EXPLANATORY NOTE

The purpose of this Amendment No. 1 on Form 10-K/A (the Amendment No.1) is to amend and restate Part III, Items 10 through 14, of the previously filed Annual Report on Form 10-K of SL Industries, Inc. (the Company) for the year ended December 31, 2015, filed with the Securities and Exchange Commission (SEC) on March 15, 2016 (the Original Form 10-K), to include information previously omitted in reliance on General Instruction G to Form 10-K, which provides that registrants may incorporate by reference certain information from a definitive proxy statement prepared in connection with the election of directors. The Company has determined to include such Part III information by amendment of the Original Form 10-K rather than by incorporation by reference to a proxy statement. Accordingly, Part III and Part IV of the Original Form 10-K is hereby amended and restated as set forth below.

There are no other changes to the Original Form 10-K other than those set forth below. This Amendment No. 1 on Form 10-K/A does not reflect events occurring after the filing of the Original Form 10-K, nor does it modify or update disclosures therein in any way other than as required to reflect the amendment set forth below. Among other things, forward-looking statements made in the Original Form 10-K have not been revised to reflect events that occurred or facts that became known to us after the filing of the Original Form 10-K, and such forward-looking statements should be read in their historical context.

As a result of this amendment, the Company is also filing the certifications required under Section 302 of the Sarbanes-Oxley Act of 2002 as exhibits to this Amendment No. 1 to Form 10-K.

Audit Committee

The Company has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee has adopted a written charter, which is available on the Investor Relations section of the Company's website (www.slindustries.com) under the tab Corporate Governance (<http://sli.irpage.net/governance.php>). The adequacy of the charter has been reviewed and assessed by the Audit Committee on an annual basis. The members of the Audit Committee during 2015 were Avrum Gray, James A. Risher, and Mark E. Schwarz, each of whom is independent under the criteria for being independent set forth under Section 803A of the listing standards of the NYSE MKT. In addition, the Board has determined that Avrum Gray, the Chairman of the Audit Committee and a non-management director, is an audit committee financial expert, as defined by Item 407(d)(5) of Regulation S-K, serving on the Audit Committee. The primary purpose of the Audit Committee is to assist the Board in fulfilling its responsibility to oversee the Company's financial reporting activities. The Audit Committee annually selects independent public accountants to serve as auditors of the Company's books, records and accounts. The Audit Committee reviews the scope of the audits performed by such auditors, the audit reports prepared by them and discusses with the auditors those matters required to be discussed by Auditing Standard No. 16. The Audit Committee also reviews and monitors the Company's internal accounting procedures and discusses the

Company's Audited Financial Statements with management.

Risk Oversight

Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk management oversight role, the Board has the responsibility to satisfy itself that the risk management processes implemented by management are adequate and functioning as designed. As a critical part of this risk management oversight role, the Board encourages full and open communication between management and the Board. The Company's Chairman meets periodically with the CEO and President and other members of management to discuss strategy and risks facing the Company. Senior management attends Board meetings and is available to address any questions or concerns raised by the Board on risk management-related and other matters. The Board periodically receives presentations from senior management on strategic matters involving the Company's operations to enable it to understand the Company's risk identification, risk management and risk mitigation strategies.

The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to risk management in areas of financial risk, internal controls, and compliance with legal and regulatory requirements. The Compensation Committee assists the Board in overseeing risk management in the areas of compensation policies and programs. The Nominating and Corporate Governance Committee assists the Board in overseeing risk management associated with the independence of the Board, Board organization, membership and structure and potential conflicts of interest.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and officers, and persons who own more than 10% of a registered class of its equity securities, to file reports of ownership and changes in ownership (typically, Forms 3, 4 and/or 5) of such equity securities with the SEC. Such entities are also required by SEC regulations to furnish the Company with copies of all such Section 16(a) reports.

Based solely on a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company, the Company believes that during the fiscal year ended December 31, 2015, its directors and officers, and greater than 10% beneficial owners, have complied with all Section 16(a) filing requirements, except for the inadvertent late filing by Mr. Fejes of one Form 4, reporting one transaction; and Mr. Belardi of one Form 4, reporting one transaction.

