CHANGE OF CONTROL

Merger

On August 22, 2016, the Company, our wholly-owned subsidiary, Icicle Acquisition Corp., a corporation formed in the State of Delaware on July 29, 2016 (the Acquisition Sub), BioCardia, Jay Moyes, as representative of BioCardia's stockholders and option holders (the BioCardia Securityholders), and Steven Rubin, as the initial representative of the Company, entered into an Agreement and Plan of Merger (the Merger Agreement). Pursuant to the Merger Agreement, Acquisition Sub will merge with and into BioCardia with BioCardia surviving the merger as the Company's wholly owned subsidiary (the Merger).

Pursuant to the Merger, each of the shares of BioCardia's common stock, par value \$0.001 per share, issued and outstanding immediately prior to the effective time of the Merger (the Effective Time), including shares of BioCardia common stock underlying outstanding BioCardia preferred stock and convertible notes (which will convert into BioCardia common stock immediately prior to the Effective Time), will be converted into the right to receive such number of shares of the Company's common stock, par value \$0.001 per share, (the Company Common Stock), equal to the Exchange Ratio (as defined in the Merger Agreement). In aggregate, we expect to issue approximately 226 million shares of Company Common Stock in the Merger (not including shares of Company Common Stock underlying BioCardia options, as described below), subject to a net cash adjustment as described in the Merger Agreement. Furthermore, we will hold back 20% of the Merger Consideration (as defined in the Merger Agreement) to be issued to BioCardia stockholders to secure any such net cash adjustment as well as the BioCardia stockholders indemnification obligations under the Merger Agreement. Current Company stockholders will retain approximately 231 million shares of Company Common Stock.

At the Effective Time, (i) the Company will assume BioCardia's 2002 Stock Plan (the 2002 Plan) and 2016 Equity Incentive Plan (the 2016 Plan), and (ii) each option to purchase shares of BioCardia common stock, whether vested or unvested, issued and outstanding immediately prior to the Effective Time will be assumed by the Company and converted into an option to purchase the number of shares of Common Stock equal to the number of shares of BioCardia common stock underlying such option immediately before the Effective Time multiplied by Preliminary Exchange Ratio (as defined in the Merger Agreement) at the exercise price per share set forth in such assumed option divided by Preliminary Exchange Ratio. All of the other terms and conditions applicable to such assumed and converted options, including with respect to vesting, will continue to apply after the Effective Time.

The Merger Agreement contains customary representations and warranties, pre- and post-closing covenants and conditions of each of the Company and BioCardia. In addition, the Merger is conditioned upon BioCardia having at least \$3.5 million in Company Net Cash (as defined in the Merger Agreement) and the Company having at least \$19.5 million in Parent Net Cash (as defined in the Merger Agreement). Finally, the Merger Agreement also provides indemnification for damages resulting from breaches of a party's representations, warranties and covenants, on the terms and conditions and subject to the limits set forth in the Merger Agreement.

The Merger is expected to close in October 2016. Following the Merger we expect to change our name to BioCardia, Inc. and change our ticker symbol to BCDA.

Change in Board of Directors and Executive Officers

Subject to compliance with Section 14(f) of the Exchange Act and Rule 14f-1, upon consummation of the Merger, the Company will expand its board of directors (the Board) to eight directors. As of the Effective Time, Steven Rubin, Stephen Liu and Subbarao Uppaluri, our directors before the Merger, will resign from their positions as directors.

As of the Effective Time, Peter Altman Ph.D., Jay Moyes, Thomas Quertermous, Simon Stertzler and Allan Tessler, BioCardia's directors before the Merger, as well as Fernando L. Fernandez, Richard Krasno and Richard C. Pfenniger Jr., will be appointed to our board of directors (the Incoming Directors).

Peter Altman Ph.D. will be our principal executive officer and David McClung will be our principal financial and accounting officer for SEC reporting purposes.

