There are two matters scheduled for a vote:

1. To elect two Class II directors to serve until their successors have been duly elected and qualified (Proposal No. 1); and
2. To approve a proposal to authorize the Company, subject to the approval of the Company's Board of Directors, to sell or otherwise issue shares of its common stock during the next year at a price below the Company's then current net asset value per share, subject to certain conditions as set forth in this proxy statement (including that the cumulative number of shares sold pursuant to such authority does not exceed 25% of its then outstanding common stock immediately prior to each such sale) (Proposal No. 2).

As of the date of this proxy statement, we are not aware of any other matters that will be presented for consideration at the Annual Meeting.

What are the Board of Directors' recommendations?

INFORMATION ABOUT VOTING

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on the record date, March 11, 2016, are entitled to receive notice of the Annual Meeting and to vote the shares for which they were stockholders of record on that date at the Annual Meeting, or any postponement or adjournment of the Annual Meeting. As of the close of business on March 11, 2016, we had [] shares of common stock outstanding.

How do I vote?

With respect to Proposal No. 1, you may either vote **FOR** each Class II nominee to the Board of Directors, or you may vote **WITHHOLD AUTHORITY** for each nominee. For Proposal No. 2, you may vote **FOR** or **AGAINST**, or abstain from voting altogether. The procedures for voting are fairly simple:

Stockholders of Record: Shares Registered in Your Name. If on March 11, 2016, your shares were registered directly in your name with Fidus transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by giving us your proxy. You may give us your proxy by completing the enclosed proxy card and returning it in the enclosed postage-prepaid envelope, or by calling a toll-free telephone number or using the Internet as further described below and on the enclosed proxy card. **Whether or not you plan to attend the Annual Meeting, we urge you to sign and return the enclosed proxy card or to otherwise give your proxy authorization by telephone or Internet, as specified on the proxy card, to ensure your vote is counted.** You may still attend the Annual Meeting and vote in person if you have already signed and returned your proxy card.

IN PERSON: To vote in person, come to the Annual Meeting, and we will give you a ballot when you arrive.

BY MAIL: To vote using the enclosed proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the postage paid envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct, unless, after returning your signed proxy card, you attend the Annual Meeting and vote in person or otherwise revoke your proxy as set forth under the heading **Can I change my vote after submitting my proxy card?** below.

BY INTERNET: To vote by Internet, go to www.cesvote.com to transmit your voting instructions **until** 11:59 p.m. Eastern Time on June 1, 2016. Have your proxy card available when you access the website and then follow the instructions.

BY TELEPHONE: To vote by telephone, call 1-888-693-8683 and use any touch-tone telephone to transmit your voting instructions **until** 11:59 p.m. Eastern Time on June 1, 2016. Have your proxy card available when you call the phone number above and then follow the instructions.

Beneficial Owners: Shares Registered in the Name of a Broker or Bank. If on March 11, 2016, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by that organization. If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received from that organization rather than from Fidus, a proxy card and voting instructions with these proxy materials. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may be able to vote by telephone or over the Internet if permitted by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the voting instruction form from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy card.

Table of Contents

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock for which you were the stockholder of record as of March 11, 2016.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please provide a response (by telephone, Internet or mail as provided for on the proxy card accompanying this proxy statement or on the voting instruction form from your broker or bank) for each proxy card you receive to ensure that all of your shares are voted.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted: FOR the election of each nominee named herein to serve as a Class II director on the Board of Directors and FOR the proposal to authorize the Company, subject to the approval of the Company's Board of Directors, to sell or otherwise issue shares of its common stock during the next year at a price below the Company's then current net asset value per share, subject to certain conditions as set forth in this proxy statement (including that the cumulative number of shares sold pursuant to such authority does not exceed 25% of its then outstanding common stock immediately prior to each such sale).

If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares as recommended by the Board of Directors or, if no recommendation is given, will vote your shares using his or her discretion.

Can I change my vote after submitting my proxy card?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the stockholder of record of your shares, you may revoke your proxy in any one of three ways:

You may change your vote using the same method that you first used to vote your shares (by telephone, Internet or mail);

You may send a written notice that you are revoking your proxy to Fidus Investment Corporation, 1603 Orrington Avenue, Suite 1005, Evanston, Illinois 60201, Attention: Shelby E. Sherard, Corporate Secretary; or

You may attend the Annual Meeting and notify the election officials at the Annual Meeting that you wish to revoke your proxy and vote in person. Simply attending the Annual Meeting, however, will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions on the voting instruction form provided by your broker or bank.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count each vote marked FOR or WITHHOLD AUTHORITY for nominees for Class II directors identified in Proposal No. 1 and, with respect to Proposal No. 2, will separately count each vote marked FOR, AGAINST or ABSTAIN. However, a broker non-vote will occur when a nominee, such as a brokerage firm, bank, dealer or other similar organization that holds shares for a beneficial owner does not vote on a particular proposal because the nominee has not received instructions with respect to that proposal from the beneficial owner and does not have discretionary voting power with respect to that proposal.

Table of Contents

Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Annual Meeting.

How will you treat broker non-votes?

If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the voting instruction form regarding how to instruct your broker to vote your shares. In the event that a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, those shares will be treated as broker non-votes with respect to that proposal.

Under applicable rules of the New York Stock Exchange, or NYSE, a broker non-vote occurs when a nominee, such as a brokerage firm, bank, dealer or other similar organization, holding shares for a beneficial owner, does not vote on a particular proposal because the proposal is considered non-routine and the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner. Under NYSE rules, each of Proposal Nos. 1 (election of directors) and 2 (issuing shares below net asset value) is a non-routine proposal. Since none of the proposals to be voted on at the Annual Meeting are routine matters, the broker or nominee that holds your shares will need to obtain your authorization to vote those shares and has enclosed a voting instruction form with this proxy statement. The broker or nominee will vote your shares only as you direct on their voting instruction form, so it is important that you include voting instructions. In the event that a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal.