Code of Conduct and Ethics

The Company has adopted a Code of Conduct and Ethics (the "Code of Ethics") that applies to all of its directors, officers and employees. The Code of Ethics is reasonably designed to deter wrongdoing and to promote (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, (ii) full, fair, accurate, timely and understandable disclosure in reports and documents filed with, or submitted to, the SEC and in other public communications made by the Company, (iii) compliance with applicable governmental laws, rules and regulations, (iv) the prompt internal reporting of violations of the Code of Ethics to appropriate persons identified in the Code of Ethics, and (v) accountability for adherence to the Code of Ethics. ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis section discusses the Company's executive compensation philosophy, decisions and practices for the 2015 fiscal year. As set forth in the Summary Compensation Table below, our named executive officers (collectively, the "NEOs" or "Named Executive Officers") for fiscal year 2015 were William T. Fejes, President and Chief Executive Officer (Principle Executive Officer), and Louis J. Belardi, Chief Financial Officer, Treasurer and Secretary (Principal Financial and Accounting Officer).

Compensation Philosophy

The goal of the Company's compensation program for the NEOs and other members of the Company's senior management team is to build long-term value for the Company's stockholders. In furtherance of this goal, the Compensation Committee has developed an executive compensation program designed to: (i) attract and retain a quality executive with the leadership skills, attributes and experience necessary to succeed in an enterprise with the Company's diverse product offerings and global reach; (ii) link compensation to the achievement of both Company and individual performance goals; and (iii) balance the NEOs' motivation to achieve near-term corporate goals with consistent performance over the long-term, which the Company believes best correlates with the creation of long-term stockholder value.

Elements of Executive Compensation and How Each Relates to Overall Compensation Objectives

To achieve the above objectives, the Compensation Committee has developed a compensation program that includes:

- Base salary;
- Cash bonuses;
- Equity compensation; and
- Retirement, health, and other benefits.

The elements are intended to reward the NEOs for building long-term stockholder value and achieving specified annual goals for personal and company-wide performance.

Base compensation. Base salary payable to the NEOs is reviewed annually by the Compensation Committee, who has the ultimate authority to determine compensation of the Company's executive officers, but may form and delegate authority to subcommittees when appropriate. After review, the Compensation Committee recommends for approval by the independent, outside, non-employee directors of the Board, the compensation of the Chief Executive Officer in relation to the evaluation of the performance of the Chief Executive Officer. The Compensation Committee reviews and approves the performance evaluations and the compensation of the other executive officers of the Company, including the Chief Financial Officer. The payment of base salary is intended to recognize particularly the experience, skills, knowledge and responsibility required of Messrs. Fejes and Belardi.

Table of Contents

Cash bonuses. Bonuses are payable to the NEOs and other members of the Company senior management team pursuant to the terms of bonus plans adopted annually by the Compensation Committee, in the form of cash bonus payments and equity grants for achieving certain performance goals established for them. The Company's 2013 Bonus Plan, 2014 Bonus Plan, and 2015 Bonus Plan (the "Bonus Plans") include two components. The first component is a short term incentive plan ("Short Term Incentive Plan" or "STIP") and the second component is a long term incentive plan ("Long Term Incentive Plan" or "LTIP"). 100% of the STIP and 50% of the LTIP are paid in cash while the remaining 50% of the LTIP is paid in restricted stock units ("RSUs"). The structure of the Bonus Plans is designed to provide short-term incentives to participants for achieving annual targets, while also motivating and rewarding eligible participants for achieving longer term growth goals. Cash bonuses are described in greater detail in this Amendment No. 1 on Form 10-K/A under the headings "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table" and "Performance-Based Incentives."

Equity compensation. Equity compensation, in the form of stock options, is awarded from time to time to the Company's NEOs and other members of the Company senior management team pursuant to the Company's 2008 Incentive Stock Plan ("2008 Plan"). Equity compensation, in the form of RSUs, is awarded annually to the Company's NEOs and other members of the Company senior management team pursuant to the terms of the LTIP bonus plans previously mentioned, which are pursuant to the Company's 2008 Plan. The primary purpose of awarding equity compensation is to align the financial interest of our NEOs with those of our stockholders. The Compensation Committee believes that awards of equity compensation achieve this goal because the NEOs realize additional value from such awards on the same basis as our stockholders. Moreover, because the stock options and RSUs granted to the Company's NEOs requires vesting, such rewards promote loyalty to the Company and recipients are further incentivized to focus on the long-term creation of value for stockholders.

