QUESTIONS AND ANSWERS ABOUT THE ASSET SALE, THE MERGER AND THE SPECIAL MEETING

Q: What are OSB Financial Services, Inc. shareholders being asked to vote upon?

A: The shareholders of OSB Financial Services, Inc., or OSB Financial, are being asked to consider and vote on the following matters:

to approve the asset sale pursuant to the merger agreement providing for the merger of Orange Savings Bank, SSB with and into First Financial Bank, N.A.; and

the authority to adjourn or postpone the special meeting.

As of the date of this proxy statement/prospectus, OSB Financial's board of directors is not aware of any matters, other than those stated above, that may be brought before the special meeting.

Q: What is the difference between the asset sale and the merger?

A: Pursuant to the terms and conditions of the merger agreement, OSB Financial will sell all of the outstanding capital stock of Orange Savings Bank, SSB to First Financial. The sale of the Orange Savings Bank, SSB stock represents the sale of OSB Financial's principal asset. The asset sale will be accomplished through the merger of Orange Savings Bank, SSB with and into First Financial Bank, N.A. Accordingly, OSB Financial must obtain the approval of its shareholders, to, among other things, sell the Orange Savings Bank, SSB stock to First Financial.

Q: What will happen in the merger?

A: In the merger, Orange Savings Bank, SSB will be merged with and into First Financial Bank, N.A., with First Financial Bank, N.A. being the surviving entity. The merger will effect a sale of substantially all of the assets of OSB Financial. As consideration in the asset sale, First Financial will issue 420,000 shares of First Financial common stock and pay \$39.2 million in cash, subject to decrease under certain circumstances, as set forth in the merger agreement, to OSB Financial.

Q: What form of consideration will OSB Financial shareholders receive as a result of the asset sale?

A: If the asset sale is approved by the shareholders of OSB Financial and the merger is subsequently completed, all outstanding shares of Orange Savings Bank, SSB common stock will be converted into an aggregate of 420,000 shares of First Financial common stock and \$39.2 million in cash, with the cash portion subject to decrease under certain circumstances as set forth in the merger agreement. First Financial will deliver the consideration to OSB Financial. After completion of the asset sale, OSB Financial intends to distribute the consideration, after repayment of its obligations and expenses, to the holders of the common stock of OSB Financial, other than dissenting shareholders. OSB Financial has agreed in the merger agreement, however, to maintain ownership of cash or other assets (other than shares of First Financial common stock) with a net fair market value of at least \$1,000,000 in excess of any liabilities of OSB Financial until December 30, 2013.

Q: What obligations and expenses does OSB Financial have to repay?

- A: OSB Financial must repay all of its outstanding trust preferred promissory notes. The payoff amount, including accrued interest and the cancellation fee, will be \$6,424,513.80. OSB Financial also will repay its 2009 Senior Secured Notes Due December 31, 2020, which have a principal balance of \$6,400,000 and estimated accrued interest through May 31, 2013 of \$64,000. OSB Financial also will terminate an interest rate swap. The cost for that termination varies daily and would have been \$229,700 if terminated on March 14, 2013.

Table of Contents

Q: When do you expect the asset sale to be completed?

A: We are working to complete the asset sale and consummate the merger during the second quarter of 2013, although delays could occur.

Q: When do you expect OSB Financial to distribute the consideration to the OSB Financial shareholders?

A: OSB Financial intends to make the first distribution to its shareholder within 30 days after the closing of the asset sale. The final distribution will be made when OSB Financial is liquidated on December 31, 2013.

Q: What will happen to my stock in OSB Financial following completion of the asset sale?

A: OSB Financial will remain in existence as a Texas corporation and you will continue to be a shareholder of OSB Financial. OSB Financial is obligated under the merger agreement to maintain ownership of cash or other assets (other than shares of First Financial common stock) with a net fair market value of at least \$1,000,000 in excess of any liabilities of OSB Financial until December 30, 2013. The purpose of this obligation is to provide additional security to First Financial in connection with OSB Financial's indemnification obligations under the merger agreement, as described herein. Presently, OSB Financial intends to liquidate OSB Financial on December 31, 2013 and will convene a meeting of its shareholders later in 2013 for that purpose.

Q: When and where will OSB Financial shareholders' meeting be held?

A: The OSB Financial shareholders' meeting is scheduled to take place at [] [] m., local time, on [] [], 2013 at [], Orange, Texas [].

Q: What are my choices when voting?

A: With respect to each of the proposals, you may vote for the proposal, against the proposal or abstain from voting on the proposal. An abstention will count as a vote against each proposal.

Q: What votes are required for approval of the asset sale pursuant to the merger agreement?

A: Approval by OSB Financial shareholders of the asset sale pursuant to the merger agreement requires the affirmative vote of the holders of at least two-thirds of the shares of OSB Financial common stock outstanding on [], 2013.

Q: What votes are required to adjourn or postpone the special meeting?

A: To adjourn or postpone the special meeting, the affirmative vote of a majority of the shares of OSB Financial common stock present, in person or by proxy, at the meeting is required.

Q: How does the board of directors of OSB Financial recommend that I vote?

A: The board of directors of OSB Financial unanimously recommends that the shareholders vote their shares as follows:

Proposal 1 FOR the approval of the asset sale pursuant to the merger agreement; and

Proposal 2 FOR the authority to adjourn or postpone the special meeting.

Table of Contents

Q: What happens if I transfer my shares after the record date for the special meeting?

A: The record date for the special meeting is earlier than the expected date of completion of the asset sale. Therefore, if you transfer your shares of OSB Financial common stock after the applicable record date, but prior to the completion of the asset sale, you will retain the right to vote at the special meeting, but the right to receive any distribution of the consideration from the asset sale will transfer with the shares of stock.

Q: What do I need to do now?

A: After you have thoroughly read and considered the information contained in this proxy statement/prospectus, indicate on the proxy card applicable to your OSB Financial common stock how you want to vote and sign, date and mail your proxy card(s) in the enclosed pre-addressed postage-paid envelope as soon as possible so that your shares of OSB Financial common stock may be represented at the special meeting.

Q: What happens if I don't return a proxy card for the special meeting?

A: Because approval of the asset sale pursuant to the merger agreement requires the affirmative approval of the holders of at least two-thirds of the outstanding shares of OSB Financial common stock, the failure to return your proxy card will have the same effect as a vote against the asset sale, unless you attend the special meeting in person and vote for approval of the asset sale.

Q: May I vote in person?

A: Yes. Even if you have previously completed and returned your proxy card, you may vote your shares in person by attending the special meeting, revoking your previously submitted proxy prior to the start of the special meeting and voting your shares in person.

Q: May I change my vote after I have submitted my proxy card?

A: Yes. You may change your vote at any time before the special meeting is called to order by attending the special meeting, revoking your proxy and voting your shares in person or by submitting a new proxy card.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker will vote your shares only if you provide instructions on how to vote. You should instruct your broker how to vote your shares, following the directions your broker provides. If you do not provide instructions to your broker, your shares will not be voted, which will have the same effect as a vote against the asset sale.

Q: Do I have any rights to dissent from the asset sale pursuant to the merger agreement?

A: You have the right to vote against approval of the asset sale pursuant to the merger agreement, dissent from the asset sale and seek payment of the appraised fair value of your shares in cash as described in *Proposal 1: Approval of Asset Sale and Merger*

Edgar Filing: FIRST FINANCIAL BANKSHARES INC - Form S-4

Agreement Dissenters Rights of OSB Financial Shareholders beginning on page 56. The appraised fair value of your shares of OSB Financial common stock may be more or less than the value of the distribution of the First Financial common stock and cash that OSB Financial intends to distribute to its shareholders following the asset sale.

Q: Should I send in my stock certificates now?

A: No. Neither the asset sale nor the merger involve the exchange of OSB Financial common stock. Therefore, you should *not* send your OSB Financial stock certificates with your proxy card.

Q: Who can help answer my questions?

A: If you have additional questions about the merger, you should contact Stephen Lee, OSB Financial Services, Inc., 812 North 16th Street, Orange, Texas 77630, telephone (409) 221-6160.

Proposed Asset Sale by OSB Financial to First Financial

*The merger agreement is the legal document that governs the asset sale and the related merger. We have attached the merger agreement to this document as **Appendix A**. Please read the entire merger agreement.*

Pursuant to the merger agreement, OSB Financial will sell the common stock of Orange Savings Bank, SSB, which is OSB Financial's primary asset, to First Financial by means of the merger of Orange Savings Bank, SSB with and into First Financial Bank, N.A. First Financial Bank, N.A. will be the surviving entity in the merger. The merger will have the effect of a sale of substantially all of the assets of OSB Financial. We expect to complete the asset sale and the related merger during the second quarter of 2013, although delays could occur.

Terms of the Asset Sale (page 28)

Pursuant to the terms of the merger agreement, all outstanding shares of Orange Savings Bank, SSB common stock will be converted into an aggregate of 420,000 shares of First Financial common stock and \$39.2 million in cash, with the cash portion subject to decrease on a dollar-for-dollar basis if Orange Savings Bank, SSB's equity capital on the second business day preceding the closing date (or such other date mutually agreed to by the parties) (the Calculation Date) is less than \$43.2 million, as calculated in the manner set forth in the merger agreement. If Orange Savings Bank, SSB's equity capital exceeds \$43.2 million on the Calculation Date, Orange Savings Bank, SSB may dividend such excess amount to OSB Financial after the Calculation Date and prior to the closing of the effective time of the asset sale and the related merger. For purposes of calculating equity capital, Orange Savings Bank, SSB must include adjustments made for certain items related to the asset sale and the merger, including certain merger related costs and accrued retention bonus payments, as more fully described herein and in the merger agreement.

In connection with the completion of the asset sale, OSB Financial must repay its obligations and expenses, including repayment of all of its outstanding trust preferred promissory notes and 2009 Senior Secured Notes Due December 31, 2020. Following completion of the asset sale, OSB Financial intends to distribute to the holders of the OSB common stock, other than dissenting shareholders, the consideration it received in the asset sale, subject to OSB Financial's obligation under the merger agreement to maintain ownership of cash or other assets (other than shares of First Financial common stock) with a net fair market value of at least \$1,000,000 in excess of any liabilities of OSB Financial until December 30, 2013.

Because the number of shares of First Financial common stock to be issued pursuant to the merger agreement is fixed, the value of the total consideration that OSB Financial and the OSB Financial shareholders will receive, by virtue of the distribution of such consideration by OSB Financial after consummation of the asset sale, will fluctuate based on the market price of the First Financial common stock. Further, the cash portion of the consideration is subject to decrease as described above and in more detail herein and in the merger agreement. Accordingly, you will not know the exact amount of cash or the value of the stock portion of the consideration

OSB Financial will receive in connection with the asset sale when you vote on the asset sale pursuant to the merger agreement. Moreover, any distribution to shareholders of OSB must be authorized by the board of directors of OSB Financial

Material Federal Income Tax Consequences (page 51)

The asset sale and the related merger provided for by the merger agreement has been structured to be treated as a taxable sale of the stock of a qualified subchapter S subsidiary (within the meaning of §1361(b)(3)(B) of the Code) that is treated as a taxable asset sale for federal income tax purposes. In accordance with that treatment, OSB Financial and First Financial will agree on an allocation of the deemed purchase price between the assets of Orange Savings Bank, SSB treated as transferred to First Financial Bank, N.A. pursuant to the asset sale and the related merger in accordance with Section 1060 of the Code. For purposes of this allocation, the deemed purchase price will include the sum of the fair market value of the shares of First Financial common stock and the cash received by OSB Financial pursuant to the asset sale and the related merger and the amount of any liabilities treated as assumed by First Financial Bank, N.A. or taken subject to the assets transferred by First Financial Bank, N.A. OSB Financial will recognize gain or loss on the deemed sale of each of the assets of Orange Savings Bank, SSB transferred to First Financial Bank, N.A. pursuant to the asset sale and the related merger in an amount equal to the difference between the amount of the deemed purchase price allocated to that asset less the tax basis of that asset. These gains and losses will be allocated to the shareholders of OSB Financial in accordance with the rules of S corporations and will increase (in the case of gains) and decrease (in the case of losses) each such shareholder's tax basis in their shares of OSB Financial.

These specific tax consequences of the asset sale and the related merger to you may be complicated and will depend on your specific situation and on variables not within our control. You should consult your own tax advisor for a full understanding of the tax consequences to you.

Opinion of Financial Advisor of OSB Financial (page 33)

Hovde Financial, Inc. (Hovde) has delivered a written opinion to the board of directors of OSB Financial that, as of the date of the merger agreement, based upon and subject to certain matters stated in the opinion, the consideration is fair to the holders of OSB Financial common stock from a financial point of view. We have attached this opinion to this proxy statement/prospectus as **Appendix B**. The opinion of Hovde is not a recommendation to any OSB Financial shareholder as to how to vote on the proposal to approve the asset sale pursuant to the related merger agreement. You should read this opinion completely to understand the procedures followed, matters considered and limitations on the reviews undertaken by Hovde in providing its opinion.

First Financial Plans to Continue to Pay Quarterly Dividends

First Financial's long-term dividend policy is to pay cash dividends to its shareholders of approximately 40% of annual net earnings while maintaining adequate capital to support growth. The cash dividend payout ratios have amounted to 42.0%, 43.6% and 47.6% of net earnings, respectively, in 2012, 2011 and 2010. Following the asset sale and the related merger, subject to applicable statutory and regulatory restrictions and the discretion of First Financial's board of directors, First Financial intends to continue its practice of paying quarterly cash dividends. For the first quarter of 2013, First Financial paid a cash dividend of \$0.25 per share.

Ownership of First Financial After the Asset Sale

Pursuant to the merger agreement, First Financial will issue 420,000 shares of its common stock to OSB Financial in the asset sale, which, after repayment of OSB Financial's expenses and obligations, including repayment of all of its outstanding trust preferred promissory notes and 2009 Senior Secured Notes Due December 31, 2020, will subsequently be distributed by OSB Financial to its shareholders. Based on 31,519,973

to approve the asset sale pursuant to the merger agreement providing for the merger of Orange Savings Bank, SSB with and into First Financial Bank, N.A.; and

the authority to adjourn or postpone the special meeting.

Record Date Set at [], 2013; Approval of at Least Two-Thirds of Outstanding Shares Required to Approve the Asset Sale and the Merger Agreement (page 26)

You may vote at the special meeting of OSB Financial shareholders if you owned OSB Financial common stock at the close of business on [], 2013. You can cast one vote for each share of OSB Financial common stock you owned at that time. As of [], 2013, there were 274,668 shares of OSB Financial common stock outstanding.

Approval of the asset sale and the merger agreement requires the affirmative vote of the holders of at least two-thirds of the outstanding shares of OSB Financial common stock entitled to vote. If you fail to vote, it will have the effect of a vote against the asset sale and the merger agreement.

You may vote your shares of OSB Financial common stock by attending the special meeting and voting in person or by completing and mailing the enclosed proxy card. If you are the record holder of your shares, you can revoke your proxy at any time before the vote is taken at the special meeting by sending a written notice revoking the proxy or a later-dated proxy to the Secretary of OSB Financial, or by voting in person at the special meeting.

OSB Financial s Reasons for the Asset Sale and Recommendations of OSB Financial s Board (page 31)

Based on the reasons discussed elsewhere in this proxy statement/prospectus, the board of directors of OSB Financial believes that the asset sale pursuant to the merger agreement is fair to you and in your best interests, and unanimously recommends that you vote FOR the proposal to approve the asset sale pursuant to the merger agreement. For a discussion of the circumstances surrounding the asset sale and the factors considered by the OSB Financial s board of directors in approving the asset sale and the merger agreement, see page 31.

Table of Contents

Members of OSB Financial's Management are Expected to Vote Their Shares For Approval of the Asset Sale Pursuant to the Merger Agreement (page 27)

As of the record date, the directors and executive officers of OSB Financial (10 persons) were entitled to vote 84,744 shares of OSB Financial common stock, or approximately 30.85% of the outstanding shares of the common stock entitled to vote at the special meeting. Each of these directors and executive officers has executed an agreement to vote his shares of OSB Financial common stock in favor of approval of the asset sale pursuant to the merger agreement.

Effective Time of the Asset Sale

The asset sale will become effective on the date and at the time specified in the letter certifying consummation of the merger issued by the Office of the Comptroller of the Currency (the OCC). If OSB Financial shareholders approve the asset sale pursuant to the merger agreement at the special meeting, and if all necessary government approvals are obtained and the other conditions to the parties' obligations to effect the asset sale and the merger are met or waived by the party entitled to do so, we anticipate that the asset sale and the merger will be completed in the second quarter of 2013, although delays could occur.

We cannot assure you that the necessary shareholder and governmental approvals will be obtained or that the other conditions to completion of the asset sale and the merger can or will be satisfied.

Conditions to Completion of the Asset Sale and the Merger (page 44)

The consummation of the merger agreement depends on a number of conditions being met. These include, among others:

approval of the asset sale and the merger agreement by the shareholders of OSB Financial;

accuracy of each party's representations and warranties contained in the merger agreement as of the closing date;

receipt of all required governmental approvals of the asset sale and the merger;

absence of any material adverse change in the assets, properties, business or financial condition of the parties;

performance or compliance in all material respects by each party with its respective covenants and obligations required by the merger agreement;

registration of the shares of First Financial common stock to be issued to shareholders of OSB Financial with the SEC;

confirmation by First Financial that Orange Savings Bank, SSB's allowance for loan losses, as of the Calculation Date, is equal to at least 1.00% of its total loans;

execution of employment and non-competition agreements by certain officers of Orange Savings Bank, SSB with First Financial Bank, N.A., which have been executed but will not become effective until the first day following the closing date;

Edgar Filing: FIRST FINANCIAL BANKSHARES INC - Form S-4

execution of director support and non-competition agreements by each of the directors of Orange Savings Bank, SSB with First Financial, which have been executed;

execution of release agreements by each of the directors and officers (with a title of Executive Vice President or above) of Orange Savings Bank, SSB releasing Orange Savings Bank, SSB and its successors and assigns from any and all claims of such directors and officers, subject to certain limited exceptions;

Table of Contents

execution of a voting agreement and irrevocable proxy by each of the directors of Orange Savings Bank, SSB and certain shareholders of OSB Financial, which has been executed;

receipt of all required consents, approvals, waivers and other assurances from non-governmental third parties;

redemption by OSB Financial simultaneous with the closing of all of its outstanding trust preferred promissory notes, including, without limitation, all principal, accrued but unpaid interest, fees and expenses having been paid to the holders of the trust preferred promissory notes; and

redemption by OSB Financial simultaneous with the closing of all of its 2009 Senior Secured Notes Due December 31, 2020, including, without limitation, all principal, accrued but unpaid interest, fees and expenses to the holders of the senior notes having been paid to the holders of the senior notes.

Any condition to the completion of the asset sale and the merger may be waived in writing by the party to the merger agreement entitled to the benefit of such condition. A party to the merger agreement could choose to complete the asset sale and the merger even though a condition has not been satisfied, as long as permitted by law. We cannot be certain when or if the conditions set forth in the merger agreement will be satisfied or waived, or that the asset sale or the merger will be completed.

Regulatory Approvals Required (page 56)

In addition, the asset sale and the merger require the approval of the OCC. We expect to obtain all necessary regulatory approvals, although we cannot be certain if or when we will obtain them. On February 25, 2013, First Financial Bank and Orange Savings Bank, SSB filed an application with the OCC to obtain approval of the asset sale and the merger. The U.S. Department of Justice will have between 15 and 30 days following approval by the OCC to challenge the approval on antitrust grounds. While OSB Financial and First Financial do not know of any reason that the Department of Justice would challenge regulatory approval by the OCC and believe that the likelihood of such action is remote, there can be no assurance that the Department of Justice will not initiate such a proceeding, or if such a proceeding is initiated, as to the result of any such challenge.

We cannot complete the asset sale and the merger unless it is approved by the Board of Governors of the Federal Reserve System (the Federal Reserve) or such approval is waived by the Federal Reserve. On March 8, 2013, First Financial received a waiver of under the BHC Act of 1956 from the Federal Reserve.

Amendments or Waiver (page 50)

We may amend the merger agreement and each of us may waive our right to require the other party to adhere to any term or condition of the merger agreement. However, the consideration to be received by OSB Financial pursuant to the merger agreement may not be decreased after the approval of the merger agreement without the further approval by OSB Financial shareholders, except that the cash portion of the consideration may be decreased (in the manner set forth in the merger agreement) without shareholder approval if Orange Savings Bank, SSB's equity capital on the Calculation Date is less than \$43.2 million.

Termination of the Merger Agreement (page 51)

First Financial and OSB Financial can mutually agree at any time to terminate the merger agreement without completing the asset sale or the merger. In addition, either First Financial or OSB Financial may decide, without the consent of the other, to terminate the merger agreement if:

any order, decree or ruling or any other action which seeks to restrain, enjoin or prohibit the merger is issued, and such order, decree, ruling or other action is final and non-appealable;

Table of Contents

the merger has not been completed by September 30, 2013 or such later date approved by First Financial and OSB Financial, unless the failure to complete the merger by that time is due to a violation of the merger agreement by the party that seeks to terminate the merger agreement;

any of the transactions contemplated by the merger agreement are not approved by the appropriate regulatory authorities or either party reasonably determines, in good faith and after consulting with counsel, there is substantial likelihood that any necessary regulatory approval will not be obtained or will be obtained only upon a condition or conditions that make it inadvisable to proceed with the merger;

there has been any material adverse change with respect to the other party; or

the other party materially breaches its representations and warranties or any covenant or agreement contained in the merger agreement and such breach has not been cured within 30 days after the terminating party gives written notice of such failure to the breaching party.

In addition, First Financial may terminate the merger agreement, without the consent of OSB Financial, if (i) OSB Financial has mailed this proxy statement/prospectus to its shareholders and OSB Financial does not hold its special shareholders meeting within 60 days thereafter, (ii) this merger agreement is not approved by the required vote of shareholders of OSB Financial, (iii) the board of directors of OSB Financial fails to recommend that the shareholders vote in favor of approval of the merger agreement, or (iv) the individuals that executed a director support agreement or a voting agreement have violated the terms thereof. First Financial also has the right to terminate the merger agreement on or prior to May 21, 2013, if the results of any environmental inspections or surveys of OSB Financial properties identify certain potential or current violations of environmental laws or environmental law requires certain remedial or clean up action that could have a material adverse effect on OSB Financial.

Some of the Directors and Officers of OSB Financial Have Financial Interests in the Asset Sale that Differ from Your Interests (page 49)

Some of the directors and officers of OSB Financial have interests in the asset sale that differ from, or are in addition to, their interests as shareholders of OSB Financial. The board of directors of OSB Financial was aware of those interests and considered them in approving the asset sale and the merger agreement. Those interests include:

each officer of Orange Savings Bank, SSB, including its President and CEO, Stephen Lee, has entered into a bonus retention agreement with Orange Savings Bank, SSB providing for the payment of a monetary bonus due on December 15, 2013 in consideration of the officer remaining employed by First Financial Bank, N.A. until that date;

each director of OSB Financial has entered into a bonus retention agreement with OSB Financial providing for the payment of a monetary bonus due on December 15, 2013 in consideration for the director remaining on the board of directors of OSB Financial through that date to oversee the process of payment of all debts, distribution of funds to shareholders, and ultimate liquidation of OSB Financial;

each of Kimela Dickerson, Robert Kocot, Cynthia LaChance, Stephen Lee, William Love, C. Shelton McClure, Joan O Burke, and Damon Vacek has entered into an employment and non-competition agreement with First Financial Bank, N.A., which have been executed but will not become effective until the first day following the closing date of the merger, whereby each individual is entitled to receive salary payments and to participate in all benefit plans available to employees of First Financial Bank, N.A.;

the directors and officers of OSB Financial and Orange Savings Bank, SSB will receive continued indemnification and director and officer liability insurance coverage for a period of three (3) years after completion of the merger; and

Table of Contents

the directors of Orange Savings Bank, SSB will be appointed as advisory directors of First Financial Bank, N.A. for an initial terms of one year and with compensation set by First Financial Bank, N.A.

Comparison of Rights of Shareholders of First Financial and OSB Financial (page 60)

OSB Financial is a Texas corporation and the rights of shareholders of OSB Financial are governed by Texas law and OSB Financial's certificate of formation and bylaws. First Financial is a Texas corporation and the rights of First Financial shareholders are governed by Texas law and First Financial's certificate of formation and bylaws. Upon completion of the asset sale and the subsequent distribution of the consideration to the shareholders of OSB Financial, the shareholders of OSB Financial will become shareholders of First Financial and their rights will be governed by First Financial's certificate of formation and bylaws, in addition to Texas law. First Financial's certificate of formation and bylaws will remain the same unless later altered, amended or repealed.