If you own shares through a nominee, such as a brokerage firm, bank, dealer or other similar organization, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

How many votes are needed to approve each proposal?

For Proposal No. 1, the two nominees receiving a plurality of the vote will be elected. In other words, the two nominees receiving the most FOR votes among votes properly cast in person or by proxy at the Annual Meeting will be elected. If you vote WITHHOLD AUTHORITY with respect to one or more nominees, your shares will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal.

Proposal No. 2 must be approved by (1) a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, and (2) a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting that are not held by affiliated persons of the Company, which includes directors, officers, employees, and 5% stockholders. For purposes of Proposal No. 2 only, a majority of the outstanding shares is defined in section 2(a)(42) of the Investment Company Act of 1940, as amended (the 1940 Act), to be the lesser of: (1) 67% or more of the common stock of the Company present or represented by proxy at the Annual Meeting, if the holders of more than 50% of the Company's common stock are present or represented by proxy; or (2) more than 50% of the outstanding common stock of the Company (the voting requirements in (1) and (2), a 1940 Act Majority). For purposes of the vote on this proposal, abstentions and broker non-votes will have the effect of votes against the proposal, although they will be considered present for purposes of determining the presence of a quorum.

How many shares must be present to constitute a quorum for the Annual Meeting?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a simple majority (*i.e.*, greater than 50%) of the outstanding shares entitled to vote are represented at the Annual Meeting.

Table of Contents

either in person or by proxy. On March 11, 2016, the record date, there were [] shares outstanding and entitled to vote. Thus [] shares must be represented at the Annual Meeting either in person or by proxy to constitute a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy by mail, Internet or telephone (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions will be counted towards the quorum requirement.

If a quorum is not present at the Annual Meeting, or if a quorum is present but there are not enough votes to approve one or more of the proposals, the person named as chairman of the Annual Meeting may adjourn the meeting to permit further solicitation of proxies. A stockholder vote may be taken on one or more of the proposals in this proxy statement prior to any such adjournment if there are sufficient votes for approval on such proposal(s).

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting and filed on Form 8-K within four business days of the Annual Meeting. Final results, if different from the preliminary results, will be published on an amended Form 8-K within four days after the final voting results are established.

ADDITIONAL INFORMATION

How and when may I submit a stockholder proposal for Fidus 2017 Annual Meeting?

We will consider for inclusion in our proxy materials for the 2017 Annual Meeting of Stockholders, stockholder proposals that are received at our executive offices, in writing, no earlier than October 3, 2016 and no later than 5:00 p.m. (Eastern Time) on December 2, 2016, and that comply with our bylaws and all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). Proposals must be sent to our Corporate Secretary at Fidus Investment Corporation, 1603 Orrington Avenue, Suite 1005, Evanston, Illinois 60201.

Pursuant to our bylaws, stockholders wishing to nominate persons for election as directors or to introduce an item of business at an annual meeting that are not to be included in our proxy materials must have given timely notice thereof in writing to our Corporate Secretary. To be timely for the 2017 Annual Meeting of Stockholders, you must notify our Corporate Secretary, in writing, no earlier than October 3, 2016, and no later than 5:00 p.m. (Eastern Time) on December 2, 2016. We also advise you to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including the different notice submission date requirements in the event that our 2017 Annual Meeting of Stockholders is held more than 30 days before or after the first anniversary of the date the notice for the 2016 annual meeting is mailed. In accordance with our bylaws, the chairman of the 2017 Annual Meeting of Stockholders may determine, if the facts warrant, that a matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting.

Pursuant to the Company's bylaws, among other things, a stockholder's notice shall set forth as to each individual whom the stockholder proposes to nominate for election or reelection as a director:

the name, age, business address and residence address of such individual;

the class, series and number of any shares of stock of the Company that are beneficially owned by such individual;

the date such shares were acquired and the investment intent of such acquisition;

whether such stockholder believes any such individual is or is not an interested person of the Company, as defined in section 2(a)(19) of the 1940 Act and the rules promulgated thereunder and information regarding such individual that is sufficient, in the discretion of the Board of Directors or any committee thereof or any authorized officer of the Company, to make either such determination; and

all other information relating to such individual that is required to be disclosed in solicitations of proxies for election of directors in an election contest (even if an election contest is not involved), or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act and the rules thereunder (including such individual's written consent to being named in the proxy statement as a nominee and to serving as a director if elected).

The above procedures summarize the stockholder nomination procedures contained in our bylaws, and any stockholder desiring to submit a nominee should consult our bylaws regarding these requirements.

All nominees properly submitted to the Company (or which the nominating and corporate governance committee (Nominating Committee) otherwise elects to consider) will be evaluated and considered by the members of the Nominating Committee using the same criteria as nominees identified by the Nominating Committee itself.

How can I obtain the Company's Annual Report on Form 10-K?

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 is being mailed with this proxy statement. Our Annual Report is not incorporated into this proxy statement and shall not be considered proxy solicitation material.

Table of Contents

We will also mail to you, without charge and upon your written request, a copy of any specifically requested exhibit to our Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

Requests should be sent to: Corporate Secretary, Fidus Investment Corporation, 1603 Orrington Avenue, Suite 1005, Evanston, Illinois 60201. A copy of our Annual Report on Form 10-K has also been filed with the Securities and Exchange Commission, or the SEC, and may be accessed from the SEC's homepage (<http://www.sec.gov>).

Who is paying for this proxy solicitation?

