Horizon Pharma plc to Amend Preliminary Solicitation Statement to Include

Proposed Nominees for Depomed s Board

Horizon Pharma Intends to Seek Election of Its Slate at Special Meeting; Horizon Pharma Nominees Feature Seven Independent Candidates Who It Believes Would Act in the Best Interests of Depomed and Its Shareholders

DUBLIN, IRELAND August 19, 2015 Horizon Pharma plc (NASDAQ: HZNP), a biopharmaceutical company focused on improving patients lives by identifying, developing, acquiring and commercializing differentiated and accessible medicines that address unmet medical needs, today announced that it is amending its preliminary solicitation statement filed on Schedule 14A with the Securities and Exchange Commission (SEC) on August 3, 2015, as amended, to include a proposal to elect individuals whom Horizon Pharma believes should serve as successor directors on the board of directors of Depomed, Inc. (Depomed), should Depomed s current board members be removed by shareholders at a special meeting.

Timothy P. Walbert, chairman, president and chief executive officer, Horizon Pharma plc, commented, We firmly believe that Depomed shareholders have a right to consider the highly attractive proposal we have made. However, given the board s behavior and entrenchment, we feel strongly that the board as currently constituted does not provide assurance that the interests of Depomed shareholders are being sufficiently taken into account. Depomed shareholders deserve to have a board that is committed to solely acting in their best interests.

Our nominees are independent and experienced executives, who bring valuable and distinct expertise. We are confident that they would consider our proposal, which includes a 60 percent premium to Depomed s unaffected price and significant upside potential in the new combined company, in an independent manner and consistent with their fiduciary duties under the law, Mr. Walbert concluded.