Dissenters' Rights of Appraisal in the Asset Sale (page 56)

As a shareholder of OSB Financial, under Texas law you have the right to dissent from the asset sale and have the appraised fair value of your shares of OSB Financial common stock paid to you in cash. The appraised fair value may be more or less than the value of the distribution of the First Financial common stock and cash that OSB Financial intends to distribute to its shareholders following the asset sale.

Persons having beneficial interests in OSB Financial common stock held of record in the name of another person, such as a broker or bank, must act promptly to cause the record holder to take the actions required under Texas law to exercise your dissenter's rights.

In order to dissent, you must carefully follow the requirements of the Texas Business Organizations Code, including giving the required written notice prior to the special meeting at which the vote on the merger agreement is taken. These steps are summarized under the caption *Dissenters' Rights of OSB Financial Shareholders* on page 56.

If you intend to exercise dissenters' rights, you should read the statutes carefully and consult with your own legal counsel. You should also remember that if you return a signed proxy card, but fail to provide instructions as to how your shares of OSB Financial common stock are to be voted, you will be considered to have voted in favor of the asset sale and the merger agreement and you will not be able to assert dissenters' rights.

Also, if you exercise dissenters' rights, you may have taxable income as a result, so you should consult with your own tax advisor if you intend to dissent. See *Material U.S. Federal Income Tax Consequences*. If the asset sale pursuant to the merger agreement is approved by the shareholders of OSB Financial, holders of OSB Financial common stock who make a written objection to the asset sale prior to the OSB Financial special meeting, vote against the approval of the asset sale pursuant to the merger agreement and properly make a written demand for payment following notice of the consummation of the asset sale and the merger will be entitled to receive the appraised fair value of their shares in cash under the Texas Business Organizations Code.

The text of the provisions of the Texas Business Organizations Code pertaining to dissenters' rights is attached to this proxy statement/prospectus as *Appendix C*.

RISK FACTORS

An investment in the First Financial common stock in connection with the asset sale involves risks. First Financial describes below the material risks and uncertainties that it believes affect its business and an investment in the First Financial common stock. You should carefully read and consider all of these risks and all other information contained in this proxy statement/prospectus in deciding whether to vote for approval of the asset sale and the merger agreement. If any of the risks described in this proxy statement/prospectus occur, First Financial's financial condition, results of operations and cash flows could be materially and adversely affected. If this were to happen, the value of First Financial common stock could decline significantly, and you could lose all or part of your investment.

Risks Associated With the Asset Sale

Because the number of shares of First Financial common stock to be received by OSB Financial shareholders in the asset sale is fixed and will not be adjusted if there is any change in the price of First Financial common stock and the cash consideration may be decreased, you will not know the value of the shares of First Financial common stock or amount of cash OSB Financial will receive in exchange for the common stock of Orange Savings Bank, SSB when you vote on the asset sale.

Upon completion of the asset sale, all shares of Orange Savings Bank, SSB common stock will be exchanged for 420,000 shares of First Financial common stock and \$39.2 million in cash, subject to adjustment. The number of First Financial shares is fixed and will not be adjusted as a result of any change in the market price of First Financial common stock. In addition, neither First Financial nor OSB Financial may terminate the merger agreement solely because of changes in the market price of First Financial's common stock. Therefore, if the price of First Financial common stock declines prior to the completion of the asset sale, the value of the consideration to be received by OSB Financial and subsequently distributed to shareholders of OSB Financial will decline. The price of First Financial common stock is by nature subject to the general price fluctuations in the market for publicly-traded equity securities, has experienced volatility and may decline for a number of reasons, many of which are out of First Financial's control. First Financial is unable to predict or give any assurances as to the market prices of its common stock on the date of the OSB Financial special meeting, the date of the completion of the asset sale or at any time after the completion of the asset sale. Shareholders of OSB Financial are encouraged to obtain current market price quotations for First Financial common stock before voting their shares at the special meeting.

If Orange Savings Bank, SSB's equity capital as of the Calculation Date is less than \$43.2 million, the cash portion of the consideration will be reduced by an amount equal to the difference between Orange Savings Bank, SSB's equity capital on the Calculation Date and \$43.2 million, as calculated in the manner set forth in the merger agreement. Pursuant to the terms of the merger agreement, equity capital of Orange Savings Bank, SSB means the sum of the capital stock, capital surplus and retained earnings of Orange Savings Bank, SSB, excluding unrealized securities gains or losses, on a consolidated basis, as determined pursuant to generally accepted accounting principles (GAAP), with such amounts to be calculated in accordance with the methodology used in the Orange Savings Bank, SSB Report of Condition and Income to calculate the total equity capital (Call Report Schedule RC - Balance Sheet, item 27.a). For purposes of calculating equity capital, Orange Savings Bank, SSB must include adjustments made for certain items related to the asset sale and the merger, including certain merger related costs, as more fully described herein and in the merger agreement.

After completion of the asset sale, OSB Financial intends to distribute the consideration, after repayment of its obligations and expenses, including repayment of all of its outstanding trust preferred promissory notes and 2009 Senior Secured Notes Due December 31, 2020, to the holders of the OSB common stock, other than dissenting shareholders, subject to OSB Financial's obligation under the merger agreement to maintain ownership of cash or other assets (other than shares of First Financial common stock) with a net fair market value of at least \$1,000,000 in excess of any liabilities of OSB Financial until December 30, 2013.

Table of Contents

Thus, the cash portion of the consideration may be reduced by amounts used by OSB Financial (i) to pay its obligations and expenses, including repayment of its outstanding trust preferred promissory notes and 2009 Senior Secured Notes Due December 31, 2020, (ii) to maintain ownership of cash or other assets (other than shares of First Financial common stock) with a net fair market value of at least \$1,000,000 in excess of any liabilities of OSB Financial until December 30, 2013, and (iii) to pay costs and expenses related to a potential liquidation of OSB Financial after December 30, 2013. Accordingly, you will not know the exact amount of the cash portion of the consideration that OSB Financial will receive in connection with the asset sale when you vote on the asset sale and the merger agreement. Moreover, for the reasons given above, you will not know the exact amount of the cash portion of the consideration OSB Financial will distribute to its shareholders or OSB Financial's timing for paying any such distribution when you vote on the asset sale and the merger agreement.

The market price of First Financial common stock after the asset sale may be affected by factors different from those affecting OSB Financial common stock or First Financial common stock currently.

The businesses of First Financial and OSB Financial differ in some respects and, accordingly, the results of operations of the combined company and the market price of First Financial's shares of common stock after the asset sale may be affected by factors different from those currently affecting the independent results of operations of each of First Financial and OSB Financial. For a discussion of the business of First Financial and of certain factors to consider in connection with that business, see the documents incorporated by reference into this proxy statement/prospectus and referred to under *Where You Can Find More Information*.

Regulatory approvals may not be received, may take longer than expected or impose conditions that are not presently anticipated.

The Federal Reserve must approve, or waive approval of, the asset sale and the merger and the OCC must approve the merger. On March 8, 2013, the Federal Reserve waived the approval requirements under the BHC Act, subject to approval of the merger by the OCC. The OCC will consider, among other factors, the competitive impact of the merger, the financial and managerial resources of our companies and our subsidiary banks and the convenience and needs of the communities to be served. As part of that consideration, we expect that the OCC will review issues related to capital position, safety and soundness, and legal and regulatory compliance, including compliance with anti-money laundering laws. There can be no assurance as to whether this and other regulatory approvals will be received, the timing of those approvals or whether any conditions will be imposed.

OSB Financial will be subject to business uncertainties while the asset sale is pending.

Uncertainty about the effect of the asset sale on employees and customers may have an adverse effect on Orange Savings Bank, SSB and consequently on First Financial following completion of the asset sale. These uncertainties may impair Orange Savings Bank, SSB's ability to attract, retain and motivate key personnel until the asset sale is completed, and could cause customers and others that deal with Orange Savings Bank, SSB to seek to change existing business relationships with Orange Savings Bank, SSB. Although Orange Savings Bank, SSB has entered into retention bonus agreements with its officers (as discussed herein), retention of certain employees may be challenging while the asset sale is pending, as certain employees may experience uncertainty about their future roles with First Financial. If key employees depart, First Financial's business following the asset sale could be harmed. See the section entitled *Proposal 1: Approval of Asset Sale and Merger Agreement Conduct of Business Pending Effective Time* beginning on page 41 of this proxy statement/prospectus for a description of the restrictive covenants to which OSB Financial and Orange Savings Bank, SSB are subject.

Combining our two banks may be more difficult, costly or time-consuming than we expect.

First Financial Bank, N.A. and Orange Savings Bank, SSB have operated and, until the asset sale is completed, will continue to operate, independently. It is possible that the integration process could result in the loss of key employees or disruption of each bank's ongoing business or inconsistencies in standards, controls,

Table of Contents

procedures and policies that adversely affect our ability to maintain relationships with customers and employees or to achieve the anticipated benefits of the asset sale. As with any combination of banking institutions, there also may be business disruptions that cause us to lose customers or cause customers to take their deposits out of our banks. The success of the combined bank following the asset sale and the merger may depend in large part on the ability to integrate the two businesses, business models and cultures. If we are not able to integrate our operations successfully and timely, the expected benefits of the asset sale and the merger may not be realized.

Some of the directors and officers of OSB Financial and Orange Savings Bank, SSB may have interests and arrangements that may have influenced their decisions to support or recommend that you approve the asset sale.

The interests of some of the directors and officers of OSB Financial and Orange Savings Bank, SSB may be different from those of OSB Financial shareholders, and such directors and officers may be participants in arrangements that are different from, or in addition to, those of OSB Financial shareholders. These interests are described in more detail in the section of this proxy statement/prospectus entitled *Financial Interests of Directors and Officers of OSB Financial in the Asset Sale* beginning on page 49.

First Financial may fail to realize the cost savings estimated for the asset sale.

Although First Financial estimates that it will realize cost savings from the asset sale and the merger when fully phased in, it is possible that the estimates of the potential cost savings could turn out to be incorrect. For example, the combined purchasing power may not be as strong as expected, and therefore the cost savings could be reduced. In addition, unanticipated growth in First Financial's business may require First Financial to continue to operate or maintain some facilities or support functions that are currently expected to be combined or reduced. The cost savings estimates also depend on our ability to combine the businesses of First Financial Bank, N.A. and Orange Savings Bank, SSB in a manner that permits those cost savings to be realized. If the estimates turn out to be incorrect or First Financial is not able to combine successfully the two banks, the anticipated cost savings may not be fully realized or realized at all, or may take longer to realize than expected.

OSB Financial shareholders will have a reduced ownership and voting interest after the asset sale and will exercise less influence over management.

The asset sale will transfer control of Orange Savings Bank, SSB to First Financial and to the shareholders of First Financial. When the asset sale is completed, each OSB Financial shareholder (other than dissenting shareholders) will continue to own shares of OSB Financial and, subsequent to OSB Financial's distribution of First Financial stock, will also become shareholders of First Financial with a percentage ownership of First Financial much smaller than such shareholder's percentage ownership of OSB Financial. Because of this, OSB Financial shareholders will have less influence on the management and policies of First Financial, and thus First Financial Bank, N.A., than they now have on the management and policies of OSB Financial and Orange Savings Bank, SSB.

Risks Associated With First Financial's Business

First Financial's business faces unpredictable economic conditions, which could have an adverse effect on its financial condition, results of operations and liquidity.

General economic conditions impact the banking industry. The credit quality of First Financial's loan portfolio necessarily reflects, among other things, the general economic conditions in the areas in which First Financial conducts business. First Financial's continued financial success depends somewhat on factors beyond its control, including:

general economic conditions, including national and local real estate markets;

the supply of and demand for investable funds;

Table of Contents

demand for loans and access to credit;

interest rates; and

federal, state and local laws affecting these matters.

Any substantial deterioration in any of the foregoing conditions could have a material adverse effect on First Financial's financial condition, results of operations and liquidity, which would likely adversely affect the market price of First Financial's common stock.

First Financial must effectively manage its credit risk.

As a lender, First Financial is exposed to the risk that its loan customers may not repay their loans according to the terms of these loans and the collateral securing the payment of these loans may be insufficient to fully compensate First Financial for the outstanding balance of the loan plus the costs to dispose of the collateral. First Financial may experience significant loan losses, which could have a material adverse effect on its operating results and financial condition. Management makes various assumptions and judgments about the collectibility of First Financial's loan portfolio, including the diversification by industry of First Financial's commercial loan portfolio, the amount of nonperforming loans and related collateral, the volume, growth and composition of First Financial's loan portfolio, the effects on the loan portfolio of current economic indicators and their probable impact on borrowers and the evaluation of First Financial's loan portfolio through its internal loan review process and other relevant factors.

First Financial maintains an allowance for credit losses, which is an allowance established through a provision for loan losses charged to expense that represents management's best estimate of probable losses inherent in our loan portfolio. Additional credit losses will likely occur in the future and may occur at a rate greater than we have experienced to date. In determining the amount of the allowance, First Financial relies on an analysis of its loan portfolio, its experience and its evaluation of general economic conditions. If First Financial's assumptions prove to be incorrect, its current allowance may not be sufficient and adjustments may be necessary to allow for different economic conditions or adverse developments in its loan portfolio. Material additions to the allowance could materially decrease First Financial's net income.

In addition, banking regulators periodically review First Financial's allowance for credit losses and may require First Financial to increase its provision for credit losses or recognize further charge-offs, based on judgments different than those of First Financial's management. Any increase in First Financial's allowance for credit losses or charge-offs as required by these regulatory agencies could have a material negative effect on First Financial's operating results, financial condition and liquidity.

First Financial's business is concentrated in Texas and a downturn in the economy of Texas may adversely affect First Financial's business.

First Financial's network of bank regions is concentrated in Texas, primarily in the Western and North Central regions of the state. Most of First Financial's customers and revenue are derived from this area. The economy of this region is focused on agriculture (including farming and ranching), commercial and industrial, medical, education, wind energy, manufacturing, service, oil and gas production, and real estate. Because First Financial generally does not derive revenue or customers from other parts of the state or nation, First Financial's business and operations are dependent on economic conditions in this part of Texas. Any significant decline in one or more segments of the local economy could adversely affect First Financial's business, revenue, operations and properties.

Table of Contents

Changes in economic conditions could cause an increase in delinquencies and non-performing assets, including loan charge-offs, which could depress First Financial's net income and growth.

First Financial's loan portfolios include many real estate secured loans, demand for which may decrease during economic downturns as a result of, among other things, an increase in unemployment, a decrease in real estate values and, a slowdown in housing. If First Financial continues to see negative economic conditions in the United States as a whole or in the portions of Texas that First Financial serves, First Financial could experience higher delinquencies and loan charge-offs, which would reduce First Financial's net income and adversely affect its financial condition. Furthermore, to the extent that real estate collateral is obtained through foreclosure, the costs of holding and marketing the real estate collateral, as well as the ultimate values obtained from disposition, could reduce First Financial's earnings and adversely affect its financial condition.

The value of real estate collateral may fluctuate significantly resulting in an under-collateralized loan portfolio.

The market value of real estate, particularly real estate held for investment, can fluctuate significantly in a short period of time as a result of market conditions in the geographic area in which the real estate is located. If the value of the real estate serving as collateral for First Financial's loan portfolio were to decline materially, a significant part of First Financial's loan portfolio could become under-collateralized. If the loans that are collateralized by real estate become troubled during a time when market conditions are declining or have declined, then, in the event of foreclosure, First Financial may not be able to realize the amount of collateral that it anticipated at the time of originating the loan. This could have a material adverse effect on First Financial's provision for loan losses and its operating results and financial condition.

The repeal of prohibitions on paying of interest on demand deposits could increase First Financial's interest expense.

Effective in July 2011, all federal prohibitions on financial institutions paying interest on demand deposit accounts were repealed as part of the Dodd-Frank Act. As a result, some financial institutions have commenced and are considering offering interest on demand deposits to compete for customers. First Financial's interest expense could increase and its net interest margin could decrease if First Financial begins offering interest on demand deposits to maintain current customers or attract new customers, which could have a material adverse effect on First Financial's financial condition and results of operations.

First Financial does business with other financial institutions that could experience financial difficulty.

First Financial does business through the purchase and sale of federal funds, check clearing and through the purchase and sale of loan participations with other financial institutions. Because these financial institutions have many risks, as does First Financial, First Financial could be adversely affected should one of these financial institutions experience significant financial difficulties or fail to comply with First Financial's agreements with them.

Recent developments in the mortgage market may affect First Financial's ability to originate loans and the profitability of loans in its mortgage pipeline.

During the past several years, the real estate housing market throughout the United States has softened resulting in an industry-wide increase in borrowers unable to make their mortgage payments and increased foreclosure rates. Lenders in certain sections of the housing and mortgage markets were forced to close or limit their operations or seek additional capital. In response, financial institutions have tightened their underwriting standards, limiting the availability of sources of credit and liquidity. If the housing/real estate market continues to have problems in the future, there could be a prolonged decrease in the demand for First Financial's loans in the secondary market, adversely affecting its earnings.

Table of Contents

If First Financial is unable to continue to originate residential real estate loans and sell them into the secondary market for a profit, First Financial's earnings could decrease.

First Financial derives a portion of its noninterest income from the origination of residential real estate loans and the subsequent sale of such loans into the secondary market. If First Financial is unable to continue to originate and sell residential real estate loans at historical or greater levels, its residential real estate loan volume would decrease, which could decrease its earnings. A rising interest rate environment, general economic conditions or other factors beyond its control could adversely affect First Financial's ability to originate residential real estate loans. First Financial also is experiencing an increase in regulations and compliance requirements related to mortgage loan originations necessitating technology upgrades and other changes. If new regulations continue to increase and First Financial is unable to make technology upgrades, First Financial's ability to originate mortgage loans will be reduced or eliminated. Additionally, First Financial sells a large portion of its residential real estate loans to third party investors, and rising interest rates could negatively affect its ability to generate suitable profits on the sale of such loans. If interest rates increase after First Financial originates the loans, its ability to market those loans is impaired as the profitability on the loans decreases. These fluctuations can have an adverse effect on the revenue First Financial generates from residential real estate loans and in certain instances, could result in a loss on the sale of the loans.

Further, for the mortgage loans First Financial sells in the secondary market, the mortgage loan sales contracts contain indemnification clauses should the loans default, generally in the first sixty to ninety days, or if documentation is determined not to be in compliance with regulations. While First Financial's historic losses as a result of these indemnities have been insignificant, First Financial could be required to repurchase the mortgage loans or reimburse the purchaser of its loans for losses incurred. Both of these situations could have an adverse effect on the profitability of First Financial's mortgage loan activities and negatively impact its net income.

First Financial may need to raise additional capital/liquidity and such funds may not be available when needed.

First Financial may need to raise additional capital/liquidity in the future to provide it with sufficient capital resources and liquidity to meet its commitments and business needs, particularly if its asset quality or earnings were to deteriorate significantly. First Financial's ability to raise additional capital/liquidity, if needed, will depend on, among other things, conditions in the capital and financial markets at that time, which are outside of First Financial's control, and its financial performance. Economic conditions and the loss of confidence in financial institutions may increase First Financial's cost of funding and limit access to certain customary sources of capital/liquidity, including depositors, other financial institution borrowings, repurchase agreements and borrowings from the discount window of the Federal Reserve. Any occurrence that may limit First Financial's access to the capital/liquidity markets, such as a decline in the confidence of other financial institutions, depositors or counterparties participating in the capital markets, may adversely affect First Financial's costs and its ability to raise capital/liquidity. An inability to raise additional capital/liquidity on acceptable terms when needed could have a materially adverse effect on First Financial's financial condition, results of operations and liquidity.

The trust wealth management fees First Financial receives may decrease as a result of poor investment performance, in either relative or absolute terms, which could decrease its revenues and net earnings.

First Financial's trust company subsidiary derives its revenues primarily from investment management fees based on assets under management. First Financial's ability to maintain or increase assets under management is subject to a number of factors, including investors' perception of its past performance, in either relative or absolute terms, market and economic conditions, including changes in oil and gas prices, and competition from investment management companies. Financial markets are affected by many factors, all of which are beyond First Financial's control, including general economic conditions, including changes in oil and gas prices; securities market conditions; the level and volatility of interest rates and equity prices; competitive conditions; liquidity of global markets; international and regional political conditions; regulatory and legislative

Table of Contents

developments; monetary and fiscal policy; investor sentiment; availability and cost of capital; technological changes and events; outcome of legal proceedings; changes in currency values; inflation; credit ratings; and the size, volume and timing of transactions. A decline in the fair value of the assets under management, caused by a decline in general economic conditions, would decrease First Financial's wealth management fee income.

Investment performance is one of the most important factors in retaining existing clients and competing for new wealth management clients. Poor investment performance could reduce First Financial's revenues and impair its growth in the following ways:

existing clients may withdraw funds from First Financial's wealth management business in favor of better performing products;

asset-based management fees could decline from a decrease in assets under management;

First Financial's ability to attract funds from existing and new clients might diminish; and

First Financial's wealth managers and investment advisors may depart, to join a competitor or otherwise. Even when market conditions are generally favorable, First Financial's investment performance may be adversely affected by the investment style of its wealth management and investment advisors and the particular investments that they make. To the extent First Financial's future investment performance is perceived to be poor in either relative or absolute terms, the revenues and profitability of its wealth management business will likely be reduced and its ability to attract new clients will likely be impaired. As such, fluctuations in the equity and debt markets can have a direct impact upon First Financial's net earnings.

Certain of First Financial's investment advisory and wealth management contracts are subject to termination on short notice, and termination of a significant number of investment advisory contracts could have a material adverse impact on First Financial's revenue.

Certain of First Financial's investment advisory and wealth management clients can terminate, with little or no notice, their relationships with us, reduce their aggregate assets under management, or shift their funds to other types of accounts with different rate structures for any number of reasons, including investment performance, changes in prevailing interest rates, inflation, changes in investment preferences of clients, changes in First Financial's reputation in the marketplace, change in management or control of clients, loss of key investment management personnel and financial market performance. We cannot be certain that First Financial's trust company subsidiary will be able to retain all of its clients. If its clients terminate their investment advisory and wealth management contracts, First Financial's trust company subsidiary, and consequently First Financial, could lose a substantial portion of its revenues.

First Financial is subject to possible claims and litigation pertaining to fiduciary responsibility.

From time to time, customers could make claims and take legal action pertaining to First Financial's performance of its fiduciary responsibilities. Whether customer claims and legal action related to First Financial's performance of its fiduciary responsibilities are founded or unfounded, if such claims and legal actions are not resolved in a manner favorable to First Financial, they may result in significant financial liability and/or adversely affect First Financial's market perception of its products and services as well as impact customer demand for those products and services. Any financial liability or reputation damage could have a material adverse effect on First Financial's business, which, in turn, could have a material adverse effect on its financial condition and results of operations.

First Financial's business is subject to significant government regulation.

First Financial operates in a highly regulated environment and is subject to supervision and regulation by a number of governmental regulatory agencies, including the Federal Reserve, the OCC, and the FDIC.

Table of Contents

Regulations adopted by these agencies, which are generally intended to provide protection for depositors and customers rather than for the benefit of shareholders, govern a comprehensive range of matters relating to ownership and control of First Financial's shares, its acquisition of other companies and businesses, permissible activities for First Financial to engage in, maintenance of adequate capital levels and other aspects of First Financial's operations. The bank regulatory agencies possess broad authority to prevent or remedy unsafe or unsound practices or violations of law.

The Dodd-Frank Act, enacted in July 2010, instituted major changes to the banking and financial institutions regulatory regimes in light of the recent performance of and government intervention in the financial services sector. Other changes to statutes, regulations or regulatory policies, including changes in interpretation or implementation of statutes, regulations or policies, could affect First Financial in substantial and unpredictable ways. Such changes could subject First Financial to reduced revenues, additional costs, limit the types of financial services and products First Financial may offer and/or increase the ability of non-banks to offer competing financial services and products, among other things. Failure to comply with laws, regulations or policies could result in sanctions by regulatory agencies, civil money penalties and/or reputation damage, which could have a material adverse effect on First Financial's business, financial condition and results of operations.

Included in the Dodd-Frank Act are, for example, changes related to interchange fees and overdraft services. While the changes for interchange fees that can be charged for electronic debit transactions by payment card issuers relate only to banks with assets greater than \$10 billion, concern exists that the regulations will also impact our First Financial. Beginning in the third quarter of 2010, we were prohibited from charging customers fees for paying overdrafts on automated teller machine and debit card transactions, unless the consumer opts in. First Financial continues to monitor the impact of these new regulations and other developments on First Financial's service charge revenue.

First Financial's FDIC insurance assessments could increase substantially resulting in higher operating costs.

First Financial has historically paid the lowest premium rate available due to our sound financial position. In 2009, a special assessment (\$1.4 million for First Financial) was paid by First Financial. Should bank failures continue to occur, FDIC premiums could remain high or increase or additional special assessments could be imposed. These increased premiums would have an adverse effect on First Financial's net income and results of operations.