Fidus will pay for the entire cost of soliciting proxies. We estimate that we will pay Alliance Advisors, LLC, our proxy solicitor, a fee of approximately \$6,000, plus reimbursement for out of pocket expenses, to solicit proxies, though the costs of this proxy solicitation process could be lower or higher than our estimate. In addition to these written proxy materials, our proxy solicitor, directors, officers and employees of Fidus Investment Advisors, LLC, the Company's investment adviser and administrator (our Investment Advisor), may also solicit proxies in person, by telephone or by other means of communication; however, our directors, officers and employees of our Investment Advisor will not be paid any additional compensation for soliciting proxies. In addition to the solicitation of proxies by the use of the mail, proxies may be solicited in person and/or by telephone or facsimile transmission by our proxy solicitor, directors, officers or employees of our Investment Advisor. Our Investment Advisor is located at 1603 Orrington Avenue, Suite 1005, Evanston, Illinois 60201.

We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners and obtaining your voting instructions.

How many copies should I receive if I share an address with another stockholder?

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies.

Brokers may be householding our proxy materials by delivering a single proxy statement and Annual Report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement and Annual Report, or if you are receiving multiple copies of the proxy statement and Annual Report and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you are a stockholder of record. You can notify us by sending a written request to: Shelby E. Sherard, Corporate Secretary, Fidus Investment Corporation, 1603 Orrington Avenue, Suite 1005, Evanston, Illinois 60201, or by calling (847) 859-3940. In addition, Fidus will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Annual Report and proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered.

Whom should I contact if I have any questions?

If you have any questions about the Annual Meeting, these proxy materials or your ownership of our common stock, please contact Shelby E. Sherard c/o Fidus Investment Corporation, 1603 Orrington Avenue, Suite 1005, Evanston, Illinois 60201, Telephone (847) 859-3940, or Fax: (847) 859-3953.

PROPOSAL NO. 1

ELECTION OF CLASS II DIRECTORS

Our Board of Directors is divided into three classes. Each class has a three-year term. Each director holds office for the term to which he or she is elected and until his or her successor is duly elected and qualified. Vacancies on the Board of Directors may be filled by persons elected by a majority of the remaining directors. A director elected by the Board of Directors to fill a vacancy in a class, including any vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class or until the director's successor is duly elected and qualified.

The Board of Directors has five members. There are two members of the class of directors whose term expires in 2016 (Class II), Messrs. Lauer and Mazzarino. If elected at the Annual Meeting, each nominee will serve until the 2019 Annual Meeting of Stockholders or until his successor is elected and qualified or, if sooner, until his death, resignation or removal. Messrs. Lauer and Mazzarino are not being nominated for election, nor has any director, executive officer or other listed officer of the Company been selected as a director, executive officer or other officer pursuant to any agreement or understanding with the Company or any other person. Messrs. Lauer and Mazzarino have indicated their willingness to continue to serve if elected and have consented to be named as nominees. Due to his relationship with our Investment Advisor, as discussed in more detail below, Mr. Lauer is an interested person of the Company as defined in section 2 (a)(19) of the 1940 Act. Mr. Mazzarino is not an interested person of the Company as defined in the 1940 Act.

A stockholder can vote for or withhold his or her vote for each nominee. **In the absence of instructions to the contrary, it is the intention of the persons named as proxies to vote each such proxy for the election of the nominees named below. If either of the nominees should decline or be unable to serve as a director, it is intended that the proxy will be voted for the election of such person(s) who is nominated as a replacement. The Board of Directors has no reason to believe that the Class II director nominee named will be unable or unwilling to serve.**

Certain of our directors who are also officers of the Company may serve as directors of, or on the boards of managers of, certain of our portfolio companies. In addition, the Board of Directors of Fidus Mezzanine Capital, L.P., or Fund I, a wholly-owned consolidated subsidiary licensed by the U.S. Small Business Administration as a small business investment company (an SBIC) that has elected to be treated as a business development company (BDC) under the 1940 Act, is composed of all of the Company's directors.

The business address of each nominee and director listed below is 1603 Orrington Avenue, Suite 1005, Evanston, Illinois 60201.

CORPORATE GOVERNANCE

Director Independence

The Board of Directors has a majority of directors who are independent under the listing standards of the Nasdaq Global Select Market, or Nasdaq. The Nasdaq Marketplace Rules provide that a director of a BDC shall be considered to be independent if he or she is not an interested person of the Company, as defined in Section 2(a)(19) of the 1940 Act. Section 2(a)(19) of the 1940 Act defines an interested person to include, among other things, any person who has, or within the last two years had, a material business or professional relationship with the Company.

The Board of Directors has determined that the following directors are independent: Messrs. Anstiss, Hyman and Mazzarino (Nominee). Messrs. Ross and Lauer (Nominee) are interested persons due to their positions with the Company and/or our Investment Advisor, as discussed in their respective biographies. Based upon information requested and received from each director concerning their respective background, employment and affiliations, the Board of Directors has affirmatively determined that none of the independent directors has a material business or professional relationship with the Company, other than in his capacity as a member of the Board of Directors or any committee thereof.

Meetings of the Board Committees

The Board of Directors has established the Audit Committee and Nominating Committee. The Company does not have a separate compensation committee because its executive officers do not receive any direct compensation from the Company; however, the Audit Committee has been charged with carrying out the duties that would typically be addressed by a compensation committee. During 2015, the Board of Directors held six meetings, the Audit Committee held nine meetings and the Nominating Committee held two meetings. The Company encourages, but does not require, the directors to attend the Company's annual meeting of its stockholders. During 2015, all of our current directors attended 100% of the aggregate number of meetings of the Board of Directors and of the respective committees on which they served. All of our directors attended the 2015 annual meeting.

Board Leadership Structure

The Board of Directors monitors and performs an oversight role with respect to the business and affairs of the Company. Among other things, the Board of Directors approves the appointment of our Investment Advisor, administrator and officers, reviews and monitors the services and activities performed by our Investment Advisor, administrator and officers, approves annually the renewal of any investment advisory agreement with our Investment Advisor and approves the engagement, and reviews the performance of, the Company's independent registered public accounting firm.