Retirement, health, and other benefits. The Company provides payments for term life insurance and 401(k) matching contributions to Mr. Fejes pursuant to his employment agreement with the Company as an additional incentive to retain his employment. The Company provides payments for term life insurance, 401(k) matching contributions, and a car allowance to Mr. Belardi as an additional incentive to retain his employment.

Compensation Consultant

Mr. Fejes, at the direction of the Compensation Committee, retained the Hay Group in 2011 to provide market compensation data and analysis for the directors and executive management of the Company and each of its subsidiaries. In preparing its report to the Compensation Committee, the Hay Group used market data from its Industrial Executive Compensation Report. The Industrial Executive Compensation Report is an annual survey of executive pay practices in the U.S Market and uses data from over 300 companies to provide information on a broad cross-section of industrial companies in the United States. The Hay Group was again retained in 2014 and 2015 to analyze the market competitiveness of two executive jobs at the Company and its subsidiaries, including the CEO position. In performing this analysis, the Hay Group used data from an industrial organization sample in Hay Group's 2013 and 2014 executive compensation survey. The Compensation Committee considers the Hay Group's reports and analysis in structuring its compensation policy for directors and executive officers.

The Compensation Committee determined that the work of the Hay Group did not raise any conflicts of interest in 2015. In making this assessment, the Compensation Committee considered the independence factors enumerated in new Rule 10C-1(b) under the Exchange Act, including the fact that the Hay Group does not provide any other services to the Company, the level of fees received from the Company as a percentage of the Hay Group's total revenue, policies and procedures employed by the Hay Group to prevent conflicts of interest, and whether the individual Hay Group advisers to the Compensation Committee own any stock of the Company or have any business or personal relationships with members of the Compensation Committee or our executive officers.

Consideration of Shareholder Say-on-Pay Vote

The Company provides its stockholders with the opportunity to cast an annual advisory vote on executive compensation (say-on-pay proposal). At the 2015 Annual Meeting of Stockholders, 99.46% of the votes cast by our stockholders on the advisory vote on executive compensation proposal were in favor of our NEO compensation as described in the proxy statement for the 2015 Annual Meeting of Stockholders. The Compensation Committee evaluated these results and concluded that this vote reflects our stockholders' support of the Company's approach to executive compensation. Accordingly, in 2015, the Company did not change its approach to executive compensation or make any significant changes to its executive compensation program based on stockholder feedback. The Compensation Committee expects to continue to consider the outcome of the Company's say-on-pay votes and other stockholder discussions when making future compensation decisions for the NEOs. In alignment with our philosophy on stockholders say-on-pay, and with the results of the say-on-pay frequency vote held in May 2013, the Company will continue to hold non-binding stockholder say-on-pay votes annually.

Role of Executives in Establishing Compensation

Mr. Fejes, our President and Chief Executive Officer, and the Compensation Committee regularly discuss the Company's compensation issues and the performance and retention of its NEOs and executive management. Mr. Fejes typically recommends to the Compensation Committee for its review, modification and approval the annual base salary, bonus, and equity awards (if any) for the other members of the executive management team.

Certain members of the executive management team, including Mr. Fejes, regularly attend portions of Compensation Committee meetings in order to provide information and recommendations to the Compensation Committee as requested, although the Compensation Committee meets in executive session with only Compensation Committee members present when it deems appropriate.

Factors Considered in Determining the Amount of Each Element of Compensation

The level of Mr. Fejes' and Mr. Belardi's overall compensation is reviewed by the Compensation Committee not less than annually. The factors considered in determining Mr. Fejes' and Mr. Belardi's base pay include those related both to overall performance of the Company and the individual performance of Mr. Fejes and Mr. Belardi. In determining annual base salary levels, consideration is also given to comparable compensation data provided by the Hay Group, as described above, for individuals holding similarly responsible positions at other companies. The determination of bonus amounts are based on the achievement of certain predetermined metrics set forth in the Bonus Plans, which are described in greater detail in this Amendment No. 1 on Form 10-K/A under the headings "Narrative Disclosure to Summary Compensation Table" and "Performance-Based Incentives" section.

The timing, amount and form of equity compensation awards are determined by the Compensation Committee in consultation with key officers of the Company and other members of the Board. The Compensation Committee does not have a formal policy with respect to the timing and amount of equity compensation grants. Rather, in determining whether to approve equity compensation awards and the amount of such award, the Compensation Committee considers a number of factors, including the recipient's position, contribution to the Company's growth and profitability, length of service, prior equity-based compensation awards and shares of the Company's stock owned, as well as the overall performance of the Company.