First Financial competes with many larger financial institutions which have substantially greater financial resources than First Financial.

Competition among financial institutions in Texas is intense. First Financial competes with other bank holding companies, state and national commercial banks, savings and loan associations, consumer financial companies, credit unions, securities brokers, insurance companies, mortgage banking companies, money market mutual funds, asset-based non-bank lenders and other financial institutions. Many of these competitors have substantially greater financial resources, larger lending limits, larger branch networks and less regulatory oversight than First Financial has, and are able to offer a broader range of products and services than First Financial can. Failure to compete effectively for deposit, loan and other banking customers in First Financial's markets could cause it to lose market share, slow its growth rate and may have an adverse effect on First Financial's financial condition, results of operations and liquidity.

First Financial is subject to interest rate risk.

First Financial's profitability is dependent to a large extent on its net interest income, which is the difference between interest income First Financial earns as a result of interest paid to it on loans and investments and interest it pays to third parties such as its depositors and those from whom it borrows funds. Like most financial

Table of Contents

institutions, First Financial is highly sensitive to many factors that are beyond its control, including general economic conditions and policies of various governmental and regulatory agencies and, in particular, the Federal Reserve. Changes in monetary policy, including changes in interest rates, could influence not only the interest First Financial receives on loans and securities and the amount of interest it pays on deposits and borrowings, but such changes could also affect (i) First Financial's ability to originate loans and obtain deposits, (ii) the fair value of First Financial's financial assets and liabilities, and (iii) the average duration of First Financial's securities portfolio. If the interest rates paid on deposits and other borrowings increase at a faster rate than the interest rates received on loans and investments, First Financial's net interest income, and earnings, could be adversely affected. Earnings could also be adversely affected if the interest rates received on loans and investments fall more quickly than the interest rates paid on deposits and other borrowings.

Although First Financial has implemented strategies which it believes reduce the potential effects of adverse changes in interest rates on its results of operations, these strategies may not always be successful. In addition, any substantial and prolonged increase in market interest rates could reduce First Financial's customers' desire to borrow money from First Financial or adversely affect their ability to repay their outstanding loans by increasing their credit costs since most of First Financial's loans have adjustable interest rates that reset periodically. Any of these events could adversely affect First Financial's results of operations, financial condition and liquidity.

First Financial relies on dividends from its subsidiaries for most of its revenue.

First Financial is a separate and distinct legal entity from its subsidiaries. It receives substantially all of its revenue from dividends paid by its subsidiaries. These dividends are the principal source of funds to pay dividends on First Financial's common stock and interest and principal on First Financial debt (if First Financial had balances outstanding). Various federal and/or state laws and regulations limit the amount of dividends that First Financial's bank subsidiaries may pay to First Financial. In the event First Financial's subsidiaries are unable to pay dividends to First Financial, First Financial may not be able to service debt or pay dividends on First Financial's common stock. The inability to receive dividends from First Financial's subsidiaries could have a material adverse effect on First Financial's business, financial condition, results of operations and liquidity.

To continue First Financial's growth, First Financial is affected by its ability to identify and acquire other financial institutions.

First Financial intends to continue its current growth strategy. This strategy includes opening new branches and acquiring other banks that serve customers or markets First Financial finds desirable. The market for acquisitions remains highly competitive, and First Financial may be unable to find satisfactory acquisition candidates in the future that fits First Financial's acquisition and growth strategy. To the extent that First Financial is unable to find suitable acquisition candidates, an important component of First Financial's growth strategy may be lost. Additionally, First Financial's completed acquisitions, or any future acquisitions, may not produce the revenue, earnings or synergies that First Financial anticipated.

Use of First Financial's common stock for future acquisitions or to raise capital may be dilutive to existing stockholders.

When First Financial determines that appropriate strategic opportunities exist, First Financial may acquire other financial institutions and related businesses, subject to applicable regulatory requirements. First Financial may use its common stock for such acquisitions. From time to time, First Financial may also seek to raise capital through selling additional common stock. It is possible that the issuance of additional common stock in such acquisition or capital transactions may be dilutive to the interests of First Financial's existing shareholders.

Table of Contents

First Financial's operational and financial results are affected by its ability to successfully integrate its acquisitions.

Acquisitions of financial institutions involve operational risks and uncertainties and acquired companies may have unforeseen liabilities, exposure to asset quality problems, key employee and customer retention problems and other problems that could negatively affect First Financial's organization. First Financial may not be able to successfully integrate the operations, management, products and services of the entities that First Financial acquires nor eliminate redundancies. The integration process may also require significant time and attention from our management that they would otherwise direct at servicing existing business and developing new business. First Financial's failure to successfully integrate the entities we acquire into First Financial's existing operations may increase its operating costs significantly and adversely affect its business and earnings.

The value of our goodwill and other intangible assets may decline in the future.

As of December 31, 2012, First Financial had \$72.0 million of goodwill and other intangible assets. A significant decline in our financial condition, a significant adverse change in the business climate, slower growth rates or a significant and sustained decline in the price of First Financial's common stock may necessitate taking charges in the future related to the impairment of First Financial's goodwill and other intangible assets. If First Financial was to conclude that a future write-down of goodwill and other intangible assets is necessary, First Financial would record the appropriate charge, which could have a material adverse effect on First Financial's financial condition and results of operations.

First Financial relies heavily on its management team, and the unexpected loss of key management may adversely affect its operations.

First Financial's success to date has been strongly influenced by our ability to attract and to retain senior management experienced in banking in the markets First Financial serves. First Financial's ability to retain executive officers and the current management teams will continue to be important to successful implementation of First Financial's strategies. First Financial does not have employment agreements with these key employees other than executive agreements in the event of a change of control and a confidential information, non-solicitation and non-competition agreement related to First Financial's stock options. The unexpected loss of services of any key management personnel, or the inability to recruit and retain qualified personnel in the future, could have an adverse effect on First Financial's business and financial results.

First Financial may not be able to attract and retain skilled people.

First Financial's success depends, in large part, on its ability to attract and retain key people. Competition for the best people in most activities engaged in by First Financial can be intense and First Financial may not be able to hire people or to retain them. The unexpected loss of services of one or more of the Corporation's key personnel could have a material adverse impact on First Financial's business because of their skills, knowledge of First Financial's market, years of industry experience and the difficulty of promptly finding qualified replacement personnel.

First Financial's stock price can be volatile.

Stock price volatility may make it more difficult for you to resell your common stock when you want and at prices you find attractive. First Financial's stock price can fluctuate significantly in response to a variety of factors including, among other things:

actual or anticipated variations in quarterly results of operations;

recommendations by securities analysts;

operating and stock price performance of other companies that investors deem comparable to First Financial;

Table of Contents

new reports relating to trends, concerns and other issues in the financial services industry;

perceptions in the marketplace regarding First Financial and/or its competitors;

new technology used, or services offered, by competitors;

significant acquisitions or business combinations involving First Financial or its competitors; and

changes in government regulations, including tax laws.

General market fluctuations, industry factors and general economic and political conditions and events, such as economic slowdowns or recessions, interest rate changes or credit loss trends could also cause First Financial's stock price to decrease regardless of operations results.

Breakdowns in First Financial's internal controls and procedures could have an adverse effect on First Financial.

First Financial believes its internal control system as currently documented and functioning is adequate to provide reasonable assurance over its internal controls. Nevertheless, because of the inherent limitation in administering a cost effective control system, misstatements due to error or fraud may occur and not be detected. Breakdowns in First Financial's internal controls and procedures could occur in the future, and any such breakdowns could have an adverse effect on First Financial.

First Financial competes in an industry that continually experiences technological change, and First Financial may have fewer resources than many of its competitors to continue to invest in technological improvements.

The financial services industry is undergoing rapid technological changes, with frequent introductions of new technology-driven products and services. In addition to improving the ability to serve customers, the effective use of technology increases efficiency and enables financial institutions to reduce costs. Our future success will depend, in part, upon First Financial's ability to address the needs of its customers by using technology to provide products and services that will satisfy customer demands for conveniences, as well as to create additional efficiencies in its operations. Many of First Financial's larger competitors have substantially greater resources to invest in technological improvements. First Financial may not be able to effectively implement new technology-driven products and services or be successful in marketing these products and services to its customers.

System failure or cybersecurity breaches of First Financial's network security could subject it to increased operating costs as well as litigation and other potential losses.

The computer systems and network infrastructure First Financial uses could be vulnerable to unforeseen hardware and cybersecurity issues. First Financial's operations are dependent upon its ability to protect its computer equipment against damage from fire, power loss, telecommunications failure or a similar catastrophic event. Any damage or failure that causes an interruption in First Financial's operations could have an adverse effect on its financial condition and results of operations. In addition, First Financial's operations are dependent upon its ability to protect the computer systems and network infrastructure utilized by it, including its Internet banking activities, against damage from physical break-ins, cybersecurity breaches and other disruptive problems caused by the Internet or other users. Such computer break-ins and other disruptions would jeopardize the security of information stored in and transmitted through First Financial's computer systems and network infrastructure, which may result in significant liability to it, damage its reputation and inhibit current and potential customers from its Internet banking services. Each year, First Financial adds additional security measures to its computer systems and network infrastructure to mitigate the possibility of cybersecurity breaches including firewalls and penetration testing. First Financial continues to investigate cost effective measures as well as insurance protection.

As a result of the asset sale, OSB Financial will be entitled to receive whole shares of First Financial common stock and cash. Subsequent to the completion of the asset sale, OSB Financial intends to distribute most of the consideration it receives to its shareholders, other than dissenting shareholders, subject to OSB Financial's obligation under the merger agreement to maintain ownership of cash or other assets (other than shares of First Financial common stock) with a net fair market value of at least \$1,000,000 in excess of any liabilities of OSB Financial until December 30, 2013.

In connection with the asset sale and pursuant to the merger agreement, all outstanding shares of Orange Savings Bank, SSB common stock will be converted into an aggregate of 420,000 shares of First Financial common stock and \$39.2 million in cash, with the cash portion of the consideration subject to decrease on a dollar-for-dollar basis, in the manner set forth in the merger agreement and discussed below, if Orange Savings Bank, SSB's equity capital on the Calculation Date is less than \$43.2 million.

If Orange Savings Bank, SSB's equity capital as of the Calculation Date is less than \$43.2 million, the cash portion of the consideration payable to OSB Financial will be reduced by an amount equal to the difference between Orange Savings Bank, SSB's equity capital on the Calculation Date and \$43.2 million. Pursuant to the terms of the merger agreement, equity capital of Orange Savings Bank, SSB means the sum of the capital stock, capital surplus and retained earnings of Orange Savings Bank, SSB, excluding unrealized securities gains or losses, on a consolidated basis, as determined pursuant to GAAP, with such amounts to be calculated in accordance with the methodology used in the Orange Savings Bank, SSB Report of Condition and Income to calculate the total equity capital (Call Report Schedule RC Balance Sheet, item 27.a).

If Orange Savings Bank, SSB's equity capital as of the Calculation Date exceeds \$43.2 million, Orange Savings Bank, SSB may dividend such excess amount to OSB Financial after the Calculation Date and prior to the effective time of the asset sale.

For purposes of calculating equity capital, Orange Savings Bank, SSB must reflect the following adjustments:

all Bank Merger Costs (defined below), if paid or accrued by Orange Savings Bank, SSB and not reimbursed by OSB Financial prior to the Calculation Date must have been accounted for as either a direct or indirect reduction of Orange Savings Bank, SSB's equity capital. The term Bank Merger Costs means (a) the legal, professional, investment banking, consulting and accounting fees and expenses of Orange Savings Bank, SSB associated with the merger, including any cost to obtain Hovde's opinion as to the financial fairness of the asset sale and the merger, (b) all fees for obtaining the extended reporting period (i.e., tail coverage) policy covering directors and officers of Orange Savings Bank, as discussed herein, (c) the payments owed to employees of Orange Savings Bank, SSB

Table of Contents

under the retention bonus agreements (as discussed herein), and (d) the accrual or payment of all of the costs, fees, expenses and penalties necessary to be paid by Orange Savings Bank, SSB in connection with any contract termination required pursuant to the merger agreement;

any dividends (whether paid or declared) to OSB Financial by Orange Savings Bank, SSB must have been recorded by Orange Savings Bank, SSB as a reduction of equity capital of Orange Savings Bank, SSB;

the balance of Orange Savings Bank, SSB's accumulated other comprehensive income, as would be reflected on Line 26b of Schedule RC of the Call Report as if the Calculation Date were a Call Report date, is agreed by the parties to be \$3,647,382, subject to adjustment; and

subject to a certain exception, any gains recognized on sales of loans guaranteed by the Small Business Administration must be deducted from equity capital.

After completion of the asset sale, OSB Financial intends to distribute the consideration it receives, after repayment of its obligations and expenses, including repayment of all of its outstanding trust preferred promissory notes and 2009 Senior Secured Notes Due December 31, 2020, to the holders of the OSB common stock, other than dissenting shareholders, subject to OSB Financial's obligation under the merger agreement to maintain ownership of cash or other assets (other than shares of First Financial common stock) with a net fair market value of at least \$1,000,000 in excess of any liabilities of OSB Financial until December 30, 2013.

Because the number of shares of First Financial common stock to be issued in the asset sale is fixed, the value of the total consideration you will receive, by virtue of the distribution of such consideration by OSB Financial after consummation of the asset sale, will fluctuate based on the market price of the First Financial common stock. Further, the cash portion of the consideration is subject to decrease as described above and in the merger agreement. Accordingly, you will not know the exact amount of cash or the value of the stock portion of the consideration OSB Financial will receive in connection with the asset sale when you vote on the asset sale and the merger agreement. Moreover, any distribution to shareholders of OSB must be authorized by the board of directors of OSB Financial

Background of the Asset Sale

Since the recession of 2008-2009, there have been significant changes in the banking and financial services industry. These developments have included increased emphasis and dependence on automation, specialization of products and services, increased competition among financial institutions, and a trend toward consolidation. Furthermore, an increase in regulatory compliance costs coupled with a prolonged low interest rate environment have created headwinds for generating traditional bank earnings. Based on these developments, management of OSB Financial had determined that size and scale would aid in driving efficiencies, and the introduction of additional products would help the Orange Savings Bank, SSB serve more of its customers' financial needs. Management of OSB Financial believed these advancements would be needed to produce satisfactory earnings relative to required regulatory capital for Orange Savings Bank, SSB going forward in this challenging operating environment.

Management of OSB Financial considered the costs and requirements for Orange Savings Bank, SSB to add the infrastructure and human capital needed to pursue significantly greater size and scale in addition to introducing additional products like trust and investment services. In summary, it was determined that OSB Financial needed to either invest substantially into a platform for additional products and technology, or it needed to merge with a strategic partner that already had those capabilities. Furthermore, management of OSB Financial believed that these considerations should also be evaluated in conjunction with the availability and timing of liquidity for shareholders of OSB Financial.

Table of Contents

The board of directors of OSB Financial established a special committee to further evaluate these considerations (the Capital Committee). The Capital Committee included Stephen Lee, OSB Financial s President, in addition to directors, Thomas Gunn, Paul Peveto and Ross Smith. On June 12, 2012, representatives of Hovde met with the Capital Committee. During that meeting, discussions covered the strategic alternatives available to OSB Financial for maximizing shareholder value including, among other things, continued independence or a strategic merger or affiliation with another financial institution. After this meeting, the Capital Committee decided to engage a financial advisor to pursue an affiliation with a strategic partner.

On July 12, 2012, OSB Financial engaged Hovde to render financial advisory and investment banking services in connection with a possible business combination with another banking institution.

During the next week, management of OSB Financial compiled the items necessary for Hovde to prepare a confidential information memorandum presenting data on OSB Financial and its business. Working with Hovde, a process was developed to contact and elicit interest from a group of logical prospective strategic partners who would be provided the memorandum, subject to the prior execution of a confidentiality agreement. Management expressed interest in First Financial among the parties contacted. In late July, Hovde, began contacting potential strategic partners, including First Financial, and distributed confidentiality agreements to those who expressed an initial interest.

During the month of August 2012, the confidential information memorandum was sent to the twelve parties who had executed confidentiality agreements.

By September 10, 2012, Hovde had received feedback from the prospective strategic partners who had received the confidential information memorandum.

September 12, 2012, a call was held with representatives of Hovde and the Capital Committee to evaluate the interest. Of the parties contacted, three expressed an interest in continued discussions, including First Financial. The second party (Party B) orally expressed an interest to pursue an acquisition of the Orange Savings Bank, SSB for approximately \$44-46 million. First Financial and the third party (Party C) expressed an interest to meet with management but did not provide a value at that time.

The Capital Committee asked for Hovde to arrange meetings with management from First Financial and Party C, and determined that the oral expression of interest from Party B did not warrant further discussion.

On October 3, 2012, management of First Financial met with the Capital Committee in Orange, Texas.

During October 2012, representatives of Hovde had several calls with management of First Financial to discuss the parameters of a potential transaction.

October 31, 2012, First Financial presented a letter of intent to acquire Orange Savings Bank, SSB for \$56 million in stock and cash based upon the Orange Savings Bank, SSB s equity at September 30, 2012, of \$44.43 million.

By November 1, 2012, management of Party C had orally communicated that it would be unable to evaluate a potential transaction until late in the first quarter of 2013 and this timing could not be confirmed with certainty.

November 5, 2012, Hovde had a call with the Capital Committee to evaluate and discuss the terms of the letter. The Capital Committee stated it was prepared to move forward with First Financial if the required closing equity for Orange Savings Bank, SSB was established at \$43.2 million and any equity in excess of this amount could be paid out prior to closing as a dividend to OSB Financial.

Table of Contents

November 7, 2012, First Financial presented a revised letter of intent to OSB Financial based upon these terms and the Capital Committee authorized Stephen Lee to execute the letter calling for a period of exclusive due diligence and negotiations with First Financial.

On November 16, 2012, Larry Temple was contacted and retained as legal counsel to advise and represent OSB Financial in potential negotiations.

On November 11-12, 2012, the Capital Committee and representatives of Hovde met with management of First Financial in Abilene, Texas, and a schedule was established for due diligence. In late November and early December 2012, First Financial conducted its due diligence review in Orange, Texas.

On December 18, 2012, First Financial circulated an initial draft of a merger agreement to OSB Financial's counsel, Larry Temple. Negotiations regarding the draft merger agreement continued into January 2013.

On January 8, 2013, a meeting was held in Dallas with management of First Financial and OSB Financial, in addition to representatives of Hovde, and the parties' respective legal counsel were present. Several aspects of the draft merger agreement were discussed at length.

During the following weeks, negotiations continued and it was determined that the stock consideration would equate to 420,000 shares of First Financial common stock and the cash consideration would be \$39.2 million. Additionally, it was determined that the First Financial common stock being issued would be registered with the SEC.

From February 1, 2013 through February 20, 2013, OSB Financial reviewed the terms of the merger agreement, prepared the appropriate schedules, and retention bonus agreements were executed with certain employees of Orange Savings Bank, SSB.

On the morning of February 20, 2013, the OSB Financial board of directors met with representatives of Hovde. Hovde provided a financial analysis of the proposed transaction and informed the OSB Financial board of directors that the proposed consideration set forth in the merger agreement is fair to the shareholders of OSB Financial from a financial point of view. At that meeting, the board unanimously approved the asset sale, the merger agreement and the merger and authorized the President of OSB Financial to execute the merger agreement on behalf of OSB Financial. Shortly thereafter, First Financial and OSB Financial issued a press release announcing the proposed merger.

Recommendation of OSB Financial's Board and its Reasons for the Asset Sale

OSB Financial's board of directors believes that the asset sale is in the best interest of OSB Financial and its shareholders. Accordingly, OSB Financial's board of directors has unanimously approved the asset sale, the related merger and the merger agreement and unanimously recommends that OSB Financial shareholders vote FOR approval of the asset sale and the merger agreement.

In approving the asset sale and the merger agreement, OSB Financial's board of directors consulted with its financial advisor with respect to the financial aspects and fairness of the proposed merger transaction and with its legal counsel as to its legal duties and the terms of the merger agreement and related agreements. The board believes that combining with First Financial will create a financially sounder and more diversified organization that will provide significant benefits to OSB Financial's shareholders and customers alike.

Table of Contents

The terms of the merger agreement, including the consideration to be paid to OSB Financial, were the result of arm's length negotiations between representatives of OSB Financial and representatives of First Financial. In arriving at its determination to approve the merger agreement, OSB Financial's board of directors considered a number of factors, including the following:

the board's knowledge and analysis of the current and prospective industry and economic conditions facing the financial services industry generally, including continued consolidation in the industry, increasing competition, and the increasing importance of operational scale and financial resources in maintaining efficiency, remaining competitive, and capitalizing on technological developments;

the increased regulatory burdens on financial institutions and the associated costs;

the terms of the merger agreement;

information regarding the financial condition and operations of First Financial and future prospects of First Financial and its capital stock;

the opinion rendered by Hovde that the consideration to be received by the OSB Financial in the asset sale is fair to the shareholders of OSB Financial from a financial point of view;

the future prospects of OSB Financial compared with the future prospects of First Financial considering that by receiving First Financial common stock in the asset sale, OSB Financial shareholders would be investing in a larger, more diversified banking organization;

the fact that First Financial common stock is publicly traded on NASDAQ, thereby representing a more liquid investment than OSB Financial common stock;

the ability of First Financial to pay the cash portion of the consideration;

the non-economic terms of the transaction, including the impact on existing customers and employees;

the potential for Orange Savings Bank, SSB to offer its customers additional products including trust and investment services by utilizing the existing infrastructure and services of First Financial;

the ability of First Financial to integrate the operations of Orange Savings Bank, SSB with First Financial Bank, N.A.;

the potential benefits and opportunities for employees of Orange Savings Bank, SSB as a result of both employment opportunities and benefit plans in a larger organization; and

the likelihood that the transaction will be approved by regulatory authorities.

The reasons set out above for the asset sale are not intended to be exhaustive but do include all material factors considered by OSB Financial's board of directors in approving the asset sale and the merger agreement. In reaching its determination, the OSB Financial board of directors did not assign any relative or specific weights to different factors, and individual directors may have given different weights to different factors. Based on the reasons stated, the board of directors of OSB Financial believes that the asset sale is in the best interests of OSB Financial and its shareholders, and therefore the board of directors of OSB Financial unanimously approved the asset sale, the related merger and the merger agreement. In addition, each member of OSB Financial's board of directors has agreed to vote the shares of common stock of OSB Financial over which he has voting authority in favor of the asset sale and the merger agreement.

First Financial's Reasons for the Asset Sale

As a part of First Financial's growth strategy, First Financial routinely evaluates opportunities to acquire financial institutions. The acquisition of Orange Savings Bank, SSB is consistent with First Financial's expansion strategy. First Financial's board of directors, senior management and certain lenders reviewed the business, financial condition, results of operation and prospects for Orange Savings Bank, SSB, the market condition of the market area in which Orange Savings Bank, SSB conducts business, the compatibility of the management and the proposed financial terms of the asset sale. In addition, management of First Financial believes that the asset sale will expand First Financial's footprint into Orange and the Southeast Texas area, provide opportunities for future growth and provide the potential to realize cost savings. First Financial's board of directors also considered the financial condition and valuation for both OSB Financial and First Financial as well as the financial and other effects the asset sale would have on First Financial's shareholders.

While management of First Financial believes that revenue opportunities will be achieved and costs savings will be obtained following the asset sale, First Financial has not quantified the amount of enhancements or projected the areas of operation in which such enhancements will occur.

In view of the variety of factors considered in connection with its evaluation of the asset sale, the First Financial board did not find it useful to and did not attempt to quantify, rank or otherwise assign relative weights to factors it considered. Further, individual directors may have given differing weights to different factors. In addition, the First Financial board did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination. Rather, the board conducted an overall analysis of the factors it considered material, including thorough discussions with, and questioning of, First Financial's management.

In rendering its opinion, Hovde assumed, without independent verification, the accuracy and completeness of the financial and other information and representations contained in the materials provided to it by OSB Financial, Orange Savings Bank, SSB, First Financial, and First Financial Bank, N.A. and in the discussions it had with the management of OSB Financial, Orange Savings Bank, SSB, First Financial and First Financial Bank, N.A. Hovde relied upon the reasonableness and achievability of the financial forecasts and projections (and the assumptions and bases therein) provided to Hovde by OSB Financial and Orange Savings Bank, SSB and assumed that the financial forecasts, including without limitation, the projections regarding under-performing and non-performing assets and net charge-offs were reasonably prepared by OSB Financial and Orange Savings Bank, SSB on a basis reflecting the best currently available information and judgments and estimates by OSB Financial and Orange Savings Bank, SSB, and that such forecasts will be realized in the amounts and at the times contemplated thereby. Hovde did not assume any responsibility to verify such information or assumptions independently.