Under the bylaws, the Board of Directors may designate a chairman to preside over the meetings of the Board of Directors and meetings of the stockholders and to perform such other duties as may be assigned to him by the Board of Directors. The Company does not have a fixed policy as to whether the chairman of the Board of Directors should be an independent director and believes that its flexibility to select its chairman and reorganize its leadership structure from time to time is in the best interests of the Company and its stockholders.

Presently, Mr. Ross serves as the chairman of the Board of Directors. Mr. Ross is an interested director because he is the Chief Executive Officer of the Company, serves on our Investment Advisor's investment committee and is a manager of our Investment Advisor. The Company believes that Mr. Ross's history with the Company, familiarity with the Fidus investment platform and extensive experience in the management of private equity and debt investments qualifies him to serve as chairman of the Board of Directors. Moreover, our Board of Directors believes that it is in the best interests of our stockholders for Mr. Ross to lead our Board of Directors because of his broad experience with the day-to-day management and operation of other investment funds and his significant background in the financial services industry, as described above.

Table of Contents

Our Board of Directors does not have a lead independent director. However, Mr. Anstiss, an independent director and the chairman of the Audit Committee, acts as a liaison between the independent directors and management between meetings of our Board of Directors and presides over regular executive sessions of the Board. Our Board of Directors believes that its leadership structure is appropriate in light of the Company's characteristics and circumstances because the structure allocates areas of responsibility among the individual directors and the committees in a manner that encourages effective oversight. The members of our Board of Directors also believe that its small size creates a highly efficient governance structure that provides ample opportunity for direct communication and interaction between both the members of management and our Investment Advisor and our Board of Directors.

Board Role in Risk Oversight

The Board of Directors performs its risk oversight function primarily through (a) its two standing committees, which report to the entire Board of Directors and are comprised solely of independent directors and (b) monitoring by the Company's Chief Compliance Officer in accordance with its compliance policies and procedures.

As described below in more detail under "Audit and Compensation Committee" and "Nominating and Corporate Governance Committee," the Audit Committee and the Nominating Committee assist the Board of Directors in fulfilling its risk oversight responsibilities. The Audit Committee's risk oversight responsibilities include overseeing the Company's accounting and financial reporting processes, the Company's systems of internal controls regarding finance and accounting and audits of the Company's financial statements and discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Nominating Committee's risk oversight responsibilities include selecting, researching and nominating directors for election by the Company's stockholders, developing and recommending to the Board of Directors a set of corporate governance principles and overseeing the evaluation of the Board of Directors and its committees. Both the Audit Committee and the Nominating Committee consist solely of independent directors.

The Board of Directors is assisted in its risk oversight responsibilities by the Chief Compliance Officer. The Company's Chief Compliance Officer prepares a written report annually discussing the adequacy and effectiveness of the compliance policies and procedures of the Company and certain of its service providers. The Chief Compliance Officer's report, which is reviewed by the Board of Directors, addresses at a minimum (a) the operation of the compliance policies and procedures of the Company and certain of its service providers since the last report; (b) any material changes to such policies and procedures since the last report; (c) any recommendations for material changes to such policies and procedures as a result of the Chief Compliance Officer's annual review; and (d) any compliance matter that has occurred since the date of the last report about which the Board of Directors would reasonably need to know to oversee the Company's compliance activities and risks. In addition, the Chief Compliance Officer meets separately in executive session with the independent directors periodically, but in no event less than once each year.

The Company believes that the Board of Directors' role in risk oversight is effective and appropriate given the extensive regulation to which it is already subject as a BDC. Specifically, as a BDC, the Company must comply with certain regulatory requirements that control the levels of risk in its business and operations. For example, the Company's ability to incur indebtedness is limited such that its asset coverage must equal at least 200% immediately after each time it incurs indebtedness and the Company generally has to invest at least 70% of its total assets in "qualifying assets" as described in section 55 of the 1940 Act. In addition, the Company has elected to be treated as a regulated investment company, or RIC, under Subchapter M of the Internal Revenue Code of 1986, as amended. As a RIC, the Company must, among other things, meet certain income source and asset diversification requirements.

The Company believes that the Board of Directors' existing role in risk oversight is appropriate. However, the Company re-examines the manner in which the Board of Directors administers its oversight function on an ongoing basis to ensure that it continues to meet the Company's needs.

Audit and Compensation Committee

The members of the Audit Committee are Messrs. Anstiss, Hyman and Mazzarino, each of whom is not an interested person and is otherwise independent for purposes of the 1940 Act and Nasdaq's corporate governance regulations. Since September 2011, Mr. Anstiss has served as chairman of the Audit Committee. Our board of directors has adopted a charter for the Audit Committee, which is available on our website at <http://investor.fidus.com/governance.cfm>.

The Audit Committee is responsible for approving our independent accountants and recommending them to the board of directors (including a majority of the independent directors) for approval and submission to the board of directors for ratification, reviewing with our independent accountants the plans and results of the audit engagement, approving professional services provided by our accountants, reviewing the independence of our independent accountants and reviewing the adequacy of our internal accounting controls.

The Audit Committee is also responsible for aiding the board of directors in determining the fair value of debt and equity securities that are not publicly traded or for which current market values are not readily available. The Audit Committee also currently receives input from independent valuation firms that have been engaged at the direction of the board of directors to value certain portfolio investments. In addition, the Audit Committee is responsible for discussing with management our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies.

The board of directors has determined that Mr. Anstiss is an audit committee financial expert within the meaning of the rules of the SEC. Mr. Anstiss acquired his financial expertise from his education and experience as a public accountant, his experience actively supervising financial officers of public companies and in his supervisory role at a public accounting firm and from his experience overseeing and assessing the performance of public accountants with respect to the preparation, auditing and evaluation of financial statements. Mr. Anstiss has consented to be named as an audit committee financial expert.