Lock-up Agreements and Other Restrictions

In connection with the Merger, each of our executive officers and the directors after the Merger, stockholders holding 2% or more of our Common Stock after giving effect to the Merger and certain key employees (the Restricted Holders), who are expected to hold as of the Effective Time an aggregate of approximately 294 million shares of

Company Common Stock, will enter into lock-up agreements (the Lock-Up Agreements), whereby they are restricted for a period of 12 months after the Merger (the Restricted Period) from offering, pledging, selling, contracting to sell, selling any option or contract to purchase, purchasing any option or contract to sell, granting any option, right or warrant to purchase, or otherwise transferring or disposing of, directly or indirectly, any shares of Company Common Stock, or any securities convertible into or exercisable or exchangeable for Company Common Stock (including without limitation, Company Common Stock or such other securities which may be deemed to be beneficially owned by the Restricted Holders in accordance with the rules and regulations of the Securities and Exchange Commission and securities which may be issued upon exercise of a stock option or warrant), or publicly disclose the intention to make any such offer, sale, pledge or disposition. In addition, the Lock-Up Agreements provide that each Restricted Holder will not enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the Company Common Stock or such other securities. The foregoing restrictions will not apply to certain other transfers customarily excepted.

The Company Common Stock is the only class of equity securities that is currently outstanding and entitled to vote at a meeting of our stockholders (or by written consents or authorizations if no meeting is held). To the Company's knowledge, based solely on a review of copies of such reports furnished to the Company during and/or with respect to the year ended December 31, 2015 (Fiscal 2015), the Company is not aware of any late or delinquent filings required under Section 16(a) of the Exchange Act in respect of Common Stock or other equity securities of the Company.

Audit, Nominating and Compensation Committees

The Audit Committee currently consists of Subbarao Uppaluri (Chair) and Stephen Liu. The Board of Directors adopted a written charter for the Audit Committee. The Board of Directors has determined that all current members of the Audit Committee are financially literate, financially sophisticated, and independent within the meaning of the listing standards of NYSE MKT and applicable SEC regulations. The Board of Directors has determined that Subbarao Uppaluri meets the attributes of an audit committee financial expert within the meaning of SEC regulations.

The Nominating and Compensation Committees also currently consist of Subbarao Uppaluri and Stephen Liu. Both committees have adopted independent charters.

Nomination and Appointment of Directors

It is expected that the appointment of the new directors following the Merger will be made by written consent of the Company's current directors, and the implementation of the classified board of directors and allocation of the new directors to the classes will be made by written consent of the Company's stockholders.

Director Independence

While our securities are not listed on a national securities exchange, the Board, in the exercise of its reasonable business judgment, has determined that each of our current directors qualify as independent directors pursuant to NYSE MKT and applicable SEC rules and regulations, except Mr. Rubin, who currently serves as our Interim CEO and Interim CFO. Additionally, Mr. Liu and Mr. Uppaluri are independent for audit committee purposes under NYSE MKT and applicable SEC rules and regulations. The Board has not made any determinations with respect to the independence of the Incoming Directors.

Meetings of Directors

During the last full fiscal year, the Board of Directors held two meetings, and acted once by written consent. The Compensation Committee met once during the last full fiscal year.

Communication with the Board

Interested parties who want to communicate with the independent or non-management directors as a group, with the Board as a whole, any Board committee or any individual Board members should address their communications to the Board, the Board members or the Board committee, as the case may be, and send them to the Corporate Secretary or call the Corporate Secretary at (305) 575-4100. The Corporate Secretary will forward all such communications directly to such Board members. Any such communications may be made on an anonymous and confidential basis.

Board Leadership Structure

Currently Mr. Rubin presides over all meetings of our board of directors. The company does not have a non-executive Chairman. The company believes this structure is suitable for us.

Board Role in Risk Oversight

The Board's role in the risk oversight process includes reviewing areas of material risk to the Company. As appropriate, our full Board engages in discussions of the most significant risks that the Company is facing and how risks are being managed.

Director Compensation

During 2016, the Board has received no cash compensation. On August 12, 2016, we issued 75,000 shares of restricted stock to Stephen Liu, 200,000 shares of restricted stock to Steven Rubin, and 75,000 shares of restricted stock to Subbarao Uppaluri, in recognition of their prior service. We reimburse our directors for reasonable travel expenses related to the directors' attendance at Board of Directors and committee meetings.

We expect to establish a director compensation program comparable to that of companies of similar size and complexity. It is expected that a committee of our board of directors will recommend compensation levels to the full board of directors, which will set the compensation based on those recommendations. We expect that a committee of our board of directors will review and report to the board of directors on the director compensation program on a regular basis and that the committee will likely retain an outside advisor to assist in its review and report on the program.