Hovde is not an expert in the evaluation of loan and lease portfolios for purposes of assessing the adequacy of the allowances for loan losses with respect thereto. Hovde assumed that such allowances for OSB Financial and Orange Savings Bank, SSB are, in the aggregate, adequate to cover such losses. Hovde was not requested to make, and did not conduct, an independent evaluation, physical inspection or appraisal of the assets, properties, facilities or liabilities (contingent or otherwise) of OSB Financial nor Orange Savings Bank, SSB, the collateral securing any such assets or liabilities, or the collectability of any such assets, and Hovde was not furnished with any such evaluations or appraisals, nor did Hovde review any loan or credit files of OSB Financial or Orange Savings Bank, SSB.

Hovde assumed that the merger and sale of the outstanding capital stock of Orange Savings Bank, SSB will be consummated substantially in accordance with the terms set forth in the merger agreement, without any waiver of material terms or conditions by OSB Financial, Orange Savings Bank, SSB or any other party to the merger agreement and that the final merger agreement will not differ materially from the draft Hovde reviewed. Hovde assumed that the sale of the outstanding capital stock of Orange Savings Bank, SSB and the related merger are, and will be, in compliance with all laws and regulations that are applicable to OSB Financial, Orange Savings Bank, SSB, and First Financial and their respective affiliates. Hovde further assumed that, in the course of obtaining the necessary regulatory and government approvals, no restriction will be imposed on First Financial or the surviving institutions that would have a material adverse effect on the surviving institutions or the contemplated benefits of the asset sale and the related merger. Hovde also assumed that no changes in applicable law or regulation will occur that will cause a material adverse change in the prospects or operations of the institutions after the asset sale and the related merger.

Hovde's opinion does not consider, include or address: (i) any other strategic alternatives currently (or which have been or may be) contemplated by the board of directors of OSB Financial or Orange Savings Bank, SSB; (ii) the legal, tax or accounting consequences of the merger on OSB Financial, Orange Savings Bank, SSB, shareholders of Orange Savings Bank, SSB, or First Financial or First Financial Bank, N.A.; (iii) any advice or opinions provided by any other advisor to the board of directors of OSB Financial or Orange Savings Bank, SSB; or (iv) whether First Financial or First Financial Bank, N.A. has sufficient cash, available lines of credit or other sources of funds to enable it to pay the cash consideration. Hovde's opinion is not a solvency opinion and does not in any way address the solvency or financial condition of OSB Financial or Orange Savings Bank, SSB.

OSB Financial engaged Hovde on July 12, 2012, to provide OSB Financial with financial advisory services. Pursuant to the terms of the engagement, Hovde received an initial fee at the time of Hovde's engagement by OSB Financial, and will receive a fee for the delivery of its fairness opinion. At the time the asset sale is completed, OSB Financial will pay Hovde a completion fee, which is contingent upon the completion of the asset sale. Pursuant to the engagement agreement, in addition to its fees and regardless of whether the asset sale is consummated, OSB Financial has agreed to reimburse Hovde for certain reasonable out-of-pocket expenses incurred in performing its services and to indemnify Hovde against certain claims, losses, and expenses arising out of the asset sale or Hovde's engagement.

In performing its analyses, Hovde made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Hovde, OSB Financial, Orange Savings Bank, SSB and First Financial. Hovde's opinion was necessarily based on financial, economic, market, and other conditions and circumstances as they existed on, and on the information made available to Hovde as of, the date of its opinion. Hovde has no obligation to update or reaffirm its opinion at any time. Any estimates contained in the analyses performed by Hovde are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities may be sold or the prices at which any securities may trade at any time in the future. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. Hovde's opinion does not address the relative merits of the merger and sale of the outstanding capital stock of Orange Savings Bank, SSB as compared to any other business combination in which OSB Financial might engage. In addition, Hovde's fairness opinion was among several factors taken into consideration by OSB Financial's board of directors in making its determination to approve the sale of the outstanding capital stock of Orange Savings Bank, SSB and the merger agreement. Consequently, the analyses described below should not be viewed as solely determinative of the decision of OSB Financial's board of directors or OSB Financial's management with respect to the fairness of the consideration pursuant to the sale of the outstanding capital stock of Orange Savings Bank, SSB.

The following is a summary of the material analyses prepared by Hovde and presented to OSB Financial's board of directors on February 20, 2013, in connection with the fairness opinion. This summary is not a complete description of the analyses underlying the fairness opinion or the presentation prepared by Hovde, but it summarizes the material analyses performed and presented in connection with such opinion. The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Hovde did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The financial analyses summarized below include the information presented in tabular format. The analyses and the summary of the analyses must be considered as a whole and selecting portions of the analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying the analyses and opinion of Hovde. The tables alone are not a complete description of the financial analyses.

Discounted Cash Flow Analysis. Taking into account various factors including, but not limited to, Orange Savings Bank, SSB's recent performance, the current banking environment and the local economy in which the Orange Savings Bank, SSB operates, Hovde determined earnings estimates for a forward looking five-year period with the assistance of information and guidance provided by the management of OSB Financial and Orange Savings Bank, SSB. In order to determine a value for Orange Savings Bank, SSB on a discounted cash flow basis, Hovde utilized a two-stage growth rate model while applying a terminal Price-to-Earnings multiple of 13.1x on Orange Savings Bank, SSB's 2017 estimated earnings in order to derive a terminal value. The terminal multiple was derived from the average daily closing price of the SNL Microcap Bank Index for the last twelve months ending on February 15, 2013.

For the discounted cash flow analysis (DCF Analysis), Hovde utilized management estimates for 2013 and 2014, which included assets projected to grow to \$485 million and \$534 million at year-end, respectively. Thereafter, it was assumed that assets would increase by 10% annually. Earnings projections (on an after-tax basis) for 2013 and 2014 were \$4.8 million and \$5.5 million, respectively. Projections for years 2015-2017 were based on a return on average assets of 1.0%. A range of discount rates between 12% and 16% were employed in determining the present value of the dividends plus the terminal value. It was assumed that no dividends were paid other than for the estimated tax obligation due under the Subchapter S election and to service the interest payments of the holding company debt. The discount rates were chosen to reflect different assumptions regarding the required rates of return of holders or prospective buyers of Orange Savings Bank, SSB common stock. The resulting values of the DCF analyses ranged between \$42.3 million and \$50.5 million with a midpoint of \$46.2 million.

for any liabilities, losses, damages, deficiencies, judgments, costs, expenses (including, but not limited to, the fees and expenses of counsel), and interest or penalties incurred by the First Financial attributable to the acts or conduct of First Financial after the effective time of the merger. The requirement under the merger agreement for OSB Financial to maintain ownership of cash or other assets with a net fair market value of at least \$1,000,000 in excess of liabilities until December 30, 2013 is intended to provide additional security to First Financial for OSB Financial's indemnification obligations under the merger agreement, as described above.

Each of First Financial and First Financial Bank, N.A. agreed to indemnify and hold harmless OSB Financial and its subsidiaries, from and against any and all liabilities, losses, damages, deficiencies, judgments, costs, expenses (including, but not limited to, the fees and expenses of counsel), and interest or penalties, but net of all tax benefits actually realized by OSB Financial or any of its subsidiaries and recoveries from related insurance claims with respect to such losses resulting from (a) any inaccuracy in or any breach or violation of any representation or warranty made by First Financial or First Financial Bank, N.A., and (b) the failure of First Financial or First Financial Bank, N.A. to perform any agreement or covenant required by the merger agreement. The indemnification obligations of First Financial are subject to a \$100,000 deductible and a \$1,000,000 cap. The merger agreement also provides that neither First Financial nor First Financial Bank, N.A. will have any liability for any liabilities, losses, damages, deficiencies, judgments, costs, expenses (including, but not limited to, the fees and expenses of counsel), and interest or penalties incurred by the OSB Financial attributable to the acts or conduct of OSB Financial prior to the effective time of the asset sale and the merger.

Financial Interests of Directors and Officers of OSB Financial in the Asset Sale

In considering the recommendation of the board of directors of OSB Financial to vote for the proposal to approve the asset sale pursuant to the merger agreement, you should be aware that certain directors and officers of OSB Financial have interests in the asset sale that are in addition to, or different from, their interests as shareholders of OSB Financial. The board of OSB Financial was aware of these interests and considered them in approving the asset sale pursuant to the merger agreement. These interests include:

Officer Retention Bonus Agreements. Orange Savings Bank, SSB has entered into bonus retention agreements with each officer of Orange Savings Bank, SSB providing for the payment of a monetary bonus due on December 15, 2013 in consideration of remaining in employment by Orange Savings Bank, SSB or First Financial Bank, N.A., as applicable, until that date. The employee will remain entitled to the retention bonus payment notwithstanding termination of employment without cause prior to December 15, 2013. However, the retention bonus will be forfeited if the employee resigns or is terminated for cause before December 15, 2013. Stephen Lee's retention bonus agreement provides for payment of a retention bonus of \$100,000. The aggregate amount of the retention bonus payments agreed to by Orange Savings Bank, SSB, including Mr. Lee's retention bonus payment, totals \$459,500.

Director Retention Bonus Agreements. OSB Financial has entered into bonus retention agreements with each director of OSB Financial providing for the payment of a monetary bonus due on December 15, 2013 in consideration for each director remaining on the board of directors of OSB Financial until that date to oversee payment of debts, distribution of the consideration to OSB Financial shareholders, and the ultimate liquidation of OSB Financial. The aggregate amount of the retention bonus payments agreed to by OSB Financial totals \$245,000.

Employment Agreements with First Financial Bank, N.A. First Financial's obligation to consummate the asset sale is subject to eight officers of Orange Savings Bank, SSB, including Stephen Lee, President and CEO and director of Orange Savings Bank, SSB, entering into employment and non-competition agreements with First Financial Bank, N.A. prior to the completion of the asset sale. On February 20, 2013, First Financial Bank, N.A. entered into employment agreements with Kimela Dickerson, Robert Kocot, Cynthia LaChance, Stephen Lee, William Love, C. Shelton McClure, Joan O' Burke, and Damon Vacek. Each agreement entitles the named individual to receive annual base salary payments, reimbursement for certain business expenses, and participation in all benefit plans

available to employees of First Financial Bank, N.A. Under the terms of Mr. Lee's agreement, his base salary will be \$250,000 per calendar year. The agreements also contain non-competition and non-solicitation obligations that remain in effect during employment. If employment is terminated prior to the second anniversary of the merger agreement, non-competition and non-solicitation obligations remain in effect until the later of twelve months after the termination of the employment or the time period during which the employee receives certain severance benefits pursuant to the terms of the employment agreement.

In the event that an employee's employment is terminated without cause (as such term is defined in the employment agreements), the employee will be entitled to receive his accrued benefits and, subject to certain conditions, if the employee is terminated less than two years following the closing date of the merger, the employee will be entitled to receive the greater of the base salary the employee would have earned from the date of termination through the end of the second year following the effective date of the merger or the equivalent of one year of employee's base salary. The employment agreements also contain provisions for certain payment in the event of the employee's death or permanent disability. Each employment agreement has been executed but will not become effective until the first day following closing date of the asset sale.

Insurance. The directors and officers of OSB Financial and Orange Savings Bank, SSB will receive continued indemnification and director and officer liability insurance coverage for a period of three (3) years after completion of the asset sale and the merger pursuant to an extended reporting period director and officer liability policy (otherwise known as "tail" coverage). That policy would provide coverage for past acts and would be extended coverage similar to existing director and officer liability coverage.

Advisory Directors. The merger agreement provides that the current directors of Orange Savings Bank, SSB will be appointed as advisory directors of First Financial Bank, N.A. at the effective time of the asset sale and the merger if the directors desire to serve as advisory directors. Each of the advisory directors will be appointed for an initial one year term and receive compensation as set by the board of directors of First Financial Bank, N.A. from time to time. First Financial Bank, N.A. will provide each advisory director with indemnification rights consistent with those rights provided to other advisory directors of First Financial Bank, N.A.

Amendment or Waiver of the Merger Agreement

No termination, cancellation, modification, amendment, deletion, addition or other change in the merger agreement, or any provision thereof, or waiver of any right or remedy therein provided, is effective for any purpose unless specifically set forth in a writing signed by the party or parties to be bound thereby. The waiver of any right or remedy in respect to any occurrence or event on one occasion is not deemed a waiver of such right or remedy in respect to such occurrence or event on any other occasion.

The merger agreement may be amended at any time prior to or after adoption of the merger agreement by the shareholders of OSB Financial but, after any submission of the merger agreement to such shareholders for approval, no amendment will be made that reduces the consideration payable to OSB Financial or that materially and adversely affects the rights of shareholders of OSB Financial under the merger agreement without the requisite approval of such shareholders.

Termination of the Merger Agreement

First Financial and OSB Financial can mutually agree at any time to terminate the merger agreement without completing the merger. In addition, either First Financial or OSB Financial may decide, without the consent of the other, to terminate the merger agreement if:

any order, decree or ruling or any other action which seeks to restrain, enjoin or prohibit the merger is issued, and such order, decree, ruling or other action is final and non-appealable;

the merger has not been completed by September 30, 2013 or such later date approved by First Financial and OSB Financial, unless the failure to complete the asset sale and the merger by that time is due to a violation of the merger agreement by the party that seeks to terminate the merger agreement;

any of the transactions contemplated by the merger agreement are not approved by the appropriate regulatory authorities of either party reasonably determines, in good faith and after consulting with counsel, there is substantial likelihood that any necessary regulatory approval will not be obtained or will be obtained only upon a condition or conditions that make it inadvisable to proceed with the asset sale and the merger;

there has been any material adverse change with respect to the other party; or

the other party materially breaches its representations and warranties or any covenant or agreement contained in the merger agreement and such breach has not been cured within 30 days after the terminating party gives written notice of such failure to the breaching party.

In addition, First Financial may terminate the merger agreement, without the consent of OSB Financial, if (i) OSB Financial has mailed this proxy statement/prospectus to its shareholders and OSB Financial does not hold its special shareholders meeting within 60 days thereafter, (ii) this merger agreement is not approved by the required vote of shareholders of OSB Financial, (iii) the board of directors of OSB Financial fails to recommend that the shareholders vote in favor of approval of the merger agreement, or (iv) the individuals that executed a director support and non-competition agreement or a voting agreement have violated the terms thereof. First Financial also has the right to terminate the merger agreement on or prior to May 21, 2013, if the results of any environmental inspections or surveys of OSB Financial properties identify certain potential or current violations of environmental laws or environmental law requires certain remedial or clean up action that could have a material adverse effect on OSB Financial

Expenses

OSB Financial and First Financial will each pay their respective expenses incurred in connection with the preparation and performance of their respective obligations under the merger agreement, whether or not the transactions provided for in the merger agreement are completed, including, but not limited to, fees and expenses of their own counsel, financial or other consultants, investment bankers and accountants, and filing, registration, application and printing fees. Similarly, each of OSB Financial and First Financial agreed to indemnify the other party against any cost, expense or liability (including reasonable attorneys fees) in respect of any claim made by any party for a broker's or finder's fee in connection with the asset sale or the related merger.

Material U.S. Federal Income Tax Consequences of the Asset Sale and the Merger

The following is a general discussion of the material U.S. federal income tax consequences to the shareholders of OSB Financial as a result of the exchange by OSB Financial of all the outstanding shares of Orange Savings Bank, SSB common stock for 420,000 shares of First Financial common stock and \$39.2 million in cash pursuant to the merger agreement. This discussion does not address any tax consequences arising under the laws of any state, local or foreign jurisdiction, or under any U.S. federal laws other than those pertaining to the income tax. This discussion is based upon the Internal Revenue Code of 1986, as amended, or the Code, the regulations promulgated under the Code and court and administrative rulings and decisions, all as in effect on the date of this proxy statement/prospectus. These authorities may change, possibly retroactively, and any change could affect the accuracy of the statements and conclusions set forth in this discussion.

Table of Contents

This discussion addresses only those holders of OSB Financial common stock that hold their shares of OSB Financial common stock as a capital asset within the meaning of Section 1221 of the Code. Importantly, this discussion does not address all aspects of U.S. federal income taxation that may be relevant to a particular holder in light of that holder's individual circumstances or to a holder that is subject to special treatment under the U.S. federal income tax laws, including, without limitation, a holder that is:

a tax-exempt organization;

a disregarded entity for U.S. federal income tax purposes;

a dealer or broker in stocks and securities, or currencies;

a trader in securities that elects to use the mark-to-market method of accounting;

a holder of OSB Financial common stock subject to the alternative minimum tax provisions of the Code;

a holder of OSB Financial common stock that received OSB Financial common stock through the exercise of an employee stock option, through a tax qualified retirement plan or otherwise as compensation;

a holder of OSB Financial common stock that has a functional currency other than the U.S. dollar;

a holder of OSB Financial common stock that holds OSB Financial common stock as part of a hedge, straddle, constructive sale, conversion or other integrated transaction;

a person that is not an eligible S corporation shareholder within the meaning of Section 1361 of the Code; or

a U.S. expatriate or certain former citizens or long-term residents of the United States.

This discussion assumes that at all times from January 1, 2001 through the effective time of the asset sale and the merger:

OSB Financial has been and will be a valid subchapter S corporation (within the meaning of Sections 1361 and 1362 of the Code);

Orange Savings Bank, SSB has been and will be a valid qualified subchapter S subsidiary (within the meaning of Section 1361(b)(1)(B) of the Code); and

each of the shareholders of OSB Financial have been and will be eligible S corporation shareholders within the meaning of Section 1361 of the Code.

Determining the actual tax consequences of the asset sale to a shareholder of OSB Financial may be complex and will depend in part on such shareholder's specific situation. Each shareholder of OSB Financial should consult its own tax advisor as to the tax consequences of the asset sale

Edgar Filing: FIRST FINANCIAL BANKSHARES INC - Form S-4

in its particular circumstance, including the applicability and effect of the alternative minimum tax and any state, local, foreign or other tax laws and of changes in those laws.

Tax Consequences of the Asset Sale and the Merger Generally

The asset sale and the merger will be treated for U.S. federal income tax purposes as if OSB Financial transferred all of the assets of Orange Savings Bank, SSB to First Financial Bank, N.A. in a taxable exchange for 420,000 shares of First Financial common stock and \$39.2 million in cash received and the amount of any liabilities of Orange Savings Bank, SSB assumed by or taken subject to the assets transferred to First Financial Bank, N.A. in the merger. First Financial and OSB Financial will allocate the consideration received in exchange between the assets of Orange Savings Bank, SSB in accordance with Section 1060 of the Code and the applicable Treasury Regulations issued thereunder and will recognize gain or loss on the taxable sale of each such asset in an amount equal to the difference between the portion of the consideration (i.e. the sum of the fair market value

Table of Contents

of the shares of First Financial common stock, cash and assumed or taken subject to liabilities) allocated to that asset and the tax basis of that asset. In general, the character of each such gain or loss will be based on the character of each such asset as determined based on the treatment of a sale of that asset by OSB Financial. Gains and losses will be capital gains and capital losses if the asset was a capital asset in the hands of OSB Financial at the effective time of the asset sale and the merger. A capital gain or capital loss generally will be a long-term capital gain or a long-term capital loss if the asset that generated the capital gain or capital loss was held (or treated as having been held) by OSB Financial for a period of more than one year as of the effective date of the asset sale and the merger. Long-term capital gains recognized by certain non-corporate U.S. holders, including individuals, generally are subject to reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Since OSB Financial is an S corporation, these gains and losses will be allocated pro rata between the shareholders of OSB Financial in proportion to their number of shares of OSB Financial common stock. Each shareholder of OSB Financial will include that shareholder's allocable portion of these gains and losses on their U.S. federal income tax return. The character and holding period of these gains and losses will be determined based on the character and holding period of each asset in the hands of OSB Financial at the effective time of the merger. Long-term capital gains recognized by certain non-corporate shareholders of OSB Financial, including individuals, generally are subject to reduced rates of taxation. The deductibility of capital losses are subject to limitations.

In general, your allocated portion of recognized gains will increase your tax basis in your shares of OSB Financial and your allocated portion of recognized losses will decrease your tax basis in such shares. The accumulated adjustments account of OSB Financial will also be increased by the net amount of gain recognized by OSB Financial pursuant to the asset sale and the merger.

Tax Consequences of Distribution of Consideration to Shareholders of OSB Financial

After completion of the asset sale and the merger, OSB Financial intends to distribute to shareholders of OSB Financial, other than dissenting shareholders, cash and shares of First Financial common stock received in the asset sale. This distribution will be treated as a distribution to you with respect to your stock in OSB Financial in an amount equal to the sum of the cash and the fair market value of the shares of First Financial common stock you receive. In general, the portion of this distribution that does not exceed your allocable portion of the accumulated adjustments account of OSB Financial will be treated as a tax-free return of your tax basis in your shares of OSB Financial common stock to the extent of your tax basis in such shares. If the amount you receive exceeds your allocable portion of the accumulated adjustments account of OSB Financial but does not exceed your tax basis, such excess shall be treated first as a dividend to the extent of the undistributed C corporation earnings and profits of OSB Financial, next as a tax-free return of your remaining tax basis in your shares of OSB Financial and lastly as capital gain. If the amount you receive exceeds your tax basis but not your allocable portion of the accumulated adjustments account of OSB Financial, then such excess shall be treated as capital gain to the extent of your allocable portion of the accumulated adjustments account of OSB Financial, next as a dividend to the extent of the undistributed C corporation earnings and profits of OSB Financial, and lastly as capital gain. This calculation shall be done as of December 31, 2013 after adjusting your adjusted tax basis in your shares of OSB Financial common stock for your allocable portion of the OSB Financial taxable income and taxable losses for 2013, including your allocable share of any net gain or net loss recognized by OSB Financial in the asset sale and the merger. Your allocable portion of the accumulated adjustments account of OSB Financial will also be determined as of December 31, 2013 after adjusting the overall accumulated adjustments account for the taxable income and taxable losses recognized by OSB Financial for 2013, including the net gain or net loss recognized by OSB Financial in the asset sale and the merger.

Your tax basis in the shares of First Financial common stock received will equal the fair market value of the shares received as of the date of the distribution and your holding period in such shares will begin on the date such shares are distributed.

Table of Contents***Shareholders of OSB Financial that Receive Solely Cash due to Exercise of Dissenters' Rights***

In general, shareholders of OSB Financial who properly exercise their dissenters' rights and receive solely cash for their shares of OSB Financial common stock will recognize gain or loss on the exchange in an amount equal to the difference between the amount of cash received and the shareholder's tax basis in the OSB Financial shares surrendered in exchange therefor. In general, this gain or loss will be capital gain or capital loss if the shareholder of OSB Financial held his, her or its shares of OSB Financial common stock as a capital asset within the meaning of Section 1221 of the Code as of the date of the exchange. The capital gain or capital loss recognized will be long-term capital gain or long-term capital loss if, as of the effective date of the merger, the shareholder's holding period in the shares of OSB Financial common stock surrendered exceeds one year. The deductibility of capital losses is subject to limitations.

Additional Tax on Net Investment Income

For taxable years beginning after December 31, 2012, a United States person that is an individual, estate or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to Medicare tax on its net investment income. For individuals, the tax is 3.8% of the lesser of (1) net investment income for the relevant taxable year and (2) the excess of the modified adjusted gross income for the taxable year over a certain threshold (which will be between \$125,000 and \$250,000, depending on the individual's circumstances). For an estate or trust, the tax is 3.8% of the lesser of (1) undistributed net investment income for the relevant taxable year or (2) the excess of the adjusted gross income for the taxable year over the dollar amount at which the highest income tax bracket applicable to an estate or trust begins. A taxpayer's net investment income will generally include its gross dividend income with respect to and its net gains from the disposition of common stock, unless such dividend payments or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). A taxpayer's net investment income will also include their allocable income from an S corporation if the trade or business of the S corporation is treated as a passive activity (within the meaning of Section 469 of the Code) with respect to such taxpayer. In general, if the trade or business of OSB Financial is treated as a passive activity (as determined in accordance with the passive loss rules of Section 469 of the Code) with respect to you, then gains or losses allocated to you with respect to the deemed sale of the assets of Orange Savings Bank, SSB pursuant to the asset sale and the merger will be included as part of your net investment income for the taxable year that the merger occurs. However, if the trade or business of OSB Financial is treated as an active activity and not as a passive activity (as determined in accordance with the passive loss rules of Section 469 of the Code) with respect to you, then the gains or losses allocated to you with respect to the deemed sale of the assets of Orange Savings Bank, SSB pursuant to the asset sale and the merger will only be included as part of your net investment income for the taxable year that the asset sale and the merger occur to the extent that such gains or losses were not incurred in connection with the active trade or business of OSB Financial. The rules for calculating the amount of federal income tax that will be imposed under these rules on a taxpayer with respect to their ownership of the stock of an S corporation are complex and will depend on the specific tax circumstances of the taxpayer. Accordingly, you are urged to consult your tax advisor regarding the applicability of the Medicare tax to your ownership and disposition of shares of OSB Financial common stock, including, without limitation, with respect to your allocable portion of gains and losses recognized as a result of the asset sale and the merger and as the result of the receipt of shares of First Financial common stock and/or cash from OSB Financial with respect to or in exchange for your shares of OSB Financial common stock.