Because the Audit Committee is charged with approving our related-party transactions, the board of directors has determined not to create a separate compensation committee and instead has charged the Audit Committee with overseeing amounts payable to our advisor pursuant to the Advisory Agreement and the Administration Agreement, and making a recommendation to the board of directors with respect to the board's approval (including the approval of a majority of the directors who are not interested persons of the Company within the meaning of Section 2(a)(19) of the 1940 Act, as amended) of the renewal of the Advisory Agreement and the Administration Agreement. The board of directors has determined not to create a separate compensation committee charter and instead has included applicable compensation charter provisions in the charter of the Audit Committee, which is available on our website at <http://investor.fidus.com/governance.cfm>.

The Audit Committee charter sets forth the responsibilities of a compensation committee, including overseeing the Company's compensation policies, evaluating executive officer performance and reviewing and approving the compensation, if any, by the Company of its executive officers.

In reviewing and approving the compensation, if any, by the Company for each of the Company's executive officers, the Audit Committee will, among other things, consider corporate goals and objectives relevant to executive officer compensation, evaluate each executive officer's performance in light of such goals and objectives, and set each executive officer's compensation based on such evaluation and such other factors as the Audit Committee deems appropriate and in the best interests of the Company (including the cost to the Company of such compensation). Notwithstanding the foregoing, currently none of the Company's executive officers are directly compensated by the Company. However, the Company reimburses its administrator for the allocable portion of overhead and other expenses incurred by the administrator in performing its obligations under an administration agreement, including an allocable share of the compensation of certain of the Company's executive officers with finance and compliance responsibilities.

Nominating Committee

The members of the Nominating Committee are Messrs. Anstiss, Hyman and Mazzarino, each of whom is not an interested person and is otherwise independent for purposes of the 1940 Act and Nasdaq's corporate governance regulations. Mr. Hyman currently serves as chairman of the Nominating Committee. The Board of Directors has adopted a charter for the Nominating Committee, which is available on the Company's website at <http://investor.fidus.com/governance.cfm>.

The Nominating Committee is responsible for selecting, researching and nominating directors for election by the Company's stockholders, selecting nominees to fill vacancies on the Board of Directors or a committee of the Board of Directors, developing and recommending to the Board of Directors a set of corporate governance principles and overseeing the evaluation of the Board of Directors and its committees.

The Nominating Committee identifies potential nominees based on suggestions from members of the Nominating Committee, other members of the Board of Directors, other executive officers and by other means, and evaluates such persons as a committee. The Nominating Committee will also consider nominees to the Board of Directors recommended by a stockholder, if such stockholder complies with the advance notice provisions of our bylaws. From time to time, the Board of Directors may determine that it requires a director with a particular expertise or qualification and will actively recruit such a candidate.

In considering which persons to nominate as directors for election by stockholders, the Board of Directors and its Nominating Committee consider the experience, qualifications, attributes and skills of candidates, in light of the Company's then existing business and structure. Additionally, the committee generally will hire an outside firm to perform a background check on potential nominees. On an annual basis, the Nominating Committee evaluates the qualifications and diversity of the Board of Directors who are available for reelection in light of the characteristics of independence, age, skills, experience, availability of service to the Company and tenure of its members, and the Board of Directors' anticipated needs. The Nominating Committee has adopted a policy that it will seek to enhance the perspectives and experiences of the members of the Board of Directors through diversity in gender, ethnic background, geographic origin and professional experience. The Nominating Committee recommends to the Board of Directors for its approval the slate of directors to be nominated for election at the annual meeting of the Company's stockholders. The Board of Directors and its Nominating Committee periodically review board composition and the policies with respect thereto and as part of this review, the Nominating Committee evaluates the effectiveness of its policies, including the provisions with respect to diversity.

In considering possible candidates for nomination as a director, the Nominating Committee takes into account, in addition to such other factors as it deems relevant, the desirability of selecting directors who:

have strength of character;

have mature judgment;

have industry knowledge or experience; and

have an ability to work collegially with the other members of the Board of Directors.

The Nominating Committee also considers all applicable legal and regulatory requirements that govern the composition of the Board of Directors.

All nominees properly submitted to the Company (or which the Nominating Committee otherwise elects to consider) will be evaluated and considered by the members of the Nominating Committee using the same criteria as nominees identified by the Nominating Committee itself.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy and Procedure

The Company has procedures in place for the review, approval and monitoring of transactions involving the Company and certain related persons of the Company. The Company has a written Code of Business Conduct that generally prohibits any officer, director and employee of the Company and employees of its Investment Advisor from engaging in any transaction where there is a conflict between such individual's personal interest and the interests of the Company. Certain actions or relationships that might give rise to a conflict of interest are reviewed and approved by the Board of Directors. Waivers to the Code of Business Conduct for directors and executive officers can be obtained from the Board of Directors under certain circumstances and will be publicly disclosed as required by applicable law and regulations. In addition, the Audit Committee reviews and preapproves all related-party transactions (as defined in Item 404 of Regulation S-K).

Moreover, our Investment Advisor has enacted a conflict-resolution policy that addresses the co-investment restrictions set forth under the 1940 Act and the allocation of investment opportunities. The 1940 Act generally prohibits us from making certain negotiated co-investments with affiliates unless we first obtain an order from the SEC permitting us to do so. Where co-investments can be made, or where an investment opportunity becomes available to one investment vehicle managed by our Investment Advisor, then an equitable allocation must be made with respect to the investment.