Table of Contents

Although substantial portions of the Company's compensation program are performance-based, the Compensation Committee does not believe that the risks arising from the Company's compensation policies and practices for its employees are reasonably likely to have a material adverse effect on the Company. In order to ensure this, the Compensation Committee has established certain policies, which include caps on individual compensation awards. The payment of all cash bonuses and the vesting of equity grants under the Bonus Plans are subject to the final determination of the Compensation Committee prior to payment or vesting. Under the 2015 Bonus Plan, Mr. Fejes may earn a maximum bonus of 150% of base salary and Mr. Belardi may earn a maximum bonus of 112.5% of base salary. The maximum payout (STIP + LTIP) in any year is limited to 7.5% of the Company's PBEBITDA (pre-bonus earnings from continuing operations before interest, taxes, depreciation, amortization and certain adjustments) from continuing operations.

Potential Payments Upon Termination or a Change in Control

The Company provides the opportunity for Messrs. Fejes and Belardi to be protected under certain termination and/or change in control provisions of various agreements. The Company provides these protections in order to attract and retain an appropriate caliber of talent for these positions. The Compensation Committee believes that the use of such protections are an essential element of executive compensation and assist the Company in recruiting and retaining talented executives. The termination and/or change in control provisions are described in greater detail in this Amendment No. 1 on Form 10-K/A under the heading Potential Payments Upon Termination Or Change in Control.

Additional Tax and Accounting Implications

Section 162(m) of the Internal Revenue Code limits to \$1 million per year the federal income tax deduction to public corporations for compensation paid for any fiscal year to the Company's Chief Executive Officer and the other NEOs (other than the CFO) included in the Summary Compensation Table. This limitation does not apply to qualifying performance-based compensation. Section 162(m) considerations, as well as financial accounting implications, are factors considered when developing executive compensation programs. However, the Compensation Committee primarily considers the Company's business purpose when structuring compensation arrangements with NEOs as appropriate to support the Company's strategic business objectives and the attraction and retention of executives.

Performance-Based Incentives**2015 Bonus Plan**

On February 13, 2015, the Compensation Committee of the Board adopted the 2015 Bonus Plan to provide incentives to officers and members of management of the Company and its subsidiaries, including certain of the Company's executive officers, in the form of equity grants and cash bonus payments for achieving certain performance goals established for them. The payment of all cash bonuses and the vesting of equity grants under the 2015 Bonus Plan are

subject to the final determination of the Compensation Committee prior to payment or vesting. Recipients of cash bonuses and equity grants under the 2015 Bonus Plan must be employees of the Company at the time of payment and vesting. Participants in the 2015 Bonus Plan who are named executive officers of the Company include William T. Fejes, Jr, the Company's President and Chief Executive Officer and Louis J. Belardi, the Company's Chief Financial Officer, Secretary and Treasurer.

Table of Contents

The 2015 Bonus Plan includes two components. The first component is a 2015 STIP, and the second component is a 2015 LTIP. The structure of the 2015 Bonus Plan is designed to provide short-term incentives to participants for achieving annual targets, while also motivating and rewarding eligible participants for achieving longer term growth goals. The 2015 Bonus Plan provides as follows:

a. 2015 Short-Term Incentive Plan Awards

The 2015 STIP component of the 2015 Bonus Plan consists of two components. The first component is based on the achievement of pre-determined individual objectives and the second component is a financial factor component common to all executives. The financial factor component is based on achieving target working capital turns (annual sales divided by working capital (defined as the averages of monthly accounts receivable plus net inventory less accounts payable)) (WCT) and a target PBEBITDA (pre-bonus earnings from continuing operations before interest, taxes, depreciation, amortization and certain adjustments). Based on the determination of the objectives under the two components for each of the Company's divisions and its corporate office, the maximum percentage of base salary that may be earned by the participants ranges from 18.75% to 120.00%. No STIP bonus are paid if the WCT or PBEBITDA is below 80% of the WCT or PBEBITDA target or if the pre-determined individual objectives are not met. Under the 2015 STIP, Mr. Fejes received \$190,204 and Mr. Belardi received \$57,580, which amounts were paid on March 14, 2016. These payments are reflected in the non-equity incentive compensation column of the summary compensation table. For 2014 STIP, Mr. Fejes received \$277,995 and Mr. Belardi received \$129,598. For 2013 STIP, Mr. Fejes received \$203,121 and Mr. Belardi received \$95,793.