Information Reporting and Backup Withholding

Your allocable portion of the gains and losses recognized by OSB Financial as a result of the asset sale and the merger will be included on your Schedule K-1 that you receive from OSB Financial, along with your allocable portion of other income, gain, loss, deduction, or credit from OSB Financial for the taxable year ending December 31, 2013. In addition, if any portion of the distribution of the shares of First Financial common stock and cash by OSB Financial to its shareholders is treated as the distribution of a dividend for federal income tax purposes, then OSB Financial will report that portion of the distribution to the Internal Revenue Service on Form 1099-DIV and will send a copy of such form to you.

Table of Contents

You may be subject, under certain circumstances, to backup withholding (currently at a rate of 28%) on the amounts you receive as a distribution from OSB Financial after the asset sale and the merger or the cash payment that you receive in exchange for your shares of OSB Financial Services common stock as a result of your properly exercising your dissenter's rights. You generally will not be subject to backup withholding, however, if you:

furnishes a correct taxpayer identification number, certifies that it is not subject to backup withholding on Internal Revenue Service Form W-9 and otherwise complies with all the applicable requirements of the backup withholding rules; or

provides proof that it is otherwise exempt from backup withholding.

Any amounts withheld under the backup withholding rules are not an additional tax and will generally be allowed as a refund or credit against your U.S. federal income tax liability, provided that you timely furnish the required information to the Internal Revenue Service.

This discussion of certain material U.S. federal income tax consequences is for general information only and is not tax advice. Shareholders of OSB Financial are urged to consult their tax advisors with respect to the application of U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the U.S. federal estate or gift tax rules, or under the laws of any state, local, foreign or other taxing jurisdiction or under any applicable tax treaty.

Accounting Treatment

The asset sale will be accounted for under the purchase method of accounting under accounting principles generally accepted in the United States of America. Under this method, Orange Savings Bank, SSB's assets and liabilities as of the date of the asset sale will be recorded at their respective fair values. Any difference between the purchase price for Orange Savings Bank, SSB and the fair value of the identifiable net assets acquired (including core deposit intangibles) will be recorded as goodwill. In accordance with ASC Topic 805, *Business Combinations*, the goodwill resulting from the asset sale will not be amortized to expense, but instead will be reviewed for impairment at least annually and to the extent goodwill is impaired, its carrying value will be written down to its implied fair value and a charge will be made to earnings. Core deposit and other intangibles with definite useful lives recorded by First Financial in connection with the asset sale will be amortized to expense in accordance with such rules. The consolidated financial statements of First Financial issued after the asset sale and the merger will reflect the results attributable to the acquired operations of Orange Savings Bank, SSB beginning on the date of completion of the asset sale and the merger.

Restrictions on Resales of First Financial Common Stock Received in the Asset Sale

The shares of First Financial common stock issued in the asset sale will not be subject to any restrictions on transfer arising under the Securities Act of 1933, as amended, except for shares of First Financial common stock issued to any OSB Financial shareholder who may be deemed to be an affiliate of First Financial after completion of the merger. Affiliates generally are defined as persons or entities who control, are controlled by or are under common control with First Financial at or after the effective time of the merger and generally include executive officers, directors and beneficial owners of 10% or more of the common stock of First Financial. OSB Financial shareholders who are not affiliates of First Financial after the completion of the asset sale may sell their shares of First Financial common stock distributed from OSB Financial at any time.

To the knowledge of OSB Financial, no person will be deemed to be an affiliate of First Financial upon completion of the asset sale. OSB Financial shareholders who become affiliates of First Financial after completion of the asset sale will be subject to the volume and sale limitations of Rule 144 under the Securities Act of 1933, as amended, until they are no longer affiliates of First Financial. This proxy statement/prospectus does not cover resales of First Financial common stock received by any person upon completion of the asset sale, and no person is authorized to make any use of this proxy statement/prospectus in connection with any resale.

Regulatory Approvals Required for the Asset Sale and the Merger

The asset sale and the merger must be approved by the Federal Reserve, unless such approval is waived by the Federal Reserve. On February 26, 2013, First Financial filed the required documentation with the Federal Reserve Bank of Dallas to request a waiver of the Federal Reserve's approval under the BHC Act. On March 8, 2013, the Federal Reserve notified First Financial that it had waived the approval requirements under the BHC Act, subject to approval of the merger by the OCC.

In addition, the asset sale and the merger require the approval of the OCC. We expect to obtain all necessary regulatory approvals, although we cannot be certain if or when we will obtain them. On February 25, 2013, First Financial Bank and Orange Savings Bank, SSB filed an application with the OCC to obtain approval of the asset sale and the merger. The U.S. Department of Justice will have between 15 and 30 days following approval by the OCC to challenge the approval on antitrust grounds. While OSB Financial and First Financial do not know of any reason that the Department of Justice would challenge regulatory approval by the OCC and believe that the likelihood of such action is remote, there can be no assurance that the Department of Justice will not initiate such a proceeding, or if such a proceeding is initiated, as to the result of any such challenge.

The asset sale and the merger cannot proceed in the absence of these required regulatory approvals. The approval of any notice or application merely implies satisfaction of regulatory criteria for approval, and does not include review of the asset sale and the merger from the standpoint of the adequacy of the consideration to be received by, or fairness to, shareholders. Regulatory approval does not constitute an endorsement or recommendation of the proposed transaction.

We cannot assure you as to whether or when the requisite regulatory approvals will be obtained, and, if obtained, we cannot assure you as to the date of receipt of any of these approvals, the terms thereof or the absence of any litigation challenging them. Likewise, we cannot assure you that the Department of Justice or a state attorney general will not attempt to challenge the merger on antitrust grounds, or, if such a challenge is made, as to the result of that challenge.

First Financial and OSB Financial are not aware of any material governmental approvals or actions that are required prior to the parties' completion of the merger other than those described in this proxy statement/prospectus. If any additional governmental approvals or actions are required, the parties presently intend to seek those approvals or actions. However, the parties cannot assure you that any of these additional approvals or actions will be obtained.

Although the approval of the TDSML is not required for the asset sale or the merger, a copy of the application filed with the OCC was filed with the TDSML in February 2013. On March 5, 2013, the TDSML notified Orange Savings Bank, SSB that it had no supervisory objection to the asset sale or the merger and that it consents to the transaction, subject to receipt of a certified copy of the minutes of the shareholders of the Bank approving the merger agreement, a copy of the OCC's letter approving the asset sale and the merger, and a copy of the publisher's certificate for the publication of the legal notices required by federal law.

Dissenters' Rights of OSB Financial Shareholders

General. If you hold one or more shares of OSB Financial common stock, you are entitled to dissenters' rights under Texas law and have the right to dissent from the asset sale and have the appraised fair value of your shares of OSB Financial common stock paid to you in cash. The appraised fair value may be more or less than the value of the shares of First Financial common stock and cash being paid in the asset sale in exchange for the common stock of Orange Savings Bank, SSB. If you are contemplating exercising your right to dissent, we urge you to read carefully the provisions of Chapter 10, Subchapter H of the Texas Business Organizations Code, which are attached to this proxy statement/prospectus as **Appendix C**, and consult with your legal counsel before electing or attempting to exercise these rights. The following discussion describes the steps you must take if you want to exercise your right to dissent. You should read this summary and the full text of the law carefully.

Instead, you will receive shares of First Financial common stock and cash authorized by OSB Financial's board of directors to be distributed to OSB Financial's shareholders.

OSB Financial shareholders are advised to obtain the current stock quotation for First Financial common stock. The market price of First Financial common stock will fluctuate from the date of this proxy statement/prospectus to the date of completion of the asset sale. Because the number of shares of First Financial common stock to be issued in the asset sale is fixed, the value of the total consideration that OSB Financial will receive will fluctuate based on the market price of the First Financial common stock. Further, the cash portion of the merger consideration is subject to decrease based on the equity capital of Orange Savings Bank, SSB. Accordingly, you will not know the exact amount of cash or the value of the stock portion of the consideration that OSB Financial will receive in connection with the asset sale merger nor will you know the value of the distribution of the consideration to OSB Financial shareholders following the completion of the asset sale when you vote on the merger agreement.

After the asset sale, First Financial currently expects to pay (when, as and if declared by First Financial's board of directors out of funds legally available for that purpose) regular quarterly cash dividends. While First Financial currently pays dividends on its common stock, there is no assurance that it will continue to pay dividends in the future. Future dividends on First Financial common stock will depend upon its earnings and financial condition, liquidity and capital requirements, the general economic and regulatory climate, its ability to service any equity or debt obligations senior to the common stock and other factors deemed relevant by the board of directors of First Financial.

As a holding company, First Financial is ultimately dependent upon its subsidiaries to provide funding for its operating expenses, debt service and dividends. Various banking laws applicable to First Financial Bank, N.A. limit the payment of dividends and other distributions by First Financial Bank, N.A. to First Financial, and may therefore limit First Financial's ability to pay dividends on its common stock. Regulatory authorities could impose administratively stricter limitations on the ability of First Financial Bank to pay dividends to First Financial if such limits were deemed appropriate to preserve certain capital adequacy requirements.

subject to certain restrictions on dividends under the Texas Business Organizations Code. Generally, a Texas corporation may pay dividends to its shareholders out of its surplus (the excess of its assets over its liabilities and stated capital) unless the corporation is insolvent or the payment of the dividend would render the corporation insolvent.

OSB Financial does not engage in separate business activities of a material nature. As a result, OSB Financial's ability to pay dividends depends upon the dividends received from Orange Savings Bank, SSB. As a Texas-chartered savings bank, Orange Savings Bank, SSB's ability to pay dividends is restricted by certain laws and regulations. Under the Texas Finance Code, Orange Savings Bank, SSB generally may not pay a dividend that would reduce its capital or surplus without the prior approval of the Texas Savings and Mortgage Lending Commissioner. All dividends must be paid out of net profits then on hand, after deducting expenses, including losses and provisions for loan losses.

In addition to Texas law restrictions on Orange Savings Bank, SSB's ability to pay dividends, under the Federal Deposit Insurance Corporation Improvement Act, Orange Savings Bank, SSB may not pay any dividend if the payment of the dividend would cause Orange Savings Bank, SSB to become undercapitalized or if Orange Savings Bank, SSB is undercapitalized. The FDIC may further restrict the payment of dividends by requiring that Orange Savings Bank, SSB maintain a higher level of capital than would otherwise be required to be adequately capitalized for regulatory purposes. Moreover, if, in the opinion of the FDIC, Orange Savings Bank, SSB is engaged in an unsound practice (which could include the payment of dividends), the FDIC may require, generally after notice and hearing, that Orange Savings Bank, SSB cease such practice. The FDIC has indicated that paying dividends that deplete a depository institution's capital base to an inadequate level would be an unsafe banking practice. Moreover, the FDIC has also issued policy statements providing that insured depository institutions generally should pay dividends only out of current operating earnings. Under regulatory capital guidelines, Orange Savings Bank, SSB must maintain a Tier 1 capital to adjusted total assets ratio of at least 4.0%, a Tier 1 capital to risk weighted assets ratio of at least 4.0%, and a total risk based capital to risk weighted assets ratio of at least 8.0%. As of December 31, 2012, Orange Savings Bank, SSB had a ratio of Tier 1 capital to adjusted total assets of 9.49%, a ratio of Tier 1 capital to risk-weighted assets of 14.22%, and a ratio of total risk based capital to risk-weighted assets of 15.26%. Subject to the terms and conditions of this Agreement, OSB shall convey, assign, sell and transfer all of the Bank Stock to FFIN by means of the merger of the Bank with and into FFB, with FFB surviving (the Merger), on the Effective Date (as defined in Section 1.02) pursuant to the provisions of 12 U.S.C. §215a and 7 T.A.C. §75.89.

Section 1.02 Effective Date and Effective Time. Subject to the terms and conditions of this Agreement, the Merger will be effective on the date and at the time specified in the letter certifying consummation of the Merger issued by the Office of the Comptroller of the Currency (the OCC). The date on which the Merger is effective is referred to herein as the Effective Date, and the parties will use their reasonable best efforts to cause the Closing Date (as defined in Section 2.01) to occur on the Effective Date, and the effective time of the Merger is referred to herein as the Effective Time.

Section 1.03 Effects of the Merger. The Merger shall have the effects set forth in 12 U.S.C. §215a and 7 T.A.C. §75.89. After the Merger, FFB shall continue as the entity resulting from the Merger (the Resulting Bank), and the separate corporate existence of the Bank shall cease. The name of the Resulting Bank shall be First Financial Bank, N.A. The existing offices and facilities of FFB immediately preceding the Merger shall be the principal offices and facilities of the Resulting Bank after the Merger and the offices and facilities of the Bank immediately before the Merger shall become established offices and facilities of the Resulting Bank after the Merger. At the Effective Time, all rights, title and interests to all real estate and other property owned by each of the Bank and FFB shall be allocated to and vested in the Resulting Bank without reversion or impairment, without further act or deed, and without any transfer or assignment having occurred, but subject to any existing liens or encumbrances thereon. At the Effective Time, all liabilities and obligations of the Bank and FFB shall be allocated to the Resulting Bank, and the Resulting Bank shall be the primary obligor therefor and no other party to the Merger shall be liable therefor. At the Effective Time, a proceeding pending by or against either the Bank or FFB may be continued as if the Merger did not occur, or the Resulting Bank may be substituted in the proceedings.

Section 1.04 Articles of Association and Bylaws. The Articles of Association of FFB will continue in effect as the Articles of Association of the Resulting Bank until the same will be amended and changed as provided by law. The Bylaws of FFB will continue in effect as the Bylaws of the Resulting Bank until the same will be amended and changed as provided by law.

Section 1.05 Directors and Senior Executive Officers. The directors and senior executive officers of the Resulting Bank at the Effective Time will be the directors and senior executive officers of FFB at the Effective Time and each of such persons will hold office from the Effective Time until their respective successors are duly elected or appointed and qualified in the manner provided in the Articles of Association and Bylaws of the Resulting Bank or as otherwise provided by law.

Section 1.06 Conversion of Securities. At the Effective Time by virtue of the Merger and without any further action on the part of FFIN, FFB, OSB or the Bank or any holder of the following securities:

- (a) Each share of FFIN Stock that is issued and outstanding immediately prior to the Effective Time shall remain an issued and outstanding share of common stock of FFIN as of the Effective Time and shall not be affected by the Merger.
- (b) Each share of FFB common stock, par value \$10.00 per share, that is issued and outstanding immediately prior to the Effective Time shall remain an issued and outstanding share of common stock of FFB as of the Effective Time and shall not be affected by the Merger.
- (c) Subject to the other provisions of this Article I, including an adjustment pursuant to Section 1.07, FFIN will deliver to OSB as full consideration for all of the Bank Stock, the following:
 - (i) a number of shares of FFIN Stock equal to 420,000 shares of FFIN Stock (the Stock Consideration); plus
 - (ii) cash in an amount equal to \$39,200,000.00 (the Cash Consideration and together with the Stock Consideration, the Merger Consideration).
- (d) If, between the date hereof and the Effective Date, the outstanding shares of FFIN Stock increase, decrease, change into or are exchanged for a different number or kind of shares or securities as a result of a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other

Table of Contents

similar change in capitalization (a Share Adjustment), then the number of shares of FFIN Stock set forth in Section 1.06(c)(i) shall be appropriately and proportionately adjusted so that the shareholder of the Bank shall be entitled to receive the Merger Consideration in such proportion as it would have received pursuant to such Share Adjustment had the record date therefor been immediately after the Effective Date; *provided, however*, no fractional shares of FFIN Stock shall be issued in the Merger and in lieu thereof, any fractional share resulting from a Share Adjustment shall be rounded up to the next whole share of FFIN Stock.

(e) As of the Effective Time, all shares of Bank Stock converted into the Merger Consideration pursuant to this Section 1.06 shall no longer be outstanding and shall automatically be cancelled and retired, and all rights with respect thereto shall cease to exist, and each holder of Bank Stock shall cease to have any rights thereto, except the right to receive, upon surrender of the certificate(s) representing any such shares of Bank Stock in accordance with Section 2.02 hereof, its pro rata share of the Merger Consideration pursuant to this Section 1.06, subject to any adjustments thereto pursuant to Section 1.07.

(f) At the Effective Time, the stock transfer books of the Bank shall be closed, and no transfer of Bank Stock theretofore outstanding shall thereafter be made.

Section 1.07 Adjustment to Merger Consideration. If the Adjusted Equity (defined below) of the Bank, as calculated in accordance with this Section 1.07 as of the close of business on the second business day immediately preceding the Closing Date, or such other date as mutually agreed to by the parties hereto (the Calculation Date), is less than \$43.2 million (the Minimum Equity), the Cash Consideration shall be reduced by an amount equal to the difference between the Minimum Equity and the Adjusted Equity. To the extent the Adjusted Equity exceeds the Minimum Equity on the Calculation Date, the Bank may dividend such excess amount to OSB after the Calculation Date and prior to the Effective Time.

(a) Adjusted Equity means total equity capital of the Bank, with such amounts to be calculated in accordance with the methodology used in the Bank's Report of Condition and Income (Call Report) to calculate the total equity capital (Call Report Schedule RC Balance Sheet, item 27.a). For comparative purposes, as of September 30, 2012, the Bank's Adjusted Equity was \$44.429 million.

(b) For purposes of this Agreement, Adjusted Equity at Closing shall reflect the following agreed upon adjustments:

(i) all Bank Merger Costs (defined below), if paid or accrued by the Bank and not reimbursed by OSB prior to the Calculation Date, shall have been accounted for as either a direct or indirect reduction of Adjusted Equity. Bank Merger Costs means (a) the legal, professional, investment banking, consulting and accounting fees and expenses of the Bank associated with the Merger, including any cost to obtain any opinion as to the financial fairness of the Merger, (b) all fees for obtaining the Tail Coverage (as defined in Section 5.19), (c) the payments owed by OSB or the Bank to those employees and in such amounts listed on Confidential Schedule 1.07(b)(i), including, without limitation any stay-pay or retention bonus amounts or change in control payments (all of which shall be reflected on Confidential Schedule 1.07(b)(i) including the name of the recipient, the amount of such payment and with respect to any stay-pay or retention bonus arrangements, the date through which the recipient must remain employed by the Resulting Bank to receive the stay-pay or retention bonus amount); *provided, however*, if any person identified on Confidential Schedule 1.07(b)(i) does not satisfy the conditions and requirements necessary to receive such stay-pay or retention bonus amount, then FFB shall forward any balance otherwise due to such person to OSB promptly following the date on which such payment would otherwise have been made, and (d) the accrual or payment of all of the costs, fees, expenses and penalties necessary to be paid by the Bank in connection with any contract termination required pursuant to this Agreement, including, without limitation, all costs, fees, expenses and penalties associated with the termination of the data processing or technology contracts contemplated by Section 5.15 hereof (the Contract Termination Accrual); *provided, however*, if the actual amount of the costs, fees, expenses and penalties necessary to terminate such data processing and technology contracts (the Contract Termination Amount) is less than the Contract Termination Accrual, then

Table of Contents

FFB shall forward to OSB an amount equal to the difference between the Contract Termination Accrual and the Contract Termination Amount promptly following the date on which the Contract Termination Amount is paid.

(ii) any dividends (whether paid or declared) to OSB by the Bank shall have been recorded by the Bank as a reduction of Adjusted Equity.

(iii) for purposes of calculating the Adjusted Equity pursuant to this Agreement, the balance of the Bank's Accumulated Other Comprehensive Income, as would be reflected on Line 26b of Schedule RC of the Call Report as if the Calculation Date were a Call Report date, is agreed to be \$3,647,382; provided, that such amount shall be increased or decreased, as applicable, by the accumulated loss reflected in such account between September 30, 2012 and the Calculation Date, and by the accumulated gain reflected in such account at September 30, 2012 on any security sold during such period, respectively.

(iv) except as set forth on Confidential Schedule 1.07(b)(iv), any gains recognized on sales of loans guaranteed by the Small Business Administration shall be deducted from Adjusted Equity.

Section 1.08 Shareholders Meeting. OSB, acting through the OSB Board, shall, in accordance with applicable law:

(a) duly call, give notice of, convene and hold a meeting of its shareholders (the Shareholders Meeting) as soon as practicable for the purpose of approving and adopting this Agreement, the sale of substantially all of the assets of OSB as contemplated by this Agreement, the Merger, and the transactions contemplated hereby;

(b) require no greater than the minimum vote of the common shares of OSB, par value \$1.00 per share (the OSB Shares), required by applicable law in order to approve this Agreement, the sale of substantially all of the assets of OSB as contemplated by this Agreement, the Merger, and the transactions contemplated hereby;

(c) include in the Proxy Statement/Prospectus (defined in Section 1.08(d)) the recommendation of its Board of Directors that the shareholders of OSB vote in favor of the approval and adoption of this Agreement, the sale of substantially all of the assets of OSB as contemplated by this Agreement, the Merger, and the transactions contemplated hereby;

(d) cause the Proxy Statement/Prospectus to be mailed to the shareholders of OSB as soon as practicable, and use its best efforts to obtain the approval and adoption of this Agreement, the sale of substantially all of the assets of OSB as contemplated by this Agreement, the Merger, and the transactions contemplated hereby by shareholders holding at least the minimum number of OSB Shares entitled to vote at the Shareholders Meeting necessary to approve the foregoing under applicable law. The letter to shareholders, notice of meeting, proxy statement of OSB and private placement memorandum of FFIN and form of proxy to be distributed to shareholders in connection with the Merger and the Merger Agreement shall be in form and substance reasonably satisfactory to FFIN and are collectively referred to herein as the Proxy Statement/Prospectus; and

(e) approve, as sole shareholder of the Bank, the Merger, this Agreement and the transactions contemplated hereby.

Section 1.09 Tax Treatment / Section 1060 Allocation.

(a) FFIN and OSB intend for the Merger to be a taxable sale of the stock of a qualified subchapter S subsidiary (within the meaning of §1361(b)(3)(B) of the Code) that is treated as a taxable asset sale for federal and state income tax purposes, and this Agreement shall be interpreted consistent with that intent. FFIN and OSB shall each use their reasonable best efforts to take such actions and execute such documents as may be necessary to enable the Merger to be treated as an asset sale for federal income tax purposes. OSB shall take no action that would result in the Merger not being treated as an asset sale for federal income tax purposes.

(b) Within sixty (60) days after the Closing Date, FFIN shall prepare and deliver to OSB a schedule setting forth (i) the cash and the fair market value of the stock consideration paid to OSB in the Merger, (ii) the liabilities assumed in the Merger, and (iii) FFIN's proposed allocation of the sum of (i) and (ii) (the Purchase Price Allocation). For purposes of the parties' federal income tax returns, the Purchase Price Allocation shall be made in accordance with Code § 1060, the applicable Income Tax Regulation Sections issued under Code §§ 1060 and 338, and other applicable federal income tax guidance, including the instructions to the appropriate IRS forms. The federal Purchase Price Allocation shall be reflected on the appropriate IRS forms, including IRS Form 8594, and included in the returns of OSB and FFIN for their respective tax years which include the Closing Date with respect to OSB and the day after the Closing Date with respect to FFIN. To the extent that the asset sale is subject to tax by any state or local jurisdiction, the Purchase Price Allocation relative to such state or local returns shall similarly be made in accordance with the comparable state or local guidance as appropriate.

(c) The parties agree upon and after delivery of the Purchase Price Allocation schedule referred to in Section 1.09(b), to have good faith discussions of any and all differences of view which may arise between them regarding the material contained therein. If within a period of thirty (30) days after delivery of the Purchase Price Allocation schedule, or such extension of this discussion period as mutually agreed by the parties, the parties have not agreed upon the Purchase Price Allocation schedule, then within ten (10) days thereafter, OSB will deliver to FFIN a written statement describing OSB's objections to the Purchase Price Allocation schedule and all grounds therefor. OSB's objections to the Purchase Price Allocation schedule shall be resolved by the Arbitrating Accounting Firm as provided in Section 1.09(d). After there is an agreement between FFIN and OSB, the Purchase Price Allocation shall be used for purposes of reporting the deemed sale of assets of the Bank in connection with the transactions contemplated by this Agreement. FFIN and OSB hereby agree that they will report the federal, state, foreign and other Tax consequences of the transactions contemplated by this Agreement in a manner consistent with the Purchase Price Allocation, adjusted as appropriate by the parties' respective transaction costs, which will not be included in the Purchase Price Allocation schedule but must be included in the parties' actual tax filings.