The Company has obtained exemptive relief allowing us to engage in certain transactions with our affiliates that would otherwise be prohibited by the 1940 Act, as applicable to BDCs. The relief permits the Company and a wholly-owned subsidiary that is licensed by the U.S. Small Business Administration (the "SBA") as a small business investment company (an "SBIC") to operate effectively as one company, specifically allowing them to: (1) engage in certain transactions with each other; (2) invest in securities in which the other is or proposes to be an investor; (3) file consolidated reports with the Commission; and (4) be subject to modified consolidated asset coverage requirements for senior securities issued by a BDC and its SBIC subsidiary. Our second wholly-owned SBIC subsidiary has not elected to be treated as a BDC and is not party to this exemptive relief. The fourth exemption described above allows us to exclude any indebtedness guaranteed by the SBA and issued by Fund I from the 200.0% asset coverage requirements applicable to us. Effective September 30, 2014, any SBA debentures issued by our second wholly-owned SBIC subsidiary are not considered senior securities for purposes of the 200.0% asset coverage requirements.

If we invest alongside other accounts managed by our Investment Advisor, our Investment Advisor will seek to ensure the equitable allocation of investment opportunities between us and the other relevant accounts. If we invest alongside such other accounts as permitted by the 1940 Act and related rules, such investments will be made consistent with our Investment Advisor's allocation policy. Under this allocation policy, a fixed percentage of each opportunity, which may vary based on asset class and from time to time, will be offered to us and similar eligible accounts, as periodically determined by our Investment Advisor and approved by our Board of Directors, including our Independent Directors. The allocation policy provides that allocations among us and other accounts will generally be made pro rata based on each account's capital available for investment, as determined, in our case, by our Board of Directors, including our Independent Directors. It is our policy to make our determinations as to the amount of capital available for investment based on such factors as the amount of cash on hand, existing commitments and reserves, if any, the targeted leverage level, the targeted asset mix and diversification requirements and other investment policies and restrictions set by our Board of Directors, or imposed by applicable laws, rules, regulations or interpretations. We expect that these determinations will be made similarly for other accounts. In addition, on January 27, 2016, we filed an exemptive application with the SEC to permit us to co-invest with funds or entities managed by our investment adviser in certain negotiated transactions where co-investing would otherwise be prohibited under the 1940 Act. Any such order, if granted by the SEC, will be subject to certain terms and conditions. Furthermore, there is no assurance when, or if, this application for exemptive relief will be granted by the SEC.

Table of Contents

In situations where co-investment with other entities managed by our Investment Advisor is not permitted or appropriate, such as when there is an opportunity to invest in different securities of the same issuer, our Investment Advisor will need to decide whether we or such other entity or entities will proceed with the investment. Our Investment Advisor will make these determinations based on our allocation policy that generally requires that such opportunities be offered to eligible accounts on a basis that will be fair and equitable over time, including, for example, through random or rotational methods.

In addition, certain members of our Investment Advisor and its investment committees are also members of Fidus Partners, LLC (*Partners*), an investment banking firm. Partners may in the future serve as an advisor to our portfolio companies and we may invest in companies that Partners is advising. Partners may receive fees in connection with these advisory services, subject to regulatory restrictions imposed by the 1940 Act.

In May 2015, our Investment Adviser entered into a combination with Partners (the *Combination*), by which members of Fidus Investment Advisors LLC and Partners contributed all of their respective membership interest in Fidus Investment Advisors LLC and Partners to a newly formed limited liability company, Fidus Group Holdings, LLC (*Holdings*). As a result, our investment adviser is a wholly-owned subsidiary of Holdings, which is a newly formed limited liability company organized under the laws of Delaware.

Certain Transactions With or Involving Related Persons

Investment Advisory Agreement

Under the Investment Advisory Agreement with our Investment Advisor, we pay our Investment Advisor a management fee and incentive fee that consists of an income incentive fee and a capital gains incentive fee. The incentive fee is computed and paid on income that we may not have yet received in cash. This fee structure may create an incentive for our Investment Advisor to invest in certain types of securities that may have a high degree of risk. Additionally, we rely on investment professionals from our Investment Advisor to assist our Board of Directors with the valuation of our portfolio investments. Our Investment Advisor's management fee and incentive fee are based on the value of our investments and there may be a conflict of interest when personnel of our Investment Advisor are involved in the valuation process for our portfolio investments. The base management fee under the Investment Advisory Agreement for the year ended December 31, 2015 totaled \$7.5 million. The income incentive fee expense for the year ended December 31, 2015 totaled \$6.6 million. For the year ended December 31, 2015, we reversed \$0.1 million of previously accrued capital gains incentive fees in accordance with generally accepted accounting principles.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act and the disclosure requirements of Item 405 of SEC Regulation S-K require that our directors and executive officers, and any persons holding more than 10% of any class of our equity securities report their ownership of such equity securities and any subsequent changes in that ownership to the SEC, Nasdaq and to us. Based solely on a review of the written statements and copies of such reports furnished to us by our executive officers, directors and greater than 10% beneficial owners, we believe that during fiscal year 2015 all Section 16(a) filing requirements applicable to the executive officers, directors and stockholders were timely satisfied.

PROPOSAL NO. 2

APPROVAL TO SELL OR OTHERWISE ISSUE SHARES OF COMMON STOCK BELOW NET ASSET VALUE

The Company is a closed-end investment company that has elected to be treated as a BDC under the 1940 Act. The 1940 Act prohibits the Company from selling shares of its common stock at a price below the Company's then current net asset value (NAV) per share, with certain exceptions. One such exception would permit the Company to sell shares of its common stock during the next year at a price below the Company's then current NAV per share if its stockholders approve such a sale and the Company's directors make certain determinations. Pursuant to this provision, the Company is seeking the approval of its common stockholders so that it may, in one or more public or private offerings of its common stock, sell shares of its common stock at a price below its then current NAV per share, subject to certain conditions discussed below. If approved, the authorization would be effective for a period expiring on the earlier of the one year anniversary of the date of this Annual Meeting or the date of the Company's 2017 Annual Meeting of Stockholders.