b. 2015 Long-Term Incentive Plan Awards

The Company maintains a long-term incentive plan based on the achievement of certain sales and return on invested capital (ROIC) targets by each of the Company's divisions and the corporate office over the three fiscal years beginning in 2015. The sales and ROIC targets, also referred to as the Long Term Financial Factor (the LTFF), were established by the Board of the 2015 Bonus Plan. Unless otherwise determined at the absolute discretion of the Compensation Committee, in order for an employee to be eligible to receive a payment under a LTIP component of any Bonus Plan (including the 2015 Bonus Plan), the employee must be employed on the date the Compensation Committee approves bonuses for that Bonus Plan, which occurs by March 15 of the year following the end of the applicable three year performance period.

The 2015 LTIP component of the 2015 Bonus Plan is based on the achievement of the LTFF targets over the three-year period ending on December 31, 2017. Based on the determination of these objectives, the maximum percentage of base salary that may be earned by the participants ranges from 15.00% to 75.00%. For executive officers (including the NEOs) and division presidents, half of the 2015 LTIP bonuses earned will be paid in cash at the conclusion of the 2017 fiscal year and the other half of the 2015 LTIP bonuses are paid through the granting of RSUs that vest upon the satisfaction of specified performance targets, to be determined by March 15, 2018, based upon the Company's audited financial statements for 2015 through 2017, subject to the conditions and requirements in the applicable RSU grant letter. Grants of the RSUs under the 2015 LTIP were made in 2015. For all other participants in the 2015 Bonus Plan, all of the 2015 LTIP bonuses earned will be paid in cash at the conclusion of the 2017 fiscal year. No bonus will be paid under 2015 LTIP if either the ROIC or sales component of the LTFF is below 80% of the respective targets.

Under the 2015 Bonus Plan, Mr. Fejes may earn a maximum bonus of 150% of base salary and Mr. Belardi may earn a maximum bonus of 112.5% of base salary. The maximum payout (STIP + LTIP) in any year is limited to 7.5% of the Company's PBEBITDA from continuing operations.

The 2015 LTIP runs concurrently with the 2014 LTIP and the 2013 LTIP. The 2015 LTIP, 2014 LTIP, and the 2013 LTIP cover the three-year periods ending on December 31, 2017, December 31, 2016 and December 31, 2015, respectively. Each long term incentive plan contains different targets.

Table of Contents

While payments under each of the 2015 LTIP, 2014 LTIP and 2013 LTIP can only be deemed earned at the conclusion of the last fiscal year of the performance period covered by the plan, the payment of all cash bonuses and the vesting of equity grants under such Bonus Plans remains subject to the final determination of the Compensation Committee prior to payment or vesting. Under the 2013 LTIP, Mr. Fejes received a cash bonus payment of \$88,587 and Mr. Belardi received a cash bonus payment of \$38,291, which amounts were paid on March 14, 2016. These payments are reflected in the non-equity incentive compensation column of the summary compensation table. At the conclusion of the 2013 LTIP, Mr. Fejes earned 4,621 RSUs while Mr. Belardi earned 1,998 RSUs; and on March 11, 2016, the Company issued 4,621 shares of common stock to Mr. Fejes and 1,998 shares of common stock to Mr. Belardi in settlement of the vested RSUs. The value realized on the vest date for the 2013 LTIP RSUs earned by Mr. Fejes was \$153,186 and \$66,234 for Mr. Belardi.

Perquisites and All Other Compensation

The Company provides the opportunity for its NEOs and other executives to receive certain perquisites and general health and welfare benefits. For the year ended December 31, 2015, the Company provided the following personal benefits and perquisites to its NEOs: health and dental insurance, life and disability insurance, and a match under the Company's 401(k) plan. The Company's CFO also received car expense reimbursement.