(d) If the parties cannot agree upon the Purchase Price Allocation, an Arbitrating Accounting Firm (as defined below) shall be instructed to resolve any disputes referred to it pursuant to this Section 1.09 within fourteen (14) days after such referral. The resolution of disputes by the Arbitrating Accounting Firm shall be set forth in writing and shall be conclusive and binding upon all parties. The fees and expenses of the Arbitrating Accounting Firm shall be apportioned by the Arbitrating Accounting Firm based on the degree to which each party's claims were unsuccessful and shall be paid by the parties in accordance with such determination. For example, if pursuant to this Section 1.09, OSB submitted an objection affecting the amount of Tax due in the amount of \$100,000 and prevailed as to \$45,000 of the amount, then the OSB would bear 55% of the fees and expenses of the Arbitrating Accounting Firm and FFIN would bear 45% of such fees and expenses. The Arbitrating Accounting Firm shall be an independent certified public accounting firm mutually acceptable to FFIN and OSB (or, if the parties cannot agree within seven (7) days on such a firm, to BKD, LLP).

Section 1.10 Modification of Structure. Notwithstanding any provision of this Agreement to the contrary, FFIN may elect, subject to the filing of all necessary applications and the receipt of all required regulatory approvals, to modify the structure of the transactions contemplated hereby so long as (i) there are no material adverse federal income tax consequences to the holders of OSB Stock as a result of such modification, (ii) the after tax consideration to be paid to the holders of OSB Stock is not changed in kind or reduced in amount, and (iii) such modification will not be likely to materially delay or jeopardize receipt of any required regulatory approvals or the Closing.

Section 1.11 Dissenting Shareholders. Notwithstanding anything in this Agreement to the contrary, OSB Shares that are outstanding immediately prior to the Effective Time and that are held by shareholders (Dissenting Shareholders) who have not voted such shares in favor of the sale of substantially all of the assets of OSB as contemplated by this Agreement, the Merger and the transactions contemplated hereby and who will

have otherwise complied with the terms and provisions of Chapter 10, Subchapter H of the Texas Business Organizations Code (the "TBOC") will be entitled to those rights and remedies set forth in Chapter 10, Subchapter H of the TBOC; but if a shareholder fails to perfect, withdraws or otherwise loses any such right or remedy granted by the TBOC, such OSB Shares will continue to remain issued and outstanding OSB Shares following the Effective Time.

Section 1.12 Dividend of Merger Consideration to OSB Shareholders. After the Effective Time and subject to Section 5.22 and Article XI, OSB shall distribute the balance of the Merger Consideration after repayment of the Senior Notes (as defined herein), the Trust Preferred Notes (as defined herein) and payment of any other expenses or obligations of OSB, to the holders of the OSB Shares, other than Dissenting Shareholders (the "OSB Shareholders"). OSB shall not distribute any fractional shares of FFIN Stock in connection with the OSB Dividend.

ARTICLE II

THE CLOSING AND THE CLOSING DATE

Except as set forth on Confidential Schedule 3.28(a), true, accurate and complete copies of the documents comprising each Employee Plan, including each award agreement, trust, funding arrangements (including all annuity contracts, insurance contracts, and other funding instruments), the most current determination letter issued by the Internal Revenue Service, Form 5500 Annual Reports (including all schedules and attachments) for the three most recent plan years, documents, records, policies, procedures or other materials related thereto, have been delivered to FFIN and are included and specifically identified in Confidential Schedule 3.28(a). No unwritten amendment exists with respect to any written Employee Plan.

(b) Except as set forth on Confidential Schedule 3.28(b) no Employee Plan is a defined benefit plan within the meaning of ERISA §3(35) or is otherwise subject to ERISA Title IV, and neither OSB nor the Bank has ever sponsored or otherwise maintained such a plan since OSB transferred employee plan assets to the Pentegra Defined Contribution Plan for Financial Institutions or the Pentegra Defined Benefit Plan for Financial Institutions, as applicable.

(c) Except as set forth on Confidential Schedule 3.28(c), there have been no prohibited transactions (as defined in Code §4975(c)(1)), breaches of fiduciary duty or any other breaches or violations of any law applicable to the Employee Plans that would directly or indirectly subject the Bank or any Employee Plan to any material taxes, penalties, or other liabilities (any liability arising from any indemnification agreement or policy); *provided, however*, that this representation is limited to the Knowledge of OSB and the Bank with regard to the Pentegra Defined Contribution Plan for Financial Institutions and the Pentegra Defined Benefit Plan for Financial Institutions, except to the extent that the Bank or any Employee Plan sponsored by the OSB or the Bank is involved in such transaction or breach. Each Employee Plan that is represented to be qualified under Code §401(a) has a current favorable determination letter that covers all existing amendments up to and including all changes required by the most recent IRS Cumulative List of Changes applicable to the Employee Plan and has no obligation to adopt any amendments for which the remedial amendment period under Code §401(b) has expired and neither OSB nor the Bank is aware of any circumstances likely to result in revocation of any such favorable determination letter. To the Knowledge of OSB and the Bank, each such Employee Plan is so qualified and has been operated in compliance with applicable law and its terms, any related trust is exempt from federal income tax under Code §501(a) and no event has occurred that will or reasonably could result in the loss of such tax exemption or to liability for any tax under Code §511. There are no pending claims, lawsuits or actions relating to any Employee Plan (other than ordinary course claims for benefits) and, to OSB's and the Bank's Knowledge, none are threatened, except to the extent that the Bank or any Employee Plan sponsored by the OSB or the Bank is involved in such transaction. Neither OSB nor the Bank provides benefits to any employee or dependent of such employee of the Bank after the employee terminates employment other than as disclosed in this Agreement or any schedule hereto or as required by law. No written or oral representations have been made by or on behalf of the Bank or OSB to any employee or former employee of the Bank promising or

guaranteeing any employer payment or funding for the continuation of medical, dental, life or disability coverage or any other welfare benefit (as defined in ERISA §3(1)) for any period of time beyond the end of the current plan year (except to the extent of coverage required under Code §4980B). Compliance with FAS 106 would not create any material change to the OSB Financial Statements. The completion of the transactions contemplated by this Agreement will not cause a termination or partial termination, or otherwise accelerate the time of payment, exercise, or vesting, or increase the amount of compensation due to any employee, officer, former employee or former officer of OSB or the Bank except (i) as required by the terms of any Employee Plan provided to FFIN or by applicable law in connection with a qualified plan, (ii) as contemplated by this Agreement, or (iii) except as identified on Confidential Schedule 3.28(c). There are no surrender charges, penalties, or other costs or fees that would be imposed by any person against the Bank, an Employee Plan, or any other person, including an Employee Plan participant or beneficiary, as a result of the hypothetical liquidation as of the Closing Date of any insurance, annuity, or investment contracts or any other similar investment held by any Employee Plan.

(d) All contributions to any Employee Plan (including, without limitation, all employer contributions, employee salary reduction contributions and all premiums or other payments (other than claims)) that are due and payable by the Bank or OSB on or before the Closing Date have been timely paid to or made with respect to each Employee Plan and, to the extent not presently payable, appropriate reserves have been established for the payment and properly accrued in accordance with customary accounting practices.

(e) To the Knowledge of OSB and the Bank, no participant, beneficiary or non-participating employee has been denied any benefit due or to become due under any Employee Plan; *provided, however*, with respect to any participant, beneficiary or non-participating employee of adopting employers other than OSB or the Bank, this representation is limited to the Knowledge of OSB or the Bank with regard to the Pentegra Defined Contribution Plan for Financial Institutions and the Pentegra Defined Benefit Plan for Financial Institutions. Neither OSB nor the Bank has misled any person as to his or her rights under any Employee Plan. All obligations required to be performed by OSB or the Bank under any Employee Plan have been performed in all material respects and neither OSB nor the Bank is in default under or in violation of any material provision of any Employee Plan. To the Knowledge of OSB and the Bank, no event has occurred that would constitute grounds for an enforcement action by any party against the Bank or any fiduciary of any Employee Plan under part 5 of Title I of ERISA under any Employee Plan.

(f) With respect to each employee benefit plan (as defined in ERISA) maintained or contributed to or required to be contributed to, currently or within the last six years, by any corporation or trade or business, the employees of which, together with the employees of the Bank, are required to be treated as employed by a single employer under any of the rules contained in ERISA or Code §414 (the Controlled Group Plans):

(i) All Controlled Group Plans that are group health plans (as defined in Code §5000(b)(1) and ERISA §733(a)) have been operated up to the Closing in a manner so as to not subject the Bank to any material liability under Code §4980B or §4980D;

(ii) Except as set forth on Confidential Schedule 3.28(f), there is no Controlled Group Plan that is a multiple employer plan or multiemployer plan (as either such term is defined in ERISA), nor has there been any such plan under which the Bank or OSB has had any liability in the last 5 years (or would have had liability if notice had been given); and

(iii) Except as set forth on Confidential Schedule 3.27 or Confidential Schedule 3.28(f), each Employee Plan that provides (or has provided within the past 5 years) for health, dental, vision, life, disability or similar coverage is covered by one or more third-party insurance policies and the Bank is not liable for self-insuring any such claims.

Each such Controlled Group Plan is included in the listing of Employee Plans on Confidential Schedule 3.28(a).

(g) Except as set forth on Confidential Schedule 3.28(g), all Employee Plan documents, annual reports or returns, audited or unaudited financial statements, actuarial valuations, summary annual reports, and summary plan descriptions issued with respect to the Employee Plans are correct, complete, and current in

all material respects, have been timely filed or distributed to the extent required by law; *provided, however*, that this representation is limited to the Knowledge of OSB or the Bank with regard to the Pentegra Defined Contribution Plan for Financial Institutions and the Pentegra Defined Benefit Plan for Financial Institutions.

(h) Except as disclosed on *Confidential Schedule 3.28(h)*, no Employee Plan holds any stock or other securities of OSB or the Bank or provides the opportunity for the grant, purchase or contribution of any such security.

(i) Except as provided in *Confidential Schedule 3.28(i)*, the Bank may, at any time amend or terminate any Employee Plan that it sponsors or maintains and may withdraw from any Employee Plan to which it contributes (but does not sponsor or maintain), without obtaining the consent of any third party, other than an insurance company in the case of any benefit underwritten by an insurance company, and without incurring liability except for unpaid premiums or contributions due for the pay period that includes the effective date of such amendment, withdrawal or termination.

(j) Each Employee Plan that is a nonqualified deferred compensation plan within the meaning of Code §409A(d)(1) (a Nonqualified Deferred Compensation Plan) subject to Code §409A has (i) been maintained and operated since January 1, 2005 (or, if later, from its inception) in good faith compliance with Code §409A of the Code and all applicable IRS regulations promulgated thereunder and, as to any such plan in existence prior to January 1, 2005, has not been materially modified (within the meaning of IRS Notice 2005-1) at any time after October 3, 2004, or has been amended in a manner that conforms with the requirements of Code §409A, and (ii) since January 1, 2009, been materially in documentary and operational compliance with Code §409A and all applicable IRS guidance promulgated thereunder. No additional tax under Code §409A(a)(1)(B) has been or is reasonably expected to be incurred by a participant in any such Employee Plan or other contract, plan, program, agreement, or arrangement. The Bank is not a party to, or otherwise obligated under, any contract, agreement, plan or arrangement that provides for the gross-up of taxes imposed by Code §409A(a)(1)(B). No currently outstanding stock option or other right to acquire OSB Shares or other equity security of OSB or the Bank under any Employee Plan, or the payment of cash based on the value thereof, (A) has, as to any employee of the Bank, an exercise price that was less than the fair market value of the underlying equity security as of the date such stock option or right was granted, as determined by OSB in good faith and in compliance with the relevant IRS guidance in effect on the date of grant (including, IRS Notice 2005-1 and §1.409A-1(b)(5)(iv) of the Treasury regulations), (B) has any feature for the deferral of compensation other than the deferral of recognition of income until the later of exercise or disposition of such option or right, or (C) has been granted after December 31, 2004, with respect to any class of stock of OSB or the Bank that is not service recipient stock (within the meaning of applicable regulations under Code §409A).

Section 3.29 **Obligations to Employees**. All accrued obligations and liabilities of the Bank, OSB and all Employee Plans, for payments to trusts (including grantor trusts) or other funds, to any government agency or authority, or to any present or former director, officer, employee or agent (or his or her heirs, legatees or legal representatives) with respect to any of the matters listed below have been timely paid to the extent required by applicable law or the terms of such plan, contract program, policy, or other governing instruments: (a) withholding taxes, unemployment compensation or social security benefits; (b) all pension, profit-sharing, savings, stock purchase, stock bonus, stock ownership, stock option, phantom stock and stock appreciation rights plans and agreements; (c) all employment, deferred compensation (whether funded or unfunded), salary continuation, consulting, retirement, early retirement, severance, reimbursement, bonus or collective bargaining plans and agreements; (d) all executive and other incentive compensation plans, programs, or agreements; (e) all group insurance and health contracts, policies and plans; and (f) all other incentive, welfare (including vacation and sick pay), retirement or employee benefit plans or agreements maintained or sponsored, participated in, or contributed to by the Bank for its current or former directors, officers, employees and agents. To the extent that payment of any obligation or liability under any of the foregoing is not currently required, adequate actuarial accruals and reserves for such payments have been and are being made by the Bank according to GAAP and applicable law applied on a consistent basis. All obligations and liabilities of OSB and the Bank for all other forms of compensation that are or may be payable to their current or former directors, officers, employees or

The Bank has a rating of not less than "satisfactory" as of its most recent CRA compliance examination and neither OSB nor the Bank has Knowledge of any reason why the Bank would not receive a rating of "satisfactory" or better in its next CRA compliance examination or why the FDIC or any other governmental entity may seek to restrain, delay or prohibit the transactions contemplated hereby as a result of any act or omission of the Bank under the CRA.

On or prior to the date that is 90 days after the date of this Agreement, FFIN will advise OSB in writing as to whether FFIN intends to terminate this Agreement in accordance with Section 9.01 because FFIN disapproves of the results of the Environmental Inspection, Secondary Investigation or other environmental survey. OSB will have the opportunity to correct any objected to violations or conditions to FFIN's reasonable satisfaction prior to the date that is 75 days after the date of this Agreement. Section 5.14 Benefit Plans. OSB agrees that the Bank's Employee Plans may be terminated, modified or merged into FFIN's Employee Plans on or after the Closing Date, as determined by FFIN in its sole discretion, subject to compliance with applicable law so long as any such action does not reduce any benefits already accrued thereunder. At the request of FFIN, OSB and the Bank agree to terminate no later than immediately before the Closing Date any Employee Plans for which the Bank may have liability so that the Bank will have no liability from and after the Closing Date, and OSB will cause the Bank to accrue any and all obligations with respect to the termination of such plans before the Calculation Date, provided that FFIN will not require that OSB terminate its defined benefit plan or its Bank owned life insurance policies (BOLI) prior to the Effective Time. OSB and the Bank shall, if requested by FFIN, consistent with GAAP, immediately prior to Closing, make such accounting entries as FFIN may reasonably request in order to conform the accounting records of the Bank to the accounting policies and practices of FFIN. No such adjustment shall of itself constitute or be deemed to be a breach, violation or failure to satisfy any representation, warranty, covenant, condition or other provision or constitute grounds for termination of this Agreement or be an acknowledgment by OSB or the Bank (a) of any adverse circumstances for purposes of determining whether the conditions to FFIN's obligations under this Agreement have been satisfied, (b) that such adjustment is required for purposes of determining satisfaction of the condition to FFIN's obligations under this Agreement set forth in Section 8.10 hereof, or (c) that such adjustment shall not be taken into account in the calculation of the Adjusted Equity. No adjustment required by FFIN shall (y) require any prior filing with any governmental agency or regulatory authority or (z) violate any law, rule or regulation applicable to OSB or the Bank.

The term person as used in this Article X is to be broadly interpreted to include any corporation, company, group, partnership, governmental agency or individual.

Section 10.02 Definition of Subject Information . For purposes of this Article X, the term Subject Information means all information furnished to the Recipient or its Representatives (whether prepared by the Disclosing Party, its Representatives or otherwise and whether or not identified as being nonpublic, confidential or proprietary) by or on behalf of the Disclosing Party or its Representatives relating to or involving the business, operations or affairs of the Disclosing Party or otherwise in possession of the Disclosing Party, including the Purchase Price; provided, however, that the Purchase Price may be disclosed in the proxy materials distributed to the shareholders of OSB in connection with their approval of the Merger. The term Subject Information does not include information that (a) was already in the Recipient's possession at the time it was first furnished to Recipient by or on behalf of Disclosing Party, provided that such information is not known by the Recipient to be subject to another confidentiality agreement with or other obligation of secrecy to the Disclosing Party, its Subsidiaries or another party, or (b) becomes generally available to the public other than as a result of a disclosure by the Recipient or its Representatives, or (c) becomes available to the Recipient on a non-confidential basis from a source other than the Disclosing Party, its Representative or otherwise, provided that such source is not known by the Recipient to be bound by a confidentiality agreement with or other obligation of secrecy to the Disclosing Party, its Representative or another party.

Section 10.03 Confidentiality. Each Recipient hereby agrees that the Subject Information will be used solely for the purpose of reviewing and evaluating the transactions contemplated by this Agreement and the other agreements contemplated hereby and that the Subject Information will be kept confidential by the Recipient and the Recipient's Representatives; provided, however, that (a) any of such Subject Information may be disclosed to the Recipient's Representatives (including, but not limited to, the Recipient's accountants and attorneys) who need to know such information for the purpose of evaluating any such possible transaction between the Disclosing Party and the Recipient (it being understood that such Representatives will be informed by the Recipient of the confidential nature of such information and that the Recipient will direct and cause such persons to treat such information confidentially); and (b) any disclosure of such Subject Information may be made to which the Disclosing Party consents in writing prior to any such disclosure by Recipient.

Section 10.04 Securities Law Concerns. Each Recipient hereby acknowledges that the Recipient is aware, and the Recipient will advise the Recipient's Representatives who are informed as to the matters that are the subject of this Agreement, that the United States securities laws prohibit any person who has received material, non-public information from an issuer of securities from purchasing or selling securities of such issuer or from communicating such information to any other person under circumstances in which it is reasonably foreseeable that such person is likely to purchase or sell such securities.

Section 10.05 Return of Subject Information. In the event of termination of this Agreement for any reason, the Recipient will promptly return to the Disclosing Party all written material containing or reflecting any of the Subject Information other than information contained in any application, notice or other document filed with any governmental agency and not returned to the Recipient by such governmental agency. In making any such filing, the Recipient will request confidential treatment of such Subject Information included in any application, notice or other document filed with any governmental agency.

Section 10.06 Specific Performance/Injunctive Relief. Each Recipient acknowledges that the Subject Information constitutes valuable, special and unique property of the Disclosing Party critical to its business and that any breach of Article X of this Agreement by it will give rise to irreparable injury to the Disclosing Party that is not compensable in damages. Accordingly, each Recipient agrees that the Disclosing Party will be entitled to obtain specific performance or injunctive relief against the breach or threatened breach of Article X of this Agreement by the Recipient or its Representatives. Each Recipient further agrees to waive, and use its reasonable efforts to cause its Representatives to waive, any requirement for the securing or posting of any bond in connection with such remedies. Such remedies are not the exclusive remedies for a breach of Article X of this Agreement, but are in addition to all other remedies available at law or in equity to the Disclosing Party.

ARTICLE XI

SURVIVAL OF REPRESENTATIONS AND WARRANTIES;

ADDITIONAL REMEDIES

Section 11.01 Survival of Representations, Warranties and Covenants. Notwithstanding any right of FFIN and FFB to investigate fully the affairs of OSB and the Bank and notwithstanding any Knowledge of facts determined or determinable by FFIN and FFB pursuant to such investigation or right of investigation, FFIN and FFB have the right to rely fully upon the representations, warranties, covenants and agreements of OSB and the Bank contained in this Agreement or in any certificate delivered pursuant to this Agreement. All of the representations and warranties made by the parties and contained in this Agreement will survive until December 30, 2013 (the Indemnification Termination Date), at which time such representations and warranties will terminate. All covenants made by the parties in Sections 1.09, 1.12, 5.22, 5.24, and Articles X, XI and XII, shall survive the Closing Date. All other covenants terminate at the Effective Time.

Section 11.02 Indemnification. OSB agrees to indemnify and hold harmless FFIN and each of its Subsidiaries, parents, Affiliates, directors, officers, shareholders, employees and agents (each an FFIN Indemnified Person and collectively the FFIN Indemnified Persons) from, against and with respect to any and all liabilities, losses, damages, deficiencies, judgments, costs, expenses (including, but not limited to, the fees and expenses of counsel), and interest or penalties, but net of all tax benefits actually realized by FFIN or any of its Subsidiaries and recoveries from related insurance claims with respect to such losses (collectively, FFIN Losses) resulting from (a) any inaccuracy in or any breach or violation of any representation or warranty made by OSB or the Bank in this Agreement or any schedule, certificate or other document delivered pursuant hereto or thereto or as part of the transactions contemplated hereby or thereby, (b) the failure of OSB or the Bank to perform any agreement or covenant required by this Agreement or any other instrument or agreement contemplated hereby or thereby, and (c) any civil money penalties or fines assessed against the Bank for any events or circumstances that occurred prior to the Effective Time. For purposes of this Agreement, a tax benefit shall not be treated as actually realized by a party or any of its Subsidiaries until such time, if any, that such tax benefit results in an actual reduction of the amount of Taxes payable by such party or any of its Subsidiaries during such Tax period computed after first considering all other expenses, losses, deduction, credits and net operating loss, capital loss and tax credit carryovers and carrybacks otherwise available to such party or any of its Subsidiaries. OSB will have no liability under this Indemnification provision for any and all liabilities, losses, damages, deficiencies, judgments, costs, expenses (including, but not limited to, the fees and expenses of counsel), and interest or penalties incurred by the FFIN Indemnified Persons attributable to the acts or conduct of the FFIN Indemnified Persons after the Effective Time.

Section 11.03 Indemnification of OSB. Each of FFIN and FFB agrees to indemnify and hold harmless OSB and each of its Subsidiaries, parents, Affiliates, directors, officers, shareholders, employees and agents (each a OSB Indemnified Person and collectively the OSB Indemnified Persons) from, against and with respect to any and all liabilities, losses, damages, deficiencies, judgments, costs, expenses (including, but not limited to, the fees and expenses of counsel), and interest or penalties, but net of all tax benefits actually realized by OSB or any of its Subsidiaries and recoveries from related insurance claims with respect to such losses (collectively, OSB Losses) resulting from (a) any inaccuracy in or any breach or violation of any representation or warranty made by FFIN or FFB in this Agreement or any schedule, certificate or other document delivered pursuant hereto or thereto or as part of the transactions contemplated hereby or thereby, and (b) the failure of FFIN or FFB to perform any agreement or covenant required by this Agreement or any other instrument or agreement contemplated hereby or thereby. Neither FFIN nor FFB will have any liability under this Indemnification provision for any and all liabilities, losses, damages, deficiencies, judgments, costs, expenses (including, but not limited to, the fees and expenses of counsel), and interest or penalties incurred by the OSB Indemnified Persons attributable to the acts or conduct of the OSB Indemnified Persons prior to the Effective Time.

Section 11.04 Procedure for Indemnification. FFIN, FFB or OSB (as applicable, the Indemnified Party) will, within ten (10) Business Days after the service of process in a lawsuit brought by a third party (a Lawsuit) or within thirty (30) days after such Indemnified Party acquires Knowledge of a claim covered by the indemnities under Sections 11.02, and 11.03 or 11.07 of this Agreement (a Claim), give written notice to the other party (the Indemnifying Party), describing the Lawsuit or Claim (a Notice of Claim) and the estimated amount thereof; but any failure by FFIN, FFB or OSB to give the foregoing written notice within such period will not affect the indemnities under Sections 11.02, 11.03 or 11.07, as applicable, to the extent that the Indemnifying Party is not actually prejudiced by such failure. Upon receipt of such notice, the Indemnifying Party will be entitled, at its own cost and expense: (a) to assume responsibility and control of the defense, compromise or settlement of the Lawsuit that involves solely a claim for one or more liabilities for which indemnity may be sought hereunder, and (b) in any other case, to be consulted by the Indemnified Party (who will consider in good faith all requests of the Indemnifying Party with respect to all such proceedings) with respect to proceedings subject to control of the Indemnified Party. For so long as the Indemnifying Party is contesting any such Lawsuit in good faith and by appropriate proceedings, the Indemnifying Party will not be required to make payment under this Article XI to the Indemnified Party. If the Indemnifying Party is controlling the conduct of any such Lawsuit, the Indemnifying Party will, on request of the Indemnified Party, provide to the Indemnified Party, at reasonable intervals, a summary of any developments with respect to that Lawsuit. The Indemnified Party may participate at its own expense in any judicial proceeding controlled by the Indemnifying Party. To the extent permitted by applicable law, the Indemnified Party will supply the Indemnifying Party with information reasonably requested by the Indemnifying Party as necessary for the Indemnifying Party to control and conduct the defense of any Lawsuit, to prosecute any counterclaim or to participate in any proceeding to the extent permitted by this provision. The Indemnified Party will not enter into any settlement or other compromise with respect to any liability as to which indemnity may be sought without the prior written consent of the Indemnifying Party, which consent is not to be unreasonably withheld.

