect the way the Funds are managed?

While Proposal 3 is intended to, among other things, provide the Adviser with greater flexibility in managing each Fund's portfolio, the Funds would continue to be managed subject to the limitations imposed by the 1940 Act and the rules and interpretive guidance provided there under, as well as each Fund's investment strategies, objectives and policies.

Term: *1940 Act* refers to the Investment Company Act of 1940 which is the piece of legislation that defines the responsibilities and limitations placed on public fund companies that offer investment products to the public.

Term: *Fundamental Investment Restriction* defines the limitations and restrictions within the *Fundamental Investment Policy* of a fund which is a description of the investment philosophies that will be utilized by the fund and cannot be changed without shareholder approval.

PROPOSAL 3.A TO AMEND THE FUNDAMENTAL INVESTMENT RESTRICTIONS FOR EACH FUND REGARDING DIVERSIFICATION

What is the purpose of amending the fundamental investment restriction regarding diversification?

The 1940 Act requires each series of an investment company to state whether it is diversified or non-diversified. According to the 1940 Act a diversified portfolio may not, with respect to 75% of its total assets, invest more than 5% of its total assets in the securities of one issuer, or hold more than 10% of the outstanding voting securities of such issuer, this is called *the 75% test*. The 10% limitation in the current fundamental investment restriction *applies to all of each Fund's assets*. The Board of each Fund has approved eliminating this 10% limitation, and adding a 10% limitation that applies to 75% of each Fund's total assets in order to more closely reflect the 75% test.

For Internal Distribution Only

Page 3

PROPOSAL 3.B TO AMEND THE FUNDAMENTAL INVESTMENT RESTRICTION FOR EACH FUND REGARDING SENIOR SECURITIES

What is the purpose of amending Fundamental Investment Restriction regarding Senior Securities?

The 1940 Act generally limits closed-end funds from issuing senior securities; however closed end funds are permitted to engage in certain types of transactions that might be considered senior securities as long as certain conditions are satisfied. Amending the fundamental investment restriction regarding senior securities will allow the Funds additional investment flexibility to issue these securities if the 1940 act is amended or interpreted to allow this.

PROPOSAL 3.C TO AMEND THE FUNDAMENTAL INVESTMENT RESTRICTION FOR EACH FUND REGARDING INVESTING IN COMMODITIES

What is the purpose of amending the Fundamental Investment Restriction regarding commodities?

The proposed fundamental investment restriction permits each Fund to purchase and sell derivatives to the extent permitted by the 1940 act. These derivatives include options, futures contracts and options on futures contracts. The proposed restriction applies to futures contracts for both hedging and non-hedging purposes. However, the ability of the Funds to engage in futures contracts and options on futures will remain subject to rules of the Commodity Futures Trading Commission.

PROPOSAL 3.D TO AMEND THE FUNDAMENTAL INVESTMENT RESTRICTION FOR ZWEIG FUND REGARDING BORROWING

What is the purpose of amending the Fundamental Investment Restriction regarding borrowing?

Unless further restricted, all investment companies are limited in the amount they may borrow by the 1940 Act. The proposed fundamental investment restriction would permit the Zweig Fund to borrow for any purpose to the full extent permitted by the 1940 Act.

PROPOSAL 3.E TO AMEND THE FUNDAMENTAL INVESTMENT RESTRICTION FOR ZWEIG FUND REGARDING LENDING

What is the purpose of amending the Fundamental Investment Restriction regarding lending?

The proposed fundamental investment restriction would permit the Zweig Fund to engage in lending to the full extent permitted by the 1940 Act. However, it is not currently anticipated that the Zweig Fund would engage in forms of lending in addition to their current lending practices.

**PROPOSAL 3.F TO ELIMINATE THE FUNDAMENTAL INVESTMENT RESTRICTION FOR EACH FUND REGARDING
PURCHASING SECURITIES ON MARGIN**

Margin (Buying Stock on Margin) Margin is when a Fund borrows money to purchase securities.

For Internal Distribution Only

Page 4

What is the purpose of eliminating the Fundamental Investment Restriction regarding purchasing securities on margin?

Each Fund's fundamental investment restriction restricting margin activities was based on requirements no longer applicable to closed-end funds and, therefore, may be eliminated from each Fund's fundamental investment restrictions. The elimination of this restriction will provide the Funds with additional investment flexibility to engage in otherwise permissible activities to the extent provided by the 1940 Act.

PROPOSAL 3.G TO ELIMINATE THE FUNDAMENTAL INVESTMENT RESTRICTION FOR EACH FUND REGARDING SHORT SALES

Short Sales A short sale is the sale of a stock that an investor does not own or a sale which is consummated by the delivery of a stock borrowed by, or for the account of, the investor.

What is the purpose of eliminating the fundamental investment restriction regarding short sales?

This policy is not required by the 1940 Act to be among a fund's fundamental investment policies and elimination of this policy will afford the Funds greater investment flexibility. However, notwithstanding the above, it is not anticipated that the current proposal will change the managers' strategies with regard to short sales.

PROPOSAL 3.H TO ELIMINATE THE FUNDAMENTAL INVESTMENT RESTRICTION FOR EACH FUND REGARDING PURCHASING RESTRICTED SECURITIES

Restricted Securities The registration of securities that are sold by means other than a public offering is not required per the Securities Act of 1933. In order to rely on the exception from the Securities Act registration requirement, sales of securities by entities other than the issuer may also not be done through public offerings. Therefore, the issuer must place Restrictions on the resale of such securities.

What is the purpose of eliminating the fundamental investment restriction for restricted securities?