Employment and Other Agreements

In connection with Mr. Fejes' appointment as the Company's President and CEO, the Company entered into an Employment Agreement with Mr. Fejes, effective June 29, 2010 (the "Fejes Employment Agreement") which provides for an initial term of one year subject to automatic one year renewals thereafter unless the agreement is terminated in accordance with its terms. As of December 31, 2015, Mr. Fejes' compensation included: an annual base salary of \$475,000 and eligibility for an annual bonus of up to 150% of his base salary, to be composed of a short term incentive portion and a long term incentive portion, at the sole discretion of the Board. Mr. Fejes also received an option to purchase 100,000 shares of the Company's Common Stock at fair market value with three year vesting pursuant to the Company's 2008 Plan in 2010. Mr. Fejes is also eligible to participate in future grants of stock options and awards pursuant to the 2008 Plan, other Company performance incentive plans extended to senior executives, and the Company's medical and other employee benefit programs, if any, that are provided by the Company to its employees generally, as provided in the Fejes Employment Agreement. Upon Mr. Fejes' termination, under certain circumstances and conditions, he shall receive severance payments including up to one year base salary and unpaid bonus, as well as certain benefits described below under the heading "Potential Payments Upon Termination Or Change in Control."

Mr. Belardi is not party to a written employment agreement, but in connection with Mr. Belardi's appointment as the Company's CFO, the Compensation Committee of the Board approved the terms of Mr. Belardi's compensation. As of December 31, 2015, Mr. Belardi's compensation included: an annual base salary at \$278,000 and eligibility for an annual bonus of up to 112.5% of his base salary to be composed of a short term incentive portion and a long term incentive portion at the sole discretion of the Board. The Company also provides the opportunity for Mr. Belardi to be protected under the terms of a change in control agreement, which is described below under the heading "Potential Payments Upon Termination Or Change in Control."

Potential Payments Upon Termination Or Change in Control

The Company provides the opportunity for Messrs. Fejes and Belardi to be protected under certain termination and/or change in control provisions. The Company provides these protections in order to attract and retain an appropriate caliber of talent for these positions. The Compensation Committee believes that the use of such protections are an

essential element of executive compensation and assist the Company in recruiting and retaining talented executives.

Table of Contents

Under the terms of the Fejes Employment Agreement, if Mr. Fejes' employment is terminated, at his or the Company's election at any time due to his death or disability, due to the expiration or non-renewal of the Fejes Employment Agreement prior to his 65th birthday or for reasons other than cause or voluntary resignation, Mr. Fejes is entitled to receive certain accrued obligations (accrued vacation, expenses, benefits, etc.) and, provided he executes a general release, severance payments and benefits equal to: (i) one year of his base salary paid in installments in accordance with regular payroll practices; (ii) reimbursement for the premium associated with one year continuation of health insurance coverage pursuant to COBRA; (iii) immediate vesting of any options that are scheduled to vest within one year of the date of termination of employment, as provided for in the Fejes Employment Agreement; (iv) unpaid bonuses with respect to the fiscal year ending on or preceding the date of termination, if any, provided Mr. Fejes is employed on December 31 of that year and the bonus plan is in full force and effect; and (v) unpaid bonus through the termination or resignation date, if any, or, if the full bonus has not been earned, a pro-rata portion of such bonus, pursuant to the terms of the bonus plan.

Under the Fejes Employment Agreement, Mr. Fejes is subject to certain non-solicitation and noncompetition covenants during his employment and for one year after the termination of his employment. Mr. Fejes is also subject to certain confidentiality covenants during his employment and at any time after. A breach or waiver of such covenants would be handled under the Fejes Employment Agreement.

Under the terms of the Stock Option Agreement, dated March 27, 2014, between the Company and Mr. Fejes (the 2014 Fejes Option Agreement), if upon a Change in Control (as defined in the 2008 Plan), the surviving or resulting corporation offers Mr. Fejes Equivalent Employment (as defined therein), then the unvested options granted under the 2014 Fejes Option Agreement will vest upon the earlier of one year following the Change in Control or according to the pre-Change in Control vesting schedule, provided that Mr. Fejes remains employed with the surviving or resulting corporation through the vesting date. If Mr. Fejes declines such offer of employment, or does not remain employed as required, then the vesting of the options will not be accelerated and all such options not so vested upon the termination of employment will terminate. If, however, Mr. Fejes is not offered Equivalent Employment with the surviving or resulting corporation then the vesting and exercisability of the outstanding options granted under 2014 Fejes Option Agreement will be accelerated. The Compensation Committee may also accelerate the vesting and exercisability of such outstanding options, in whole or in part, as determined by the Compensation Committee in its sole discretion.