Section 11.05 Limitations on Indemnity with Respect to Time, Amount and Source.

(a) The indemnification obligations of the parties under Sections 11.02 and 11.03 of this Agreement will expire on the Indemnification Termination Date, except (i) in each instance with respect to any Losses arising out of Claims or Lawsuits for which an Indemnified Party has given a Notice of Claim prior to the Indemnification Termination Date, and (ii) nothing in this Section affects the Indemnifying Party's obligations under Articles X and XII (the Continuing Obligations).

(b) Except as expressly provided herein, OSB will not be liable for FFIN Losses that are otherwise indemnifiable under Section 11.02 of this Agreement until the total of all FFIN Losses incurred by FFIN Indemnified Persons exceeds \$100,000, whereupon OSB shall be required to indemnify FFIN only for the amount of the total of all FFIN Losses that exceeds the first \$100,000. The maximum liability of OSB for all FFIN Losses under this Article XI is \$1,000,000.

Table of Contents

(c) Except as expressly provided herein, FFIN will not be liable for OSB Losses that are otherwise indemnifiable under Section 11.03 of this Agreement until the total of all OSB Losses incurred by OSB Indemnified Persons exceeds \$100,000, whereupon FFIN shall be required to indemnify OSB only for the amount of the total of all OSB Losses that exceeds the first \$100,000. The maximum liability of FFIN for all OSB Losses under this Article XI is \$1,000,000.

Section 11.06 Additional Remedies. Nothing contained in this Article XI limits or otherwise affects the remedies available to OSB, the Bank, FFIN or FFB, or their respective officers, directors or agents with respect to any claim or cause of action arising out of the willful misconduct, misrepresentation, fraud or gross negligence of the other party, its Affiliates or any shareholder, director, employee or agent of the other party or its Affiliates.

Section 11.07 Tax Indemnification Matters. OSB shall indemnify and hold harmless FFIN and its Affiliates against any FFIN Losses attributable to (i) all Taxes (or the nonpayment thereof) of Bank for all taxable periods ending on or prior to the Closing Date and the portion through the end of the Closing Date for any taxable period that includes (but does not end on) the Closing Date (Pre-Closing Tax Period); (ii) all Taxes of OSB; (iii) all Taxes of any member of an affiliated, consolidated, combined or unitary group of which the Bank is or was a member on or prior to the Closing Date, including pursuant to Treasury Regulation § 1.1502-6 or any analogous or similar state, local or foreign law or regulation; and (iv) any and all Taxes of any Person (other than the Bank) imposed on the Bank as a transferee or successor, by contract or pursuant to any law, rule, or regulation, which Taxes relate to an event or transaction occurring prior to the Closing Date, provided that no payment will be due under this Section 11.07 until the aggregate amount of such Taxes exceeds the amount of the Tax Accrual for the period ending as of the Closing. Tax Accrual means, with respect to the Bank, the aggregate amount of current liability accruals for Taxes (excluding reserves for deferred Taxes), if any, reflected on the OSB Financial Statements.

whether written or oral, that may exist between the parties with respect thereto. Except as otherwise specifically provided in this Agreement, no conditions, usage of trade, course of dealing or performance, understanding or agreement purporting to modify, vary, explain or supplement the terms or conditions of this Agreement is binding unless hereafter made in writing and signed by the party to be bound, and no modification will be effected by the acknowledgment or acceptance of documents containing terms or conditions at variance with or in addition to those set forth in this Agreement.

No party to this Agreement will assign this Agreement, by operation of law or otherwise, in whole or in part, without the prior written consent of the other parties, and any assignment made or attempted in violation of this Section is void and of no effect.

Section 12.06 Severability. If any provision of this Agreement is held to be illegal, invalid or unenforceable under present or future laws, then (a) this Agreement is to be construed and enforced as if such illegal, invalid or unenforceable provision were not a part hereof; (b) the remaining provisions of this Agreement will remain in full force and effect and will not be affected by such illegal, invalid or unenforceable provision or by its severance from this Agreement; and (c) there will be added automatically as a part of this Agreement a provision mutually agreed to which is similar in terms to such illegal, invalid or unenforceable provision as may be possible and still be legal, valid and enforceable.

Section 12.07 Notices. Any and all payments (other than payments at the Closing), notices, requests, instructions and other communications required or permitted to be given under this Agreement after the date of this Agreement by any party hereto to any other party may be delivered personally or by nationally recognized overnight courier service or sent by U.S. mail or (except in the case of payments) by facsimile transmission or electronic mail, at the respective addresses or transmission numbers set forth below and is deemed delivered (a) in the case of personal delivery, facsimile transmission or electronic mail, when received; (b) in the case of mail, upon the earlier of actual receipt or five (5) Business Days after deposit in the United States Postal Service, first class certified or registered mail, postage prepaid, return receipt requested; and (c) in the case of an overnight courier service, one (1) Business Day after delivery to such courier service with and instructions for overnight delivery. To the extent permitted by applicable law, this Agreement may be amended by action taken by or on behalf of the Board of Directors of FFIN, FFB, OSB, and the Bank at any time prior to or after adoption of this Agreement by the shareholders of OSB but, after any submission of this Agreement to such shareholders for approval, no amendment will be made that reduces the Purchase Price or that materially and adversely affects the rights of OSB's shareholders hereunder without the requisite approval of such shareholders. RECITALS

WHEREAS, FFIN, First Financial Bank, N.A., a national association with its main office in Abilene, Texas (FFB), OSB and Orange Savings Bank, SSB, a Texas savings bank with its home office in Orange, Texas (the Bank), have executed that certain Agreement and Plan of Merger, dated as of February 20, 2013 (the Merger Agreement), providing for the acquisition by FFIN of all or substantially all of the assets of OSB consisting of all of the issued and outstanding shares of capital stock of the Bank through the merger of the Bank with and into FFB, with FFB surviving the merger (the Merger);

WHEREAS, Sections 5.25 and 8.07 of the Merger Agreement require that OSB and the Bank deliver to FFIN the irrevocable proxies of the Shareholders as a condition of, and simultaneously with, execution of the Merger Agreement; and

WHEREAS, FFIN and FFB are relying on the irrevocable proxies in incurring expenses in reviewing the business of OSB and the Bank, in proceeding with the filing of applications for regulatory approvals, and in undertaking other actions necessary for the consummation of the Merger, and the Shareholders are benefiting both from such expenditures by FFIN and FFB and by the terms of the Merger Agreement.

NOW, THEREFORE, for and in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, OSB, FFIN, and the Shareholders undertake, promise, covenant and agree with each other as follows:

AGREEMENT

1. Each Shareholder, being the holder of common shares of OSB (the Common Shares) set forth below their names on the signature pages hereto, will vote, direct to vote, or act by consent with respect to:

- (a) the number of Common Shares set forth below the Shareholder's name on the signature pages hereto,
- (b) all Common Shares the Shareholder owns as of the record date of any meeting of the shareholders of OSB or otherwise as of the date of such vote or consent, and
- (c) all Common Shares the Shareholder owns beneficially and has the power and authority to direct the voting thereof as of the record date of any meeting of the shareholders of OSB or otherwise as of the date of such vote or consent (collectively, the Shares), in favor of approval of the sale of substantially all of the assets of OSB as contemplated by the Merger Agreement, the Merger and the Merger Agreement.

Table of Contents

2. If OSB conducts a meeting of or otherwise seeks approval of its shareholders with respect to any Acquisition Proposal (as defined below) or any other matter that may contradict this Agreement or the Merger Agreement or may prevent FFIN or OSB from completing the Merger, then the Shareholders will vote the Shares or otherwise act in the manner most favorable to completing the Merger and the transactions contemplated by the Merger Agreement.

Acquisition Proposal means any of the following: (a) a merger, consolidation, or any similar transaction (other than the Merger or any merger of any Subsidiary of OSB with and into OSB or another Subsidiary of OSB) of any entity with OSB or any Subsidiary of OSB, (b) a purchase, lease or other acquisition of all or substantially all the assets of OSB or any Subsidiary of OSB, (c) a purchase or other acquisition of beneficial ownership by any person or group (as such terms are defined in Section 13(d)(3) of the Securities Exchange Act of 1934) (including by way of merger, consolidation, share exchange, or otherwise) that would cause such person or group to become the beneficial owner of securities representing 25% or more of the voting power of OSB or any Subsidiary of OSB after the date of this Agreement, (d) a tender or exchange offer to acquire securities representing 25% or more of the voting power of OSB, (e) a public proxy or consent solicitation made to the shareholders of OSB seeking proxies in opposition to any proposal relating to any of the transactions contemplated by this Agreement, or (f) the making of a bona fide offer or proposal to the Board of Directors or shareholders of OSB to engage in one or more of the transactions referenced in clauses (a) through (e) above.

3. In order to better effect the provisions of Sections 1 and 2 of this Agreement, each Shareholder hereby revokes any previously executed proxies and hereby constitutes and appoints Lee with full power of substitution, his true and lawful proxy and attorney-in-fact (the Proxy Holder) to vote at any meeting of the shareholders of OSB (each, a Meeting) all of each Shareholder's Shares in favor of the approval of the sale of substantially all of the assets of OSB as contemplated by the Merger Agreement, the Merger and the Merger Agreement and the transactions contemplated therein, with such modifications to the Merger Agreement as the parties thereto may make; but this proxy will not apply with respect to any vote on the sale of substantially all of the assets of OSB as contemplated by the Merger Agreement if the Merger Agreement is modified so as to (i) reduce the amount of consideration or the form of consideration to be received by OSB or (ii) alter the tax consequences of the receipt thereof under the Merger Agreement in its present form.

4. Each Shareholder hereby covenants and agrees that until this Agreement is terminated in accordance with its terms, each Shareholder will not, and will not agree to, without the consent of FFIN, directly or indirectly, sell, transfer, assign, pledge, hypothecate, cause to be redeemed or otherwise dispose of any of the Shares or grant any proxy or interest in or with respect to any such Shares or deposit such shares into a voting trust or enter into another voting agreement or arrangement with respect to such Shares except as contemplated by this Agreement, unless the Shareholder causes the transferee of such Shares, or another holder of Common Shares in the amount of such Shares, to deliver to FFIN an amendment to this Agreement whereby such transferee becomes bound by the terms of this Agreement.

5. Lee, by his execution below, agrees to vote all of the Shareholders' Shares at any Meeting, in favor of the approval of the sale of substantially all of the assets of OSB as contemplated by the Merger Agreement, the Merger and the Merger Agreement, with such modifications to the Merger Agreement as the parties thereto may make; but this proxy will not apply with respect to any vote if the Merger Agreement is modified so as to reduce the amount of consideration or the form of consideration to be received by OSB or the tax consequences of the receipt thereof under the Merger Agreement in its present form.

6. Each of the Shareholder's acknowledges that FFIN and OSB are relying on this Agreement in incurring expenses in connection with FFIN's reviewing the Bank's business, in OSB's preparing a proxy statement, in FFIN preparing a private placement memorandum, in FFIN's and FFB's proceeding with the filing of applications for regulatory approvals, and in their undertaking other actions necessary for completing the Merger and that **THE PROXY GRANTED HEREBY IS COUPLED WITH AN INTEREST AND IS IRREVOCABLE TO THE FULL EXTENT PERMITTED BY APPLICABLE LAW, INCLUDING TO**

THE EXTENT APPLICABLE, SECTION 721.369 OF THE TEXAS BUSINESS ORGANIZATIONS CODE. The Shareholders and OSB acknowledge that the performance of this Agreement is intended to benefit FFIN and FFB.

7. The irrevocable proxy granted pursuant hereto will continue in effect until the earlier to occur of (a) the termination of the Merger Agreement, as it may be amended or extended from time to time, or (b) completion of the transactions contemplated by the Merger Agreement.

8. Lee may, in his sole discretion, appoint a substitute proxy to act as Proxy Holder under this Agreement. In the event of the death, disability or incapacity of Lee, FFIN, in its sole discretion, may appoint a substitute proxy to act as Proxy Holder under this Agreement.

9. The vote of the Proxy Holder will control in any conflict between his vote of the Shares and a vote by the substitute proxy holder or the Shareholders of the Shares, and OSB agrees to recognize the vote of the Proxy Holder instead of the vote of substitute proxy holder or the Shareholders if the substitute proxy holder or the Shareholders do not vote in accordance with Sections 1 and 2 of this Agreement.

10. This Agreement may not be modified, amended, altered or supplemented with respect to a particular Shareholder except upon the execution and delivery of a written agreement executed by FFIN, OSB and that Shareholder. Any such modification, amendment, alteration or supplement shall only apply to the Shareholder(s) executing such written agreement and this Agreement will remain in full force and effect with respect to Shareholders who do not execute such written agreement.

DIRECTOR SUPPORT AGREEMENT

This **DIRECTOR SUPPORT AGREEMENT** (the Agreement) is made and entered into as of February 20, 2013, by and between First Financial Bankshares, Inc., a Texas corporation and registered bank holding company under the Bank Holding Company Act of 1956 with its principal offices in Abilene, Texas (FFIN), and _____, an individual resident of the State of Texas (Director). Terms with their initial letters capitalized and not otherwise defined herein have the meanings given them in the Merger Agreement (as defined below).

RECITALS

WHEREAS, FFIN, First Financial Bank, N.A., a national association with its main office in Abilene, Texas (FFB), OSB Financial Services, Inc., a Texas corporation with its principal offices in Orange, Texas (OSB), and Orange Savings Bank, SSB, a Texas savings bank with its home office in Orange, Texas (the Bank), have entered into an Agreement and Plan of Merger, dated as of February 20, 2013 (the Merger Agreement), providing for the acquisition by FFIN of all or substantially all of the assets of OSB consisting of all of the issued and outstanding shares of capital stock of the Bank through the merger of the Bank with and into FFB, with FFB surviving the merger (the Merger); and

WHEREAS, in connection with consummation of the transactions contemplated by the Merger Agreement, and as a condition precedent to the obligations of FFIN under the Merger Agreement, FFIN and Director have agreed to enter into this Agreement.

NOW, THEREFORE, in consideration for receipt of such confidential information and trade secrets and in consideration of the premises and mutual covenants contained herein and in the Merger Agreement intending to be legally bound hereby, FFIN and Director agree as follows:

AGREEMENT

1. **Director Support.** Director agrees to use his or her best efforts to refrain from harming the goodwill of OSB, the Bank, any subsidiary of OSB or the Bank (OSB Subsidiary), FFIN or FFB, and their respective customer, client and vendor relationships. During the term of this Agreement, Director agrees also to consider FFB when obtaining banking products or services for his personal or business needs.

2. **Director Covenants.**

(a) Director acknowledges that he has received substantial, valuable consideration, including confidential trade secret and proprietary information relating to the identity and special needs of current and prospective customers of OSB or any OSB Subsidiary, OSB's and any OSB Subsidiary's current and prospective services, OSB's and any OSB Subsidiary's business projections and market studies, OSB's and any OSB Subsidiary's business plans and strategies, OSB's and any OSB Subsidiary's studies and information concerning special services unique to OSB or any OSB Subsidiary. Director further acknowledges and agrees that this consideration constitutes fair and adequate consideration for the execution of the non-solicitation restriction set forth below. Accordingly, other than in any capacity for or on behalf of FFIN or any subsidiary of FFIN, Director agrees that Director will not, directly or indirectly, individually or as an employee, partner, officer, director or shareholder or in any other capacity whatsoever:

(i) solicit the business of any person or entity who is a customer of OSB or any OSB Subsidiary as of the date of this Agreement or as of the Closing Date on behalf of any other insured depository institution;

(ii)(A) acquire any interest in (directly or indirectly), charter, operate or enter into any franchise or other management agreement with, any insured depository institution that has a location within a 35

Table of Contents

mile radius of any location of OSB or any OSB Subsidiary (the Noncompete Area) (but Director may (1) retain any existing ownership interest in any insured depository institution as disclosed on Schedule 1 attached hereto, (2) acquire an ownership interest in any publicly-traded depository institution, so long as that ownership interest does not exceed 3% of the total number of shares outstanding of that depository institution, and (3) invest in an existing mutual fund that invests, directly or indirectly, in such insured depository institutions),

(B) serve as an officer, director, employee, agent or consultant to any insured depository institution that has a location within the Noncompete Area, or

(C) establish or operate a branch or other office of an insured depository institution within the Noncompete Area; or

(iii) recruit, hire, assist others in recruiting or hiring, discuss employment with, or refer others concerning employment, any person who is, or within the 12 months preceding the Closing Date was, an employee of OSB or any OSB Subsidiary; but nothing in this Section 2(a)(iii) applies to employment other than in the financial services business.

Director may not avoid the purpose and intent of this Section 2(a) by engaging in conduct within the geographically limited area from a remote location through means such as telecommunications, written correspondence, computer generated or assisted communications, or other similar methods.

(b) If any court of competent jurisdiction should determine that the terms of this Section 2 are too broad in terms of time, geographic area, lines of commerce or otherwise, that court is to modify and revise any such terms so that they comply with applicable law.

(c) Director agrees that (i) this Agreement is entered into in connection with the sale to FFIN of the goodwill of the business of the Bank, (ii) Director is receiving valuable consideration for this Agreement, (iii) the restrictions imposed upon Director by this Agreement are essential and necessary to ensure FFIN acquires the goodwill of the Bank, and (iv) all the restrictions (including particularly the time and geographical limitations) set forth in this Agreement are fair and reasonable.

3. **Early Resolution Conference.** This Agreement is understood to be clear and enforceable as written and is executed by both parties on that basis. However, should Director later challenge any provision as unclear, unenforceable, or inapplicable to any competitive activity that Director intends to engage in, Director will first notify FFIN in writing and meet with a FFIN representative and a neutral mediator (if FFIN elects to retain one at its expense) to discuss resolution of any disputes between the parties. Director will provide this notice at least 21 days before Director engages in any activity on behalf of a competing business or engages in other activity that could for see ably fall within a questioned restriction. If Director fails to comply with this requirement, Director waives his right to challenge the reasonable scope, clarity, applicability or enforceability of this Agreement and its restrictions at a later time.

4. **Termination.** This Agreement and all obligations hereunder will terminate on the earlier of (a) the date the Merger Agreement is terminated pursuant to Section 9.01 of the Merger Agreement or (b) the date that is 24 months after the Closing Date.

5. **Waiver, Amendment and Modification.** Any of the terms or conditions of this Agreement may be waived at any time by the party that is entitled to the benefits thereof. This Agreement may be modified or amended at any time, by action of FFIN and the Director. Any waiver, modification or amendment of this Agreement shall be in writing.

6. **Multiple Counterparts.** For the convenience of the parties hereto, this Agreement may be signed in multiple counterparts, each of which will be deemed an original, and all counterparts hereof so signed by the parties hereto, whether or not such counterpart will bear the execution of each of the parties hereto, will be

deemed to be, and is to be construed as, one and the same Agreement. A telecopy, facsimile or electronic scan in PDF format of a signed counterpart of this Agreement will be sufficient to bind the party or parties whose signature(s) appear thereon.

7. **Governing Law.** **THIS AGREEMENT IS TO BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF TEXAS, WITHOUT REGARD FOR THE PROVISIONS THEREOF REGARDING CHOICE OF LAW. VENUE FOR ANY CAUSE OF ACTION BETWEEN THE PARTIES TO THIS AGREEMENT WILL LIE IN ORANGE COUNTY, TEXAS.**

8. **Binding Effect; Assignment.** All of the terms, covenants, representations, warranties and conditions of this Agreement are binding upon, and inure to the benefit of and are enforceable by, the parties and their respective successors, representatives and permitted assigns. Nothing expressed or referred to herein is intended or is to be construed to give any person other than the parties hereto any legal or equitable right, remedy or claim under or in respect of this Agreement, it being the intent of the parties that this Agreement, and the terms hereof are for the sole benefit of the parties to this Agreement and not for the benefit of any other person. No party to this Agreement will assign this Agreement, by operation of law or otherwise, in whole or in part, without the prior written consent of the other parties, and any assignment made or attempted in violation of this Section is void and of no effect.

9. **Severability.** If any provision of this Agreement is held to be illegal, invalid or unenforceable under present or future laws, then (a) this Agreement is to be construed and enforced as if such illegal, invalid or unenforceable provision were not a part hereof; (b) the remaining provisions of this Agreement will remain in full force and effect and will not be affected by such illegal, invalid or unenforceable provision or by its severance from this Agreement; and (c) there will be added automatically as a part of this Agreement a provision mutually agreed to which is similar in terms to such illegal, invalid or unenforceable provision as may be possible and still be legal, valid and enforceable.

10. **Specific Performance.** Each of the parties hereto acknowledges that the other parties would be irreparably damaged and would not have an adequate remedy at law for money damages if any of the covenants contained in this Agreement were not performed in accordance with its terms or otherwise were materially breached. Each of the parties hereto therefore agrees that, without the necessity of proving actual damages or posting bond or other security, the other party will be entitled to temporary and/or permanent injunction or injunctions which a court of competent jurisdiction concludes is justified to prevent breaches of such performance and to specific enforcement of such covenants in addition to any other remedy to which they may be entitled, at law or in equity.

11. **Entire Agreement.** This Agreement and the other agreements, documents, schedules and instruments signed and delivered by the parties to each other at the Closing are the full understanding of the parties, a complete allocation of risks between them and a complete and exclusive statement of the terms and conditions of their agreement relating to the subject matter hereof and supersede any and all prior agreements, whether written or oral, that may exist between the parties with respect thereto. Except as otherwise specifically provided in this Agreement, no conditions, usage of trade, course of dealing or performance, understanding or agreement purporting to modify, vary, explain or supplement the terms or conditions of this Agreement is binding unless hereafter made in writing and signed by the party to be bound, and no modification will be effected by the acknowledgment or acceptance of documents containing terms or conditions at variance with or in addition to those set forth in this Agreement.

Board of Directors

OSB Financial Services, Inc.

812 North 16th Street

Orange, TX 77630

Dear Members of the Board:

Hovde Financial, Inc. (we or Hovde) understand that First Financial Bankshares, Inc., a Texas corporation and registered bank holding company under the Bank Holding Company Act of 1956 (the BHCA) with its principal offices in Abilene, Texas (FFIN), First Financial Bank, N.A., a national association with its main office in Abilene, Texas (FFB), OSB Financial Services, Inc., a Texas corporation with its principal offices in Orange, Texas (OSB), and Orange Savings Bank, SSB (the Bank), a Texas savings bank with its home office in Orange, Texas are about to enter into an Agreement and Plan of Merger, to be dated on or about February 20, 2013 (the Agreement), pursuant to which FFIN will acquire all of the outstanding capital stock of the Bank (the Bank Stock) from OSB, through the forward merger of the Bank with and into FFB, with FFB surviving (the Merger).

As a result of the Merger, all of the issued and outstanding shares of Bank Stock will be converted into and exchanged for cash or common shares, par value \$0.01 per share, of FFIN (the FFIN Stock) in the manner provided for in the Agreement. We note that after the Merger, FFB shall continue as the entity resulting from the Merger (the Resulting Bank), and the separate corporate existence of the Bank shall cease.

Pursuant to the Agreement, and, except as otherwise set forth therein, at the Effective Time (as defined in the Agreement), FFIN will deliver to OSB as full consideration for all of the Bank Stock, the following:

- (i) a number of shares of FFIN Stock equal to 420,000 shares of FFIN Stock (the Stock Consideration); plus
- (ii) cash in an amount equal to \$39,200,000.00 (the Cash Consideration and together with the Stock Consideration, the Merger Consideration).

We note that pursuant to Section 1.06(d) of the Agreement, if, between the date of the Agreement and the Effective Date, the outstanding shares of FFIN Stock increase, decrease, change into or are exchanged for a different number or kind of shares or securities as a result of a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar change in capitalization (a Share Adjustment), then the number of shares of FFIN Stock set forth in Section 1.06(c)(i) will be appropriately and proportionately adjusted so that the shareholder of the Bank shall be entitled to receive the Merger Consideration in such proportion as it would have received pursuant to such Share Adjustment had the record date therefor been immediately after the Effective Date; *provided, however*, no fractional shares of FFIN Stock shall be issued in the Merger and in lieu thereof, any fractional share resulting from a Share Adjustment shall be rounded up to the next whole share of FFIN Stock. Since such Share Adjustments, if any, would not be determinable until dates after the date of this opinion, potential future adjustments relating to the Merger Consideration resulting from any Share Adjustment, if any, have not been accounted for in this fairness opinion. We have assumed for purposes of our opinion that there will be no Share Adjustment pursuant to Section 1.06(d).