Generally, equity securities sold in public securities offerings are priced based on public market prices quoted on exchanges such as Nasdaq, rather than NAV, or book value, per share. Since the Company's initial public offering, at times the Company's common stock has traded above its NAV per share, and at times the Company's common stock has traded below its NAV per share. Similar to last year, the Company is again seeking the approval of a majority of its common stockholders to authorize the Company, pursuant to approval of the Company's Board of Directors, to sell or otherwise issue shares of its common stock during the next year at a price below the Company's then current NAV per share, subject to certain conditions as set forth in this proxy statement (including that the cumulative number of shares sold pursuant to such authority does not exceed 25% of its then outstanding common stock immediately prior to each such sale).

Selling or otherwise issuing shares of the Company's common stock below its then current NAV per share would result in a dilution of the Company's existing common stockholders. It should be noted that the maximum number of shares issuable below NAV pursuant to this authority that could result in such dilution is limited to 25% of the Company's then outstanding common stock immediately prior to each such sale.

Furthermore, pursuant to this authority, there would be no limit on the discount to NAV at which shares could be sold. See below for a discussion and examples of the dilutive effect of the issuance of shares below net asset value.

Reasons to Offer or otherwise Issue Common Stock Below NAV

We believe that the limited amount of capital available to lower middle-market companies, coupled with the desire of these companies for flexible and partnership-oriented sources of capital, creates an attractive investment environment for us. From our perspective, lower middle-market companies have faced difficulty raising debt capital in both the capital markets and private markets. As a result of the difficulties in the credit markets and fewer sources of capital for lower middle-market companies, we see opportunities for improved risk-adjusted returns. Furthermore, we believe with a large pool of uninvested private equity capital seeking debt capital to complete transactions and a substantial supply of refinancing opportunities, there is an opportunity to attain appealing risk-adjusted returns on debt and equity investments.

As a BDC and a RIC, the Company is dependent on its ability to raise capital through the issuance of common stock. RICs generally must distribute substantially all of their earnings to stockholders as dividends in order to achieve pass-through tax treatment, which prevents the Company from using those earnings to support new investments. Further, BDCs must maintain a debt to equity ratio of less than 1:1, which requires the Company to finance its investments with at least as much equity as debt in the aggregate. To continue to build the Company's investment portfolio, and thereby support maintenance and growth of the Company's dividends, the Company endeavors to maintain consistent access to capital through the public and private equity markets enabling it to take advantage of investment opportunities as they arise.

Although the Company's common stock has had a relatively limited trading history, it has traded both at a premium and at a discount in relation to its NAV, which is the equivalent of book value, rather than market or publicly-traded value. The possibility that shares of our common stock will trade at either a discount from NAV or at premiums that are unsustainable over the long term is separate and distinct from the risk that our NAV will decrease. It is not possible to predict whether any shares of our common stock issued in the future will trade at, above, or below NAV. The Company has had three follow-on equity offerings since closing its IPO in June 2011 and each offering has priced above the Company's then current NAV. In addition, the Company entered into an equity distribution agreement in August 2014 with Raymond James & Associates, Inc. and Robert W. Baird & Co. Incorporated through which the Company could sell, by means of at-the-market offerings from time to time, shares of the Company's common stock having an aggregate offering price of up to \$50.0 million (the ATM Program). The following table, reflecting the entire public trading history of our common stock, lists the high and low sales prices for our common stock, and the sales prices as percentages of net asset values. On March 11, 2016, the record date, the last reported closing sale price of our common stock on the Nasdaq Global Select Market was \$[].

(1) NAV per share is determined as of the last day in the relevant quarter and therefore may not reflect the NAV per share on the date of the high and low sales prices. The NAVs shown are based on outstanding shares at the end of each period.

(2) Calculated as the respective high or low sales price divided by NAV.

(3) Represents the distribution declared in the specified quarter. We have adopted an opt out dividend reinvestment plan for our common stockholders. As a result, if we declare a distribution, then stockholders' cash distributions will be automatically reinvested in additional shares of our common stock, unless they specifically opt out of the dividend reinvestment plan so as to receive cash distributions.

Credit market dislocation and uncertainty surrounding the U.S. economy may lead to significant stock market volatility, particularly with respect to the stock of financial services companies. During times of increased

Table of Contents

price volatility, the Company's common stock may periodically trade below its NAV, which is not uncommon for BDCs like the Company. As noted above, however, market uncertainties have created, and we believe will continue to create, favorable opportunities to invest, including opportunities that, all else being equal, may increase NAV over the longer-term, even if financed with the issuance of common stock below NAV, although there is no assurance that this will occur. The Company expects that it will be periodically presented with attractive opportunities that require the Company to make an investment commitment quickly. The Company may be unable to capitalize on investment opportunities presented to it unless it is able to quickly raise capital. Stockholder approval of the proposal to sell shares below NAV subject to the conditions detailed below will provide the Company with the flexibility to invest in such opportunities.

The Board of Directors believes that having the flexibility to issue its common stock below NAV in certain instances is in the best interests of stockholders. If the Company were unable to access the capital markets as attractive investment opportunities arise, the Company's ability to grow over time and continue to pay steady or increasing dividends to stockholders could be adversely affected. It could also have the effect of forcing the Company to sell assets that the Company would not otherwise sell, and such sales could occur at times that are disadvantageous to sell.