If Mr. Fejes' employment was terminated as of December 31, 2015 and he was eligible to receive the severance payments, options (including under the 2014 Fejes Option Agreement) and benefits described above, such payments, options and benefits would equal approximately \$2,018,002. The value of stock options included in this amount has been calculated as the difference between the exercise price of the options and closing price of the Company's common stock on December 31, 2015, multiplied by the number of options available as a result of the above described termination.

On August 31, 2010, the Company entered into a Change-In-Control Agreement with Mr. Belardi (the Belardi Change-In-Control Agreement). Under the Belardi Change-In-Control Agreement, if Mr. Belardi's employment is terminated without cause or if he terminates such employment for good reason, subject to the terms in the Belardi Change-in-Control Agreement, within one year of a change in control of the Company or the execution of a definitive agreement contemplating a change in control of the Company, whichever is later, Mr. Belardi will receive: (i) a payment equal to one times his annual salary paid in a lump sum (subject to appropriate withholding) and (ii) payment on his behalf of premiums associated with up to one year continuation of health insurance coverage pursuant to COBRA. If such termination occurs, the Company or its successor will also continue to pay premiums on behalf of Mr. Belardi for one year, as if Mr. Belardi was still an employee, for life insurance programs and other arrangements that the Mr. Belardi was participating in as of the date of termination, on the same terms and conditions as other employees under such plans. The Belardi Change-In-Control Agreement has a term of seven years.

Table of Contents

Under the Belardi Change-In-Control Agreement, Mr. Belardi is subject to a non-competition covenant during his employment and for one year after the termination of his employment. If Mr. Belardi receives a payment in connection with a change in control, Mr. Belardi is also subject to a non-solicitation covenant. A breach or waiver of such covenants would be handled under the Belardi Change-In-Control Agreement.

Under the terms of the Stock Option Agreement, dated March 27, 2014, between the Company and Mr. Belardi (the 2014 Belardi Option Agreement), if upon a Change in Control (as defined in the 2008 Plan), the surviving or resulting corporation offers Mr. Belardi Equivalent Employment (as defined therein), then the unvested options granted under the 2014 Belardi Option Agreement will vest upon the earlier of one year following the Change in Control or according to the pre-Change in Control vesting schedule, provided that Mr. Belardi remains employed with the surviving or resulting corporation through the vesting date. If Mr. Belardi declines such offer of employment, or does not remain employed as required, then the vesting of the options will not be accelerated and all such options not so vested upon the termination of employment will terminate. If, however, Mr. Belardi is not offered Equivalent Employment with the surviving or resulting corporation then the vesting and exercisability of the outstanding options granted under 2014 Belardi Option Agreement will be accelerated. The Compensation Committee may also accelerate the vesting and exercisability of such outstanding options, in whole or in part, as determined by the Compensation Committee in its sole discretion.

If Mr. Belardi's employment was terminated as of December 31, 2015 and he was eligible to receive the severance payments, options (including under the 2014 Belardi Option Agreement) and benefits described above, such payments and benefits would equal approximately \$537,512. The value of stock options included in this amount has been calculated as the difference between the exercise price of the options and closing price of the Company's common stock on December 31, 2015, multiplied by the number of options available as a result of the above described termination.

Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction, however such member may be counted in determining the presence of a quorum at the meeting of the Audit Committee at which such transaction is reviewed.

Certain Relationships and Related Transactions

On May 1, 2014, the Company renewed its Management Services Agreement (" Management Services Agreement ") with SP Corporate Services LLC (" SP Corporate "). On March 25, 2015, the Company and SP Corporate entered into an amendment to the Management Services Agreement (the " Amendment ") in order to, among other things, extend the term of the Management Services Agreement until May 1, 2016. The monthly fee for these services is \$10,400 paid in advance. The Management Services Agreement has been approved by the Audit Committee of the Board and a majority of the disinterested directors of the Company. On February 18, 2016, the Company consented to the transfer of the Company Management Services Agreement to SPH Services, Inc., which is an affiliate of SPHG Holdings.

The Company's Current Report on Form 8-K filed with the SEC on April 6, 2016, as well as other filings, include disclosure regarding that certain Agreement and Plan of Merger, dated April 6, 2016, entered into by and among the Company, HNH (an affiliate of SPH), Handy & Harman Group Ltd., and SLI Acquisition Co.