This policy is not required by the 1940 Act to be among the fund's fundamental investment policies. Furthermore, the Fund's peers are generally not subject to this outdated restriction. Eliminating this fundamental investment restriction will provide the Funds with additional investment flexibility allowed by many of their peers to engage in otherwise permissible activities to the extent provided by the 1940 Act. However, notwithstanding the above, it is not currently anticipated that either fund's investment strategy will be changed to invest in restricted securities.

PROPOSAL 3.I TO ELIMINATE THE FUNDAMENTAL INVESTMENT RESTRICTION FOR ZWEIG FUND REGARDING INVESTING IN UNSEASONED ISSUERS

Unseasoned Issuer A security of issuers that, at the time of purchase, have a record, together with predecessors, of less than three years of continued operation.

For Internal Distribution Only

Page 5

What is the purpose of eliminating the fundamental investment restriction regarding investing in unseasoned issuers?

The Fund's fundamental investment policy on investing in unseasoned issuers was based on requirements no longer applicable to closed-end funds. Therefore, eliminating this fundamental investment restriction will provide the Zweig Fund with additional investment flexibility to engage in otherwise permissible activities.

PROPOSAL 3.J TO ELIMINATE THE FUNDAMENTAL INVESTMENT RESTRICTION FOR ZWIEG FUND REGARDING INVESTMENTS IN OTHER INVESTMENT COMPANIES

What is the purpose of eliminating the fundamental investment restriction regarding investing in other investment companies?

The Zweig Fund's fundamental investment policy on investing in other investment companies was based on requirements no longer applicable to closed-end funds. Therefore, eliminating this fundamental investment restriction will provide the Zweig Fund with additional investment flexibility to engage in otherwise permissible activities to the extent permitted under the 1940 Act.

PROPOSAL 3.K TO ELIMINATE THE FUNDAMENTAL INVESTMENT RESTRICTION FOR ZWEIG FUND REGARDING INVESTING IN INTERESTS IN OIL, GAS OR OTHER MINERAL EXPLORATION OR DEVELOPMENT PROGRAMS

What is the purpose of eliminating the fundamental investment restriction regarding investing in Oil, Gas and other mineral exploration or developmental programs?

The Zweig Fund's fundamental investment policy regarding investing in other interests in Oil, Gas or other mineral exploration or developmental programs was based on requirements no longer applicable to closed-end funds. Therefore, eliminating this fundamental investment restriction will provide the Zweig Fund with additional investment flexibility to engage in otherwise permissible activities. However, the Zweig Fund does not currently intend to invest in oil, gas or other mineral exploration or developmental programs.

THE BOARD UNANIMOUSLY RECOMMENDS SHAREHOLDERS VOTE FOR ALL NO. 3 SUB-PROPOSALS

PROPOSAL 4: AMENDMENT TO INVESTMENT ADVISORY AGREEMENT

Why are shareholders being asked to amend the investment advisory agreement?

The Board of each Fund believes that the guiding principle for compensating the Advisor should continue to be that the Advisors compensation accurately reflects the full size and scope of the Fund's portfolio. Shareholders are therefore being asked to the Amended Agreements, which calculate the Advisor's management fee based on managed assets, which include *all assets attributable to borrowing*. The Advisor would expend additional resources in managing the amounts borrowed, and to the extent a Fund utilizes leverage, the leverage would increase the complexity of the administrative responsibilities of the Advisor in connection with securing and monitoring this leverage for the Funds. The Board believes it is appropriate to compensate the Advisor for the additional effort and resources necessary to manage the leverage amounts.

For Internal Distribution Only

Page 6

Will my fees increase as a result of the amendment to the Investment Advisory agreement?

Under the Amended Agreements, the advisory fees would continue to be .85% for the Zweig Fund and .70% for the Zweig Total Return Fund. However the fees would be based on the Funds *managed assets* as opposed to net assets. Managed assets are defined as the *total assets* of a fund, including any form of investment leverage, minus all accrued expenses incurred in the normal course of operations.

What factors did the Board consider in approving the amendments to the investment management agreements?

In their discussions of the proposed Amended Agreements, the Independent Directors were advised by their own legal counsel. At the February Board Meeting, the Directors discussed the matter prior to approving the proposed Amended Agreements. At this meeting, the Board of each Fund, including the Independent Directors, considered the factors and reached the conclusions described below relating to the selection of the Adviser and the approval of the Amended Agreements.

The Independent Directors considered the nature, extent and quality of the services performed by the Advisor including portfolio management, supervision of the Fund operations and compliance and regulatory filings and disclosures to shareholders, general oversight of other service providers, review of the Fund legal issues, assisting the Directors in that capacity and other services. The Independent directors concluded that *the services are extensive in nature* and that the Advisor delivered an acceptable level of service.

The Independent Directors for each fund considered the investment performance for the fund over various periods of time as compared to their respective Lipper, Inc. performance groups and concluded that the Advisor was delivering acceptable performance results consistent with the long term performance strategies being pursued by the Fund.

The Independent Directors considered each Fund's management fee rate and expense ratios relative to the Fund's Lipper, Inc. expense group, including the anticipated effect on the net assets of each Fund of the change in advisory fee under the Amended Agreements, should a Fund engage in borrowing. The Independent directors concluded those fees are acceptable based upon the qualifications, experience, reputation and performance of the Advisor.

THE BOARD UNANIMOUSLY RECOMMENDS SHAREHOLDERS VOTE FOR PROPOSAL 4

What was included in the proxy package?

Included in the proxy package were a Notice of Annual Meeting, Joint Proxy Statement and Proxy Ballot.

Is there a number to contact the Fund regarding non-proxy related questions?

YES. Zweig Funds Inc. shareholder servicing can be reached at (800) 272-2700.