Conditions to Sales Below NAV

The Company will only sell or otherwise issue shares of its common stock at a price below NAV per share if the following conditions are met:

the holders of a majority of the Company's outstanding voting securities, and the holders of a majority of the Company's outstanding voting securities that are not affiliated persons of the Company, approved the Company's policy and practice of making such sales of securities at the last annual meeting of stockholders within one year immediately prior to any such sale;

a majority of the Company's directors who have no financial interest in the sale and a majority of such directors who are not interested persons of the Company have determined that any such sale would be in the best interests of the Company and its stockholders; and

a majority of the Company's directors who have no financial interest in the sale and a majority of such directors who are not interested persons of the Company, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, have determined in good faith, and as of a time immediately prior to the first solicitation by or on behalf of the Company of firm commitments to purchase such securities or immediately prior to the issuance of such securities, that the price at which such securities are to be sold is not less than a price which closely approximates the market value of those securities, less any distributing commission or discount.

Finally, in determining whether or not to sell additional shares of the Company's common stock at a price below the NAV per share, the Board of Directors has a duty to act in the best interests of the Company and its stockholders. Shares of common stock sold at prices below then current NAV upon exercise or conversion of any warrants or other securities that may be issued under authority granted by our stockholders at our 2016 annual meeting will not be taken into account in determining whether the 25% limitation described above in this proposal has been reached.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, common stockholders should consider the dilutive effect of the issuance of shares of the Company's common stock at less than NAV per share on the NAV per outstanding share of common stock. Any sale of common stock at a price below NAV would result in an immediate dilution to existing common stockholders. Since under this proposal shares of the Company's common stock or securities otherwise issued could be issued at a price that is substantially below the

Table of Contents

NAV per share, the dilution could be substantial. This dilution would include reduction in the NAV per share as a result of the issuance of shares at a price below the NAV per share and a proportionately greater decrease in a stockholder's interest in the earnings and assets of the Company and voting interest in the Company than the increase in the assets of the Company resulting from such issuance. If this Proposal No. 2 is approved, the Board of Directors of the Company may, consistent with its fiduciary duties, approve the sale or otherwise issue shares of the Company's common stock at any discount to its then current NAV per share; however, the Board of Directors will consider the potential dilutive effect of the issuance of shares at a price below the NAV per share when considering whether to authorize any such issuance and will act in the best interests of the Company and its stockholders in doing so.

The 1940 Act establishes a connection between common share sale price and NAV because, when shares of common stock or other specific securities are sold at a sale price below NAV per share, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the issuer. Further, if current stockholders of the Company do not purchase any shares to maintain their percentage interest, regardless of whether such offering is above or below the then current NAV, their voting power will be diluted. For an illustration of the potential dilutive effect of an offering of our common stock at a price below NAV, please see the table below under the heading *Examples of Dilutive Effect of the Issuance of Shares Below NAV*.

It should be noted that the cumulative number of shares sold below NAV pursuant to this approval is limited to 25% of the Company's then outstanding common stock immediately prior to each such sale. While we aggregate all sales sold below NAV throughout the year for purposes of this limit, the maximum is based on the percentage of outstanding common shares at the time of each offering and if we issue additional shares throughout the year, we would be able to issue more shares below NAV before reaching the 25% limit. Furthermore, there would be no limit on the discount to NAV at which shares could be sold.

Finally, any sale of substantial amounts of our common stock or other securities in the open market may adversely affect the market price of our common stock and may adversely affect our ability to obtain future financing in the capital markets. In addition, future sales of our common stock to the public may create a potential market overhang, which is the existence of a large block of shares readily available for sale that could lead the market to discount the value of shares held by other investors. In the event we were to continue to sell our common stock at prices below NAV for sustained periods of time, such offerings may result in sustained discounts in the marketplace.

Examples of Dilutive Effect of the Issuance of Shares Below NAV

The following table illustrates the level of NAV dilution that would be experienced by a nonparticipating stockholder in four different hypothetical offerings of different sizes and levels of discount from NAV per share, although it is not possible to predict the level of market price decline that may occur. Actual sales prices and discounts may differ from the presentation below.

The examples assume that Company XYZ has 1,000,000 common shares outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities. The current NAV and net asset value per share are thus \$10,000,000 and \$10.00. The table illustrates the dilutive effect on nonparticipating Stockholder A of (1) an offering of 50,000 shares (5% of the outstanding shares) at \$9.50 per share after offering expenses and commission (a 5% discount from NAV), (2) an offering of 100,000 shares (10% of the outstanding shares) at \$9.00 per share after offering expenses and commissions (a 10% discount from NAV), (3) an offering of 200,000 shares (20% of the outstanding shares) at \$8.00 per share after offering expenses and commissions (a 20% discount from NAV) and (4) an offering of 250,000 shares (25% of the outstanding shares) at \$7.50 per share after offering expenses and commissions (a 25% discount from NAV).

Approval of this proposal requires the affirmative vote of (1) a 1940 Act majority of the outstanding shares of common stock entitled to vote at the Annual Meeting; and (2) a 1940 Act majority of the outstanding shares of common stock entitled to vote at the Annual Meeting which are not held by affiliated persons of the Company.

The Board of Directors recommends a vote FOR the proposal to authorize the Company, pursuant to approval of the Board of Directors of the Company, to sell or otherwise issue shares of its common stock during the next year at a price below the Company's then current net asset value per share, subject to certain conditions as set forth in this proxy statement (including that the cumulative number of shares sold pursuant to such authority does not exceed 25% of its then outstanding common stock immediately prior to each such sale).

The policy requires that the Audit Committee pre-approve the audit and non-audit services performed by the independent registered accounting firm in order to assure that the provision of such service does not impair the firm's independence. The Audit Committee has pre-approved all services by RSM US LLP that were performed during the fiscal year ended December 31, 2015.

Any requests for audit, audit-related, tax and other services that have not received general pre-approval must be submitted to the Audit Committee for specific pre-approval, irrespective of the amount. Before the Company engages the independent registered public accounting firm to render a service, the engagement must be either (i) specifically approved by the Audit Committee or (ii) entered into pursuant to the pre-approval policy. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. However, the Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered accounting firm to management.