We further note that Section 1.07 of the Agreement provides for a possible future adjustment to the Merger Consideration, as follows:

(i) if the Adjusted Equity (as defined in the Agreement) of the Bank, as calculated in accordance with Section 1.07 as of the close of business on the second business day immediately preceding the Closing Date, or such other date as mutually agreed to by the parties (the Calculation Date), is less than \$43.2 million (the Minimum Equity), the Cash Consideration shall be reduced by an amount equal to the difference between the Minimum Equity and the Adjusted Equity.

We further note that Section 1.07 provides that to extent the Adjusted Equity exceeds the Minimum Equity on the Calculation Date, the Bank may dividend such excess amount to OSB after the Calculation Date and prior to the Effective Time.

Since the Bank's actual Adjusted Equity as of the Calculation Date, as described in the Agreement, and related amounts derived from those figures cannot be determined until dates after the date of this opinion, potential future adjustments in the Merger Consideration attributable to a decline in any Adjusted Equity, if any, have not been accounted for in this fairness opinion. We have assumed for purposes of our opinion that the Adjusted Equity will be equal to or greater than \$43.2 million and that there will be no adjustment to the Cash Consideration amount of \$39,200,000.00.

For purposes of the opinion, we have therefore assumed that FFIN will deliver to OSB, total Merger Consideration as follows: 420,000 shares of Stock Consideration, and \$39,200,000.00 of Cash Consideration.

The foregoing descriptions of the Merger, Stock Consideration, Cash Consideration, Merger Consideration, and the Agreement are qualified in their entirety by reference to the Agreement. Capitalized terms used herein that are not otherwise defined shall have the same meaning attributed to them in the Agreement. In connection therewith, you have requested our opinion as to whether the Merger Consideration to be paid in connection with the Merger is fair to the shareholders of OSB from a financial point of view. This opinion addresses only the fairness of the Merger Consideration to be received by OSB, and we are not opining on the individual components of the Merger Consideration.

During the course of our engagement and for the purposes of the opinion set forth herein, we have:

- (i) reviewed a draft of the Agreement, as provided to Hovde by OSB;
- (ii) reviewed certain unaudited financial statements of the Bank for the three and twelve month periods ended December 31, 2012;
- (iii) reviewed certain historical publicly available business and financial information concerning FFIN, FFB, OSB, and the Bank;
- (iv) reviewed certain internal financial statements and other financial and operating data concerning OSB and the Bank, including, without limitation, internal financial analyses and forecasts prepared by management and held discussions with senior management regarding recent developments and regulatory matters;
- (v) analyzed financial projections prepared by certain members of OSB's and the Bank's senior management;

Edgar Filing: FIRST FINANCIAL BANKSHARES INC - Form S-4

- (vi) discussed with certain members of FFIN, FFB, OSB, and the Bank's senior management, the business, financial condition, results of operations and future prospects of OSB and the Bank;

- (vii) discussed with certain members of FFIN, FFB, OSB, and the Bank's senior management, FFIN, FFB, OSB, and the Bank's business, financial condition, results of operations and historical financial performance, and the Bank's outlook and future prospects. These included discussions regarding the liquidity and capital adequacy of FFIN and FFB and their ability to continue as a going concern;

- (viii) reviewed the terms of recent merger, acquisition and control investment transactions, to the extent publicly available, involving financial institutions and financial institution holding companies that we considered relevant;
- (ix) analyzed the pro forma impact of the Merger on the combined company's earnings per share, consolidated capitalization and financial ratios;
- (x) reviewed historical market prices and trading volumes of FFIN's common stock;
- (xi) evaluated the pro forma ownership of FFIN common stock by OSB's shareholders;
- (xii) assessed the general economic, market and financial conditions;
- (xiii) taken into consideration our experience in other similar transactions and securities valuations as well as our knowledge of the banking and financial services industry;
- (xiv) reviewed and analyzed certain publicly available financial and stock market data relating to selected public companies that Hovde deemed relevant to its analysis;
- (xv) discussed with management of OSB and the Bank their assessment of the rationale for the Merger; and
- (xvi) performed such other analyses and considered such other factors as we have deemed appropriate.

We have assumed, without independent verification, that the representations as well as the financial and other information provided to us by OSB and the Bank or included in the Agreement, which has formed a substantial basis for this opinion, are true and complete. Hovde has relied upon the management of OSB and the Bank as to the reasonableness and achievability of the financial forecasts and projections (and the assumptions and bases therein) provided to Hovde by OSB and the Bank, and Hovde assumed such forecasts and projections have been reasonably prepared by OSB and the Bank on a basis reflecting the best currently available information and OSB's and the Bank's judgments and estimates. We have assumed that such forecasts would be realized in the amounts and at the times contemplated thereby. Hovde has relied on these forecasts without independent verification or analyses and does not in any respect assume any responsibility for the accuracy or completeness thereof.

We are not experts in the evaluation of loan and lease portfolios for purposes of assessing the adequacy of the allowances for losses with respect thereto. We have assumed that such allowances for OSB and the Bank and its affiliates are in the aggregate adequate to cover such losses. We were not requested to make, and have not made, an independent evaluation, physical inspection or appraisal of the assets, properties, facilities, or liabilities (contingent or otherwise) of OSB or the Bank, the collateral securing any such assets or liabilities, or the collectability of any such assets and we were not furnished with any such evaluations or appraisals; nor did we review any loan or credit files of OSB or the Bank.

Edgar Filing: FIRST FINANCIAL BANKSHARES INC - Form S-4

We have assumed that the Merger will be consummated substantially in accordance with the terms set forth in the Agreement, without any waiver of material terms or conditions by OSB, the Bank or any other party to the Agreement and that the final Agreement will not differ materially from the draft we reviewed. We have assumed that the Merger has been, and will be, conducted in compliance with all laws and regulations that are applicable to OSB and the Bank. OSB and the Bank have advised us that there are no factors that would impede any necessary regulatory or governmental approval of the Merger. We have assumed that, in the course of obtaining the necessary regulatory and governmental approvals, no restrictions will be imposed on OSB and the Bank that would have a material adverse effect on the contemplated benefits of the Merger. We have also assumed that there would be no change in applicable law or regulation that would cause a material adverse change in the prospects or operations of OSB and the Bank after the Merger.

Our opinion does not consider, include or address: (i) any other strategic alternatives currently (or which have been or may be) contemplated by the Board or OSB or the Bank; (ii) the legal, tax or accounting

consequences of the Merger on OSB, the Bank, the Bank's shareholders or FFIN or FFB; (iii) any advice or opinions provided by any other advisor to the Board or OSB or the Bank; or (iv) whether FFIN or FFB has sufficient cash, available lines of credit or other sources of funds to enable it to pay the Cash Consideration.

Our opinion does not constitute a recommendation to OSB or the Bank or FFIN or FFB as to whether or not OSB or the Bank or FFIN or FFB should enter into the Agreement. Our opinion neither addresses the underlying business decision to proceed with the Merger nor the fairness of the amount or nature of the compensation, if any, to be received by any of OSB's or the Bank's officers, directors or employees, or class of such persons, relative to the Merger Consideration to be paid with respect to the Merger, or the fairness of the Merger Consideration to FFIN or FFB. Our opinion should not be construed as implying that the Merger Consideration is necessarily the highest or best price that could be obtained in the Merger or in a sale, merger, or combination transaction with a third party. Other than as specifically set forth herein, we are not expressing any opinion with respect to the terms and provisions of the Agreement and/or the enforceability of any such terms or provisions. Our opinion is not a solvency opinion and does not in any way address the solvency or financial condition of OSB or the Bank.

This opinion was approved by Hovde's fairness committee. This letter is directed solely to the board of directors of OSB and is not to be used for any other purpose or quoted or referred to, in whole or in part, in any registration statement, prospectus, proxy statement, or any other document, except in each case in accordance with our prior written consent; provided, however, that we hereby consent to the inclusion and reference to this letter in any registration statement, proxy statement, information statement or tender offer document to be delivered to the holders of OSB's common stock in connection with the Merger if and only if this letter is quoted in full or attached as an exhibit to such document and this letter has not been withdrawn prior to the date of such document.

Our opinion is based solely upon the information available to us, and the economic, market and other circumstances as they exist as of the date hereof. Events occurring and information that becomes available after the date hereof could materially affect the assumptions and analyses used in preparing this opinion. We have not undertaken to reaffirm or revise this opinion or otherwise comment upon any events occurring or information that becomes available after the date hereof.

Hovde, as part of its investment banking business, regularly performs valuations of businesses and their securities in connection with mergers and acquisitions and other corporate transactions. In addition to being retained to render this opinion letter, we were retained by OSB and the Bank to act as their financial advisor in connection with the Merger.

We will receive compensation from OSB and the Bank in connection with our services, which may include, without limitation, an initial fee for providing general financial advisory services, a fairness opinion fee that is contingent upon the issuance of this opinion letter and a completion fee that is contingent upon the consummation of the Merger. Further, OSB and the Bank have agreed to indemnify us and our affiliates for certain liabilities that may arise out of our engagement. Except for the foregoing, during the past two years there have not been, and there are no mutual understandings contemplating in the future, any material relationships between Hovde and OSB and the Bank.

Based upon and subject to the foregoing, we are of the opinion, as of the date hereof, that the Merger Consideration to be paid in connection with the Merger is fair to the shareholders of OSB from a financial point of view.

Sincerely,

HOVDE FINANCIAL, INC.

(c) An owner who does not make a demand within the period required by Subsection (b)(2)(E) is bound by the action and is not entitled to exercise the rights of dissent and appraisal under Section 10.354.

(d) Not later than the 20th day after the date an owner makes a demand under this section, the owner must submit to the responsible organization any certificates representing the ownership interest to which the demand relates for purposes of making a notation on the certificates that a demand for the payment of the fair value of an ownership interest has been made under this section. An owner's failure to submit the certificates within the required period has the effect of terminating, at the option of the responsible organization, the owner's rights to dissent and appraisal under Section 10.354 unless a court, for good cause shown, directs otherwise.

(e) If a domestic entity and responsible organization satisfy the requirements of this subchapter relating to the rights of owners of ownership interests in the entity to dissent to an action and seek appraisal of those ownership interests, an owner of an ownership interest who fails to perfect that owner's right of dissent in accordance with this subchapter may not bring suit to recover the value of the ownership interest or money damages relating to the action.

§ 10.357. WITHDRAWAL OF DEMAND FOR FAIR VALUE OF OWNERSHIP INTEREST.

(a) An owner may withdraw a demand for the payment of the fair value of an ownership interest made under Section 10.356 before:

(1) payment for the ownership interest has been made under Sections 10.358 and 10.361; or

(2) a petition has been filed under Section 10.361.

(b) Unless the responsible organization consents to the withdrawal of the demand, an owner may not withdraw a demand for payment under Subsection (a) after either of the events specified in Subsections (a)(1) and (2).

§ 10.358. RESPONSE BY ORGANIZATION TO NOTICE OF DISSENT AND DEMAND FOR FAIR VALUE BY DISSENTING OWNER.

(a) Not later than the 20th day after the date a responsible organization receives a demand for payment made by a dissenting owner in accordance with Section 10.356, the responsible organization shall respond to the dissenting owner in writing by:

(1) accepting the amount claimed in the demand as the fair value of the ownership interests specified in the notice; or

(2) rejecting the demand and including in the response the requirements prescribed by Subsection (c).

(b) If the responsible organization accepts the amount claimed in the demand, the responsible organization shall pay the amount not later than the 90th day after the date the action that is the subject of the demand was effected if the owner delivers to the responsible organization:

(1) endorsed certificates representing the ownership interests if the ownership interests are certificated; or

(2) signed assignments of the ownership interests if the ownership interests are uncertificated.

(c) If the responsible organization rejects the amount claimed in the demand, the responsible organization shall provide to the owner:

(1) an estimate by the responsible organization of the fair value of the ownership interests; and

(2) an offer to pay the amount of the estimate provided under Subdivision (1).

(d) An offer made under Subsection (c)(2) must remain open for a period of at least 60 days from the date the offer is first delivered to the dissenting owner.

Table of Contents

(e) If a dissenting owner accepts an offer made by a responsible organization under Subsection (c)(2) or if a dissenting owner and a responsible organization reach an agreement on the fair value of the ownership interests, the responsible organization shall pay the agreed amount not later than the 60th day after the date the offer is accepted or the agreement is reached, as appropriate, if the dissenting owner delivers to the responsible organization:

- (1) endorsed certificates representing the ownership interests if the ownership interests are certificated; or
- (2) signed assignments of the ownership interests if the ownership interests are uncertificated.

§ 10.359. RECORD OF DEMAND FOR FAIR VALUE OF OWNERSHIP INTEREST.

(a) A responsible organization shall note in the organization's ownership interest records maintained under Section 3.151 the receipt of a demand for payment from any dissenting owner made under Section 10.356.

(b) If an ownership interest that is the subject of a demand for payment made under Section 10.356 is transferred, a new certificate representing that ownership interest must contain:

- (1) a reference to the demand; and
- (2) the name of the original dissenting owner of the ownership interest.

§ 10.360. RIGHTS OF TRANSFEREE OF CERTAIN OWNERSHIP INTEREST.

A transferee of an ownership interest that is the subject of a demand for payment made under Section 10.356 does not acquire additional rights with respect to the responsible organization following the transfer. The transferee has only the rights the original dissenting owner had with respect to the responsible organization after making the demand.

§ 10.361. PROCEEDING TO DETERMINE FAIR VALUE OF OWNERSHIP INTEREST AND OWNERS ENTITLED TO PAYMENT; APPOINTMENT OF APPRAISERS.

(a) If a responsible organization rejects the amount demanded by a dissenting owner under Section 10.358 and the dissenting owner and responsible organization are unable to reach an agreement relating to the fair value of the ownership interests within the period prescribed by Section 10.358(d), the dissenting owner or responsible organization may file a petition requesting a finding and determination of the fair value of the owner's ownership interests in a court in:

- (1) the county in which the organization's principal office is located in this state; or
- (2) the county in which the organization's registered office is located in this state, if the organization does not have a business office in this state.

(b) A petition described by Subsection (a) must be filed not later than the 60th day after the expiration of the period required by Section 10.358(d).

(c) On the filing of a petition by an owner under Subsection (a), service of a copy of the petition shall be made to the responsible organization. Not later than the 10th day after the date a responsible organization receives service under this subsection, the responsible organization shall file with the clerk of the court in which the petition was filed a list containing the names and addresses of each owner of the organization who has demanded payment for ownership interests under Section 10.356 and with whom agreement as to the value of the ownership interests has not been reached with the responsible organization. If the responsible organization files a petition under Subsection (a), the petition must be accompanied by this list.

(d) The clerk of the court in which a petition is filed under this section shall provide by registered mail notice of the time and place set for the hearing to:

- (1) the responsible organization; and

(2) each owner named on the list described by Subsection (c) at the address shown for the owner on the list.

Table of Contents

(e) The court shall:

(1) determine which owners have:

(A) perfected their rights by complying with this subchapter; and

(B) become subsequently entitled to receive payment for the fair value of their ownership interests; and

(2) appoint one or more qualified appraisers to determine the fair value of the ownership interests of the owners described by Subdivision (1).

(f) The court shall approve the form of a notice required to be provided under this section. The judgment of the court is final and binding on the responsible organization, any other organization obligated to make payment under this subchapter for an ownership interest, and each owner who is notified as required by this section.

(g) The beneficial owner of an ownership interest subject to dissenters' rights held in a voting trust or by a nominee on the beneficial owner's behalf may file a petition described by Subsection (a) if no agreement between the dissenting owner of the ownership interest and the responsible organization has been reached within the period prescribed by Section 10.358(d). When the beneficial owner files a petition described by Subsection (a):

(1) the beneficial owner shall at that time be considered, for purposes of this subchapter, the owner, the dissenting owner, and the holder of the ownership interest subject to the petition; and

(2) the dissenting owner who demanded payment under Section 10.356 has no further rights regarding the ownership interest subject to the petition.

§ 10.362. COMPUTATION AND DETERMINATION OF FAIR VALUE OF OWNERSHIP INTEREST.

(a) For purposes of this subchapter, the fair value of an ownership interest of a domestic entity subject to dissenters' rights is the value of the ownership interest on the date preceding the date of the action that is the subject of the appraisal. Any appreciation or depreciation in the value of the ownership interest occurring in anticipation of the proposed action or as a result of the action must be specifically excluded from the computation of the fair value of the ownership interest.

(b) In computing the fair value of an ownership interest under this subchapter, consideration must be given to the value of the domestic entity as a going concern without including in the computation of value any control premium, any minority ownership discount, or any discount for lack of marketability. If the domestic entity has different classes or series of ownership interests, the relative rights and preferences of and limitations placed on the class or series of ownership interests, other than relative voting rights, held by the dissenting owner must be taken into account in the computation of value.

(c) The determination of the fair value of an ownership interest made for purposes of this subchapter may not be used for purposes of making a determination of the fair value of that ownership interest for another purpose or of the fair value of another ownership interest, including for purposes of determining any minority or liquidity discount that might apply to a sale of an ownership interest.

§ 10.363. POWERS AND DUTIES OF APPRAISER; APPRAISAL PROCEDURES.

(a) An appraiser appointed under Section 10.361 has the power and authority that:

(1) is granted by the court in the order appointing the appraiser; and

(2) may be conferred by a court to a master in chancery as provided by Rule 171, Texas Rules of Civil Procedure.

Table of Contents

(b) The appraiser shall:

- (1) determine the fair value of an ownership interest of an owner adjudged by the court to be entitled to payment for the ownership interest; and
- (2) file with the court a report of that determination.

(c) The appraiser is entitled to examine the books and records of a responsible organization and may conduct investigations as the appraiser considers appropriate. A dissenting owner or responsible organization may submit to an appraiser evidence or other information relevant to the determination of the fair value of the ownership interest required by Subsection (b)(1).

(d) The clerk of the court appointing the appraiser shall provide notice of the filing of the report under Subsection (b) to each dissenting owner named in the list filed under Section 10.361 and the responsible organization.

§ 10.364. OBJECTION TO APPRAISAL; HEARING.

(a) A dissenting owner or responsible organization may object, based on the law or the facts, to all or part of an appraisal report containing the fair value of an ownership interest determined under Section 10.363(b).

(b) If an objection to a report is raised under Subsection (a), the court shall hold a hearing to determine the fair value of the ownership interest that is the subject of the report. After the hearing, the court shall require the responsible organization to pay to the holders of the ownership interest the amount of the determined value with interest, accruing from the 91st day after the date the applicable action for which the owner elected to dissent was effected until the date of the judgment.

(c) Interest under Subsection (b) accrues at the same rate as is provided for the accrual of prejudgment interest in civil cases.

(d) The responsible organization shall:

- (1) immediately pay the amount of the judgment to a holder of an uncertificated ownership interest; and
- (2) pay the amount of the judgment to a holder of a certificated ownership interest immediately after the certificate holder surrenders to the responsible organization an endorsed certificate representing the ownership interest.

(e) On payment of the judgment, the dissenting owner does not have an interest in the:

- (1) ownership interest for which the payment is made; or
- (2) responsible organization with respect to that ownership interest.

§ 10.365. COURT COSTS; COMPENSATION FOR APPRAISER.

(a) An appraiser appointed under Section 10.361 is entitled to a reasonable fee payable from court costs.

(b) All court costs shall be allocated between the responsible organization and the dissenting owners in the manner that the court determines to be fair and equitable.

§ 10.366. STATUS OF OWNERSHIP INTEREST HELD OR FORMERLY HELD BY DISSENTING OWNER.

(a) An ownership interest of an organization acquired by a responsible organization under this subchapter:

(1) in the case of a merger, conversion, or interest exchange, shall be held or disposed of as provided in the plan of merger, conversion, or interest exchange; and

(2) in any other case, may be held or disposed of by the responsible organization in the same manner as other ownership interests acquired by the organization or held in its treasury.

(b) An owner who has demanded payment for the owner's ownership interest under Section 10.356 is not entitled to vote or exercise any other rights of an owner with respect to the ownership interest except the right to:

(1) receive payment for the ownership interest under this subchapter; and

(2) bring an appropriate action to obtain relief on the ground that the action to which the demand relates would be or was fraudulent.

(c) An ownership interest for which payment has been demanded under Section 10.356 may not be considered outstanding for purposes of any subsequent vote or action.

§ 10.367. RIGHTS OF OWNERS FOLLOWING TERMINATION OF RIGHT OF DISSENT.

(a) The rights of a dissenting owner terminate if:

(1) the owner withdraws the demand under Section 10.356;

(2) the owner's right of dissent is terminated under Section 10.356;

(3) a petition is not filed within the period required by Section 10.361; or

(4) after a hearing held under Section 10.361, the court adjudges that the owner is not entitled to elect to dissent from an action under this subchapter.

(b) On termination of the right of dissent under this section:

(1) the dissenting owner and all persons claiming a right under the owner are conclusively presumed to have approved and ratified the action to which the owner dissented and are bound by that action;

(2) the owner's right to be paid the fair value of the owner's ownership interests ceases;

(3) the owner's status as an owner of those ownership interests is restored, as if the owner's demand for payment of the fair value of the ownership interests had not been made under Section 10.356, if the owner's ownership interests were not canceled, converted, or exchanged as a result of the action or a subsequent action;

(4) the dissenting owner is entitled to receive the same cash, property, rights, and other consideration received by owners of the same class and series of ownership interests held by the owner, as if the owner's demand for payment of the fair value of the ownership interests had not been made under Section 10.356, if the owner's ownership interests were canceled, converted, or exchanged as a result of the action or a subsequent action;

(5) any action of the domestic entity taken after the date of the demand for payment by the owner under Section 10.356 will not be considered ineffective or invalid because of the restoration of the owner's ownership interests or the other rights or entitlements of the owner under this subsection; and

Table of Contents

(6) the dissenting owner is entitled to receive dividends or other distributions made after the date of the owner's payment demand under Section 10.356, to owners of the same class and series of ownership interests held by the owner as if the demand had not been made, subject to any change in or adjustment to the ownership interests because of an action taken by the domestic entity after the date of the demand.

§ 10.368. EXCLUSIVITY OF REMEDY OF DISSENT AND APPRAISAL.

In the absence of fraud in the transaction, any right of an owner of an ownership interest to dissent from an action and obtain the fair value of the ownership interest under this subchapter is the exclusive remedy for recovery of:

- (1) the value of the ownership interest or money damages to the owner with respect to the ownership interest; and
- (2) the owner's right in the organization with respect to a fundamental business transaction.

Table of Contents**PART II****INFORMATION NOT REQUIRED IN PROSPECTUS****Item 20. Indemnification of Directors and Officers of First Financial.**

The Amended and Restated Certificate of Formation and the Amended and Restated Bylaws of First Financial Bankshares, Inc. (the Registrant) require the Registrant to indemnify officers and directors of the Registrant to the fullest extent permitted by Texas law. Generally, Chapter 8 of the Texas Business Organizations Code (TBOC) permits a corporation to indemnify a person who was, is, or is threatened to be made a named defendant or respondent in a proceeding because the person was or is a director or officer if it is determined that such person (1) conducted himself in good faith, (2) reasonably believed (a) in the case of conduct in his official capacity as a director or officer of the corporation, that his conduct was in the corporation's best interest, or (b) in other cases, that his conduct was at least not opposed to the corporation's best interests, and (3) in the case of any criminal proceeding, had no reasonable cause to believe that his conduct was unlawful. In addition, the TBOC requires a corporation to indemnify a director or officer for any action that such director or officer is wholly successful in defending on the merits.

The Registrant's Amended and Restated Certificate of Formation provides that a director of the Registrant will not be liable to the corporation for monetary damages for an act or omission in the director's capacity as a director, except to the extent not permitted by law. Texas law does not permit exculpation of liability in the case of (i) a breach of the director's duty of loyalty to the corporation or its shareholders; (ii) an act or omission not in good faith that constitutes a breach of duty of the director to the corporation or that involves intentional misconduct or a knowing violation of the law; (iii) a transaction from which a director received an improper benefit, whether or not the benefit resulted from an action taken within the scope of the director's office; or (iv) an act or omission for which the liability of the director is expressly provided by statute.

The Registrant's Amended and Restated Certificate of Formation permits the Registrant to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the Registrant or who is or was serving at the request of the Registrant as a director, officer, employee or agent of another corporation or organization, against any liability asserted against such person and incurred by such person in such a capacity or arising out of such person's status as such a person.

The Amended and Restated Certificate of Formation and the Amended and Restated Bylaws of the Registrant were previously filed with the Securities and Exchange Commission and are incorporated by reference into the registration statement.

Item 22. Undertakings.

The undersigned registrant hereby undertakes:

(a) (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective Registration Statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934, as amended (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(g) (1) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(2) The registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (1) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection

Table of Contents

with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
