Item 1.01 Entry Into a Material Definitive Agreement.

On February 14, 2016, Hyster-Yale Materials Handling, Inc. (the Company) entered into a Share Purchase Agreement (the Agreement) with the shareholders of Penta Holding S.p.A. (Penta), pursuant to which the Company or its designee will acquire all of the outstanding shares of Penta for an aggregate cash purchase price of EUR 53,495,837 (which is inclusive of (i) the value of the majority stake of Bolzoni S.p.A. (Bolzoni) owned by Penta, as increased by the amount of the Penta assets other than the Bolzoni majority stake, and reduced by the amount of the Penta liabilities, and (ii) consideration for the non-compete undertakings of the selling shareholders (the Sellers)) (the Acquisition). Penta is the holder of 13,109,066 shares, or approximately 50.4%, of Bolzoni (the Bolzoni Majority Stake), which is publicly traded on the STAR segment of the Italian stock exchange, operated and managed by Borsa Italiana S.p.A. Such valuation reflects a premium of 16% and 21% on Bolzoni's volume-weighted average trading price over the last six and 12 months, respectively, as of market close on February 12, 2016.

The closing of the Acquisition is expected to occur during the second quarter of 2016, subject to the satisfaction of customary closing conditions, including, among other things, (1) the absence of certain legal impediments preventing the consummation of the Acquisition; (2) absence of a material adverse effect following execution of the Agreement; and (3) the expiration or termination of applicable regulatory waiting periods, or the receipt of required regulatory approvals, including clearance by applicable antitrust authorities. Following the closing, Bolzoni will become a subsidiary of the Company, but is expected to continue to operate as a stand-alone business, with its own management team and board of directors.

Each of the Sellers and the Company have made customary representations, warranties and covenants in the Agreement. The Sellers have agreed to a three-year restriction on their ability to compete with Bolzoni or its subsidiaries and a two-year restriction on their ability to solicit employees of Penta, Bolzoni or its subsidiaries.

The Agreement contains customary indemnification provisions with respect to breaches of representations, warranties and covenants, and the indemnification obligations are subject to customary limitations as set forth in the Agreement.

Following the closing of the Acquisition, the Company will cause an indirect, wholly-owned subsidiary to launch a mandatory tender offer for all of the remaining outstanding shares of Bolzoni at a cash price of EUR 4.30 per share (which value reflects the valuation of the Bolzoni Majority Stake agreed upon by the Company and the Sellers in the Agreement and which is inclusive of Bolzoni's 2015 consolidated net income) (the Tender Offer). In the event that Bolzoni's board of directors recommends that a dividend be paid to Bolzoni's shareholders in connection with approving Bolzoni's financial statements as of December 31, 2015, depending on the circumstances, the price per Bolzoni share in the Tender Offer may be reduced proportionately. The Company intends to pursue the delisting of Bolzoni following completion of the Tender Offer.

The Acquisition and the Tender Offer are expected to be financed using the Company's cash on hand and borrowings under the Company's existing credit facility.

The foregoing summary has been included to provide investors and security holders with information regarding its terms and is qualified in its entirety by the terms and conditions of the Agreement, a copy of which is attached hereto as Exhibit 2.1 and is incorporated herein by reference. Except for its status as a contractual document that establishes and governs the legal relations among the parties with respect to the transactions described therein, the Agreement is not intended to be a source of factual, business or operational information about the parties. The representations, warranties and covenants contained in the Agreement were made only for purposes of that agreement and as of specific dates, were solely for the benefit of the parties to the Agreement, and may be subject to limitations agreed among those parties, including being qualified by confidential disclosures among those parties. Instead of establishing matters as facts, the representations and warranties may have been made to allocate risks contractually among the parties, including where the parties do not have complete knowledge of all facts. Furthermore, those representations

and warranties may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Accordingly, investors and security holders should not rely on representations, warranties, covenants or any descriptions thereof as characterizations of the actual state of facts or condition of the parties.
